CONTEMPLATED HEREBY OR BY THE ANCILLARY DOCUMENTS, AND NO STATEMENT CONTAINED IN ANY OF SUCH MATERIALS OR MADE IN ANY SUCH PRESENTATION SHALL BE DEEMED A REPRESENTATION OR WARRANTY HEREUNDER OR OTHERWISE OR DEEMED TO BE RELIED UPON BY MAAC, THE MAAC SPONSOR, ANY MAAC NON-PARTY AFFILIATE OR ANY OF THEIR RESPECTIVE REPRESENTATIVES IN EXECUTING, DELIVERING OR PERFORMING THIS AGREEMENT, THE ANCILLARY DOCUMENTS OR THE TRANSACTIONS CONTEMPLATED HEREBY OR THEREBY. IT IS UNDERSTOOD THAT ANY COST ESTIMATES, PROJECTIONS OR OTHER PREDICTIONS, ANY DATA OR ANY MEMORANDA OR OFFERING MATERIALS OR PRESENTATIONS, INCLUDING ANY OFFERING MEMORANDUM OR SIMILAR MATERIALS MADE AVAILABLE BY OR ON BEHALF OF ANY OF THE GROUP COMPANIES OR MERGER SUB ARE NOT AND SHALL NOT BE DEEMED TO BE OR TO INCLUDE REPRESENTATIONS OR WARRANTIES OF THE COMPANY, MERGER SUB OR ANY COMPANY NON-PARTY AFFILIATE, AND ARE NOT AND SHALL NOT BE DEEMED TO BE RELIED UPON BY MAAC, THE MAAC SPONSOR, ANY MAAC NON-PARTY AFFILIATE OR ANY OF THEIR REPRESENTATIVES IN EXECUTING, DELIVERING OR PERFORMING THIS AGREEMENT, THE ANCILLARY DOCUMENTS OR THE TRANSACTIONS CONTEMPLATED HEREBY OR THEREBY.

(d) From and after the date of this Agreement until the earlier of the Closing or termination of this Agreement in accordance with its terms, MAAC, on the one hand, and the Company, on the other hand, shall each notify the other in writing promptly after learning of any shareholder demands or other shareholder Proceedings (including derivative claims) relating to this Agreement, any Ancillary Document or any matters relating thereto (collectively, the "Transaction Litigation") commenced against, in the case of MAAC, MAAC or any of its Representatives (in their capacity as a Representative of MAAC) or, in the case of the Company, any Group Company or any of their respective Representatives (in their capacity as a Representative of a Group Company). MAAC and the Company shall each (i) keep the other reasonably informed regarding any Transaction Litigation, (ii) give the other the opportunity to, at its own cost and expense, participate in the defense, settlement and compromise of any such Transaction Litigation and reasonably cooperate with the other in connection with the defense, settlement and compromise of any such Transaction Litigation, (iii) consider in good faith the other's advice with respect to any such Transaction Litigation and (iv) reasonably cooperate with each other; provided that in no event shall (x) MAAC or any of its Representatives settle or compromise any Transaction Litigation without the prior written consent of the Company (not to be unreasonably withheld, conditioned or delayed), or (y) any Group Company or any of their respective Representatives settle or compromise any Transaction Litigation without the prior written consent of MAAC (not to be unreasonably withheld, conditioned or delayed).

Section 5.3 Confidentiality and Access to Information.

(a) The Parties hereby acknowledge and agree that the information being provided in connection with this Agreement and the consummation of the transactions contemplated hereby is subject to the terms of the Confidentiality Agreement, the terms of which are incorporated herein by reference. Notwithstanding the foregoing or anything to the contrary in this Agreement, in the event that this Section 5.3(a) or the Confidentiality Agreement conflicts with any other covenant or agreement contained in this Agreement or any Ancillary Document that contemplates the disclosure, use or provision of information or otherwise, then such other covenant or agreement contained in this Agreement or such Ancillary Document, as applicable, shall govern and control to the extent of such conflict.

(b) From and after the date of this Agreement until the earlier of the Closing Date or the termination of this Agreement in accordance with its terms, upon reasonable advance written notice, the Company shall use reasonable best efforts to provide, or cause to be provided, to MAAC and its Representatives during normal business hours reasonable access to the directors, officers, books and records and properties of the Private Group Companies (in a manner so as to not interfere with the normal business operations of the Private Group Companies). Notwithstanding the foregoing, none of the Private Group Companies shall be required to provide, or cause to be provided to, MAAC or any of its Representatives any information (i) if and to the extent doing so would (A) violate any Law to which any Private Group Company is subject, (B) result in the disclosure of any trade secrets of third parties in breach of any Contract with such third party, (C) violate any legally-binding obligation of any Private Group Company with respect to confidentiality, non-disclosure or privacy, (D) jeopardize protections afforded to any Private Group Company under the attorney-client privilege or the attorney work product doctrine or (E) in the case of any in-person access, be contrary to, or would not be reasonably practicable in light of, any action taken, or omitted to be taken, by any Group Company to the extent determined to be reasonable and advisable in response to COVID-19 (provided that, in case of each of clauses (A) through (D), the Company shall, and shall cause the other Private Group Companies to, use reasonable best efforts to (x) provide such access as can be provided (or otherwise convey such information regarding the applicable matter as can be conveyed) without violating such privilege, doctrine, Contract, obligation or Law and (y) provide such information in a manner without violating such privilege, doctrine, Contract, obligation or Law), or (ii) if any Group Company or any Company Non-Party Affiliate, on the one hand, and MAAC, any MAAC Non-Party Affiliate or any of their respective Representatives, on the other hand, are adverse parties (or would, in light of then existing facts and circumstances, reasonably be expected to be potentially adverse parties) in a litigation or dispute and such information is or would reasonably be expected to be pertinent thereto; provided that the Company shall, in the case of clause (i) or (ii), provide prompt written notice of the withholding of access or information on any such basis, unless such written notice is prohibited by applicable Law.

(c) From and after the date of this Agreement until the earlier of the Closing Date or the termination of this Agreement in accordance with its terms, upon reasonable advance written notice, MAAC shall use reasonable best efforts to provide, or cause to be provided, to the Company and its Representatives during normal business hours reasonable access to the directors, officers, books and records of MAAC (in a manner so as to not interfere with the normal business operations of MAAC). Notwithstanding the foregoing, MAAC shall not be required to provide, or cause to be provided to, the Company or any of its Representatives any information (i) if and to the extent doing so would (A) violate any Law to which MAAC is subject, (B) result in the disclosure of any trade secrets of third parties in breach of any Contract with such third party, (C) violate any legally-binding obligation of MAAC with respect to confidentiality, non-disclosure or privacy, (D) jeopardize protections afforded to MAAC under the attorney-client privilege or the attorney work product doctrine or (E) in the case of any in-person access, be contrary to, or would not be reasonably practicable in light of, any action taken, or omitted to be taken, by MAAC to the extent determined to be reasonable and advisable in response to COVID-19 (provided that, in case of each of clauses (A) through (D), MAAC shall use, and shall cause the other MAAC to use, reasonable best efforts to (x) provide such access as can be provided (or otherwise convey such information regarding the applicable matter as can be conveyed) without violating such privilege, doctrine, Contract, obligation or Law and (y) provide such information in a manner without

violating such privilege, doctrine, Contract, obligation or Law), or (ii) if MAAC or any MAAC Non-Party Affiliate, on the one hand, and any Group Company, any Company Non-Party Affiliate or any of their respective Representatives, on the other hand, are adverse parties (or would, in light of then existing facts and circumstances, reasonably be expected to be potentially adverse parties) in a litigation or dispute and such information is or would reasonably be expected to be pertinent thereto; provided that MAAC shall, in the case of clause (i) or (ii), provide prompt written notice of the withholding of access or information on any such basis, unless such written notice is prohibited by applicable Law.

(d) The Parties hereby acknowledge and agree that the Confidentiality Agreement shall be automatically terminated effective as of the Closing without any further action by any Party or any other Person.

Section 5.4 Public Announcements.

(a) Subject to Section 5.4(b), Section 5.7 and Section 5.8, prior to the Closing, none of the Parties shall, and the Parties shall cause their respective controlled Affiliates and its and their respective officers and directors not to and shall use reasonable best efforts to cause their respective other Representatives not to, issue any press releases or make any public announcements with respect to this Agreement or the transactions contemplated hereby without the prior written consent of the Company and MAAC; provided, however, that each Party, the MAAC Sponsor and each of their respective Representatives may issue or make, as applicable, any such press release, public announcement or other communication (i) if such press release, public announcement or other communication is required by applicable Law, in which case the disclosing Party or its applicable Representatives shall, to the extent reasonably practicable and, unless and to the extent prohibited by such applicable Law, (x) if the disclosing Person is MAAC or a Representative of MAAC, reasonably consult with the Company in connection therewith and provide the Company with an opportunity to review and comment on such press release, public announcement or communication and shall consider any such comments in good faith, or (y) if the disclosing Party is the Company, Merger Sub or a Representative of any of the foregoing, reasonably consult with MAAC in connection therewith and provide MAAC with an opportunity to review and comment on such press release, public announcement or communication and shall consider any such comments in good faith, (ii) to the extent such press release, public announcements or other communications contain only information previously disclosed in a press release, public announcement or other communication previously made in accordance with this Section 5.4 and (iii) to Governmental Entities in connection with any Consents required to be made under this Agreement, the Ancillary Documents or in connection with the transactions contemplated hereby or thereby. Notwithstanding anything to the contrary in this Section 5.4 or otherwise in this Agreement, the Parties agree that the MAAC Sponsor and its Representatives may provide general information about the subject matter of this Agreement and the transactions contemplated hereby to any direct or indirect former, current or prospective investor or in connection with normal fund raising or related marketing or informational or reporting activities; provided that the recipients of such information are subject to customary confidentiality obligations prior to the receipt of such information.

(b) The initial press release concerning this Agreement and the transactions contemplated hereby shall be a joint press release in the form agreed by the Company and MAAC prior to the execution of this Agreement and such initial press release (the "Signing Press Release") shall be released as promptly as reasonably practicable after the execution of this Agreement on the day thereof. Promptly after the execution of this Agreement, MAAC shall file a current report on Form 8-K (the "Signing Filing") with the Signing Press Release and a description of this Agreement as required by, and in compliance with, the Securities Laws, which Signing Filing shall be mutually agreed upon by the MAAC and the Company prior to such filing (such agreement not to be unreasonably withheld, conditioned or delayed by either MAAC or the Company, as applicable). The Company, on the one hand, and MAAC, on the other hand, shall mutually agree upon (such agreement not to be unreasonably withheld, conditioned or delayed by either the Company or MAAC, as applicable) a press release announcing the consummation of the transactions contemplated by this Agreement (the "Closing Press Release") prior to the Closing, and, on the Closing Date (or such other date as may be mutually agreed to in writing by MAAC and the Company prior to the Closing), the Parties shall cause the Closing Press Release to be released. Promptly after the Closing (but in any event within four (4) Business Days after the Closing), the Company shall file a current report on Form 8-K (the "Closing Filing") with the Closing Press Release and a description of the Closing as required by Securities Laws, which Closing Filing shall be mutually agreed upon by the Company and MAAC prior to the Closing (such agreement not to be unreasonably withheld, conditioned or delayed by either the Company or MAAC, as applicable). In connection with the preparation of each of the Signing Press Release, the Signing Filing, the Closing Press Release and the Closing Filing, each Party shall, upon written request by any other Party, furnish such other Party with all information concerning itself, its directors, officers and equityholders, and such other matters, in each case, as may be reasonably necessary for such press release or filing.

Section 5.5 Tax Matters.

(a) Tax Treatment.

(i) The Parties intend that the Merger will qualify as a "reorganization" within the meaning of Section 368(a) of the Code, and, for the period beginning on the date hereof until and including the Closing Date, each Party shall use commercially reasonable efforts not to take any action that would reasonably be expected to cause the Merger to fail to so qualify; provided that, for the avoidance of doubt, the Parties shall not be required to restructure, or otherwise alter the terms of, the transaction as provided for in this Agreement. The Parties have no plan or intention as of the date hereof and as of the Closing Date to take any action that would reasonably be expected to cause the Mergers to fail to qualify as a "reorganization" within the meaning of Section 368(a) of the Code. For two years following the Closing, (i) the Company shall use commercially reasonable efforts to cause MAAC not to liquidate (including a deemed liquidation for U.S. federal income tax purposes), and (ii) the Company's "qualified group" (within the meaning of Treasury Regulations Section 1.368-1(d)(4)(ii)) shall use commercially reasonable efforts to use at least fifty percent (50%) of the cash and cash equivalents in the Trust Account (but not taking into account any cash acquired in connection with the PIPE Financing) as of immediately prior to the Closing (and prior to the MAAC Shareholder Redemption) (such cash and cash equivalents, the "Relevant Pre-Redemption Assets") in the Company's business within the meaning of Treasury Regulations Section 1.368-1(d) (such business, the "Roivant Business"); provided that if, immediately following and as a result of the MAAC Shareholder Redemption, MAAC holds less than fifty percent (50%) but at least one-third of the Relevant Pre-Redemption

Assets, then the Company's "qualified group" (within the meaning of Treasury Regulations Section 1.368-1(d)(4)(ii)) shall use commercially reasonable efforts to use one hundred percent (100%) of the cash and cash equivalents in the Trust Account (but not taking into account any cash acquired in connection with the PIPE Financing) in the Roivant Business; provided, further, that if, immediately following and as a result of the MAAC Shareholder Redemption, MAAC holds less than one-third of the Relevant Pre-Redemption Assets, then there shall be no limitation or requirement imposed on the Company with respect to the use of MAAC's assets under this clause (ii)); provided, further, that, for purposes of this sentence, use in the Company's business or use in the Roivant Business shall include, without limitation, retention of Relevant Pre-Redemption Assets for future use in the business operations of members of the Company's "qualified group", loans of Relevant Pre-Redemption Assets to other members of the Company's "qualified group" for current or future use of such Relevant Pre-Redemption Assets in the business operations of such members, and acquisitions of operating assets or controlling interests in operating entities in exchange for Relevant Pre-Redemption Assets, in each case, by any members of the Company's "qualified group" (including MAAC). Each Party shall file all Tax Returns consistent with, and take no position inconsistent with (whether in audits, Tax Returns or otherwise), such treatment unless (x) such Party requests that each of Kirkland & Ellis LLP and Davis Polk & Wardwell LLP provides written confirmation to the effect that the Merger is more likely than not to qualify as a reorganization within the meaning of Section 368(a) of the Code and each such law firm fails to provide such confirmation prior to the later of (A) thirty (30) days following such request is made and (B) sixty (60) days prior to the date on which the relevant Tax Return is due (taking into account applicable extensions); provided that the Parties shall provide customary factual representations to such law firm; provided, further, that, for the avoidance of doubt, the Parties shall not be required to restructure, or otherwise alter the terms of, the transaction as provided for in this Agreement; or (y) otherwise required by a final "determination" within the meaning of Section 1313(a) of the Code.

(ii) MAAC and the Company hereby adopt this Agreement as a "plan of reorganization" within the meaning of Treasury Regulations Sections 1.368-2(g) and 1.368-3(a).

(iii) If, in connection with the preparation and filing of the Registration Statement / Proxy Statement, the SEC requests or requires that a tax opinion be prepared and submitted, MAAC and the Company shall deliver to Kirkland & Ellis LLP and/or Davis Polk & Wardwell LLP, as relevant, customary Tax representation letters reasonably satisfactory to such counsel and reasonably acceptable to the Company, dated and executed as of the date the Registration Statement / Proxy Statement shall have been declared effective by the SEC and such other date(s) as determined reasonably necessary by such counsel in connection with the preparation and filing of the Registration Statement / Proxy Statement.

(b) Tax Matters Cooperation. Each of the Parties shall (and shall cause their respective Affiliates (other than in the case of the Company, the Public Group Companies) to) cooperate fully, as and to the extent reasonably requested by another Party, in connection with the filing of relevant Tax Returns, and any audit or Tax proceeding. Such cooperation shall include the retention and (upon the other Party's request) the provision (with the right to make copies) of records and information reasonably relevant to any Tax proceeding or audit, making employees available on a mutually convenient basis to provide additional information and explanation of any

material provided hereunder. Without limiting the generality of the foregoing, but subject to Section 5.5(a)(i), following the Closing, MAAC shall, and the Company shall cause MAAC to, (i) comply with the reporting requirements of Treasury Regulations Section 1.367(a)-3(c)(6) and the recordkeeping requirements of Treasury Regulations Section 1.368-3 and (ii) attach to its timely filed U.S. federal income Tax Return for the taxable year in which the Closing occurs, statements meeting the requirements specified in Treasury Regulations Sections 1.367(a)-3(c)(6) and 1.368-3(a).

(c) QEF Election. If the Company provides to any Company Shareholders information that is reasonably required in order for such Company Shareholders to make an election as contemplated by Section 1295 of the Code (and the Treasury Regulations promulgated thereunder) with respect to the Company for any year that the Company is considered a PFIC, including through provision of the Annual Information Statement described in Treasury Regulations Section 1.1295-1(g), the Company shall provide the same such information to the Pre-Closing MAAC Shareholders.

Section 5.6 Exclusive Dealing.

(a) From the date of this Agreement until the earlier of the Closing or the termination of this Agreement in accordance with its terms, the Company shall not, and shall cause the Private Group Companies and its and their respective officers and directors not to and shall use reasonable best efforts to cause its other Representatives not to, directly or indirectly: (i) solicit, initiate, knowingly encourage (including by means of furnishing or disclosing information), knowingly facilitate, discuss or negotiate, directly or indirectly, any inquiry, proposal or offer (written or oral) with respect to a Company Acquisition Proposal; (ii) furnish or disclose any non-public information to any Person in connection with, or that would reasonably be expected to lead to, a Company Acquisition Proposal; (iii) enter into any Contract or other arrangement or understanding regarding a Company Acquisition Proposal; (iv) make any filings with the SEC in connection with a public offering of any Equity Securities or other securities of the Company (or any successor or parent company of the Company), other than in connection with the transactions contemplated by, and in accordance with, this Agreement and the Ancillary Documents; or (v) otherwise cooperate in any way with, or assist or participate in, or knowingly facilitate or knowingly encourage any effort or attempt by any Person to do or seek to do any of the foregoing. The Company agrees to (A) notify MAAC promptly upon receipt of any Company Acquisition Proposal by any Group Company, and to describe the material terms and conditions of any such Company Acquisition Proposal in reasonable detail (excluding the identity of the Persons making such Company Acquisition Proposal) and (B) keep MAAC reasonably informed on a current basis of any material modifications to such offer or information.

(b) From the date of this Agreement until the earlier of the Closing or the termination of this Agreement in accordance with its terms, MAAC shall not, and shall cause MAAC Sponsor and its and their respective officers and directors not to and shall use reasonable best efforts to cause its other Representatives not to, directly or indirectly: (i) solicit, initiate, knowingly encourage (including by means of furnishing or disclosing information), knowingly facilitate, discuss or negotiate, directly or indirectly, any inquiry, proposal or offer (written or oral) with respect to a MAAC Acquisition Proposal; (ii) furnish or disclose any non-public information to any Person in connection with, or that would reasonably be expected to lead to, a MAAC

Acquisition Proposal; (iii) enter into any Contract or other arrangement or understanding regarding a MAAC Acquisition Proposal; or (iv) otherwise cooperate in any way with, or assist or participate in, or knowingly facilitate or knowingly encourage any effort or attempt by any Person to do or seek to do any of the foregoing. MAAC agrees to (A) notify the Company promptly upon receipt of any MAAC Acquisition Proposal by MAAC, and to describe the material terms and conditions of any such MAAC Acquisition Proposal in reasonable detail (excluding the identity of any person or entity making such MAAC Acquisition Proposal) and (B) keep the Company reasonably informed on a current basis of any material modifications to such offer or information.

For the avoidance of doubt, it is understood and agreed that the covenants and agreements contained in this Section 5.6 shall not prohibit the Company, MAAC or any of their respective Representatives from taking any actions in the ordinary course that are not otherwise in violation of this Section 5.6 (such as answering phone calls) or informing any Person inquiring about a possible Company Acquisition Proposal or MAAC Acquisition Proposal, as applicable, of the existence of the covenants and agreements contained in this Section 5.6.

Section 5.7 Preparation of Registration Statement / Proxy Statement. As promptly as reasonably practicable following the date of this Agreement, MAAC and the Company shall prepare and mutually agree upon (such agreement not to be unreasonably withheld, conditioned or delayed by either of MAAC or the Company, as applicable), and the Company shall file with the SEC, the Registration Statement / Proxy Statement (it being understood that the Registration Statement / Proxy Statement shall include a proxy statement of MAAC which will be included therein and which will be used for the MAAC Shareholders Meeting to solicit the adoption and approval of the Transaction Proposals, provide its applicable shareholders with the opportunity to elect to effect the MAAC Shareholder Redemption, and other matters reasonably related to the Transaction Proposals, all in accordance with and as required by MAAC's Governing Documents, applicable Law, and any applicable rules and regulations of the SEC and Nasdaq). Each of MAAC and the Company shall use its reasonable best efforts to (a) cause the Registration Statement / Proxy Statement to comply in all material respects with the applicable rules and regulations promulgated by the SEC (including, with respect to the Company, the provision of financial statements and pro forma financial statements, and any other information with respect to the Group Companies for all periods and in the form, required to be included in the Registration Statement / Proxy Statement under Securities Laws (after giving effect to any waivers received), or in response to any comments or requests from the SEC); (b) promptly notify the others of, reasonably cooperate with each other with respect to and respond promptly to, any comments or requests of the SEC or its staff and, in the case of the Company, provide copies of any written correspondence with the SEC; (c) promptly prepare and mutually agree upon (such agreement not to be unreasonably withheld, conditioned or delayed by either of MAAC or the Company, as applicable) any amendments or supplements to the Registration Statement / Proxy Statement in order to address comments or requests from the SEC or its staff (which amendments or supplements shall be promptly filed by the Company); (d) have the Registration Statement / Proxy Statement declared effective under the Securities Act as promptly as reasonably practicable after it is filed with the SEC; and (e) keep the Registration Statement / Proxy Statement effective through the Closing in order to permit the consummation of the transactions contemplated by this Agreement. MAAC, on the one hand, and the Company and Merger Sub, on the other hand, shall promptly furnish, or cause to be furnished, to the other all information concerning such Party and its Non-Party Affiliates and their respective Representatives and, in the case of the Company, the Company

Equityholders, that may be required or reasonably requested in connection with any action contemplated by this Section 5.7 or for inclusion in any other statement, filing, notice or application made by or on behalf of MAAC or the Company to the SEC or Nasdaq in connection with the transactions contemplated by this Agreement or the Ancillary Documents, including delivering customary tax representation letters to counsel to enable counsel to deliver any tax opinions requested or required by the SEC to be submitted in connection therewith as described in Section 5.5(a)(iii). In the event there is any tax opinion, comfort letter or other opinion required to be provided in connection with the Registration Statement / Proxy Statement, notwithstanding anything herein to the contrary, neither this provision nor any other provision in this Agreement shall require counsel to the Company or MAAC or their respective tax advisors to provide any opinion regarding the qualification of the Merger as a reorganization within the meaning of Section 368(a) of the Code or otherwise qualifies for the Intended Tax Treatment, unless required by applicable Securities Laws or regulations, including SEC Staff Legal Bulletin No. 19. If any Party becomes aware of any information that is, in the opinion of such Party, required or desirable to be disclosed in an amendment or supplement to the Registration Statement / Proxy Statement, then (i) such Party shall promptly inform, in the case of MAAC, the Company, or, in the case of the Company or Merger Sub, MAAC, thereof, (ii) the Company and MAAC shall prepare and mutually agree upon (such agreement not to be unreasonably withheld, conditioned or delayed in the case of either the Company or MAAC) an amendment or supplement to the Registration Statement / Proxy Statement, (iii) the Company shall file such mutually agreed upon amendment or supplement with the SEC and (iv) if requested by MAAC, the Parties shall reasonably cooperate in mailing such amendment or supplement to the Pre-Closing MAAC Shareholders. The Company shall as promptly as reasonably practicable advise MAAC of effectiveness of the Registration Statement / Proxy Statement, of its becoming aware of the issuance of any stop order relating thereto or the suspension of the qualification of the Company Common Shares for offering or sale in any jurisdiction, and MAAC and the Company shall each use its reasonable best efforts to have any such stop order or suspension lifted, reversed or otherwise terminated. Each of the Parties shall use reasonable best efforts to ensure that none of the information related to him, her or it or any of his, her or its Non-Party Affiliates or its or their respective Representatives or, in the case of the Company, the Company Equityholders, supplied by or on his, her or its behalf for inclusion or incorporation by reference in the Registration Statement / Proxy Statement will, at the time the Registration Statement / Proxy Statement is initially filed with the SEC, at each time at which it is amended, and at the time it becomes effective under the Securities Act contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they are made, not misleading.

Section 5.8 MAAC Shareholder Approval. As promptly as reasonably practicable following the time at which the Registration Statement / Proxy Statement is declared effective under the Securities Act, (A) MAAC shall duly give notice of, and use reasonable best efforts to duly convene and hold, a meeting of its shareholders (the "MAAC Shareholders Meeting") in accordance with the Governing Documents of MAAC (including by causing the Registration Statement / Proxy Statement to be mailed to the holders of MAAC Shares), for the purposes of obtaining the MAAC Shareholder Approval and, if applicable, any approvals related thereto and providing its applicable shareholders with the opportunity to elect to effect a MAAC Shareholder Redemption and (B) use reasonable best efforts to solicit proxies from the holders of MAAC Shares to vote in favor of each of the Transaction Proposals. Except as otherwise required by

applicable Law, (i) MAAC shall, through unanimous approval of the MAAC Board, recommend (the "MAAC Board Recommendation") to its shareholders that such shareholders approve and adopt (A) this Agreement and the transactions contemplated hereby (including the Merger) (the "Business Combination Proposal"); (B) the issuance of MAAC Shares to the PIPE Investors as required by Nasdaq listing requirements (the "Nasdaq Proposal"); (C) each other proposal that either the SEC or Nasdaq (or the respective staff members thereof) indicates is necessary in its comments to the Registration Statement / Proxy Statement or in correspondence related thereto; (D) each other proposal reasonably agreed to by MAAC and the Company as necessary or appropriate in connection with the consummation of the transactions contemplated by this Agreement or the Ancillary Documents; and (E) a proposal for the postponement or adjournment of the MAAC Shareholders Meeting, if necessary, to permit further solicitation of proxies because there are not sufficient votes to approve and adopt any of the foregoing (such proposals in (A) through (E), collectively, the "Transaction Proposals"), and (ii) MAAC shall include the MAAC Board Recommendation in the Registration Statement / Proxy Statement. Notwithstanding the foregoing or anything to the contrary herein, MAAC may postpone or adjourn the MAAC Shareholders Meeting (and MAAC shall adjourn the MAAC Shareholder Meeting if an adjournment is reasonably requested by the Company in writing) (1) to solicit additional proxies because there are not sufficient votes to constitute the MAAC Shareholder Approval, (2) for the absence of a quorum, (3) to allow reasonable additional time for the filing or mailing of any supplemental or amended disclosures that MAAC (or the Company) has reasonably determined, based on the advice of outside legal counsel, is reasonably likely to be required under applicable Law and for such supplemental or amended disclosure to be disseminated and reviewed by the Pre-Closing MAAC Shareholders prior to the MAAC Shareholders Meeting or (4) if the holders of MAAC Class A Shares have elected to redeem a number of MAAC Class A Shares as of such time that would reasonably be expected to result in the condition set forth in Section 6.3(d) not being satisfied; provided that, without the consent of the Company, in no event shall MAAC postpone or adjourn the MAAC Shareholders Meeting for more than fifteen (15) Business Days later than the most recently postponed or adjourned meeting or to a date that is beyond the date that is five (5) Business Days prior to the Termination Date. Except as otherwise required by applicable Law, MAAC covenants that none of the MAAC Board, MAAC or any committee of the MAAC Board shall (i) change, withdraw, withhold, qualify, amend or modify, or publicly propose to change, withdraw, withhold, qualify, amend or modify, in a manner adverse to the Company, the MAAC Board Recommendation or any other recommendation by the MAAC Board or MAAC of the proposals set forth in the Registration Statement / Proxy Statement, (ii) adopt, approve, recommend or declare advisable to the Pre-Closing MAAC Shareholders, or publicly propose to adopt, approve, recommend or declare advisable, any MAAC Acquisition Proposal or (iii) fail to include the MAAC Board Recommendation in the Registration Statement / Proxy Statement.

Section 5.9 Merger Sub Shareholder Approval. As promptly as reasonably practicable (and in any event within one (1) Business Day) following the date of this Agreement (the "Merger Sub Shareholder Approval Deadline"), the Company, as the sole stockholder of Merger Sub, will approve and adopt this Agreement, the Ancillary Documents to which Merger Sub is or will be a party and the transactions contemplated hereby and thereby (including the Merger) (the "Merger Sub Shareholder Approval").

Section 5.10 Conduct of Business of MAAC. From and after the date of this Agreement until the earlier of the Closing or the termination of this Agreement in accordance with its terms, MAAC shall not, and shall cause its Subsidiaries not to, as applicable, except as expressly contemplated by this Agreement or any Ancillary Document (including, for the avoidance of doubt, in connection with the PIPE Financing or the transactions contemplated by the Sponsor Support Agreement), as required by applicable Law, as set forth on Section 5.10 of the MAAC Disclosure Schedules or as consented to in writing by the Company (such consent not to be unreasonably withheld, conditioned or delayed), do any of the following:

Section 5.11 Nasdaq Listing; MAAC Public Filings.

(a) The Company shall use its reasonable best efforts (a) to cause the Company Post-Closing Common Shares issuable in accordance with this Agreement (including, for the avoidance of doubt, the Company Post-Closing Common Shares issuable in respect of MAAC Shares converted into Company Post-Closing Common Shares in the Merger) to be approved for listing on Nasdaq, subject to official notice of issuance thereof, and (b) to satisfy any applicable initial and continuing listing requirements of Nasdaq, in each case, as promptly as reasonably practicable after the date of this Agreement, and in any event prior to the Effective Time. (b) From and after the date hereof until the earlier of the Closing or termination of this Agreement in accordance with its terms, except as set forth on Section 5.11(b) of the MAAC Disclosure Schedules, MAAC shall (except if, in the case of any reports to be filed or furnished in connection with the transactions contemplated by this Agreement or any Ancillary Document, the Company's breach of its applicable covenants, agreements and obligations hereunder would result in the MAAC's inability to make such filings) use reasonable best efforts to keep current and timely file all reports required to be filed or furnished with the SEC and otherwise comply in all material respects with its reporting obligations under applicable Securities Laws.

Section 5.12 Trust Account. Upon satisfaction or, to the extent permitted by applicable Law, waiver of the conditions set forth in Article 6 and provision of notice thereof to the Trustee, (a) at the Closing, MAAC shall (i) cause the documents, certificates and notices required to be delivered to the Trustee pursuant to the Trust Agreement to be so delivered, and (ii) make all appropriate arrangements to cause the Trustee to (A) pay as and when due all amounts, if any, payable to the holders of MAAC Class A Shares pursuant to the MAAC Shareholder Redemption, (B) pay the amounts due to the underwriters of MAAC's initial public offering for their deferred underwriting commissions as set forth in the Trust Agreement and (C) immediately thereafter, pay all remaining amounts then available in the Trust Account to MAAC in accordance with the Trust Agreement, and (b) thereafter, the Trust Account shall terminate, except as otherwise provided therein. From and after the date hereof until the earlier of the Closing or termination of this Agreement in accordance with its terms, MAAC shall perform all material obligations required to be performed by it under the Trust Agreement.

Section 5.13 Company Shareholder Approval. Substantially concurrently with the execution hereof, the Company has obtained and delivered to MAAC a true and correct copy of an irrevocable written consent (in the form attached hereto as Exhibit F) approving and adopting this Agreement, the Ancillary Documents to which the Company is or will be a party and the transactions contemplated hereby and thereby (including the Company Pre-Closing Steps and the Merger) that is duly executed by the Company Shareholders that hold at least the requisite number of issued and outstanding Company Common Shares required to approve and adopt such matters in accordance with the Companies Act, the Company's Governing Documents and the Company Shareholders Agreements (the "Company Shareholder Written Consent").

Section 5.14 MAAC Indemnification; Directors' and Officers' Insurance.

(a) Each Party agrees that, to the maximum extent permitted by applicable Law as if the Company were MAAC, (i) all rights to indemnification or exculpation now existing in favor of the directors and officers of MAAC, as provided in the applicable MAAC Governing Documents or director and officer indemnification agreements, in substantially the form set forth in the MAAC SEC Reports, in either case, solely with respect to any matters occurring at or prior to the Effective Time, shall survive the transactions contemplated by this Agreement and shall continue in full force and effect from and after the Effective Time for a period of six (6) years and (ii) the Company will perform and discharge, or cause to be performed and discharged, all obligations to provide such indemnity and exculpation during such six (6)-year period. To the maximum extent permitted by applicable Law, during such six (6)-year period, the Company shall advance, or caused to be advanced, expenses as provided in the applicable Governing Documents of MAAC as in effect immediately prior to the Effective Time or such indemnification agreements. The indemnification and liability limitation or exculpation provisions of the MAAC Governing Documents shall not, during such six (6)-year period, be amended, repealed or otherwise modified following the Effective Time in any manner that would materially and adversely affect the rights thereunder of individuals who, as of immediately prior to the Effective Time, or at any time prior to such time, were directors or officers of MAAC (the "MAAC D&O Persons") entitled to be so indemnified, have their liability limited or be exculpated with respect to any matters occurring at or prior to the Effective Time and relating to the fact that such MAAC D&O Person was a director or officer of MAAC or other person entitled to be so indemnified thereunder at or prior to the Effective Time, unless such amendment, repeal or other modification is required by applicable Law.

(b) The Company shall not have any obligation under this Section 5.14 to any MAAC D&O Person when and if a court of competent jurisdiction shall ultimately determine (and such determination shall have become final and non-appealable) that the indemnification of such MAAC D&O Person in the manner contemplated hereby is prohibited by applicable Law.

(c) MAAC shall purchase, or cause to be purchased, at or prior to the Closing, and the Company shall maintain, or cause to be maintained, in effect for a period of six (6) years following the Effective Time, without any lapses in coverage, a "tail" policy providing directors' and officers' liability insurance coverage for the benefit of those Persons who are currently covered (whether directly, via endorsement or otherwise) by any comparable insurance policies of MAAC in effect as of the date of this Agreement with respect to matters occurring at or prior to the Effective Time. Such "tail" policy shall provide coverage on terms (with respect to coverage and

amount) that are substantially the same as (and no less favorable in the aggregate to the Persons covered thereby than) the coverage provided under MAAC's directors' and officers' liability insurance policies in effect as of the date of this Agreement; provided that MAAC shall not pay a premium for such "tail" policy in excess of three-hundred percent (300%) of the most recent annual premium paid by MAAC prior to the date of this Agreement and, in such event, MAAC shall purchase or cause to be purchased the maximum coverage available for three-hundred percent (300%) of the most recent annual premium paid by MAAC prior to the date of this Agreement. Notwithstanding the foregoing or anything to the contrary in this Agreement, if the term of MAAC's directors' and officers' liability insurance policy in effect as of the date of this Agreement expires on or prior to the Closing Date, then MAAC may renew such policy or obtain, or cause to be obtained, one or more directors' and officers' insurance policy(ies) that provides for coverage through October 9, 2022 on terms (with respect to coverage and amount) that are substantially the same as the coverage provided under such MAAC's directors' and officers' liability policy that so expired, and all references in this clause (c) to the directors' and officers' liability insurance policies shall also be deemed to refer to such policy as renewed or such new policy(ies).

(d) If the Company or any of its successors or assigns (i) shall merge or consolidate with or merge into any other corporation or entity and shall not be the surviving or continuing corporation or entity of such consolidation or merger or (ii) shall transfer all or substantially all of their respective properties and assets as an entity in one or a series of related transactions to any Person, then in each such case, the Company shall use reasonable best efforts to cause the successors or assigns of the Company shall assume all of the obligations set forth in this Section 5.14.

(e) The Persons entitled to the indemnification, liability limitation, exculpation or insurance coverage set forth in this Section 5.14 are intended to be third-party beneficiaries of this Section 5.14. This Section 5.14 shall survive the consummation of the transactions contemplated by this Agreement and shall be binding on all successors and assigns of the Company.

Section 5.15 Company Indemnification; Directors' and Officers' Insurance.

(a) Each Party agrees that (i) all rights to indemnification or exculpation now existing in favor of the directors and officers of the Group Companies, as provided in the Group Companies' Governing Documents or otherwise in effect as of immediately prior to the Effective Time, in either case, solely with respect to any matters occurring at or prior to the Effective Time, shall survive the transactions contemplated by this Agreement and shall continue in full force and effect from and after the Effective Time for a period of six (6) years and (ii) the Company will cause the applicable Group Companies to perform and discharge all obligations to provide such indemnity and exculpation during such six (6)-year period. To the maximum extent permitted by applicable Law, during such six (6)-year period, the Company shall cause the applicable Group Companies to advance expenses as provided in the applicable Governing Documents of the Group Companies or such indemnification agreements. The indemnification and liability limitation or exculpation provisions of the Group Companies' Governing Documents shall not, during such six (6)-year period, be amended, repealed or otherwise modified following the Effective Time in any manner that would materially and adversely affect the rights thereunder of individuals who, as of the Effective Time or at any time prior to the Effective Time, were directors or officers of the

Group Companies (the "Company D&O Persons") entitled to be so indemnified, have their liability limited or be exculpated with respect to any matters occurring prior to Closing and relating to the fact that such Company D&O Person was a director or officer of any Group Company at or prior to the Effective Time, unless such amendment, repeal or other modification is required by applicable Law.

(b) None of the Group Companies shall have any obligation under this Section 5.15 to any Company D&O Person when and if a court of competent jurisdiction shall ultimately determine (and such determination shall have become final and non-appealable) that the indemnification of such Company D&O Person in the manner contemplated hereby is prohibited by applicable Law.

(c) The Company shall purchase, at or prior to the Closing, and the Company shall maintain, or cause to be maintained, in effect for a period of six (6) years following the Effective Time, without lapses in coverage, a "tail" policy providing directors' and officers' liability insurance coverage for the benefit of those Persons who are currently covered by any comparable insurance policies of the Group Companies in effect as of the date of this Agreement with respect to matters occurring at or prior to the Effective Time. Such "tail" policy shall provide coverage on terms (with respect to coverage and amount) that are substantially the same as (and no less favorable in the aggregate to the Persons covered thereby) the coverage provided under the Group Companies' directors' and officers' liability insurance policies as of the date of this Agreement; provided that the Company shall not pay a premium for such "tail" policy in excess of three-hundred percent (300%) of the most recent annual premium paid by the Group Companies prior to the date of this Agreement and, in such event, the Company shall purchase the maximum coverage available for three-hundred (300%) of the most recent annual premium paid by the Group Companies prior to the date of this Agreement.

(d) If the Company or any of its successors or assigns (i) shall merge or consolidate with or merge into any other corporation or entity and shall not be the surviving or continuing corporation or entity of such consolidation or merger or (ii) shall transfer all or substantially all of their respective properties and assets as an entity in one or a series of related transactions to any Person, then in each such case, the Company shall use reasonable best efforts to cause the successors or assigns of the Company shall assume all of the obligations set forth in this Section 5.15.

(e) The Persons entitled to the indemnification, liability limitation, exculpation or insurance coverage set forth in this Section 5.15 are intended to be third-party beneficiaries of this Section 5.15. This Section 5.15 shall survive the consummation of the transactions contemplated by this Agreement and shall be binding on all successors and assigns of the Company.

Section 5.16 Post-Closing Directors.

(a) The Company shall take, or cause to be taken, all actions within its power as may be necessary or appropriate such that effective immediately after the Effective Time (i) the Company Board shall consist of a number of directors determined by the Company (upon reasonable prior consultation with MAAC) prior to the Effective Time, which shall be divided into

three (3) classes, designated Class I, II and III, with each class consisting of an approximately equal number of directors determined by the Company (upon reasonable prior consultation with MAAC) prior to the Effective Time, and (ii) the members of the Company Board are the individuals determined in accordance with Section 5.16(b) and Section 5.16(c); provided that, in any event, (A) at least a majority of such directors that comprise the Company Board shall qualify as "independent directors" under the listing rules of Nasdaq immediately after the Effective Time and (B) no such determination by the Company shall affect the ability of the MAAC Designee to serve on the Board in the class of directors set forth on Section 5.16(b) of the MAAC Disclosure Schedules immediately after the Effective Time or MAAC's rights under Section 5.16(b) or the Company's obligations with respect thereto. At or prior to the Closing, the Company will provide the MAAC Designee with and, subject to the entry into the same by the MAAC Designee, will enter into a director indemnification agreement with the MAAC Designee, in form and substance approved by the Company Board and to be offered to all directors serving on the Company Board as of immediately following the Effective Time.

The MAAC Designee may be replaced by MAAC prior to the Effective Time with the prior written consent of the Company and, upon such written consent to any such replacement individual, Section 5.16(b) of the MAAC Disclosure Schedules shall automatically be deemed amended to include such replacement individual as the MAAC Designee in lieu of, and to serve in the same class of directors as, the individual so replaced; provided, however, that the Company shall not unreasonably withhold, condition or delay its consent to any individual proposed by MAAC prior to the Effective Time as a replacement if the MAAC Designee (whether the initial or any subsequent MAAC Designee) is no longer able to serve on the Company Board as a result of death or disability.

(c) The individuals identified on Section 5.16(c) of the Company Disclosure Schedules shall be directors on the Company Board immediately after the Effective Time, with each such individual being in the class of directors set forth opposite his or her name on Section 5.16(c) of the Company Disclosure Schedule (each, a "Company Designee"). The Company may replace any Company Designee with any individual after reasonably consulting with MAAC with respect to such replacement Company Designee, by giving MAAC written notice, and, upon the Company so giving written notice of the replacement of such Company Designee and after so reasonably consulting with MAAC with respect thereto, Section 5.16(c) of the Company Disclosure Schedules shall automatically be deemed amended to include such replacement individual as a Company Designee in lieu of, and to serve in the same class of directors as, the individual so replaced. Notwithstanding the foregoing or anything to the contrary herein, unless otherwise agreed in writing by MAAC, in no event shall less than at least a majority of the directors that comprise the Company Board qualify as "independent directors" under the listing rules of Nasdaq immediately after the Effective Time (whether as a result of the replacement of any Company Designee as contemplated by this Section 5.16(c) or otherwise).

The Company shall, and shall cause its Representatives to, reasonably consult with and reasonably cooperate with MAAC and its Representatives in connection with the Company Pre-Closing Steps and otherwise keep MAAC and its Representatives apprised, in reasonable detail, of the status of the Company Pre-Closing Steps. Without limiting the generality of the foregoing, (a) within a reasonable time prior to the Closing (and in any event ten (10) Business Days prior to the Closing Date), the Company shall provide, or cause to be provided, drafts of all agreements, documents and instruments related to the Company Pre-Closing Steps, and give MAAC and its Representatives a reasonable amount of time to review all such agreements, documents and instruments and shall consider in good faith all comments provided by MAAC and its Representatives and (b) none of the Group Companies shall enter into any agreement, document or instrument related to the Company Pre-Closing Steps that is not in a form and substance reasonably satisfactory to MAAC.

The Company shall use reasonable best efforts to take, or cause to be taken, all actions necessary or advisable to terminate at or prior to the Closing all of the agreements set forth on Section 5.20 of the Company Disclosure Schedules without any further Liabilities to the Company or any of its Affiliates (including the other Group Companies and, from and after the Effective Time, MAAC and its Affiliates).

Section 5.21 Conduct of Business of Merger Sub. From and after the date of this Agreement until the earlier of the Closing or the termination of this Agreement in accordance with its terms, Merger Sub shall not take any action, engage in any activities or business, or incur any Liabilities or obligations, other than (a) those that are incident to its organization, (b) the execution of this Agreement or any Ancillary Document to which it is or will be a party, (c) those that are contemplated by this Agreement or any Ancillary Document (including the enforcement of any of its rights or the performance of any of its obligations under this Agreement or any Ancillary Documents and the consummation of the transactions contemplated hereby or thereby) or (d) those that are consented to in writing by MAAC.

Section 5.22 Notice of Certain Events. From and after the date of this Agreement until the earlier of the Closing or the termination of this Agreement in accordance with its terms, each Party shall use reasonable best efforts to promptly (after having knowledge thereof) notify the other Parties of (i) any written notice or other communication received by such Party or any of its Representatives (in their capacity as such) from any Governmental Entity of the type that would, if received prior to the execution and delivery of this Agreement, have been required to have been disclosed pursuant to any section or subsection of Article 3 or Article 4, as applicable, and (ii) the occurrence or non-occurrence of any event the occurrence or non-occurrence of which, as the case

may be, would reasonably be expected to cause any condition to the other Parties' obligations to consummate the transactions contemplated hereby set forth in Article 6 not to be satisfied at any time from the date of this Agreement to the Effective Time; provided, however, that any failure by a Party to provide such notice that is not in made in bad faith shall not, in and of itself, constitute a breach or default of this Section 5.22 or a failure to satisfy the condition precedent set forth in Section 6.2(b) or Section 6.3(b), as applicable.

Section 5.23 PIPE Subscription Agreements.

(a) MAAC shall use its reasonable best efforts to (i) obtain the PIPE Financing, enforce the obligations of the PIPE Investors under the PIPE Subscription Agreements, and consummate the purchases contemplated by the PIPE Subscription Agreements, in each case, on the terms and subject to the conditions set forth in the PIPE Subscription Agreements, (ii) satisfy all conditions to the PIPE Financing set forth in the PIPE Subscription Agreements that are within its control, and (iii) satisfy and comply with its obligations under the PIPE Subscription Agreements; provided, however, that (a) MAAC shall be deemed to have satisfied its obligations under this sentence if the PIPE Financing contemplated by any underlying PIPE Subscription Agreement has been funded or will be funded on its terms substantially concurrently with the occurrence of the Closing and (b) for the avoidance of doubt, any breach, or failure to perform or comply with, any provision of a PIPE Subscription Agreement by a PIPE Investor shall not, in and of itself, be deemed to be a breach of, or failure to perform or comply with, this sentence. The Company shall use its reasonable best efforts to, and shall use its reasonable best efforts to cause its Representatives to, cooperate with MAAC and its Representatives in connection with the matters specified in this Section 5.23. If reasonably requested by the Company, MAAC shall, to the extent it has such rights under the applicable PIPE Subscription Agreement, waive any breach of any representation, warranty, covenant or agreement under a PIPE Subscription Agreement by a PIPE Investor to the extent necessary to cause the satisfaction of the conditions to closing of the PIPE Financing set forth in the PIPE Subscription Agreements and solely for the purpose of consummating the Closing, provided that (i) any such waiver may (in MAAC's sole discretion) be subject to, and conditioned upon, the Closing occurring and the substantially concurrent funding of such PIPE Financing, (ii) subject to, and condition upon, the Closing occurring substantially concurrent funding of the PIPE Financing, the Company also waives any such breach to the extent the Company is a third party beneficiary of the provision that was so breached and (iii) any such waiver shall be subject to the rights of the placement agent, as applicable, under such PIPE Subscription Agreement with respect to such waiver.

(b) MAAC shall not amend, modify or waive any provisions of any PIPE Subscription Agreement without the prior written consent of the Company; provided that any amendment, modification or waiver that is solely ministerial in nature or otherwise immaterial, and, in each case, that does not affect any economic or any other material term, shall not require the prior written consent of the Company, so long as MAAC has provided to the Company no less than two (2) Business Days written notice of such amendment, modification or waiver, it being understood, but without limiting the foregoing, that it shall be deemed material if any amendment, modification or waiver (i) reduces the amount of the PIPE Financing available under such PIPE Subscription Agreement or (ii) imposes new or additional conditions or otherwise expands, amends or modifies any of the conditions to the receipt of the PIPE Financing under such PIPE Subscription Agreement.

(c) MAAC shall (i) promptly notify the Company upon having knowledge of any material breach or default under, or termination of, any PIPE Subscription Agreement (including any refusal or repudiation by any PIPE Investor with respect to its obligation and/or ability to provide the full financing contemplated by the applicable PIPE Subscription Agreement), (ii) prior to delivering any written notice to a PIPE Investor with respect to any PIPE Subscription Agreement, deliver such written notice to the Company for its prior review and consent (which consent shall not be unreasonably withheld, conditioned or delayed), and (iii) promptly, and in any event, within two (2) Business Days following the Company's reasonable request, deliver the Closing Notice (as defined in the PIPE Subscription Agreements) to the PIPE Investors if conditions to the delivery of such notice under the PIPE Subscription Agreement have been satisfied and all of the conditions to the Closing set forth in Article 6 have been satisfied or waived (other than those conditions that, by their nature, are to be satisfied at the Closing, but that would, as of such date, reasonably be expected to be satisfied if the Closing were to occur).

(f) the waiting period under the HSR Act with respect to the Notification and Report Form to be filed by the MAAC Sponsor as an acquiring person (as that term is defined by 16 C.F.R. 801.2) in connection with the transactions contemplated by this Agreement shall have expired or been terminated; and

(g) at or prior to the Closing, the Company shall have delivered, or caused to be delivered, to MAAC a certificate duly executed by an authorized officer of the Company, dated as of the Closing Date, to the effect that the conditions specified in Section 6.2(a), Section 6.2(b) and Section 6.2(c) are satisfied, in a form and substance reasonably satisfactory to MAAC.

Section 6.3 Other Conditions to the Obligations of the Company. The obligations of the Company to consummate the transactions contemplated by this Agreement are subject to the satisfaction or, if permitted by applicable Law, waiver by the Company of the following further conditions:

(a) (i) the MAAC Fundamental Representations shall be true and correct in all material respects as of the Closing Date, as though made on and as of the Closing Date (except to the extent that any such representation and warranty is made as of an earlier date, in which case such representation and warranty shall be true and correct in all material respects as of such earlier date) (provided, however, that the representation and warranty set forth in Section 4.9 shall be deemed to be true and correct in all material respects as of the Closing Date for purposes of this clause (i) if no MAAC Material Adverse Effect is continuing as of the Closing Date), and (ii) the representations and warranties of MAAC (other than the MAAC Fundamental Representations) contained in Article 4 of this Agreement shall be true and correct (without giving effect to any limitation as to "materiality" or "MAAC Material Adverse Effect" or any similar limitation set forth herein) in all respects as of the Closing Date, as though made on and as of the Closing Date (except to the extent that any such representation and warranty is made as of an earlier date, in which case such representation and warranty shall be true and correct (without giving effect to any limitation as to "materiality" or "MAAC Material Adverse Effect" or any similar limitation set forth herein) in all respects as of such earlier date), except where the failure of such representations and warranties to be true and correct would not have a MAAC Material Adverse Effect;

(b) MAAC shall have performed and complied in all material respects with the covenants and agreements required to be performed or complied with by it under this Agreement at or prior to the Closing;

(c) since the date of this Agreement, no MAAC Material Adverse Effect has occurred that is continuing;

(d) the Aggregate Trust Account Proceeds shall be equal to or greater than $210,000,000;

(e) the MAAC Sponsor shall have complied in all material respects with its covenants and agreements required to be performed or complied with by it under the Sponsor Support Agreement at or prior to the Closing;

(f) at or prior to the Closing, MAAC shall have delivered, or caused to be delivered, the following documents to the Company:

(i) a certificate duly executed by an authorized officer of MAAC, dated as of the Closing Date, to the effect that the conditions specified in Section 6.3(a), Section 6.3(b) and Section 6.3(c) are satisfied, in a form and substance reasonably satisfactory to the Company; and

(ii) a certificate prepared in a manner consistent and in accordance with the requirements of Treasury Regulations Sections 1.897-2(g), (h) and 1.1445-2(c)(3), certifying that no interest in MAAC is, or has been during the relevant period specified in Section 897(c)(1)(A)(ii) of the Code, a "United States real property interest" within the meaning of Section 897(c) of the Code, and a form of notice to the Internal Revenue Service prepared in accordance with the provisions of Treasury Regulations Section 1.897-2(h)(2).

ARTICLE 7
TERMINATION

Section 7.1 Termination. This Agreement may be terminated and the transactions contemplated by this Agreement may be abandoned at any time prior to the Closing:

(a) by mutual written consent of MAAC and the Company;

(b) by MAAC, if any of the representations or warranties set forth in Article 3 shall not be true and correct or if the Company or Merger Sub has failed to perform any covenant or agreement on the part of the Company or Merger Sub set forth in this Agreement (including an obligation to consummate the Closing) such that the condition to Closing set forth in either Section 6.2(a) or Section 6.2(b) would not (assuming that the Closing occurred as of such date) be satisfied and the breach or breaches causing such representations or warranties not to be true and correct, or the failures to perform any covenant or agreement, as applicable, is (or are) not cured or cannot be cured within the earlier of (i) thirty (30) days after written notice thereof is delivered to the Company by MAAC and (ii) the Termination Date; provided, however, that MAAC is not then in breach of this Agreement so as to prevent the condition to Closing set forth in either Section 6.3(a) or Section 6.3(b) from being satisfied (assuming that the Closing occurred as of such date);

(c) by the Company, if any of the representations or warranties set forth in Article 4 shall not be true and correct or if MAAC has failed to perform any covenant or agreement on the part of MAAC set forth in this Agreement (including an obligation to consummate the Closing) such that the condition to Closing set forth in either Section 6.3(a) or Section 6.3(b) would not (assuming that the Closing occurred as of such date) be satisfied and the breach or

breaches causing such representations or warranties not to be true and correct, or the failures to perform any covenant or agreement, as applicable, is (or are) not cured or cannot be cured within the earlier of (i) thirty (30) days after written notice thereof is delivered to MAAC by the Company and (ii) the Termination Date; provided, however, that none of the Company or Merger Sub is then in breach of this Agreement so as to prevent the condition to Closing set forth in Section 6.2(a) or Section 6.2(b) from being satisfied (assuming that the Closing occurred as of such date);

(d) by either MAAC or the Company, if the transactions contemplated by this Agreement shall not have been consummated on or prior to November 30, 2021 (the "Termination Date"); provided, that (i) the right to terminate this Agreement pursuant to this Section 7.1(d) shall not be available to MAAC if MAAC's breach under this Agreement or any Ancillary Document to which it is a party shall have proximately caused the failure to consummate the transactions contemplated by this Agreement on or before the Termination Date, and (ii) the right to terminate this Agreement pursuant to this Section 7.1(d) shall not be available to the Company if the Company's or Merger Sub's breach under this Agreement or any Ancillary Document to which such Person is a party shall have proximately caused the failure to consummate the transactions contemplated by this Agreement on or before the Termination Date;

(e) by either MAAC or the Company, if any Governmental Entity of competent jurisdiction shall have issued an Order or taken any other action permanently enjoining, restraining or otherwise prohibiting the transactions contemplated by this Agreement and such Order or other action shall have become final and nonappealable;

(f) by either MAAC or the Company if the MAAC Shareholders Meeting has been held (including following any adjournment or postponement thereof), has concluded, MAAC's shareholders have duly voted and the Required MAAC Shareholder Approval was not obtained; or

(g) by MAAC, if the Company does not deliver, or cause to be delivered to MAAC, the Merger Sub Shareholder Approval in accordance with Section 5.9 on or prior to the Merger Sub Shareholder Approval Deadline.

Section 7.2 Effect of Termination. Except for a termination pursuant to Section 7.1(a), any termination of this Agreement pursuant to Section 7.1 will be effective (subject to the cure periods (if any) provided above) immediately upon the delivery of a valid written notice of the terminating Party to the Company (if the terminating Party is MAAC) or MAAC (if the terminating Party is the Company). In the event of the termination of this Agreement pursuant to Section 7.1, this entire Agreement shall forthwith become void (and there shall be no Liability or obligation on the part of the Parties and their respective Non-Party Affiliates) with the exception of (a) Section 5.3(a), this Section 7.2, Article 8 and Article 1 (to the extent, with respect to Article 1, related to the foregoing), each of which shall survive such termination and remain valid and binding obligations of the Parties and (b) the Confidentiality Agreement, which shall survive such termination and remain valid and binding obligations of the parties thereto in accordance with its terms. Notwithstanding the foregoing or anything to the contrary herein, the termination of this Agreement pursuant to Section 7.1 shall not affect (i) any Liability on the part of any Party for any Willful Breach of any covenant or agreement set forth in this Agreement prior to such termination or Fraud or (ii) any Person's Liability under any PIPE Subscription Agreement, the Confidentiality Agreement, any Transaction Support Agreement or the Sponsor Support Agreement to which such Person is a party to the extent arising from a claim against such Person by another Person party to such agreement on the terms and subject to the conditions thereunder.

ARTICLE 8
MISCELLANEOUS

Section 8.1 Non-Survival. The representations, warranties, agreements and covenants in this Agreement shall terminate at the earlier of (a) the Effective Time and (b) the termination of this Agreement in accordance with its terms, except for (i) in the case of clause (a), those covenants and agreements that, by their terms, expressly contemplate performance after the Effective Time, which covenants and agreements shall so survive the Effective Time in accordance with their terms, and (ii) in the case of clause (b), those covenants and agreements that expressly survive termination of this Agreement pursuant to Section 7.2.

Section 8.2 Entire Agreement; Assignment. This Agreement (together with the Ancillary Documents) constitutes the entire agreement among the Parties with respect to the subject matter hereof and supersedes all other prior agreements and understandings, both written and oral, among the Parties with respect to the subject matter hereof. This Agreement may not be assigned by any Party (whether by operation of law or otherwise) without the prior written consent of MAAC and the Company; provided, however, that to the extent any such assignment following the Closing relates to any of the Company's obligations under Section 5.14, such assignment shall, unless otherwise agreed to in writing by the MAAC Sponsor (not to be unreasonably withheld, conditioned or delayed), and except for an assignment of the type described in clause (d) thereof in connection with a sale of all or substantially all of the Company's assets or businesses, only be effective to the extent such obligations are actually performed or discharged. Any attempted assignment of this Agreement not in accordance with the terms of this Section 8.2 shall be void.

Section 8.3 Amendment. This Agreement may be amended or modified only by a written agreement executed and delivered by MAAC and the Company; provided, however, that any such amendment or modification prior to the Closing with respect to Section 6.2(f) or following the Closing with respect to Section 5.14, the proviso in the first sentence of Section 8.2, this Section 8.3, Section 8.9, Section 8.13 or Section 8.14, in each case, solely as and to the extent related to the MAAC Sponsor or any of the MAAC Non-Party Affiliates (collectively, the "MAAC Sponsor Specified Provisions") shall also require the written consent of the MAAC Sponsor. This Agreement may not be modified or amended except as provided in the immediately preceding sentence and any purported amendment by any Party or Parties effected in a manner which does not comply with this Section 8.3 shall be void, *ab initio*.

Section 8.4 Notices. All notices, requests, claims, demands and other communications hereunder shall be in writing and shall be given (and shall be deemed to have been duly given) by delivery in person, by e-mail (having obtained electronic delivery confirmation thereof (*i.e.*, an electronic record of the sender that the e-mail was sent to the intended recipient thereof without an "error" or similar message that such e-mail was not received by such intended recipient)), or by registered or certified mail (postage prepaid, return receipt requested) (upon receipt thereof) to the other Parties as follows:

Section 8.5 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without giving effect to any choice of law or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of the law of any jurisdiction other than the State of Delaware (except that the Bermuda Companies Act 1981 shall also apply to the Company Pre-Closing Steps).

Section 8.6 Fees and Expenses. All fees and expenses incurred in connection with this Agreement, the Ancillary Documents and the transactions contemplated hereby and thereby, including the fees and disbursements of counsel, financial advisors and accountants, shall be paid by the Party incurring such fees or expenses; provided, that the Parties intend for all unpaid fees and expenses at the Closing required to be paid by MAAC pursuant to this Section 8.6 to be paid by MAAC from a bank account opened by MAAC LLC (as defined in Section 4.6(c) of the MAAC Disclosure Schedules), assuming that MAAC LLC is formed prior to Closing and such a bank account is opened, and otherwise from a bank account specified by MAAC (it being understood and agreed that in no event shall this proviso result in a failure of any condition to Closing set forth in Article 6); provided further that, for the avoidance of doubt, if this Agreement is terminated in accordance with its terms, the Company shall pay, or cause to be paid, all Company Expenses and MAAC shall pay, or cause to be paid, all MAAC Expenses.

Section 8.7 Construction; Interpretation. The term "this Agreement" means this Business Combination Agreement together with the Schedules and Exhibits hereto, as the same may from time to time be amended, modified, supplemented or restated in accordance with the terms hereof. The headings set forth in this Agreement are inserted for convenience only and shall not affect in any way the meaning or interpretation of this Agreement. The language used in this Agreement shall be deemed to be the language chosen by the Parties to express their mutual intent and the Parties acknowledge that each Party and its counsel has reviewed and participated in the drafting of this Agreement. No Party, nor its respective counsel, shall be deemed the drafter of this Agreement for purposes of construing the provisions hereof, and all provisions of this Agreement shall be construed according to their fair meaning and no rule of strict construction, presumption or burden of proof favoring or disfavoring a Party shall be applied against any Party. Unless otherwise indicated to the contrary herein by the context or use thereof: (a) the words, "hereof," "herein," "hereby," "hereto," "herewith," "hereunder" and words of similar import refer to this Agreement as a whole, including the Schedules and Exhibits hereto, and not to any particular provision, section, subsection, paragraph, subparagraph or clause set forth in this Agreement; (b) masculine gender shall also include the feminine and neutral genders, and vice versa; (c) words importing the singular shall also include the plural, and vice versa; (d) the words "include," "includes" or "including" shall be deemed to be followed by the words "without limitation"; (e) all monetary figures used herein, including references to "$" or "dollar" or "US$," shall be references to United States dollars; (f) the word "or" is disjunctive but not necessarily exclusive; (g) the words "writing," "written" and comparable terms refer to printing, typing and other means of reproducing words (including electronic media) in a visible form; (h) the word "day" means calendar day unless Business Day is expressly specified; (i) any reference to a date or time shall be deemed to be such date or time in New York, New York; (j) references from or through any date mean from and including or through and including such date, respectively; (k) the word

"extent" in the phrase "to the extent" means the degree to which a subject or other thing extends, and such phrase shall not mean simply "if"; (l) all references to Articles, Sections, Exhibits or Schedules are to Articles, Sections, Exhibits and Schedules of this Agreement; (m) the words "provided," "made available," "delivered" or words of similar import (regardless of whether capitalized or not) shall mean, when used with reference to documents or other materials required to be provided or made available to MAAC, any documents or other materials posted to the electronic data room located at https://wwwna.dfsvenue.com/cardhub.aspx under the project name "Project Rhine" as of 8:00 p.m., Eastern Time, at least one (1) day prior to the date of this Agreement; (n) all references to any Law will be to such Law as amended, supplemented, consolidated, replaced or otherwise modified or re-enacted from time to time and shall include all regulations and rules promulgated thereunder; (o) all references to any Contract are to that Contract as amended or modified from time to time in accordance with the terms thereof (subject to any restrictions on amendments or modifications set forth in this Agreement); (p) any reference to "MAAC" in this Agreement shall mean and refer to the "Surviving Company" from and after the Effective Time; (q) whenever any other word derived from a defined term shall be used in this Agreement, such derived word shall have the meaning correlative to such defined term (e.g., "controlled" or "controlling" shall have the meaning correlative to "control"); (r) the phrase "ordinary course of business" means an action taken, or omitted to be taken, by any Person in the ordinary course of such Person's business consistent with past practice, subject to, other than in the case of any action taken, or omitted to be taken, of the type that would, if taken during the period from the date of this Agreement until the Closing (and regardless of whether taken prior to, at or after the date hereof), require the consent of MAAC pursuant to any Company Specified Interim Operating Covenants, any action taken, or omitted to be taken, by any Group Company to the extent determined by a Group Company to be reasonable and advisable in response to COVID-19; and (s) the phrase "consistent with past valuation practices" shall mean (i) with respect to any equity incentive awards of any Private Group Company (other than any Company CVAR Award) that has an exercise price, an exercise price at or above fair market value and (ii) with respect to all Equity Securities of the Company or any other Private Group Company (other than equity incentive awards described in the preceding clause (i)), an issuance or grant with a value at or above fair market value (with such fair market value, in the case of each of clause (i) and (ii), determined by reference to, among other things, the Company's most recent equity financing or third-party valuations). If any action under this Agreement is required to be done or taken on a day that is not a Business Day, then such action shall be required to be done or taken not on such day but on the first succeeding Business Day thereafter.

Section 8.8 Exhibits and Schedules. All Exhibits and Schedules (including the Company Disclosure Schedules and the MAAC Disclosure Schedules), or documents expressly incorporated into this Agreement, are hereby incorporated into this Agreement and are hereby made a part hereof as if set out in full in this Agreement. Any capitalized term(s) used in any Exhibits and Schedules (including the Company Disclosure Schedules and the MAAC Disclosure Schedules) annexed hereto or referred to herein but not otherwise defined therein shall have the meaning ascribed to such term(s) in this Agreement. The Schedules shall be arranged in sections and subsections corresponding to the numbered and lettered Sections and subsections set forth in this Agreement. Any item disclosed in the Company Disclosure Schedules or in the MAAC Disclosure Schedules corresponding to any Section or subsection of Article 3 (in the case of the Company Disclosure Schedules) or Article 4 (in the case of the MAAC Disclosure Schedules) shall be deemed to have been disclosed with respect to every other section and subsection of

Article 3 (in the case of the Company Disclosure Schedules) or Article 4 (in the case of the MAAC Disclosure Schedules), as applicable, where the relevance of such disclosure to such other Section or subsection is reasonably apparent. The information and disclosures set forth in the Schedules that correspond to the section or subsections of Article 3 or Article 4 may not be limited to matters required to be disclosed in the Schedules, and any such additional information or disclosure is for informational purposes only and does not necessarily include other matters of a similar nature.

Section 8.9 Parties in Interest. This Agreement shall be binding upon and inure solely to the benefit of each Party and its successors and permitted assigns and, except as provided in Section 5.14, Section 5.15, the two subsequent sentences of this Section 8.9 and Section 8.13, nothing in this Agreement, express or implied, is intended to or shall confer upon any other Person any rights, benefits or remedies of any nature whatsoever under or by reason of this Agreement. The MAAC Sponsor shall be an express third-party beneficiary of Section 5.14, Section 6.2(f), Section 8.2, Section 8.3, Section 8.13, this Section 8.9 and the last sentence of Section 5.4(a). Each of the Non-Party Affiliates shall be an express third-party beneficiary of Section 8.13 and this Section 8.9.

Section 8.10 Severability. Whenever possible, each provision of this Agreement will be interpreted in such a manner as to be effective and valid under applicable Law, but if any term or other provision of this Agreement is held to be invalid, illegal or unenforceable under applicable Law, all other provisions of this Agreement shall remain in full force and effect so long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner materially adverse to any Party. Upon such determination that any term or other provision of this Agreement is invalid, illegal or unenforceable under applicable Law, the Parties shall negotiate in good faith to modify this Agreement so as to effect the original intent of the Parties as closely as possible in an acceptable manner in order that the transactions contemplated hereby are consummated as originally contemplated to the greatest extent possible.

Section 8.11 Counterparts; Electronic Signatures. This Agreement and each Ancillary Document (including any of the closing deliverables contemplated hereby) may be executed in one or more counterparts, each of which shall be deemed to be an original, but all of which shall constitute one and the same agreement. Delivery of an executed counterpart of a signature page to this Agreement or any Ancillary Document (including any of the closing deliverables contemplated hereby) by e-mail, or scanned pages shall be effective as delivery of a manually executed counterpart to this Agreement or any such Ancillary Document.

Section 8.12 Knowledge of Company; Knowledge of MAAC. For all purposes of this Agreement, the phrase “to the Company’s knowledge” and “known by the Company” and any derivations thereof shall mean as of the date hereof (in the case of the representations and warranties of the Company and Merger Sub set forth in Article 3) or as of the applicable determination date (in the case of any covenants or agreements set forth herein), the actual knowledge of the individuals set forth on Section 8.12(a) of the Company Disclosure Schedules. For all purposes of this Agreement, the phrase “to MAAC’s knowledge” and “to the knowledge of MAAC” and any derivations thereof shall mean as of the date hereof (in the case of the representations and warranties of MAAC set forth in Article 4) or as of the applicable determination date (in the case of any covenants or agreements set forth herein), the actual knowledge of the individuals set forth on Section 8.12(b) of the MAAC Disclosure Schedules. For the avoidance of doubt, none of the individuals set forth on Section 8.12(a) of the Company Disclosure Schedules or Section 8.12(b) of the MAAC Disclosure Schedules shall have any personal Liability or obligations regarding such knowledge.

Section 8.13 No Recourse. Except for claims pursuant to any Ancillary Document by any party(ies) thereto against any Company Non-Party Affiliate or any MAAC Non-Party Affiliate (each, a "Non-Party Affiliate") party thereto on the terms and subject to the conditions thereunder, each Party agrees on behalf of itself and on behalf of the Company Non-Party Affiliates, in the case of the Company, and the MAAC Non-Party Affiliates, in the case of MAAC, that (a) this Agreement may only be enforced against, and any action for breach of this Agreement may only be made against, the Parties, and no claims of any nature whatsoever arising under or relating to this Agreement, the negotiation hereof or its subject matter, or the transactions contemplated hereby shall be asserted against any Non-Party Affiliate, and (b) without limiting the generality of the foregoing, none of the Non-Party Affiliates shall have any Liability arising out of or relating to this Agreement, the negotiation hereof or its subject matter, or the transactions contemplated hereby, including with respect to any claim (whether in tort, contract or otherwise) for breach of this Agreement or in respect of any written or oral representations made or alleged to be made in connection herewith, except as expressly provided herein.

Section 8.14 Extension; Waiver. The Company may (a) extend the time for the performance of any of the obligations or other acts of MAAC set forth herein, (b) waive any inaccuracies in the representations and warranties of MAAC set forth herein or (c) waive compliance by MAAC with any of the agreements or conditions set forth herein. MAAC may (i) extend the time for the performance of any of the obligations or other acts of the Company or Merger Sub set forth herein, (ii) waive any inaccuracies in the representations and warranties of the Company or Merger Sub set forth herein or (iii) waive compliance by the Company or Merger Sub with any of the agreements or conditions set forth herein. Any agreement on the part of any such Party to any such extension or waiver shall be valid only if set forth in a written instrument signed on behalf of such Party. Any waiver of any term or condition shall not be construed as a waiver of any subsequent breach or a subsequent waiver of the same term or condition, or a waiver of any other term or condition of this Agreement. The failure of any Party to assert any of its rights hereunder shall not constitute a waiver of such rights. Notwithstanding the foregoing or anything to the contrary in this Agreement, any extension or waiver following the Closing with respect to any MAAC Sponsor Specified Provision or, prior to the Closing, Section 6.2(f) shall also require the prior written consent of the MAAC Sponsor.

Section 8.15 Waiver of Jury Trial. THE PARTIES EACH HEREBY WAIVES, TO THE FULLEST EXTENT PERMITTED BY LAW, ANY RIGHT TO TRIAL BY JURY OF ANY PROCEEDING, CLAIM, DEMAND, ACTION, OR CAUSE OF ACTION (I) ARISING UNDER THIS AGREEMENT OR UNDER ANY ANCILLARY DOCUMENT OR (II) IN ANY WAY CONNECTED WITH OR RELATED OR INCIDENTAL TO THE DEALINGS OF THE PARTIES IN RESPECT OF THIS AGREEMENT OR ANY ANCILLARY DOCUMENT OR ANY OF THE TRANSACTIONS RELATED HERETO OR THERETO OR ANY FINANCING IN CONNECTION WITH THE TRANSACTIONS CONTEMPLATED HEREBY OR ANY OF THE TRANSACTIONS CONTEMPLATED THEREBY, IN EACH CASE, WHETHER NOW EXISTING OR HEREAFTER ARISING, AND WHETHER IN CONTRACT, TORT, EQUITY, OR OTHERWISE. THE PARTIES EACH HEREBY AGREES AND CONSENTS THAT ANY

SUCH PROCEEDING, CLAIM, DEMAND, ACTION OR CAUSE OF ACTION SHALL BE DECIDED BY COURT TRIAL WITHOUT A JURY AND THAT THE PARTIES MAY FILE AN ORIGINAL COUNTERPART OF A COPY OF THIS AGREEMENT WITH ANY COURT AS WRITTEN EVIDENCE OF THE CONSENT OF THE PARTIES HERETO TO THE WAIVER OF THEIR RIGHT TO TRIAL BY JURY. EACH PARTY CERTIFIES AND ACKNOWLEDGES THAT (A) NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER, (B) EACH SUCH PARTY UNDERSTANDS AND HAS CONSIDERED THE IMPLICATIONS OF THIS WAIVER, (C) EACH SUCH PARTY MAKES THIS WAIVER VOLUNTARILY AND (D) EACH SUCH PARTY HAS BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION 8.15.

Section 8.16 Submission to Jurisdiction. Each of the Parties irrevocably and unconditionally submits to the exclusive jurisdiction of the Chancery Court of the State of Delaware (or, if the Chancery Court of the State of Delaware declines to accept jurisdiction, any state or federal court within State of New York, New York County), for the purposes of any Proceeding, claim, demand, action or cause of action (a) arising under this Agreement or under any Ancillary Document or (b) in any way connected with or related or incidental to the dealings of the Parties in respect of this Agreement or any Ancillary Document or any of the transactions contemplated hereby or any of the transactions contemplated thereby, and irrevocably and unconditionally waives any objection to the laying of venue of any such Proceeding in any such court, and further irrevocably and unconditionally waives and agrees not to plead or claim in any such court that any such Proceeding has been brought in an inconvenient forum. Each Party hereby irrevocably and unconditionally waives, and agrees not to assert, by way of motion or as a defense, counterclaim or otherwise, in any Proceeding claim, demand, action or cause of action against such Party (i) arising under this Agreement or under any Ancillary Document or (ii) in any way connected with or related or incidental to the dealings of the Parties in respect of this Agreement or any Ancillary Document or any of the transactions contemplated hereby or any of the transactions contemplated thereby, (A) any claim that such Party is not personally subject to the jurisdiction of the courts as described in this Section 8.16 for any reason, (B) that such Party or such Party's property is exempt or immune from the jurisdiction of any such court or from any legal process commenced in such courts (whether through service of notice, attachment prior to judgment, attachment in aid of execution of judgment, execution of judgment or otherwise) and (C) that (x) the Proceeding, claim, demand, action or cause of action in any such court is brought against such Party in an inconvenient forum, (y) the venue of such Proceeding, claim, demand, action or cause of action against such Party is improper or (z) this Agreement, or the subject matter hereof, may not be enforced against such Party in or by such courts. Each Party agrees that service of any process, summons, notice or document by registered mail to such party's respective address set forth in Section 8.4 shall be effective service of process for any such Proceeding, claim, demand, action or cause of action.

Section 8.17 Remedies. Except as otherwise expressly provided herein, any and all remedies provided herein will be deemed cumulative with and not exclusive of any other remedy conferred hereby, or by law or equity upon such Party, and the exercise by a Party of any one remedy will not preclude the exercise of any other remedy. The Parties agree that irreparable

damage for which monetary damages, even if available, would not be an adequate remedy, would occur in the event that the Parties do not perform their respective obligations under the provisions of this Agreement (including failing to take such actions as are required of them hereunder to consummate the transactions contemplated by this Agreement) in accordance with their specific terms or otherwise breach such provisions. It is accordingly agreed that the Parties shall be entitled to seek an injunction or injunctions, specific performance and other equitable relief to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement, in each case, without posting a bond or undertaking and without proof of damages and this being in addition to any other remedy to which they are entitled at law or in equity. Each of the Parties agrees that it will not oppose the granting of an injunction, specific performance and other equitable relief when expressly available pursuant to the terms of this Agreement on the basis that the other parties have an adequate remedy at law or an award of specific performance is not an appropriate remedy for any reason at law or equity.

Section 8.18 Trust Account Waiver.

(a) Reference is made to the final prospectus of MAAC, filed with the SEC (File No. 333-248802) on October 9, 2020 (the "Prospectus"). The Company and Merger Sub each acknowledges and agrees and understands that MAAC has established one or more trust accounts (collectively, the "Trust Account") containing the proceeds of its initial public offering (the "IPO") and from certain private placements occurring simultaneously with the IPO (including interest accrued from time to time thereon) for the benefit of the holders of MAAC Class A Shares, and MAAC may disburse monies from the Trust Account only in the express circumstances described in the Prospectus. For and in consideration of MAAC entering into this Agreement, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Company and Merger Sub each hereby agrees on behalf of itself and its Representatives that, notwithstanding the foregoing or anything to the contrary in this Agreement, none of the Company, Merger Sub or any of their respective Representatives does now or shall at any time hereafter have any right, title, interest or claim of any kind in or to any monies in the Trust Account or distributions therefrom, or make any claim against the Trust Account (including any distributions therefrom), regardless of whether such claim arises as a result of, in connection with or relating in any way to, this Agreement or any proposed or actual business relationship between MAAC or any of its Representatives, on the one hand, and the Company, Merger Sub or any of their respective Representatives, on the other hand, or any other matter, and regardless of whether such claim arises based on contract, tort, equity or any other theory of legal liability (any and all such claims are collectively referred to hereafter as the "Trust Account Released Claims"). The Company and Merger Sub each, on its own behalf and on behalf of its Representatives, hereby irrevocably waives any Trust Account Released Claims that it or any of its Representatives may have against the Trust Account (including any distributions therefrom to the holders of MAAC Class A Shares or in respect of deferred underwriting commissions from the IPO) now or in the future as a result of, or arising out of, any negotiations, or Contracts with MAAC or its Representatives and will not seek recourse against the Trust Account (including any distributions therefrom to the holders of MAAC Class A Shares or in respect of deferred underwriting commissions from the IPO) for any reason whatsoever (including for an alleged breach of any agreement with MAAC or its Affiliates).

(b) Notwithstanding Section 8.18(a), Section 8.18(a) shall not serve to limit or prohibit (and the Trust Account Released Claims shall not include) the Company's right to pursue a claim against (i) MAAC under, and on the terms and subject to the conditions in, this Agreement or under, and on the terms and subject to the conditions in, any Ancillary Document to which it and MAAC is a party or (ii) any other party to an Ancillary Document to which it is a party under, and on the terms and subject to the conditions in, such Ancillary Document, in the case of either the foregoing clause (i) or (ii), for legal relief against monies or other assets held outside the Trust Account or for specific performance or other equitable relief to the extent not prohibited by this Agreement or such Ancillary Document (including a claim for MAAC to specifically perform its obligations under this Agreement pursuant to Section 8.17). If the terms of the Confidentiality Agreement or any Ancillary Document conflicts with the terms of this Section 8.18(b), the terms of this Section 8.18(b) shall govern and control to the extent of such conflict.

FINAL FORM

SUBSCRIPTION AGREEMENT

Montes Archimedes Acquisition Corp.
724 Oak Grove, Suite 130
Menlo Park, CA 94025

Ladies and Gentlemen:

This Subscription Agreement (this "Subscription Agreement") is being entered into as of the date set forth on the signature page hereto, by and among Montes Archimedes Acquisition Corp., a Delaware corporation ("SPAC"), the undersigned subscriber (the "Investor") and, solely for the purposes of Sections 6, 8 and 11, Roivant Sciences Ltd., a Bermuda exempted limited company (the "Company"), in connection with the Business Combination Agreement, dated as of the date hereof (as may be amended, supplemented or otherwise modified from time to time, the "BCA"), by and among SPAC, the Company, Rhine Merger Sub, Inc., a Delaware corporation and a direct wholly-owned subsidiary of the Company ("Merger Sub") and the other parties thereto, pursuant to which, among other things, Merger Sub will merge with and into SPAC (the "Merger"), with SPAC as the surviving company in the Merger and, after giving effect to the Merger, will become a subsidiary of the Company, on the terms and subject to the conditions therein (the transactions contemplated by the BCA, including the Merger, the "Transaction").

In connection with the Transaction, SPAC is seeking commitments from interested investors to purchase, contingent upon, and immediately prior to the closing of the Transaction, shares of SPAC's Class A common stock, par value $0.0001 per share (the "Shares"), in a private placement for a purchase price of $10.00 per share (the "Per Share Purchase Price"). On or about the date of this Subscription Agreement, SPAC is entering into subscription agreements (the "Other Subscription Agreements" and, together with the Subscription Agreement, the "Subscription Agreements") substantially similar to this Subscription Agreement with certain other investors (the "Other Investors" and, together with the Investor, the "Investors"), pursuant to which the Investors, severally and not jointly, have agreed to purchase on the closing date of the Transaction, inclusive of the Shares subscribed for by the Investor, an aggregate amount of up to 20,000,000 Shares, at the Per Share Purchase Price. The aggregate purchase price to be paid by the Investor for the subscribed Shares (as set forth on the signature page hereto) is referred to herein as the "Subscription Amount." Pursuant to the BCA, on the Closing Date (as defined herein), the Shares so purchased will be exchanged for shares of the Company on a one-for-one basis, as described more fully in the BCA. For the avoidance of doubt, with respect to any obligations existing in this Subscription Agreement, following consummation of the Transaction, (i) the Company shall be the public issuer and (ii) the term "Shares" as defined above shall refer to the as-converted shares in the Company. Notwithstanding anything to the contrary herein, nothing in this Subscription Agreement shall be interpreted to limit the consummation of the Transaction in accordance with the terms of the BCA.

In connection therewith, and in consideration of the foregoing and the mutual representations, warranties and covenants, and subject to the conditions, set forth herein, and intending to be legally bound hereby, each of the Investor, the Company and SPAC acknowledges and agrees as follows:

1. Subscription. The Investor hereby irrevocably subscribes for and agrees to purchase from SPAC the number of Shares set forth on the signature page of this Subscription Agreement on the terms and subject to the conditions provided for herein.

2. Closing. The closing of the sale of the Shares contemplated hereby (the "Closing") is contingent upon the substantially concurrent consummation of the Transaction. The Closing shall occur on the date of, and substantially concurrently with and conditioned upon the effectiveness of, the Transaction. Upon (a) satisfaction or waiver of the conditions set forth in Section 3 below and (b) delivery of written notice from (or on behalf of) SPAC to the Investor (the "Closing Notice"), that SPAC reasonably expects all conditions to the closing of the Transaction to be satisfied or waived on a date that is not less than five (5) business days from the date on which the Closing Notice is delivered to the Investor, the Investor shall deliver to SPAC (i) at least one (1) business day prior to the closing date specified in the Closing Notice (the "Closing Date"), the Subscription Amount by wire transfer of United States dollars in immediately available funds to the account(s) specified by SPAC in the Closing Notice to be held in escrow until the Closing, or (ii) on the Closing Date, the Subscription Amount to an account specified by SPAC otherwise mutually agreed by the Investor and SPAC due to legal reasons that apply to such Investor (the "Alternative Settlement Procedures") by wire transfer of United States dollars in immediately available funds. The Investor shall also deliver

to SPAC, at least one (1) business day prior to the Closing Date, any other information that is reasonably requested in the Closing Notice in order for SPAC to issue the Shares to the Investor in accordance with the Subscription Agreement, including, without limitation, the legal name of the person in whose name such Shares are to be issued and a duly executed Internal Revenue Service Form W-9 or W-8, as applicable. On the Closing Date, SPAC shall (1) issue a number of Shares to the Investor set forth on the signature page to this Subscription Agreement and subsequently cause such Shares to be registered in book entry form in the name of the Investor (or its nominee in accordance with its delivery instructions) on SPAC's share register, free and clear of any liens or other restrictions (other than those arising under this Subscription Agreement or applicable securities laws), and (2) provide evidence from the Company's transfer agent of such issuance on and as of the Closing Date. If the Closing does not occur within three (3) business days following the Closing Date specified in the Closing Notice, SPAC shall promptly (but not later than one (1) business day thereafter) return the Subscription Amount in full to the Investor, in immediately available funds to the account specified by the Investor in writing, and any book entries for the Shares shall be deemed cancelled. For purposes of this Subscription Agreement, "business day" shall mean a day other than a Saturday, Sunday or other day on which commercial banks in New York, New York are authorized or required by law to close.

3. Closing Conditions.

(a) The obligation of the parties hereto to consummate the purchase and sale of the Shares pursuant to this Subscription Agreement is subject to the following conditions:

(i) no applicable governmental authority shall have enacted, issued, promulgated, enforced or entered any injunction, judgment, order, law, rule or regulation (whether temporary, preliminary or permanent) which is then in effect and has the effect of making the consummation of the transactions contemplated hereby illegal or otherwise enjoining, restraining or prohibiting consummation of the transactions contemplated hereby; and

(ii) all conditions precedent to the closing of the Transaction under the BCA shall have been satisfied (as determined by the parties to the BCA and other than those conditions under the BCA which, by their nature, are to be fulfilled at the closing of the Transaction, including to the extent that any such condition is dependent upon the consummation of the purchase and sale of the Shares pursuant to this Subscription Agreement or Other Subscription Agreements) or waived and the closing of the Transaction shall be scheduled to occur concurrently with or on the same date as the Closing Date.

(b) The obligation of SPAC to consummate the issuance and sale of the Shares pursuant to this Subscription Agreement shall be subject to the satisfaction or waiver of the following conditions: (i) all representations and warranties of the Investor contained in this Subscription Agreement are true and correct in all material respects (other than representations and warranties that are qualified as to materiality, which representations and warranties shall be true in all respects) at and as of the Closing Date (except for those representations and warranties that speak as of a specified earlier date, which shall be true and correct in all material respects as of such specified earlier date (other than representations and warranties that are qualified as to materiality as of such specified earlier date, which representations and warranties shall be true in all respects)), and consummation of the Closing shall constitute a reaffirmation by the Investor that each of the representations and warranties of the Investor contained in this Subscription Agreement as of the Closing Date are true and correct in all material respects (or, in the case of representations and warranties that are qualified as to materiality, in all respects as of the Closing Date) and (ii) all obligations, covenants and agreements of the Investor required to be performed by it at or prior to the Closing Date shall have been performed in all material respects.

(c) The obligation of the Investor to consummate the purchase of the Shares pursuant to this Subscription Agreement shall be subject to the satisfaction or waiver of the following conditions: (i) all representations and warranties of SPAC and the Company contained in this Subscription Agreement shall be true and correct in all material respects (other than representations and warranties that are qualified as to materiality or Material Adverse Effect (as defined herein), which representations and warranties shall be true in all respects) at and as of the Closing Date, and consummation of the Closing shall constitute a reaffirmation by SPAC and the Company that each of the representations and warranties of SPAC and the Company contained in this Subscription Agreement as of the Closing Date are true and correct in all material respects (or, in the case of representations and warranties that are qualified as

to materiality or Material Adverse Effect, in all respects) as of the Closing Date (except for those representations and warranties that speak as of a specified earlier date, which shall be true and correct in all material respects as of such specified earlier date (other than representations and warranties that are qualified as to materiality as of such specified earlier date, which representations and warranties shall be true in all respects)); (ii) all obligations, covenants and agreements of SPAC and the Company required by the Subscription Agreement to be performed by them at or prior to the Closing Date shall have been performed in all material respects; and (iii) the BCA shall not have been amended or waived in a manner that materially and adversely affects the economic benefits that the Investor (in its capacity as such) would reasonably expect to receive under this Subscription Agreement; provided, that, the SEC's (as defined herein) issuance of the Statement on Accounting and Reporting Considerations for Warrants Issued by Special Purpose Acquisition Companies (the "Statement"), made on April 12, 2021, and any consequences thereof or actions taken by SPAC directly in response thereto, shall not cause either of the conditions in this clause (c) to be deemed to not have been satisfied so long as any such consequences or actions shall not have caused a material adverse effect on the business, financial condition or results of operations of SPAC (a "Material Adverse Effect"). For the avoidance of doubt, any restatement of the financial statements of SPAC and any amendments to previously filed SEC reports or delays in filing SEC reports, in connection with the Statement or any subsequent related agreements or other guidance from the SEC with respect to the Statement, shall not be considered to result in a Material Adverse Effect.

4. Further Assurances. At or prior to the Closing Date, the parties hereto shall execute and deliver or cause to be executed and delivered such additional documents and take such additional actions as the parties reasonably may deem to be practical and necessary in order to consummate the subscription as contemplated by this Subscription Agreement.

5. SPAC Representations and Warranties. SPAC represents and warrants to the Investor that:

(a) SPAC is duly incorporated, validly existing and in good standing under the laws of the State of Delaware. SPAC has all power (corporate or otherwise) and authority to own, lease and operate its properties and conduct its business as presently conducted and to enter into, deliver and perform its obligations under this Subscription Agreement.

(b) As of the Closing Date, the Shares will be duly authorized and, when issued and delivered to the Investor against full payment therefor in accordance with the terms of this Subscription Agreement, the Shares will be validly issued, fully paid and non-assessable and will not have been issued in violation of or subject to any preemptive or similar rights created under SPAC's certificate of incorporation and bylaws (each as amended on the Closing Date) by contract or under the General Corporation Law of the State of Delaware.

(c) This Subscription Agreement has been duly authorized, executed and delivered by SPAC and, assuming that this Subscription Agreement constitutes the valid and binding agreement of the Investor, this Subscription Agreement constitutes the valid and binding agreement of SPAC and is enforceable against SPAC in accordance with its terms, except as may be limited or otherwise affected by (i) bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium or other laws relating to or affecting the rights of creditors generally, or (ii) principles of equity, whether considered at law or equity.

(d) The execution and delivery of, and the performance of the transactions contemplated hereby, including the issuance and sale of the Shares and the compliance by SPAC with all of the provisions of this Subscription Agreement and the consummation of the transactions contemplated herein will be done in accordance with the Nasdaq marketplace rules ("Nasdaq") and will not conflict with or result in a breach or violation of any of the terms or provisions of, or constitute a default under, or result in the creation or imposition of any lien, charge or encumbrance upon any of the property or assets of SPAC or any of its subsidiaries pursuant to the terms of (i) any indenture, mortgage, deed of trust, loan agreement, lease, license or other agreement or instrument to which SPAC or any of its subsidiaries is a party or by which SPAC or any of its subsidiaries is bound or to which any of the property or assets of SPAC is subject that would reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect or materially affect the validity of the Shares or the legal authority of SPAC to comply in all material respects with the terms of this Subscription Agreement; (ii) result in any violation of the provisions of the organizational documents of SPAC; or (iii) result in any violation of any statute or any judgment, order, rule or regulation of any court or governmental agency or body, domestic or foreign, having jurisdiction over SPAC or any of its properties that would reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect or materially affect the validity of the Shares or the legal authority of SPAC to comply in all material respects with this Subscription Agreement.

(e) As of their respective dates, all reports (the "SEC Reports") required to be filed by SPAC with the SEC complied in all material respects with the applicable requirements of the Securities Act of 1933, as amended (the "Securities Act"), and the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and the rules and regulations of the SEC promulgated thereunder, and none of the SEC Reports, when filed, contained any untrue statement of a material fact or omitted to state a material fact required to be stated therein or necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading. The financial statements of SPAC included in the SEC Reports comply in all material respects with applicable accounting requirements and the rules and regulations of the SEC with respect thereto as in effect at the time of filing and fairly present in all material respects the financial position of SPAC as of and for the dates thereof and the results of operations and cash flows for the periods then ended, subject, in the case of unaudited financial statements, to normal, year-end audit adjustments. A copy of each SEC Report is available to the Investor via the SEC's EDGAR system. There are no material outstanding or unresolved comments in comment letters from the staff of the Division of Corporation Finance of the SEC with respect to any of the SEC Reports. SPAC has timely filed each report, statement, schedule, prospectus, and registration statement that SPAC was required to file with the SEC since its inception.

(f) Other than the Other Subscription Agreements, including any subscription agreement entered into consistent with Section 7(b) of this Subscription Agreement, the BCA and any other agreement contemplated by the BCA, including any Ancillary Documents as defined therein, or described in the SEC Reports, SPAC has not entered into any side letter or similar agreement with any investor in connection with such investor's direct or indirect investment in SPAC (other than any side letter or similar agreement to the extent relating to the transfer to any investor of (i) securities of SPAC by existing securityholders of SPAC, which may be effectuated as a forfeiture to SPAC and reissuance, or (ii) securities to be issued to the direct or indirect securityholders of the Company pursuant to the BCA). Except for any Alternative Settlement Procedures, no Other Subscription Agreement includes a lesser Per Share Purchase Price or other terms and conditions that are materially more advantageous to any such Other Investor than Investor hereunder, and such Other Subscription Agreements have not been amended, modified or waived in any material respect, or in any respect that materially benefits the Other Investors thereunder unless the Investor has been offered substantially similar benefits in writing, following the date of this Subscription Agreement.

(g) As of the date of this Subscription Agreement, the authorized capital stock of SPAC consists of (i) 400,000,000 shares of Class A common stock, (ii) 40,000,000 shares of Class B common stock and (iii) 1,000,000 shares of preferred stock, each with a par value of $0.0001 per share. As of the date of this Subscription Agreement, (A) 41,071,823 shares of Class A common stock of SPAC are issued and outstanding, (B) 10,267,956 shares of Class B common stock of SPAC are issued and outstanding, (C) 30,750,267 warrants to purchase shares of Class A common stock of SPAC are issued and outstanding, and (D) no shares of preferred stock are issued and outstanding. All (1) issued and outstanding shares of Class A common stock and Class B common stock of SPAC have been duly authorized and validly issued, are fully paid and are non-assessable and (2) outstanding warrants have been duly authorized and validly issued. Except as set forth above and pursuant to the Other Subscription Agreements, the BCA and the other agreements and arrangements referred to therein or in the SEC Reports, as of the date hereof, there are no outstanding options, warrants or other rights to subscribe for, purchase or acquire from SPAC any Class A common shares, Class B common shares or other equity interests in SPAC, or securities convertible into or exchangeable or exercisable for such equity interests. As of the date hereof, SPAC has no subsidiaries and does not own, directly or indirectly, interests or investments (whether equity or debt) in any person, whether incorporated or unincorporated. There are no shareholder agreements, voting trusts or other agreements or understandings to which SPAC is a party or by which it is bound relating to the voting of any securities of SPAC, other than (1) as set forth in the SEC Reports and (2) as contemplated by the BCA.

(h) Assuming the accuracy of the Investor's representations and warranties set forth in Section 7, no registration under the Securities Act is required for the offer and sale of the Shares by SPAC to the Investor hereunder. The Shares (i) were not offered by any form of general solicitation or general advertising (as those terms are used in Regulation D under the Securities Act) and (ii) are not being offered in a manner involving a public offering under, or in a distribution in violation of, the Securities Act, or any state securities laws, or in a manner that would otherwise adversely affect reliance by SPAC on Section 4(a)(2) of the Securities Act for the exemption from registration for the transactions contemplated hereby or would require registration of the Shares under the Securities Act.

(i) Except for such matters as have not had and would not be reasonably likely to have, individually or in the aggregate, a Material Adverse Effect, there is no (i) action, suit, claim or other proceeding, in each case by or before any governmental authority pending, or, to the knowledge of SPAC, threatened against SPAC or (ii) judgment, decree, injunction, ruling or order of any governmental entity or arbitrator outstanding against SPAC.

(j) SPAC is in compliance with all applicable laws, except where such noncompliance would not reasonably be expected to have a Material Adverse Effect. As of the date hereof, SPAC has not received any written communication from a governmental authority that alleges that SPAC is not in compliance with or is in default or violation of any applicable law, except where such non-compliance, default or violation would not reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect. As of the date hereof, the issued and outstanding Shares of SPAC are registered pursuant to Section 12(b) of the Exchange Act, and are listed for trading on Nasdaq, under the symbol "MAAC" (it being understood that the trading symbol will be different for the Company upon completion of the Transaction). There is no suit, action, proceeding or investigation pending or, to the knowledge of SPAC, threatened against SPAC by Nasdaq or the SEC, respectively, to prohibit or terminate the listing of SPAC's Shares on Nasdaq or to deregister the Shares under the Exchange Act. Except as described in or contemplated by the BCA, SPAC has taken no action as of the date hereof that is designed to terminate the registration of the Shares under the Exchange Act.

(k) Other than the Placement Agents (as defined below), SPAC has not engaged any broker, finder, commission agent, placement agent or arranger in connection with the sale of the Shares, and SPAC is not under any obligation to pay any broker's fee or commission in connection with the sale of the Shares other than to the Placement Agents.

(l) SPAC is not required to obtain any consent, waiver, authorization or order of, give any notice to, or make any filing or registration with, any court or other federal, state, local or other governmental authority, self-regulatory organization or other person in connection with the execution, delivery and performance by SPAC of this Subscription Agreement (including, without limitation, the issuance of the Shares), other than (i) filings with the SEC, (ii) filings required by applicable state securities laws, (iii) filings required in accordance with Section 13 of this Subscription Agreement, (iv) filings required by Nasdaq, or such other applicable stock exchange on which SPAC's common stock is then listed, and (v) the failure of which to obtain would not be reasonably likely to have, individually or in the aggregate, a Material Adverse Effect.

(m) SPAC is not, and immediately after receipt of payment for the Shares will not be, an "investment company" within the meaning of the Investment Company Act of 1940, as amended.

(n) SPAC acknowledges and agrees that, notwithstanding anything herein to the contrary, the Shares may be pledged by the Investor in connection with a bona fide margin agreement, provided such pledge shall be (i) pursuant to an available exemption from the registration requirements of the Securities Act or (ii) pursuant to, and in accordance with, a registration statement that is effective under the Securities Act at the time of such pledge, and the Investor effecting a pledge of Shares shall not be required to provide SPAC with any notice thereof; provided, however, that neither SPAC, the Company or their respective counsels shall be required to take any action (or refrain from taking any action) in connection with any such pledge, other than providing any such lender of such margin agreement, upon the prior written request of the Investor, with an acknowledgment that the Shares are not subject to a contractual prohibition on pledging or lock up pursuant to this Subscription Agreement, the form of such acknowledgment to be subject to review and comment by SPAC in all respects.

6. Company Representations and Warranties. The Company represents and warrants to the Investor that:

(a) The Company is an exempted limited company duly organized, validly existing and in good standing (or the equivalent thereto with respect to the jurisdictions that recognize the concept of good standing or any equivalent thereof) under the laws of the Bermuda. The Company has all power (corporate or otherwise) and authority to own, lease and operate its properties and conduct its business as presently conducted and to enter into, deliver and perform its obligations under this Subscription Agreement.

(b) This Subscription Agreement has been duly authorized, executed and delivered by the Company and, assuming that this Subscription Agreement constitutes the valid and binding agreement of the Investor, this Subscription Agreement is enforceable against the Company in accordance with its terms, except as may be limited or otherwise affected by (i) bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium or other laws relating to or affecting the rights of creditors generally, or (ii) principles of equity, whether considered at law or equity.

(c) The execution and delivery of, and the performance of the transactions contemplated hereby, and the compliance by the Company with all of the provisions of this Subscription Agreement and the consummation of the transactions contemplated herein will not conflict with or result in a breach or violation of any of the terms or provisions of, or constitute a default under, or result in the creation or imposition of any lien, charge or encumbrance upon any of the property or assets of the Company or any of its subsidiaries pursuant to the terms of (i) any indenture, mortgage, deed of trust, loan agreement, lease, license or other agreement or instrument to which the Company or any of its subsidiaries is a party or by which the Company or any of its subsidiaries is bound or to which any of the property or assets of the Company or any of its subsidiaries is subject that would reasonably be expected to have a material adverse effect on the business, financial condition or results of operations of the Company and its subsidiaries, taken as a whole (a "Company Material Adverse Effect") or materially affect the legal authority of the Company to comply in all material respects with the terms of this Subscription Agreement; (ii) result in any violation of the provisions of the organizational documents of the Company; or (iii) result in any violation of any statute or any judgment, order, rule or regulation of any court or governmental agency or body, domestic or foreign, having jurisdiction over the Company or any of its properties that would reasonably be expected to have a Company Material Adverse Effect or materially affect the legal authority of the Company to comply in all material respects with this Subscription Agreement.

(d) Except for such matters as have not had and would not be reasonably expected to have, individually or in the aggregate, a Company Material Adverse Effect, as of the date hereof, there is no (i) action, suit, claim or other proceeding, in each case by or before any governmental authority pending, or, to the knowledge of the Company, threatened against the Company or (ii) judgment, decree, injunction, ruling or order of any governmental entity or arbitrator outstanding against the Company.

(e) As of the Closing Date, the issued and outstanding Company Shares will be registered pursuant to Section 12(b) of the Exchange Act, and will be listed for trading on Nasdaq or another national stock exchange. There is no suit, action, proceeding or investigation pending or, to the knowledge of the Company, threatened against the Company by Nasdaq or the SEC, respectively, to prohibit the listing of the Company Shares on Nasdaq or to deregister the Company Shares under the Exchange Act.

(f) The Company is in compliance with all applicable laws, except where such non-compliance would not reasonably be expected to have a Company Material Adverse Effect. The Company has not received any written communication from a governmental authority that alleges that the Company is not in compliance with or is in default or violation of any applicable law, except where such non-compliance, default or violation would not reasonably be expected to have a Company Material Adverse Effect.

7. Investor Representations and Warranties. The Investor represents and warrants to SPAC that:

(a) The Investor, or each of the funds managed by or affiliated with the Investor for which the Investor is acting as nominee, as applicable, (i) is a "qualified institutional buyer" (as defined in Rule 144A under the Securities Act), or an institutional "accredited investor" (within the meaning of Rule 501(a) under the Securities Act), in each case, satisfying the applicable requirements set forth on Schedule A, (ii) is an "institutional account" (as defined in FINRA Rule 4512(c)), (iii) is acquiring the Shares only for his, her or its own account and not for the account of others, or if the Investor is subscribing for the Shares as a fiduciary or agent for one or more investor accounts, the Investor has full investment discretion with respect to each such account, and the full power and authority to make the acknowledgements, representations and agreements herein on behalf of each owner of each such account, and (iv) is not acquiring the Shares with a view to, or for offer or sale in connection with, any distribution thereof in violation of the Securities Act (and shall provide the requested information set forth on Schedule A). The Investor is not an entity formed for the specific purpose of acquiring the Shares.

(b) Notwithstanding anything to the contrary set forth herein, the Investor acknowledges and agrees that, subsequent to the date of this Subscription Agreement and prior to the Closing, SPAC may enter into one or more additional subscription agreements with additional investors with terms and conditions that are not materially more advantageous to the investor thereunder than this Subscription Agreement, and entry into such agreements may increase the aggregate amount of Shares being subscribed for in the private placement contemplated by this Subscription Agreement. For the avoidance of doubt, such additional agreements shall reflect not less than the same Per Share Purchase Price and shall constitute Other Subscription Agreements for purposes of this Agreement, *mutatis mutandis*.

(c) The Investor acknowledges and agrees that the Shares are being offered in a transaction not involving any public offering within the meaning of the Securities Act and that the Shares have not been registered under the Securities Act. The Investor acknowledges and agrees that, other than with respect to any actions taken to consummate the Transaction pursuant to the BCA, the Shares may not be offered, resold, transferred, pledged or otherwise disposed of by the Investor absent an effective registration statement under the Securities Act except (i) to SPAC or an affiliate thereof, (ii) to non-U.S. persons pursuant to offers and sales that occur outside the United States within the meaning of Regulation S under the Securities Act or (iii) pursuant to another applicable exemption from the registration requirements of the Securities Act, and in each of clauses (i) and (iii) in accordance with any applicable securities laws of the states and other jurisdictions of the United States, and that any certificates representing the Shares shall contain a restrictive legend to such effect. The Investor acknowledges and agrees that the Shares will be subject to the foregoing transfer restrictions and, as a result of these transfer restrictions, other than with respect to any actions taken to consummate the Transaction pursuant to the BCA, the Investor may not be able to readily offer, resell, transfer, pledge or otherwise dispose of the Shares and may be required to bear the financial risk of an investment in the Shares for an indefinite period of time. The Investor acknowledges and agrees that, other than with respect to any actions taken to consummate the Transaction pursuant to the BCA, the Shares will not immediately be eligible for offer, resale, transfer, pledge or disposition pursuant to Rule 144 promulgated under the Securities Act. The Investor acknowledges and agrees that it has been advised to consult legal counsel and tax and accounting advisors prior to making any offer, resale, transfer, pledge or disposition of any of the Shares.

(d) The Investor acknowledges and agrees that the Investor is purchasing the Shares directly from SPAC. The Investor further acknowledges that there have been no representations, warranties, covenants and agreements made to the Investor by or on behalf of SPAC, the Company, the Placement Agents or any of their respective affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing or any other person or entity, expressly or by implication, other than those representations, warranties, covenants and agreements of SPAC and the Company expressly set forth in Section 5 and Section 6 of this Subscription Agreement, respectively.

(e) The Investor's acquisition and holding of the Shares will not constitute or result in a non-exempt prohibited transaction under section 406 of the Employee Retirement Income Security Act of 1974, as amended, section 4975 of the Internal Revenue Code of 1986, as amended, or any applicable similar law.

(f) The Investor acknowledges and agrees that the Investor has received such information as the Investor deems necessary in order to make an investment decision with respect to the Shares, including, with respect to SPAC, the Transaction and the business of the Company and its subsidiaries. Without limiting the generality of the foregoing, the Investor acknowledges that he, she or it has reviewed SPAC's filings with the SEC. The Investor acknowledges and agrees that the Investor and the Investor's professional advisor(s), if any, have had the full opportunity to ask such questions, receive such answers and obtain such information as the Investor and such Investor's professional advisor(s), if any, have deemed necessary to make an investment decision with respect to the Shares.

(g) The Investor became aware of this offering of the Shares solely by means of direct contact between the Investor and SPAC, the Company or a representative of SPAC or the Company, or by means of contact from any of the Placement Agents in their capacity as such, and the Shares were offered to the Investor solely by direct contact between the Investor and SPAC, the Company or a representative of SPAC or the Company, or by contact

between the Investor and one or more Placement Agents in their capacity as such. The Investor did not become aware of this offering of the Shares, nor were the Shares offered to the Investor, by any other means. The Investor acknowledges that the Shares (i) were not offered to it by any form of general solicitation or general advertising, including methods described in section 502(c) of Regulation D under the Securities Act and (ii) to its knowledge, are not being offered in a manner involving a public offering under, or in a distribution in violation of, the Securities Act, or any state securities laws. The Investor acknowledges that it is not relying upon, and has not relied upon, any statement, representation or warranty made by any person, firm or corporation (including, without limitation, SPAC, the Company, the Placement Agents, any of their respective affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing), other than the representations and warranties of SPAC and the Company contained in Section 5 and Section 6 of this Subscription Agreement, respectively, in making its investment or decision to invest in SPAC.

(h) The Investor acknowledges that it is aware that there are substantial risks incident to the purchase and ownership of the Shares, including those set forth in SPAC's filings with the SEC. The Investor has such knowledge and experience in financial and business matters as to be capable of evaluating the merits and risks of an investment in the Shares, and the Investor has sought such accounting, legal and tax advice as the Investor has considered necessary to make an informed investment decision and the Investor has made its own assessment and has satisfied itself concerning relevant tax and other economic considerations relative to its purchase of the Shares.. The Investor is able to sustain a complete loss on its investment in the Shares, has no immediate need for liquidity with respect to its investment in the Shares.

(i) Alone, or together with any professional advisor(s), the Investor has adequately analyzed and fully considered the risks of an investment in the Shares and determined that the Shares are a suitable investment for the Investor and that the Investor is able at this time and in the foreseeable future to bear the economic risk of a total loss of the Investor's investment in SPAC. The Investor acknowledges specifically that a possibility of total loss exists.

(j) In making its decision to purchase the Shares, the Investor has relied solely upon independent investigation made by the Investor and SPAC's and the Company's representations and warranties expressly set forth in Section 5 and Section 6 of this Subscription Agreement, respectively, and no other representations and warranties of any kind, whether express or implied, of SPAC or any other person. Without limiting the generality of the foregoing, the Investor has not relied on any statements or other information provided by or on behalf of the Placement Agents or any of their respective affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing concerning SPAC, the Company, the Transaction, the BCA, this Subscription Agreement or the transactions contemplated hereby or thereby, the Shares or the offer and sale of the Shares.

(k) The Investor acknowledges that the Placement Agents: (i) are each acting solely as the SPAC's Placement Agent in connection with the transactions contemplated by the Subscription Agreements and is not acting as an underwriter or in any other capacity and is not and shall not be construed as a fiduciary for the Investor, (ii) have not made or make any representation or warranty, express or implied, of any kind or character and have not provided any advice or recommendation in connection with the transactions contemplated by the Subscription Agreements, (iii) will have no responsibility with respect to (a) any representations, warranties or agreements made by any person or entity under or in connection with the Transaction or any of the documents furnished pursuant thereto or in connection therewith, or the execution, legality, validity or enforceability (with respect to any person) of any thereof, or (b) the business, affairs, financial condition, operations, properties or prospects of, or any other matter concerning the SPAC, the Company or the Transaction, (iv) have not acted as the Investor's financial advisor or fiduciary in connection with the issue and purchase of Shares, (v) may have acquired, or during the term of the Shares may acquire, non-public information with respect to the Company, which, subject to the requirements of applicable law, the Investor agrees need not be provided to it, (vi) may have existing or future business relationships with SPAC and the Company (including, but not limited to, lending, depository, risk management, advisory and banking relationships) and will pursue actions and take steps that it deems or they deem necessary or appropriate to protect its or their interests arising therefrom without regard to the consequences for a holder of Shares, and that certain of these actions may have material and adverse consequences for a holder of Shares; and (vii) shall have no liability or obligation (including without limitation, for or with respect to any losses, claims, damages, obligations, penalties, judgments, awards, liabilities, costs, expenses or disbursements incurred by the Investor, the Company or any other person or entity), whether in contract, tort or otherwise, to the Investor, or to any person claiming through the Investor, in respect of the Transaction.

(l) The Investor acknowledges that it has not relied on the Placement Agents in connection with its determination as to the legality of its acquisition of the Shares or as to the other matters referred to herein and the Investor has not relied on any investigation that the Placement Agents, any of their affiliates or any person acting on their behalf have conducted with respect to the Shares, SPAC or the Company. The Investor further acknowledges that it has not relied on any information contained in any research reports prepared by the Placement Agents or any of their affiliates.

(m) The Investor acknowledges that J.P. Morgan Securities LLC and SVB Leerink LLC are each acting as financial advisors to the Company (i) in connection with the Transaction and (ii) in connection with the Company's contemplated acquisition of all issued and outstanding shares of common stock of Immunovant, Inc. not currently owned by the Company (the "Immunovant Acquisition"), as disclosed on Schedule 13D filed on March 8, 2021 by the Company (it being understood and agreed by the Investor that the purchase of the Shares pursuant to this Subscription Agreement on the Closing Date and the closing of the Transaction shall not be contingent on the consummation of the contemplated Immunovant Acquisition).

(n) The Investor acknowledges and agrees that no federal or state agency has passed upon or endorsed the merits of the offering of the Shares or made any findings or determination as to the fairness of this investment.

(o) The Investor, if not an individual, has been duly formed or incorporated and is validly existing and is in good standing under the laws of its jurisdiction of formation or incorporation, with power and authority to enter into, deliver and perform its obligations under this Subscription Agreement.

(p) The execution, delivery and performance by the Investor of this Subscription Agreement are within the powers of the Investor, have been duly authorized and will not constitute or result in a breach or default under or conflict with any order, ruling or regulation of any court or other tribunal or of any governmental commission or agency, or any agreement or other undertaking, to which the Investor is a party or by which the Investor is bound, and, if the Investor is not an individual, will not violate any provisions of the Investor's organizational documents, including, without limitation, its incorporation or formation papers, bylaws, indenture of trust or partnership or operating agreement, as may be applicable. The signature of the Investor on this Subscription Agreement is genuine, and the signatory, if the Investor is an individual, has legal competence and capacity to execute the same or, if the Investor is not an individual, the signatory has been duly authorized to execute the same, and, assuming that this Subscription Agreement constitutes the valid and binding obligation of SPAC, this Subscription Agreement constitutes a legal, valid and binding obligation of the Investor, enforceable against the Investor in accordance with its terms except as may be limited or otherwise affected by (i) bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium or other laws relating to or affecting the rights of creditors generally, and (ii) principles of equity, whether considered at law or equity.

(q) The Investor is not (i) a person or entity named on the List of Specially Designated Nationals and Blocked Persons administered by the U.S. Treasury Department's Office of Foreign Assets Control ("OFAC") or in any Executive Order issued by the President of the United States and administered by OFAC ("OFAC List"), or a person or entity prohibited by any OFAC sanctions program; (ii) owned, directly or indirectly, or controlled by, or acting on behalf of, one or more persons that are named on the OFAC List; (iii) organized, incorporated, established, located, resident or born in, or a citizen, national or the government, including any political subdivision, agency or instrumentality thereof, of, Cuba, Iran, North Korea, Syria, the Crimea region of Ukraine or any other country or territory embargoed or subject to substantial trade restrictions by the United States; (iv) a Designated National as defined in the Cuban Assets Control Regulations, 31 C.F.R. Part 515; or (v) a non-U.S. shell bank or providing banking services indirectly to a non-U.S. shell bank (each, a "Prohibited Investor"). The Investor agrees to provide law enforcement agencies, if requested thereby, such records as required by applicable law, provided that the Investor is permitted to do so under applicable law. If the Investor is a financial institution subject to the Bank Secrecy Act (31 U.S.C. Section 5311 et seq.) (the "BSA"), as amended by the USA PATRIOT Act of 2001 (the "PATRIOT Act"), and its implementing regulations (collectively, the "BSA/PATRIOT Act"), the Investor maintains policies and procedures reasonably designed to comply with applicable obligations under the BSA/PATRIOT Act. To the extent

required, it maintains policies and procedures reasonably designed to ensure compliance with OFAC-administered sanctions programs, including for the screening of its investors against the OFAC sanctions programs, including the OFAC List. To the extent required by applicable law, the Investor maintains policies and procedures reasonably designed to ensure that the funds held by the Investor and used to purchase the Shares were legally derived and were not obtained, directly or indirectly, from a Prohibited Investor.

(r) The Investor acknowledges that no disclosure or offering document has been prepared by J.P. Morgan Securities LLC, SVB Leerink LLC, Citigroup Global Markets Inc., any additional placement agent that may be engaged by SPAC, or any of their respective affiliates (collectively, the "Placement Agents") in connection with the offer and sale of the Shares.

(s) The Investor acknowledges that neither Placement Agents, nor any of their respective affiliates nor any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing have made any independent investigation with respect to SPAC, the Company or its subsidiaries or any of their respective businesses, or the Shares or the accuracy, completeness or adequacy of any information supplied to the Investor by SPAC.

(t) The Investor, when required to deliver payment to SPAC pursuant to Section 2 above, will have, sufficient funds to pay the Subscription Amount and consummate the purchase and sale of the Shares pursuant to this Subscription Agreement.

(u) The Investor agrees that, from the date of this Subscription Agreement until the Closing or the earlier termination of this Subscription Agreement, none of Investor, its controlled affiliates, or any person or entity acting on behalf of the Investor or any of its controlled affiliates or pursuant to any understanding with the Investor or any of its controlled affiliates will engage in any Short Sales with respect to securities of the SPAC. For the purposes hereof, "Short Sales" shall include, without limitation, all "short sales" as defined in Rule 200 promulgated under Regulation SHO under the Exchange Act, and all types of direct and indirect stock pledges (other than pledges in the ordinary course of business as part of prime brokerage arrangements), forward sale contracts, options, puts, calls, swaps and similar arrangements (including on a total return basis), including through non-U.S. broker dealers or foreign regulated brokers. Notwithstanding the foregoing, (A) nothing herein shall prohibit (x) other entities under common management with the Investor with whom the Investor is not acting in concert with respect to any trading in securities of the SPAC, this Subscription Agreement or the Investor's participation in this offering of the Shares including the Investor's controlled affiliates and/or affiliates, or (y) in the case of an Investor that is externally managed, advised or sub-advised by another person, any other person that is not directly controlled or managed by such manager, adviser or sub-adviser, in each case from entering into any Short Sale and (B) in the case of an Investor that is a multi-managed investment bank or vehicle whereby separate portfolio managers manage separate portions of such Investor's assets and the portfolio managers have no knowledge of the investment decisions made by the portfolio managers managing other portions of such Investor's assets, this Section (u) shall apply only with respect to the portion of assets managed by the portfolio manager that made the investment decision to purchase the Shares covered by this Subscription Agreement. For the avoidance of doubt, nothing in this Section (u) shall restrict any transactions with respect to securities of SPAC other than transactions that are Short Sales including the exercise of any redemption with respect to securities of the SPAC.

(v) Except as expressly disclosed in a Schedule 13D or Schedule 13G (or amendments thereto) filed by such Investor with the SEC with respect to the beneficial ownership of the SPAC's common stock, the Investor is not currently (and at all times through Closing will refrain from being or becoming) a member of a "group" (within the meaning of section 13(d)(3) or section 14(d)(2) of the Exchange Act) acting for the purpose of acquiring, holding or disposing of equity securities of the SPAC (within the meaning of Rule 13d-5(b)(1) under the Exchange Act).

(w) No broker, finder or other financial consultant has acted on behalf of the Investor in connection with this Subscription Agreement or the transactions contemplated hereby.

(x) The Investor acknowledges the SEC's issuance of the Statement, and the Investor agrees that any actions taken by SPAC in connection with, or as may be necessary or advisable to address the potential implications of, such Statement or review shall not be deemed to constitute a breach of any of the representations, warranties or covenants in this Subscription Agreement; provided, however, that any such actions may not materially

and adversely affect the rights of the Investor (in its capacity as such) under this Subscription Agreement. For the avoidance of doubt, any restatement or the financial statements of SPAC and any amendments to previously filed SEC reports or delays in filing SEC reports, in connection with the Statement or any subsequent related agreements or other guidance from the SEC with respect to the Statement shall not be considered to materially and adversely affect the rights of the Investor (in its capacity as such) under this Subscription agreement.

8. Registration Rights.

(a) In the event that the Shares are not registered in connection with the consummation of the Transaction, the Company agrees that, within thirty (30) calendar days after the Closing Date (the "Filing Deadline"), it will file with the SEC (at its sole cost and expense) a registration statement (the "Registration Statement") registering the resale of the Shares, and it shall use its commercially reasonable efforts to have the Registration Statement declared effective as soon as practicable after the filing thereof, but no later than the earlier of (i) sixty (60) calendar days after the filing thereof (or ninety (90) calendar days after the filing thereof if the SEC notifies the Company that it will "review" the Registration Statement) and (ii) five (5) business days after the Company is notified (orally or in writing, whichever is earlier) by the SEC that the Registration Statement will not be "reviewed" or will not be subject to further review ((i) and (ii) collectively, the "Effectiveness Deadline"). In connection with the foregoing and with all transactions contemplated by this Subscription Agreement, Investor shall not be required to execute any lock-up or similar agreement or otherwise be subject to any contractual restriction on the ability to transfer the Shares. The Company agrees to use commercially reasonable efforts to cause such Registration Statement, or another shelf registration statement that includes the Shares to be sold pursuant to this Subscription Agreement, to remain effective until the earliest of (i) the second anniversary of the Closing, (ii) the date on which the Investor ceases to hold any Shares issued pursuant to this Subscription Agreement, or (iii) on the first date on which the Investor is able to sell all of its Shares issued pursuant to this Subscription Agreement (or shares received in exchange therefor) under Rule 144 promulgated under the Securities Act ("Rule 144") within ninety (90) calendar days without the public information, volume or manner of sale limitations of such rule (such date, the "End Date"). Prior to the End Date, the Company will use commercially reasonable efforts to (1) qualify the Shares for listing on Nasdaq or another applicable national stock exchange and (2) update or amend the Registration Statement as necessary to include the Shares. Subject to receipt from the Investor by the Company and its transfer agent of customary representations and other documentation reasonably acceptable to the Company and the transfer agent in connection therewith, including, if required by the transfer agent, an opinion of the Company's counsel in a form reasonably acceptable to the transfer agent, the Investor may request that the Company remove any legend from the book-entry position evidencing the Shares following the earliest of such time as the Shares (A) have been or are being sold or transferred pursuant to an effective registration statement or (B) have been or are being sold pursuant to Rule 144 promulgated under the Securities Act ("Rule 144"). To the extent required by the Company's transfer agent, the Company shall use commercially reasonable efforts to cause its legal counsel to deliver a customary opinion within two business days of the delivery of all reasonably necessary representations and other documentation from the Investor as reasonably requested by the Company's transfer agent. If restrictive legends are no longer required for the Shares pursuant to the foregoing, the Company shall, reasonably promptly following any request therefor from the Investor as described above (and no later than five (5) business days after such request), deliver to the transfer agent instructions to remove such restrictive legends from the Shares of the Investor. The Company may amend the Registration Statement so as to convert the Registration Statement to a Registration Statement on Form S-3 at such time after the Company becomes eligible to use such Form S-3. For as long as the Investor holds the Shares, the Company will use commercially reasonable efforts to file all reports, and provide all customary and reasonable cooperation, necessary to enable the Investor to resell the Shares pursuant to the Registration Statement or Rule 144 of the Securities Act (when Rule 144 of the Securities Act becomes available to the Investor), as applicable. In no event shall the undersigned be identified as a statutory underwriter in the Registration Statement unless in response to a comment or request from the staff of the SEC or another regulatory agency; provided, however, that if the SEC requests that the undersigned be identified as a statutory underwriter in the Registration Statement, the undersigned will have an opportunity to withdraw from the Registration Statement. For purposes of clarification, any failure by the Company to file the Registration Statement by the Filing Deadline or to effect such Registration Statement by the Effectiveness Deadline shall not otherwise relieve the Company of its obligations to file the Registration Statement or effect the registration of the Shares set forth in this Section 8. The Investor acknowledges and agrees that the Company may suspend the use of any such registration statement if it determines in good faith, upon advice of legal counsel (internal counsel being sufficient), that in order for such registration statement not to contain a material misstatement or omission, an amendment thereto would be needed to include information that would at that time not otherwise be required in a current, quarterly, or annual report under

the Exchange Act, provided, that, (I) the Company shall not so delay filing or so suspend the use of the Registration Statement on more than three (3) occasions for a period of more than sixty (60) consecutive days or more than a total of ninety (90) calendar days, in each case in any three hundred sixty (360) day period and (II) the Company shall use commercially reasonable efforts to make such Registration Statement available for the sale by the Investor of such securities as soon as practicable thereafter. The Company's obligations to include the Shares issued pursuant to this Subscription Agreement (or shares issued in exchange therefor) for resale in the Registration Statement are contingent upon the Investor furnishing in writing to the Company such information regarding the Investor, the securities of the Company held by the Investor and the intended method of disposition of such Shares, as shall be reasonably requested by the Company to effect the registration of such Shares, and shall execute such documents in connection with such registration as the Company may reasonably request that are customary of a selling stockholder in similar situations. The Company shall use its commercially reasonable efforts to provide a draft of the Registration Statement to the Investor for review at least two (2) business days in advance of filing the Registration Statement; provided that, for the avoidance of doubt, in no event shall the Company be required to delay or postpone the filing of such Registration Statement as a result of or in connection with the Investor's review.

(b) Notwithstanding the foregoing, if the SEC prevents the Company from including any or all of the Shares proposed to be registered under the Registration Statement due to limitations on the use of Rule 415 of the Securities Act for the resale of Shares by the applicable stockholders or otherwise, such Registration Statement shall register for resale such number of Shares which is equal to the maximum number of Shares as is permitted by the SEC. In such event, the number of Shares to be registered for each selling stockholder named in the Registration Statement shall be reduced pro rata among all such selling stockholders and as promptly as practicable after being permitted to register additional Shares under Rule 415 under the Securities Act, the Company shall amend the Registration Statement or file a new Registration Statement to register such Shares not included in the initial Registration Statement and use its commercially reasonable efforts to cause such amendment or Registration Statement to become effective as promptly as practicable.

(c) In the case of the registration, qualification, exemption or compliance effected by the Company pursuant to this Agreement, the Company shall, upon reasonable request, inform Investor as to the status of such registration, qualification, exemption and compliance. At its expense, the Company shall use its commercially reasonable efforts to advise Investor reasonably promptly (but within no later than 5 business days):

(i) when a Registration Statement or any amendment thereto has been filed with the SEC and when a Registration Statement or any post-effective amendment thereto has become effective;

(ii) after it shall receive notice or obtain knowledge thereof, of the issuance by the SEC of any stop order suspending the effectiveness of any Registration Statement or the initiation of any proceedings for such purpose;

(iii) of the receipt by the Company of any notification with respect to the suspension of the qualification of the Shares included therein for sale in any jurisdiction or the initiation or threatening of any proceeding for such purpose; and

(iv) subject to the provisions in this Subscription Agreement, of the occurrence of any event that requires the making of any changes in any Registration Statement or prospectus included therein so that, as of such date, the statements therein are not misleading and do not omit to state a material fact required to be stated therein or necessary to make the statements therein (in the case of a prospectus, in the light of the circumstances under which they were made) not misleading.

Upon receipt of any written notice from the Company (which notice shall not contain any material non-public information regarding the Company) of the happening any event contemplated in clauses (ii) through (iv) above during the period that the Registration Statement is effective or if as a result of the occurrence of such event the Registration Statement or related prospectus contains any untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made (in the case of the prospectus) not misleading, the undersigned Investor agrees that (1) it will immediately discontinue offers and sales of the Shares under the Registration Statement (excluding, for the avoidance of doubt, sales conducted pursuant to Rule 144)

until the undersigned Investor receives copies of a supplemental or amended prospectus (which Company agrees to promptly prepare) that corrects the misstatement(s) or omission(s) referred to above and receives notice that any post-effective amendment has become effective or unless otherwise notified by Company that it may resume such offers and sales, and (2) it will maintain the confidentiality of any information included in such written notice delivered by Company except (A) for disclosure to the Investor's employees, agents and professional advisers who need to know such information and are obligated to keep it confidential, (B) for disclosures to the extent required in order to comply with reporting obligations to its limited partners who have agreed to keep such information confidential and (C) as required by law or subpoena. The Company shall use its commercially reasonable efforts to obtain the withdrawal of any order suspending the effectiveness of any Registration Statement as soon as reasonably practicable. Upon the occurrence of any event contemplated in clauses (ii) through (iv) above, except for such times as the Company is permitted hereunder to suspend, and has suspended, the use of a prospectus forming part of a Registration Statement, the Company shall use its commercially reasonable efforts to as soon as reasonably practicable prepare a post-effective amendment to such Registration Statement or a supplement to the related prospectus, or file any other required document so that, as thereafter delivered to purchasers of the Shares included therein, such prospectus will not include any untrue statement of a material fact or omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(d) Indemnification.

(i) The Company shall indemnify Investor (to the extent a seller under the Registration Statement), its officers, directors, advisers and agents, and each person who controls Investor (within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act) to the fullest extent permitted by applicable law, from and against any and all losses, claims, damages, liabilities, costs (including reasonably incurred and documented attorneys' fees) and reasonably incurred and documented expenses (collectively, "Losses") that arise out of or are based upon any untrue or alleged untrue statement of a material fact contained or incorporated by reference in the Registration Statement pursuant to which Investor's Shares are registered, any prospectus included in the Registration Statement or any form of prospectus or in any amendment or supplement thereto or in any preliminary prospectus, or arising out of or relating to any omission or alleged omission to state a material fact required to be stated therein or necessary to make the statements therein (in the case of any prospectus or form of prospectus or supplement thereto, in light of the circumstances under which they were made) not misleading, except to the extent that such untrue statements or alleged untrue statements, omissions or alleged omissions are based upon information regarding Investor furnished in writing to the Company by Investor expressly for use therein or Investor has omitted a material fact from such information.

(ii) The Investor shall indemnify and hold harmless the Company, its directors, officers, agents and employees, and each person who controls the Company (within the meaning of Section 15 of the Securities Act and Section 20 of the Exchange Act), to the fullest extent permitted by applicable law, from and against all Losses arising out of or are based upon any untrue or alleged untrue statement of a material fact contained or incorporated by reference in any Registration Statement pursuant to which Investor's Shares are registered, any prospectus included in the Registration Statement, or any form of prospectus, or in any amendment or supplement thereto or in any preliminary prospectus, or arising out of or relating to any omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein (in the case of any prospectus, or any form of prospectus or supplement thereto, in light of the circumstances under which they were made) not misleading to the extent, but only to the extent, that such untrue statements or omissions are based upon information regarding Investor furnished in writing to the Company by the Investor expressly for use therein. In no event shall the liability of Investor be greater in amount than the dollar amount of the net proceeds received by Investor upon the sale of the subscribed Shares giving rise to such indemnification obligation. The Investor shall notify the Company promptly of the institution, threat or assertion of any proceeding arising from or in connection with the transactions contemplated by this Section 8 of which the Investor is aware.

(iii) Any person entitled to indemnification herein shall (1) give prompt written notice to the indemnifying party of any claim with respect to which it seeks indemnification (provided that the failure to give prompt notice shall not impair any person's right to indemnification hereunder to the extent such failure has not prejudiced the indemnifying party) and (2) permit such indemnifying party to assume the defense of such claim with counsel reasonably satisfactory to the indemnified party. If such defense is assumed, the indemnifying party shall not be subject to any liability for any settlement made by the indemnified party without its written consent. An indemnifying party who elects not to assume the defense of a claim shall not be obligated to pay the fees and expenses of more than one counsel for all parties indemnified by such indemnifying party with respect to such claim, unless in the reasonable judgment of legal counsel to any indemnified party a conflict of interest exists between such indemnified party and any other of such indemnified parties with respect to such claim. No indemnifying party shall, without the consent of the indemnified party (which consent shall not be unreasonably withheld, conditioned or delayed), consent to the entry of any judgment or enter into any settlement which cannot be settled in all respects by the payment of money (and such money is so paid by the indemnifying party pursuant to the terms of such settlement) or which settlement does not include as an unconditional term thereof the giving by the claimant or plaintiff to such indemnified party of a release from all liability in respect to such claim or litigation.

(iv) The indemnification provided for under this Subscription Agreement shall remain in full force and effect regardless of any investigation made by or on behalf of the indemnified party or any officer, director, employee, agent, affiliate or controlling person of such indemnified party and shall survive the transfer of the Shares purchased pursuant to this Subscription Agreement.

(v) If the indemnification provided under this Section 8(d) from the indemnifying party is unavailable or insufficient to hold harmless an indemnified party in respect of any losses, claims, damages, liabilities and expenses referred to herein, then the indemnifying party, in lieu of indemnifying the indemnified party, shall contribute to the amount paid or payable by the indemnified party as a result of such losses, claims, damages, liabilities and expenses in such proportion as is appropriate to reflect the relative fault of the indemnifying party and the indemnified party, as well as any other relevant equitable considerations. The relative fault of the indemnifying party and indemnified party shall be determined by reference to, among other things, whether any action in question, including any untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact, was made by, or relates to information supplied by, such indemnifying party or indemnified party, and the indemnifying party's and indemnified party's relative intent, knowledge, access to information and opportunity to correct or prevent such action. The amount paid or payable by a party as a result of the losses or other liabilities referred to above shall be deemed to include, subject to the limitations set forth in this Section 8(d), any legal or other fees, charges or expenses reasonably incurred by such party in connection with any investigation or proceeding. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution pursuant to this Section (8(d)(v) from any person who was not guilty of such fraudulent misrepresentation. Each indemnifying party's obligation to make a contribution pursuant to this Section 8(d)(v) shall be individual, not joint and several, and in no event shall the liability of any Investor hereunder be greater in amount than the dollar amount of the net proceeds received by such Investor upon the sale of the subscribed Shares giving rise to such indemnification obligation.

(e) The Company shall not hereafter enter into, and is not currently a party to, any Other Subscription Agreements with respect to the Shares that is inconsistent in any material respect with, or superior to, the registration rights granted to Investor by this Subscription Agreement. Notwithstanding any other rights and remedies Investor may have in respect of the Company or such Other Investors pursuant to this Subscription Agreement, if the Company enters into any other registration rights or similar agreement with respect to the Shares that contains provisions that violate the preceding sentence, the terms and conditions of this Subscription Agreement shall be deemed to have been amended without further action by the Company or Investor so that Investor shall be entitled to the benefit of any such more favorable or less restrictive terms or conditions, as the case may be.

9. Termination. This Subscription Agreement shall terminate and be void and of no further force and effect, and all rights and obligations of the parties hereunder shall terminate without any further liability on the part of any party in respect thereof, upon the earlier to occur of (a) such date and time as the BCA is terminated in accordance with its terms without being consummated, (b) upon the mutual written agreement of each of the parties hereto to terminate this Subscription Agreement, (c) December 30, 2021, if the Closing has not occurred by such date, or (d) if any of the conditions to Closing set forth in Section 3 of this Subscription Agreement are (i) not satisfied or waived or (ii) not capable of being satisfied and, in each case of (i) and (ii), as a result thereof, the transactions contemplated by this Subscription Agreement will not be and are not consummated at the Closing (the termination events described in clauses (a)–(d) above, collectively, the "Termination Events"); provided that in the case of clause (d), to the extent such failure to satisfy the conditions to Closing set forth in Section 3 of this Subscription Agreement is caused by the Investor's failure to satisfy such conditions, termination shall instead be at the election of SPAC; provided, further, that nothing herein will relieve any party from liability for any willful breach hereof prior to the time of termination, and each party will be entitled to any remedies at law or in equity to recover losses, liabilities or damages arising from any such willful breach. SPAC shall notify the Investor in writing of the termination of the BCA promptly after the termination of such agreement. Upon the occurrence of any Termination Event and subject to the provisions of this Section 9, this Subscription Agreement shall be void and of no further effect and any monies paid by the Investor to SPAC in connection herewith shall promptly (and in any event within one (1) business day) following the Termination Event be returned to the Investor.

10. Trust Account Waiver. The Investor acknowledges that SPAC is a blank check company with the powers and privileges to effect a merger, asset acquisition, reorganization or similar business combination involving SPAC and one or more businesses or assets. The Investor further acknowledges that, as described in SPAC's prospectus relating to its initial public offering dated October 6, 2020 (the "Prospectus") available at www.sec.gov, substantially all of SPAC's assets consist of the cash proceeds of SPAC's initial public offering and private placement of its securities, and substantially all of those proceeds have been deposited in a trust account (the "Trust Account") for the benefit of SPAC, its public shareholders and the underwriters of SPAC's initial public offering. Except with respect to interest earned on the funds held in the Trust Account that may be released to SPAC to pay its tax obligations and to fund certain of its working capital requirements, the cash in the Trust Account may be disbursed only for the purposes set forth in the Prospectus. For and in consideration of SPAC entering into this Subscription Agreement, the receipt and sufficiency of which are hereby acknowledged, the Investor hereby irrevocably waives any and all right, title and interest, or any claim of any kind it has or may have in the future, in or to any monies held in the Trust Account, and agrees not to seek recourse against the Trust Account as a result of, or arising out of, this Subscription Agreement; provided, however, that nothing in this Section 10 shall be deemed to limit the Investor's right, title, interest or claim to any monies held in the Trust Account by virtue of its record or beneficial ownership of Shares (x) acquired by any means other than pursuant to this Subscription Agreement or (y) currently outstanding on the date hereof, pursuant to a validly exercised redemption right with respect to any such Shares, except to the extent that the Investor has otherwise agreed in writing with SPAC to not exercise such redemption right.

11. Miscellaneous.

(a) Neither this Subscription Agreement nor any rights that may accrue to the parties hereunder (other than the Shares acquired hereunder, if any) may be transferred or assigned without the prior written consent of each of the other parties hereto; provided that (i) this Subscription Agreement and any of the Investor's rights and obligations hereunder may be assigned to an affiliate or any fund or account advised or managed by the Investor or the same investment manager or investment advisor as the Investor or by an affiliate (as defined in Rule 12b-2 of the Exchange Act) of such investment manager or investment advisor without the prior consent of SPAC or the Company; provided, however, the Investor shall provide notice of any such assignment to SPAC and the Company and (ii) the Investor's rights under Section 8 may be assigned to an assignee or transferee of the Shares; provided further that prior to such assignment any such assignee shall agree in writing to be bound by the terms hereof. Upon such assignment by the Investor in accordance with this Section (a), the assignee shall become an Investor hereunder and have the rights and obligations provided for herein to the extent of such assignment; provided, that no assignment pursuant to clause (i) of this Section 11(a) shall relieve the Investor of its obligations hereunder, except to the extent actually performed in accordance with the terms hereof, unless consented to in writing by SPAC and the Company (such consent not to be unreasonably conditioned, delayed or withheld).

(b) SPAC and/or the Company may request from the Investor such additional information as they may reasonably deem necessary to register the resale of the Shares and evaluate the eligibility of the Investor to acquire the Shares, and the Investor shall promptly provide such information as may reasonably be requested to the extent readily available; provided, that, each of SPAC and the Company agrees to keep any such information provided by Investor confidential except (i) as necessary to include in any registration statement required to be filed hereunder, (ii) as required by the federal securities law or pursuant to other routine proceedings of regulatory authorities or (iii) to the extent such disclosure is required by law, at the request of the staff of the SEC or regulatory agency or under the regulations of any national securities exchange on which SPAC's or the Company's securities, as the case may be, are listed for trading. The Investor acknowledges and agrees that if it does not provide SPAC and/or the Company with such requested information, the Investor's Shares may not be registered for resale pursuant to Section 8 hereof. The Investor acknowledges that SPAC and/or the Company may file a copy of this Subscription Agreement (or a form of this Subscription Agreement) with the SEC as an exhibit to a periodic report or a registration statement of SPAC or the Company.

(c) The Investor acknowledges that (i) SPAC and the Company will rely on the acknowledgments, understandings, agreements, representations and warranties of the Investor contained in this Subscription Agreement, including Schedule A hereto and (ii) the Placement Agents will rely on the acknowledgments, understandings, agreements, representations and warranties of the Investor contained in Section 7 of this Subscription Agreement, including Schedule A hereto. Each of SPAC and the Company acknowledges that the Investor will rely on the acknowledgments, understandings, agreements, representations and warranties of each of SPAC and the Company contained in this Subscription Agreement. Prior to the Closing, the Investor agrees to promptly notify SPAC and the Company if any of the acknowledgments, understandings, agreements, representations and warranties set forth in Section 7 above are no longer accurate in any material respect (other than those acknowledgments, understandings, agreements, representations and warranties qualified by materiality, in which case the Investor shall notify SPAC if they are no longer accurate in any respect). Investor further acknowledges and agrees that each of the Placement Agents is a third-party beneficiary of the representations and warranties of the Investor contained in this Subscription Agreement. The Investor acknowledges and agrees that the purchase by the Investor of Shares from SPAC will constitute a reaffirmation of the acknowledgments, understandings, agreements, representations and warranties herein (as modified by any such notice) by the Investor as of the time of such purchase.

(d) Each of SPAC, the Company, the Investor and the Placement Agents is each entitled to rely upon this Subscription Agreement and each is irrevocably authorized to produce this Subscription Agreement or a copy hereof to any interested party in any administrative or legal proceeding or official inquiry with respect to the matters covered hereby; provided, however, that the foregoing clause of this Section 11(d) shall not give the Company or the Placement Agents any rights other than those expressly set forth in this Section 11(d) and, without limiting the generality of the foregoing and for the avoidance of doubt, in no event shall the Company be entitled to rely on any of the representations and warranties of SPAC set forth in this Subscription Agreement.

(e) All of the agreements, representations and warranties made by each party hereto in this Subscription Agreement shall survive the Closing.

(f) This Subscription Agreement may not be amended, modified, waived or terminated (other than pursuant to the terms of Section 9 above) except by an instrument in writing, signed by each of the parties hereto. No failure or delay of either party in exercising any right or remedy hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such right or power, or any abandonment or discontinuance of steps to enforce such right or power, or any course of conduct, preclude any other or further exercise thereof or the exercise of any other right or power. The rights and remedies of the parties hereunder are cumulative and are not exclusive of any rights or remedies that they would otherwise have hereunder.

(g) This Subscription Agreement (including the schedule hereto) constitutes the entire agreement, and supersedes all other prior agreements, understandings, representations and warranties, both written and oral, among the parties, with respect to the subject matter hereof. Except as expressly otherwise provided herein, this Subscription Agreement shall not confer any rights or remedies upon any person other than the parties hereto, and their respective successors and assigns, and the parties hereto acknowledge that such persons so referenced are third party beneficiaries of this Subscription Agreement with right of enforcement for the purposes of, and to the extent of, the rights granted to them, if any, pursuant to the applicable provisions.

(h) Except as otherwise provided herein, this Subscription Agreement shall be binding upon, and inure to the benefit of the parties hereto and their heirs, executors, administrators, successors, legal representatives, and permitted assigns, and the agreements, representations, warranties, covenants and acknowledgments contained herein shall be deemed to be made by, and be binding upon, such heirs, executors, administrators, successors, legal representatives and permitted assigns.

(i) If any provision of this Subscription Agreement shall be adjudicated by a court of competent jurisdiction to be invalid, illegal or unenforceable, the validity, legality or enforceability of the remaining provisions of this Subscription Agreement shall not in any way be affected or impaired thereby and shall continue in full force and effect.

(j) This Subscription Agreement may be executed in one or more counterparts (including by facsimile or electronic mail or in ..pdf) and by different parties in separate counterparts, with the same effect as if all parties hereto had signed the same document. All counterparts so executed and delivered shall be construed together and shall constitute one and the same agreement.

(k) The parties hereto acknowledge and agree that irreparable damage would occur in the event that any of the provisions of this Subscription Agreement were not performed in accordance with their specific terms or were otherwise breached. It is accordingly agreed that the parties shall be entitled to an injunction or injunctions to prevent breaches of this Subscription Agreement, without posting a bond or undertaking and without proof of damages, to enforce specifically the terms and provisions of this Subscription Agreement, this being in addition to any other remedy to which such party is entitled at law, in equity, in contract, in tort or otherwise.

(l) If any change in the number, type or classes of authorized shares of SPAC (including the Shares), other than as contemplated by the BCA or any agreement contemplated by the BCA, shall occur between the date hereof and immediately prior to the Closing by reason of reclassification, recapitalization, stock split (including reverse stock split) or combination, exchange or readjustment of shares, or any stock dividend, the number of Shares issued to the Investor and the Per Share Purchase Price shall be appropriately adjusted to reflect such change.

(m) This Subscription Agreement shall be governed by and construed in accordance with the laws of the State of Delaware (regardless of the laws that might otherwise govern under applicable principles of conflicts of laws thereof) as to all matters (including any action, suit, litigation, arbitration, mediation, claim, charge, complaint, inquiry, proceeding, hearing, audit, investigation or reviews by or before any governmental entity related hereto), including matters of validity, construction, effect, performance and remedies.

(n) Each party hereto hereby, and any person asserting rights as a third party beneficiary may do so only if he, she or it, irrevocably agrees that any action, suit or proceeding between or among the parties hereto, whether arising in contract, tort or otherwise, arising in connection with any disagreement, dispute, controversy or claim arising out of or relating to this Subscription Agreement or any related document or any of the transactions contemplated hereby or thereby ("Legal Dispute") shall be brought only to the exclusive jurisdiction of the courts of the State of Delaware or the federal courts located in the State of Delaware, and each party hereto hereby consents to the jurisdiction of such courts (and of the appropriate appellate courts therefrom) in any such suit, action or proceeding and irrevocably waives, to the fullest extent permitted by law, any objection that it may now or hereafter have to the laying of the venue of any such suit, action or proceeding in any such court or that any such suit, action or proceeding that is brought in any such court has been brought in an inconvenient forum. During the period a Legal Dispute that is filed in accordance with this Section 11(n) is pending before a court, all actions, suits or proceedings with respect to such Legal Dispute or any other Legal Dispute, including any counterclaim, cross-claim or interpleader, shall be subject to the exclusive jurisdiction of such court. Each party hereto and any person asserting rights as a third party beneficiary may do so only if he, she or it hereby waives, and shall not assert as a defense in any Legal Dispute, that (i) such party is not personally subject to the jurisdiction of the above named courts for any reason, (ii) such action, suit or proceeding may not be brought or is not maintainable in such court, (iii) such party's property is exempt or immune from execution, (iv) such action, suit or proceeding is brought in an inconvenient forum, or (v) the venue of such action, suit or proceeding is improper. A final judgment in any action, suit or proceeding described in this Section 11(n) following the expiration of any period permitted for appeal and subject to any stay during appeal shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by applicable laws. EACH OF THE PARTIES HERETO AND ANY PERSON ASSERTING RIGHTS AS A THIRD PARTY BENEFICIARY MAY DO SO ONLY IF HE, SHE OR IT IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT TO TRIAL BY JURY ON ANY CLAIMS OR COUNTERCLAIMS ASSERTED IN ANY

LEGAL DISPUTE RELATING TO THIS SUBSCRIPTION AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY AND FOR ANY COUNTERCLAIM RELATING THERETO. IF THE SUBJECT MATTER OF ANY SUCH LEGAL DISPUTE IS ONE IN WHICH THE WAIVER OF JURY TRIAL IS PROHIBITED, NO PARTY HERETO NOR ANY PERSON ASSERTING RIGHTS AS A THIRD PARTY BENEFICIARY SHALL ASSERT IN SUCH LEGAL DISPUTE A NONCOMPULSORY COUNTERCLAIM ARISING OUT OF OR RELATING TO THIS SUBSCRIPTION AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY. FURTHERMORE, NO PARTY HERETO NOR ANY PERSON ASSERTING RIGHTS AS A THIRD PARTY BENEFICIARY SHALL SEEK TO CONSOLIDATE ANY SUCH LEGAL DISPUTE WITH A SEPARATE ACTION OR OTHER LEGAL PROCEEDING IN WHICH A JURY TRIAL CANNOT BE WAIVED.

(o) Any notice or communication required or permitted hereunder to be given to a party hereto shall be in writing and either delivered personally, emailed or sent by overnight mail via a reputable overnight carrier, or sent by certified or registered mail, postage prepaid, to such address(es) or email address(es) set forth on the signature page hereto, and shall be deemed to be given and received (i) when so delivered personally, (ii) when sent, with no mail undeliverable or other rejection notice, if sent by email, or (iii) three (3) business days after the date of mailing to the address below or to such other address or addresses as the party may hereafter designate by notice given hereunder:

12. Non-Reliance and Exculpation. The Investor acknowledges that it is not relying upon, and has not relied upon, any statement, representation or warranty made by any person, firm or corporation (including, without limitation, the Placement Agents, any of their respective affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing), other than the statements, representations and warranties of SPAC and the Company expressly contained in Section 5 and Section 6 of this Subscription Agreement, respectively, in making its investment or decision to invest in SPAC. The Investor acknowledges and agrees that none of (i) any other investor pursuant to this Subscription Agreement or any other subscription agreement related to the private placement of the Shares (including the investor's respective affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing), (ii) the Placement Agents, their respective affiliates or any control persons, officers, directors, employees, partners, agents or representatives of any of the foregoing, or (iii) any other party to the BCA or any Non-Party Affiliate (other than SPAC or the Company with respect to the previous sentence), shall have any liability to the Investor, or to any other investor, pursuant to, arising out of or relating to this Subscription Agreement or any other subscription agreement related to the private placement of the Shares, the negotiation hereof or thereof or its subject matter, or the transactions contemplated hereby or thereby, including, without limitation, with respect to any action heretofore or hereafter taken or omitted to be taken by any of them in connection with the purchase of the Shares or with respect to any claim (whether in tort, contract or otherwise) for breach of this Subscription Agreement or in respect of any written or oral representations made or alleged to be made in connection herewith, as expressly provided herein, or for any actual or alleged inaccuracies, misstatements or omissions with respect to any information or materials of any kind furnished by SPAC, the Company, the Placement Agents or any Non-Party Affiliate concerning SPAC, the Company, the Placement Agents, any of their controlled affiliates, this Subscription Agreement or the transactions contemplated hereby. For purposes of this Subscription Agreement, "Non-Party Affiliates" means each former, current or future officer, director, employee, partner, member, manager, direct or indirect equityholder or affiliate of SPAC, the Company, the Placement Agents or any of SPAC's, the Company's or the Placement Agents' controlled affiliates or any family member of the foregoing.

13. Disclosure. SPAC shall, by 9:00 a.m., New York City time, on the first (1st) business day immediately following the date of this Subscription Agreement, issue one or more press releases or file with the SEC a Current Report on Form 8-K (collectively, the "Disclosure Document") disclosing all material terms of the transactions contemplated hereby and by the Other Subscription Agreements, the Transaction and any other material, nonpublic information that SPAC has provided to the Investor at any time prior to the filing of the Disclosure Document. Upon the issuance of the Disclosure Document, to the actual knowledge of SPAC, the Investor shall not be in possession of any material, non-public information received from SPAC or any of its officers, directors, or employees or agents (including the Placement Agents), and the Investor shall no longer be subject to any confidentiality or similar obligations under any current agreement, whether written or oral, with SPAC or any of its affiliates, relating to the transactions contemplated by this Subscription Agreement. Notwithstanding anything in this Subscription Agreement to the contrary, neither SPAC nor the Company shall publicly disclose the name of the Investor or any of its affiliates or advisers, or include the name of the Investor or any of its affiliates or advisers without the prior written consent of the Investor (a) in any press release or marketing materials or (b) in any filing with the SEC or any regulatory agency or trading market except (i) as required by the federal securities law or pursuant to other routine proceedings of regulatory authorities, (ii) to the extent such disclosure is required by law, at the request of the staff of the SEC or regulatory agency or under the regulations of any national securities exchange on which SPAC's

securities are listed for trading or (iii) to the extent such announcements or other communications contain only information previously disclosed in a public statement, press release or other communication previously approved in accordance with this Section 13; provided that, in each case of (i), (ii), or (iii), SPAC will provide the Investor with written notice (including by e-mail) of any such disclosure and shall reasonably consult with Investor regarding such disclosure.

14. Separate Obligations. For the avoidance of doubt, all obligations of the Investor hereunder are separate and several from the obligations of any Other Investor. The decision of Investor to purchase the Shares pursuant to this Subscription Agreement has been made by Investor independently of any Other Investor or any other investor and independently of any information, materials, statements or opinions as to the business, affairs, operations, assets, properties, liabilities, results of operations, condition (financial or otherwise) or prospects of SPAC, the Company, or any of their respective subsidiaries which may have been made or given by any Other Investor or investor or by any agent or employee of any Other Investor or investor, and neither Investor nor any of its agents or employees shall have any liability to any Other Investor or investor (or any other person) relating to or arising from any such information, materials, statements or opinions. Nothing contained herein or in any Other Subscription Agreement, and no action taken by Investor or Other Investors pursuant hereto or thereto, shall be deemed to constitute Investor and Other Investor or other investors as a partnership, an association, a joint venture or any other kind of entity, or create a presumption that Investor and Other Investors or other investors are in any way acting in concert or as a group with respect to such obligations or the transactions contemplated by this Subscription Agreement and the Other Subscription Agreements. The Investor acknowledges that no Other Investor has acted as agent for Investor in connection with making its investment hereunder and no Other Investor will be acting as agent of Investor in connection with monitoring its investment in the Shares or enforcing its rights under this Subscription Agreement. The Investor shall be entitled to independently protect and enforce its rights, including without limitation the rights arising out of this Subscription Agreement, and it shall not be necessary for any Other Investor or investor to be joined as an additional party in any proceeding for such purpose.

15. Massachusetts Business Trust. If Investor is a Massachusetts Business Trust, a copy of the Declaration of Trust of Investor or any affiliate thereof is on file with the Secretary of State of the Commonwealth of Massachusetts and notice is hereby given that the Subscription Agreement is executed on behalf of the trustees of Investor or any affiliate thereof as trustees and not individually and that the obligations of the Subscription Agreement are not binding on any of the trustees, officers or stockholders of Investor or any affiliate thereof individually but are binding only upon Investor or any affiliate thereof and its assets and property.

Each request for a Demand Registration shall specify the intended method of distribution and the approximate number of Registrable Securities requested to be registered. No Demand Registration will be consummated (and no registration statement with respect thereto filed) if the

number of Registrable Securities requested to be registered (including pursuant to the following sentence) is fewer than (A) in the case of Long-Form Registrations, such number of Common Shares with a value (based on the closing price on the trading day immediately prior to the filing of the registration statement or prospectus supplement, as applicable, for any Long-Form Registration) of $100,000,000 and (B) in the case of Short-Form Registrations, such number of Common Shares with a value (based on the closing price on the trading day immediately prior to the filing of the registration statement or prospectus supplement, as applicable, for any Short-Form Registration) of $50,000,000. Within ten (10) days after receipt of any such request, the Company shall give written notice of such requested registration to all other Shareholders and, subject to the terms of Section 1(d), shall include in such registration (and in all related registrations and qualifications under state blue sky laws and in compliance with other registration requirements and in any related underwriting) all Registrable Securities with respect to which the Company has received written requests for inclusion therein within twenty (20) days after the delivery of the Company's notice; *provided*, *however*, that no Investor shall be required to be named an "underwriter" without such Investor's express prior written consent.

(b) *Long-Form Registrations*. The Major Holders shall be entitled to Long-Form Registrations under this Agreement as follows: (i) the QVT Investors (acting by action of the holders of a majority of the Common Shares held by them), the Viking Investors (acting by action of the holders of a majority of the Common Shares held by them), the Dexxon Investors, Softbank and Sumitomo shall each be entitled to three (3) Long-Form Registrations, and (ii) the Founder shall be entitled to one (1) Long-Form Registration. Other Shareholders shall have the right to demand Long-Form Registrations or Short-Form Registrations only to the extent such Other Shareholders are designated as Other Demand Holders pursuant to the terms of this Agreement, provided however, that the Other Shareholders will be entitled to a maximum of two (2) Long-Form Registrations if so designated. The Company shall pay all Registration Expenses with respect to such Long-Form Registrations. All Long-Form Registrations shall only be made if the method of distribution to be used in connection with such registration is an underwritten offering unless otherwise approved by the board of directors of the Company (the "**Board**"). The Company shall file a registration statement on Form S-1 under the Securities Act covering all Registrable Securities requested to be included in such Long-Form Registration (subject to the limitations set forth herein) promptly following the Company's receipt of a Demand Notice therefor and, in any event, within sixty (60) days after the date the Demand Notice is duly delivered to the Company in accordance with this Agreement. The Company shall use commercially reasonable efforts to cause such Long Form Registration to be declared effective under the Securities Act as soon as practicable after the filing thereof, but no later than the earlier of (i) sixty (60) calendar days after the filing date thereof (or ninety (90) calendar days after the filing thereof if the SEC notifies the Company that it will "review" the Long Form Registration) and (ii) ten (10) business days after the Company is notified (orally or in writing, whichever is earlier) by the SEC that the Long Form Registration will not be "reviewed" or will not be subject to any further review.

(c) *Short-Form Registrations*. In addition to the Long-Form Registrations provided pursuant to Section 1(b), each of the Major Holders and the Other Demand Holders shall be entitled to request an unlimited number of Short-Form Registrations in which the Company shall pay all Registration Expenses, whether or not any registration statement for such a registration has become effective. Demand Registrations shall be Short-Form Registrations whenever the

Company is permitted to use any applicable short form registration statement. After the Go Public Transaction, the Company shall use its reasonable best efforts to make Short-Form Registrations available for the sale of Registrable Securities. If the Shareholder initially requesting a Short-Form Registration requests that such Short-Form Registration be filed pursuant to Rule 415 (a "**Shelf Registration**"), and the Company is qualified to do so, then the Company shall use its reasonable best efforts to promptly file and cause the Shelf Registration to be declared effective under the Securities Act as soon as reasonably practicable after the filing thereof and the Company shall use its reasonable best efforts to keep such shelf registration continuously effective following such registration; provided that any request for an underwritten offering using such Shelf Registration (an "**Underwritten Takedown**") shall be deemed a Demand Registration. The provisions of Section 1(a) shall apply *mutatis mutandis* to each Underwritten Takedown, with references to "filing of the registration statement" or "effective date" being deemed references to filing of a prospectus or supplement for such offering and references to "registration" being deemed references to the offering; *provided* that Shareholders participating in the Underwritten Takedown shall only include Shareholders whose Registrable Securities are included in such Shelf Registration or may be included therein without the need for a post-effective amendment to such Shelf Registration (other than an automatically effective amendment). If for any reason the Company ceases to be a WKSI or becomes ineligible to utilize Form S-3 or any similar applicable short form registration statement, then the Company shall prepare and file with the U.S. Securities and Exchange Commission (the "**Commission**") one or more registration statements on such form that is available for the sale of Registrable Securities. The Company shall file a registration statement on Form S-3 under the Securities Act covering all Registrable Securities requested to be included in such Short Form-Registration (subject to the limitations set forth herein) promptly following the Company's receipt of a Demand Notice therefor and, in any event, within thirty (30) days after the date the Demand Notice is duly delivered to the Company in accordance with this Agreement.

(d) *Priority on Demand Registrations*. If a Demand Registration is for an underwritten offering and the managing underwriters advise the Company in writing that in their opinion the number of securities requested to be included in such offering exceeds the number of securities which marketing factors permit to be sold in such offering, then the Company shall include in such registration only that number of Registrable Securities that in the opinion of such underwriters marketing factors permit to be sold in such offering, and the Registrable Securities that are included in such offering shall be allocated pro rata among the respective holders thereof on the basis of the number of Registrable Securities owned by each such holder; provided, however, that the number of Registrable Securities held by such holders to be included in such registration shall not be reduced unless all other securities are first entirely excluded from the registration. A registration shall not be counted as "effected" if, as a result of an exercise of the underwriter's cutback provisions in this Section 1(d), fewer than fifty percent (50%) of the total number of Registrable Securities that holders have requested to be included in such registration statement are actually included.

(e) *Restrictions on Demand Registrations*. The Company shall not be obligated to effect any Demand Registration within one hundred eighty (180) days after the effective date of the Go Public Transaction or within ninety (90) days after the effective date of a previous Long-Form Registration. The Company may postpone the filing or the effectiveness of a registration statement or prospectus supplement, as applicable, for a Demand Registration or suspend the use

of a prospectus included in any registration statement for a Demand Registration, if the Board determines in its good faith judgment that such Demand Registration would reasonably be expected to (i) materially interfere with any proposal or plan that is material to the Company related to any financing, acquisition of assets or securities, recapitalization, merger, consolidation, tender offer, reorganization or similar transaction, (ii) require premature disclosure of material information that the Company has a bona fide business purpose for preserving as confidential or (iii) render the Company unable to comply with requirements under the Securities Act or Exchange Act; *provided* that in such event, the Shareholder initially requesting such Demand Registration shall be entitled to withdraw such request and, if such request is withdrawn with respect to a Long-Form Registration, such Demand Registration shall not count against the total number of Long-Form Registrations provided for in Section 1(b), and the Company shall pay nonetheless all Registration Expenses in connection with such registration; *provided*, *further*, that the Company shall not register any securities for its own account or that of any other stockholder during such postponement or suspension period other than pursuant to: (a) a Resale Shelf (including any amendments, supplements or any other filings related thereto); (b) a registration relating to the sale or grant of securities to employees of the Company or a subsidiary pursuant to a stock option, stock purchase, equity incentive or similar plan; (c) a registration on any form that does not include substantially the same information as would be required to be included in a registration statement covering the sale of the Registrable Securities; or (d) a registration in which the only Common Shares being registered are Common Shares issuable upon conversion of debt securities that are also being registered. The Company may not delay a Demand Registration or suspend the use of a prospectus pursuant to this Section 1(e): (i) more than two (2) times in any period of twelve (12) consecutive months, (ii) the duration of any one suspension or postponement may not exceed sixty (60) days and (iii) the total duration of any suspension or postponement period may not be more than ninety (90) days in any period of twelve (12) consecutive months.

(f) *Resale Registration Statement*.

(i) The Company shall file within 30 days of the consummation of the Go Public Transaction, and use commercially reasonable efforts to cause to be declared effective as soon as practicable thereafter, a registration statement on Form S-1 (the "**Resale S-1 Shelf**") or, if the Company is eligible to use a registration statement on Form S-3, a registration statement on Form S-3 (the "**Resale S-3 Shelf**" and together with the Resale S-1 Shelf, each a "**Resale Shelf**"), in each case, covering the resale of all the Registrable Securities (determined as of two business days prior to such filing) and any other Common Shares or other securities of the Company issued in connection with the Go Public Transaction that have not been registered under the Securities Act; provided, that the Parties acknowledge and agree that the sale of any Registrable Securities registered under such Resale Shelf may be subject to restrictions imposed by lock-up or holdback restrictions and/or applicable securities laws. Such Resale Shelf shall provide for the resale of the Registrable Securities included therein pursuant to any method or combination of methods legally available to, and requested by, any of the Investors named therein. Notwithstanding anything to the contrary herein, to the extent there is an active Resale Shelf under this Section 1(f) covering Registrable Securities of any Major Holder and/or the Other Demand Holders, and such Major Holder and/or the Other Demand Holder wishes to request a Demand Registration, such Demand Registration shall reduce the number of Demand Registrations that may be made pursuant to Section 1(b).

(ii) The Company agrees to use commercially reasonable efforts to cause such Resale Shelf, or another shelf registration statement that includes all Registrable Securities, including, without limitation, the PIPE Shares, to remain effective until the earliest of (i) the second anniversary of the consummation of the Go Public Transaction and, (ii) the date on which Investors cease to hold any Registrable Securities (the "**End Date**"). Prior to the End Date, the Company will use commercially reasonable efforts to (1) qualify the Registrable Securities for listing on one or more of the New York Stock Exchange, NYSE American, LLC and/or the Nasdaq Stock Market and (2) update or amend the Registration Statement as necessary to include the Registrable Securities. The Company shall use its commercially reasonable efforts to provide a draft of the Resale Shelf to the Investors holding Registrable Securities for review (but not comment) at least two (2) Business Days in advance of filing the Resale Shelf; provided that, for the avoidance of doubt, in no event shall the Company be required to delay or postpone the filing of such Resale Shelf as a result of or in connection with any Investor's review. Notwithstanding the foregoing, if the Securities and Exchange Commission prevents the Company from including any or all of the Registrable Securities proposed to be registered under the Resale Shelf due to limitations on the use of Rule 415 of the Securities Act for the resale of Registrable Securities by the applicable stockholders or otherwise, such Resale Shelf shall register for resale the maximum number of Registrable Securities as is permitted. In such event, the number of Registrable Securities to be registered for each selling stockholder named in the Resale Shelf shall be reduced pro rata among all such selling stockholders, in each case, giving priority first to the PIPE Shares and then to the remainder of Registrable Securities, and as promptly as practicable after being permitted to register additional Registrable Securities under Rule 415 under the Securities Act, the Company shall amend the Resale Shelf or file a new Resale Shelf to register such Registrable Securities not included in the initial Resale Shelf and use its commercially reasonable efforts to cause such amendment or Resale Shelf to become effective as promptly as practicable. The Registration Expenses of the holders of Registrable Securities shall be paid by the Company in the Resale Shelf, whether or not any such offering is completed.

(g) *Selection of Underwriters*. If any Demand Registration is for an underwritten offering, then the holders of a majority of the Registrable Securities being sold in such Demand Registration shall have the right to select the investment banker(s) and manager(s) to administer such offering, subject to the prior written approval of the Board, which approval shall not be unreasonably withheld, conditioned or delayed.

(h) *Other Registration Rights*. Except as provided to the holders of Registrable Securities in this Agreement and except in connection with the Go Public Transaction (including the filing of the Resale Shelf contemplated thereby), the Company shall not grant to any Persons the right to request the Company to register any equity securities of the Company, or any securities, options or rights convertible or exchangeable into or exercisable for such securities, without the prior written consent of the Board; *provided* that the Company may (i) grant rights to participate in any registration pursuant to Section 2 below (a "**Piggyback Registration**") so long

as such rights are subordinate in priority to the rights of Parties hereto with respect to Piggyback Registrations, as provided in Section 2(c) and Section 2(d), and not otherwise inconsistent with the terms and conditions hereof, and (ii) enter into an agreement with any holder or prospective holder of any securities of the Company related to the filing of a Resale Shelf to register shares issued to such holder as consideration in an acquisition of a third party, if and only if such Resale Shelf does not permit underwritten offerings (provided that nothing in this clause (ii) shall be interpreted to limit the rights of a holder of securities of the Company in connection with the Go Public Transaction and the Resale Shelf contemplated thereby).

(i) *Termination of Registration Rights*. The rights of any holder of Registrable Securities to request inclusion of such Registrable Securities pursuant to this Section 1 shall terminate upon the earlier to occur of (i) the seventh anniversary of the date of this Agreement and (ii) the date as of which (A) all of the Registrable Securities have been sold pursuant to a Registration Statement (but in no event prior to the applicable period referred to in Section 4(a)(3) of the Securities Act and Rule 174 thereunder (or any successor rule promulgated thereafter by the Commission)) or (B) all Registrable Securities have been sold under Rule 144 under the Securities Act. The provisions of Section 7 and Section 9 shall survive any termination.

Section 2. *Piggyback Registrations.*

(a) *Right to Piggyback.*

(i) Other than in connection with a Resale Shelf or a request for a Demand Registration or a Shelf Registration pursuant to Sections 1(a), 1(b) and 1(c) of this Agreement, if at any time the Company, including if the Company qualifies as a WKSI, proposes to file (A) a prospectus supplement to an effective shelf registration statement (a "**Shelf Registration Statement**"), or (B) a registration statement other than a Shelf Registration Statement, in either case, for the sale of Common Shares for its own account, or for the benefit of the holders of any of its Common Shares other than the Shareholders, to an underwriter on a firm commitment basis for reoffering to the public or in a "bought deal" or "registered direct offering" with one or more investment banks (collectively, a "**Piggyback Underwritten Offering**"), then the Company shall give prompt written notice, to be delivered not less than five (5) business days prior to the filing of (1) any preliminary prospectus supplement relating to such Piggyback Underwritten Offering pursuant to Rule 424(b) under the Securities Act, (2) any prospectus supplement relating to such Piggyback Underwritten Offering pursuant to Rule 424(b) under the Securities Act (if no preliminary prospectus supplement is used) or (3) such registration statement, as the case may be, to all holders of Registrable Securities of the Company and such notice (a "**Piggyback Notice**") shall offer the Shareholders the opportunity to include in such Piggy-Back Underwritten Offering such number of Registrable Securities as each such Shareholder may request in writing. Each such Shareholder shall then have three (3) business days after receiving such notice to request in writing to the Company inclusion of Registrable Securities in the Piggy-Back Underwritten Offering, except that such Shareholders shall have two (2) business days after such Shareholder confirms receipt of the notice to request inclusion of Registrable Securities in the Piggy Back Underwritten Offering in the case of a "bought deal",

"registered direct offering" or "overnight transaction" where no preliminary prospectus is used. Upon receipt of any such request for inclusion from a Shareholder received within the specified time, the Company shall use reasonable best efforts to effect the registration in any registration statement of any of the Shareholder's Registrable Securities requested to be included on the terms set forth in this Agreement. Prior to the commencement of any "road show," any Shareholder shall have the right to withdraw its request for inclusion of its Registrable Securities in any registration by giving written notice to the Company of its request to withdraw and such withdrawal shall be irrevocable and, after making such withdrawal, such Shareholder shall no longer have any right to include Registrable Securities in the Piggyback Underwritten Offering as to which such withdrawal was made. The Company may postpone or withdraw the filing or the effectiveness of a Shelf Registration Statement or a proposed Piggyback Underwritten Offering at any time in its sole discretion.

(ii) If the Company does not qualify as a WKSI, (A) the Company shall give each Shareholder five (5) business days' notice prior to filing a Shelf Registration Statement and, upon the written request of any Shareholder, received by the Company within three (3) business days of such notice to the Shareholder, the Company shall include in such Shelf Registration Statement a number of Common Shares equal to the aggregate number of Registrable Securities requested to be included without naming any requesting Shareholder as a selling shareholder and including only a generic description of the holder of such securities (the "**Undesignated Registrable Securities**"), (B) the Company shall not be required to give notice to any Shareholder in connection with a filing pursuant to Section 2(a)(i) unless such Shareholder provided such notice to the Company pursuant to this Section 2(a)(ii) and included Undesignated Registrable Securities in the Shelf Registration Statement related to such filing, and (C) at the written request of a Shareholder given to the Company more than two (2) business days before the date specified in writing by the Company as the Company's good faith estimate of a launch of a Piggyback Registration (or such shorter period to which the Company in its sole discretion consents), the Company shall use reasonable best efforts to effect the registration of any of the Shareholders' Undesignated Registrable Securities so requested to be included and shall file a post-effective amendment or, if available, a prospectus supplement to a Shelf Registration Statement to include such Undesignated Registrable Securities as any Shareholder may request, *provided* that (1) the Company is actively employing its reasonable best efforts to effect such Piggyback Registration; and (2) the Company shall not be required to effect a post-effective amendment more than two (2) times in any twelve (12) month period. In lieu of providing the notice set forth in Section 2(a)(i), the Company may determine to include in a Shelf Registration Statement a number of Undesignated Registrable Securities equal to the Registrable Securities held by all Shareholders. The Company shall have the right to terminate or withdraw any registration or offering initiated by it under this Section 2(a) before the effective date of such registration, whether or not any Shareholder has elected to include Registrable Securities in such registration or offering. The expenses of such withdrawn registration or offering shall be borne by the Company in accordance with Section 2(b).

(b) *Piggy Back Expenses*. The Registration Expenses of the holders of Registrable Securities shall be paid by the Company in all Piggyback Underwritten Offerings, whether or not any such offering is completed.

(c) *Priority on Primary Piggyback Registrations*. If a Piggyback Registration is an underwritten primary offering on behalf of the Company and the managing underwriters advise the Company in writing that in their reasonable opinion the number of securities requested to be included in such offering exceeds the number of Registrable Securities which marketing factors permit to be sold in such offering, then the Company shall include in such offering only that number of securities that in the opinion of such underwriters marketing factors permit to be sold in such offering, with priority for inclusion to be determined as follows: (i) first, the securities the Company proposes to sell, (ii) second, a number of Registrable Securities requested to be included in such registration allocated pro rata among the respective holders thereof on the basis of the number of Registrable Securities owned by each such holder, and (iii) third, any securities entitled to registration rights pursuant to a private placement expected to be consummated in connection with the Merger, *provided, however*, that (i) the number of Registrable Securities held by such holders to be included in such offering shall not be reduced unless securities held by persons other than the Company and Major Holders are first entirely excluded from the offering and (ii) the number of Registrable Securities included in the offering shall not be reduced below thirty percent (30%) of the total number of securities included in such offering.

(d) *Priority on Secondary Piggyback Registrations*. If a Piggyback Registration is an underwritten secondary offering on behalf of holders of the Company's securities (other than holders of Registrable Securities) and the managing underwriters advise the Company in writing that in their reasonable opinion the number of securities requested to be included in such offering exceeds the number of securities which marketing factors permit to be sold in such offering, then the Company shall include in such offering only that number of securities which in the opinion of such underwriters marketing factors permit to be sold in such offering, and the Registrable Securities that are included in such offering shall be allocated pro rata among the respective holders thereof on the basis of the number of Registrable Securities owned by each such Shareholder; *provided, however*, that the number of Registrable Securities held by such holders to be included in such offering shall not be reduced unless all other securities are first entirely excluded from the offering.

(e) *Selection of Underwriters*. If any Piggyback Registration is an underwritten offering, the Board shall select the investment banker(s) and manager(s) for such offering.

(f) *Other Registrations*. If the Company has previously filed a registration statement with respect to Registrable Securities pursuant to Section 1 or Section 2, and if such previous registration has not been withdrawn or abandoned, then the Company shall not file or cause to be effected any other registration of any of its equity securities or securities convertible or exchangeable into or exercisable for its equity securities under the Securities Act (except on Form S-8 or any successor form), whether on its own behalf or at the request of any holder or holders of such securities, until a period of at least ninety (90) days has elapsed from the effective date of such previous registration.

(g) *Termination of Registration Rights*. The rights of any holder of Registrable Securities to request inclusion of such Registrable Securities pursuant to this Section 2 shall terminate upon the earlier of (i) the seventh anniversary of the date of this Agreement and (ii) the date as of which (A) all of the Registrable Securities have been sold pursuant to a Registration Statement (but in no event prior to the applicable period referred to in Section 4(a)(3) of the Securities Act and Rule 174 thereunder (or any successor rule promulgated thereafter by the Commission)) or (B) all Registrable Securities have been sold under Rule 144 under the Securities Act. The provisions of Section 7 and Section 9 shall survive any termination.

Section 3. *Holdback Agreements*. Each Shareholder hereby agrees that such Shareholder shall not (i) lend, offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase, or otherwise transfer or dispose of, directly or indirectly, (a) any Common Shares that are held by or on behalf of such Shareholder immediately prior to the consummation of the Go Public Transaction or (b) any securities that are held by or on behalf of such Shareholder immediately prior to the consummation of the Go Public Transaction that are convertible into or exercisable or exchangeable (directly or indirectly) for Common Shares (including without limitation, Common Shares or other securities that may be issued after the consummation of the Go Public Transaction upon exercise, vesting or settlement, as applicable, of any stock option, restricted stock unit, capped value appreciation right or other equity or equity-based award or interest (the securities described in this clause (b), the "**Other Securities**")) or (ii) enter into any swap, hedge or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of any Common Shares or Other Securities, whether any such transaction described in clause (i) or (ii) above is to be settled by delivery of Common Shares or Other Securities, in cash, or otherwise, and whether any such transaction is made or executed by or on behalf of someone other than the Shareholder (each, a "**Sale Transaction**") for a period of one-hundred eighty (180) days following the consummation of the Go Public Transaction (a "**Holdback Period**"), *provided* that all officers and directors of the Company and holders of at least one percent (1%) of the Company's voting securities (calculated on a fully diluted basis) are bound by and have entered into agreements that are no less restrictive than such agreements entered into by the Shareholders (including, without limitation, any provisions relating to early release from such obligations); *provided*, further, that the term "Sale Transaction" shall not include a sale or other transfer by an Upstream Equity Holder of its direct or indirect common stock or membership, partnership or other equity ownership interest in a Shareholder (whether or not for consideration). The foregoing provisions of this Section 3 shall not apply to:

(1) the sale of any Common Shares to an underwriter pursuant to an underwriting agreement to which the Company is a party in connection with a Shareholder's exercise of piggyback registration rights set forth in, and in accordance with the terms and conditions of, Section 2 hereof;

(2) a transfer of any or all of Common Shares or Other Securities (I) by gift, will, intestate succession or charitable contribution, (II) to any Permitted Transferee, (III) by operation of law or pursuant to a court order or an order of a regulatory agency, such as a qualified domestic relations order, divorce decree or separation agreement, (IV) to the Company pursuant to the exercise, in each case on a "cashless" or "net exercise" basis, of any Other Securities (provided that any Common Shares received upon any such exercise

will be subject to the restrictions set forth above), (V) for purposes of satisfying any withholding taxes and/or estimated taxes due as a result of the exercise, vesting or settlement, as applicable, of any Other Securities, (VI) in connection with the Company's consummation of a liquidation, merger, amalgamation, share exchange, reorganization, tender offer or other similar transaction that results in all of the Company's shareholders having the right to exchange their equity holdings in the Company for cash, securities or other property or (VII) by pledging, hypothecating or otherwise granting a security interest in Common Shares or Other Securities in a bona fide transaction to one or more unaffiliated lending institutions as collateral or security for any margin loan and any transfer in the event of foreclosure upon such Common Shares or Other Securities as a result of a default on such margin loan (so long as any such pledge, hypothecation or grant of security interest shall be on terms consistent with customary margin loans, and the applicable Shareholder shall provide the Company with written notice prior to entering into such margin loan); provided, however, that in the case of any of the foregoing clauses (I), (II) or (III), the transferee in such transfer shall agree in a writing delivered to the Company that the Common Shares or Other Securities so transferred will thereafter continue be subject to the terms set forth above;

(3) the establishment or modification of a written plan meeting the requirements of Rule 10b5-1 of the Exchange Act that does not provide for the sale or transfer of Common Shares during the Holdback Period; provided that, to the extent a public announcement or filing under the Exchange Act is required regarding the establishment or modification of such plan, such announcement or filing shall include a statement to the effect that no sales or transfers of Common Shares may be made under such plan during the Holdback Period; or

(4) any Common Shares or Other Securities issued in connection with the private placement consummated in connection with the Go Public Transaction, including any Common Shares or other securities received in exchange for, or converted for, securities acquired in such private placement (the "**PIPE Shares**").

Each Shareholder agrees to execute and deliver such other customary agreements as may be reasonably requested by the Company or the managing underwriter in an underwritten transaction that are consistent with the foregoing or which are necessary to give further effect thereto. Any discretionary waiver or termination of the restrictions by the Company or the underwriters of any or all of such restrictions with respect to any officer or director of the Company or a holder of 1% or more of the Company's total outstanding Common Shares (including a release of such restrictions set forth in Section 5 of the Bye-Laws, a "**Lock-Up Release**") shall apply pro rata to all Major Holders, based on the number of shares subject to such restrictions (the "**Shareholder Pro Rata Release**"); *provided* that the prior sentence shall not apply to (a) waivers or terminations granted in an amount less than or equal to 1% of the Company's total outstanding Common Shares (calculated on a fully-diluted basis immediately after the consummation of the Go Public Transaction) or (b) any primary or secondary public offering or sale that is underwritten and in which each holder of Registerable Securities is offered the opportunity to participate pursuant to Section 2 hereof. The Company may impose stop-transfer instructions with respect to the Common Shares (or other securities) subject to the foregoing restriction until the end of said one-hundred eighty (180)-day period. At least two

business days' prior to the effective date of any Lock-Up Release, the Company shall provide written notice to the Major Holders stating the percentage of Common Shares held by such Major Holder to be released. The Company acknowledges that the approval of this Agreement by the Board and the approval of any Lock-Up Release triggering such Shareholder Pro Rata Release shall together constitute Board approval under Section 5 of the Bye-Laws of any Shareholder Pro Rata Release.

Section 4. *Registration Procedures*. Whenever the holders of Registrable Securities have requested that any Registrable Securities be registered pursuant to this Agreement (including pursuant to a Resale Shelf), the Company shall use its reasonable best efforts to effect the registration and the sale of such Registrable Securities hereunder in accordance with the intended method of disposition thereof, and pursuant thereto the Company shall as expeditiously as reasonably possible:

(a) in accordance with the Securities Act and all applicable rules and regulations promulgated thereunder, prepare and file with the Commission a registration statement, and all amendments and supplements thereto and related prospectuses as may be necessary to comply with applicable securities laws, with respect to such Registrable Securities and use its reasonable best efforts to cause such registration statement to become effective;

(b) notify each holder of Registrable Securities of (i) the issuance by the Commission of any stop order suspending the effectiveness of any registration statement or the initiation of any proceedings for that purpose, (ii) the receipt by the Company or its counsel of any notification with respect to the suspension of the qualification of the Registrable Securities for sale in any jurisdiction or the initiation or threatening of any proceeding for such purpose, and (iii) the effectiveness of each registration statement filed hereunder;

(c) prepare and file with the Commission such amendments and supplements to such registration statement and the prospectus used in connection therewith as may be necessary to keep such registration statement effective for a period ending when all of the securities covered by such registration statement have been disposed of in accordance with the intended methods of disposition by the sellers thereof as set forth in such registration statement or, in the case of a Shelf Registration, if earlier, the date as of which all of the Registrable Securities included in such registration are able to be sold within a ninety (90) day period in compliance with Rule 144 (but in any event not before the expiration of any longer period required under the Securities Act or, if such registration statement relates to an underwritten offering, such longer period as in the opinion of counsel for the underwriters a prospectus is required by law to be delivered in connection with sales of securities thereunder by any underwriter or dealer) and comply with the provisions of the Securities Act with respect to the disposition of all securities covered by such registration statement during such period in accordance with the intended methods of disposition by the sellers thereof set forth in such registration statement; *provided*, that any such period shall be extended for a period of time equal to the period the holder refrains, at the request of an underwriter of Common Stock (or other securities) of the Company, from selling any securities included in such registration statement;

(d) furnish to each seller of Registrable Securities thereunder such number of copies of such registration statement, each amendment and supplement thereto, the prospectus included in such registration statement (including each preliminary prospectus and any summary prospectus), each Free-Writing Prospectus and such other documents as such seller may reasonably request in order to facilitate the disposition of the Registrable Securities owned by such seller;

(e) use its reasonable best efforts to register or qualify such Registrable Securities under such other securities or blue sky laws of such jurisdictions as any seller reasonably requests and do any and all other acts and things which may be reasonably necessary or advisable to enable such seller to consummate the disposition in such jurisdictions of the Registrable Securities owned by such seller (*provided* that the Company shall not be required to (i) qualify generally to do business in any jurisdiction where it would not otherwise be required to qualify but for this Section 4(e), (ii) subject itself to taxation in any such jurisdiction, or (iii) consent to general service of process in any such jurisdiction);

(f) promptly notify in writing each seller of such Registrable Securities at any time when a prospectus relating thereto is required to be delivered under the Securities Act, of the happening of any event as a result of which the prospectus included in such registration statement contains an untrue statement of a material fact or omits any fact necessary to make the statements therein not misleading, and, at the request of any such seller, the Company promptly shall prepare, file with the Commission and furnish to each such seller a reasonable number of copies of a supplement or amendment to such prospectus so that, as thereafter delivered to the purchasers of such Registrable Securities, such prospectus shall not contain an untrue statement of a material fact or omit to state any fact necessary to make the statements therein not misleading; *provided*, that each selling holder of the Registrable Securities, upon receipt of any notice from the Company of any event of the kind described in this Section 4(f), shall forthwith discontinue disposition of the Registrable Securities pursuant to the registration statement covering such Registrable Securities until such holder is advised in writing by the Company that the use of the prospectus may be resumed and is furnished with a supplemented or amended prospectus as contemplated by this Section 4(f), and if so directed by the Company, such holder shall deliver to the Company (at the Company's expense) all copies, other than permanent file copies then in such holder's possession, of the prospectus covering such Registrable Securities at the time of receipt of such notice;

(g) prepare and file promptly with the Commission, and notify such holders of Registrable Securities prior to the filing of, such amendments or supplements to such registration statement or prospectus as may be necessary to correct any statements or omissions if, at the time when a prospectus relating to such securities is required to be delivered under the Securities Act, when any event has occurred as the result of which any such prospectus or any other prospectus as then in effect would include an untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein not misleading, and, if any such holders of Registrable Securities or any underwriter for any such holders is required to deliver a prospectus at a time when the prospectus then in circulation is not in compliance with the Securities Act or the rules and regulations promulgated thereunder, the Company shall use its best efforts to prepare promptly upon request of any such holder or underwriter such amendments or supplements to such registration statement and prospectus as may be necessary in order for such prospectus to comply with the requirements of the Securities Act and such rules and regulations;

(h) cause all such Registrable Securities to be listed on each securities exchange on which similar securities issued by the Company are then listed;

(i) provide a transfer agent and registrar for all such Registrable Securities not later than the effective date of such registration statement;

(j) enter into and perform such customary agreements (including underwriting agreements in customary form) and take all such other actions as the holders of a majority of the Investor Registrable Securities included in such registration, the holders of a majority of the Other Registrable Securities included in such registration or the underwriters, if any, reasonably request in order to expedite or facilitate the disposition of such Registrable Securities (including effecting a split or combination of equity, recapitalization or reorganization and preparing for and participating in such number of "road shows," investor presentations and marketing events as the underwriters managing such offering may reasonably request);

(k) make available upon reasonable notice and during normal business hours for inspection by any seller of Registrable Securities, any underwriter participating in any disposition pursuant to such registration statement and any attorney, accountant or other agent retained by any such seller or underwriter, all financial and other records, pertinent corporate and business documents and properties of the Company, as shall be reasonably necessary to enable them to exercise their due diligence responsibility, and cause the Company's officers, managers, directors and employees to supply all information reasonably requested by any such seller, underwriter, attorney, accountant or agent in connection with such registration statement; provided, that, unless the disclosure of such records is necessary to avoid or correct a misstatement or omission in the registration statement or the release of such records is ordered pursuant to a subpoena or other order from a court of competent jurisdiction, the Company shall not be required to provide any information under this Section 4(k) if the Company believes, after consultation with counsel for the Company, that to do so would cause the Company to forfeit an attorney-client privilege that was applicable to such information;

(l) take all reasonable actions to ensure that any Free-Writing Prospectus prepared by or on behalf of the Company in connection with any Demand Registration or Piggyback Registration hereunder complies in all material respects with the Securities Act, is filed in accordance with the Securities Act to the extent required thereby, is retained in accordance with the Securities Act to the extent required thereby and, when taken together with the related prospectus, will not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading;

(o) in the event of the issuance of any stop order suspending the effectiveness of a registration statement, or the issuance of any order suspending or preventing the use of any related prospectus or suspending the qualification of any equity securities included in such registration statement for sale in any jurisdiction, the Company shall use its reasonable best efforts promptly to obtain the withdrawal of such order;

(p) obtain (i) a cold comfort letter from the Company's independent public accountants in customary form and covering such matters of the type customarily covered by cold comfort letters and (ii) opinions of counsel from the Company's counsel in customary form and covering such matters of the type customarily covered in a public issuance of securities, in each case, in form and substance reasonably satisfactory to the underwriters and addressed to the managing underwriters; in each case as the holders of a majority of the Registrable Securities included in such registration reasonably request; and

(q) otherwise use its reasonable best efforts to take all other steps necessary to effect the registration of such Registrable Securities contemplated hereby.

Section 5. *Certain Obligations of Holders of Registrable Securities*. Each holder of Registrable Securities that sells such securities pursuant to a registration under this Agreement agrees as follows:

(a) Such holder (if such holder is an employee or independent contractor of the Company or any of its Affiliates) shall cooperate with the Company (as reasonably requested by the Company) in connection with the preparation of the registration statement, and, for so long as the Company is obligated to file and keep effective such registration statement, each holder of Registrable Securities that is participating in such registration shall provide to the Company, in writing, for use in the applicable registration statement, all such information regarding such holder and its plan of distribution of such securities as may be reasonably necessary to enable the Company to prepare the registration statement and prospectus covering such securities, to maintain the currency and effectiveness thereof and otherwise to comply with all applicable requirements of law in connection therewith.

(b) During such time as a holder of Registrable Securities may be engaged in a distribution of such securities, such holder shall distribute such securities under the registration statement solely in the manner described in the registration statement.

(c) Each Person that is participating in any registration under this Agreement, upon receipt of any notice from the Company of the happening of any event of the kind described in Section 4(f), shall immediately discontinue the disposition of its securities of the Company pursuant to the registration statement until such Person's receipt of the copies of a supplemented

or amended prospectus as contemplated by Section 4(f). In the event the Company has given any such notice, the applicable time period set forth in Section 4(c) during which a registration statement is to remain effective shall be extended by the number of days during the period from and including the date of the giving of such notice pursuant to this Section 5(c) to and including the date when each seller of Registrable Securities covered by such registration statement shall have received the copies of the supplemented or amended prospectus contemplated by Section 4(f).

Section 6. *Registration Expenses*.

(a) All expenses incident to the Company's performance of or compliance with this Agreement, including all registration, qualification and filing fees, fees and expenses of compliance with securities or blue sky laws, filing expenses, printing expenses, messenger and delivery expenses, fees and disbursements of custodians and fees and disbursements of counsel for the Company and all independent certified public accountants, underwriters (excluding underwriting discounts and commissions) and other Persons retained by the Company (all such expenses being herein called "**Registration Expenses**"), shall be borne by the Company as provided in this Agreement, and the Company also shall pay all of its internal expenses (including all salaries and expenses of its officers and employees performing legal or accounting duties), the expense of any annual audit or quarterly review, the expense of any liability insurance and the expenses and fees for listing the securities to be registered on each securities exchange on which similar securities issued by the Company are then listed. Notwithstanding anything to the contrary contained herein, each seller of securities pursuant to a registration under this Agreement shall bear and pay all underwriting discounts and commissions applicable to the securities sold for such seller's account.

(b) In connection with each Demand Registration and each Piggyback Registration, the Company shall reimburse the holders of Registrable Securities included in such registration for the reasonable and documented fees and disbursements of one (1) counsel chosen by the holders of a majority of the Registrable Securities requesting inclusion in such registration, subject to the approval of the Company of such counsel (which approval shall not be unreasonably withheld, conditioned or delayed) and for the reasonable and documented fees and disbursements of each additional counsel retained by any holder of Registrable Securities for the purpose of rendering a legal opinion on behalf of such holder in connection with any underwritten Demand Registration or Piggyback Registration.

(c) To the extent any expenses relating to a registration hereunder are not required to be paid by the Company, each holder of securities included (or requested to be included) in any registration hereunder shall pay those expenses allocable to the registration (or proposed registration) of such holder's securities so included (or requested to be included), and any expenses not so allocable shall be borne by all sellers of securities requested to be included in such registration in proportion to the aggregate selling price of the securities to be so registered.

Section 7. *Indemnification.*

(a) The Company shall indemnify and hold harmless, to the fullest extent permitted by law, each holder of Registrable Securities, its officers, directors, members, managers, partners, agents, Affiliates and employees and each Person who controls such holder (within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act) against all losses, claims, actions, damages, liabilities and expenses (including with respect to actions or proceedings, whether commenced or threatened, and including reasonable attorney fees and expenses) caused by, resulting from, arising out of or based upon any of the following statements, omissions or violations by the Company: (i) any untrue or alleged untrue statement of material fact contained in any registration statement, prospectus, preliminary prospectus or Free-Writing Prospectus, or any amendment thereof or supplement thereto, (ii) any omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein not misleading, or (iii) any violation or alleged violation by the Company of the Securities Act, the Exchange Act or any other similar federal or state securities laws or any rule or regulation promulgated thereunder applicable to the Company and relating to action or inaction required of the Company in connection with any such registration, qualification or compliance, and to pay to each holder of Registrable Securities, its officers, directors, members, managers, partners, agents, Affiliates and employees and each Person who controls such holder (within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act), as incurred, any legal and any other expenses reasonably incurred in connection with investigating, preparing or defending any such claim, loss, damage, liability or action, except to the extent that the same are caused by or based upon any information furnished in writing to the Company or any managing underwriter by such holder expressly for use therein. In connection with an underwritten offering, the Company shall indemnify any underwriters or deemed underwriters, their officers and directors and each Person who controls such underwriters (within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act) to the same extent as provided above with respect to the indemnification of the holders of Registrable Securities (or to such lesser extent that may be agreed to between the underwriters and the Company).

(b) In connection with any registration in which a holder of Registrable Securities is participating, each such holder shall furnish to the Company and the managing underwriter in writing such information and affidavits as the Company or the managing underwriter reasonably requests for use in connection with any such registration statement or prospectus relating to the Registrable Securities, or any amendment or supplement thereto, or any preliminary prospectus or Free Writing Prospectus and, to the fullest extent permitted by law, shall indemnify the Company, its directors, officers, agents and each Person who controls the Company (within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act) against any losses, claims, damages, liabilities and expenses resulting from any untrue or alleged untrue statement of material fact contained in the registration statement, prospectus or preliminary prospectus or any amendment thereof or supplement thereto and any omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein not misleading, but only to the extent that such untrue statement or omission is contained in any information or affidavit so furnished in writing by such holder expressly for use therein and has not been corrected in a subsequent writing prior to or concurrently with the sale of Registrable Securities to the Person asserting the claim; *provided* that, in the event that a court of competent jurisdiction decides against any such allegations of untrue statements or omissions of a material fact, such holders shall be reimbursed for any amounts previously paid hereunder with respect to such allegations; *provided further* that the obligation to indemnify shall be individual, not joint and several, for each holder and shall be limited to the net amount of proceeds received by such holder from the sale of Registrable Securities pursuant to such registration statement.

(c) Any Person entitled to indemnification hereunder shall (i) give prompt written notice to the indemnifying party of any claim with respect to which it seeks indemnification (provided that the failure to give prompt notice shall not impair any Person's right to indemnification hereunder to the extent such failure has not prejudiced the indemnifying party) and (ii) unless in such indemnified party's reasonable judgment a conflict of interest between such indemnified and indemnifying parties may exist with respect to such claim, permit such indemnifying party to assume the defense of such claim with counsel reasonably satisfactory to the indemnified party. The indemnifying party shall not be subject to any liability for any settlement made by the indemnified party without the consent of the indemnifying party. An indemnifying party who is not entitled to, or elects not to, assume the defense of a claim shall not be obligated to pay the fees and expenses of more than one (1) counsel for all parties indemnified by such indemnifying party with respect to such claim, unless in the reasonable judgment of any indemnified party a conflict of interest may exist between such indemnified party and any other of such indemnified parties with respect to such claim. In such instance, the conflicting indemnified parties shall have a right to retain one (1) separate counsel, chosen by the holders of a majority of the Registrable Securities included in the registration by such conflicting indemnified parties, at the expense of the indemnifying party. No indemnifying party, in the defense of such claim or litigation, shall, except with the consent of each indemnified party, consent to the entry of any judgment or enter into any settlement which does not include as an unconditional term thereof the giving by the claimant or plaintiff to such indemnified party of a release from all liability in respect to such claim or litigation.

(d) Each party hereto agrees that, if for any reason the indemnification provisions contemplated by Section 7(a) or Section 7(b) are unavailable to or insufficient to hold harmless an indemnified party in respect of or is otherwise unenforceable with respect to any losses, claims, damages, liabilities or expenses (or actions in respect thereof) referred to therein, then each indemnifying party shall contribute to the amount paid or payable by such indemnified party as a result of such losses, claims, damages, liabilities or expenses (or actions in respect thereof) in such proportion as is appropriate to reflect the relative fault of the indemnifying party and the indemnified party as well as any other relevant equitable considerations. The relative fault of such indemnifying party and indemnified party shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact relates to information supplied by such indemnifying party or indemnified party, and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission. The parties hereto agree that it would not be just and equitable if contribution pursuant to this Section 7(d) were determined by pro rata allocation (even if the holders or any underwriters or all of them were treated as one entity for such purpose) or by any other method of allocation which does not take account of the equitable considerations referred to in this Section 7(d). The amount paid or payable by an indemnified party as a result of the losses, claims, damages, liabilities or expenses (or actions in respect thereof) referred to above shall be deemed to include any legal or other fees or expenses reasonably incurred by such indemnified party in connection with investigating or, except as provided in Section 7(c), defending any such action or claim. No Person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any Person who was not guilty of such fraudulent misrepresentation. The sellers' obligations in this Section 7(d) to contribute shall be several in proportion to the amount of securities registered by them and not joint and shall be limited for each seller to an amount

equal to the net proceeds actually received by such seller from the sale of Registrable Securities effected pursuant to such registration; provided that in no event shall the aggregate amounts payable by any such seller by way of indemnity or contribution under this Section 7(d) and when combined with any amounts payable under Section 7(b) exceed the net proceeds from the offering actually received by such seller from the sale of Registrable Securities effected pursuant to such registration.

(e) The indemnification and contribution provided for under this Agreement shall be in addition to any other rights to indemnification and contribution that any indemnified party may have pursuant to law or contract and shall remain in full force and effect regardless of any investigation made by or on behalf of the indemnified party or any officer, director or controlling Person of such indemnified party and shall survive the transfer of securities.

Section 8. *Participation in Underwritten Registrations*. No Person may participate in any registration hereunder which is underwritten unless such Person (i) agrees to sell such Person's Registrable Securities on the basis provided in any underwriting arrangements in form customary for transactions of this type approved by the holders of a majority of the Registrable Securities to be sold in the contemplated offering (including pursuant to any over-allotment or "green shoe" option requested by the underwriters, provided that no holder of Registrable Securities shall be required to sell more than the number of Registrable Securities such holder has requested to include) and (ii) completes and executes all questionnaires, powers of attorney, indemnities, underwriting agreements and other documents required under the terms of such underwriting arrangements; *provided* that no holder of Registrable Securities included in any underwritten registration shall be required to make any representations or warranties to the Company or the underwriters in connection with an underwritten registration (other than representations and warranties regarding such holder, such holder's title to the securities and such holder's intended method of distribution) or to undertake any indemnification obligations to the Company or the underwriters with respect thereto, except as otherwise specifically provided in Section 7, or to agree to any lock-up or holdback restrictions, except as otherwise specifically provided in Section 3.

Section 9. *Other Agreements.* At all times after the Company has filed a registration statement with the Commission pursuant to the requirements of either the Securities Act or the Exchange Act, the Company shall use its reasonable best efforts to file all reports required to be filed by it under the Securities Act and the Exchange Act and the rules and regulations adopted by the Commission thereunder and shall take such further action as the Investors or the Other Shareholders may reasonably request, all to the extent required to enable such Persons to sell securities pursuant to (i) Rule 144 or any similar rule or regulation hereafter adopted by the Commission or (ii) a registration statement on Form S-3 or any similar registration form hereafter adopted by the Commission. Upon reasonable request, the Company shall deliver to the Investors and the Other Shareholders a written statement as to whether it has complied with such requirements. The Company shall at all times after it has consummated the Go Public Transaction use its reasonable best efforts to cause the securities so registered to be listed on one or more of the New York Stock Exchange, NYSE American, LLC and/or the Nasdaq Stock Market. The foregoing agreements in this Section 9 shall not apply to a "take private" or other transaction in which the Common Shares cease to be registered under the Exchange Act, so long as such transaction is approved by the Board.

Section 10. *Subsidiary Public Offering*. If, after an initial public offering of the capital stock or other equity securities of one of its subsidiaries, the Company distributes securities of such subsidiary to its equity holders, then the rights of holders hereunder and the obligations of the Company pursuant to this Agreement shall apply, *mutatis mutandis*, to such subsidiary, and the Company shall cause such subsidiary to comply with such subsidiary's obligations under this Agreement.

Section 11. *Term*. This Agreement shall become effective upon consummation of the Go Public Transaction and shall terminate upon the earlier to occur of (i) the seventh anniversary of the date of this Agreement and (ii) the date as of which (A) all of the Registrable Securities have been sold pursuant to a Registration Statement (but in no event prior to the applicable period referred to in Section 4(a)(3) of the Securities Act and Rule 174 thereunder (or any successor rule promulgated thereafter by the Commission)) or (B) all Registrable Securities have been sold under Rule 144 under the Securities Act. The provisions of Section 7 and Section 9 shall survive any termination.

(b) *Adjustments Affecting Registrable Securities*. The Company shall not take any action, or permit any change to occur, with respect to its securities that would materially and adversely affect the ability of the holders of Registrable Securities to include such Registrable Securities in a registration undertaken pursuant to this Agreement or that would materially and adversely affect the marketability of such Registrable Securities in any such registration (including effecting a split or a combination of securities).

(c) *Remedies*. Any Person having any rights under any provision of this Agreement shall be entitled to enforce such rights specifically (without posting a bond or other security), to recover damages by reason of any breach of any provision of this Agreement and to exercise all other rights granted by law. The Parties agree and acknowledge that the Investors and the other holders of Registrable Securities would be irreparably harmed by, and money damages would not be an adequate remedy for, any breach of the provisions of this Agreement and that, in addition to any other rights and remedies existing in its favor, any Party shall be entitled to specific performance and/or other injunctive relief from any court of law or equity of competent jurisdiction (without posting any bond or other security) in order to enforce or prevent violation of the provisions of this Agreement.

No course of dealing between or among the Parties (including the failure of any Party to enforce any of the provisions of this Agreement) shall be deemed effective to modify, amend, waive or discharge any part of this Agreement or any rights or obligations of any Party under or by reason of this Agreement, and the failure of any Party to enforce any of the provisions of this Agreement shall in no way be construed as a waiver of such provisions and shall not affect the right of such Party thereafter to enforce each and every provision of this Agreement in accordance with its terms. Without limiting the foregoing, whether or not any express assignment has been made, the provisions of this Agreement which are for the benefit of holders of Investor Registrable Securities or Other Registrable Securities are also for the benefit of, and enforceable by, any subsequent holder of Investor Registrable Securities and Other Registrable Securities.

(f) *Severability*. Whenever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement or the application of any such provision to any Person or circumstance shall be held to be prohibited by or illegal or unenforceable under applicable law in any respect by a court of competent jurisdiction, such provision shall be ineffective only in such jurisdiction and to the extent of such prohibition or illegality or unenforceability, without invalidating the remainder of such provision or the remaining provisions of this Agreement in such jurisdiction or any provisions of this Agreement in any other jurisdiction.

(g) *Counterparts*. This Agreement and any amendments hereto or thereto, to the extent signed and delivered in counterparts (any one of which need not contain the signatures of more than one Party hereto or thereto, but all such counterparts together shall constitute one and the same Agreement) by means of a facsimile machine or electronic transmission in portable document format (pdf), shall be treated in all manner and respects as an original thereof and shall be considered to have the same binding legal effects as if it were the original signed version thereof delivered in person. At the request of any Party hereto or thereto, each other Party hereto or thereto shall re-execute original forms thereof and deliver them to all other Parties hereto or thereto. No Party hereto shall raise the use of a facsimile machine or electronic transmission in pdf to deliver a signature or the fact that any signature or document was transmitted or communicated through the use of facsimile machine or electronic transmission as a defense to the formation of a contract, and each such Party forever waives any such defense.

(l) *Rights Cumulative*. The rights and remedies of each of the Parties under this Agreement shall be cumulative and not exclusive of any rights or remedies which a Party would otherwise have hereunder at law or in equity or by statute, and no failure or delay by either Party in exercising any right or remedy shall not impair any such right or remedy or operate as a waiver of such right or remedy, and neither shall any single or partial exercise of any power or right preclude a Party's other or further exercise thereof or the exercise of any other power or right.

(m) *No Strict Construction*. The Parties have participated jointly in the negotiation and drafting of this Agreement. In the event an ambiguity or question of intent or interpretation arises, this Agreement shall be construed as if drafted jointly by the Parties, and no presumption or burden of proof shall arise favoring or disfavoring any Party by virtue of the authorship of any of the provisions of this Agreement.

(n) *Complete Agreement.* This Agreement and the other agreements and instruments referred to herein contain the complete agreement between the Parties with respect to the subject matter hereof and thereof and supersede any prior understandings, agreements and representations by or between the parties hereto (whether written or oral) that may have related to the subject matter hereof or thereof in any way.

(o) *Aggregation of Stock*. All shares of Registrable Securities held or acquired by Affiliates shall be aggregated together for the purpose of determining the availability of any rights under this Agreement and such Affiliated persons may apportion such rights as among themselves in any manner they deem appropriate.

Section 14. *MNPI Provisions*.

(a) Each Shareholder acknowledges that (i) the provisions of Section 1, 2 and 4 of this Agreement may require certain communications to be made by the Company or other Shareholders to such Shareholder that may result in such Shareholder and its Representatives (as defined below) acquiring MNPI (which may include, solely by way of illustration, the fact that an offering of the Company's securities is pending or the number of Company securities or the identity of the selling Shareholders) (such communications, "**RRA Communications**"), and (ii) subject to the time limitations set forth in Section 1(e) and the qualifications in Section 14(b), there is no limitation on the duration of time that such Shareholder and its Representatives may be in possession of MNPI included in such RRA Communications and no requirement that the Company or other Shareholders make any public disclosure to cause information in such RRA Communications to cease to be MNPI; provided that the Company will notify each Shareholder entitled to notice or who received an RRA Communication if any proposed registration or offering for which an RRA Communication has been delivered pursuant to this Agreement has been terminated or aborted to the extent the knowledge of such registration or offering constitutes MNPI.

(b) Each Shareholder agrees that it will maintain the confidentiality of MNPI in RRA Communications delivered to it and, to the extent such Shareholder is not a natural person, such confidential treatment shall be in accordance with procedures adopted by it in good faith to protect confidential information of third parties delivered to such Shareholder ("**Policies**"); provided that the obligation to maintain confidentiality of MNPI in RRA Communications shall cease when the information in the RRA Communications (i) is known or becomes known to the public in general (other than as a result of a breach of this Section 14(b) by such Shareholder or its Representatives), or (ii) is or has been made known or disclosed to the Shareholder by a third party not known by such Shareholder to be in breach of any obligation of confidentiality such third party may have to the Company; provided further that a Shareholder may deliver or disclose MNPI in such RRA Communications to (1) to its affiliates, its and its affiliates' respective directors, officers, employees, partners, members, agents, attorneys, consultants and financial and other advisors, and potential sources of capital (including potential limited partners) (collectively, the "**Representatives**"), but solely to the extent such disclosure reasonably relates to its evaluation of exercise of its rights under this Agreement and the sale of any Registrable Securities in connection with the subject of the notice, (2) to any federal, state, national, foreign or other regulatory or self-regulatory authority having jurisdiction over such Shareholder, or (3) to any Person if necessary to effect compliance with any law, rule, regulation, investigation, audit, request or order applicable to such Shareholder, including in response to any subpoena or other legal process, audit or examinations; provided further, that in the case of clause (1), the recipients of such MNPI in such RRA Communications are subject to the Policies or agree to or are otherwise obligated to hold confidential the MNPI in a manner substantially consistent with the terms of this Section 14 and that in the case of clauses (2) and (3), such Shareholder promptly notifies the Company of such disclosure to the extent such Shareholder is legally permitted to give such notice and it is reasonably practicable; provided further, no such notice shall be required where disclosure is made (x) in response to a general request by a regulatory or self-regulatory authority or (y) in connection with a routine audit or examination by a bank examiner or auditor and such audit or examination does not reference the Company or this Agreement.

(c) Each Shareholder, by its execution of this Agreement, hereby (i) acknowledges that it is aware that the U.S. securities laws prohibit any Person who has MNPI about a company from purchasing or selling, directly or indirectly, securities of such company (including entering into hedge transactions involving such securities), or from communicating such information to

any other Person in certain circumstances, and (ii) agrees that it will not use or permit any third party to use, and that it will use its commercially reasonable efforts to assure that none of its Representatives will use or permit any third party to use, any MNPI the Company provides in contravention of the U.S. securities laws and such Shareholder will cease trading in the Company's securities while in possession of such MNPI to the extent prohibited by law.

(d) Each Shareholder shall have the right, at any time and from time to time (including after receiving information regarding any potential underwritten offering), to elect not to receive RRA Communications that the Company or any other Shareholders otherwise are required to deliver pursuant to this Agreement by delivering to the Company a written statement signed by such Shareholder that it does not want to receive any RRA Communications (an "**Opt-Out Request**"); in which case, and notwithstanding anything to the contrary in this Agreement, the Company and other Shareholders shall not be required to, and shall not, deliver any RRA Communications for which the Shareholder has indicated in the Opt-Out Request that it does not want to receive hereunder to the extent that such RRA Communications would result in a Shareholder acquiring MNPI. An Opt-Out Request may state a date on which it expires or, if no such date is specified, shall remain in effect until the Shareholder notifies the Company that it withdraws the Opt-Out Request, and the Shareholder may, in its sole discretion, determine the scope and applicability of the Opt-Out Request as set forth in the Opt-Out Request. A Shareholder who previously has given the Company an Opt-Out Request may update or revoke such request at any time, and there shall be no limit on the ability of a Shareholder to issue, update and revoke subsequent Opt-Out Requests; provided that each Shareholder shall use commercially reasonable efforts to minimize the administrative burden on the Company arising in connection with any such Opt-Out Requests.

(g) [Without limiting Section 2(e), the Shareholder shall use reasonable best efforts to consummate the Shareholder PIPE Subscription, including by (A) making any appropriate filings pursuant to the HSR Act with respect to the Shareholder PIPE Subscription as promptly as reasonably practicable (and in any event within ten (10) Business Days) following the date of this Agreement, (B) obtaining any other approvals of any Governmental Entity as may be required in connection with the Shareholder PIPE Subscription and (C) responding as promptly as reasonably practicable to any requests by any Governmental Entity for additional information and documentary material that may be requested pursuant to the HSR Act or in connection with such other required approvals of any Governmental Entity. Without limiting the foregoing, the Shareholder and its applicable Affiliates shall not extend any waiting period, review period or comparable period under the HSR Act or in connection with such other required approvals of any Governmental Entity except with the prior written consent of the Company and MAAC. (h) [The Shareholder agrees not to participate in any Piggyback Registration (as defined in the Registration Rights Agreement) pursuant to Section 2 of the Registration Rights Agreement during the Holdback Period (as defined in the Registration Rights Agreement).][5]

(i) The Shareholder acknowledges and agrees that MAAC and the Company are entering into the Business Combination Agreement in reliance upon the Shareholder entering into this Agreement and agreeing to be bound by, and perform, or otherwise comply with, as applicable, the agreements, covenants and obligations contained in this Agreement and, but for the Shareholder entering into this Agreement and agreeing to be bound by, and perform, or otherwise comply with, as applicable, the agreements, covenants and obligations contained in this Agreement, MAAC and the Company would not have entered into or agreed to consummate the transactions contemplated by the Business Combination Agreement.

3. Shareholder Representations and Warranties. The Shareholder represents and warrants to MAAC as follows:

(a) If the Shareholder is not an individual, the Shareholder is a corporation, limited liability company or other applicable business entity duly organized or formed, as applicable, validly existing and in good standing (or the equivalent thereof, if applicable, in each case, with respect to the jurisdictions that recognize the concept of good standing or any equivalent thereof) under the Laws of its jurisdiction of formation or organization (as applicable).

(b) The Shareholder (if not an individual) has the requisite corporate, limited liability company or other similar power and authority and, if the Shareholder is an individual, legal capacity to execute and deliver this Agreement, to perform his, her or its covenants, agreements and obligations hereunder (including, for the avoidance of doubt, those covenants, agreements and obligations hereunder that relate to the provisions of the Business Combination Agreement), and to consummate the transactions contemplated hereby. The execution and delivery of this Agreement has been duly authorized by all necessary corporate or other action on the part of the Shareholder. This Agreement has been duly and validly executed and delivered by the Shareholder and constitutes a valid, legal and binding agreement of the Shareholder (assuming that this Agreement is duly authorized, executed and delivered by MAAC and the Company), enforceable against the Shareholder in accordance with its terms (subject to applicable bankruptcy, insolvency, reorganization, moratorium or other Laws affecting generally the enforcement of creditors' rights and subject to general principles of equity).

(c) No consent, approval or authorization of, or designation, declaration or filing with, any Governmental Entity is required on the part of the Shareholder with respect to the Shareholder's execution, delivery or performance of his, her or its covenants, agreements or obligations under this Agreement (including, for the avoidance of doubt, those covenants, agreements and obligations under this Agreement that relate to the provisions of the Business Combination Agreement) or the consummation of the transactions contemplated hereby, except for any consents, approvals, authorizations, designations, declarations, waivers or filings, the absence of which would not reasonably be expected to adversely affect the ability of the Shareholder to perform, or otherwise comply with, any of his, her or its covenants, agreements or obligations hereunder in any material respect.

5 **Note to Draft**: To be included for the Founder and Matthew Gline.

(d) Subject to the due execution and delivery of the Company Shareholder Written Consent and that certain Large Lot Shareholders' Consent and Waiver and Founder's Waiver relating to the transactions contemplated by the Business Combination Agreement on or prior to the date hereof, none of the execution or delivery of this Agreement by the Shareholder, the performance by the Shareholder of any of his, her or its covenants, agreements or obligations under this Agreement (including, for the avoidance of doubt, those covenants, agreements and obligations under this Agreement that relate to the provisions of the Business Combination Agreement) or the consummation of the transactions contemplated hereby will, directly or indirectly (with or without due notice or lapse of time or both) (i) if the Shareholder is not an individual, result in any breach of any provision of the Shareholder's Governing Documents, (ii) result in a violation or breach of, or constitute a default or give rise to any right of termination, Consent, cancellation, amendment, modification, suspension, revocation or acceleration under, any of the terms, conditions or provisions of any Contract to which the Shareholder is a party, (iii) violate, or constitute a breach under, any Order or applicable Law to which the Shareholder or any of his, her or its properties or assets are bound or (iv) result in the creation of any Lien upon the Subject Company Shares (other than as expressly provided under this Agreement), except, in the case of any of clauses (ii) and (iii) above, as would not reasonably be expected to adversely affect the ability of the Shareholder to perform, or otherwise comply with, any of his, her or its covenants, agreements or obligations hereunder in any material respect.

(e) The Shareholder is, as of the date hereof, the record and beneficial owner of the Company Pre-Closing Common Shares set forth on Schedule A hereto. The Shareholder has the sole right to vote (and provide consent in respect of, as applicable) the Subject Company Shares and, except for this Agreement, the Business Combination Agreement and the Company Shareholders Agreement, the Shareholder is not party to or bound by (i) any option, warrant, purchase right or other Contract that would reasonably be expected (either alone or in connection with one or more events, developments or events (including the satisfaction or waiver of any conditions precedent)) to require the Shareholder to Transfer any of the Subject Company Shares or (ii) any voting trust, proxy or other Contract with respect to the voting or Transfer of any of the Subject Company Shares (other than the Company Shareholders Agreement and the other Governing Documents of the Company) that would reasonably be expected to adversely affect the ability of the Shareholder to perform, or otherwise comply with, any of his, her or its covenants, agreements or obligations hereunder in any material respect.

(f) There is no Proceeding pending or, to the Shareholder's knowledge, threatened against or involving the Shareholder or any of his, her or its Affiliates that, if adversely decided or resolved, would reasonably be expected to adversely affect the ability of the Shareholder to perform, or otherwise comply with, any of its covenants, agreements or obligations under this Agreement in any material respect.

(g) The Shareholder, on his, her or its own behalf and on behalf of his, her or its Representatives, acknowledges, represents, warrants and agrees that he, she or it has conducted his, her or its own independent review and analysis of, and, based thereon, has formed an independent judgment concerning, the business, assets, condition, operations and prospects of, MAAC and the transactions contemplated by this Agreement, the Business Combination Agreement and the other applicable Ancillary Documents to which he, she or it is or will be a party as he, she or it and his, her or its Representatives have deemed necessary to enable him, her or it to make an informed decision with respect to the execution, delivery and performance of this Agreement or the other Ancillary Documents to which he, she or it is or will be a party and the transactions contemplated hereby and thereby.

(h) In entering into this Agreement and the other Ancillary Documents to which he, she or it is or will be a party, the Shareholder has relied solely on his, her or its own investigation and analysis and the representations and warranties expressly set forth in the Ancillary Documents to which he,

she or it is or will be a party (including the PIPE Subscription Agreement entered into by and among the Shareholder, the Company and MAAC on the date hereof, if applicable) and no other representations or warranties of MAAC, the Company or any other Person, either express or implied, and the Shareholder, on his, her or its own behalf and on behalf of his, her or its Representatives, acknowledges, represents, warrants and agrees that, except for the representations and warranties expressly set forth in this Agreement or in the other Ancillary Documents to which he, she or it is or will be a party (including the PIPE Subscription Agreement entered into by and among the Shareholder, the Company and MAAC on the date hereof, if applicable), none of MAAC, the Company or any other Person makes or has made any representation or warranty, either express or implied, to the Shareholder in connection with or related to this Agreement, the Business Combination Agreement or the other Ancillary Documents or the transactions contemplated hereby or thereby.

4. Company and MAAC Acknowledgement. In entering into this Agreement, the Business Combination Agreement and the other Ancillary Documents to it is or will be a party, each of the Company and MAAC have not relied on any representations or warranties of the Shareholder, either express or implied, except for the representations and warranties of the Shareholder expressly set forth in this Agreement or in the other Ancillary Documents to which he, she or it is or will be a party (including the PIPE Subscription Agreement entered into by and among the Shareholder, the Company and MAAC on the date hereof, if applicable).

5. Transfer of Subject Securities. From and after the date hereof and until the earlier of (A) the termination of this Agreement in accordance with its terms and (B) the Effective Time, the Shareholder agrees not to (a) Transfer any of the Subject Company Shares, (b) enter into (i) any option, warrant, purchase right, or other Contract that would reasonably be expected (either alone or in connection with one or more events, developments or events (including the satisfaction or waiver of any conditions precedent)) to require the Shareholder to Transfer the Subject Company Shares or (ii) any voting trust, proxy or other Contract with respect to the voting or Transfer of the Subject Company Shares, or (c) take any actions in furtherance of any of the matters described in the foregoing clauses (a) or (b), unless, in the case of clauses (a) through (c), the Shareholder causes any transferee of any such Transfer to enter into a written agreement in form and substance reasonably satisfactory to MAAC and the Company agreeing to be bound by this Agreement (which will include, for the avoidance of doubt, all of the covenants, agreements and obligations of the Shareholder hereunder and the making of all the representations and warranties of the Shareholder set forth in Section 3 with respect to such transferee and his, her or its Subject Company Shares received upon such Transfer, as applicable) prior and as a condition to the occurrence of such Transfer; *provided* that, if the Shareholder is not an individual, a Transfer of securities in the Shareholder by an equityholder of the Shareholder shall not require the transferee to enter into such written agreement so long as (x) following such Transfer, the Shareholder continues to hold the Subject Company Shares and to have the exclusive right to vote and to take all other actions related to the ownership of the Subject Company Shares without restriction and (y) such Transfer would otherwise be permitted under the Shareholders Agreement. For purposes of this Agreement, "Transfer" means any direct or indirect sale, transfer, assignment, pledge, mortgage, exchange, hypothecation, grant of a security interest in or disposition or encumbrance of an interest (whether with or without consideration, whether voluntarily or involuntarily or by operation of law or otherwise).

6. Termination. This Agreement shall automatically terminate, without any notice or other action by any Party, and be void *ab initio* upon the earlier of (a) the Effective Time and (b) the termination of the Business Combination Agreement in accordance with its terms. Upon termination of this Agreement as provided in the immediately preceding sentence, none of the Parties shall have any further obligations or Liabilities under, or with respect to, this Agreement. Notwithstanding the foregoing or anything to the contrary in this Agreement, (i) the termination of this Agreement pursuant to clause (b) of this Section 6 shall not affect any Liability on the part of any Party for a Willful Breach of any covenant or agreement set forth in this Agreement prior to such termination or Fraud, (ii) Section 2(b), Section 2(c) and the

representations and warranties set forth in Sections 3(g) and (h) shall each survive any termination of this Agreement, (iii) Section 2(d) (solely to the extent that it relates to Section 8.18 (Trust Account Waiver) of the Business Combination Agreement) shall survive any termination of this Agreement pursuant to Section 6(b) and (iv) this Section 6 and Sections 8, 9, 10, 11, 12, 13, 14 and 15 shall survive any termination of this Agreement. For purposes of this Section 6, (x) "Willful Breach" means a material breach of this Agreement that is a consequence of an act or a failure to act by the breaching Party with the knowledge that the taking of such act or such failure to act would, or would reasonably be expected to, constitute or result in a breach of this Agreement and (y) "Fraud" means an act or omission by a Party, and requires: (A) a false or incorrect representation or warranty expressly set made by such Party in this Agreement, (B) with actual knowledge (as opposed to constructive, imputed or implied knowledge) by the Party making such representation or warranty that such representation or warranty expressly set forth in this Agreement is false or incorrect, (C) an intention to deceive another Party, to induce him, her or it to enter into this Agreement, (D) another Party, in justifiable or reasonable reliance upon such false or incorrect representation or warranty expressly set forth in this Agreement, causing such Party entering into this Agreement, and (E) another Party suffering damage by reason of such reliance. For the avoidance of doubt, "Fraud" does not include any claim for equitable fraud, promissory fraud, unfair dealings fraud or any torts (including a claim for fraud or alleged fraud) based on negligence or recklessness.

7. Fiduciary Duties. Notwithstanding anything in this Agreement to the contrary, (a) the Shareholder makes no agreement or understanding herein in any capacity other than in such Shareholder's capacity as a record holder and beneficial owner of the Subject Company Shares and, (i.e., if such Shareholder is an individual, not in such Shareholder's capacity as a director, officer or employee of any Group Company or in such Shareholder's capacity as a trustee or fiduciary of any Company Equity Plan, as applicable), and (b) nothing herein will be construed to limit or affect any action or inaction by such Shareholder if such Shareholder is an individual, or, if such Shareholder is not an individual, any representative of such Shareholder serving as a member of the board of directors of any Group Company or as an officer, employee or fiduciary of any Group Company or any Company Equity Plan, in each case, acting in such person's capacity as a director, officer, employee or fiduciary of such Group Company or any Company Equity Plan.

8. Notices. All notices, requests, claims, demands and other communications hereunder shall be in writing and shall be given (and shall be deemed to have been duly given) by delivery in person, by e-mail (having obtained electronic delivery confirmation thereof (i.e., an electronic record of the sender that the email was sent to the intended recipient thereof without an "error" or similar message that such email was not received by such intended recipient)), or by registered or certified mail (postage prepaid, return receipt requested) (upon receipt thereof) to the other Parties as follows:

Notwithstanding the foregoing, no failure or delay by any Party in exercising any right hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise of any other right hereunder. Neither this Agreement nor any of the rights, interests or obligations hereunder shall be assignable by the Shareholder or the Company without MAAC's prior written consent (to be withheld or given in its sole discretion) or by MAAC without the Company's prior written consent (to be withheld or given in its sole discretion). 12. No Third Party Beneficiaries. All rights, ownership and economic benefits of and relating to the Subject Company Shares shall remain vested in and belong to the Shareholder, and MAAC (and each MAAC Non-Party Affiliate) shall have no authority to manage, direct, superintend, restrict, regulate, govern or administer any of the policies or operations of Company or exercise any power or authority to direct Shareholder in the voting of any of the Subject Company Shares, except as otherwise expressly provided herein with respect to the Subject Company Shares. Except as otherwise set forth in Section 1, the Shareholder shall not be restricted from voting in favor of, against or abstaining with respect to any other matters presented to the stockholders of the Company. Without limiting the foregoing, nothing in this Agreement shall obligate or require the Shareholder to exercise an option to purchase any Company Shares.

AGREEMENT

NOW, THEREFORE, in consideration of the premises and the mutual promises set forth herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties, each intending to be legally bound, hereby agree as follows:

1. Sponsor Letter and Insider Letters. The Company, MAAC, the MAAC Sponsor (in the case of clauses (a), (b), (c) and (e)) and each Insider (in the case of clauses (b) and (d), as it relates to the Insider Letter to which he or she is a party) hereby agree as follows:

(a) The Sponsor Letter provides in Section 1 thereof that MAAC shall not enter into a definitive agreement regarding a Business Combination (as defined therein) without the prior written consent of the MAAC Sponsor. The Transactions constitute a Business Combination for purposes of the Sponsor Letter and the MAAC Sponsor hereby consents to entry into the Business Combination Agreement.

(b) The Sponsor Letter provides in Section 2 thereof, and each Insider Letter provides in Section 1 thereof, for certain requirements of the MAAC Sponsor and the Insiders in respect of a Business Combination (in each case, as defined therein), including in respect of voting all MAAC Shares beneficially owned by the MAAC Sponsor and by the Insiders, as applicable, in favor of such Business Combinations and forgoing redemption rights in respect thereof. The Transactions constitute a Business Combination for purposes of the Sponsor Letter and each Insider Letter and the MAAC Sponsor and each Insider will comply with its, his or her respective obligations under Section 2 of the Sponsor Letter or Section 1 of its, his or her Insider Letter, as applicable.

(c) Subject to, and conditioned upon the occurrence and effective as of, the Effective Time, Section 6 of the Sponsor Letter shall be amended and restated to provide in its entirety as follows: "[Reserved]."

(d) Subject to, and conditioned upon the occurrence and effective as of, the Effective Time, Section 5 of each Insider Letter shall be amended and restated to provide in its entirety as follows: "[Reserved]."

(e) Section 7 of the Sponsor Letter is hereby amended and restated to provide in its entirety as follows: "[Reserved]." For the avoidance of doubt, if the Business Combination Agreement is terminated in accordance with its terms, then this clause (e) (and the amendment and restatement contemplated by this clause (e)) shall be of no further force and effect and Section 7 shall be reinstated and effective from and after such time.

2. Earn-Out Shares.

(a) Subject to, and conditioned upon the occurrence of and effective immediately after the Effective Time, (i) 20% of the number of Company Post-Closing Common Shares issued to the MAAC Sponsor upon the conversion of MAAC Class B Shares (rounded up to the nearest whole share) shall be subject to the provisions set forth below in this Section 2 (such Company Post-Closing Common Shares, the "20% Earn-Out Shares"), (ii) 10% of the number of Company Post-Closing Common Shares issued to the MAAC Sponsor upon the conversion of MAAC Class B Shares (rounded up to the nearest whole share) shall be subject to the provisions set forth below in this Section 2 (such Company Post-Closing Common Shares, the "10% Earn-Out Shares" and, together with the 20% Earn-Out Shares, the "Earn-Out Shares") and (iii) the remaining 70% of the number of Company Post-Closing Common Shares issued to the MAAC Sponsor upon the conversion of MAAC Class B Shares (rounded down to the nearest whole share) shall not be subject to the provisions set forth below in this Section 2 (such Company Post-Closing Common Shares, the "Retained Shares").

(b) Subject to, and conditioned upon the occurrence of and effective immediately after the Effective Time, the Earn-Out Shares shall be unvested and subject to the restrictions and forfeiture provisions set forth in this Section 2. The Earn-Out Shares shall vest and become free of the provisions set forth in this Section 2 at such time as the Stock Price (as defined

below) of Company Post-Closing Common Shares equals or exceeds (x) with respect to the 20% Earn-Out Shares, $15.00 per share (the "20% Trigger Price"), and (y) with respect to the 10% Earn-Out Shares, $20.00 per share (the "10% Trigger Price" and, together with the 20% Trigger Price, the "Trigger Price"), in each case, for any 20 Trading Days within any 30 Trading Day period commencing no earlier than the Closing Date and ending no later than the fifth (5th) anniversary of the Closing Date (the "Earn-Out End Date"); provided, however, that (i) if the Earn-Out End Date occurs on a day that is not a Trading Day, then the Earn-Out End Date shall be deemed to occur on the next following Trading Day, and (ii) if the Company or any of its Affiliates enters into a definitive agreement with respect to a Sale (as defined below) on or prior to the Earn-Out End Date, then the Earn-Out End Date shall be automatically extended and shall be deemed to occur on the earlier of (A) the day after such Sale is consummated and (B) the termination of such definitive agreement with respect to such Sale in accordance with its terms. Any Earn-Out Shares that have not vested in accordance with this Section 2(b) or Section 2(c) on or before the Earn-Out End Date will be immediately forfeited at 11:59 p.m., New York, New York time on the Earn-Out End Date.

(c) In the event of a Sale (as defined below) on or prior to the Earn-Out End Date, any unvested Earn-Out Shares will fully vest and become free of the restrictions set forth in this Section 2 as of immediately prior to the closing of such Sale. For purposes of this Agreement, "Sale" means (A) a purchase, sale, exchange, merger, business combination or other transaction or series of related transactions in which substantially all of the Company Post-Closing Common Shares are, directly or indirectly, converted into cash, securities or other property or non-cash consideration (other than, in the case of this clause (A), any transaction in which the holders of Company Post-Closing Common Shares as of immediately prior to the consummation of such transaction continue to own all or substantially all of the equity securities of the Company (or any successor or parent entity of the Company) immediately following the consummation of such transaction), (B) a direct or indirect sale, lease, exchange or other transfer (regardless of the form of the transaction) in one transaction or a series of related transactions of a majority of the Company's assets, as determined on a consolidated basis, to a third party or third parties acting as a "group" (as defined in Section 13(d)(3) of the Exchange Act) or (C) any transaction or series of transactions that results, directly or indirectly, in the shareholders of the Company as of immediately prior to such transactions holding, in the aggregate, less than fifty percent (50%) of the voting Equity Securities of the Company (or any successor or parent company of the Company) immediately after the consummation thereof (excluding, for the avoidance of doubt, any Earn-out Shares) (in the case of each of clause (A), (B) or (C), whether by amalgamation, merger, consolidation, arrangement, tender offer, recapitalization, purchase, issuance, sale or transfer of Equity Securities or assets or otherwise).

(d) The MAAC Sponsor agrees that it shall not engage in any Sale Transaction (as defined in the Sponsor Lock-Up Agreement) with respect to any Earn-Out Shares until such time as the Earn-Out Shares have vested pursuant to Section 2(b) or Section 2(c). Notwithstanding the foregoing or anything to the contrary herein, (i) the MAAC Sponsor (and, for the avoidance of doubt, any permitted transferees pursuant to this clause (i)) may transfer all or any of the Earn-Out Shares in any transfer of the type described in Sections 1(b)(iv)(A) through (C) or (F) of the Sponsor Lock-Up Agreement, provided that, in the case of a transfer of the type described in clauses (A) through (C), the transferee shall, in addition to any requirements in the Sponsor Lock-Up Agreement, agree in writing that he, she or it is receiving and holding such Earn-Out Shares

subject to the provisions of this Section 2 and (ii) from and after a transfer pursuant to clause (i) of this sentence, all references to the MAAC Sponsor in this Section 2 and Section 7 shall include such transferee and shall collectively mean the MAAC Sponsor (to the extent that it then holds Earn-Out Shares) and each permitted transferee of Earn-Out Shares pursuant to clause (i) of this sentence (in each case, to the extent he, she or it then holds Earn-Out Shares). Each transferee of Earn-Out Shares pursuant to clause (i) of the preceding sentence shall be a third party beneficiary of this Section 2 and Section 7.

(e) As used herein, "Stock Price" means, on any date on or after the Closing and on or prior to the Earn-Out End Date, the closing sale price per share of Company Post-Closing Common Shares reported as of 4:00 p.m., New York, New York time on such date by Bloomberg, or if not available on Bloomberg, as reported by or an authoritative source generally used for such purposes and selected by the Company, and "Trading Day" means any day on which trading is generally conducted on Nasdaq or any other exchange on which the Company Post-Closing Common Shares are traded on or after the Closing and on or prior to the Earn-Out End Date. The Earn-out Shares and the applicable Trigger Price (and all references to Company Post-Closing Common Shares and each of the foregoing in this Agreement) shall each be adjusted appropriately to reflect the effect of any stock split, reverse stock split, stock dividend (including any dividend or other distribution of securities convertible into Company Post-Closing Common Shares), reorganization, recapitalization, reclassification, combination, exchange of shares or other like change with respect to the Company Post-Closing Common Shares (or any other Equity Securities into which they are adjusted pursuant to this Section 2(e)) at any time prior to the vesting of the Earn-out Shares pursuant to this Section 2 so as to provide the holders of the Earn-Out Shares with the same economic effect as contemplated by this Section 2 prior to such event and as so adjusted shall, from and after the date of such event, be the Earn-Out Shares and the 20% Trigger Price or the 10% Trigger Price, as applicable.

(f) The Company shall use reasonable best efforts to remain listed as a public company on, and for the Earn-Out Shares to be tradable over, Nasdaq or any other nationally recognized U.S. stock exchange; provided, however, the foregoing shall not limit the Company or any of its Affiliates from consummating a Sale or entering into a definitive agreement that contemplates a Sale. Subject to Section 2(c) and the other applicable provisions of this Section 2, upon the consummation of Sale the Company shall have no further obligations under this Section 2(f).

(g) At the time that the Earn-Out Shares become vested pursuant to this Section 2, the Company shall remove any legends, stock transfer restrictions, stop transfer orders or similar restrictions with respect to the Earn-Out Shares related to such vesting or this Section 2 (other than, for the avoidance of doubt, those that relate to any applicable and then-existing Lock-Up Period (as defined in the Sponsor Lock-Up Agreement) with respect to such Earn-Out Shares).

(h) For the avoidance of doubt, (i) the MAAC Sponsor shall retain all of its rights as a stockholder of the Company with respect to the Earn-Out Shares owned by it during any period of time that such shares are subject to restriction on transfer or sale hereunder, including the right to vote any such shares and the right to receive dividends and other distributions with respect to such Earn-Out Shares prior to vesting (provided that dividends and other distributions with respect to Earn-Out Shares that are subject to vesting and are unvested at the time of such

dividend or distribution shall be set aside by the Company and shall only be paid to such holders upon the vesting of such Earn-Out Shares (and, if any dividends or other distributions with respect to Earn-Out Shares are set aside and such Earn-Out Shares are subsequently forfeited pursuant to this Section 2, such set aside dividends or distributions shall become the property of the Company)), (ii) any Earn-Out Shares that vest in accordance with the terms of this Section 2 shall remain subject to any applicable Lock-Up Period set forth in the Sponsor Lock-Up Agreement and (iii) notwithstanding the expiration of any Lock-Up Period with respect to any Earn-Out Shares, such shares shall remain subject to any applicable restrictions set forth this Section 2.

(i) The MAAC Sponsor intends to make a protective election under Section 83(b) of the Code with respect to the Earn-Out Shares.

(j) The Parties agree and acknowledge that the Earn-Out Shares are intended to constitute "voting stock" within the meaning of Section 368(a)(1) of the Code and the Treasury Regulations promulgated thereunder received by MAAC Sponsor in connection with the Merger, and shall file all Tax Returns consistent with, and take no position inconsistent with (whether in audits, Tax Returns or otherwise), such treatment unless (i) such Party requests that each of Kirkland & Ellis LLP and Davis Polk & Wardwell LLP provides written confirmation to the effect that such treatment is more likely than not correct, and each such law firm fails to provide such confirmation prior to the later of (A) thirty (30) days following such request is made and (B) sixty (60) days prior to the date on which the relevant Tax Return is due (taking into account applicable extensions); provided that the Parties shall provide customary factual representations to such law firm; provided, further, that, for the avoidance of doubt, the Parties shall not be required to restructure, or otherwise alter the terms of, the transaction as provided for in this Agreement or the Business Combination Agreement, or (ii) otherwise required by a final "determination" within the meaning of Section 1313(a) of the Code.

3. Sponsor Exchange Ratio. For purposes of the Business Combination Agreement, the term "Sponsor Exchange Ratio" shall mean: (i) one *minus* (ii) a number equal to (A) 0.5 *multiplied by* (B) a fraction equal to (x) the number of MAAC Class A Shares with respect to which a MAAC Shareholder Redemption has been exercised *divided by* (y) the total number of MAAC Class A Shares outstanding as of the date hereof; provided that the number referenced in the foregoing clause (ii) shall not in any event be greater than 0.25.

4. Working Capital Loans; Related Party Agreements.

(a) With respect to any loan of funds made by the MAAC Sponsor or an Affiliate of the MAAC Sponsor or any of MAAC's officers or directors (each, a "Lender") to MAAC or any of its Subsidiaries, in each case, prior to the Closing (a "Working Capital Loan") that is or may be convertible into warrants or other securities (derivative or otherwise) of MAAC or the Company, MAAC, the MAAC Sponsor and the Insiders hereby agrees, and shall take such reasonably necessary or appropriate actions within its power so as to ensure, that each and any Working Capital Loan shall be repaid solely in cash, and that no Working Capital Loan will be converted into warrants or other securities (derivative or otherwise) of MAAC or the Company, notwithstanding any applicable provisions of the Insider Letter, the Warrant Agreement, the MAAC Registration Rights Agreement or any other Contract.

(b) MAAC and the MAAC Sponsor agree that, notwithstanding anything to the contrary in any such agreement, (i) each of the agreements set forth on Schedule A attached hereto shall be automatically terminated and of no further force and effect (including any provisions of any such agreement that, by its terms, survive such termination), effective as of, and subject to and conditioned upon the occurrence of, the Closing and (ii) upon such termination, MAAC shall not have any further Liabilities under each such agreement.

5. MAAC Registration Rights Agreement. Subject to, and conditioned upon the occurrence and effective as of the Effective Time, MAAC, the MAAC Sponsor and each of the other Shareholders who are party to the MAAC Registration Rights Agreement agree that the MAAC Registration Rights Agreement is hereby terminated in its entirety, and shall be of no further force or effect from and after such time.

6. Anti-Dilution Adjustment Waiver. Subject to, and conditioned upon the occurrence of and effective as of immediately prior to the Effective Time, the MAAC Sponsor, which is the holder of at least a majority of the outstanding MAAC Class B Shares as of the date hereof, hereby waives on behalf of the holders of all MAAC Class B Shares, pursuant to and in compliance with the provisions of the Amended and Restated Certificate of Incorporation of MAAC (the "MAAC Charter"), any adjustment to the conversion ratio set forth in Article Eighth of the MAAC Charter, and any rights to other anti-dilution protections with respect to the MAAC Class B Shares, that may result from the PIPE Financing and/or the consummation of the Transactions.

7. Registration Rights.

(a) Capitalized terms used in this Section 7 but not otherwise defined herein shall have the meanings ascribed to them in the Registration Rights Agreement (as in effect as of the date hereof); provided that, for purposes of Section 7, (i) the term "Registrable Securities" shall be deemed to include the Common Shares (including any Common Shares underlying any other securities of the Company or into which other securities of the Company are convertible into, exercisable or exchangeable for) held by or on behalf of the Shareholders as of immediately following the Effective Time and (ii) the term "Investor" shall be deemed to include the MAAC Sponsor.

(b) The Company shall file within thirty (30) days of the consummation of the Go Public Transaction, and use commercially reasonable efforts to cause to be declared effective as soon as practicable thereafter, a Resale S-1 Shelf or, if the Company is eligible to use a Resale S-3 Shelf, in each case, covering the resale of all the Registrable Securities (determined as of two business days prior to such filing) and any other Common Shares or other securities of the Company issued in connection with the Go Public Transaction (including any Common Shares underlying any other securities of the Company or into which other securities of the Company are convertible into, exercisable or exchangeable for) the transfer or sale of which has not been registered under the Securities Act; provided, that the Company and the Shareholders acknowledge and agree that the sale of any Registrable Securities registered under such Resale Shelf may be subject to restrictions imposed by the Lock-Up Agreements and/or applicable securities laws. Such Resale Shelf shall provide for the resale of the Registrable Securities included therein pursuant to any method or combination of methods legally available to, and requested by, the MAAC Sponsor and any other Investor named therein. The MAAC Sponsor shall be entitled to the benefits of

Section 4 and the first, second and third sentences of Section 1(f)(ii), mutatis mutandis, under the Registration Rights Agreement with respect to its Common Shares or other securities of the Company and it shall not be subject to any "cutback" or other restriction in connection with the inclusion of its Common Shares or other securities in any Resale Shelf.

(c) The MAAC Sponsor will be offered an opportunity to participate in (x) an offering and/or sale of Common Shares by any holder that is conducted as a block trade or underwritten basis (whether firm commitment or otherwise) without substantial marketing efforts prior to pricing, including, without limitation, a same day trade, overnight trade or similar transaction or (y) an "at the market" or similar registered offering of the Covered Securities through a broker, sales agent or distribution agent, whether as agent or principal. The rights of the MAAC Sponsor set forth in this Section 7(c) shall be substantially the same as those investors who are party to the Registration Rights Agreement.

8. Other Covenants and Agreements.

(a) Each Shareholder shall not, and each Shareholder shall cause its controlled Affiliates and its and their respective officers and directors not to, and shall use reasonable best efforts to cause its other Representatives not to, at or at any time prior to the Effective Time, issue any press releases or make any public announcements with respect to this Agreement, the Business Combination Agreement or the transactions contemplated hereby or thereby that contain any information that is not, at the applicable time, already publicly available (other than as a result of disclosure by the Shareholder in violation of any applicable confidentiality obligations) without the prior written consent of the Company and MAAC, provided, however, that the Shareholder and its Representatives may issue or make, as applicable, any such press release, public announcement or other communication to the extent such press release, public announcement or other communication is required by applicable Law or applicable rule of a stock exchange on which its or any of its Affiliates' securities are listed, in which case the Shareholder or its applicable Affiliates shall, to the extent reasonably practicable and unless and to the extent prohibited by such applicable Law, reasonably consult with the Company and MAAC in connection therewith and provide the Company and MAAC with an opportunity to review and comment on such press release, public announcement or communication and shall consider any such comments in good faith. Notwithstanding anything to the contrary in this Section 8(a) or otherwise in this Agreement, each Shareholder and its Representatives may provide general information about the subject matter of this Agreement, the Business Combination Agreement and the transactions contemplated hereby and thereby (1) to their respective affiliates, their and their affiliates' respective directors, officers, employees, partners, members, agents, attorneys and consultants, financial and other advisors, (2) to the extent required by any federal, state, national, foreign or other regulatory or self-regulatory authority having jurisdiction over the Shareholder or its Representatives, (3) to any Person if necessary to effect compliance with any law, rule, regulation, investigation, audit, request or order of a Governmental Entity of competent jurisdiction that is applicable to the Shareholder or its Representatives, including in response to any subpoena or other legal process, audit or examinations or (4) to any direct or indirect former, current or prospective investor or in connection with normal fund raising or related marketing or informational or reporting activities (so long as, in the case of this clause (4), the recipients of such information are subject to customary confidentiality obligations prior to the receipt of such information); provided further that in the case of the foregoing clause (2) and (3), each Shareholder

or its Representatives promptly notifies the Company of such disclosure to the extent the Shareholder or its Representatives are legally permitted to give such notice and it is reasonably practicable; provided further that no such notice shall be required where disclosure is made (x) in response to and required by a general request by a regulatory or self-regulatory authority of competent jurisdiction or (y) in connection with and required by a routine audit or examination by a bank examiner or auditor and such audit or examination does not reference the Company, this Agreement or the Business Combination Agreement.

(b) If applicable, prior to the Effective Time, each Shareholder hereby agrees to as promptly as practicable execute and deliver all additional agreements, documents or instruments, take, or cause to be taken, all actions and provide, or cause to be provided, all additional information or other materials as may be necessary or reasonably advisable, in each case, as mutually reasonably determined and agreed to by MAAC and the Company (such determination and agreement not to be unreasonably withheld, conditioned or delayed by either MAAC or the Company), in connection with, or otherwise in furtherance of, the transactions and the other covenants and agreements contemplated by the Business Combination Agreement or this Agreement (provided, however, that in no event shall any Shareholder be obligated to take, approve or consent to any action that would result in any adverse economic or other material change to the Business Combination Agreement, this Agreement or any other Ancillary Document to which he, she or it is or will be a party). If applicable, from and after the Effective Time, MAAC Sponsor and the Company each hereby agrees to as promptly as practicable execute and deliver execute and deliver all additional agreements, documents or instruments, take, or cause to be taken, all actions and provide, or cause to be provided, all additional information or other materials as may be reasonably necessary to effectuate the purpose of the covenants and agreements of this Agreement that survive the Effective Time. Notwithstanding the foregoing, no Shareholder or the Company shall be required to provide any information which is, based on the advice of outside counsel, subject to legal privilege.

(c) Without limiting Section 8(b), the MAAC Sponsor and the Company shall each (i) make any appropriate filings pursuant to the HSR Act with respect to the Company Post-Closing Common Shares to be received by the MAAC Sponsor pursuant to the terms of the Business Combination Agreement as promptly as reasonably practicable (and in any event within ten (10) Business Days) following the date of this Agreement, (ii) use reasonable best efforts to obtain any other approvals of any Governmental Entity as may be required to be obtained by the MAAC Sponsor or the Company in connection with the receipt by the MAAC Sponsor of the Company Post-Closing Common Shares to be received by the MAAC Sponsor pursuant to the terms of the Business Combination Agreement and (iii) respond as promptly as reasonably practicable to any requests by any Governmental Entity for additional information and documentary material that may be requested pursuant to the HSR Act or in connection with such other required approvals of any Governmental Entity described in clause (ii). The MAAC Sponsor and the Company shall each pay fifty percent (50%) of the HSR Act filing fee. Without limiting the foregoing, the MAAC Sponsor and its applicable Affiliates and the Company and its applicable Affiliates shall not (A) extend any waiting period, review period or comparable period under the HSR Act or in connection with such other required approvals of any Governmental Entity, (B) request early termination of any waiting period, review period or comparable period under the HSR Act without the prior written consent of the MAAC Sponsor (in the case of the Company or any of its applicable Affiliates) or the Company (in the case of the MAAC Sponsor or any of its

applicable Affiliates) or (C) enter into any agreement with any Governmental Entity not to consummate the transactions contemplated by the Business Combination Agreement except with the prior written consent of the Company and MAAC (in the case of MAAC Sponsor or any of its applicable Affiliates) or MAAC Sponsor (in the case of the Company or any of its applicable Affiliates). The MAAC Sponsor shall promptly inform the Company and MAAC of any communication received by the MAAC Sponsor from any Governmental Entity relating to the matters contemplated by this Section 8(c), and the Company shall promptly inform the MAAC Sponsor and MAAC of any communication received by any Group Company from any Governmental Entity relating to the matters contemplated by this Section 8(c). The MAAC Sponsor shall give the Company and its counsel, and MAAC and its counsel, a reasonable opportunity to review in advance, and consider in good faith the views thereof in connection with, any proposed written communication to any Governmental Entity relating to the matters contemplated by this Section 8(c), and the Company shall give MAAC Sponsor and its counsel and MAAC and its counsel a reasonable opportunity to review in advance, and consider in good faith the views thereof in connection with, any proposed written communication to any Governmental Entity relating to the matters contemplated by this Section 8(c). The MAAC Sponsor and the Company each agrees not to, and to cause its Representatives not to, participate in any substantive meeting or discussion, either in person or by telephone with any Governmental Entity in connection with the matters contemplated by this Section 8(c) unless it consults with the Company and MAAC (in the case of the MAAC Sponsor or its Representatives) or the MAAC Sponsor and MAAC (in the case of the Company or its Representatives) in advance and, to the extent not prohibited by such Governmental Entity, gives the Company and MAAC (in the case of the MAAC Sponsor or its Representatives) or the MAAC Sponsor and MAAC (in the case of the Company or its Representatives) the opportunity to attend and participate in such meeting or discussion.

(d) Each Shareholder acknowledges and agrees that MAAC and the Company are entering into the Business Combination Agreement in reliance upon such Shareholder entering into this Agreement and agreeing to be bound by, and perform, or otherwise comply with, as applicable, the applicable agreements, covenants and obligations contained in this Agreement and, but for each Shareholder entering into this Agreement and agreeing to be bound by, and perform, or otherwise comply with, as applicable, the applicable agreements, covenants and obligations contained in this Agreement, MAAC and the Company would not have entered into or agreed to consummate the transactions contemplated by the Business Combination Agreement.

9. Shareholder Representations and Warranties. Each Shareholder represents and warrants, as of the date hereof, solely with respect to himself, herself or itself, and not on behalf of any other Shareholder, to the Company and MAAC as follows:

(a) If the Shareholder is not an individual, the Shareholder is a corporation, limited liability company or other applicable business entity duly organized or formed, as applicable, validly existing and in good standing (or the equivalent thereof, if applicable, in each case, with respect to the jurisdictions that recognize the concept of good standing or any equivalent thereof) under the Laws of its jurisdiction of formation or organization (as applicable).

(b) The Shareholder (if not an individual) has the requisite corporate, limited liability company or other similar power and authority and, if the Shareholder is an individual, legal capacity to execute and deliver this Agreement, to perform his, her or its covenants, agreements and obligations hereunder (including, for the avoidance of doubt, those covenants, agreements and obligations hereunder that relate to the provisions of the Business Combination Agreement), and to consummate the transactions contemplated hereby. The execution and delivery of this Agreement has been duly authorized by all necessary corporate or other action on the part of the Shareholder. This Agreement has been duly and validly executed and delivered by the Shareholder and constitutes a valid, legal and binding agreement of the Shareholder (assuming that this Agreement is duly authorized, executed and delivered by the other parties hereto), enforceable against the Shareholder in accordance with its terms (subject to applicable bankruptcy, insolvency, reorganization, moratorium or other Laws affecting generally the enforcement of creditors' rights and subject to general principles of equity).

(c) No consent, approval or authorization of, or designation, declaration or filing with, any Governmental Entity is required on the part of the Shareholder with respect to the Shareholder's execution, delivery or performance of his, her or its covenants, agreements or obligations under this Agreement (including, for the avoidance of doubt, those covenants, agreements and obligations under this Agreement that relate to the provisions of the Business Combination Agreement) or the consummation of the transactions contemplated hereby, except for (A) compliance with and filings under the HSR Act, if applicable, or under any applicable Foreign and Domestic Approval Laws, (B) any filings with the SEC related to his, her or its ownership of Equity Securities of MAAC or Company Post-Closing Common Shares or the transactions contemplated by the Business Combination Agreement, this Agreement or any other Ancillary Documents to which he, she or it is a party, or (C) any other consents, approvals, authorizations, designations, declarations, waivers or filings, the absence of which would not reasonably be expected to adversely affect the ability of the Shareholder to perform, or otherwise comply with, any of his, her or its covenants, agreements or obligations hereunder in any material respect.

(d) None of the execution or delivery of this Agreement by the Shareholder, the performance by the Shareholder of any of his, her or its covenants, agreements or obligations under this Agreement (including, for the avoidance of doubt, those covenants, agreements and obligations under this Agreement that relate to the provisions of the Business Combination Agreement) or the consummation of the transactions contemplated hereby will, directly or indirectly (with or without due notice or lapse of time or both) (i) if the Shareholder is not an individual, result in any breach of any provision of the Shareholder's Governing Documents, (ii) result in a violation or breach of, or constitute a default or give rise to any right of termination, Consent, cancellation, amendment, modification, suspension, revocation or acceleration under, any of the terms, conditions or provisions of any Contract to which the Shareholder is a party, (iii) violate, or constitute a breach under, any Order or applicable Law to which the Shareholder or any of his, her or its properties or assets are bound or (iv) other than the restrictions contemplated by this Agreement, the Business Combination Agreement or any other Ancillary Document, result in the creation of any Lien upon the Subject Company Securities (other than as expressly provided under this Agreement), except, in the case of any of clauses (ii) and (iii) above, as would not reasonably be expected to adversely affect the ability of the Shareholder to perform, or otherwise comply with, any of his, her or its covenants, agreements or obligations hereunder in any material respect.

(e) The Shareholder is, as of the date hereof, the record and beneficial owner of the Subject Company Securities as set forth on Exhibit A hereto. The Shareholder has the sole right to vote (and provide consent in respect of, as applicable) the Subject Company Securities set forth on Exhibit A hereto as of the date hereof. Except for this Agreement, the Business Combination Agreement, the other Ancillary Documents to which he, she or it is or will be a party, the Affected Agreements and the Governing Documents of MAAC, the Shareholder is not party to or bound by (i) any option, warrant, purchase right or other Contract that would reasonably be expected (either alone or in connection with one or more events, developments or events (including the satisfaction or waiver of any conditions precedent)) to require the Shareholder to Transfer any of the Subject Company Securities or (ii) any voting trust, proxy or other Contract with respect to the voting or Transfer of any of the Subject Company Securities, in the case of either clause (i) or (ii), that would reasonably be expected to adversely affect the ability of the Shareholder to perform, or otherwise comply with, any of his, her or its covenants, agreements or obligations hereunder in any material respect.

(f) There is no Proceeding pending or, to the Shareholder's knowledge, threatened against or involving the Shareholder or any of his, her or its Affiliates that, if adversely decided or resolved, would reasonably be expected to adversely affect the ability of the Shareholder to perform, or otherwise comply with, any of its covenants, agreements or obligations under this Agreement in any material respect.

(g) The Shareholder, on his, her or its own behalf and on behalf of his, her or its Representatives, acknowledges, represents, warrants and agrees that he, she or it has conducted his, her or its own independent review and analysis of, and, based thereon, has formed an independent judgment concerning, the business, assets, condition, operations and prospects of, the Company and the transactions contemplated by this Agreement, the Business Combination Agreement and the other applicable Ancillary Documents to which he, she or it is or will be a party as he, she or it and his, her or its Representatives have deemed necessary to enable him, her or it to make an informed decision with respect to the execution, delivery and performance of this Agreement or the other Ancillary Documents to which he, she or it is or will be a party and the transactions contemplated hereby and thereby.

(h) In entering into this Agreement and the other Ancillary Documents to which he, she or it is or will be a party, the Shareholder has relied solely on his, her or its own investigation and analysis and the representations and warranties expressly set forth in the Ancillary Documents to which he, she or it is or will be a party and no other representations or warranties of MAAC, the Company or any other Person, either express or implied, and the Shareholder, on his, her or its own behalf and on behalf of his, her or its Representatives, acknowledges, represents, warrants and agrees that, except for the representations and warranties expressly set forth in this Agreement or in the other Ancillary Documents to which he, she or it is or will be a party, none of MAAC, the Company or any other Person makes or has made any representation or warranty, either express or implied, to the Shareholder in connection with or related to this Agreement, the Business Combination Agreement or the other Ancillary Documents or the transactions contemplated hereby or thereby.

10. Company and MAAC Acknowledgement. In entering into this Agreement, the Business Combination Agreement and the other Ancillary Documents to it is or will be a party, each of the Company and MAAC have not relied on any representations or warranties of the Shareholder, either express or implied, except for the representations and warranties of the Shareholder expressly set forth in this Agreement or in the other Ancillary Documents to which he, she or it is or will be a party and to which MAAC or the Company, as applicable, is or will be a party.

11. Transfer of Subject Company Securities. From and after the date hereof and until the earlier of (A) the termination of this Agreement in accordance with its terms and (B) the Effective Time, each Shareholder agrees not to (a) Transfer any of the Subject Company Securities, (b) enter into (i) any option, warrant, purchase right, or other Contract that would reasonably be expected (either alone or in connection with one or more events, developments or events (including the satisfaction or waiver of any conditions precedent)) to require the Shareholder to Transfer the Subject Company Securities or (ii) any voting trust, proxy or other Contract with respect to the voting or Transfer of the Subject Company Securities, or (c) take any actions in furtherance of any of the matters described in the foregoing clauses (a) or (b), unless, in the case of clauses (a) through (c), the Shareholder causes any transferee of any such Transfer to enter into a written agreement in form and substance reasonably satisfactory to MAAC and the Company agreeing to be bound by this Agreement (which will include, for the avoidance of doubt, all of the covenants, agreements and obligations of the Shareholder hereunder and the making of all the representations and warranties of the Shareholder set forth in Section 9 with respect to such transferee and his, her or its Subject Company Securities received upon such Transfer, as applicable) prior and as a condition to the occurrence of such Transfer; provided that, if the Shareholder is not an individual, a Transfer of securities in the Shareholder by an equityholder of the Shareholder shall not require the transferee to enter into such written agreement so long as (x) following such Transfer, the Shareholder continues to hold the Subject Company Securities and to have the exclusive right to vote and to take all other actions related to the ownership of the Subject Company Securities without restriction and (y) such Transfer would otherwise be permitted under the Shareholders Agreement. For purposes of this Agreement, "Transfer" means any direct or indirect sale, transfer, assignment, pledge, mortgage, exchange, hypothecation, grant of a security interest in or disposition or encumbrance of an interest (whether with or without consideration, whether voluntarily or involuntarily or by operation of law or otherwise).

12. Termination. This Agreement shall automatically terminate, without any notice or other action by any Party, and be void *ab initio* upon the termination of the Business Combination Agreement in accordance with its terms. Upon termination of this Agreement as provided in the immediately preceding sentence, none of the Parties shall have any further obligations or Liabilities under, or with respect to, this Agreement. Notwithstanding the foregoing or anything to the contrary in this Agreement, (i) the termination of this Agreement shall not affect any Liability on the part of any Party for a Willful Breach of any covenant or agreement set forth in this Agreement prior to such termination or Fraud, (ii) Section 10, this Section 12 and the representations and warranties set forth in Sections 9(g) and (h) shall each survive any termination of this Agreement, and (iii) Sections 13 through 21 shall survive any termination of this Agreement. For purposes of this Section 12, (x) "Willful Breach" means a material breach of this Agreement that is a consequence of an act or a failure to act by the breaching Party with the knowledge that the taking of such act or such failure to act would, or would reasonably be expected to, constitute or result in a breach of this Agreement and (y) "Fraud" means an act or omission by a Party, and requires: (A) a false or incorrect representation or warranty expressly made by such

Party in this Agreement, (B) with actual knowledge (as opposed to constructive, imputed or implied knowledge) by the Party making such representation or warranty that such representation or warranty expressly set forth in this Agreement is false or incorrect, (C) an intention to deceive another Party, to induce him, her or it to enter into this Agreement, (D) another Party, in justifiable or reasonable reliance upon such false or incorrect representation or warranty expressly set forth in this Agreement, entering into this Agreement, and (E) another Party suffering damage by reason of such reliance. For the avoidance of doubt, "Fraud" does not include any claim for equitable fraud, promissory fraud, unfair dealings fraud or any torts (including a claim for fraud or alleged fraud) based on negligence or recklessness.

13. Fiduciary Duties. Notwithstanding anything in this Agreement to the contrary, (a) the Shareholder makes no agreement or understanding herein in any capacity other than in such Shareholder's capacity as a record holder and beneficial owner of the Subject Company Securities and, (i.e., if such Shareholder is an individual, not in such Shareholder's capacity as a director, officer or employee of MAAC), and (b) nothing herein will be construed to limit or affect any action or inaction by such Shareholder if such Shareholder is an individual, or, if such Shareholder is not an individual, any representative of such Shareholder serving as a member of the board of directors of MAAC or as an officer, employee or fiduciary of MAAC, in each case, acting in such person's capacity as a director, officer, employee or fiduciary of MAAC.

14. Notices. All notices, requests, claims, demands and other communications hereunder shall be in writing and shall be given (and shall be deemed to have been duly given) by delivery in person, by e-mail (having obtained electronic delivery confirmation thereof (i.e., an electronic record of the sender that the email was sent to the intended recipient thereof without an "error" or similar message that such email was not received by such intended recipient)), or by registered or certified mail (postage prepaid, return receipt requested) (upon receipt thereof) to the other Parties as follows:

Subject to Section 2(d), neither this Agreement nor any of the rights, interests or obligations

hereunder shall be assignable by a Shareholder or the Company without MAAC's prior written consent (to be withheld or given in its sole discretion) or by MAAC without the Company's prior written consent (to be withheld or given in its sole discretion). Any attempted assignment of this Agreement not in accordance with the terms of this Section 16 shall be null and void *ab initio*.

17. Fees and Expenses. Except, in the case of MAAC and the Company, as otherwise expressly set forth in the Business Combination Agreement, all fees and expenses incurred in connection with this Agreement and the transactions contemplated hereby, including the fees and disbursements of counsel, financial advisors and accountants, shall be paid by the Party incurring such fees or expenses; provided, that, any such reasonable and documented fees and expenses incurred by the Shareholders in connection with this Agreement and the transactions contemplated hereby on or prior to the Closing shall be deemed to be fees and expenses of MAAC.

18. No Third Party Beneficiaries. Except as set forth in Section 2(d), this Agreement shall be for the sole benefit of the Parties and their respective successors and permitted assigns and is not intended, nor shall be construed, to give any Person, other than the Parties and their respective successors and permitted assigns, any legal or equitable right, benefit or remedy of any nature whatsoever by reason this Agreement. Nothing in this Agreement, expressed or implied, is intended to, or shall be deemed to, create a joint venture.

19. Miscellaneous. Sections 8.5 (Governing Law), 8.7 (Construction; Interpretation), 8.10 (Severability), 8.11 (Counterparts; Electronic Signatures), 8.15 (Waiver of Jury Trial), 8.16 (Submission to Jurisdiction) and 8.17 (Remedies) of the Business Combination Agreement are incorporated herein by reference and shall apply to this Agreement, *mutatis mutandis*.

20. No Ownership Interest. Nothing contained in this Agreement will be deemed to vest in the Company, any Company Non-Party Affiliate, or any MAAC Non-Party Affiliate any direct or indirect ownership or incidents of ownership of or with respect to the Subject Company Securities. All rights, ownership and economic benefits of and relating to the Subject Company Securities shall remain vested in and belong to each Shareholder, and the Company and MAAC (and each other Company Non-Party Affiliate and MAAC Non-Party Affiliate) shall have no authority to manage, direct, superintend, restrict, regulate, govern or administer any of the policies or operations of Company or exercise any power or authority to direct any Shareholder in the voting of any of the Subject Company Securities, except as otherwise expressly provided herein with respect to the Subject Company Securities. Except as otherwise set forth in Section 1, no Shareholder shall not be restricted from voting in favor of, against or abstaining with respect to any other matters presented to the stockholders of MAAC.

21. Spouses and Community Property Matters. Each Shareholder's spouse (if applicable) hereby represents, warrants and covenants to MAAC and the Company that such spouse shall not assert or enforce, and does hereby waive, any rights granted under any community property statue with respect to the Subject Company Securities that would adversely affect (x) the covenants made by the applicable Shareholder pursuant to this Agreement or (y) the transactions contemplated by the Business Combination Agreement and the Ancillary Documents.

22. No Recourse. Except for claims pursuant to the Business Combination Agreement or any Ancillary Document by any party(ies) thereto against any other party(ies) on the terms and subject to the conditions therein, each Party agrees that (a) this Agreement may only be enforced against, and any action for breach of this Agreement may only be made against, the Parties, and no claims of any nature whatsoever arising under or relating to this Agreement, the negotiation hereof or its subject matter, or the transactions contemplated hereby shall be asserted against any Person that is not a Party, and (b) without limiting the generality of the foregoing, no Person that is not a Party shall have any Liability arising out of or relating to this Agreement, the negotiation hereof or its subject matter, or the transactions contemplated hereby, including with respect to any claim (whether in tort, contract or otherwise) for breach of this Agreement or in respect of any written or oral representations made or alleged to be made in connection herewith, except as expressly provided herein. Notwithstanding anything to the contrary in this Agreement, (i) in no event shall any Shareholder have any obligations or Liabilities related to or arising out of the covenants, agreements, obligations, representations or warranties of any other Shareholder under this Agreement (including related to or arising out of the breach of any such covenant, agreement, obligation, representation or warranty by any other Shareholder), and (ii) in no event shall MAAC have any obligations or Liabilities related to or arising out of the covenants, agreements, obligations, representations or warrants of any Shareholder under this Agreement (including related to or arising out of any breach of any such covenant, agreement, obligation, representation or warranty by any such Shareholder).

23. Non-Survival. The representations, warranties, agreements and covenants in this Agreement shall terminate at the Effective Time, except for those covenants and agreements in this Agreement that, by their terms, expressly contemplate performance or survival after the Effective Time, which covenants and agreements shall so survive the Effective Time in accordance with their terms; *provided* that the foregoing shall not limit any Party's rights in the event of another Party's Willful Breach of any agreement and covenant set forth in Section 4(a) or Section 11 prior to the Effective Time.

AGREEMENT

1. Lock-Up Provisions.

(a) [For the applicable Lock-Up Period (as defined below), notwithstanding anything to the contrary set forth in the Company's bye-laws or any other agreement, except as set forth herein, the Holder shall not (i) lend, offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase, or otherwise transfer or dispose of, directly or indirectly, (a) any Company Post-Closing Common Shares that are outstanding and owned by the Holder immediately following the Effective Time (the "Covered Common Shares") or (b) any securities that are outstanding and owned by the Holder immediately following the Effective Time that are convertible into or exercisable or exchangeable (directly or indirectly) for Company Post-Closing Common Shares (including, without limitation, Company Post-Closing Common Shares or other securities that may be issued after the Effective Time upon exercise, vesting or settlement, as applicable, of any stock option, restricted stock unit, capped value appreciation right or other equity or equity-based award or interest, including for the avoidance of doubt, Adjusted Options, Adjusted RSU Awards and Adjusted CVAR Awards (the securities described in this clause (b), the "Covered Other Securities" and, together with the Covered Common Shares, the "Covered Securities")), or (ii) enter into any swap, hedge or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of any Covered Securities, whether any such transaction described in clause (i) or (ii) above is to be settled by delivery of Covered Securities, in cash or otherwise, and whether any such transaction is made or executed by or on behalf of someone other than the Holder (each, a "Sale Transaction"), in each case, without the prior written consent of the Company. The foregoing limitations shall remain in full force and effect for a period of (A) with respect to 100% of the Covered Securities, six (6) months from and after the Closing Date, (B) with respect to 75% of the Covered Securities (rounded up to the nearest whole share or other security, as the case may be), twelve (12) months from and after the Closing Date and (C) with respect to 50% of the Covered Securities (rounded up to the nearest whole share or other security, as the case may be), thirty-six (36) months from and after the Closing Date (the periods set forth in the foregoing clauses (A) through (C), as applicable, the "Lock-Up Period"), with the percentages set forth in this sentence applying to the aggregate holdings of Covered Securities held by all entities constituting the Holder, and calculated on an aggregated basis. The Company may impose stop-transfer instructions with respect to the Covered Securities subject to the restrictions set forth in this Section 1(a). For the avoidance of doubt, the Covered Securities shall be measured on an as-exercised or as-converted basis, as applicable.][2]

2 To be included for Holders other than the MAAC Sponsor.

(a) [For the applicable Lock-Up Period (as defined below), notwithstanding anything to the contrary set forth in the Company's bye-laws or any other agreement, except as set forth herein, the Holder shall not (i) lend, offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase, or otherwise transfer or dispose of, directly or indirectly, any Company Post-Closing Common Shares or Company Warrants (it being understood and agreed that, for purposes of this Agreement, references to "Company Warrants" shall be deemed to include Company Post-Closing Common Shares underlying such Company Warrants), as applicable, that are outstanding and owned by the Holder immediately following the Effective Time (the "Covered Securities") or (ii) enter into any swap, hedge or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of any Covered Securities, whether any such transaction described in clause (i) or (ii) above is to be settled by delivery of Covered Securities, in cash or otherwise, and whether any such transaction is made or executed by or on behalf of someone other than the Holder (each, a "Sale Transaction"), in each case, without the prior written consent of the Company. The foregoing limitations shall remain in full force and effect for a period of: (A) with respect to 100% of the Company Post-Closing Common Shares owned by the Holder as of immediately following the Effective Time, six (6) months from and after the Closing Date, (B) with respect to 25% of the Company Post-Closing Common Shares owned by the Holder as of immediately following the Effective Time, the earlier of (I) twelve (12) months following the date on which the applicable Earn-Out Shares (as such term is defined in the Sponsor Support Agreement) vest pursuant to Section 2 of the Sponsor Support Agreement and (II) seventy-two (72) months from and after the Closing Date, (C) with respect to 50% of the Company Post-Closing Common Shares owned by the Holder as of immediately following the Effective Time, thirty-six (36) months from and after the Closing Date, (D) with respect to 100% of the Company Warrants owned by the Holder as of immediately following the Effective Time, six (6) months from and after the Closing Date, (E) with respect to 75% of the Company Warrants owned by the Holder as of immediately following the Effective Time, twelve (12) months from and after the Closing Date and (F) with respect to 50% of the Company Warrants owned by the Holder as of immediately following the Effective Time, thirty-six (36) months from and after the Closing Date (the periods set forth in the foregoing clauses (A) through (F), as applicable, the "Lock-Up Period"). Notwithstanding the foregoing, the Lock-Up Period described in clauses (A), (B) and/or (C) shall apply to Covered Securities that are Company Post-Closing Common Shares (other than the Earn-out Shares), the $15 Earn-Out Shares (as such term is defined in the Sponsor Support Agreement) and the $20 Earn-out Shares (as such term is defined in the Sponsor Support Agreement) in the manner (and in the applicable proportions) set forth on Annex A hereto. The Company may impose stop-transfer instructions with respect to the Covered Securities subject to the restrictions set forth in this Section 1(a). For the avoidance of doubt, (1) any Earn-Out Shares that vest pursuant to the Sponsor Support Agreement shall remain subject to any applicable Lock-Up Period set forth herein and (2) notwithstanding the expiration of any Lock-Up Period with respect to any Earn-Out Shares, such shares shall remain subject to any applicable restrictions set forth in the Sponsor Support Agreement. For the avoidance of doubt, the Covered Securities shall be measured on an as-exercised or as-converted basis, as applicable.][3]

(F) in connection with the Company's consummation of a liquidation, merger, amalgamation, share exchange, reorganization, tender offer or other similar transaction that results in all of the Company's shareholders having the right to exchange their equity holdings in the Company for cash, securities or other property; or

(G) by pledging, hypothecating or otherwise granting a security interest in Covered Securities in a bona fide transaction to one or more unaffiliated lending institutions as collateral or security for any margin loan and any transfer in the event of foreclosure upon such Covered Securities as a result of a default on such margin loan (so long as any such pledge, hypothecation or grant of security interest shall be on terms consistent with customary margin loans, and the Holder shall provide the Company with written notice prior to entering into such margin loan);

(e) If any Sale Transaction is made or attempted contrary to the provisions of this Agreement, such purported Sale Transaction shall be null and void *ab initio*, and the Company shall refuse to recognize any such purported transferee of the applicable Covered Securities as one of its equity holders for any purpose.

PART II
INFORMATION NOT REQUIRED IN THE PROSPECTUS

Item 20. Indemnification of directors and officers.

The DGCL does not limit the extent to which a company's memorandum and articles of association may provide for indemnification of officers and directors. However, such provision may be held by the Delaware courts to be unenforceable, to the extent it seeks to indemnify or exculpate a fiduciary in respect of their actual fraud or willful default, or for the consequences of committing a crime. MAAC's existing organizational documents provide for indemnification of officers and directors for losses, damages, costs and expenses incurred in their capacities as such, except through their own actual fraud, willful neglect or willful default.

Such limitation of liability and indemnification does not affect the availability of equitable remedies. In addition, MAAC has been advised that, in the opinion of the SEC, indemnification for liabilities arising under the Securities Act is against public policy as expressed in the Securities Act and is therefore unenforceable.

† Schedules to this exhibit have been omitted pursuant to Item 601(b)(2) of Regulation S-K. The registrant hereby agrees to furnish a copy of any omitted schedules to the SEC upon request.

Portions of this exhibit have been omitted because they are both (i) not material and (ii) would likely cause competitive harm to Roivant Sciences Ltd. if publicly disclosed.

Item 22. Undertakings.

1. The undersigned Registrant hereby undertakes:

(a) To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of this Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in this Registration Statement or any material change to such information in this Registration Statement; and

(b) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(d) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(e) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

2. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by them is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

3. The undersigned registrant hereby undertakes as follows: that prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other items of the applicable form.

4. The registrant undertakes that every prospectus: (1) that is filed pursuant to the immediately preceding paragraph, or (2) that purports to meet the requirements of Section 10(a)(3) of the Act and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any

liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

5. The undersigned Registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Item 4, 10(b), 11 or 13 of this Form S-4, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of this Registration Statement through the date of responding to the request.

6. The undersigned Registrant hereby undertakes to supply by means of a post-effective amendment all information concerning this transaction that was not the subject of and included in this Registration Statement when it became effective.

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, as amended, the registrant has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, on the 14th day of May, 2021.

7.2 Authority; Enforceability; No Conflict.

(a) Each Seller Party has the requisite corporate power and authority to enter into this Agreement and the Other Transaction Documents and to consummate the transactions contemplated hereby and thereby. The execution and delivery of this Agreement and the Other Transaction Documents by each Seller Party and the consummation of the transactions contemplated hereby and thereby have been duly and validly authorized by such Seller Party. This Agreement has been duly executed and delivered by each Seller Party and, upon the execution and delivery by such Seller Party of the Other Transaction Documents, assuming the due authorization, execution and delivery of this Agreement and the Other Transaction Documents by Buyer, this Agreement and the Other Transaction Documents will constitute the legal, valid and binding obligations of such Seller Party, enforceable against it in accordance with their terms, subject to applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent transfer and other similar laws affecting creditors' rights generally and to general principles of equity regardless of whether considered in a proceeding in equity or at law.

11.5 Notice of Claims. Any Buyer Indemnified Party or Seller Indemnified Party seeking indemnification hereunder (the "Indemnified Party") shall give promptly to the Party obligated to provide indemnification to such Indemnified Party under this ARTICLE 11 (Indemnification; Remedies) (the "Indemnifying Party") a notice (a "Claim Notice") describing in reasonable detail the facts giving rise to

(b) In calculating any Damages there shall be deducted any insurance recovery in respect thereof (and no right of subrogation shall accrue hereunder to any insurer) and the Party seeking indemnification hereunder shall use commercially reasonable efforts to seek an insurance recovery to the extent available. If any Party is required to indemnify an Indemnified Party pursuant to the provisions hereof, and the cost, expense or liability for which the indemnification is sought has actually provided the Indemnifying Party with a Tax benefit that is actually recognized by such Indemnified Party as a cash Tax savings in or before the taxable year in which the applicable indemnity payment is made, the amount of such Tax benefit shall reduce the Indemnifying Party's liability to indemnify the Indemnified Party hereunder.

(c) After the giving of any Claim Notice pursuant to Section 11.5 (Notice of Claims), (A) the amount of indemnification to which an Indemnified Party shall be entitled under this ARTICLE 11 (Indemnification; Remedies) and (B) if the Cap as then in effect does not include the Additional Cap Amount, (x) the amount of Damages, if any, for which a Buyer Indemnified Party would have been entitled to indemnification under this ARTICLE 11 in respect of such Claim Notice if the Cap, as then in effect, had not been exceeded (each such amount of Damages, a "Buyer Contingent Damages Amount") or (y) the amount of Damages, if any, for which a Seller Indemnified Party would have been entitled to indemnification under this ARTICLE 11 in respect of such Claim Notice if the Cap, as then in effect, had not been exceeded (each such amount of Damages, a "Seller Contingent Damages Amount"), to the extent applicable, shall be determined: (i) by the written agreement between the Indemnified Party and the Indemnifying Party; (ii) by a final judgment or decree of any court of competent jurisdiction; or (iii) by any other means to which the Indemnified Party and the Indemnifying Party shall agree.

(d) No Buyer Indemnified Party shall have any right of set-off or recoupment against any payment or other obligation that such Buyer Indemnified Party or its Affiliates may have to Seller Parties or their Affiliates under this Agreement, the Other Transaction Documents or otherwise.

Thereafter, the Indemnified Party shall deliver to the Indemnifying Party, within [***] after the Indemnified Party's receipt thereof, copies of all notices and documents (including court papers) received by the Indemnified Party relating to the Third Party Claim. The failure to give notice as provided in this Section 11.7 (Third Party Claim Indemnification Procedure) shall not relieve the Indemnifying Party of its obligations hereunder except to the extent it shall have been prejudiced by such failure.

(b) Subject to the provisions of this Section 11.7(b) (Third Party Claim Indemnification Procedure), in the event of a Third Party Claim, the Indemnifying Party shall have the sole and absolute right after the receipt of notice, at its option and at its own expense, to be represented by counsel of its choice and to control, defend against, negotiate, settle or otherwise deal with any Proceeding, claim, or demand relating to such Third Party Claim; provided, that the Indemnified Party may participate in any such Proceeding with counsel of its choice and at its own expense. The Parties agree to cooperate fully with each other in connection with the defense, negotiation or settlement of any such Third Party Claim. Notwithstanding the foregoing, to the extent that (i) the Indemnifying Party informs the Indemnified Party in writing of its election not to defend such Third Party Claim, or (ii) the Third Party Claim [***]; provided, for purposes of this Section 11.7(b)(ii), that the Cap shall be calculated to include the Additional Cap Amount, (D) creates, in the reasonable judgment of the Indemnified Party after obtaining advice of counsel, an actual or readily apparent conflict of interest between the Indemnified Party and the Indemnifying Parties or (E) would reasonably be expected to result in a material detriment to or material injury to the Indemnified Party's reputation or future business prospects if a judgment adverse to the Indemnified Party is rendered, the Indemnified Party may retain counsel, at the expense of the Indemnifying Party, and control the defense of such Proceeding, and the Indemnifying Party may participate in any such Proceeding with counsel of its choice and at its own expense. The Indemnified Party shall not, without the written consent of the Indemnifying Party (which consent shall not be unreasonably withheld), pay, compromise or settle any Third Party Claim.

(a) If an Indemnified Party is at any time entitled by reason of a contractual right to recover from a Third Party any amount in respect of any matter giving rise to Damages, the Indemnified Party shall [***]; provided, further, for the avoidance of doubt, that the foregoing shall not limit an Indemnified Party's ability to recover Damages pursuant to this ARTICLE 11 (Indemnification; Remedies). In any case where an Indemnified Party recovers from Third Parties any amount in respect of a matter with respect to which an Indemnifying Party has indemnified it pursuant to this ARTICLE 11 (Indemnification; Remedies), such Indemnified Party shall promptly pay over to the Indemnifying Party the amount so recovered (after deducting therefrom the full amount of the expenses incurred by it in procuring such recovery), but not in excess of the sum of (i) any amount previously so paid by the Indemnifying Party to or on behalf of the Indemnified Party in respect of such matter and (ii) any amount expended by the Indemnifying Party in pursuing or defending any claim arising out of such matter.

13.4 Further Assurances. Subject to Section 9.11(b) (Asset Transfer Plan), the Parties agree to furnish upon request to each other such further information, to execute and deliver to each other such other documents, and to do such other acts and things, all as any other Party may reasonably request for the purpose of carrying out the intent of this Agreement and the documents referred to in this Agreement. Subject to Section 9.11(b) (Asset Transfer Plan), if, after completion of the technology transfer set forth in Sections 1-3 of the Asset Transfer Plan, Buyer identifies any property, right or asset (other than any property, right or asset included with the Excluded Assets) that has not, and should have been, transferred to the Buyer pursuant to this Agreement, Seller Parties shall transfer (or procure the transfer of) such property, right or asset (and any related liability which is an Assumed Liability) to Buyer as soon as practicable and at no cost to Buyer. If following Closing, any property, right or asset (other than any property, right or asset expressly included in the Transferred Assets) is found to have, and should not have been, transferred to Buyer, Buyer shall transfer (or procure the transfer of) such property, right or asset to Seller Parties as soon as practicable and at no cost to Seller Parties. For clarity, to the extent that the Asset Transfer Plan sets forth the manner of transferring specified assets, then the provisions of the Asset Transfer Plan shall apply.

13.5 Waiver. The rights and remedies of the Parties to this Agreement are cumulative and not alternative. Neither the failure nor any delay by any Party in exercising any right, power, or privilege under this Agreement or the documents referred to in this Agreement will operate as a waiver of such right, power, or privilege, and no single or partial exercise of any such right, power, or privilege will preclude any other or further exercise of such right, power, or privilege or the exercise of any other right, power, or privilege. To the maximum extent permitted by applicable Law: (a) no claim or right arising out of this Agreement or the documents referred to in this Agreement can be discharged by a Party, in whole or in part, by a waiver or renunciation of the claim or right unless in writing signed by the other Party; (b) no waiver that may be given by a Party will be applicable except in the specific instance for which it is given; and (c) no notice to or demand on a Party will be deemed to be a waiver of any obligation of such Party or of the right of the Party giving such notice or demand to take further action without notice or demand as provided in this Agreement or the documents referred to in this Agreement.

13.6 Entire Agreement and Modification. Except for the Confidentiality Agreement, which remains in full force and effect in accordance with Section 5.1(b) (Confidential Information), this Agreement supersedes all prior agreements between the Parties with respect to its subject matter and constitutes (along with the documents referred to in this Agreement, including the Other Transaction Documents, Exhibits and Schedules, including the Disclosure Schedule) a complete and exclusive statement of the terms of the agreement between the Parties with respect to its subject matter. This Agreement may not be amended or modified except by a written agreement duly executed by each of the Parties hereto.

13.7 Assignments, Successors and No Third-Party Rights. No Party may assign this Agreement or any of its rights or obligations under this Agreement without the prior written consent of the other Party, and any purported assignment without a consent shall be void. Buyer may, without Seller Parties' consent, (a) at any time, sell, assign, contribute or otherwise transfer this Agreement and its rights and obligations hereunder in whole or in part to an Affiliate, (b) following the Closing, assign all or any part of its rights or obligations hereunder to any Person (whether or not an Affiliate of Buyer) in connection with a merger or consolidation of Buyer or the sale of all or substantially all of Buyer's business or assets and (c) grant or permit any Encumbrance or assignment to any Person (whether or not an Affiliate of Buyer) in connection with a financing for Buyer (or an Affiliate of Buyer to which any rights under this Agreement have been assigned or sublicensed) from time to time, in each case of clauses (a), (b) or (c) above, without Buyer being relieved of any of its obligations hereunder. Subject to the preceding sentences, this Agreement will apply to, be binding in all respects upon, and inure to the benefit of the successors and permitted assigns of the Parties. Nothing expressed or referred to in this Agreement will be construed to give any Person other than the Parties to this Agreement (except, under ARTICLE 11 (Indemnification; Remedies), the other Buyer Indemnified Parties and Seller Indemnified Parties) any legal or equitable right, remedy, or claim under or with respect to this Agreement or any provision of this Agreement. Except as set forth in ARTICLE 11 (Indemnification; Remedies), this Agreement and all of its provisions and conditions are for the sole and exclusive benefit of the Parties to this Agreement and their successors and permitted assigns.

13.8 Severability. If any provision of this Agreement is held invalid or unenforceable by any court of competent jurisdiction, the other provisions of this Agreement will remain in full force and effect. Any provision of this Agreement held invalid or unenforceable only in part or degree will remain in full force and effect to the extent not held invalid or unenforceable.

13.9 Interpretation. Articles, titles and headings to sections herein are inserted for convenience of reference only and are not intended to be a part of or to affect the meaning or interpretation of this Agreement. The Disclosure Schedule and the Exhibits and Schedules hereto shall be construed with and as an integral part of this Agreement to the same extent as if they were set forth verbatim herein. Disclosure

of any fact or item in the Disclosure Schedule referenced by a particular section in this Agreement shall be deemed to have been disclosed with respect to every other section in this Agreement; provided, that the applicability of such disclosure to any other section of this Agreement is reasonably apparent on the face of the disclosure. Neither the specification of any dollar amount in any representation or warranty contained in this Agreement nor the inclusion of any specific item in the Disclosure Schedule is intended to imply that such amount, or higher or lower amounts, or the item so included or other items, are or are not material, and no Party shall use the fact of the setting forth of any such amount or the inclusion of any such item in any dispute or controversy between the Parties as to whether any obligation, item or matter not described herein or included in the Disclosure Schedule is or is not material for purposes of this Agreement. Unless this Agreement specifically provides otherwise, neither the specification of any item or matter in any representation or warranty contained in this Agreement nor the inclusion of any specific item in the Disclosure Schedule is intended to imply that such item or matter, or other items or matters, are or are not in the ordinary course of business, and no Party shall use the fact of the setting forth or the inclusion of any such item or matter in any dispute or controversy between the Parties as to whether any obligation, item or matter not described herein or included in the Disclosure Schedule is or is not in the ordinary course of business for purposes of this Agreement. All references to "hereof," "hereto" and "hereunder" shall refer to this Agreement. All words used in this Agreement will be construed to be of such gender or number as the circumstances require. All currency amounts referred to in this Agreement are in Pounds Sterling unless otherwise specified. Unless otherwise expressly provided, the word "including" shall mean "including without limitation." This Agreement was negotiated by the Parties with the benefit of legal representation, and any rule of construction or interpretation otherwise requiring this Agreement to be construed or interpreted against any Party shall not apply to any construction or interpretation hereof.

13.10 Time of the Essence. With regard to all dates and time periods set forth or referred to in this Agreement, time is of the essence.

13.11 Governing Law. This Agreement and its negotiation, execution, performance or non-performance, interpretation, termination, construction and all claims or causes of action (whether in contract, in tort, at law, or otherwise) that may be based upon, arise out of, or relate to this Agreement or the transactions contemplated hereby (including any claim or cause of action based upon, arising out of or related to any representation or warranty made in connection with this Agreement or as an inducement to enter this Agreement), shall be exclusively governed by, and construed in accordance with, the Laws of the State of Delaware regardless of Laws that might otherwise govern under any applicable conflict of laws principles.

13.12 Dispute Resolution.

(a) The Parties shall negotiate in good faith and use reasonable efforts to settle any dispute, controversy or claim arising from or related to this Agreement or the breach thereof. Subject to Section 13.12(i) (Dispute Resolution), in the event the Parties cannot resolve such dispute, controversy or claim within a period of [***] of the transmittal of a Notice of Dispute(s) by either party, then the matter shall be referred to designated senior executives of the Parties for resolution by the sending of a Notice of Dispute(s) for Executive Resolution. The designated senior executives shall endeavor to meet in person within [***] following transmittal of the Notice of Dispute(s) for Executive Resolution. The initial designated senior executives shall be [***] of Dermavant Sciences, Inc. (or his or her designee), and [***] of GSK (or her duly appointed successor). Each Party shall be entitled to name substitute senior executives upon written notice to the other Party.

(b) Except as expressly set forth in Section 13.12(i) (Dispute Resolution), if, after going through this procedure, the Parties do not fully settle within [***] of the transmittal of the Notice of Dispute(s) for Executive Resolution, and a Party wishes to pursue the matter, each such dispute, controversy or claim that is not an Excluded Claim shall be finally resolved by binding arbitration administered by [***] pursuant to [***] then in effect (the "[***]").

(c) The arbitration shall be conducted by a panel of three (3) neutral arbitrators experienced in the pharmaceutical business, none of whom shall be a current or former employee or director, or a current stockholder, of either Party or any of their respective Affiliates or sublicensees: within [***] after initiation of arbitration, each Party shall select one (1) person to act as arbitrator and the two (2) Party- selected arbitrators shall select a third (3rd) arbitrator within [***] of their appointment. If the arbitrators selected by the Parties are unable or fail to agree upon the third (3rd) arbitrator, the third (3rd) arbitrator shall be appointed by [***]. The place of arbitration shall be New York, New York, and all proceedings and communications shall be in English. Within [***] after selection of the third arbitrator, the arbitrators shall conduct the Preliminary Conference (as defined in the [***]). In addressing any of the subjects within the scope of the Preliminary Conference, the arbitrators shall take into account both the desirability of making discovery efficient and cost-effective and the needs of the Parties for an understanding of any legitimate issue raised in the arbitration. The award rendered by the arbitrators shall be final, binding and non-appealable, and judgment may be entered upon it in any court of competent jurisdiction.

(d) Either Party may apply to the arbitrators for injunctive relief to prevent breaches by the other Party of this Agreement and to enforce specifically the terms and provisions hereof. Either Party may apply to the arbitrators for interim injunctive relief until the arbitration award is rendered or the controversy is otherwise resolved. The arbitrators' authority to award punitive or any other type of Damages not measured by a Party's compensatory Damages shall be subject to the limitations set forth in Section 13.17 (No Consequential Damages). Each Party shall bear its own costs and expenses and attorneys' fees and an equal share of the arbitrators' fees and any administrative fees of arbitration.

(e) Except to the extent necessary to confirm or enforce an award or as may be required by law, neither Party nor an arbitrator may disclose the existence, content, or results of an arbitration without the prior written consent of the other Party.

(f) No arbitration may be commenced after the date when a legal or equitable proceeding based on the dispute, controversy or claim would be barred by the applicable New York statute of limitations.

(g) The Parties agree that, in the event of a dispute over the nature or quality of performance under this Agreement, neither Party may terminate this Agreement until final resolution of the dispute through arbitration or other judicial determination. The Parties further agree that any payments made pursuant to this Agreement pending resolution of the dispute shall be refunded if an arbitral tribunal or a court determines that such payments are not due.

(h) As used in this Section, the term "Excluded Claim" means a dispute, controversy or claim that concerns (i) the construction, scope, validity, enforceability, inventorship or infringement of a Patent, patent application, trademark or copyright or (ii) any antitrust, anti-monopoly or competition law or regulation, whether or not statutory.

(i) Nothing contained in this Agreement shall deny either Party the right to seek injunctive or other equitable relief from a court of competent jurisdiction in the context of a *bona fide* emergency or prospective irreparable harm, and such an action may be filed and maintained notwithstanding any ongoing discussions between the Parties or any ongoing arbitration proceeding. In addition, either Party may bring an action in any court of competent jurisdiction to resolve disputes pertaining to the validity, construction, scope, enforceability, infringement or other violations of Patents or other intellectual property rights, and no such claim shall be subject to arbitration pursuant to subsections (b) and (c) of this Section 13.2 (Notices).

13.13 Specific Performance. The Parties agree that irreparable damage would occur in the event that any of the provisions of this Agreement were not performed by the Parties in accordance with their specific terms or were otherwise breached. It is accordingly agreed that Buyer, on the one hand, and Seller Parties, on the other hand, shall be entitled to an injunction or injunctions to prevent breaches or threatened breaches of this Agreement and to enforce specifically the terms and provisions hereof in any court of competent jurisdiction and that this shall include the right of Seller Parties to cause Buyer, on the one hand, and the right of Buyer to cause Seller Parties, on the other hand, to fully perform the terms of this Agreement to the fullest extent permissible pursuant to this Agreement and applicable Law and to thereafter cause this Agreement and the transactions contemplated hereby to be consummated on the terms and subject to the conditions thereto set forth in this Agreement. Such remedies shall, however, be cumulative and not exclusive and shall be in addition to any other remedies which any Party may have under this Agreement or otherwise. Each of the Parties hereby waives (i) any defenses in any action for specific performance, including the defense that a remedy at law would be adequate and (ii) any requirement under any Law to post a bond or other security as a prerequisite to obtaining equitable relief.

13.14 Non-Recourse.

(a) Except to the extent a named Party to this Agreement (and then only to the extent of the specific obligations undertaken by such named Party in this Agreement), no individual who is a past, present or future director, officer, employee, incorporator, member, partner, stockholder, Affiliate, agent, attorney, or other representative of any Party hereto shall have any liability in such Person's individual capacity (whether in contract or in tort, in law or in equity, or based upon any theory that seeks to impose liability of an entity Party against its owners or Affiliates) for any obligations or liabilities of any Party hereto under this Agreement or for any claim based on, in respect of, or by reason of, the transactions contemplated hereby or in respect of any oral representations made or alleged to have been made in connection herewith.

(b) The provisions of this Section 13.14 (Non-Recourse) are intended to be for the benefit of, and enforceable by, the individuals who are past, present or future directors, officers, employees, incorporators, members, partners, stockholders, Affiliates, agents, attorneys, and other representatives of the Parties hereto, and each such Person shall be a Third Party beneficiary of this Section 13.14 (Non-Recourse).

13.15 Relationship. It is understood and agreed that nothing in this Agreement shall be construed as authorization for any Party to act as agent for the other Parties. Nothing in this Agreement shall be deemed to create an employment, agency, joint venture or partnership relationship between the Parties or any of their agents or employees for any purpose.

13.16 Execution of Agreement; Counterparts. This Agreement and any amendment hereto may be executed in any number of counterparts, each of which when executed and delivered shall be deemed to be an original and all of which counterparts taken together shall constitute but one and the same instrument. The exchange of copies of this Agreement or amendments thereto and of executed signature pages by facsimile transmission or by email transmission in portable document format (PDF), or similar format, shall constitute effective execution and delivery of such instrument(s) as to the Parties and may be used in lieu of the original Agreement or amendment for all purposes. Signatures of the Parties transmitted by facsimile or by email in portable document format (PDF), or similar format, shall be deemed to be their original signatures for all purposes.

SCHEDULE 2
SCOPE OF WORK FOR DEVELOPMENT SERVICES

Each Scope of Work describes the activities and deliverables contemplated by the Parties for the applicable Development Services, together with the non-binding timeline for the performance or delivery of those Development Services.

1. General assumptions

In addition to any specific assumptions set forth in a Scope of Work for the applicable Services, the following assumptions apply generally to all Development Services undertaken pursuant to or in connection with such Scope of Work:

1.1 Where applicable, GSK or its Affiliate will perform the Development Services set forth in a Scope of Work in accordance with, and subject to, the GSK Group's policies and standard operating procedures and Applicable Law.

1.2 The Price payable by the Purchaser under a Scope of Work includes [***] Unless otherwise provided in a Scope of Work, Development Services shall be charged at the defined FTE Rate set forth in Schedule 4 (*Fees*) together with all of GSK's direct costs and expenses for such Development Services and, if applicable, a management fee. Any Manufacturing required to support Development Services under a Scope of Work will be charged at an agreed per batch cost as set forth in the applicable Scope of Work.

1.3 Following the performance of the Development Services by GSK, GSK or its Affiliates shall invoice the Purchaser in accordance with Clause 12 (*Invoice and Payment*) and notify the Purchaser in writing of the completion of the relevant Development Service. The Purchaser must notify GSK of its approval of such Development Service and any related deliverables in writing within [***] of receipt of the notification of completion of such Development Service. GSK shall not be obliged to proceed with any activities for subsequent Development Services (if any) prior to receiving in writing the Purchaser's approval and acceptance of each preceding Development Service and related deliverables (if any), unless otherwise agreed between the Parties.

1.4 In the event that any dispute or difference arises out of or in connection with the performance of a Development Service under a Scope of Work and the Purchaser does not give its acceptance in respect of a Development Service and any related deliverables in accordance with paragraph 1.3 above (a **"Service Dispute"**), each Party shall use its reasonable endeavours to resolve any such Service Dispute by prompt discussion in good faith at a managerial level appropriate to the Service Dispute in question. This procedure shall be invoked by either Party giving notice to the other setting out the issues in the Service Dispute and referring to this paragraph and, unless the Parties agree otherwise, shall be treated as having been exhausted if the Service Dispute has not been resolved within [***] after the giving of the notice. If the Service Dispute is treated as having been exhausted, GSK may terminate the relevant Scope of Work with immediate effect.

1.5 Neither GSK nor any of its Affiliates shall support any development work or undertake any capital expenditure in respect of the performance of the Development Services or the Manufacture of the Products under this Agreement. If any capital expenditure is identified during the Term as being required in respect of the Development Services or the Products, the Parties shall discuss and agree in writing what is required and the expenditure shall be borne by the Purchaser. In the event that the Purchaser fails to pay any sum in respect of capital expenditure for which it is to bear the cost pursuant to this paragraph 1.5, neither GSK nor its Affiliates shall bear any liability under this Agreement for any breach of its terms resulting from any failure to undertake, or delay in undertaking, such capital expenditure or any consequential failure to Manufacture (or delay in Manufacturing) the Products pursuant to this Agreement.

In this Schedule 3 (*Toll Manufacture Provisions*), unless otherwise specified, any reference to a paragraph is to a paragraph of this Schedule 3 (*Toll Manufacture Provisions*).

2. USE OF TOLL MATERIALS

GSK or the Nominated Supplier shall use such Toll Materials, WIP and New Clinical Products solely for the purposes of this Agreement.

2.2 The risk in (but not title to) the Toll Materials shall pass to GSK on Delivery to GSK (or the Nominated Supplier) (or shall remain with GSK in respect of Toll Materials that the Parties agree shall be left in GSK's possession in consignment).

2.3 The Toll Materials, WIP and New Clinical Products shall at all times be stored separately from (but may be stored in the same warehouse or other facility as) other goods and merchandise in the possession of GSK or the Nominated Supplier and the containers holding the Toll Materials, WIP and New Clinical Products shall be clearly marked in such a way as to identify that they are owned by the Purchaser or for use only for the Purchaser.

The Expected Losses identify in percentage terms the proportion of each Toll Material reasonably expected to be lost in the Manufacture of the relevant New Clinical Product(s), including in the event of a batch rejection. The Expected Losses take into account GSK's and the Nominated Supplier's requirements to retain samples of the Toll Materials and/or New Clinical Products in accordance with Applicable Law. The Expected Losses shall be applicable throughout the Term unless otherwise mutually agreed by the Parties.

3.2 GSK shall report quarterly to the Purchaser and/or its Affiliate on the usage of each Toll Material it achieves, in order for the Parties to calculate the actual usage achieved by GSK and the Nominated Supplier, and for this purpose shall provide to the Purchaser by the end of the month following each Calendar Quarter Day and the date of termination or expiry of this Agreement a reconciliation report (in respect of the previous Calendar Quarter or period and Reporting Year to date) in such format as the Parties may agree showing:

(A) the opening quantities of each Toll Material held by GSK or the Nominated Supplier at the start of the Calendar Quarter;

(B) the receipts of each Toll Material from the Purchaser (or its Affiliate) during that Calendar Quarter;

(C) the actual usage of each Toll Material during that Calendar Quarter and during that Reporting Year through the end of such Calendar Quarter in the Manufacture of New Clinical Products and the quantities of New Clinical Products Manufactured; and

(D) the stock of each Toll Material and related WIP and New Clinical Products containing the same, held by GSK or the Nominated Supplier remaining unprocessed or not yet Delivered to the Purchaser or its Affiliate at the end of such Calendar Quarter;

provided that the first such report in respect of each New Clinical Product shall relate to the period commencing on the Effective Date and ending on the first Calendar Quarter Day falling at least one (1) month after the Effective Date.

3.3 On the last Business Day of the month following the end of each Reporting Year during the Term (including following the final Reporting Year of the Term), the Parties shall calculate the Reconciliation Value for the Reporting Year just ended as follows:

[***]

3.4 If the Reconciliation Value is positive, GSK shall reimburse the Purchaser (or its Affiliate) for such Reconciliation Value.

3.5 If the Reconciliation Value is negative, such Reconciliation Value shall be carried forward to the next Reporting Year and used in calculating the subsequent Reconciliation Value in accordance with the formula set forth at paragraph 3.3.

3.6 For the purposes of the calculation in paragraph 3.3, the loss of any of the Toll Materials that are Defective (other than as a result of any negligent act or omission of GSK or its Affiliates following Delivery of such Toll Materials) or written off pursuant to Clause 18 (*Write Off Costs*) and paragraph 5 (*Supplementary Write Off Provisions*) shall be disregarded.

Schedule

3.7 The provisions of Clause 11.8 shall apply *mutatis mutandis* in the event of any dispute in respect of the calculation of any Reconciliation Value under this paragraph 3 (*Loss and Reconciliation of Toll Materials*).

4. REQUIREMENTS FOR TOLL MATERIALS

4.1 On the [***] of each calendar month (or on such other Business Day during each month as may be agreed), GSK shall notify the Purchaser of its requirements for Toll Materials based on the Forecast Schedule and the applicable Lead Time for the relevant New Clinical Product.

4.2 GSK shall be released of its obligations to supply the relevant New Clinical Product to the Purchaser to the extent that the quantity of Toll Materials in its possession is not sufficient to Manufacture such New Clinical Product (other than as a result of GSK's failure to comply with its obligations in respect of any agreed Manufacture of New Clinical API or due to a Defect in Purchased Clinical API or Maintained Excess Clinical API).

5. SUPPLEMENTARY WRITE OFF PROVISIONS

(d) any Liabilities arising from GSK's payment of the Second Closing Payment pursuant to **Sections 8.2** and **8.3** brought by Celestial, BWTP or any Governmental Authority;

The Claimant Party shall permit the Indemnifying Party to assume direction and control of the defence of the claim with the counsel that is reasonably satisfactory to Claimant Party; provided that the Claimant Party shall have the right to engage a counsel to represent itself in the defence at its own cost or at the Indemnifying Party's cost if there could be a conflict of interest for the counsel engaged by the Indemnifying Party to defend the Claimant Party, and (c) cooperates in the defence of such claim. 11.4 Limitation of Indemnification. NEITHER PARTY NOR THEIR RESPECTIVE AFFILIATES SHALL BE LIABLE TO THE OTHER PARTY FOR ANY INDIRECT, SPECIAL OR CONSEQUENTIAL DAMAGES, WHETHER IN CONTRACT, TORT OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, ANY LOST DATA, LOST REVENUE OR LOST PROFITS, EVEN IF THE OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF OR COULD HAVE FORESEEN SUCH DAMAGES. Neither Party may waive or release any of its rights or interests in this Agreement except in writing.

14.4 Severability. Each Party is an independent contractor. Neither Party shall assume, either directly or indirectly, any liability of or for the other Party. Neither Party shall have the authority to bind or obligate the other Party and neither Party shall represent that it has such authority.

14.7 Further Assurances. Each Party hereto shall execute and cause to be delivered to each other Party hereto such instruments and other documents, and shall take such other actions, as such other Party may reasonably request (prior to, at or after the Time of Closing) for the purpose of carrying out or evidencing any of the transactions contemplated by this Agreement.

14.9 Remedies Cumulative. Except as otherwise provided herein, any and all remedies herein expressly conferred upon a Party shall be deemed cumulative with and not exclusive of any other remedy conferred hereby, or by law or equity upon such Party, and the exercise by a Party of any one remedy shall not preclude the exercise of any other remedy. If any action at law or in equity is necessary to enforce or interpret the terms of this Agreement, the prevailing Party shall be entitled to reasonable attorney's fees, costs and necessary disbursements in addition to any other relief to which such Party may be entitled.

14.10 Entire Agreement; Amendment. This Agreement, including the Schedules hereto, constitutes the entire agreement between the Parties with respect to the transactions provided for herein and, except as stated in this Agreement and in the instruments and documents to be executed and delivered pursuant hereto, contains all of the agreements between the Parties and there are no verbal agreements or understandings between the Parties not reflected in this Agreement. 2.1 Expiry of [***] TTA. The Parties acknowledge and agree that the [***] TTA expired on [***].

ARTICLE 3

3.1 General. Each Party agrees that, pursuant to the [***] TTA, Welichem transferred to Celestial, and Celestial subsequently assigned to BWTP, certain intellectual property rights solely in the China Territory as set forth in more detail in Section 3.2, and that Welichem retained and continues to possess certain intellectual property rights in the rest of the world, as set forth in more detail in Section 3.3.

3.2 BWTP Patent Rights. Each Party acknowledges and agrees that BWTP solely owns and has all right in and title to the BWTP Patent Rights and BWTP Technology. Pursuant to the [***] TTA, on or about [***], Welichem executed four (4) Assignment of Patent Right documents that assigned to Celestial all of Welichem's rights and interests in the BWTP Patent Rights and BWTP Technology, which were subsequently assigned by Celestial to BWTP. Each of Celestial and BWTP agrees and represents that in respect of the Compound, other than the BWTP Patent Rights and BWTP Technology, no other Patent Rights or intellectual property rights of any kind were assigned, licensed or otherwise transferred by Welichem to Celestial or BWTP pursuant to the [***] TTA, the [***] TTA, the [***] TTA or the [***] TTA. 3.5.4 Binding Effects on Successors. In the event of a sale, assignment or transfer of the China Assets to Welichem or such other Person approved by the Purchaser under Section 3.5.3, Celestial and BWTP shall make it a condition to such sale, assignment or transfer that the subsequent owner or controller of the China Assets (including Welichem or Welichem's designee approved by the Purchaser but excluding the Purchaser or its designee) shall assume all rights and obligations of Celestial and BWTP under the Safety Data Exchange Agreement and this Agreement in writing.

3.8 No Implied Rights. Each Party agrees that, except as expressly set forth in this Article 3, no patent rights or other rights to any know-how, trade secrets or other intellectual property rights are assigned, transferred or licensed from one Party to the other Party under this Agreement, whether by implication, estoppel or otherwise.

4.3 No Right of Reference. Neither Welichem (or the Purchaser after Welichem has sold the Ex-China Assets to the Purchaser), on one side, nor Celestial and BWTP, on the other side, shall have any right to reference any regulatory filing related to a Product, including a drug master file or new drug application, of the other side without the express prior written agreement of the other side.

If a Receiving Party destroys any Confidential Information pursuant to this Section 5.1.3, and upon the Disclosing Party's written request for certification at the time of its instruction to return or destroy its Confidential Information, then an officer of the Receiving Party shall certify in writing to the Disclosing Party that such Confidential Information has been destroyed in compliance with this Section 5.1.3 within [***] after such destruction has been completed.

If a Party deems it necessary to disclose Confidential Information of the other Party pursuant to this Section 5.1.4, then such Party shall, if lawful to do so, give prompt written notice of such proposed disclosure to the other Party to permit such other Party sufficient opportunity to object to such disclosure or to take measures to limit and/or ensure confidential treatment of such Confidential Information. A Receiving Party shall cooperate in good faith with a Disclosing Party, at the Disclosing Party's cost, in such efforts.

5.1.5 Notification. The Receiving Party shall notify the Disclosing Party promptly upon discovery of any unauthorized use or disclosure of the Disclosing Party's Confidential Information by the Receiving Party, its directors, officers, employees, consultants, members or agents, and will cooperate with the Disclosing Party in any reasonably requested fashion, at such Receiving Party's cost, to assist the Disclosing Party to regain possession of such Confidential Information and to prevent its further unauthorized use or disclosure.

This Agreement shall not constitute, create or in any way be interpreted as a joint venture, partnership or formal business organization of any kind, and this Agreement shall not be deemed to create any fiduciary duties or obligations among the Parties.

8.6 Force Majeure. No Party shall be liable to the other for any failure or delay in the fulfillment of its obligations under this Agreement, when any such failure or delay is caused by fire, flood, earthquakes, locusts, explosions, sabotage, terrorism, lack of adequate raw materials (caused by matters beyond the reasonable control of the performing Party), civil commotions, riots, invasions, wars, peril of the sea, restraints, requisitions, regulations, or directions of government authorities (caused by matters beyond the reasonable control of the performing Party), acts of God, or any similar cause beyond the reasonable control of the performing Party (each, a "***Force Majeure Event***"). In the event that a Party is prevented from discharging its obligations under this Agreement on account of a Force Majeure Event, the performing Party will notify the other Parties in writing as soon as possible, and will nevertheless make every endeavor, in the utmost good faith, to discharge its obligations, even if in a partial or compromised manner.

8.7 Entire Agreement; Amendment and Waiver. Subject to Section 7.1, this Agreement shall constitute the entire agreement and understanding of the Parties relating to the subject matter of this Agreement and supersedes all prior and contemporaneous oral or written agreements, representations, understandings or arrangements between the Parties relating to the subject matter of this Agreement, except only Welichem's prior assignment to Celestial of the BWTP Patent Rights and BWTP Technology and Celestial's assignment to BWTP of the BWTP Patent Rights and BWTP Technology. No amendment, supplement or other modification to any provision of this Agreement shall be binding unless in writing and signed by all the Parties. No waiver of any rights under this Agreement shall be effective unless in writing signed by the Party to be charged with such waiver. A waiver of a breach or violation of any provision of this Agreement will not constitute or be construed as a waiver of any subsequent breach or violation of that provision or as a waiver of any breach or violation of any other provision of this Agreement.

8.8 Headings; Construction; Certain Conventions. The headings used in this Agreement have been inserted for convenience of reference only and do not define or limit the provisions hereof. Unless otherwise expressly provided herein or the context of this Agreement otherwise requires, (a) words using the singular will include the plural, and vice versa, (b) the words "include," "includes" and "including" will be deemed to be followed by the phrase "but not limited to", "without limitation", "*inter alia*" or words of similar import, and (c) references to "Article," "Section," shall be deemed to include all Sections and subsections therein. This Agreement will be construed as if it were drafted jointly by the Parties and shall not be strictly construed against either Party.

Subject to Section 3.5, each of the Parties may assign this Agreement to any Person, or to all or substantially all of such Parties assets to which this Agreement relates, provided that (i) the assigning Party is not at the time of such assignment in material breach of this Agreement, and (ii) such assignee assumes in writing all obligations of the assigning Party under this Agreement. The assigning Party shall promptly notify the other Parties of any such assignment within [***] of the assignment and provide the other Parties a copy of all applicable assignment and assumption agreements (with financial terms, if any, redacted).

8.10 Severability. If any provision of this Agreement or application thereof to anyone is adjudicated to be invalid or unenforceable in any jurisdiction, such invalidity or unenforceability shall not affect any provision or application of this Agreement which can be given effect without the invalid or unenforceable provision or application and shall not invalidate or render unenforceable such provision or application in any other jurisdiction. Further, the judicial or other competent authority making such determination shall have the power to limit, construe or reduce the duration, scope, activity and/or area of such provision, and/or delete specific words or phrases as necessary to render, such provision enforceable in such jurisdiction.

8.11 Further Assurances. Each Party shall, as and when requested by another Party, do all acts and execute all documents as may be reasonably necessary to give effect to the provisions of this Agreement.

8.12 Independent Legal Advice. Each Party acknowledges that they have sought and obtained independent legal advice in respect of this Agreement and its subject matter. This Agreement shall be deemed to be prepared by the Parties jointly, and any ambiguity herein shall not be construed for or against any Party.

8.13 Release. By entering into this Agreement, each Party agrees to release and discharge each other and their respective shareholders, affiliates, permitted successors or assigns, directors, officers, agents and advisors from any and all causes of actions, debts, suits, proceedings, dues, duties, accounts, bonds, covenants, contracts, claims, liabilities, demands, damages (known or unknown), controversies, promises, doings, actions, variances, trespasses, grievances, executions, judgements, sums of money, and demands, of any kind whatsoever, whether implied or express of any and every kind in nature whatsoever, at law or in equity, or under any statute, which each of Welichem, Celestial and BWTP ever had, now has or hereinafter can, shall or may have against each other and their respective shareholders, affiliates, permitted successors or assigns, directors, officers, agents and advisors ("**Claims**") for or by reason of or in any way arising out of any or all agreements, commitments, understandings, representations, negotiations and discussions entered into, made or occurred prior to the Effective Date, whether oral or written, by and between the Parties as well as any and all Claims for or by reason of or in any way arising out of any or all defects in applying for or prosecuting any Patent Rights. F. Pursuant to Section 7.6 of the Main Agreement, Welichem has agreed to cause Celestial and BWTP to enter into this Agreement, and the execution and delivery of this Agreement are a condition precedent to the obligations of GSK to effect the closing for the sale and purchase of the Ex-China Assets contemplated by the Main Agreement.

NOW, THEREFORE, in consideration of the promises and mutual covenants herein contained, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties, intending to be legally bound, agree as follows:

An AE (i.e. an adverse event) is any untoward medical occurrence in a patient or Clinical Trial subject who has been administered a Medicinal Product, where the untoward medical occurrence is temporally associated with the use of the Medicinal Product, whether or not considered related to the Medicinal Product. An AE can therefore be any unfavourable and unintended sign (including an abnormal laboratory finding) symptom or disease (new or exacerbated) temporally associated with the use of a Medicinal Product. For a marketed Medicinal Product, AE also includes failure to produce expected

benefits (i.e. lack of efficacy), and adverse events associated with circumstances of overdose, medication errors, Abuse or Misuse. In addition to the foregoing, in the context of Clinical Trials an AE will also mean events associated with and/or possibly attributable to the Clinical Trial protocol design or Clinical Trial procedures.

1.2.5 Clinical Trial

With respect to a Medical Product, any investigation in human subjects intended to discover or verify the clinical pharmacological and/or other pharmacodynamic effects of one or more Investigational Medicinal Products and/or to identify any adverse reactions to one or more Investigational Medicinal Products and/or to study absorption, distribution, metabolism and excretion of one or more Investigational Medicinal Products with the object of ascertaining its/their safety and/or efficacy. Clinical Trial includes post-authorisation studies.

1.2.6 Compassionate Use

The use of a Medicinal Product for an unapproved indication, in circumstances where a Party has supplied it for that use in response to a bona fide unsolicited request from a healthcare professional assuming responsibility for that use by their patient.

1.2.7 Compound

[***], with a structure described in greater detail in Schedule 1.21 of the Main Agreement, and all of its metabolites, prodrugs, isomers, enantiomers, esters, salts, hydrates, solvates and polymorphic forms.

1.2.8 Confidential Information

Any non-public information furnished by one Party (the “Disclosing Party”) to any other Party (the “Receiving Party”) in connection with this Agreement or generated pursuant to this Agreement that is, or which the Disclosing Party designates or would reasonably regard as being, confidential.

1.2.9 Day

A calendar day.

1.2.10 Development Safety Update Report

Periodic report prepared according to ICH E2F presenting an annual review of pertinent safety information related to a drug under investigation.

1.2.11 Investigational Medicinal Product

A pharmaceutical form of an active ingredient or placebo being tested or used as a reference in a Clinical Trial relating to a Medicinal Product, including a medicinal product which is approved for sale, when used or assembled (formulated or packaged) in a way different from the approved form, or when used for an unapproved indication, or when used to gain further information about the approved use or form.

1.2.12 Main Agreement

1.2.13 Marketing Authorisation

Such authorisation(s) granted by the relevant regulatory authorities which are necessary to market the Medicinal Product in the Territory.

1.2.14 Medicinal Product

Any and all pharmaceutical preparations in final form containing the Compound or a Backup Compound whether or not as the sole therapeutically active ingredient or in combination or adjunctive therapy with any other active or inactive ingredient, in any dosage form or formulation or method of delivery.

To avoid doubt, the term “Medicinal Product” will, where the context admits and requires, include “Investigational Medicinal Products”.

1.2.15 Minimum Data Elements

The minimum data elements are:

(i) a reporter who is identifiable by name, initials, qualification and/or address,

(ii) an identifiable patient/subject (i.e. identifiable by patient number, date of birth, age or sex),

(iii) at least one suspected substance/Medicinal Product, and

(iv) at least one suspected AE.

1.2.16 Misuse

Use of a Medicinal Product in a way that is not in accordance with its Regulatory or Marketing Authorisation accompanied by harmful physical and/or psychological effects.

1.2.17 Periodic Safety Reports

Reports summarising available safety data for a Medicinal Product, which must be submitted in accordance with applicable laws and regulations.

1.2.18 Pregnancy Report

A report of pregnancy in a patient or trial subject to whom a Medicinal Product or an Investigational Medicinal Product has been administered or a report of a pregnancy where the father is a patient or trial subject to whom a Medicinal Product or an Investigational Medicinal Product has been administered.

2. Establishment/Maintenance of Pharmacovigilance Systems and Procedures

2.1 GSK will hold and maintain a global safety database for the Medicinal Product which shall contain all AEs and Pregnancy Reports (for marketed Medicinal Products) and all SAEs and Pregnancy Reports (for Investigational Medicinal Products) of which GSK becomes aware either directly or from another source, such as Celestial and BWTP. For clarity, neither Celestial nor BWTP shall have direct access to such global safety database.

2.3 Celestial and BWTP represent that they will notify GSK of any significant changes to their risk management and pharmacovigilance systems and procedures which could have a meaningful impact on the reliability, completeness or reporting of the safety information that they are obliged to exchange under the terms of this Agreement, or on their performance of or compliance with their regulatory obligations or such other obligations under this Agreement.

3. Compliance with applicable laws and regulations

3.1 Celestial and BWTP shall each ensure that it complies with all applicable laws and regulations regarding the Medicinal Product in the Territory, including without limitation those laws and regulations relating to risk management, drug safety and pharmacovigilance.

3.2 Celestial and BWTP will each ensure that it holds the appropriate Regulatory Authorisations and/or Marketing Authorisations necessary to conduct Clinical Trial and/or to market or otherwise deal in the Investigational Medicinal Product and/or

Medicinal Product in the Territory, and will supply information on such Regulatory Authorisations and/or Marketing Authorisations to GSK where reasonably requested by GSK to facilitate compliance with legal and regulatory obligations.

4. AEs and Pregnancy Reports

4.1 In the event that Celestial and/or BWTP conducts a Clinical Trial of the Medicinal Product or Investigational Medicinal Product, [or supplies the Medicinal Product or Investigational Medicinal Product for purposes of Compassionate Use,] whether as permitted by the Main Agreement or otherwise as permitted by Celestial's and/or BWTP's retained intellectual property rights thereunder, Celestial and BWTP shall provide GSK with information regarding SAEs and Pregnancy Reports arising during such Clinical Trials [or associated with such Compassionate Use] in the format, by the method of transfer and in accordance with the timelines set out in Table 1.

6. Tracking AEs and Pregnancy Reports

6.1 Each AE and Pregnancy Report from any source that is reported or provided by Celestial and/or BWTP (including follow up data) shall bear:

6.1.1 the date of its receipt by Celestial and/or BWTP;

6.3 If the confirmation envisaged in Clause 6.2 cannot be obtained, Celestial and BWTP shall immediately re-send the AE or Pregnancy Report and take reasonable steps to ensure the same does not occur again.

7. Follow up of AEs and Pregnancy Reports

7.1 Celestial and BWTP shall take reasonable steps to pursue the individual AEs and Pregnancy Reports of which it becomes aware in respect of the Investigational Medicinal Product and/or Medicinal Product, to which it has rights in the Territory in order to obtain all relevant information and at least the Minimum Data Elements.

7.2 Celestial and BWTP shall notify GSK of any follow up data which they receive and/or of which they becomes aware in the format, by the method of transfer and in accordance with the timelines set out in Table 1 or 2, above, as appropriate.

8. Expedited Reporting of AEs to Regulatory Authorities

8.1 Celestial and BWTP shall be responsible for expedited reporting of AEs of which they become aware in accordance with the requirements attendant upon the Regulatory Authorisations and/or Marketing Authorisations it holds.

9. Contact Persons of each Party and Contact Details

9.1 The Parties' nominees for the receipt of information/notices under this Agreement are listed in Appendix 1, together with relevant contact details. Each Party shall notify the other in writing of any revisions to the details listed in Appendix 1 no later than [***] after the revision.

10. Periodic Safety Reporting

10.1 Celestial and BWTP shall not refer to Periodic Safety Reports in any advertising or promotional materials, whether those materials are produced in respect of a Medicinal Product or otherwise. This prohibition on referring to any Periodic Safety Report shall not apply to any information contained in those Periodic Safety Reports which would in the ordinary course of business be referred to in advertising or promotional materials (such as data to substantiate claims made in respect of a Medicinal Product).

10.2 Celestial and BWTP shall be responsible for the compilation and preparation of Periodic Safety Update Reports (PSURs) for the Medicinal Products, prepared in ICH E2C format in the Territory. Celestial and BWTP shall supply a copy of the final PSURs to GSK at the time of submission to the relevant regulatory authority in a timely manner.

10.3 Celestial and BWTP shall be responsible for compilation and preparation of Development Safety Update Reports (DSURs) for the Medicinal Products according to ICH E2F in the Territory. Celestial and BWTP shall supply a copy of the final DSURs to GSK at the time of submission to the relevant regulatory authority in a timely manner.

11. Study Protocols

11.1 In the event Celestial and/or BWTP proposes to sponsor or conduct any study of a Medicinal Product, it shall first draft and provide copies of the proposed study protocols for such study including all documents associated with such study protocols, including but not limited to all investigator's brochures ("**Study Protocols**") to GSK for comment and afford GSK a period of [**] Days to review such draft Study Protocols. Copies of the draft Study Protocols shall be provided by secure email or, if that is not possible, by fax.

11.2 Prior to the expiration of this [**] Days period, GSK shall have the right to provide written comments, if any, on the draft Study Protocols to Celestial and BWTP. Celestial and BWTP shall amend the draft Study Protocols to reflect all reasonable comments received from GSK. In the event that GSK determines, in its reasonable judgment, that a proposed study as designed would put any patient in safety risk, GSK may instruct Celestial and BWTP so in its written comments, and Celestial and BWTP must refrain from conducting any such study.

12. Publication

12.1 In the event Celestial and/or BWTP desires to publish or present (whether orally, in writing or otherwise) any results about the safety or efficacy of a Medicinal Product or Investigational Medicinal Product, or otherwise about the Compound or any Backup

Compound, prior to any such publication or presentation, Celestial and BWTP shall submit to GSK a copy of the proposed publication or a summary of the proposed presentation and afford GSK a period of [**] Days to review such publication or presentation.

12.2 Prior to the expiration of this [**] Day period, GSK shall have the right to give comments with respect to any such publication or presentation, and Celestial and BWTP shall amend such publication or presentation to reflect all reasonable comments received from GSK.

12.3 Celestial and BWTP shall supply a copy of the final publication or presentation to GSK for approval. Celestial and BWTP must not publish or present any results about the safety or efficacy of any Medicinal Product or Investigational Medicinal Product, or otherwise about the Compound or any Backup Compound, without first obtaining GSK's approval.

13. Regulatory Authority Enquiries; Enquiries from Other Sources

13.1 Celestial and BWTP shall notify GSK forthwith of the receipt of an enquiry from a regulatory authority in the Territory relating to the Medicinal Product that is directed to it concerning any safety issue. For these purposes, the term "safety issue" includes, without limitation, the following events (or anything that could result in the following events):

13.1.1 the suspension or termination of a Clinical Trial or Clinical Trial programme for the Medicinal Product,

13.1.2 the suspension or revocation of, or variation of the safety information relating to, a Marketing Authorisation or a Regulatory Authorisation (such as a Clinical Trial authorisation for the Medicinal Product),

13.1.3 the withdrawal of the Medicinal Product from the market,

13.1.4 a change to the protocol of a Clinical Trial for the Medicinal Product which relates to subject safety,

13.1.5 a change to the Marketing Authorisation by way of a restriction of the indications, in the indicated patient population, in the circumstances of use or administration, or a change to the contraindications, precautions and/or warnings of the Medicinal Product,

13.1.6 an indication of a lack of efficacy where this could lead to a significant hazard to the treated patient population, or

13.1.7 an adverse effect upon the balance of benefits and risks afforded by the Medicinal Product such that it could lead to a significant change in the evaluation of that balance.

13.2 Celestial and BWTP shall also forward to GSK forthwith any enquiry from healthcare professionals or consumers in the Territory regarding the Medicinal Product, that relate to matters of safety.

13.3 It shall be the sole responsibility of Celestial and BWTP to timely prepare and deliver responses to any enquiries received by them in the Territory, including those set forth under Clauses 13.1 and 13.2.

13.4 Celestial and BWTP shall provide to GSK a copy of their draft response to any enquiry no later than [**] Days prior to the scheduled date for delivery of such response. GSK shall have the right (not the obligation) to comment on the draft response, and Celestial and BWTP shall consider in good faith amending the draft response to reflect all reasonable comments received from GSK.

13.5 If Celestial and BWTP become aware of action that may or will be or has been taken by a regulatory authority for safety reasons connected with the Medicinal Product, they shall immediately and in any event no later than twenty-four (24) hours after receiving such notice from a regulatory authority notify GSK in writing with available details regarding the same.

13.6 For clarity, nothing herein shall be construed as imposing on GSK an obligation to report to any regulatory authority or respond to any enquiry in the Territory.

14. Safety Evaluation

14.1 Celestial and BWTP shall notify GSK and shall supply to GSK any information, together with any supporting documentation, that it considers indicates a safety issue in relation to the Medicinal Product no later than twenty-four (24) hours from the identification by it of the safety issue.

14.2 Celestial and BWTP shall supply GSK with all relevant information requested by GSK which that Party is entitled to disclose to GSK, including where applicable any supporting documentation and ad hoc support through verbal consultation, to equip GSK with the information GSK requires to comply with its internal safety review processes for products under investigation in GSK-sponsored Clinical Trials.

15. Audits/Adverse findings by Regulatory Authorities

15.1 Provided such audits are requested at reasonable and objectively justifiable times/intervals and that the scope of such audits is reasonable having regard to their intended purpose, GSK shall be entitled to conduct audits to assess compliance of Celestial and BWTP with the terms of this Agreement. Provided GSK has given Celestial and BWTP no less than [***] prior written notice of its intent to audit, Celestial and BWTP shall each ensure that GSK may enter onto the premises at which relevant functions are conducted by it or on its behalf in order that GSK may conduct a full and proper audit through the inspection of relevant documentation, compliance metrics, systems and personnel interviews.

15.2 Celestial and BWTP shall afford GSK all reasonable co-operation in the conduct of audits under Clause 15.1.

15.3 Celestial and BWTP shall each conduct periodic internal audits of its processes and procedures for pharmacovigilance to assess its performance and the need for any changes or improvements that may be required, and shall take reasonable steps as soon as is reasonably practicable after the completion of any internal audit to effect

any changes or improvements which have been identified. To the extent the internal audit findings or significant findings from other internal activities of Celestial or BWTP warrant an amendment to this safety data exchange agreement in the interests of overall patient safety, Celestial and BWTP shall notify GSK of that finding and the Parties shall negotiate an appropriate amendment, agreement of which shall not be unreasonably withheld, refused or delayed by any Party.

15.4 Celestial and BWTP shall inform GSK by notice in writing of any material findings by regulatory authorities (including without limitation findings from pharmacovigilance system inspections). If Celestial or BWTP fails to reports such a finding to GSK, it shall be deemed in breach of Clauses 2 and/or 3 of this Agreement and the provisions of Clause 18 shall apply.

16. Amendment and Supremacy

16.1 This Agreement may be amended from time to time by agreement evidenced in writing and signed by the Parties. The Parties agree to amend this Agreement to GSK's satisfaction, at such point that Celestial and/or BWTP either applies for or obtains a Marketing Authorization in the Territory which in GSK's sole opinion would cause GSK to assume further responsibilities in respect of the transactions covered under the Main Agreement (whether by way of requirements imposed by regulatory authorities, the application upon GSK of additional laws or regulations, or otherwise). The filing of such Marketing Authorization application and grant of a Marketing Authorization shall be notified by Celestial and/or BWTP to GSK without delay. Neither GSK nor Celestial or BWTP shall unreasonably withhold, refuse or delay its consent to an amendment which is intended to improve patient safety or to ensure or improve compliance with regulatory and/or legal requirements relating to pharmacovigilance and drug safety. To the extent any change in applicable law or regulation in any country requires an amendment to this Agreement to facilitate compliance with such change in law or regulation by any or all of the Parties to this Agreement, neither GSK nor Celestial or BWTP will unreasonably withhold, refuse or delay its consent to a request for such an amendment by notice from any other Party. The Board may differentiate between the holders as to the amount of calls to be paid and the times of payment of such calls.

(2) Any amount which, by the terms of issue of a share, becomes payable upon issue or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall for the purposes of these Bye-laws be deemed to be an amount on which a call has been duly made and payable on the date on which, by the terms of issue, the same becomes payable, and in case of non-payment all the relevant provisions of these Bye-laws as to payment of interest, costs and expenses, forfeiture or otherwise shall apply as if such amount had become payable by virtue of a duly made and notified call.

(3) The joint holders of a share shall be jointly and severally liable to pay all calls and any interest, costs and expenses in respect thereof.

(4) The Company may accept from any Member the whole or a part of the amount remaining unpaid on any shares held by such Member, although no part of that amount has been called up or become payable.

Without limiting the generality of the foregoing, the disposal may take place by sale, repurchase, redemption or any other method of disposal permitted by and consistent with these Bye-laws and the Act.

(3) A Member whose share or shares have been so forfeited shall, notwithstanding such forfeiture, be liable to pay to the Company all calls owing on such share or shares at the time of the forfeiture, together with all interest due thereon and any costs and expenses incurred by the Company in connection therewith.

(4) The Board may accept the surrender of any shares which it is in a position to forfeit on such terms and conditions as may be agreed. Subject to those terms and conditions, a surrendered share shall be treated as if it had been forfeited.

8. Share Certificates

(1) Subject to the provisions of this Bye-law 8, every Member shall be entitled to a certificate under the common seal (or a facsimile thereof) of the Company or bearing the signature (or a facsimile thereof) of a Director or Secretary or a Person expressly authorized to sign specifying the number and, where appropriate, the class of shares held by such Member and whether the same are fully paid up and, if not, specifying the amount paid on such shares. The Board may by resolution determine, either generally or in a particular case, that any or all signatures on certificates may be printed thereon or affixed by mechanical means.

(3) If any share certificate shall be proved to the satisfaction of the Board to have been worn out, lost, mislaid, or destroyed the Board may cause a new certificate to be issued and request an indemnity for the lost certificate if it sees fit.

(4) Notwithstanding any provisions of these Bye-laws:

(a) the Board shall, subject always to the Act and any other applicable laws and regulations and the facilities and requirements of any relevant system concerned, have power to implement any arrangements they may, in their absolute discretion, think fit in relation to the evidencing of title to and transfer of uncertificated shares and to the extent such arrangements are so implemented, no provision of these Bye-laws shall apply or have effect to the extent that it is in any respect inconsistent with the holding or transfer of shares in uncertificated form; and

(b) unless otherwise determined by the Board and as permitted by the Act and any other applicable laws and regulations, no Person shall be entitled to receive a certificate in respect of any share for so long as the title to that share is evidenced otherwise than by a certificate and for so long as transfers of that share may be made otherwise than by a written instrument.

(5) For such time as any shares of the Company are traded on an Appointed Stock Exchange, nothing in these Bye-laws shall prevent title to any shares of the Company from being evidenced and/or transferred without a written instrument in accordance with the rules or regulations applicable to shares listed on any such Appointed Stock Exchange, and the Board shall have power to implement any arrangements which it may think fit for such evidencing and/or transfer.

9. Fractional Shares

The Company may issue its shares in fractional denominations and deal with such fractions to the same extent as its whole shares and shares in fractional denominations shall have in proportion to the respective fractions represented thereby all of the rights of whole shares including (but without limiting the generality of the foregoing) the right to vote, to receive dividends and distributions and to participate in a winding-up.

(2) The Register of Members shall be open to inspection without charge at the registered office of the Company on every Business Day, subject to such reasonable restrictions as the Board may impose, so that not less than two hours in each Business Day be allowed for inspection. The Register of Members may, after notice has been given in accordance with the Act, be closed for any time or times not exceeding in the whole thirty days in each year.

11. Registered Holder Absolute Owner

The Company shall be entitled to treat the registered holder of any share as the absolute owner thereof and accordingly shall not be bound to recognize any equitable claim or other claim to, or interest in, such share on the part of any other Person.

12. Transfer of Registered Shares

(1) Subject to the provisions of these Bye-laws and the Act, an instrument of transfer shall be in writing in such form as the Board may accept.

(2) Such instrument of transfer shall be signed by (or in the case of a party that is a corporation, on behalf of) the transferor and transferee, provided that, in the case of a fully paid Share, the Board may accept the instrument signed by or on behalf of the transferor alone. The transferor shall be deemed to remain the holder of such share until the same has been registered as having been transferred to the transferee in the Register of Members.

(3) The Board may refuse to recognize any instrument of transfer unless it is accompanied by the certificate in respect of the Shares to which it relates, to the extent that any such certificate was issued, and by such other evidence as the Board may reasonably require showing the right of the transferor to make the transfer.

(4) Subject to the restrictions set out in these Bye-laws, the joint holders of any Share may transfer such Share to one or more of such joint holders, and the surviving holder or holders of any Share previously held by them jointly with a deceased Member may transfer any such Share to the executors or administrators of such deceased Member.

(5) The Board may in its absolute discretion and without assigning any reason therefor refuse to register the transfer of a share which is not fully paid up. The Board shall refuse to register a transfer unless all applicable consents, authorizations and permissions of any governmental body or agency in Bermuda have been obtained. If the Board refuses to register a transfer of any Share the Secretary shall, within ten Business Days after the date on which the transfer was lodged with the Company, send to the transferor and transferee notice of the refusal.

(6) Shares may be transferred without a written instrument if transferred by an appointed agent or otherwise in accordance with the Act.

(7) Notwithstanding anything to the contrary in these Bye-laws, shares that are listed or admitted to trading on an Appointed Stock Exchange may be transferred in accordance with the rules and regulations of such exchange.

13. Transmission of Registered Shares

(1) In the case of the death of a Member, the survivor or survivors where the deceased Member was a joint holder, and the legal personal representatives of the deceased Member where the deceased Member was a sole holder, shall be the only Persons recognised by the Company as having any title to the deceased Member's interest in the shares. Nothing herein contained shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by such deceased Member with other Persons. Subject to the Act, for the purpose of this Bye-law, legal personal representative means the executor or administrator of a deceased Member or such other Person as the Board may, in its absolute discretion, decide as being properly authorised to deal with the shares of a deceased Member.

(2) Any Person becoming entitled to a Share in consequence of the death, bankruptcy or liquidation of any Member may be registered as a Member upon such evidence as the Board may deem sufficient or may elect to nominate some Person to be registered as a transferee of such Share, and in such case the Person becoming entitled shall execute in favor of such nominee an instrument of transfer in writing in the form, or as near thereto as circumstances admit, of the following:

Notwithstanding the foregoing, the Board shall, in any case, have the same right to decline or suspend registration as it would have had in the case of a transfer of the Share by that Member before such Member's death, bankruptcy, or liquidation, as the case may be.

(4) Where two or more Persons are registered as joint holders of a Share or Shares, then in the event of the death of any joint holder or holders the remaining joint holder or holders shall be absolutely entitled to such Share or Shares and the Company shall recognize no claim in respect of the estate of any joint holder except in the case of the last survivor of such joint holders.

(2) Where, on any alteration or reduction of share capital, fractions of Shares or some other difficulty would arise, the Board may deal with or resolve the same in such manner as it thinks fit.

15. Variation of Rights Attaching to Shares

If, at any time, the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class) may, whether or not the Company is being wound-up, be varied with the consent in writing of the holders of at least two-thirds of the issued shares of that class or with the sanction of a resolution passed by the affirmative votes of a majority of the votes cast at a separate general meeting of the holders of the shares of the class at which meeting the necessary quorum shall be one or more Persons holding or representing by proxy at least a majority of the issued shares of the class. The rights conferred upon the holders of the shares of any class or series issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class or series, be deemed to be varied by the creation or issue of further shares ranking *pari passu* therewith.

DIVIDENDS AND CAPITALIZATION

16. Dividends

(1) Subject to these Bye-laws and in accordance with the Act, the Board may declare a dividend to be paid to the Members, and any such dividend shall be paid in accordance with Bye-law 18. Subject to these Bye-laws and in accordance with the Act, such dividend may be paid in cash or wholly or partly *in specie* in which case the Board may fix the value for distribution *in specie* of any assets. No unpaid dividend shall bear interest as against the Company.

(2) The Board may fix any date as the record date for determining the Members entitled to receive any dividend.

(3) The Company may pay dividends in proportion to the amount paid up on each share where a larger amount is paid up on some shares than on others.

(4) Subject to these Bye-laws and in accordance with the Act, the Board may declare and make such other distributions (in cash or in specie) to the Members as may be lawfully made out of the assets of the Company, and any such distribution shall be paid in accordance with Bye-law 18. No unpaid distribution shall bear interest as against the Company.

17. Power to Set Aside Profits

The Board may, before declaring a dividend, set aside out of the surplus or profits of the Company, such amount as it thinks proper as a reserve to be used to meet contingencies or for equalizing dividends or for any other purpose.

18. Method of Payment

(1) Any dividend, interest, or other monies payable in cash in respect of the Shares may be paid by check, wire transfer or draft sent through the post directed to the Member at such Member's address in the Register of Members, or to such Person and to such address as the Member may in writing direct. Every such check, wire or draft shall be made payable to the order of the Person to whom it is sent or to such Persons as the Member may direct in writing, and payment of the check, wire or draft shall be a good discharge to the Company. Every such check, wire or draft shall be sent at the risk of the Person entitled to the money represented thereby.

(2) In the case of joint holders of Shares, any dividend, interest or other monies payable in cash in respect of Shares may be paid by check, wire transfer or draft sent through the post directed to the address of the holder first named in the Register of Members, or to such Person and to such address as the joint holders may in writing direct. If two or more Persons are registered as joint holders of any Shares any one can give an effectual receipt for any dividend paid in respect of such Shares.

(3) The Board may deduct from the dividends or distributions payable to any Member all monies due from such Member to the Company on account of calls or otherwise

(4) Any dividend and/or other monies payable in respect of a Share that has remained unclaimed for six years from the date when it became due for payment shall, if the Board so resolves, be forfeited and cease to remain owing by the Company. The payment of any unclaimed dividend or other monies payable in respect of a Share may (but need not) be paid by the Company into an account separate from the Company's own account. Such payment shall not constitute the Company a trustee in respect thereof.

(5) The Company shall be entitled to cease sending dividend checks and warrants by post or otherwise to a Member if those instruments have been returned undelivered to, or left uncashed by, that Member on at least two consecutive occasions or, following one such occasion, reasonable inquiries have failed to establish the Member's new address. The entitlement conferred on the Company by this Bye-law 18 in respect of any Member shall cease if the Member claims a dividend or cashes a dividend check or warrant.

19. Capitalization

(1) The Board may capitalize any amount for the time being standing to the credit of any of the Company's share premium or other reserve accounts or to the credit of the profit and loss account or otherwise available for distribution by applying such amount in paying up unissued Shares to be allotted as fully paid bonus shares pro rata to the Members.

(2) The Board may capitalize any amount for the time being standing to the credit of a reserve account or amounts otherwise available for dividend or distribution by applying such amounts in paying up in full, partly or nil paid Shares of those Members who would have been entitled to such amounts if they were distributed by way of dividend or distribution.

(4) Prompt notice of the taking of a corporate action by less than unanimous written resolution shall be delivered to all Members who, if the action had been taken at a meeting, would have been entitled to notice of such meeting if the record date for notice of such meeting had been the date that written resolutions signed by a sufficient number of Members to take the action were delivered to the Company.

(5) A resolution in writing may be signed in any number of counterparts.

(6) A resolution in writing made in accordance with this Bye-law 36 is as valid as if it had been passed by the Company in general meeting or by a meeting of the relevant class of Members, as the case may be (provided that (i) any such resolution shall be valid only if the signature of the last Member to sign is affixed outside the United States (unless the Board dispenses with this requirement), and (ii) the Board may declare such resolution to be invalid if the Board determines that the use of a resolution in writing would result in a non-de minimis adverse tax, regulatory or legal consequence to the Company, any Subsidiary of the Company, or any direct or indirect holder of shares or its Affiliates), and any reference in any Bye-law to a meeting at which a resolution is passed or to Members voting in favor of a resolution shall be construed accordingly.

Each Member agrees to waive any claim or right of action such Member might have, whether individually or by or in the right of the Company, against any Director or Officer on account of any action taken by such Director or Officer, or the failure of such Director or Officer to take any action in the performance of his or her duties with or for the Company or any Subsidiary thereof, provided that such waiver shall not extend to any matter in respect of any fraud or dishonesty in relation to the Company which may attach to such Director or Officer or to any matter in respect of which such indemnified party did not act in good faith and in a manner such Person reasonably believed to be in or not opposed to the best interests of the Company or, with respect to any criminal matter, had reasonable cause to believe such Person's conduct was unlawful.

b. any sale, lease, exchange, mortgage, pledge, transfer or other disposition (in one transaction or a series of transactions), except proportionately as a Member of the Company, to or with the Interested Member, whether as part of a dissolution or otherwise, of assets of the Company or of any entity directly or indirectly wholly-owned or majority-owned by the Company which assets have an aggregate market value equal to 10% or more of either the aggregate market value of all the assets of the Company determined on a consolidated basis or the aggregate market value of all the issued and outstanding shares of the Company;

c. any transaction which results in the issuance or transfer by the Company or by any entity directly or indirectly wholly-owned or majority-owned by the Company of any shares of the Company, or any share of such entity, to the Interested Member, except: (A) pursuant to the exercise, exchange or conversion of securities exercisable for, exchangeable for or convertible into shares of the Company, or shares of any such entity, which securities were issued and outstanding prior to the time that the Interested Member became such; (B) pursuant to a dividend or distribution paid or made, or the exercise, exchange or conversion of securities exercisable for, exchangeable for or convertible into shares of the Company, or shares of any such entity, which security is distributed, pro rata to all holders of a class or series of shares subsequent to the time the Interested Member became such; (C) pursuant to an exchange offer by the Company to purchase shares made on the same terms to all holders of such shares; or (D) any issuance or transfer of shares by the Company; *provided however*, that in no case under items (B)-(D) of this subparagraph shall there be an increase in the Interested Member's proportionate share of any class or series of shares;

d. any transaction involving the Company or any entity directly or indirectly wholly-owned or majority-owned by the Company which has the effect, directly or indirectly, of increasing the proportionate share of any class or series of shares, or securities convertible into any class or series of shares of the Company, or shares of any such entity, or securities convertible into such shares, which is owned by the Interested Member, except as a result of immaterial changes due to fractional share adjustments or as a result of any repurchase or redemption of any shares not caused, directly or indirectly, by the Interested Member; or

e. any receipt by the Interested Member of the benefit, directly or indirectly (except proportionately as a Member of the Company), of any loans, advances, guarantees, pledges or other financial benefits (other than those expressly permitted in subparagraphs (a)-(d) of this paragraph) provided by or through the Company or any entity directly or indirectly wholly-owned or majority-owned by the Company;

A Person who is the owner of 20% or more of the issued and outstanding voting shares of any company, partnership, unincorporated association or other entity shall be presumed to have control of such entity, in the absence of proof by a preponderance of the evidence to the contrary; *provided* that notwithstanding the foregoing, such presumption of control shall not apply where such Person holds voting shares, in good faith and not for the purpose of circumventing this provision, as an agent, bank, broker, nominee, custodian or trustee for one or more owners who do not individually or as a group have control of such entity;

(4) "**Interested Member**" means any Person (other than the Company and any entity directly or indirectly wholly-owned or majority-owned by the Company) that (i) is the owner of 15% or more of the issued and outstanding voting shares of the Company, (ii) is an Affiliate or associate of the Company and was the owner of 15% or more of the issued and outstanding voting shares of the Company at any time within the three year period immediately prior to the date on which it is sought to be determined whether such Person is an Interested Member or (iii) is an Affiliate or associate of any Person listed in (i) or (ii) above; *provided*, *however*, that the term "Interested Member" shall not include any Person whose ownership of shares in excess of the 15% limitation set forth herein is the result of action taken solely by the Company unless such Person referred to in this proviso acquires additional voting shares of the Company otherwise than as a result of further corporate action not caused, directly or indirectly, by such Person. For the purpose of determining whether a Person is an Interested Member, the

voting shares of the Company deemed to be issued and outstanding shall include voting shares deemed to be owned by the Person through application of paragraph (viii) below, but shall not include any other unissued shares which may be issuable pursuant to any agreement, arrangement or understanding, or upon exercise of conversion rights, warrants or options, or otherwise;

(5) "Person" means any individual, company, partnership, unincorporated association or other entity;

(6) "voting shares" means, with respect to any company, shares of any class or series entitled to vote generally in the election of Directors, provided that, when used in reference to a vote to approve a merger or amalgamation of the Company which the Act requires to be approved by the Members, such term includes any shares entitled to vote on such matter pursuant to the Act, whether or not they are otherwise entitled to vote and, with respect to any entity that is not a company, any equity interest entitled to vote generally in the election of the governing body of such entity;

(7) "owner," including the terms "own" and "owned," when used with respect to any shares, means a Person that individually or with or through any of its Affiliates or associates:

a. beneficially owns such shares, directly or indirectly; or

b. has (A) the right to acquire such shares (whether such right is exercisable immediately or only after the passage of time) pursuant to any agreement, arrangement or understanding, or upon the exercise of conversion rights, exchange rights, warrants or options, or otherwise; *provided*, *however*, that a Person shall not be deemed the owner of shares tendered pursuant to a tender or exchange offer made by such Person or any of such Person's Affiliates or associates until such tendered shares are accepted for purchase or exchange; or (B) the right to vote such shares pursuant to any agreement, arrangement or understanding; *provided*, *however*, that a Person shall not be deemed the owner of any shares because of such Person's right to vote such shares if the agreement, arrangement or understanding to vote such shares arises solely from a revocable proxy or consent given in response to a proxy or consent solicitation made to 10 or more Persons; or

c. has any agreement, arrangement or understanding for the purpose of acquiring, holding, voting (except voting pursuant to a revocable proxy or consent as described in item (B) of subparagraph (b) of this paragraph), or disposing of such shares with any other Person that Beneficially Owns, or whose Affiliates or associates Beneficially Own, directly or indirectly, such shares.

(2) In respect of any Business Combination to which the restrictions contained in Bye-law 74(1) do not apply but which the Act requires to be approved by the Members, the necessary general meeting quorum and Members' approval shall be as set out in Bye-laws 28 and 30 respectively.

(3) The Board shall ensure that the bye-laws or other constitutional documents of each entity wholly-owned or majority-owned by the Company shall contain any provisions necessary to ensure that the intent of Bye-law 74(1), as it relates to the actions of such entities, is achieved.

(a) an exclusive (even as to Dermavant and its Related Affiliates, except as set forth in Section 2.5), fee-bearing license, including the right to sublicense solely as expressly permitted by Section 2.3, under the Dermavant Technology and Dermavant's interest in Joint Inventions and Joint Patents, solely to preclinically and clinically develop, import, offer for sale, sell, package and label Product in the Field in the Territory;

(b) a non-exclusive license, with the right to grant sublicenses solely in accordance with Section 2.3, under the Dermavant Technology and Dermavant's interest in Joint Inventions and Joint Patents, solely to (i) perform Product preclinical and clinical development activities in the Field in the Dermavant Territory (other than in the U.S.), and (ii) perform Product research activities in the Field in the Territory or the Dermavant Territory (other than in the U.S.) that are directed to Product in an Existing Formulation for use in Atopic Dermatitis or Psoriasis or otherwise agreed by the JSC pursuant to Section 4.4, in each case of (i) or (ii) to the extent permitted by this Agreement and conducted to support the registration and commercialization of Product in the Field in the Territory; and

(c) Subject to Section 2.2, a non-exclusive, fee-bearing (to the extent set forth in this Agreement) license in the Territory or the Dermavant Territory (other than in the U.S.), without the right to sublicense, but, for clarity, with the right to subcontract to a CDMO approved by Dermavant (which approval shall not be unreasonably withheld, delayed or conditioned), under the Dermavant Technology and Dermavant's interest in Joint Inventions and Joint Patents, to make, have made, package and label Compound solely for incorporation into Products, and to make and have made Products; in each case, solely for use and distribution in the Field in the Territory (the rights and licenses granted in this Section 2.1, collectively, the "***License***").

2.2 Conditions for the Exercise of Manufacturing Rights.

(a) Effectiveness of Manufacturing License. Notwithstanding anything herein to the contrary, the Manufacturing License shall only be effective upon a Supply Failure, or as otherwise set forth in Section 2.2(b) in connection with the manufacture of Product in a Licensee Formulation. Licensee shall have no right to practice, and hereby covenants that neither it nor its Affiliates will practice the Manufacturing License unless and until a Supply Failure occurs or the conditions in Section 2.2(b) are satisfied. The parties agree that Dermavant shall have the right to obtain injunctive relief preventing any exercise of the Manufacturing License in contravention of this Section 2.2 pursuant to Section 12.4 without the requirement to post bond with respect thereto.

(b) Specific Licensee Formulations. The parties understand and agree that the supply of the Product hereunder will be made by Dermavant (itself or through a Dermavant CDMO) in (i) the dosage/formulation(s) that have been developed as of the Effective Date and that are available from Dermavant's CDMO as of the Effective Date; (ii) any dosage/formulation that, at the time of supply, is being used outside of the Territory by or on behalf of Dermavant and that is available for supply by Dermavant to Licensee (whether directly or through a Dermavant CDMO) for use in the Territory; or (iii) any other dosage/formulation that Licensee requests and that Dermavant has the right to require any existing Dermavant CDMO to supply to Dermavant for sale to Licensee for use in the Field or in the Territory under its agreement with any such Dermavant CDMO (but without limiting Section 6.1 with respect to any Development Services) (each of (i)-(iii), a "***Dermavant Formulation***"), in each case, as will be set forth in the Clinical Supply Agreement or Commercial Supply Agreement, as applicable. In the event Licensee has demonstrated that it requires or that it would be materially beneficial to manufacture Product in a formulation other than a Dermavant Formulation for commercialization in the Territory (each such other formulation, a "***Licensee Formulation***"), then, should Dermavant elect not to manufacture or have manufactured the Licensee Formulation, the Manufacturing License will enable Licensee to manufacture or have manufactured such Product in the applicable Licensee Formulation if all of the following occur: (A) Dermavant is able to grant such rights without violating the terms of any Third Party agreement, including any Dermavant CDMO agreement (with Dermavant agreeing to use its commercially reasonable efforts, if so requested by Licensee, to seek the required permissions from any Dermavant CDMO or relevant Third Party to enable Dermavant to Control grant such rights), (B), if any transfer of any manufacturing or process development technology is necessary, Dermavant is able to provide or require the transfer of any manufacturing

and process development technology reasonably required for such manufacture of the Product in any Licensee Formulation in a manner that does not disadvantage or restrict Dermavant with respect to any the manufacture of Compound or Product outside of the Territory, and, (C) Dermavant and Licensee (through the JMSC or otherwise) have agreed in good faith on the financial terms payable to Dermavant following the assumption of such manufacturing by Licensee (which terms shall produce substantially the same economic effects as if Product were manufactured by Dermavant).

(c) Manufacturing Technology Transfer. Following the effectiveness of the Manufacturing License, on the request of Licensee and pursuant to a plan mutually agreed by the parties through the JMSC in good faith, Dermavant shall:

(i) if, at the time of such request, Dermavant manufactures the Compound and/or Product itself (including through an Affiliate), initiate and complete a technology transfer of the process and technology that is then-used to manufacture the Compound and Product to Licensee (or to a mutually agreed Third Party CDMO designated by Licensee); or

(ii) if, at the time of such request, Dermavant has retained one or more Dermavant CDMOs to manufacture the Compound and/or Product and subject to any applicable agreement between Dermavant and any relevant Dermavant CDMO, Dermavant shall either:

(1) use commercially reasonable efforts to facilitate direct discussions between the relevant Dermavant CDMOs so that Licensee may be able to directly engage such CDMOs to supply the Compound and Product to Licensee; or

(2) engage a new CDMO that is selected by Dermavant (after consultation with Licensee and reasonably taking into account Licensee's views), and the parties will coordinate the logistics of initiation and completion of a technology transfer of the process and technology that is then-used to manufacture the Compound and Product to the Third Party CDMO selected by Dermavant;

with the relevant decision to be at Dermavant's election, following good faith discussions at the JMSC; provided, however, that in case that the relevant transfer is as a result of a Supply Failure described in subparagraph (b) of Section 1.151 (Definition of Supply Failure), the relevant decision will be made at Licensee's election.

(d) Manufacturing Technology Transfer Costs. With respect to any manufacturing technology transfer described in Section 2.2(c)(i), or any manufacturing technology transfer described in Section 2.2(c)(ii) that was initiated as a result of a Supply Failure due to subparagraph (b) of Section 1.151 (Definition of Supply Failure), [***]. The parties shall negotiate in good faith an equitable sharing of costs for any manufacturing technology transfer described in Section 2.2(c)(ii) that was initiated for any reason other than as a result of a Supply Failure due to subparagraph (b) of Section 1.151

(Definition of Supply Failure), which costs sharing would be set forth in the plan for the relevant manufacturing technology transfer agreed by the parties in good faith (through the JMSC). Notwithstanding the foregoing, unless the transfer is because of a Supply Failure, the foregoing costs shall not include expenses and costs for any Development Services related to a Licensee Formulation or any transfer expenses or costs (including direct or out-of-pocket costs), to the extent specifically related to the transfer of any technology or process that is specific to a Licensee Formulation, which expenses and costs shall be borne by Licensee. Prior to commencing any such manufacturing technology transfer, Dermavant shall provide Licensee with an estimate of the expenses and costs to be borne by Licensee in connection therewith. Upon receipt of such estimate, Licensee may elect to cancel its election to transfer manufacturing of the Product to a new CDMO.

2.3 Sublicenses and Appointments.

(a) General Sublicensing Rights. The License shall include, as applicable, and in each case subject to Section 2.3(b):

(i) the right to grant Sublicenses to Affiliates of Licensee (including Torii Pharmaceutical Co. Ltd. ("***Torii***")), without Dermavant's consent, provided that any further Sublicense proposed to be granted by any such Affiliate to a Third Party shall be subject to Section 2.3(a)(ii);

(ii) the right to grant Sublicenses to Third Parties only with Dermavant's prior written consent (which consent shall not be unreasonably withheld, delayed or conditioned); and

(iii) the right to appoint Distributors and to engage contract research organizations, and other Third Party subcontractors for the sole purpose of performing Licensee's obligations with respect to the development, and commercialization of Products in the Field in the Territory;

(b) Obligations and Responsibility. Any Sublicense granted to any Affiliate of Licensee or to any Third Party, and any appointment of a Distributor or Licensee CDMO shall be in writing and shall (i) be subject to, and consistent with, the terms and conditions of this Agreement including, for clarity, the absence of any right to research, manufacture develop or commercialize any Product in the U.S. and (ii) include invention assignment, confidentiality, nondisclosure, and non-use provisions at least as restrictive or protective of the parties as those set forth in this Agreement. For the avoidance of doubt, unless otherwise approved in writing by Dermavant, with such approval not to be unreasonably withheld, conditioned or delayed, taking into account customary retention of ownership interests maintained by the relevant Sublicensee with respect to its background intellectual property, or generally applicable intellectual property generated by such Sublicensee, each Sublicense or other agreement between Licensee and any subcontractor or CDMO of Licensee shall require that Licensee obtain Control of all intellectual property rights, Information or materials arising in connection with the performance of Compound-or Product-related activities under such agreement to the extent such intellectual property right, Information or materials are specific to or otherwise necessary for the development, manufacture, or commercialization of Compound and/or Product so that such Compound- or Product-related intellectual property, Information and materials will be licensed by Licensee to Dermavant

pursuant to the Grant-Back License without restriction, other than as set forth herein. Licensee shall be fully responsible for the compliance of its Affiliates, Sublicensees, and Distributors with the terms and conditions of this Agreement and shall remain solely liable for the performance of its obligations hereunder, notwithstanding any such Sublicense or appointment. Licensee shall promptly notify Dermavant in writing of the execution of any Sublicense agreement and shall provide Dermavant with a copy of the Sublicense that Licensee reasonably believes that is likely to involve the generation of new intellectual property rights relating to Compound or Product in the course of the performance of the activities under such Sublicense agreement (excluding the agreements with the clinical sites), and any material amendment thereto, in each case, no later than [***] following execution thereof, provided that Licensee need not so provide copies of a Sublicense agreement if such Sublicense agreement is entered into with vendors or subcontractors that are not performing clinical or preclinical research, development or manufacturing for the Compound or Product; provided, further however, that, Dermavant and Licensee shall agree on an efficient method for providing such copies. Licensee may redact any confidential or financial information contained in any Sublicense or amendment provided to Dermavant hereunder that is unnecessary for Dermavant to ascertain compliance with this Agreement. In addition, Licensee shall obtain Dermavant's written approval, such approval not to be unreasonably withheld, conditioned or delayed, prior to engaging any contract research organization or any other major vendor (e.g., central testing labs, centralized radiologic review) to perform services outside of the Territory that are (A) required to be performed in compliance with GCP or (B) being performed in connection with any Global Phase 2/3 Study for Products in the Field in which Licensee is participating.

2.4 Initial Delivery of Dermavant Know-How; Ongoing Know-How Exchange.

(a) Within [***] days after the Effective Date, the parties shall agree upon a plan for Dermavant, at no additional charge to Licensee, to make available to Licensee copies of such existing and available (in recorded form) Dermavant Know-How in Dermavant's possession and Control as of the Effective Date as (i) is necessary or reasonably useful for Licensee to exercise the License (but excluding the Manufacturing License) in accordance with this Agreement; and (ii) is otherwise necessary or reasonably useful to perform Licensee's obligations under Section 4.1 of this Agreement for the development of Product in the Field in the Territory, including, without limitation (A) the GLP certificate issued by national GLP monitoring authority or Establishment Inspection Reports issued by FDA for each test facility (including test sites), (B) Clinical study report of phase 2 studies (DMVT505-[***] and DMVT505-[***]) and phase 1 studies (DMVT505-[***], DMVT505-[***], and DMVT505-[***]), which also includes section 16, (C) the ICH-E6 essential documents of completed clinical studies and (D) CTN related materials of phase 1 study (Study Number [***]), such as clinical trial notification, change notification, completion notification, queries from the PMDA on the briefing package, responses to the PMDA's queries, (E) pre-late phase II study consultation minutes [***] provided that, to the extent any of the foregoing (A)-(E) are not in Dermavant's possession or Control, Dermavant will use reasonable efforts to obtain such possession and Control, and will promptly provide each of (A)-(E) as soon as practicable following its possession and Control of any of the foregoing. On an ongoing basis during the Term, Dermavant shall also disclose to Licensee such additional Dermavant Know-How generated after the Effective Date as is necessary or useful for Licensee to exercise the License (but excluding the Manufacturing License) in accordance with this Agreement or otherwise necessary to perform Licensee's obligations under Section 4.1 of this Agreement for

the development of the Product in the Field in the Territory. Without limiting the generality of the foregoing, Dermavant shall provide to Licensee true and complete copies of all final reports of any material preclinical study or clinical trial of Compound or Product in the Field, and all pharmacology, toxicology, pharmacokinetic and other data with respect to Compound or Product, in each case generated by or on behalf of Dermavant, or any of its Related Affiliates, and Licensee shall have the right to use the Data contained in such reports solely within the scope of the License. In addition, if Dermavant fails to provide any of the foregoing (A)-(E) within [***] following the Effective Date, and Licensee reasonably believes that any such Information that is not delivered is required by the Regulatory Authority for Regulatory Approval of Product in the Territory, then Licensee shall provide written notice of the same to Dermavant. Unless otherwise agreed, Dermavant shall have the first right to perform or have performed any studies required to generate the Information described in (A)-(E) that is required by that was not timely delivered, [***] provided that if Dermavant elects not to perform such additional studies (with such election to be made as soon as practicable following the parties' discussions and agreement on the study-plan and study-budget), then Licensee shall have the right to perform the relevant studies and [***]. For clarity, any Information generated in the conduct of any such studies (whether conducted by Licensee or Dermavant) would be solely owned by Dermavant, included within the Dermavant Know-How, and subject to the rights and License granted to Licensee hereunder.

(b) On an ongoing basis during the Term, Licensee shall promptly disclose to Dermavant such Information Controlled by Licensee or its Affiliates as is necessary or useful for Dermavant to (i) exercise the Grant-Back License in accordance with this Agreement, (ii) exercise the license(s) granted to Dermavant pursuant to Section 4.4(c)(ii) of this Agreement or (iii) exercise Dermavant's rights and perform Dermavant's obligations under Article 4 of this Agreement. Without limiting the generality of the foregoing, Licensee hereby covenants on behalf of itself and its Affiliates:

(a) not to develop, register, use, sell, have sold or offer for sale or seek Regulatory Approval for Compound or Product in the Dermavant Territory;

(b) not to, and not to permit or cause any Affiliate, and to use its commercially reasonable efforts not to allow a Sublicensee or Distributor to, sell or provide Compound or Product to any Third Party if Licensee knows, or has or should have reason to believe, that Compound or Product sold or provided to such Third Party would be sold or transferred, directly or indirectly, for use (i) in the Dermavant Territory or (ii) outside the Field (or for indications other than Atopic Dermatitis or Psoriasis, unless and until the terms for such other indication have been agreed upon pursuant to the process set forth in Section 4.3(a));

(h) not to research, develop, export, import or otherwise commercialize any Compound or Product outside the Field (or for indications other than Atopic Dermatitis or Psoriasis, unless and until the terms for such other indication have been agreed upon pursuant to the process set forth in Section 4.3(a) or 4.4(b)); or

(i) not to grant, or purport to grant any license or right, or otherwise enable any Affiliate of Licensee or any Third Party to do any of the foregoing, and shall use its commercially reasonable efforts to ensure that none of the foregoing occur.

In the event that the parties are unable to agree in good faith on any such additional financial terms described in (ii) above in relation to the clinical development or commercialization of any Combination Product or a Combination Treatment, then either party may, by written notice to the other party refer the matter to the parties' respective Senior Executives for attempted resolution by good faith negotiation. If the Senior Executives are unable to agree upon such terms within [***] following the referral to such Senior Executives, then either party may, in its sole discretion, seek final resolution of such terms through binding "baseball" arbitration, as described in and pursuant to the procedures set forth in Section 12.5. For clarity, any additional financial terms are not necessary other than the payment provided under Section 5 of this Agreement in case of clinically developing or commercializing Combination Therapy, but such research, development or commercialization remains subject to the approval of the JSC as set forth in Section 4.4(a).

(b) Over-The-Counter Products. The parties understand and agree that the License does not include and specifically excludes any right to research, develop or commercialize any product containing Compound, for the over-the-counter market and that, as between the

parties, Dermavant retains all rights to the over-the-counter market for the Compound or Product in the Territory. Notwithstanding the foregoing, Dermavant agrees, as follows:

(i) During the Term, neither Dermavant nor its Related Affiliates will (A) seek to develop or commercialize any Compound or product containing Compound for over-the-counter use in the Field in the Territory, or (B) unless requested by Licensee, initiate or have any substantive discussions or negotiations with any Third Party with respect to the grant by Dermavant or any of its Related Affiliates to such Third Party of an exclusive license to develop and commercialize any Compound or product containing Compound for over-the-counter use in the Field in the Territory (or, prior to having substantive discussions with Licensee, as contemplated in Section 2.7(b)(ii) grant any such rights); and

(ii) On the request of Licensee, Dermavant will take whatever actions are needed to satisfy its obligations to a Third Party with respect to the potential grant by Dermavant and its Related Affiliates to such Third Party of a license to develop and commercialize products containing Compound for over-the-counter use in the Field in the Territory and, if such Third Party's rights become exhausted without Dermavant granting such a license for over-the-counter use in the Field in the Territory, then Dermavant will initiate substantive discussions with Licensee regarding the potential grant by Dermavant and its Related Affiliates to Licensee of an exclusive license to develop and commercialize Product for over-the-counter use in the Field in the Territory.

2.8 Non-Compete. During the period commencing on the Effective Date and concluding on the date that is the earlier of: (a) [***] after the First Commercial Sale of a Product in the Field and in the Territory by a Selling Party under this Agreement; or (b) [***] after termination of this Agreement (excluding the case of termination due to Dermavant's uncured material breach pursuant to Section 11.2(a)), Licensee will not, and will ensure that its Affiliates do not, independently or for or with any Third Party, sell or market any Competitive Product inside or outside of the Territory, or license, sell, assign, or otherwise grant rights to any Third Party to do any of the foregoing.

(a) Product ROFN. Dermavant hereby grants to Licensee an exclusive right of first negotiation to obtain an exclusive license, under the applicable Patents and Information Controlled by Dermavant, to develop, use, sell, offer for sale import and commercialize each ROFN Product for indications in the Field in the Territory (with respect to each ROFN Product, the "***Product ROFN***", and such license, an "***Exclusive License***"), subject to the remainder of this Section 2.11. Licensee acknowledges and agrees that its rights with respect to the Product ROFN for DVMT-503 are subject to a preemptive right of negotiation held as of the Effective Date by a certain Third Party for DVMT-503 and Dermavant shall not have any obligations pursuant to this Section 2.11 that conflicts with or would cause Dermavant to breach its obligations to such Third Party with respect thereto (with Dermavant agreeing to use its reasonable commercial efforts, if so requested by Licensee, to be able to grant such right through triggering such preemptive right of negotiation or otherwise exercising its rights under its agreement with such Third Party). Licensee further acknowledges and agrees that any licenses and other rights that would be granted to Licensee following the successful conclusion of negotiations under a Product ROFN will be subject to and consistent with the terms, conditions and limitations set forth in the ROFN-Related Agreement(s) for the applicable ROFN Product as of the Effective Date to the extent such terms, conditions and limitations were not redacted from the copies of the ROFN-Related Agreements disclosed to Licensee.

(b) ROFN Trigger Notice. If (i) a Third Party provides Dermavant with a written term sheet (including financial terms) for obtaining a license to develop and commercialize a ROFN Product in the Territory for one or more indications in the Field (excluding, for clarity, any term sheet that is received by Dermavant following Dermavant's determination described in the subparagraph (ii) (A) or (ii) (B)), or (ii) Dermavant determines following the completion of the first Phase 2 Trial (subject to this Section 2.11 and the restrictions and requirements below) to either (A) engage in direct (or through an Affiliate) commercialization of an ROFN Product in the Territory for one or more indications in the Field, or (B) seek to grant to the Third Party the right to develop and commercialize an ROFN Product in the Territory for one or more indications in the Field, then, in either case of (i) or (ii), Dermavant shall provide written notice (a "***ROFN Trigger Notice***") to Licensee within [***] after receiving such offer or making such determination, which notice shall specify the ROFN Product(s) and the indications within the Field to be licensed along with, in the case of any offer described in subsection (i), a copy of such Third Party's term sheet (which copy may have the Third Party's name and identifying information redacted) or, in the case of subsection (ii)(B), the material financial terms which Dermavant is seeking to obtain for a grant of the rights to develop and commercialize the applicable ROFN Product(s) in the Territory for one or more indications in the Field.

(c) ROFN Exercise and Negotiations. Licensee may exercise the Product ROFN for a particular ROFN Product by submitting a written offer for the proposed terms of such Exclusive License, including the material financial terms and a high level development plan for the ongoing development and commercialization of such ROFN Product in the Territory (an "***Offer***") (i) within [***] after receiving the ROFN Trigger Notice for such ROFN Product or (ii) within [***] after Licensee notifies Dermavant that Licensee is interested in obtaining an Exclusive License to such ROFN Product ((i) or (ii), the "***Offer Period***"). If Licensee submits an Offer for such ROFN Product to Dermavant during the Offer Period, then Dermavant and Licensee shall enter into exclusive good faith negotiations regarding the commercially reasonable terms for such Exclusive License for a period of [***] following Dermavant's receipt of such Offer (such period, as may be extended by the parties' written agreement, the "***ROFN-Negotiation Period***"). If Licensee does not submit an Offer for such Exclusive License during the Offer Period, or if Licensee submits an Offer during the Offer Period and the parties do not execute a written agreement for such Exclusive License during the ROFN-Negotiation Period, then the Product ROFN for such ROFN Product shall automatically expire. Dermavant shall not license or offer to license such ROFN Product to any Third Party in the applicable indication(s) in the Field in the Territory until the Product ROFN for such ROFN Product has expired.

(d) Completion of First Phase 2 Trial. Dermavant will not (i) offer to a Third Party a license to develop and commercialize any ROFN Product in the Field in the Territory, or (ii) engage in any commercialization of any ROFN Product (directly or through an Affiliate) in the Field and in the Territory, in each case of (i)-(ii), prior to the earlier of Dermavant's receipt and transmittal to Licensee of initial top line data from the first Phase 2 Trial for such ROFN Product or expiration of the Product ROFN for the applicable ROFN Product. For the avoidance of doubt, nothing in this Section 2.11 shall create any obligation for Dermavant or any of its Affiliates to develop any ROFN Product or to conduct or complete a Phase 2 Trial for any ROFN Product.

(e) Information Sharing for ROFN Products. Provided that the Product ROFN for a given ROFN Product has not yet expired, Dermavant will (i) regularly disclose to Licensee a summary level overview of the progress of development of such ROFN Product in the Field, (ii) upon Licensee's request, disclose the top line results of each clinical or material non-clinical study, including but not limited to each Phase 2 Trial, for such ROFN Product for one or more indications in the Field as soon as such results are available to and in the Control of Dermavant.

2.12 Right of First Negotiation for Related Products.

(a) Dermavant hereby grants to Licensee a right of first negotiation to obtain an exclusive license, under the applicable Patents and Information Controlled by Dermavant, to develop and commercialize any product(s) containing an [***] in any formulation in the Field and in the Territory (other than the Product) (each such product, a "***Related-Product***", such negotiation right with respect to any such Related-Product, a "***Related-Product ROFN***", and such license, a "***Related-Product License***"), subject to the remainder of this Section 2.12.

(b) If Dermavant determines in its sole discretion that it wishes to grant a Related-Product License or to engage in direct (or through an Affiliate) development and commercialization of an Related-Product in the Territory for one or more indications in the Field, then Dermavant shall provide written notice to Licensee within a reasonable time period after such determination, which notice shall include a general summary of the relevant Related-Product in the Field and in the Territory to be licensed. Licensee may exercise the Related-Product ROFN for the rights to such Related-Product in the Field and in the Territory by submitting a written offer for the proposed terms of such Related-Product License (a "***Related-Product Offer***") within [***] after receiving such notice (the "***Related-Product Offer Period***"). If Licensee submits a Related-Product Offer to Dermavant during the Related-Product Offer Period, then Dermavant and Licensee shall enter into exclusive good faith negotiations regarding the commercially reasonable terms for such Related-Product License for a period of [***] following Dermavant's receipt of such Related-Product Offer (such period, as may be extended by the parties' written agreement, the "***Related-Product Negotiation Period***"). If Licensee does not submit a Related-Product Offer for such Related-Product License during the Related-Product Offer Period, then the Related-Product ROFN for such Related-Product shall automatically expire. If Licensee submits a Related-Product Offer during the Related-Product Offer Period and the parties do not execute a written agreement for such Related-Product License during the Related-Product Negotiation Period, then either party may, by written notice to the other party refer the matter to the parties' respective Senior Executives for attempted resolution by good faith negotiation. If the Senior Executives are unable to agree upon such terms within [***] following the referral to such Senior Executives, then either party may, in its sole discretion, seek final resolution of such terms through binding "baseball" arbitration, as described in and pursuant to the procedures set forth in Section 12.5. Dermavant shall not license or offer to license any Related-Product to any Third Party for the Field in the Territory until the Related-Product ROFN for such Related-Product has expired.

3.1 Joint Steering Committee.

(a) Establishment and Composition. The parties activities under this Agreement shall be overseen by a Joint Steering Committee (the *"**JSC**"*) composed of three (3) representatives of each of Dermavant and Licensee. Each party's initial JSC members are designated as soon as practicable following the Effective Date. Each party shall be free to change its JSC representatives on written notice to the other party, provided that each party shall ensure that, at all times during the existence of the JSC, its representatives on the JSC have appropriate expertise for the then-current stage of development or commercialization of Product in the Field in the Territory and appropriate seniority (including at least one member of senior management) and have the authority to bind such party with respect to matters within the purview of the JSC.

(b) Responsibilities and Authority. The JSC's overall responsibility shall be to encourage and facilitate the exchange of information between the parties as contemplated by this Agreement, and to facilitate, coordinate and oversee the development, registration and commercialization of Product in the Field in the Territory. The specific responsibilities of the JSC shall be:

(i) to review and discuss amendments or updates to the Territory Development Plan in accordance with Section 4.1;

(ii) to review and discuss the protocol for each material preclinical study of Product proposed to be conducted by or on behalf of Licensee or any of its Affiliates or Sublicensees in the Territory;

(iii) (A) to review and discuss the protocol for each clinical trial of the Product proposed to be conducted by or on behalf of Licensee or any of its Affiliates or Sublicensees in the Territory and (B) to approve the protocol synopsis for each such clinical trial through the JDC to which JSC delegates its responsibilities in accordance with Section 4.1(c);

(iv) to facilitate the exchange of Dermavant Know-How and other Information as contemplated by Section 2.4;

(v) to serve as the principal means by which (A) Licensee keeps Dermavant reasonably informed regarding the progress and results of Licensee's development, registration and commercialization efforts for Product in the Field in the Territory, and (B) Dermavant keeps Licensee reasonably informed regarding the progress and results of Dermavant's development, registration and commercialization efforts for Products in the Field in the Dermavant Territory;

(vii) to act as a forum for Licensee to communicate its then-current strategy for, and the status of its efforts and negotiations in relation to, obtaining and maintain pricing and re-imbursement approvals required for the Product in the Territory, provided that, for clarity, between the parties, Licensee will be solely responsible for the direct interactions and negotiations with any Regulatory Authority in the Territory in connection with the same;

(viii) to coordinate the parties' Product-related activities in relation to international meetings and congresses that will be attended by representatives of both parties;

(ix) to review and discuss opportunities to support investigator-initiated studies of any Product inside and outside of the Field in the Territory, which shall be subject to the unanimous approval by the JSC if such study is to occur prior to the First Commercial Sale of any Product in the Territory;

(x) to establish Subcommittees as it deems necessary or advisable to further the purposes of this Agreement, to delegate to such Subcommittees such of the JSC's responsibilities as the JSC deems appropriate, subject to Section 3.3 and Section 3.4, and to dissolve Subcommittees and to resolve disputes referred to it by Subcommittees; and

(xi) to carry out such other obligations as are expressly delegated to it under this Agreement.

For clarity, and notwithstanding any other provision of this Article 3 or any other provision of this Agreement to the contrary, the JSC shall have no responsibility or authority of any kind with respect to the development, registration or commercialization of Compound or Product in the Dermavant Territory.

(c) Meetings. The JSC shall meet at least once every [***] (or at such other frequency as mutually agreed by the parties) or as described in Section 3.5, if applicable. JSC meetings may be conducted in person at times and places to be determined by the JSC members. Alternatively, the JSC may meet by means of teleconference, videoconference or other similar communications equipment. A reasonable number of additional representatives of a party may attend meetings of the JSC in a non-voting capacity. Each party shall bear its own expenses of participating in meetings of the JSC. Responsibility for chairing JSC meetings shall alternate between the parties, with Dermavant chairing the first JSC meeting after the Effective Date. The chair for any JSC meeting shall not have any greater authority than any other representative of either party on the JSC.

(d) Minutes. Dermavant's Alliance Manager (or its designee) shall be responsible for preparing minutes of each meeting and shall circulate a draft of the minutes of such meeting to all members of the JSC for comments within [***] after such meeting. Such minutes shall provide a description, in reasonable detail, of the discussions at the meeting and shall document all actions and determinations approved by the JSC at such meeting. In addition, in the event of discussion at any JSC meeting of any new amendment or update to the Territory Development Plan, the applicable document shall be attached to the minutes as an exhibit. The parties shall promptly discuss any comments on such minutes and finalize the minutes no later than the date of the next JSC meeting.

3.2 JSC Decision-Making; Final-Decision Making Authority. Decisions of the JSC shall be made by unanimous vote, with each party's representatives on the JSC collectively having one vote. No vote of the JSC may be taken unless at least one of each party's representatives is present for the JSC vote. If the JSC is unable to decide or resolve unanimously any matter properly presented to it for action and that is within its authority, then, at the written request of either party, the issue shall be referred to the [***] of Dermavant and the [***] of Licensee (in each case, such party's *"**Senior Executive**"*) who shall promptly meet and attempt in good faith to resolve such issue within [***]. If the Senior Executives cannot resolve such matter within [***] of the date such matter is first referred to them, then, subject to Section 3.3, Section 3.4, and the remainder of this Section 3.2 it shall be resolved as follows:

(a) Licensee's Senior Executive shall have the final decision-making authority with respect to any Territory-Specific activities related to the development of, the regulatory approval process for, or commercialization of Products in the Field in the Territory, including amendments to the Territory Development Plan; *provided*, *however*, that Dermavant's Senior Executive shall have the authority to veto any decision of Licensee's Senior Executive that; (i) would be reasonably expected to create an unnecessary risk to patient safety; or (ii) in Dermavant's good faith discretion (following consultation with Licensee) could reasonably be expected to have an adverse effect on the development of, the regulatory approval process for, or the commercial potential of, Compound or any product incorporating Compound (including Product) in the Dermavant Territory; and

(b) Dermavant's Senior Executive shall have the final decision-making authority with respect to all matters related to the development of, the regulatory approval process for, and the commercialization of Compound or any product incorporating Compound (including Product) in the Dermavant Territory; provided that:

A party's Senior Executive, in the exercise of his or her final decision-making authority or, as applicable, veto authority, shall give good faith consideration to, and take into account, the other party's position. Notwithstanding any other provision to the contrary, neither the JSC, nor a Senior Executive in the exercise of the foregoing final decision-making authority, shall have the right: (A) to modify or amend this Agreement; (B) to determine any issue in a manner that would conflict with the express terms and conditions of this Agreement, or (C) to make a decision that is expressly stated to require the mutual written agreement or mutual written consent of the parties or an amendment to this Agreement. The parties intend that all matters within the scope of the JSC's decision-making authority shall be resolved by the parties in accordance with this Section 3.2, and no matter within the scope of the JSC's authority shall be subject to the dispute resolution mechanisms set forth in Article 12.

3.3 Scope of Authority; Decisions Requiring Mutual Consent. Notwithstanding the establishment and existence of the JSC or any Subcommittee, each party shall retain the rights, powers and discretion granted to it hereunder, and neither the JSC nor any Subcommittee shall be delegated or vested with rights, powers or discretion unless such delegation or vesting is expressly provided herein. Further, notwithstanding anything in Section 3.2 to the contrary, the following matters shall require unanimous approval of the JSC (not to be unreasonably withheld, delayed or conditioned), without resort to either party's final decision-making authority: (a) whether to allow the conduct, by or on behalf of Licensee or its Affiliates or Sublicensees, of any research, development or commercialization of a Combination or a Compound or Product other than in the Existing Formulation in Atopic Dermatitis or Plaque Psoriasis (or any indications other than Atopic Dermatitis or Psoriasis, that has been agreed to be included pursuant to the applicable process set forth in Section 4.3 or 4.4, which in the case of Licensee's exercise of an Option shall require the execution by the parties of a written amendment to this Agreement or a separate agreement as described in Section 4.3(c)), (b) determination of the scope and plan for any such research (or any expansion thereof or material change thereto), as described in Section 4.4, or (c) participation by Licensee in any investigator-initiated clinical studies of any Compound or Product prior to the First Commercial Sale of such Product in the Territory, as described in Section 3.1(b)(ix).

3.4 Subcommittees; Coordination. From time to time, the JSC may establish additional subcommittees to oversee particular projects or activities within the scope of authority of the JSC, as it deems necessary or advisable. Each Subcommittee shall be composed of an equal number of representatives of each party, as the JSC determines is appropriate from time to time, and shall meet with such frequency as the JSC shall determine. If, with respect to a matter that is subject to a Subcommittee's decision-making authority but that is not specifically subject to one party's final decision at such Subcommittee, the Subcommittee cannot reach unanimity, the matter may be referred by either party to the JSC for resolution. In addition to the JSC, the parties will

establish, through the JSC no later than [***] after the establishment of the JSC, (a) joint development committee ("**JDC**") to coordinate development activities for Products for each indication within the Field in the Territory to be conducted by or on behalf of Licensee, its Affiliates or its or their Sublicensees, including clinical/non-clinical development activities necessary for obtaining and maintaining the MAAs for the Products in the Field in the Territory including, but not limited to, Phase 3 Trials in the Field in the Territory, which JDC shall (unless otherwise agreed) meet at least [***] until the First Commercial Sale, and thereafter least once [***] (or at such other frequency as mutually agreed by the parties) or as described in Section 3.5, if applicable, (b) a joint patent committee ("**JPC**") to coordinate activities undertaken pursuant to Article 8 of this Agreement and other activities as specifically contemplated herein or those activities within the scope of the JSC's authority that are assigned to the JPC by the JSC; and (c) a joint manufacturing and supply committee ("**JMSC**") to coordinate the entry into the Clinical Supply Agreement and Commercial Supply Agreement and the flow of information with respect to the clinical and commercial supply under this Agreement, including the transfer of any manufacturing technology to Licensee as contemplated in Section 2.2(c), if applicable, and the provision of rolling forecasts from Licensee to Dermavant, setting forth Licensee's expected requirements for commercial supply of the Compound and Product prior to the entry into the Commercial Supply Agreement and the provision of forecasts thereunder. In addition, on the request of either party, well in advance of first import of the Product for commercial use in the Field in the Territory, the JSC shall discuss in good faith and determine whether to establish a joint commercial committee to discuss and oversee the implantation of the marketing and commercialization activities in the Territory Development Plan and to coordinate such activities with the corollary activities under the Global Development Plan. Further, when determining whether New Indication Research, Approved Combination Research or LCM Research will be pursued by the parties, the JSC shall discuss in good faith and determine whether to establish on or more joint development committee to govern the applicable JSC-approved research. Each party agrees to use good faith efforts to coordinate the scheduling of any meetings of the JSC and each Subcommittee with the other party in a manner intended to minimize the burden on each party and to ensure effective operation and coordination of the parties under this Agreement.

3.5 Alliance Managers; Special Committee Meetings. Within [***] after the Effective Date, each party shall appoint (and notify the other party of the identity of) a representative of such party to act as the primary point of contact for the parties regarding the development, registration and commercialization of Product in the Field in the Territory (each, an "***Alliance Manager***"). The Alliance Managers shall be responsible for creating and maintaining collaborative, efficient, and responsive communications within and between Licensee and Dermavant. A party may replace its Alliance Manager on written notice to the other party. If a party desires to schedule an ad-hoc meeting of the JSC or any Subcommittee to address a specific issue or matter, then the Alliance Manager of the party that desires to call such ad-hoc meeting shall submit the relevant meeting request and summary of the reason for such request to the other party's Alliance Manager for transmission to such other party. Each party agrees that it will use all reasonable efforts to promptly schedule any such requested ad-hoc meeting in advance of the next to occur regularly-scheduled meeting of the JSC or such Subcommittee.

4.1 Territory Development Program.

(a) Territory Development Plan. Subject to the remainder of this Section 4.1, all of Licensee's development of Products will be conducted consistent with the Territory Development Plan, as such Territory Development Plan may be amended from time to time by Licensee pursuant to and in accordance with Section 4.1(b), except for those activities for which Licensee has agreed to conduct in support of any Global Phase 2/3 Study, as contemplated in Section 4.2(b), which shall be set forth in the Global Development Plan. Licensee shall be solely responsible for conducting, [***] such Territory-Specific development activities with respect to the Products in the Field in the Territory to support MAA filing and Regulatory Approval in the Territory, as set forth in the Territory Development Plan and the performance of its obligations under the Global Development Plan, as applicable. Licensee shall provide the initial Territory Development Plan to Dermavant reasonably in advance of the first meeting of the JDC, which initial Territory Development Plan shall be consistent in all material respects with the high level outline set forth on **Exhibit C**. Without limiting the foregoing, the Territory Development Plan shall include (i) an outline of all major development activities for Products for each indication within the Field in the Territory to be conducted by or on behalf of Licensee, its Affiliates or its or their Sublicensees, including clinical/non-clinical development activities necessary for obtaining and maintaining the MAAs for the Products in the Field in the Territory including, but not limited to, Phase 3 Trials in the Field in the Territory; (ii) estimated timelines for the conduct of such major development activities, as well as estimated timelines for submission of MAA applications for the Products in each indication the Field in the Territory; and (iii) estimated timelines of any other major development activities in the Territory, and (iv) any investigator-initiated clinical studies of a Product for which Licensee has the right to participate, as set forth in Section 3.1(b)(ix). As between the parties, but subject to the terms and conditions of this Agreement, Licensee shall be solely responsible, [***] for the performance of its activities under the Territory Development Plan, and Licensee shall keep Dermavant reasonably informed of the status, progress and results of all material developments with respect to the Territory Development Plan activities. Licensee will not perform any activity that Dermavant reasonably believes in good faith and following consultation with Licensee could adversely affect the development or commercialization of the Product outside the Territory. Upon Licensee's reasonable request, Dermavant shall provide reasonable cooperation and informal assistance to Licensee in connection with the Territory Development Plan, [***] except to the extent otherwise agreed by the parties with respect to certain activities that are specific to the development or commercialization of the Product outside of the Territory or that falls within Dermavant's responsibility as described in Section 4.2(a). Notwithstanding Section 2.9, if Dermavant includes, in an MAA application submitted to a Regulatory Authority in the Dermavant Territory to obtain Regulatory Approval for a Product in an Existing Formulation in a dosage strength other than [***] for the treatment of Atopic Dermatitis or Plaque Psoriasis, utilizes Information (other than safety data) which is generated by Licensee, its Affiliates or Sublicensees in the course of any Territory-specific development activities with respect to the efficacy of such Product in such formulation and dosage strength in such indication in the Field on the Territory, then Dermavant shall reimburse to Licensee [***] costs and expenses incurred by Licensee to generate such Information during such Territory-specific development activities within [***] following Dermavant's receipt of

an invoice from Licensee that documents such costs and expenses, provided that such amounts are consistent with the cost and expense information provided by Licensee at Dermavant's request (which information Licensee shall provide to Dermavant promptly following such a request).

(b) Amendments to the Territory Development Plan. From time to time during the Term, Licensee may make amendments to the Territory Development Plan in accordance with Section 3.1 and this Section 4.1(b), with the frequency of such updates at its own discretion, which shall be effective immediately unless the presentation to or approval of the JSC are required as set forth below. Unless otherwise agreed by the parties, the activities covered by the Territory Development Plan shall be (i) limited to Territory-Specific development activities (which may include activities outside of the Territory within the scope of the License to the extent intended to support Territory-Specific development), and (ii) consistent with the express obligations of Licensee under this Agreement, including Section 4.6 hereof. Notwithstanding the foregoing, Licensee shall submit any amendment proposed by Licensee involves a material change of Licensee's or its Affiliates or Sublicensees development activities the Territory Development Plan from those last reviewed (and as applicable, approved) to the JSC (which may include activities outside of the Territory within the scope of the License to the extent intended to support Territory-Specific development), which shall become effective upon the date of presentation to the JSC unless approval of the JSC is required. Without limiting the foregoing, the parties expressly agree that (A) unanimous consent will be required at the JSC if any proposed amendment would significantly change Licensee's development strategy or result in a material decrease of its obligations, relative to the initial Territory Development Plan for the development of Product in the Territory for each of Psoriasis or Atopic Dermatitis (or for any Product in any other indication in the Field for which specific obligations were agreed by the parties to be included under the Territory Development Plan pursuant to Section 4.3), with such agreement not to be unreasonably withheld, delayed or conditioned, and taking into account any regulatory requirements specific to the Territory and that (B) Licensee will not propose any amendment to the Territory Development Plan that it reasonably believes could adversely affect the development or commercialization of the Product outside the Territory without first discussing such amendment with Dermavant (and for clarity, the performance of any such activities would remain subject to the final decision making authority of the parties, including Dermavant's veto right in Section 3.2(a), as applicable). Any amendments to the Territory Development Plan that require the unanimous consent of the JSC will become effective upon the date of such unanimous consent. References to the "Territory Development Plan" in this Agreement shall be construed to refer to the Territory Development Plan, as then in effect (including all amendments thereto). Without limiting the foregoing, Licensee shall ensure that the Territory Development Plan remains reasonably current with respect to all ongoing and planned material development and commercialization activities for the Product or Compound in the Field and in the Territory shall keep the JSC and JDC regularly informed of any amendments to the Territory Development Plan that do not require presentation to or approval of the JSC and the status, progress and results of all activities under the Territory Development Plan. To that end, at each JSC and JDC meeting the JSC or JDC, as applicable, shall review and discuss the then-current Territory Development Plan or any upcoming material amendments thereto, and shall ensure that such Territory Development Plan remains reasonably up-to date.

(c) Approval of the Protocol Synopsis for Each Clinical Trial of the Product. If Licensee intends to conduct any clinical trial of the Product (directly or through any of its Affiliates or Sublicensees) in the Territory, Licensee shall provide an accurate English translation

of the protocol synopsis of such clinical trial to Dermavant for review and shall obtain Dermavant's prior written approval through the JDC, such approval not to be unreasonably withheld, conditioned or delayed (for clarification, withholding, conditioning or delaying the approval may be deemed reasonable if the conduct of such clinical trial (i) would be reasonably expected to create an unnecessary risk to patient safety or (ii) in Dermavant's good faith discretion (following consultation with Licensee) could reasonably be expected to have an adverse effect on the development of, the regulatory approval process for, or the commercial potential of, Compound or any product incorporating Compound (including Product) in the Dermavant Territory).

(d) Development in the U.S. to Support the Territory. If Licensee requests that Dermavant expand the scope of the non-exclusive licenses granted under Section 2.1(b) or Section 2.1(c) (or both) to allow the performance by or on behalf of Licensee of specific development activities for Product in the U.S. that would be otherwise permitted by the terms of this Agreement if conducted in another country in the Dermavant Territory, then Dermavant agrees to seek in good faith any waiver or authorization needed from any applicable Third Party in order to allow Licensee to perform or have performed such specified development activities in the U.S., and, upon its receipt of any such required waiver or authorization (or if no such authorization or waiver is then required) will expand the license granted under Section 2.1(b) and/or Section 2.1(c), as applicable, to allow the performance of such specified development activities in the U.S., without further consideration. Without limiting the foregoing, if Dermavant is unable to secure any such required waiver or authorization, then Dermavant and Licensee shall discuss in good faith at the JDC an arrangement by which Dermavant would perform or have performed such specified development activities on behalf of Licensee in the U.S., all at [***] provided that the determination of whether or not to commence such performance on behalf of Licensee would be subject to Dermavant's consent, not to be unreasonably withheld, delayed or conditioned, and provided further that it would be unreasonable for Dermavant to withhold such consent if all of the following are true, as determined in the reasonable discretion of Dermavant: (i) the relevant activities could not reasonably be performed by or on behalf of Licensee outside of the U.S. without incurring substantial additional costs or material delays, (ii) Dermavant is provided with sufficient lead times and resourcing as is reasonably necessary for Dermavant (in Dermavant's good faith determination) to secure additional capacity or personnel resources to enable Dermavant to commence or manage the commencement of such specified development activities on behalf of Licensee without disruption of its own development activities, (iii) Licensee has agreed to pay all of the costs of such development activities and any additional internal or external costs reasonably incurred by Dermavant in connection with Dermavant's management or conduct of the relevant activities, and (iv) in Dermavant's good faith discretion (following consultation with Licensee) the performance of such activities would not reasonably be expected to have an adverse effect on the development of, the regulatory approval process for, or the commercial potential of, Compound or any product incorporating Compound (including Product) in the Dermavant Territory.

4.2 Global Development Program.

(a) As between the parties, Dermavant shall be solely responsible for conducting, [***] non-clinical, clinical or any other development activities with respect to the Products in the Field to support MAA filing and Regulatory Approval for Products in the Existing Formulation at a [***] dosage for Atopic Dermatitis and Psoriasis in

both the Territory and the Dermavant Territory, excluding any development activities that are Licensee's responsibility as described in Section 4.1(a). Dermavant shall keep Licensee reasonably informed of the status, progress and results of major development activities for Products in the Field conducted by or on behalf of Dermavant in the Dermavant Territory and (to the extent known by Dermavant or its Affiliates or Licensee) such party will keep the other informed of any major development activities for Products in the Field conducted in China, Hong Kong and Taiwan.

(b) Global Phase 2/3 Clinical Studies. If Dermavant (itself or through an Affiliate or a collaborator) desires to conduct a Phase 2 Trial or Phase 3 Trial of a Product in the Field that either (i) is designed to be undertaken in countries within the Dermavant Territory and within the Territory, or (ii) is designed to be conducted solely in the Dermavant Territory but if expansion of such clinical trial to the Territory could reasonably be expected to generate Data that could be used to support Regulatory Approval in the Territory (each, a "***Global Phase 2/3 Study***"), then Dermavant shall notify Licensee. In the event that Licensee desires to participate in any such Global Phase 2/3 Study, Dermavant and Licensee shall discuss in good faith the feasibility thereof at the JSC and, if it is feasible, the terms and conditions for Licensee's participation, which participation shall be subject in all cases to the consent of Dermavant in its reasonable discretion. In the event that Dermavant does so consent, then the parties shall promptly prepare a development plan that reflects such participation and the terms of such participation (a "***Global Development Plan***").

4.3 Additional Indication Development.

(a) Restrictions; Information Sharing. Licensee acknowledges and agrees that Licensee's (and its Affiliates' and Sublicensees') preclinical and clinical development and commercialization efforts for Product or Compound will only be directed to Products for Psoriasis or Atopic Dermatitis and, unless otherwise agreed pursuant to the process set forth in this Section 4.3, will not be directed to the use of Product or Compound for any other indications in the Field, notwithstanding the scope of the License. In addition, Licensee further acknowledges and agrees that it shall not perform any research or preclinical development on Product or Compound for use in any indication other than Psoriasis or Atopic Dermatitis, other than permitted New Indication Research or LCM Research, as set forth in Section 4.4(b) or Section 4.4(c). Without limiting the foregoing, each party shall keep the other party reasonably informed, via the JSC and JDC, of the progress and results of its preclinical and clinical development activities, if any, for Compound or Product in new indications in the Field (other than Psoriasis or Atopic Dermatitis), including by providing such other party, as applicable, top-line data from any clinical trial conducted by or on behalf of such party for any Product in any indications in the Field other than Psoriasis or Atopic Dermatitis. Without limiting the foregoing, promptly following the first availability thereof (taking into account any confidentiality or contractual restrictions with Third Parties, for which the restricted party agrees to use its reasonable commercial efforts to have released or otherwise waived), Dermavant will provide to Licensee with true and complete copies of all final reports of any significant preclinical study or clinical trial of Compound or Product in indications in the Field other than Psoriasis or Atopic Dermatitis that are conducted by or on behalf of Dermavant.

(b) Additional Indication Development Rights and Option. Other than LCM Research as set forth in Section 4.4(b), if Licensee desires to pursue clinical Product development or commercialization efforts in the Field and in the Territory for any indications other than Psoriasis or Atopic Dermatitis, then Licensee shall have, and Dermavant hereby grants to Licensee the exclusive option, exercisable at any time during the Term on an indication-by-indication basis, to expand its activities under this Agreement to include preclinical development, clinical development and commercialization activities for the Compounds or Products for one or more indications in the Field in the Territory other than Psoriasis or Atopic Dermatitis, which development and commercialization will occur, if at all, following the agreement of the parties on (i) the additional financial terms applicable to any such development and commercialization of Product in such new indication in the Field and in the Territory, and (ii) any specific development activities required to be included in the Territory Development Plan for the Product in the Territory for such new indication, and (iii) the appropriate terms related to the ownership of and related rights in and to Information and intellectual property developed by or on behalf of Licensee in relation to such new indication, which financial terms and development obligations and intellectual property concerns shall, in each case, be consistent with those agreed by the parties as of the Effective Date for Psoriasis and Atopic Dermatitis (as may be reasonably adjusted based on the expected market or patient populations for the Product in such indication in the Territory) (each, an "***Option***"). For clarity, the Option shall not include any right to perform research for the Compound or Product in any indications in the Field other than Psoriasis or Atopic Dermatitis, which shall only be permitted, if at all, pursuant to the mechanism set forth in Section 4.4(b).

(c) Option Exercise; Amendment; Arbitration of Terms. Subject to the terms and conditions of this Agreement, Licensee may exercise each Option at any time during the Term by delivering written notice of such exercise ("***Exercise Notice***") to Dermavant. If Licensee exercises an Option as set forth above, the parties shall negotiate in good faith for up to [***] (as such period may be extended by mutual written agreement of the parties, the "***Negotiation Period***") the financial and other material terms pursuant to which Licensee's activities under the License would expand to include the applicable new indication for the Product in the Field in the Territory. In the event that the parties are unable to agree upon such terms during the Negotiation Period, then either party may, by written notice to the other party within [***] after the end of the Negotiation Period, refer the matter to the parties Senior Executives for attempted resolution by good faith negotiation. If the Senior Executives are unable to agree upon such terms within [***] following the referral to such Senior Executives, then either party may, in its sole discretion, seek final resolution of such terms through binding "baseball" arbitration, as described in and pursuant to the procedures set forth in Section 12.5. If Licensee would not be granted rights to develop and commercialize the Product for the applicable new indication in the Field in the Territory, Dermavant shall not perform such activities in the Field in the Territory by itself and through any Affiliate or Third Party.

4.4 Licensee LCM and Combination Research Programs.

(a) Combination Research Program. In the event that Licensee desires to perform research or pre-clinical development activities with respect to any Combination, then Licensee shall submit to the JSC a reasonably detailed plan for the conduct of such research or development for the JSC's review and approval. If the JSC approves the proposed plan for such activities (any such approved research or development activities, the "***Approved Combination***

Research"), then it shall notify the parties, and Dermavant and Licensee shall, prior to the commencement of any such Approved Combination Research, discuss and endeavor to agree on the additional terms and conditions for such Approved Combination Research, including (i) the sharing of Information generated in the conduct of such activities, (ii) the disclosure and the allocation of rights to any Combination Research Technology generated in connection with the performance of any Approved Combination Research, in each case, inside and outside of the Territory, which rules and procedures shall be determined by or in consultation with the JPC and subject to any related third party agreements (in such case each party shall make commercially reasonable efforts to reach agreement with such third party regarding financial terms and the allocation of rights to intellectual property), and (iii) the terms regarding the parties' respective obligations and rights with respect to any identified Third Party rights or obligations related to the relevant Combination that is the subject of the Approved Combination Research, and, (iv) if requested by either party at such time, the financial terms for the clinical development and potential commercialization of the relevant Combination, if applicable and as contemplated in Section 2.7(a).

(i) In the event that the parties (through the JSC) are unable to agree as to whether Licensee should be permitted to perform such Approved Combination Research, or the parties are unable to come to terms governing any such Approved Combination Research (including the terms governing the ownership and licenses to any Information, Inventions or Patents arising therefrom), then Licensee shall have no right to perform such Approved Combination Research and neither of Dermavant nor Licensee shall have the right to develop or commercialize the Product in such Combination in the Territory during the Term. If Dermavant or its Related Affiliates desires to file a patent application covering Licensee's proprietary compound(s) or related Information of which Dermavant or its Related Affiliates first becomes aware as a result of the foregoing discussions, within or outside of the Territory, then Dermavant shall consult with Licensee in advance and obtain Licensee's written consent, which shall not be unreasonably withheld, conditioned or delayed.

(ii) If the JSC agrees to allow the performance of such Approved Combination Research and the parties agree on the terms governing the foregoing, then, prior to the commencement of any such activities by Licensee, the parties shall amend the Territory Development Plan and, if required, this Agreement, to include the Approved Combination Research and the agreed terms for the conduct of the same.

(b) Additional New Indication Research and Development in the Existing Formulation. In the event that Licensee desires to perform research or pre-clinical development activities with respect to the use of the Product or Compound in any Existing Formulation for any indications in the Field other than Atopic Dermatitis or Psoriasis (or, if applicable, any other indication for which Licensee has the rights to develop and commercialize Products under this Agreement pursuant to the exercise of its Option under Section 4.3(c)), then Licensee shall submit to the JSC a reasonably detailed plan for the conduct of such research for the JSC's review and approval. If the parties (through the JSC) are unable to agree in good faith as to whether Licensee should be permitted to perform such proposed research activities, then Licensee shall have no right to perform such research or pre-clinical development activities. If the JSC approves the proposed research or pre-clinical development (any such approved research or pre-clinical development activities for the Product in an Existing Formulation in a new indication, the "***New Indication***

Research"), then it shall notify the parties, and Licensee will be permitted to perform such New Indication Research, provided that prior to the commencement of any such New Indication Research, the parties would discuss in good faith and endeavor to agree on (i) contributions of Dermavant to any such New Indication Research, (ii) the sharing of Information generated by either party in the conduct of any New Indication Research, and (iii) the allocation of rights to intellectual property, including Patents generated in connection with such research and development, in each case, inside and outside of the Territory, which rights shall include and be consistent with the licenses granted in Section 2.1 and 2.9, and, prior to the commencement of any such activities by Licensee, the parties shall amend the Territory Development Plan and, if required, this Agreement, to include the New Indication Research and the agreed terms for the conduct of the same.

(c) New Formulation and Other Product Research. In the event that Licensee desires to perform research or pre-clinical development that involves a Compound or Product in the Field but (i) is not described in Section 4.4(a) or Section 4.4(b), and (ii) is not directed to the use of the Compound or Product in an Existing Formulation in any of (A) Psoriasis, (B) Atopic Dermatitis, or (C) if applicable, any other indication for which Licensee has the rights to develop and commercialize Products under this Agreement pursuant to the exercise of its Option under Section 4.3(c), then, Licensee shall submit to the JSC a reasonably detailed plan for the conduct of such research (including the expected costs of such research) for the JSC's review and approval (with such approval not to be unreasonably withheld, delayed or conditioned). In the event that the parties (through the JSC) are unable to agree as to whether Licensee should be permitted to perform such research, then Licensee shall have no right to perform such research. If the JSC approves the proposed research described above (any such approved research activities, the "***LCM Research***"), then it shall notify the parties, and the following shall apply:

(i) If Dermavant desires to participate in and co-fund such LCM Research, then Dermavant shall, within [***] following the JSC's decision to permit such LCM Research, provide written notice to Licensee indicating the same, in which case the parties would negotiate in good faith the terms governing Dermavant's participation in such LCM Research, including (A) the sharing of Information generated in the conduct of such LCM Research, (B) the disclosure and the allocation of rights to intellectual property and Inventions, including Patents generated in connection with the performance of any LCM Research, in each case, inside and outside of the Territory, which rules and procedures shall be determined by or in consultation with the JPC, and (C) funding or compensation, if any, provided by either party in connection with such LCM Research or the exploitation of the LCM Research Technology. Prior to the commencement of any such jointly conducted or co-funded LCM Research, the parties shall amend the Territory Development Plan and, if required, this Agreement, to include such jointly conducted or co-funded LCM Research, and the agreed terms for the conduct of the same.

(ii) If Dermavant does not elect to participate in and co-fund any LCM Research (or does not make a timely election to participate as required pursuant to Section 4.4(c)), then Licensee may nevertheless proceed with such LCM Research and, as between the parties, Licensee will be solely responsible for the conduct and costs of such LCM Research, subject to the following:

(1) Licensee shall promptly disclose to Dermavant any material LCM Research Know-How in accordance with Section 8.1(b) and will, at such time grant (and hereby does grant) to Dermavant (on behalf of itself and its Affiliates), a royalty free and fully paid up (except as provided in Section 11.4(c)), irrevocable, perpetual, non-exclusive license, with the right to sublicense through multiple tiers of sublicense, under Licensee's and its Affiliates' interest in and to any such LCM Research Know-How to research, develop, import, offer for sale and sell Product (i) outside the Territory and (ii) outside the Field in the Territory and (y) to manufacture and have manufactured Compound and Product to be developed or sold (i) outside the Territory and (ii) outside the Field in the Territory, which license may be converted into an exclusive license on the request of Dermavant but no later than any applicable deadline pursuant to Section 4.4(c)(ii)(2);

(2) If LCM Research Know-How is stated by Licensee at the time of disclosure to be non-patentable, Dermavant shall have the right to convert the foregoing non-exclusive license into an exclusive license set forth in Section 4.4(c)(ii)(2)b within [***] after disclosure of such LCM Research Know-How. If LCM Research Know-How is patentable or Licensee does not state at the time of disclosure that it is not patentable, Licensee will notify Dermavant as soon as practicable, but in all cases at least [***] in advance of filing any Patent claiming or covering any Invention within the LCM Research Know-How, and the proposed filing date for such Patent, including a copy of the proposed filing. Dermavant will have the opportunity to discuss such Patent filing with Licensee, and shall have the right to require Licensee to grant before or during such [***] review period, either:

a. a royalty-free, fully-paid, irrevocable, perpetual, non-exclusive license, with the right to sublicense through multiple tiers of sublicense under Licensee's and its Affiliates interest in and to the LCM Research Technology (to the extent not already licensed to Dermavant pursuant to Section 4.4(c)(ii)(1)) to research, develop, import, offer for sale and sell Product (i) outside the Territory and (ii) outside the Field in the Territory and (y) to manufacture and have manufactured Compound and Product to be developed or sold (i) outside the Territory and (ii) outside the Field in the Territory; or

b. a royalty bearing, irrevocable, perpetual, exclusive license, with the right to sublicense through multiple tiers of sublicense (but if the sublicense is to a Third Party licensee of Dermavant that has the right to develop and commercialize Products for its own account (rather than on behalf of Dermavant), then such sublicense is only permitted if the relevant Third Party licensee grants corresponding rights to intellectual property generated by such licensee that can be exercised by Licensee under this Agreement), under Licensee's and its Affiliates interest in and to the LCM Research Technology (including an exclusive license to any LCM Research Know-How already licensed to Dermavant pursuant to Section 4.4(c)(ii)(1)) to research, develop, import, offer for sale and sell Product (i) outside the Territory and (ii) outside the Field in the Territory and (y) to manufacture and have manufactured Compound and Product to be developed or sold (i) outside the Territory and (ii) outside the Field in the Territory.

(3) In the case that Dermavant selects an exclusive license as set forth Section 4.4(c)(ii)(2)b, the parties will meet and agree on appropriate and commercially reasonable economic terms for such grant of rights. If the parties cannot agree on the economic terms for such a conversion to an exclusive license within a [***] negotiation period

following the request of Dermavant under this Section 4.4(c)(ii)(3), then Dermavant may, by written notice to Licensee refer the matter to the parties' respective Senior Executives for attempted resolution by good faith negotiation. If the Senior Executives are unable to agree upon such terms within [***] following the referral to such Senior Executives, then either party may, in its sole discretion, seek final resolution of such terms through binding "baseball" arbitration, as described in and pursuant to the procedures set forth in Section 12.5.

4.5 Compliance. In conducting any activity pursuant to this Article 4, each party shall comply with all Applicable Laws, including, as applicable to the given activity, GLP, GCP and GMP.

4.6 Diligence. Licensee shall use Commercially Reasonable Efforts to conduct Territory-Specific development appropriate to obtain Regulatory Approval for Products in each indication in the Field in the Territory, and shall use Commercially Reasonable Efforts to obtain and maintain Regulatory Approvals for, and following receipt of such Regulatory Approvals, to commercialize the Product in each indication in the Field and in the Territory. Without limiting the generality of the foregoing, Licensee shall: (a) use Commercially Reasonable Efforts to perform the activities set forth in the Territory Development Plan (or under the Global Development Plan, as may be agreed and allocated to Licensee pursuant to Section 4.2(b)); and (b) use Commercially Reasonable Efforts to initiate and complete such activities within the timelines set forth therein. Licensee shall maintain offices and other facilities reasonably appropriate to carry out development of Product in the Field and in the Territory and to perform its obligations under Section 4.2 with respect to Global Development Plan activities, if any, in each case in accordance with this Agreement, and Licensee shall devote qualified personnel and other appropriate resources to such activities.

4.7 Records. Licensee shall prepare and maintain, or shall cause to be prepared and maintained, in conformity with standard pharmaceutical and biotechnology industry practices and the terms and conditions of this Agreement, complete and accurate written records, accounts, notes, reports and data (including Data) with respect to all development activities with respect to the Compound or Products in the Field in the Territory.

4.8 Regulatory Activities in the Territory. Subject to Section 4.9(b), Licensee shall be solely responsible for preparing, filing, obtaining and maintaining all Product Filings for Products in the Territory, [***] and shall be the sole holder of all Product Filings for Products in the Territory, provided that Licensee shall provide English translations of final drafts of the protocol synopsis and all key points for related INDs and the key points of MAAs to Dermavant for review and comment and shall consider Dermavant's comments thereon in good faith. Licensee shall promptly provide Dermavant with copies, and English summary descriptions, of all material documents, information and correspondence received from any Regulatory Authority in the Territory relating to Product or Compound and, at Dermavant's request, copies of any other documents, reports and communications from or to any such Regulatory Authority relating to Product or Compound. Further, the parties understand and agree that Dermavant may require Licensee to provide accurate English translations of certain material correspondence delivered to or received from the Regulatory Authorities in the Territory relating to Product or Compound (in addition to the English summary descriptions that Licensee is required to provide pursuant to the above) and the parties agree to work in good faith (through the JDC) to determine

an appropriate process for Dermavant to request and obtain any such translations from Licensee, taking into account the requirements of Dermavant and the burden and cost to Licensee in providing such translations. [***] incurred in connection with regulatory activities with respect to Product in the Field in the Territory, and Licensee shall have responsibility for all interactions with Regulatory Authorities in the Territory with respect to Product in the Field in the Territory and for all compliance filings, certificates, and safety reporting with respect to Product in the Field in the Territory. Licensee shall also obtain any approvals required by Regulatory Authorities in the Territory to import or export Product to or within the Territory.

4.9 Access to Regulatory Filings.

(a) Licensee shall promptly provide to Dermavant true and complete accurate English translations of all INDs and MAAs (to the extent newly generated by or on behalf of Licensee or its Affiliates or Sublicensees) for Product filed by or on behalf of Licensee or its Affiliates or Sublicensees with Regulatory Authorities in the Territory and all Regulatory Approvals received for Product from Regulatory Authorities in the Territory. Licensee hereby grants to Dermavant Rights of Reference to all such Product Filings for the purposes of: (i) obtaining and maintaining Regulatory Approvals for Compound and Product in the Dermavant Territory; (ii) obtaining and maintaining Regulatory Approvals for any product incorporating Compound (other than Product) in the Territory; (iii) the manufacture of Compound or Product for use or distribution anywhere in the world; and (iv) complying with applicable pharmacovigilance and other regulatory requirements with respect to the Product and activities described in the preceding clauses (i) through (iii). Without limiting the foregoing, if a certified English translation of any IND or MAA filed by or on behalf of Licensee in the Territory for the Product or Compound is reasonably necessary for Dermavant's regulatory purposes, then on Dermavant's written request, Licensee will, as soon as practicable seek and obtain such certified English translation, and provide such certified English translation to Dermavant, provided that Dermavant will be responsible for reimbursing Licensee for [***] of the costs reasonably incurred by Licensee in connection with obtaining such certified English translations, which amounts shall be paid by Dermavant within [***] following Dermavant's receipt of an invoice for any such undisputed amounts.

(b) Dermavant shall promptly provide to Licensee true and complete copies of all Product Filings for Product filed by or on behalf of Dermavant or its Affiliates or Sublicensees in the U.S. or with the European Medicines Agency (or any successor agency). Dermavant hereby grants to Licensee the Rights of Reference to all such Product Filings for the purposes of: (i) obtaining and maintaining Regulatory Approvals for Product in the Field in the Territory; (ii) manufacturing Product for use or distribution in the Field in the Territory under the Manufacturing License, following the grant of such Manufacturing License, if applicable, and (iii) complying with applicable pharmacovigilance and other regulatory requirements with respect to Product in the Territory.

(c) Each party shall, promptly upon request of the other party, file with applicable Regulatory Authorities such letters of authorization, access or cross-reference as may be necessary to accomplish the intent of this Section 4.9.

4.10 Global Safety Database; Pharmacovigilance; Adverse Event Reporting.

(a) Global Safety Database. As between the parties, Dermavant will hold, solely own and be solely responsible for maintaining the global safety database for Product.

(b) Safety Data and Exchange Agreement. No later than the anticipated date of commencement of the first clinical trial of Product in the Field in the Territory, the parties shall negotiate in good faith and enter into a safety data exchange agreement regarding the Product, which shall set forth standard operating procedures governing the collection, investigation, reporting, and exchange of information concerning adverse drug reactions/experiences sufficient to permit each party to comply with its regulatory and other legal obligations within the applicable timeframes. Such agreement's terms and conditions shall: (i) be no less stringent than U.S., Japan, and ICH guidelines, such that each party shall be able to comply with all regulatory and legal requirements regarding the management of safety data by providing for the exchange of relevant information in appropriate format within applicable timeframes, and (ii) provide Licensee with, at a minimum, the same level of access to Benvitimod safety data generated in any of China, Hong Kong and Taiwan as Dermavant is entitled to receive under its safety data exchange agreement with the Third Party that has the right to commercialize Benvitimod in China, Hong Kong and Taiwan, which in any case shall be sufficient to meet the requirements in the Territory. Subject to the foregoing, each party shall be responsible for monitoring all clinical experiences with respect to Product in the course of its own Product development activities and filing all required reports with respect thereto in its respective territory (*i.e.*, with respect to Licensee, in the Territory, and with respect to Dermavant, in the Dermavant Territory).

(c) Adverse Event Reporting. As between the parties: (i) Licensee shall be responsible for the timely reporting of adverse drug reactions/experiences, and safety data relating to Product to the appropriate Regulatory Authorities in the Territory; and (ii) Dermavant shall be responsible for reporting adverse drug reactions/experiences, and product safety data relating to Product to the appropriate Regulatory Authorities in the Dermavant Territory; in each case ((i) and (ii)) in accordance with Applicable Laws of the relevant countries and Regulatory Authorities. Each party shall use Commercially Reasonable Efforts to ensure that its Affiliates, licensees and sublicensees comply with such reporting obligations. Licensee shall promptly consult with Dermavant regarding all drug-related serious adverse event reports originating in the Territory and reasonably consider any input from Dermavant prior to finalizing serious adverse event reports for such events and/or making any submission to a Regulatory Authority regarding such events, to the extent practically possible.

4.11 Regulatory Cooperation. Each party shall use Commercially Reasonable Efforts to provide the other party with all reasonable assistance and take all actions reasonably requested by such other party, without changing the allocation of responsibilities set forth in this Article 4, that are necessary or desirable to enable: (a) Licensee to obtain and maintain Regulatory Approvals for Product in the Field in the Territory; and (b) Dermavant to obtain and maintain Regulatory Approvals for (i) any product that incorporates Compound in the Dermavant Territory; and (ii) any product that incorporates Compound (other than Product) in the Territory to the extent consistent with this Agreement. Each party further agrees to cooperate with any inspection by any Regulatory Authority relating to Product, including, but not limited to, any inspection prior to approval of an application for Regulatory Approval for Product.

4.12 Dermavant's Change of Control. In the event that Dermavant or its Affiliate undergoes a Change of Control with a Third Party [***].

4.13 Commercialization in the Territory. Subject to the terms and conditions of this Agreement, Licensee shall control and be solely responsible, [***] for marketing, promotion and commercialization of Product in the Field in the Territory.

5. PAYMENTS; PAYMENT REPORTS

5.1 Upfront License Payment. Within [***] after the later of (a) the Effective Date and (b) receipt from Dermavant of an appropriate invoice and all completed tax documents to file with tax authorities in Japan in order to reduce Dermavant's liability ("***Tax Documents***") for the amount payable to Dermavant under this Section 5.1, Licensee shall pay to Dermavant a non-refundable, non-creditable upfront payment in the amount of Sixty Million Dollars ($60,000,000) (the "***Upfront Payment***"). Without limiting the foregoing, Licensee shall initiate a wire transfer in the full amount of the Upfront Payment to Dermavant within [***] following the later of (i) the Effective Date and (ii) receipt from Dermavant of an appropriate invoice and Tax Documents for the amount payable to Dermavant under this Section 5.1, and shall provide notice to Dermavant immediately following the initiation of such transfer.

Within [***] upon receipt from Dermavant of an appropriate invoice and all completed Tax Documents for the relevant amount payable to Dermavant under this Section 5.2, Licensee shall pay to Dermavant the corresponding non-refundable,

non-creditable milestone payment set forth in such table (each, a "***Development Milestone Payment***"). Licensee will use Commercially Reasonable Efforts to achieve each Development Milestone Event:

Development Milestone Event	Development Milestone Payment (in Dollars)
[***]	[***]
[***]	[***]
[***]	[***]
[***]	[***]
[***]	[***]
[***]	[***]

Each Development Milestone Payment will be payable only one (1) time and, for the avoidance of doubt, no more than Fifty-Three Million United States Dollars ($53,000,000) in milestone payments shall be payable under this Section 5.2.

5.3 Product Transfer Price Payments for Commercial Supply of Product.

(a) Transfer Price. In consideration of Dermavant's commercial supply of Product to Licensee under the Commercial Supply Agreement, except as set forth in Section 5.4, and subject to any applicable reduction set forth in Section 5.5, Licensee shall pay to Dermavant a purchase price for Licensee's purchase of each unit of Product (the "***Product Transfer Price***") equal to:

(i) During the Initial Transfer Price Term, if applicable to such Product, the Cost of Goods for each such unit of Product *plus* a markup of [***];

(ii) During the Transfer Price Payment Term for such Product, the applicable Product Transfer Price percentage set forth in the table below of the annual Net Sales for such Product:

Annual Net Sales	Product Transfer Price Percentage
[***]	[***]
[***]	[***]
[***]	[***]
[***]	[***]

(iii) Following the expiration of Transfer Price Payment Term, for each such unit of Product, an amount equal to the Cost of Goods for each such unit of Product *plus* a markup of [***].

(b) Payment of Product Transfer Prices; Reports.

(i) Estimated Transfer Price during Transfer Price Payment Term. No later than [***] before the beginning of the calendar year in which Licensee is expected to file an MAA for a particular Product in the Territory (or, for the first Product in the Field in the Territory, no later than [***] before the end of the calendar year in which the First Commercial Sale has occurred) and each subsequent calendar year before the end of the Transfer Price Payment Term, Licensee shall calculate and report to Dermavant the estimated average per unit Net Sales for such Product in the Territory for such calendar year based on the expected Net Sales of the Product in the Territory (such estimated average per unit Net Sales shall be referred to the "***ENS***"). The ENS shall be calculated based on [***].

(ii) Initial Purchase Price Payments during Transfer Price Payment Term. For all units of Product delivered to Licensee in a given calendar month for commercial sale pursuant to the Commercial Supply Agreement, promptly after Dermavant delivers such Product to Licensee, Dermavant shall invoice Licensee an amount equal to the applicable Cost of Goods of the Product for such units, based on the applicable time period set forth in Section 5.3(a) during which the Product is being delivered (the "***Initial Purchase Price Payment***"). Licensee shall pay all undisputed amounts in such invoice no later than [***] after receipt of the invoice. In the event Licensee disputes one or more items in an invoice, Licensee will promptly notify Dermavant in writing and such notice shall contain a reasonably detailed description of the item(s) being disputed and the basis therefor. Dermavant will promptly respond to Licensee and the parties will use good faith efforts to promptly resolve the dispute. Amounts determined to be owed following resolution will be paid to Dermavant within [***] of resolution of the dispute.

(iii) Secondary Purchase Price Payments during Transfer Price Payment Term. No later [***] prior to the beginning of each calendar quarter during the Transfer Price Payment Term, Licensee shall provide Dermavant with the estimated portion of ENS to be sold in the applicable calendar quarter and Dermavant shall invoice Licensee an amount equal to [***] of the estimated Product Transfer Price (less the applicable COGS already paid or payable to Dermavant) based on such estimated portion of the ENS (the "***Secondary Purchase Price Payment***"). No later than [***] after receipt of an appropriate invoice, Licensee shall pay all undisputed amounts in such invoice. In the event Licensee disputes one or more items in an invoice, Licensee will promptly notify Dermavant in writing and such notice shall contain a reasonably detailed description of the item(s) being disputed and the basis therefor. Dermavant will promptly respond to Licensee and the parties will use good faith efforts to promptly resolve the dispute. Amounts determined to be owed following resolution will be paid to Dermavant within [***] of resolution of the dispute.

(iv) Transfer Price Reports and Reconciliation Payments during Transfer Price Payment Term. Within [***] after the end of each calendar quarter during which there are Net Sales of Product in the Territory, Licensee shall prepare and send to Dermavant a report stating: (a) the total amount of Net Sales of each Product during such calendar quarter, and the detailed and total deductions from gross amounts invoiced (or otherwise charged) to arrive at such Net Sales; (b) the sales in units of each Product and gross amounts invoiced for such sales, on a Product-by-Product basis during such calendar quarter; (c) the total amount of Product used as samples or as part of compassionate use, named patient use or indigent patient program (and specifying the total amount of Product used in each such way); (d) the total amount of Initial Purchase Price Payments paid by Licensee to Dermavant upon invoice (as provided above under Section 5.3(b)(ii)) for the delivery of such Products to Licensee; (e) a detailed description of the inventory of Product being held at by Licensee or its Affiliates or Sublicensees at the end of such calendar quarter; and (f) the total amount owed by Licensee to Dermavant, if any, taking into account the Initial Purchase Price Payment and the Secondary Purchase Price Payment already made to Dermavant. The parties agree that each of the quarterly reports to be provided by Licensee to Dermavant pursuant to this Section shall be broken down to report all gross invoiced sales and Net Sales on a Product-by-Product basis. Within [***] after the end of each calendar quarter during which there are Net Sales of Product in the Territory, Licensee shall pay Dermavant an amount equal to the following (provided that such following amount is a positive number): the sum of the applicable Product Transfer Prices for all units of Product sold during such calendar quarter, minus the sum of the applicable Initial Purchase Price Payments and Secondary Purchase Price Payments made for such units of Product based on the ENS (the portion of such payment attributable to each unit of Product, the "***Reconciliation Purchase Price Payment***"). For clarity, the parties acknowledge and agree that in any event for each unit of Product delivered by Dermavant to Licensee under the Commercial Supply Agreement and sold by Licensee, its Affiliates or its and their Sublicensees, to generate Net Sales, the Initial Purchase Price Payment for such unit of Product plus the Secondary Purchase Price Payment and the Reconciliation Purchase Price Payment for such unit of Product shall equal the Product Transfer Price for such unit of Product. [***].

(v) Payments and Invoicing for Products outside of Transfer Price Payment Term. For all units of Product delivered to Licensee in a given month for commercial sale pursuant to the Commercial Supply Agreement that are being supplied outside of the Transfer Price Payment Term, promptly after Dermavant delivers such Product to Licensee, Dermavant shall invoice Licensee an amount equal to the applicable Product Transfer Price for such units. Licensee shall pay all undisputed amounts in such invoice no later than [***] after receipt of the invoice. In the event Licensee disputes one or more items in an invoice, Licensee will promptly notify Dermavant in writing and such notice shall contain a reasonably detailed description of the item(s) being disputed and the basis therefor. Dermavant will promptly respond to Licensee and the parties will use good faith efforts to promptly resolve the dispute. Amounts determined to be owed following resolution will be paid to Dermavant within [***] of resolution of the dispute.

5.4 Royalty in Lieu of Product Transfer Price. In the event that Dermavant is no longer responsible for the supply of Product to Licensee under this Agreement or the Commercial Supply Agreement, Dermavant shall continue to receive an amount in royalty payments consistent with the applicable Product Transfer Price (taking into account the reasonable costs incurred by Licensee to manufacture or have manufactured the Product), which shall be negotiated and agreed in good faith by the parties for the period within the Transfer Price Payment Term. In the event that the parties are unable to agree upon the foregoing royalty payments within [***] following the initiation of discussions regarding the same, then either party may, by written notice to the other party refer the matter to the parties' respective Senior Executives for attempted resolution by good faith negotiation. If the Senior Executives are unable to agree upon such terms within [***] following the referral to such Senior Executives, then either party may, in its sole discretion, seek final resolution of such terms through binding "baseball" arbitration, as described in and pursuant to the procedures set forth in Section 12.5.

5.5 Transfer Price Reductions.

(a) Third Party Licenses. Subject to the remainder of this Section 5.5, and the rights and obligation of the parties set forth in Section 8.10, in the event that Licensee or its Affiliate or Sublicensee (as applicable) is required to obtain one or more licenses under any Patent of Third Parties that are necessary for the manufacture, approved use, sale, offer for sale or import of a given Product in the Territory (each a "***Third Party License***"), then [***] of the royalties actually paid by Licensee or such Affiliate or Sublicensee (as applicable) under such Third Party Licenses with respect to sales of such Product in the Territory in a given calendar quarter will be creditable against the Product Transfer Price payable by Licensee to Dermavant with respect to Product sold in such calendar quarter; *provided, however,* that in no event will the Product Transfer Price payable by Licensee to Dermavant hereunder with respect to any unit of Product sold during such calendar quarter be reduced to less than the Cost of Goods for such unit of Product *plus* a markup of [***]; *provided* further that if any calendar quarter Licensee cannot apply any of the reductions permitted under this Section 5.5(a) as a result of the foregoing [***] reduction limitation, then Licensee may carry over such amount to any subsequent calendar quarter and reduce the Product Transfer Price payment due for such calendar quarter, subject always to the restrictions of the Section 5.5(a) and, if applicable, Section 5.5(b).

(b) Equitable Price Reduction Discussion Right. If, prior to the expiration of Regulatory Exclusivity for a given Product in the Territory, (i) a Regulatory Authority in the Territory sets a Tax-adjusted Yakka Price for Product that is more than a [***] decrease of the price set at the time of the first Regulatory Approval for such Product in the Territory or (ii) a Regulatory Authority in the Territory sets an Tax-adjusted Yakka Price for Product that is equal to or lower than [***] per gram within [***] after the time of the First Commercial Sale for such Product in the Territory or (iii) the ratio of the Cost of Goods plus [***] to the total gross amounts amount billed or invoiced any Selling Party for sales or other dispositions of Products to Third Parties is equal to or more than [***] and in each case ((i) through (iii)), such event causes it to be no longer commercially viable for Licensee to continue development of or marketing Product in the Field in the Territory based on the Product Transfer Price payable under this Agreement, (an "***Adjustment Event***"), then upon either party's request, in an effort to allow Licensee to continue the development of or marketing Product in the Field in the Territory in a manner that is commercially viable for each party, both parties agree (x) in the event that the Adjustment Event (i) or (ii) above occurs, to discuss in good faith an equitable reduction of the 'Product Transfer Price Percentages' set forth in the table in Section 5.3(a)(ii) and the foregoing reduction limitation set forth in Section 5.5(a) and (y) in the event that the Adjustment Event (iii) above occurs, to discuss in good faith an equitable solution to address such Adjustment Event. For clarity, this Section 5.5 is intended only to facilitate good faith discussions between the parties following the occurrence of an Adjustment Event, and nothing in this Section 5.5 is intended to obligate or require either party agree to any adjustment, solution or reduction or modification of any rights or obligations of either party under this Agreement unless doing so is the outcome of the good faith discussions.

5.6 Exchange Rate; Manner and Place of Payment. Unless otherwise expressly stated in this Agreement, all payments to Dermavant under this Agreement shall be made by bank wire transfer in immediately available funds to an account designated in writing by Dermavant. Payments hereunder shall be considered to be made as of the day on which they are received by Dermavant's designated bank. Unless otherwise expressly stated in this Agreement, all amounts specified to be payable under this Agreement are in United States Dollars and shall be paid in United States Dollars. If any currency conversion shall be required in connection with the calculation of amounts payable hereunder, such conversion shall be calculated at the rate of exchange for such currency used throughout Licensee's accounting system in conformity with Accounting Standards for the calendar quarter for which payment is due. All payments owed under this Agreement shall be made by wire transfer to a bank and account in [***] designated in writing by Dermavant, unless otherwise specified in writing by Dermavant.

5.7 Late Payments. In the event that any payment due under this Agreement is not made when due, the payment shall accrue interest at a rate per annum that is [***] for the period from the due date for payment until the date of actual payment; *provided, however,* that in no event shall such rate exceed the maximum legal annual interest rate. The payment of such interest shall not limit Dermavant from exercising any other rights it may have as a consequence of the lateness of any payment.

5.8 Audits.

(a) Audit by Dermavant. Licensee shall keep, and shall cause its Affiliates and Sublicensees to keep, complete and accurate records pertaining to the sale or other disposition of Products in sufficient detail to permit Dermavant to confirm the accuracy of all payments due hereunder, for at least [***] following the end of the calendar year to which they pertain. Dermavant shall have the right, once annually, to cause an independent, certified public accountant reasonably acceptable to Licensee or its Affiliate or Sublicensee, as applicable, to audit such records to confirm Net Sales, the timing of achievement of Development Milestone Events, and any Product Transfer Price payments (including any Initial Purchase Price Payment, Secondary Purchase Price Payment or Reconciliation Purchase Price Payment) for a period covering not more than the preceding [***]. No records with respect to a particular calendar year shall be subject to audit under this section more than once. Such audits may be exercised during normal business hours upon reasonable prior written notice to Licensee or its Affiliate or Sublicensee, as applicable. The auditor will execute a reasonable written confidentiality agreement with Licensee or its Affiliate or Sublicensee, as applicable, and will disclose to Dermavant only such information as is reasonably necessary to provide Dermavant with information regarding any actual or potential discrepancies between amounts reported and actually paid and amounts payable under this Agreement, including the timing thereof. If such audit reveals that Licensee has failed to accurately report information pursuant to Section 5.3(b), or to make any payment (or portion thereof) when due under this Agreement, then Licensee, within [***] after receipt of the final audit report, shall pay to Dermavant any underpaid amounts due under this Agreement, together with interest on such underpaid or late amounts calculated in accordance with Section 5.7. [***] unless such audit discloses an underpayment by Licensee of more than [***] of the amount due for any calendar year under this Agreement, in which case [***]. If such audit discloses an overpayment by Licensee, then Licensee will deduct the amount of such overpayment from amounts otherwise owed to Dermavant under this Agreement or, to the extent such deduction is not available, Licensee may request (and Dermavant shall promptly provide) a refund of the overpaid amounts to Licensee, following its receipt of an invoice for any such undisputed overpaid amounts.

(b) Audit by Licensee for COGs. In addition to the provisions stipulated in Article 6, the Clinical Supply Agreement and the Commercial Supply Agreement, Dermavant shall keep, and shall cause its Affiliates to keep, complete and accurate records pertaining to the Cost of Goods of Compounds and/or Products in sufficient detail to permit Dermavant to confirm the accuracy of all payments (including internal costs and out-of-pocket expenses) due hereunder, for at least [***] following the end of the calendar year to which they pertain. Licensee shall have the right, once annually, to cause an independent, certified public accountant reasonably acceptable to Dermavant or its Affiliates, as applicable, to audit such records for a period covering not more than the preceding [***]. No records with respect to a particular calendar year shall be subject to audit under this section more than once. Such audits may be exercised during normal business hours upon reasonable prior written notice to Dermavant or its Affiliate, as applicable. The auditor will execute a reasonable written confidentiality agreement with Dermavant or its Affiliate, as applicable, and will disclose to Licensee only such information as is reasonably necessary to provide Licensee with information regarding any actual or potential discrepancies between amounts reported and actually paid and

amounts payable under this Agreement in relation to the Cost of Goods of Dermavant. If such audit reveals that there is any discrepancy in which Licensee has made an overpayment, such discrepancy shall be adjusted from the next payment under this Agreement without any interest. Licensee shall bear the full cost of such audit unless such audit discloses an underpayment by Licensee of more than [***] of the amount due for any calendar year under this Agreement, in which case Dermavant shall bear the full cost of such audit.

5.9 Taxes; Cooperation. The parties agree to cooperate with one another in accordance with Applicable Laws and use reasonable efforts to minimize Tax withholding or similar obligations in respect of payments made under this Agreement. The parties acknowledge and agree that under the current tax treaty between Japan and Switzerland in effect as of the Effective Date, the Upfront Payment, Development Milestone Payments, Product Transfer Price, and all other amounts payable by Licensee to Dermavant pursuant to this Agreement (each, a "***Payment***") shall [***] (collectively, "***Taxes***"); provided, however, if it is required by Applicable Laws to impose an obligation on Licensee to deduct or withhold Taxes directly from any amount paid to Dermavant, then Licensee will deduct or withhold the required amount and will timely pay the full amount deducted or withheld to the relevant governmental authority in accordance with the Applicable Laws, and [***]. Notwithstanding the foregoing, to the extent Licensee or its Affiliates [***]. In the event Applicable Laws require Taxes be deducted or withheld, Licensee will provide reasonable assistance and documentation to allow [***]. Each party will use reasonable efforts to provide the other with information requested by the other party that is required by the other party for the purpose of filing applicable tax returns.

6. MANUFACTURING AND SUPPLY

6.1 General. Subject to the terms and conditions of this Agreement, the Clinical Supply Agreement, the Commercial Supply Agreement and related quality agreements, including Section 2.2(b) with respect to any Licensee Formulation, Dermavant shall sell and supply, or cause to be supplied, to Licensee, and Licensee shall purchase exclusively from Dermavant: (a) all of Licensee's, its Affiliates' and its and their Sublicensees' requirements of Product for clinical and non-clinical trials and other development and registration activities in the Territory, as described

in additional detail in Sections 6.2 and 6.4; and (b) all of Licensee's, its Affiliates' and its and their Sublicensees' requirements of Product for commercial distribution in the Territory, as described in additional detail in Sections 6.3 and 6.4. Each party acknowledges that packaging and labeling requirements in the Territory may make it unduly burdensome, costly or otherwise impracticable for Dermavant to supply Product to Licensee in final packaged and labeled form, and that accordingly, the parties shall subsequent to the Effective Date determine the form of supply of the Products based upon Licensee's demonstrated commercial requirements and Dermavant's CDMO's capabilities; *provided*, that Dermavant shall have no obligation to supply Product to Licensee in final packaged or labeled form unless and until agreed to by Dermavant, and Licensee shall be responsible, [***] for any packaging and labeling of the Products (to the extent not otherwise conducted by or Dermavant) in accordance with the Applicable Laws in the Territory. In addition, in the event that any Development Services are requested by Licensee, Dermavant will use Commercially Reasonable Efforts to (i) in the case of Product manufactured by one or more Dermavant CDMOs, have perform of such Development Services (including supply of the Compound) pursuant to its agreement(s) with any such Dermavant CDMO, and (ii) in the case of Product manufactured by Dermavant or its Affiliate, perform or have perform such Development Services (including supply of the Compound); provided that, in each case ((i) and (ii)), and unless otherwise agreed by the parties, [***].

6.2 Clinical Supply. Dermavant shall manufacture, or have manufactured, and supply, or have supplied, to Licensee, Product for use in clinical and non-clinical trials and other development and registration activities with respect to Product in the Field in the Territory, in accordance with a clinical supply agreement to be negotiated in good faith and entered into by the parties as soon as practicable following the Effective Date (the "***Clinical Supply Agreement***"). The Clinical Supply Agreement shall be negotiated in good faith by the parties and shall be on commercially reasonable terms consistent with the terms of this Agreement and the Supply Terms set forth on **Exhibit B** hereto. In any event, the Clinical Supply Agreement shall be consistent with, and shall be designed to permit Dermavant to comply with its obligations under, Dermavant's corresponding supply agreement(s) with its Third Party CDMO(s) of Compound and Product ("***Dermavant CDMO(s)***"), and shall not impose on Dermavant obligations with respect to Product manufactured by any Dermavant CDMO that are in excess of such Dermavant CDMO's obligations to Dermavant with respect to Product. Further, and without limiting Section 6.1, the Clinical Supply Agreement will reflect the principles and terms set forth in Section 6.3(a) - 6.3(e) in each case, *mutatis mutandis*, and Section 6.4. On the reasonable request of Licensee, Dermavant will use reasonable efforts to attempt to negotiate with any of the Dermavant CDMOs responsible for manufacturing Product for supply pursuant to the Clinical Supply Agreement, in the event that Dermavant's agreement with such Dermavant CDMO prevents Licensee from fully exploiting its rights under the License, provided that Dermavant shall not be required to pay any amounts with respect to the same.

6.3 Commercial Supply. No later than [***] prior to the anticipated first NDA filing in the Territory for the Product, the parties shall negotiate in good faith and endeavor to enter into a separate written commercial supply agreement, pursuant to which, subject to this Sections 6.3 and Section 6.4, Dermavant will manufacture, or have manufactured, and supply, or have supplied, to Licensee, Product for commercial distribution in the Field and in the Territory (the

"***Commercial Supply Agreement***"). The Commercial Supply Agreement shall be negotiated in good faith by the parties and shall be on commercially reasonable terms consistent with the terms of this Agreement and the Supply Terms set forth on **Exhibit B** hereto. In any event, the provisions of the Commercial Supply Agreement shall be consistent with, and shall be designed to permit Dermavant to comply with its obligations under, Dermavant's corresponding supply agreement(s) with all Dermavant CDMOs, and shall not impose on Dermavant obligations with respect to Product manufactured by any Dermavant CDMO that are in excess of such Dermavant CDMO's obligations to Dermavant with respect to Product. On the reasonable request of Licensee, Dermavant will use reasonable efforts to attempt to negotiate with any of the Dermavant CDMOs responsible for manufacturing Product for supply pursuant to the Commercial Supply Agreement, in the event that Dermavant's agreement with such Dermavant CDMO prevents Licensee from fully exploiting its rights under the License, provided that Dermavant shall not be required to pay any amounts with respect to the same. Subject to, but without limiting the generality of, the foregoing, the Commercial Supply Agreement shall:

(a) obligate Licensee to order, purchase and pay for Product in certain minimum order quantities (which may be based on whole lots or batches);

(b) specify the lead time required for manufacture and supply of each batch or lot of Product;

(c) address such other matters as are customary for commercial supply agreements with respect to pharmaceutical products, such as forecasting requirements (including rolling forecasts with binding and non-binding portions), firm orders, procedures for order submission, delivery, acceptance and rejection, quality matters, regulatory matters, and, subject to the final paragraph of this Section 6.3, warranty;

(d) provide for the parties to enter into an appropriate quality agreement for Product in compliance with GMP and Applicable Laws in the Territory and local market standards; and

(e) the Commercial Supply Agreement shall not obligate Dermavant to provide any representations or warranties with respect to Product, or remedies for non-conforming Product, manufactured by any Dermavant CDMO beyond those representations, warranties and remedies provided by such Dermavant CDMO to Dermavant for such Product, and Dermavant shall be entitled to all disclaimers of warranties, limitations of liability and other limitations on liability to which such Dermavant CDMO is entitled with regard to supply of such Product, provided that all such representations, warranties and remedies provided by such Dermavant CDMO are either enforceable by Licensee or enforced by Dermavant for the benefit of Licensee. Dermavant shall have no obligation to amend or renegotiate any manufacturing and supply agreement with any Dermavant CDMO for Product existing at the Effective Date except to the extent necessary to obligate such Dermavant CDMO to manufacture such Product for use in the Territory; *provided*, that, to the extent the terms of any agreement between Dermavant and any Dermavant CDMO are insufficient to (a) permit the supply of the Product in the Field in the Territory in accordance with Applicable Law or (b) comply with local market standards in the Territory applicable to commercialization, then Dermavant will use Commercially Reasonable Efforts to amend such Dermavant CDMO agreements or make such other arrangements, in each case, as necessary to reasonably address such insufficiencies.

6.4 Supply Price. The transfer price for Product supplied by or on behalf of Dermavant (a) pursuant to the Clinical Supply Agreement shall be equal to [***] and (b) pursuant to the Commercial Supply Agreement shall be at [***]. Dermavant shall use Commercially Reasonable Efforts to reduce the Cost of Goods for Product; *provided*, that such obligation shall not require Dermavant to obtain supply of Product from a new CDMO.

6.5 Selection of a Contract Manufacturer. In the event that Dermavant plans to change the Dermavant CDMO after the Effective Date, Dermavant shall promptly notify Licensee and shall provide Licensee with any information reasonably requested by Licensee as well as to arrange site visits to evaluate such Dermavant CDMO.

6.6 Accreditation. Dermavant and Licensee acknowledge that, pursuant to Applicable Law, the manufacturing sites for the Compound and Product, including any test or storage facilities, are required to be accredited as of the time when Licensee files for Regulatory Approval for the Product in the Territory. In order to assist Licensee in obtaining Regulatory Approval for the Product in the Territory, Dermavant shall (i) cooperate reasonably with Licensee to apply for, or use Commercially Reasonable Efforts to cause Dermavant CDMOs to apply for, or (ii) permit Licensee to apply on Dermavant's behalf for, or use Commercially Reasonable Efforts to cause Dermavant CDMOs to permit Licensee to apply for, on their behalf, accreditation to the Regulatory Authorities in the Territory, prior to Licensee's anticipated date for the filing of a NDA for the Product in the Territory. In the case of application by Licensee on behalf of Dermavant and/or Dermavant CDMOs, Dermavant shall provide, and shall use Commercially Reasonable Efforts to cause Dermavant CDMOs to provide, Licensee with all documents and information available to Dermavant or Dermavant CDMOs and reasonably appropriate to support accreditation requested by the Licensee in a timely manner. In the event that Dermavant or the Dermavant CDMOs makes changes with respect to the following matters after the accreditation, Dermavant shall notify, or shall cause Dermavant CDMOs to notify, Licensee within [***] of the:

(a) name or address of the Person responsible for the manufacturing establishment;

(b) name of the executives responsible for the services;

(c) name of the manufacturing establishment;

(d) major part of buildings and facilities of the manufacturing establishment; and

(e) category and (deemed) accreditation number, when a foreign manufacturer obtains additional accreditations for another category, or discontinues operation of their accredited manufacturing establishment.

Certain confidential information contained in this document, marked by [***], has been omitted because Roivant Sciences Ltd. (the "Company") has determined that the information (i) is not material and (ii) would likely cause competitive harm to the Company if publicly disclosed.

7. CONFIDENTIALITY

7.1 Confidential Information. Except to the extent expressly authorized by this Agreement or otherwise agreed in writing by the parties, each party agrees that, during the Term and for [***] thereafter, such party (the "***Receiving Party***") shall keep confidential and shall not publish or otherwise disclose and shall not use for any purpose, other than as expressly provided for in this Agreement, any Information furnished to it by or on behalf of the other party (the "***Disclosing Party***") pursuant to this Agreement or under the Prior CDA, whether in written, oral, visual, electronic or other form ("***Confidential Information***"). The Receiving Party may use Confidential Information only to the extent required to accomplish the purposes of this Agreement. The Receiving Party shall use at least the same standard of care as it uses to protect proprietary or confidential information of its own, but no less than reasonable care, to ensure that its, and its Affiliates' and Sublicensees', employees, agents, consultants and other representatives ("***Representatives***") do not disclose or make any unauthorized use of the Confidential Information. The Receiving Party will promptly notify the Disclosing Party upon discovery of any unauthorized use or disclosure of the Confidential Information.

7.2 Exceptions. Confidential Information shall not include any information that the Receiving Party can prove by competent evidence: (a) is now, or hereafter becomes, through no act or failure to act on the part of the Receiving Party in breach of this Agreement, generally known or available to the public; (b) is known by the Receiving Party at the time of receiving such information, as evidenced by its records; (c) is hereafter furnished to the Receiving Party on a nonconfidential basis by a Third Party; or (d) is independently discovered or developed by the Receiving Party, independently of the activities undertaken by the Receiving Party pursuant to this Agreement and without the use of Confidential Information of the Disclosing Party, as evidenced by the Receiving Party's contemporaneously-maintained written records.

7.3 Authorized Disclosure. Each party may disclose Confidential Information of the other party as expressly permitted by this Agreement, or if and to the extent such disclosure is necessary in the following instances:

(a) filing or prosecuting Patents as permitted by this Agreement;

(b) enforcing such party's rights under this Agreement and performing its obligations under this Agreement;

(c) prosecuting or defending litigation as permitted by this Agreement;

(d) complying with applicable court orders or applicable laws, rules and regulations, or the listing rules of any exchange on which such party's securities are traded;

(e) in Product Filings that the Receiving Party has the right to file, or holds, as expressly set forth in this Agreement;

(f) disclosure to the Receiving Party's Affiliates, licensees and sublicensees/Sublicensees, potential licensees and sublicensees/Sublicensees, and to the Receiving Party's and its Affiliates' Representatives who, in each case, need to know such information in order for the Receiving Party to exercise its rights or fulfill its obligations under this Agreement,

provided, in each case, that any such Affiliate, actual or potential licensee or sublicensee/Sublicensee, or Representative agrees to be bound by terms of confidentiality and nonuse at least as restrictive as those set forth in this Article 7; and

(g) disclosure to Third Parties in connection with due diligence or similar investigations by such Third Parties, and disclosure to potential Third Party investors in confidential financing documents, provided, in each case, that any such Third Party agrees to be bound by reasonable obligations of confidentiality and non-use.

Notwithstanding the foregoing, in the event the Receiving Party is required to make a disclosure of the Disclosing Party's Confidential Information pursuant to Section 7.3(c) or 7.3(d), it will, except where impracticable, (i) give reasonable advance notice to the Disclosing Party of such disclosure, (ii) use efforts to secure confidential treatment of such information at least as diligent as the Receiving Party would use to protect its own confidential information, but in no event less than reasonable efforts, and (iii) cooperate with any efforts by the Disclosing Party, at the [***] to secure confidential treatment of such Confidential Information. Disclosure by the Receiving Party of Confidential Information in accordance with any of the foregoing provisions of this Section 7.3 shall not, in and of itself, cause the information so disclosed to cease to be treated as Confidential Information under this Agreement, except to the extent that, by virtue of disclosure by the Receiving Party in full compliance with this Section 7.3, such information becomes generally known or available.

7.4 Confidentiality of this Agreement. Except as otherwise provided in this Article 7, each party agrees not to disclose to any Third Party the terms of this Agreement without the prior written consent of the other party hereto, except that each party may disclose the terms of this Agreement that are otherwise made public as contemplated by Section 7.5 or to the extent such disclosure is permitted under Section 7.3.

7.5 Public Announcements.

(a) The parties will agree on the content and form of the expected press release from each party and will coordinate to the extent reasonably practicable, the timing of the initial press releases in order to accomplish the same promptly upon execution and delivery of this Agreement. Except to the extent already disclosed in a press release or other public communication issued in accordance with this Agreement, no public announcement concerning this Agreement, its subject matter or the transactions described herein shall be made, either directly or indirectly, by either party or its Affiliates, except as may be required, in the good faith discretion of such party's counsel, by Applicable Law (including disclosure requirements of the U.S. Securities and Exchange Commission (*"**SEC**"*) or the Tokyo Stock Exchange), judicial order, or stock exchange or quotation system rule without first obtaining the approval of the other party and agreement upon the nature, text and timing of such announcement, which approval and agreement shall not be unreasonably withheld or delayed. The party desiring to make any such voluntary public announcement shall provide the other party with a written copy of the proposed announcement in reasonably sufficient time prior to public release to allow the other party to comment upon such announcement, prior to public release. In the case of press releases or other public communications required to be made by law, judicial order or stock exchange or quotation system rule, the party making such press release or public announcement shall provide to the other

party a copy of the proposed press release or public announcement in written or electronic form upon such advance notice as is practicable under the circumstances for the purpose of allowing the notified party to review and comment upon such press release or public announcement. Under such circumstances, the releasing party shall not be obligated to delay making any such press release or public communication beyond the time when the same is required to be made. Neither party shall be required to seek the permission of the other party to repeat any information regarding the terms of this Agreement or any amendment hereto that has already been publicly disclosed by such party or by the other party in accordance with this Section 7.5(a); *provided* that such information remains accurate as of such time and provided the frequency and form of such disclosure are reasonable.

(b) Each party may make public statements regarding this Agreement in response to questions by the press, analysts, investors or those attending industry conferences or financial analyst calls, *provided* that any such public statement or press release: (i) is not inconsistent with prior public disclosures or public statements made in accordance with Section 7.5(a) or as permitted by Section 7.3; and (ii) does not reveal (A) information regarding the terms of this Agreement that have not previously been disclosed in accordance with Section 7.5(a) or as permitted by Section 7.3 or (B) non-public information about the other party.

(c) The parties shall reasonably coordinate in advance with each other in connection with the filing of this Agreement (including redaction of certain provisions of this Agreement) with the SEC or other governmental agency or any stock exchange on which securities issued by a party or its Affiliate are traded. Each party shall use reasonable efforts to seek and obtain confidential treatment for the provisions of this Agreement that the parties mutually agree to redact from such filing; provided that each party shall ultimately retain ultimate discretion to disclose such information to the SEC or any stock exchange or other governmental agency (as the case may be) as such party determines, based on advice of legal counsel, is required to be so disclosed. Except as expressly set forth in this Article 7, neither party (or its Affiliates) shall be obligated to consult with or obtain approval from the other party with respect to any filings with the SEC or any stock exchange or other governmental agency where such filings do not disclose Confidential Information of the other party.

7.6 Publications. Each party recognizes that the publication of scientific and medical papers regarding results of and other information regarding Products, including oral presentations and abstracts, may be beneficial to both parties provided such publications are subject to reasonable controls to protect Confidential Information. Accordingly, a party shall have the right to review and comment on any material proposed for disclosure or publication by the other party, such as by oral presentation, manuscript or abstract, relating to the development, manufacture or commercialization Products and/or that includes Confidential Information of the other party. Before any such material is submitted for publication or disclosure (other than oral presentation materials and abstracts, which are addressed below), the party proposing publication shall deliver a complete copy to the other party at least [***] days prior to the earlier of submitting the material to a publisher or initiating such other disclosure, and such other party shall review any such material and give its comments to the party proposing publication within [***] of the delivery of such material to such other party. With respect to oral presentation materials and abstracts, the party proposing publication shall deliver a complete copy to the other party at least [***] prior to the anticipated date of the presentation, and such other party shall make

reasonable efforts to expedite review of such materials and abstracts, and shall return such items as soon as practicable to the party proposing publication with appropriate comments, if any, but in no event later than [***] from the date of delivery to the non-publishing party. The publishing party shall comply with the other party's request to delete references to the other party's Confidential Information in any such material and agrees to delay any submission for publication or other public disclosure for a period of up to an additional [***] for the purpose of preparing and filing appropriate patent applications. Notwithstanding the foregoing, if the party proposing to make a publication under this Section 7.6 is Dermavant, then it shall only be required to provide newly generated and non-published Information related to the Product in the Field to Licensee for review and comment in accordance with this Section 7.6. For clarity, this Section 7.6 is intended to set forth the procedures for scientific and medical presentations and publications, and other public disclosures (e.g., press releases, investor presentations and the like) are addressed in Section 7.3 and Section 7.5 hereof.

8. INTELLECTUAL PROPERTY

8.1 Ownership and Assignments.

(a) Inventions. Except as expressly set forth in this Agreement, (i) each party will own all rights, title, and interests in and to any and all Information or Inventions made solely by or on behalf of such party or its Affiliates in connection with the performance of such party's activities under this Agreement and any Patents claiming any such Information or Inventions, and (ii) the parties will jointly own any jointly generated Information and all Joint Inventions or Joint Patents. Notwithstanding the foregoing, Dermavant will solely own all Assigned Dermavant Collaboration Technology. All determinations of inventorship under this Agreement will be made in accordance with U.S. patent law.

(b) Disclosure. Each of Dermavant and Licensee will promptly disclose to the other party (through the JPC) all material Information or Inventions within the Joint Inventions, Assigned Dermavant Collaboration Know-How, the New Indication Know-How, or the LCM Research Know-How or the Combination Research Know-How prior to the filing of any patent application with respect to such Inventions, including all invention disclosures or other similar documents submitted to such party by its or its Affiliates' employees, agents, or independent contractors relating thereto. Each party will also promptly respond to reasonable requests from the other party for additional information relating thereto.

(c) Assignment. Licensee will and hereby does assign to Dermavant all of Licensee's rights, title, and interests in and to any Assigned Dermavant Collaboration Technology, and Dermavant hereby accepts such assignment. Licensee will take (and cause its Affiliates and Sublicensees, and their respective employees, agents, and contractors to take) such further actions reasonably requested by Dermavant to evidence such assignment and to assist Dermavant in obtaining Patents and other intellectual property protection for any Inventions within the Assigned Dermavant Collaboration Technology as set forth in Section 8.3. If Licensee is unable to assign any Assigned Dermavant Collaboration Technology as set forth in this Section 8.1(c), then Licensee hereby grants and agrees to grant to Dermavant a royalty-free, fully paid-up, worldwide, exclusive (even as to Licensee and its Affiliates), perpetual, irrevocable license (with the right to grant sublicenses through multiple tiers) under such Assigned Dermavant Collaboration

Technology for any and all purposes, subject to the terms and conditions of this Agreement (including the grant of the License to Licensee). For clarity, Licensee will not file any Patents claiming any Invention within the Assigned Dermavant Collaboration Technology unless the JPC unanimously provides consent to such filing.

(d) Discussion on Ownership of Combination Research Patents and certain LCM Research Patents. Dermavant and Licensee shall meet in good faith at the JPC and shall agree on the allocation of rights to intellectual property, including the ownership of Patents generated in connection with such research and development in advance of any commencement of any JSC agreed (i) Approved Combination Research contemplated by Section 4.4(a) or (ii) LCM Research that Dermavant has elected to participate in and co-fund pursuant to Section 4.4(c)(i).

8.2 Patent Prosecution and Maintenance. For purposes of this Section 8.2, the terms "prosecution" and "maintenance" (including variations such as "prosecute" and "maintain") shall mean, with respect to a Patent, the preparation, filing, prosecution (including conducting all correspondence and interactions with any patent office and seeking, conducting and defending all any interferences, inter partes reviews, reissue proceedings, reexaminations, and oppositions and similar proceedings) and maintenance (including payment of any patent annuity fees) of such Patent, as well as re-examinations, reissues, appeals, post grant reviews (PGR), inter partes reviews (IPR) and requests for patent term adjustments, patent term extensions, supplementary protection certificates, or their equivalents with respect to such Patent, together with the initiation or defense of interferences, oppositions and other similar proceedings with respect to the particular Patent, and any appeals therefrom. For clarification, "prosecution" and "maintenance" (including variations such as "prosecute" and "maintain") shall exclude any enforcement action with respect to a Patent.

(a) Dermavant Patents.

(i) Dermavant Patents (including Assigned Dermavant Collaboration Patents). [***] shall have the first right, but not the obligation, to prosecute and maintain Dermavant Patents in the Territory, using counsel of its own choice, at [***]. [***] shall keep [***] reasonably informed (through the JPC) of progress with regard to the prosecution and maintenance of any such Patents in the Territory. In addition, [***] shall promptly provide [***] (through the JPC) with drafts of all proposed substantive filings and correspondence to any patent authority to the extent related to any such Patents in the Territory for [***] review and comment prior to the submission of such proposed filings and correspondence. In such case, at [***] sole discretion, upon written notice to [***] from [***] may elect to continue the prosecution and maintenance of any such Joint Patent, [***] and by counsel of its own choice.

(c) Licensee Patents. [***] shall have the first right, but not the obligation, to prosecute and maintain Licensee Patents in the Territory and outside the Territory, using counsel of its own choice, [***]. [***] shall keep [***] reasonably informed (through the JPC) of progress with regard to the prosecution and maintenance of any such Patents. (d) Combination Patents. Notwithstanding the foregoing, the parties (through the JPC) shall determine the prosecution and maintenance rights with respect to Patents covering Inventions arising from any Approved Combination Research, as set forth in Section 4.4(a) inside and outside of the Territory, prior to the commencement of any such Approved Combination Research.

8.3 Cooperation of the Parties. Each party agrees to cooperate fully in the preparation, filing, prosecution and maintenance of the Dermavant Patents and Joint Patents pursuant to Section 8.2 (through the JPC or as otherwise agreed by the parties). Such cooperation

includes, but is not limited to: (a) executing all papers and instruments, or requiring its employees or contractors, to execute such papers and instruments, so as to effectuate the ownership of Inventions as set forth in Section 8.1, and Patents claiming or disclosing such Inventions, and as to enable the other party to apply for and to prosecute patent applications in any country as permitted by Section 8.2, and (b) promptly informing the other party of any matters coming to such party's attention that may affect the prosecution and maintenance of any such patent applications.

8.4 Third Party Infringement.

(a) Notice; Procedures. Each party shall notify the other (through the JPC) within [***] of becoming aware of any alleged or threatened infringement by a Third Party of (i) Dermavant Patents, (ii) Joint Patents, or (iii) Licensee Patents, in each case, which infringement of such Patents, in each case of (i)-(iii), adversely affects or is expected to adversely affect any Product in Field in or outside the Territory, and, in each case of (i)-(iii), any related declaratory judgment or equivalent action alleging the invalidity, unenforceability or non-infringement of such Patents (collectively "***Product Infringement***"). For clarity, any Product Infringement excludes those adversarial proceedings which are addressed in Section 8.2.

(b) Enforcement Rights.

(i) Dermavant Patents in the Territory. As between the parties [***] shall have the first right to bring and control any legal action to enforce any Dermavant Patents (including Assigned Dermavant Collaboration Patents) against any Product Infringement in the Territory, [***] as it reasonably determines appropriate, and [***] shall consider in good faith the interests of [***] in such enforcement of any such Patents. If [***] or its designee fails to file an action to abate any Product Infringement in the Territory within [***] after a written request from [***] to do so, or if [***] discontinues the prosecution of any such action after filing without abating such infringement, then [***] shall have the right to enforce any Dermavant Patents against the relevant Product Infringement in the Territory, [***] as it reasonably determines appropriate, provided that [***] shall not enter into any settlement admitting the invalidity of, or otherwise impairing, any Dermavant Patent without the prior written consent of [***].

(ii) Joint Patents. If either party becomes aware of any alleged or threatened infringement by a Third Party of any Joint Patent inside or outside of the Territory (whether such infringement is a Product Infringement or not), then such party will so notify the other party, and the parties will promptly confer and determine (through the JPC) (1) whether to bring such an enforcement action against such Third Party, (2) the strategy to be employed in connection with any such action, or (3) the manner in which to settle such action. Unless otherwise agreed, [***] shall have the first right but not the obligation, to bring, [***] such enforcement action of a Joint Patent in the Territory and [***] shall have the first right but not the obligation, to bring, [***] such enforcement action of a Joint Patent outside of the Territory, with the other party having a back-up right if the enforcing party or its designee fails to file an action to abate such infringement within [***] after a written request from Licensee to do so. The party not bringing an action under this Section 8.4(b)(ii) will be entitled to separate representation in such proceeding

by counsel of its own choice and [***] and will cooperate fully with the party bringing such action: provided, however, that the enforcing party shall not enter into any settlement admitting the invalidity of, or impairing, any interest in the other party's Patent, or otherwise negatively affect the other party's interest without the prior written consent of the other party. [***]. Notwithstanding the foregoing, each party will discuss any such action it intends to bring with respect to any Joint Patent, and will not take any substantive position in any such enforcement proceeding or take any action in such enforcement proceeding that the other party believes in good faith would have the potential to adversely affect or limit the scope, validity or enforceability of any claim in of any Dermavant Patent or any Licensee Patent that is necessarily infringed by the practice of the relevant Joint Patent or that would put such Dermavant Patent or Licensee Patent at material risk in such proceeding (*e.g.* based on the merits of any potential counterclaim, invalidity defense or otherwise). If the parties (thorough the JPC) cannot agree on whether an action or position with respect to a Joint Patent is acceptable, then, following an attempted resolution by the JSC, as contemplated in Section 3.4, either party shall have the right to refer the matter to the parties' respective Senior Executives for attempted resolution by good faith negotiation for at least thirty (30) days, and unless the Senior Executives agree, the enforcing party shall not take any the relevant action or position on which the parties could not agree.

(iii) Licensee Patents. As between the parties, [***] shall have the first right to bring and control any legal action to enforce any Licensee Patents against any Product Infringement inside and outside of the Territory, [***] as it reasonably determines appropriate, and [***] shall consider in good faith the interests of [***] in such enforcement of any such Patents. If [***] or its designee fails to file an action to abate any Product Infringement inside or outside the Territory within [***] after a written request from [***] to do so, or if [***] discontinues the prosecution of any such action after filing without abating such infringement, then [***] shall have the right to enforce any Licensee Patents against the relevant Product Infringement inside or outside of the Territory, as applicable, [***] as it reasonably determines appropriate, provided that [***] shall not enter into any settlement admitting the invalidity of, or impairing, any Licensee Patent or otherwise negatively affect [***] interest without the prior written consent of [***].

(iv) Combination Patents. Notwithstanding the foregoing, the parties (through the JPC) shall determine the notice and enforcement rights with respect to Patents covering Inventions arising from any Approved Combination Research, as set forth in Section 4.4(a) inside and outside of the Territory, prior to the commencement of any such Approved Combination Research.

(c) Cooperation. In the event a party brings an infringement action in accordance with this Section 8.4 (such party, the "***Enforcing Party***"), the other party shall cooperate fully, including, if required to bring such action, the furnishing of a power of attorney or being named as a party. The Enforcing Party shall not enter into any settlement or compromise of any action under this Section 8.4: (i) in a manner that would diminish the rights or interests of the other party without the written consent of such other party, which shall not be unreasonably withheld; or (ii) that would impose any cost or liability on the other party, or admit the invalidity or unenforceability of any Patent Controlled by the other party, without such other party's prior written consent, which may be withheld in such other party's sole discretion.

(d) Recovery. Except as otherwise agreed by the parties in connection with a cost-sharing arrangement, any recovery as a result of any action or proceeding pursuant to Section 8.4(b), whether by way of settlement or otherwise, shall [***]:

Except as otherwise provided in Article 10, (a) [***] shall have the sole right to control any defense of any such claim involving alleged infringement of Third Party rights by [***] activities [***] and by counsel of its own choice, and [***] shall have the right, [***] to be represented in any such action by counsel of its own choice if such intellectual property rights pertain to the Territory and (b) [***] shall have the sole right to control any defense of any such claim involving alleged infringement of Third Party rights by [***] activities at its own expense and by counsel of its own choice, and [***] shall have the right, [***] to be represented in any such action by counsel of its own choice. 8.6 Registration of Exclusive License (Senyo-Jisshiken). Dermavant shall reasonably support Licensee in obtaining registration under the name of Licensee in the Territory of the exclusive license granted to Licensee under this Agreement (except with respect to the right to make, have made Products or use them for non-clinical development in the Territory) as a "Senyo Jisshiken" in accordance with Article 77 of the Japanese Patent Law immediately after the Effective Date with respect to Dermavant Patents already issued or within [***] after issuance or registration of the relevant Dermavant Patents in the Territory. Licensee shall cooperate with Dermavant in deleting such Senyo Jisshiken registration immediately upon expiration of the Term or termination of the Agreement.

8.7 Patent Extension. Upon request by Licensee, Dermavant shall reasonably cooperate (including by filing any applications), [***] to extend the term of any patent within the Dermavant Patents in the Territory, provided that Dermavant will not be required to file any such extension if it has (and presents to Licensee) a reasonable business rationale for such refusal, in which case Dermavant and Licensee shall discuss in good faith.

8.8 Patent Marking. Licensee shall mark (or cause to be marked) Product marketed and sold hereunder with appropriate Dermavant Patent and Joint Patent numbers or indicia to the extent required by Applicable Laws.

8.9 Trademarks.

(a) Product Trademark. Dermavant shall select, after consultation with Licensee, a Product-specific trademark that it would like to be used in connection with the marketing and sale of Products in both the Territory and the Dermavant Territory (the *"**Dermavant Product Trademark(s)**"*), and it may select certain distinctive colors, logos, images, symbols, and trademarks used by Dermavant or its other licensees or partners in connection with the commercialization of Products on a global basis (such branding elements, collectively, the "***Global Brand Elements***"). The parties acknowledge that it is likely to be mutually beneficial to adhere to a global branding strategy for Products both inside and outside of the Territory, and the parties will endeavor (through the JSC) to agree on and adhere to such branding strategy, including with respect to the use of trademarks for Product in the Territory (the "***Product Marks***").

(i) If Licensee intends to use any Product Marks in lieu of the Dermavant Product Trademark, then, prior to such use Licensee shall provide Dermavant with a reasonable opportunity to review and provide comments on each proposed Product Mark, shall give due consideration to Dermavant's comments before selecting any Product Mark, and shall not use (1) any trademarks or house marks of Dermavant or any trademark confusingly similar thereto or (2) any trademarks, logos, or trade names in connection with the commercialization of the Product in the Territory that are not consistent with the Global Brand Elements, in each case of (1) and (2), without Dermavant's prior written consent.

Licensee shall not use (or license to an Affiliate or Third Party) the Dermavant Product Trademark or Global Brand Elements in connection with any product other than Product, nor shall Licensee use (or cause or permit any Affiliate or Sublicensee to use) the Dermavant Product Trademark or Global Brand Elements outside of the Territory. Licensee shall be responsible for the failure by its Affiliates and Sublicensees to comply with this Section 8.9, including all relevant restrictions, limitations and obligations. Licensee shall obtain Dermavant's approval prior to the first use of the Dermavant Product Trademark in any Product labeling or packaging, such approval not to be unreasonably withheld, conditioned or delayed if the Dermavant Product Trademark is used in a manner that is consistent with Dermavant's reasonable usage guidelines for the Dermavant Product Trademark in the Dermavant Territory. If [***] wishes to abandon the Dermavant Product Trademarks in the Territory, then, prior to abandonment, [***] shall notify in writing [***] at least [***] in advance of any statutory bar or other deadline that would result in loss of such Dermavant Product Trademark. Following such notification, [***] may, at its option, notify [***] in writing that it is electing to undertake the filing, prosecution, defense and maintenance of such to-be-abandoned Dermavant Product Trademark, unless the maintenance of such trademark would be inconsistent with applicable laws or otherwise detrimental to the activities of [***] outside of the Territory. The cost of any enforcement action for the Dermavant Product Trademark brought by [***] shall be borne by [***]. If [***] uses a Product Mark instead of the Dermavant Product Trademark in the Territory, Licensee shall control the enforcement of the Product Mark in the Territory [***]. [***].

3.5 The Purchaser shall pay to GSK (or its nominated Affiliate) such fees, costs, expenses, payments and other sums as may be specified in a Scope of Work. In the event that the Scope of Work does not provide for the payment of fees, costs, expenses, milestone payments or other sums, the Purchaser shall reimburse to GSK (or its nominated Affiliate) all costs and expenses incurred in respect of the Development Services undertaken pursuant to such Scope of Work, provided that such costs and expenses are agreed in advance by the Parties.

Either Party may propose a Scope Change, but no Scope Change shall be implemented without the prior written agreement of the other Party. 9.5 In the event that discussion is required regarding the timing of Manufacture and Delivery of any Firm Order (or any adjustment to the quantities set forth in the Firm Order), the relevant planning personnel from both Parties will use reasonable endeavours to agree and confirm any necessary changes to the Firm Order concerned and to the Forecast Schedule. Notwithstanding the foregoing, GSK shall have no obligation to agree to any production schedule or Delivery timetable which would exceed GSK's (or the Nominated Manufacturer's) anticipated capacity or otherwise present an unreasonable interference with GSK's (or the Nominated Manufacturer's) other operations, including any current operational processes (including shift patterns), or allocation of manufacturing capacity.

9.6 GSK shall use Commercially Reasonable Efforts during Working Hours to satisfy any changes in quantity, Delivery phasing or Delivery dates requested by the Purchaser in respect of a Firm Order or any additional order, provided that:

(A) the Purchaser shall [***] in the event it is able to meet such change; and

(B) without prejudice to Clause 9.6(A), if the Purchaser wishes to reduce the quantities of Product in any Firm Order and GSK (or the Nominated Manufacturer) agrees to such reduction, the Purchaser shall in any event [***]

[***].

9.7 It is understood that without prejudice to Clause 18 (*Write Offs*), the remaining [***] of each Forecast Schedule (i.e., the period after the Firm Zone) constitutes an estimate of the future Product requirement of the Purchaser and does not comprise a specific purchase requirement or a commitment by the Purchaser to purchase such Product (except as otherwise provided in this Agreement). It is further understood that each such Forecast Schedule does not constitute a commitment by GSK to Manufacture or supply such Product.

9.8 Each Party shall notify the other in writing with the name of a technical manager who will be responsible for dealing with all day-to-day operational matters relevant to this Agreement. Unless otherwise agreed between the Parties, the technical managers and other appropriate representatives from each Party shall endeavour to meet no less than once every Calendar Quarter to discuss the forecasts delivered by Purchaser pursuant to this Agreement and other matters relevant to the Manufacture and supply of Products under this Agreement. The Purchaser shall provide to GSK at such meetings all readily available and appropriate data relating to the Products or the Purchaser's prospective demands and trends for the Products.

9.9 The provisions of this Clause 9 (*Product Forecasts and Orders*) are subject to the provisions of Clause 24 (*Capacity Constraints*) in the event that an Allocation is required to be made.

10. DELIVERY OF PRODUCT

10.1 Subject to Clause 24 (*Capacity Constraints*), GSK (or the Nominated Supplier) shall Deliver the Products on the date specified in the relevant Firm Order, provided that:

(A) the quantity of Product Delivered by GSK may vary by [***] from the quantity specified in the relevant Firm Order; and

(B) the date of Delivery may vary by [***] from the date specified in the relevant Firm Order,

and such variance shall not constitute a breach of this Agreement by GSK or entitle the Purchaser to reject such Delivery. Delivery of New Clinical API, New Clinical Products and New Clinical Placebo shall take place following release by GSK of such Products in accordance with (and the extent required by) the Quality Agreement.

10.2 In respect of Existing Clinical API and (if applicable) New Clinical API, the Parties may agree that some or all of the quantities of such Existing Clinical API or New Clinical API Delivered pursuant to Clause 10.1 shall remain in the possession of GSK or its Affiliate on consignment.

10.3 Subject to paragraph 2 of Schedule 3 (*Toll Manufacturing Provisions*), the risk in and title to the Existing Clinical Products, Existing Clinical Placebo, New Clinical Products and New Clinical Placebo shall remain with GSK (or its Affiliate) until Delivered, at which point it shall pass to the Purchaser. Title to Existing Clinical API and New Clinical API (if applicable) shall pass to the Purchaser when such Existing Clinical API or New Clinical API is purchased by Purchaser, but risk in such Existing Clinical API and New Clinical API shall remain with GSK in accordance with Clause 7.5 for so long as such Existing Clinical API or New Clinical API is in GSK's possession as Purchaser Materials.

10.4 Other than in respect of Existing Clinical API or New Clinical API that the Parties agree shall be retained by GSK on consignment, the Purchaser shall collect the Products Delivered from the Manufacturing Site on the date of Delivery, or such date as GSK, the Nominated Supplier or the Nominated Manufacturer may notify to the Purchaser from time to time.

11. PRICE

11.1 The Purchaser shall pay:

(A) the applicable Price (as determined in accordance with this Clause 11 (*Price*)) for Products supplied under this Agreement;

(B) the fees in respect of Development Services supplied under this Agreement as set forth in (or determined in accordance with) the applicable Scope of Work;

(C) the fees payable in respect of any Technology Transfer undertaken pursuant to this Agreement (except as otherwise expressly set forth in this Agreement); and

(D) any Storage Fee and/or Safety Stock Fee payable pursuant to this Agreement.

11.2 The Price and other fees payable pursuant to this Agreement shall be exclusive of Sales Tax imposed on or with respect to such payments, which the Purchaser shall pay in addition to the Price or other fee upon presentation by GSK of a valid Sales Tax invoice.

11.3 The Price for the Existing Clinical API, Existing Clinical Product, and Existing Clinical Placebo shall be that specified in Schedule 1, which reflects GSK's fully allocated CoGs of Manufacturing such Existing Clinical API, Existing Clinical Product, and Existing Clinical Placebo plus a margin (which is no greater than the margin applied for the Manufacture of New Clinical API, New Clinical Products, and New Clinical Placebo).

11.4 The Price for the New Clinical API shall be equal to the API Base Cost [***] and the Price for New Clinical Products and New Clinical Placebo shall be equal to the Product Base Cost [***], as further detailed in Schedule 1.

11.5 The CoGs and LAV on the basis of which the API Base Cost and Product Base Cost are respectively based shall be reviewed annually and thereafter fixed on an annual basis for each Calendar Year. For the Calendar Year in which the Effective Date falls, the LAV, Product Base Cost and Price in respect of New Clinical Product and New Clinical Placebo shall be as specified in Schedule 1. The Parties acknowledge and agree that no New Clinical API will be required to be Manufactured during such Calendar Year.

11.6 At least [***] prior to the end of each Calendar Year, GSK shall notify the Purchaser of the Price for New Clinical Product and New Clinical Placebo and the LAV and Base Product Cost on the basis of which such Price shall be calculated during the following Calendar Year. Insofar as the Manufacture of any New Clinical API is anticipated to be required during such Calendar Year pursuant to Clause 2.2(A), the provisions of this Clause 11.6 shall apply *mutatis mutandis* in respect of such New Clinical API and the CoGs, API Base Cost and Price thereof. LAV (and, if applicable, CoGs) shall be determined on the basis of the volumes of New Clinical Product and New Clinical Placebo (and, if applicable, New Clinical API) then forecast for the relevant Calendar Year.

11.7 The Parties shall meet at least [***] before the end of each Calendar Year during the Term to discuss the LAV, CoGs (if applicable), Base Product Cost, Base API Cost (if applicable) and Prices notified in respect of the following Calendar Year pursuant to Clause 11.6. The LAV for New Clinical Products and New Clinical Placebo (and, if applicable, the CoGs for New Clinical API) for each subsequent Calendar Year shall be finalized by [***] of the then-current Calendar Year on the basis of the volume forecast supplied by the Purchaser for the subsequent Calendar Year.

11.8 If the Purchaser disputes the LAV and/or CoGs notified pursuant to Clause 11.6 and such dispute cannot be resolved through the discussions held pursuant to Clause 11.7, the Purchaser may, by notice in writing given not later than [***] of the then-current Calendar Year, require that an Independent Expert be permitted to verify the applicable CoGs and/or LAV. If the Purchaser so requires, then:

(A) the Independent Expert shall not be permitted to disclose to the Purchaser any of the data relating to GSK's costs;

(B) if the Independent Expert determines that GSK has correctly determined the relevant CoGs or LAV, and has determined such CoGs or LAV in a manner consistent with that used in determining the standard cost of other products manufactured for GSK, its Affiliates and Third Parties, the Prices notified by GSK shall apply and the Purchaser shall bear the fees of such Independent Expert; and

(C) if the Independent Expert determines that GSK has not correctly determined the relevant CoGs or LAV, or has not determined such CoGs or LAV in a manner consistent with that used in determining the standard cost of products manufactured for GSK, its Affiliates and Third Parties, the Independent Expert shall determine the applicable CoGs or LAV, the Prices in respect of the relevant Calendar Year shall be determined on that basis and GSK shall bear the fees of the Independent Expert,

provided that, for the avoidance of doubt, the Parties acknowledge that the prices actually charged to GSK, its Affiliates or Third Parties in respect of other products may not be determined by reference to the standard cost of manufacturing such products in the same way as Prices are determined under this Agreement on the basis of CoGs and LAV and the assessment undertaken by the Independent Expert shall not consider the manner in which such prices are determined (rather such Independent Expert will only consider the applicable standard cost of manufacturing for such products in its assessment).

11.9 Pending a determination by an Independent Expert pursuant to Clause 11.8, the Price for the Products in the subsequent Calendar Year shall be the same as that prevailing in the current Calendar Year, provided that:

(A) the Price in respect of New Clinical Product and New Clinical Placebo shall be adjusted at the start of the subsequent Calendar Year by the Consumer Prices Index published by the [***] for the previous twelve (12) months; and

(B) if applicable, the Price in respect of New Clinical API shall be adjusted at the start of the subsequent Calendar Year by the Consumer Price Index published by the [***] for the previous twelve (12) months.

12. INVOICE AND PAYMENT

12.1 GSK (or the Nominated Supplier) shall invoice the Purchaser upon each Delivery of Products or performance of the Development Services. Each invoice shall specify, as applicable:

(A) the Price in respect of the Products Delivered or the Development Services performed (or the development work undertaken pursuant to Clause 3.8 and the implementation of such development work);

(B) the quantity of Products Delivered;

(C) the amount of Sales Tax due in respect of the Products Delivered or Development Services performed (or the development work undertaken pursuant to Clause 3.8 and the implementation of such development work); and

(D) any other fees payable or amounts reimbursable to GSK pursuant to this Agreement.

12.2 Any amounts reimbursable to GSK pursuant to this Agreement other than the Price for Product Delivered or Development Services performed and any associated Sales Tax may be invoiced separately from any invoice relating to the Price for Product Delivered or Development Services performed and any associated Sales Tax.

12.3 The Purchaser shall pay the invoices issued by GSK or the Nominated Supplier in the Invoice Currency within [***] from the date of receipt of the respective invoice by electronic transfer to the account nominated by GSK or the Nominated Supplier in writing.

12.4 If Purchaser fails to make any payment pursuant to this Agreement when due, simple interest shall thereafter accrue on the sum due to GSK (or the Nominated Supplier) until the date of payment at the per annum rate of [***] above the then-current prime rate reported in The Wall Street Journal or the maximum rate allowable by Applicable Laws, whichever is the lower.

12.5 All payments by the Purchaser under this Agreement shall be made without any deduction or withholding of any monies, unless required by Applicable Law. In the event that monies are deducted or withheld, the Purchaser shall promptly pay the amount withheld to the appropriate Governmental Entity and shall provide GSK (or the Nominated Supplier) with the original receipt issued by that Governmental Entity or other sufficient evidence of payment. To the extent that amounts are so withheld and paid to the proper taxing authority, such amounts shall be treated for all purposes of this Agreement as having been paid to GSK (or the applicable Nominated Supplier) with respect to whom such amounts were withheld. Each Party agrees to cooperate with the other Party in claiming refunds or exemptions from such deductions or withholdings under any relevant agreement or treaty which is in effect. The Parties shall discuss and cooperate regarding applicable mechanisms for minimizing such Taxes to the extent possible in compliance with applicable Law. In addition, the Parties shall cooperate in accordance with applicable Law to minimize indirect Taxes (including Sales Tax) in connection with this Agreement.

13. ELECTRONIC SYSTEMS

13.1 GSK hereby grants, or shall procure the grant of, a limited licence (being a royalty-free licence under the GSK System IP, for the Term and revocable by GSK in the event of a breach by the Purchaser of the obligations set forth in this Clause 13 (*Electronic Systems*)) to use the GSK Group's "*Collaborate*" information technology system or such successor or alternative demand management software or system as the GSK Group may deploy (the **"GSK System"**). Such licence shall permit the Purchaser to use the GSK System only for the purposes of complying with its obligations under this Agreement and meeting GSK's requirements for demand planning, management and Delivery of Products. The use of such GSK System shall be subject to the following further conditions:

(A) other than the warranty set forth in Clause 27.1(B), GSK gives no representation or warranty as to the GSK System, including that it shall be available at any time, or shall operate in error-free fashion, and the Purchaser agrees that any failure of such GSK System shall not limit or exclude any obligation or responsibility on the part of the Purchaser;

(B) the Purchaser shall remain responsible for maintaining (i) such internet or telecommunications connectivity and (ii) such minimum IT hardware requirements as may be necessary to enable the Purchaser to access such GSK System; and

(C) if the GSK Group provides the Purchaser with passwords or other access or authentication credentials, to use the GSK System, the Purchaser shall provide those credentials only to named personnel (and shall communicate the names of such personnel to GSK and/or its Affiliate), and shall procure that the named personnel shall not share their credentials with any other Purchaser personnel.

13.2 The Purchaser shall take reasonable care to ensure that:

(A) nothing done by its employees shall contaminate, corrupt, impair or adversely affect any of the GSK Group's computers, computer software and computer data and, without prejudice to the generality of the foregoing, shall take due care to ensure that no invasive programs, "computer viruses" or "logic bombs" shall be introduced to any of the GSK Group's computers, computer software or data; and

(B) it operates reasonably up to date commercially available anti-virus software, including regularly updating the virus signature files of such software (as recommended by the relevant licensor), and an electronic firewall and such other technical safeguards as good IT practice requires in relation to the Purchaser's network or IT infrastructure (in each case to the extent that such network or infrastructure may connect to the GSK System).

14. QUALITY ASSURANCE

14.1 GSK shall maintain such records as are necessary and appropriate to demonstrate compliance with cGMP in connection with the supply of the Development Services and the Manufacture of the New Clinical API, New Clinical Products, and New Clinical Placebo.

14.2 GSK shall be responsible for devising and implementing any corrective actions and/or preventative actions (**"CAPAs"**) that may be required in connection with the Manufacture and technical release of Products, other than any CAPAs relating to analytical testing and release, which shall be the responsibility of the Purchaser.

14.3 The respective responsibilities of each Party in relation to technical and quality matters are further set forth in the Quality Agreement. In the event of a conflict between the terms of the Quality Agreement and the terms of this Agreement, the terms of the Quality Agreement shall, to the extent of such conflict, prevail.

15. DEFECTIVE PRODUCTS

15.1 The Purchaser shall notify GSK or the Nominated Supplier (or ensure that GSK or the Nominated Supplier is notified) in writing within [***] of any Delivery of Products if the Delivery is incomplete in accordance with the terms of this Agreement (a **"Rejection Notice"**). GSK shall use its Commercially Reasonable Efforts to rectify the incomplete delivery within [***] of receipt of the Rejection Notice. If no Rejection Notice is provided to GSK or the Nominated Supplier within [***] of the Delivery of Products, the Delivery shall be deemed complete.

15.2 The Purchaser shall have the right to reject any allegedly Defective Products upon written notice to GSK, such notice to include the reason(s) for the rejection and to be accompanied with any supporting documentation or other evidence, such right to be exercised within the period stipulated in the Quality Agreement (or, if no such period is stipulated, within (i) [***] after the Delivery of Products or (ii) in the case of Latent Defects, [***] after discovery of the Latent Defect). Unless the Purchaser complies with the provisions of this Clause 15.2, the Delivery of Products shall be deemed accepted by the Purchaser and the Purchaser shall have no right to reject the same.

15.3 If the Purchaser purports to reject any Products pursuant to Clause 15.2:

(A) the Purchaser shall store the rejected Products in quarantine in accordance with GSK's reasonable instructions and shall allow GSK (or its nominated representatives) to inspect and/or analyse the same;

(B) the Parties shall use reasonable endeavours to agree whether or not the rejected Products are Defective; and

(C) if, within [***] of GSK or the Nominated Supplier being notified pursuant to Clause 15.2, the Parties fail to agree whether or not the rejected Products are Defective, the dispute shall be referred to and determined by an Independent Expert whose decision shall be final and binding on the Parties. The Independent Expert shall act as an expert and not as an arbitrator and (unless the Independent Expert otherwise determines) his or her fees shall be paid by the Party against whom the Independent Expert's decision is given.

15.4 If the Parties agree, or if the Independent Expert finds, that any Products are Defective and have been properly rejected, GSK shall, at its option, either replace the Defective Products or refund to the Purchaser the Price paid for such Defective Products. In addition, GSK shall, at its option, either collect at its own expense the Defective Products from the Purchaser or reimburse the Purchaser for any reasonable costs incurred in its disposal of the Defective Products. Subject to Clause 28 (*Indemnities*) and Clause 29 (*Liability*), the remedy set forth in this Clause 15.4, together with any additional remedy set forth in Clause 20.3 (if applicable), shall be the Purchaser's sole and complete remedy under this Agreement with respect to any Defective Products properly rejected by the Purchaser in accordance with Clause 15.2.

15.5 If any rejected Products are found by the Independent Expert not to be Defective, the Purchaser shall pay for such Products in accordance with the payment provisions set forth in this Agreement.

16. PRODUCT LICENCE

16.1 The Purchaser shall (or shall procure that its Affiliate shall), at its own expense, obtain and maintain all Product Licences in the Territory which may from time to time be required by any Regulatory Authority or other Governmental Entity. The Purchaser shall be responsible for responding to all requests for information related to such Product Licences made by, and for making all legally required filings relating to such Product Licences with, any Regulatory Authority or other Governmental Entity having jurisdiction to make such requests or require such filings.

16.2 Without prejudice to the Purchaser's obligations under Clause 16.1, if any Product Licence relating directly to any of the Products is suspended or revoked after the Effective Date, the Purchaser shall promptly notify GSK (and, if applicable, each of the Nominated Manufacturer and the Nominated Supplier) of the event and shall promptly inform GSK of the anticipated impact on the Purchaser's purchases of the affected Product and the Purchaser's general intentions with respect to the affected Product.

17. PRODUCT SPECIFICATIONS

17.1 Subject to the provisions of Clause 2 (*GSK's Obligations*) and unless otherwise required to do so by a Governmental Entity, GSK shall not without the prior written consent of the Purchaser, make any change to the Specifications that might reasonably be expected to impact the Product Licence.

17.2 Each application by GSK for any consent pursuant to Clause 17.1 shall be submitted in writing and assessed by the Purchaser in accordance with the Technical Change Procedure. Any agreed change made under this Clause 17.2 shall be implemented at GSK's cost.

17.3 The Purchaser shall bear the costs of any change to the Specifications or the Manufacturing process required by Applicable Law or a Governmental Entity (including the cost of any write-off in accordance with Clause 18 (*Write Offs*) and/or any related development work in accordance with Clause 3 (*Development Services*)). Notwithstanding the foregoing, if a required change to the Specifications or any Manufacturing process is such that GSK cannot reasonably implement the change without significant interference with its other operations at the Manufacturing Site, the provisions of Clause 31.2 shall apply.

17.4 Prior to implementation of any change referred to in this Clause 17 (*Product Specifications*), the Parties shall agree on a procedure to ensure that the change is approved by the relevant Governmental Entity, and that GSK is given a reasonable period of time to implement any changes which such Governmental Entity may approve.

18. WRITE OFFS

18.1 Where:

(A) the Purchaser submits a purchase order for a quantity of Product other than the MOQ (or a multiple thereof) and GSK agrees to Deliver such quantity;

(B) any changes to the Manufacture of the Products and/or Specification are implemented pursuant to a request of any Regulatory Authority or pursuant to Applicable Law; provided that the foregoing shall be limited to Product deliverable [***];

(C) GSK or the Nominated Manufacturer agrees to any changes requested by the Purchaser in accordance with this Agreement; or

(D) solely in relation to long-lead time Materials and safety stock of Materials held pursuant to Clause 6.3, the quantity requirement for a Product shown for any month in any Forecast Schedule varies from the quantity requirements forecast for that month in any previous Forecast Schedule, [***], the provisions of Clause 18.2 shall apply.

18.2 Where this Clause 18.2 applies, the Purchaser shall reimburse to GSK or the Nominated Manufacturer the cost of write-off (calculated in accordance with IFRS) of:

(A) Materials reasonably purchased or ordered by GSK or the Nominated Manufacturer in view of quantities indicated in any Forecast Schedule and the terms agreed with the supplier of such Materials, including any applicable minimum order quantity and/or lead times (which may exceed the Firm Zone);

(B) Purchaser Materials reasonably purchased or ordered by GSK or the Nominated Manufacturer in view of quantities indicated in any Forecast Schedule;

(C) safety stock quantities of Materials as required pursuant to Clause 6.3; and

(D) work-in-progress and/or Products Manufactured in light of the quantity requirements shown in the Forecast Schedule (taking due account of the applicable Lead Time),

to the extent that such Materials, Purchaser Materials, work-in-progress and/or Products will not be used:

(i) in the Manufacture of Products to meet Firm Orders (or in the case of certain Materials with long lead times and/or safety stock of Materials held pursuant to Clause 6.3, prior to the Firm Zone); or

(ii) in the case of Materials not used by GSK or the Nominated Manufacturer at the Manufacturing Site exclusively in the Manufacture of Products, in the manufacture at the relevant Manufacturing Site of other products for GSK, its Affiliates or Third Parties,

in each case within the shelf-life of such Materials, Purchaser Materials, work-in-progress or Products, whether as a result of expiry of the Term, termination of this Agreement or otherwise. GSK shall provide the Purchaser with the cost of long-lead time Materials and the associated lead times provided by GSK's supplier. Each of GSK and the Nominated Manufacturer at the Manufacturing Site will use Commercially Reasonable Efforts to use Materials that are not used exclusively in the Manufacture of Products in the manufacture at the relevant Manufacturing Site of other products for GSK, its Affiliates or Third Parties. To the extent that neither GSK nor the Nominated Manufacturer at the Manufacturing Site will be able to use Materials that are not used exclusively in the Manufacture of Products, then, at the election of Purchaser, GSK will (in connection with the write off of such Materials pursuant to this Clause 18.2) allow the Purchaser to collect any such Materials or ship any such Materials to Purchaser (in each case, at Purchaser's cost).

18.3 For the avoidance of doubt, it is acknowledged that Purchaser Materials are held by GSK or the Nominated Manufacturer on a [***] basis and, accordingly, the cost to GSK or the Nominated Manufacturer of writing off Purchaser Materials will not exceed the cost (if any) incurred by GSK of the Nominated Manufacturer in destroying or otherwise disposing of such Purchaser Materials or in storing such Purchaser Materials pending collection by, or shipment to, the Purchaser (or its designee) from the Manufacturing Site.

19. REGULATORY COMPLIANCE

19.1 GSK or the Nominated Manufacturer shall:

(A) provide to the Purchaser all such documents and information available to GSK or the Nominated Manufacturer as may be required by a Regulatory Authority from the Purchaser with respect to the Manufacture of the Product; and

(B) allow such inspections of the Manufacturing Site as may be requested by such Regulator.

Upon request by the Purchaser, GSK shall notify the Purchaser in writing of the findings of such inspections insofar as they affect the Products or their Manufacture.

19.2 At the time that any Existing Clinical API, Existing Clinical Products, or Existing Clinical Placebo are Delivered to the Purchaser, GSK (or the Nominated Manufacturer) shall supply a completed copy of the Certificate of Analysis, duly signed or released by a Qualified Person (or a Person designated by the Qualified Person to sign or release such document) in accordance with cGMP, that sets forth the analytical test results for each specified lot of Existing Clinical API, Existing Clinical Products, or Existing Clinical Placebo Delivered to the Purchaser and confirms that such Products have been manufactured in accordance with the Specifications. At the time

that any New Clinical API, New Clinical Products, or New Clinical Placebo are Delivered to the Purchaser, GSK (or the Nominated Manufacturer) shall perform batch investigations (if applicable), a technical release and quality assurance approval for the purposes of Purchaser's Qualified Person signing a Certificate of Analysis in respect of such New Clinical API, New Clinical Products, or New Clinical Placebo. The Purchaser will assume management of all CMO agreements related to analytical testing and release and shall be responsible for batch investigations (if applicable) relating to analytical testing and release.

19.3 Each Party shall maintain in accordance with and for the period required under cGMP and Applicable Law all such records relating to the Manufacture and distribution of the Products as it may be required to hold under such Applicable Law.

20. PRODUCT EVENTS

20.1 Any and all complaints of which GSK becomes aware relating to the quality or efficacy any Product shall promptly be forwarded to the Purchaser's senior quality officer or that person's designee. The Purchaser shall promptly inform GSK and/or the Nominated Manufacturer of any and all complaints that the Purchaser receives which may relate to manufacturing or other processes at the Manufacturing Site. Notification shall be given by telephone, with a written confirmation immediately following.

20.2 In the event that a Regulatory Authority requires, or the Purchaser decides to initiate, a recall, withdrawal or field correction (each, a **"Product Event"**) with respect to any Product Manufactured and supplied under this Agreement, the Purchaser shall immediately notify GSK and each Party shall fully cooperate with the other Party to implement the same.

20.3 If (and only if and to the extent that) the Product Event is:

(A) required by Applicable Law or customary industry practice; and

(B) necessitated by a failure on the part of GSK to comply with all its obligations under this Agreement,

GSK shall:

(i) replace the Product recalled; or

(ii) (at the Purchaser's election or where it is not reasonably practicable for GSK to replace the Product) refund the Purchaser for the recalled Product; and

(iii) within [***] of receipt of an invoice for the same, reimburse the Purchaser for its reasonable out of pocket expenses incurred in carrying out the Product Event, provided that:

(a) such expenses are evidenced in writing; and

(b) GSK shall not be liable for any costs or expenses arising to the extent of attributable to the acts or omissions of the Purchaser, its Affiliates or its or their distributors, wholesalers or other customers. Subject to Clause 28 (*Indemnities*) and Clause 29 (*Liability*), the remedy set forth in this Clause 20.3 shall be the Purchaser's sole and complete remedy under this Agreement with respect to any Product Event.

20.4 Subject to Clause 20.3, [***] relating to a Product Event shall be borne by the Purchaser. The Purchaser shall reimburse to GSK all costs and expenses incurred by GSK and its Affiliates in respect of a Product Event within [***] of receipt of an invoice for the same.

20.5 In the event of a dispute between the Parties in relation to the allocation of costs between the Parties in relation to a Product Event in accordance with this Clause 20 (*Product Events*), the matter shall be determined by an Independent Expert and the decision of the Independent Expert shall be final and binding on the Parties. The Independent Expert shall act as an expert and not as an arbitrator and (unless the Independent Expert otherwise determines) its fees shall be borne between the Parties in the same proportion as the costs of the Product Event are allocated between them by the Independent Expert.

21. PHARMACOVIGILANCE

21.1 If a Party becomes aware of any action that may be or will be taken or required by any Regulatory Authority for safety reasons connected with any product containing the same active substance as the Product, it shall immediately, and in any event not later than [***] after so becoming aware, notify the other Party's senior quality officer in writing and provide all available relevant details.

21.2 Without prejudice to Clause 21.1, GSK shall notify the Purchaser promptly following its receipt of information of a possible Adverse Event with respect to any Product. To the extent an Adverse Event of which the Purchaser becomes aware may relate to manufacturing or other processes at the Manufacturing Site, the Purchaser shall inform GSK of such Adverse Event and shall disclose to GSK any information it has regarding that Adverse Event.

21.3 Upon receipt of notification of a Product complaint and/or Adverse Event in respect of any of the Products, GSK will conduct an internal investigation to determine the validity of such complaint. The findings of such investigation shall be reported in writing to the Purchaser.

22. CONFIDENTIALITY

22.1 All Confidential Information disclosed by a Party (together with its Affiliates, the **"Disclosing Party"**) to the other Party (together with its Affiliates, the **"Receiving Party"**) shall be used by the Receiving Party solely in connection with the activities contemplated by this Agreement, shall be maintained in confidence by the Receiving Party, and shall not otherwise be disclosed by the Receiving Party to any other Person, firm or agency, governmental or private (other than a Party's Affiliates), without the prior written consent of the Disclosing Party.

22.2 The Receiving Party may disclose Confidential Information to (a) its Affiliates, directors, officers, employees, consultants, attorneys, vendors, suppliers, contractors, collaborators and advisors (**"Personnel"**) who have a need to know for the Development, Manufacture, and Commercialisation of Products in accordance with this Agreement, prosecution and maintenance of any Patent or to enforce or exercise rights under this Agreement, including in connection with Regulatory Approval Applications and obtaining Regulatory Approvals or (b) to

actual or potential investors, acquirers, permitted licensees/sublicensees and other financial or commercial partners who need to know such Confidential Information in connection with their evaluating or carrying out an actual or potential investment, acquisition, collaboration, public offering, merger or other similar transaction, in each case relating to the Transferred Assets ("**Authorised Third Parties**"), provided that each of GSK and the Purchaser shall:

(A) procure that its Personnel and Authorised Third Parties shall be bound by confidentiality obligations at least as strict as this Clause 22 (*Confidentiality*) (except, in respect of Confidential Information that is not Know-How or Intellectual Property, to the extent that a shorter confidentiality period is customary in the industry); and

(B) each remain liable for the compliance of its Personnel or Authorised Third Parties with the obligations of confidentiality set out in this Clause 22 (*Confidentiality*).

22.3 The obligations of confidentiality set forth in Clauses 22.1 and 22.2 shall not extend to any information which (as evidenced by competent documentation):

(A) was known or used by the Receiving Party prior to its date of disclosure to the Receiving Party;

(B) either before or after the date of the disclosure to the Receiving Party, is lawfully disclosed to the Receiving Party by sources (other than the Disclosing Party) not known by the Receiving Party to be subject to a duty of confidentiality to the Disclosing Party with respect to such Confidential Information;

(C) either before or after the date of the disclosure to the Receiving Party, becomes published or generally known to the public (including information known to the public through the sale of products in the ordinary course of business) through no fault or omission on the part of the Receiving Party or its Affiliates; or

(D) is independently developed by or for the Receiving Party without reference to or reliance upon the Confidential Information.

22.4 Subject to Clause 22.3, the obligations of confidentiality set forth in Clauses 22.1 and 22.2 shall expire

(A) in respect of Confidential Information that is Know-How or Intellectual Property, when such Know-How or Intellectual Property ceases to be confidential; and

(B) in respect of other Confidential Information, [***] after the expiry or termination of this Agreement.

22.5 Clauses 22.1 and 22.2 shall not preclude the Receiving Party from disclosing Confidential Information to the extent the Receiving Party reasonably concludes, after consultation with counsel, that the disclosure of such Confidential Information is necessary (a) to comply with Applicable Laws or any Order, including complying with the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, the rules and regulations of the U.K. Financial Conduct Authority or other applicable securities Laws, (b) to defend or prosecute litigation or to comply with governmental regulations, (c) in connection with the filing of

documentation in order to obtain or maintain Regulatory Approvals or (d) in connection with any filing with a Governmental Entity with respect to a Patent; provided that, unless prohibited by Applicable Laws or any Order, the Receiving Party provides prior written notice of such disclosure to the Disclosing Party and takes reasonable and lawful actions to avoid and/or minimize the degree of such disclosure.

22.6 Subject to Clauses 22.3, and save to the extent necessary to comply with any continuing obligations under this Agreement or Applicable Law, the Receiving Party shall, upon expiry or termination of this Agreement and at the other Party's request, return or destroy all of the Disclosing Party's Confidential Information which it has in its possession or under its control, provided that:

(A) the Receiving Party may retain one confidential copy in the Receiving Party's confidential files solely for purposes of monitoring compliance with the terms of this Clause 22 (*Confidentiality*); and

22.7 For clarity, the provisions of this Clause 22 (*Confidentiality*) shall not prejudice the rights or obligations of either Party (or their respective Affiliates) under the Purchase Agreement.

23.2 The Affected Party shall not be deemed to be in breach of this Agreement, and shall not otherwise be liable to the other Party, by reason of any delay in performance, or the nonperformance of any of its obligations under this Agreement, to the extent that the delay or nonperformance is due to any Force Majeure Event, and the time for performance of that obligation shall be extended accordingly.

23.3 If the performance by the Affected Party of any of its obligations under this Agreement is prevented or delayed by a Force Majeure Event for a continuous period in excess of [***], the Parties shall enter into bona fide discussions with a view to alleviating its effects, or to agreeing upon such alternative arrangements as may be fair and reasonable in the circumstances.

23.4 If the Affected Party is prevented or delayed from performance of any of its obligations under this Agreement by a Force Majeure Event for [***] or more, the other Party shall in its discretion have the right to terminate this Agreement with immediate effect by giving written notice to the Affected Party.

24. CAPACITY CONSTRAINTS

24.1 If GSK or the Nominated Manufacturer is unable to Manufacture the quantities of Products forecasted or ordered by the Purchaser due to:

(A) shortages of Materials that are used both in the Manufacture of Products and in the manufacture of products for the GSK Group or its Third Party customers; or

(B) constraints on the capacity at:

(i) the Manufacturing Site; or

(ii) any manufacturing site operated by the GSK Group at which any Materials are manufactured,

(the **"Affected Site"**), in each case including as a result of any repair or remediation being required in respect of the Affected Site or any equipment at the Affected Site that is used in the Manufacture of Products or Materials (as applicable), then, without prejudice to Clause 23 (*Force Majeure*), Clauses 24.2 and 24.3 shall apply.

24.2 In the circumstances contemplated by Clause 24.1, GSK shall (or shall procure that its Affiliate shall) allocate the available Materials, or available capacity at the Affected Site, between:

24.3 In the circumstances contemplated by Clause 24.1:

(A) the Purchaser shall, on request, provide GSK or its Affiliate with such information as GSK or its Affiliate may reasonably require in order to determine the Allocation in accordance with Clause 24.2;

(C) for the purposes of Clause 10 (*Delivery of Product*), the due date for Delivery in respect of any Firm Order shall reflect any revision to the such Firm Order made pursuant to this Clause 24.3.

24.4 Following any Allocation, the Parties shall, at the Purchaser's request, co-operate in good faith (each acting reasonably) to devise a plan for the re-supply of Products in greater quantities than contemplated by the then-current Forecast Schedule once the circumstances giving rise to the Allocation cease to apply (and, notwithstanding anything to the contrary in Clause 9 (*Product Forecasts and Orders*), future Forecast Schedules may be revised to accord with such agreed plan).

25. AUDIT AND INSPECTION RIGHTS

25.1 Subject to Clauses 25.2 to 25.5, the Purchaser shall have the right, not more than [***] (other than "for cause"), to audit and inspect (i) those parts of the Manufacturing Site and related plant and machinery used for the Manufacture of Products for the Purchaser under this Agreement, (ii) GSK's systems used for quality assurance in respect of Third Party suppliers of Materials, and (iii) subject to any obligations of confidentiality GSK may have to a Third Party supplier of Materials, the results of any quality assurance audits conducted by GSK of any such Third Party supplier, provided that:

(B) GSK may redact, and shall not be required to disclose to the Purchaser, any results of any quality assurance audit conducted by GSK of a Third Party supplier of Materials to the extent that such results do not relate to the Materials used in the Manufacture of Products.

25.2 The Purchaser shall give GSK and/or the Nominated Manufacturer not less than [***] prior written notice of any inspection proposed to be undertaken pursuant to Clause 25.1 and each such inspection shall occur during Working Hours at the Manufacturing Site.

25.3 The Purchaser's audit and inspection rights under this Clause 25 (*Audit and Inspection Rights*) shall not extend to any parts of the Manufacturing Site, or any documents, records or other information, which do not relate to the Manufacture of Products for the Purchaser under this Agreement. GSK shall be entitled to redact information relating to any other product, materials, plant, equipment or premises from any documentation made available to the Purchaser pursuant to this Clause 25 (*Audit and Inspection Rights*).

25.4 Subject to Clause 25.5, the Purchaser's audit shall be conducted by one team only and shall not last more than [***].

arising from the use, storage, or Development of Products by the Purchaser, its Affiliates, agents or sub-licensees. This indemnity shall not apply to the extent that a claim under it results from GSK's failure to Manufacture and/or supply Products in accordance with this Agreement.

28.3 Subject to Clause 29 (*Liability*), the Purchaser shall indemnify the GSK Indemnitees, and keep them indemnified, on demand, from and against any and all Losses that any of them may suffer or incur arising out of or in connection with any Third Party Claim that any use of the Purchaser Intellectual Property infringes the Intellectual Property of a Third Party (other than with respect to Transferred IP).

(iii) the Indemnifying Party shall obtain the written consent of the Indemnified Party (such consent not to be unreasonably withheld) prior to ceasing to defend,

settling or otherwise disposing of any Claim if, as a result thereof, the Indemnified Party:

(a) would become subject to injunctive or other equitable relief; or

(b) may reasonably object to such disposition of such Claim based on a material adverse effect on the Indemnified Party (including any anticipated adverse effect on the Indemnified Party's goodwill or reputation); and

(iv) the Indemnifying Party shall not be liable for any Claim settled by the Indemnified Party without its consent.

28.5 For clarity, the provisions of this Clause 28 (*Indemnities*) shall not prejudice the rights or obligations of either Party (or their respective Affiliates) under the Purchase Agreement, provided that no Party (together with its Affiliates) shall be entitled to recover any sum by way of damages or other compensation under this Agreement in respect of Losses for which it has been compensated under the Purchase Agreement (and vice versa).

29. LIABILITY

29.1 Notwithstanding any other provision of this Agreement, nothing in this Agreement shall exclude or limit either Party's liability to the extent the same may not be excluded or limited as a matter of law, including (to such extent) liability for [***].

29.2 Subject to Clause 29.1, neither Party shall be liable to the other under or in relation to this Agreement (including, for the avoidance of doubt, under or in relation to any indemnity given in this Agreement), whether arising in contract, tort, negligence, breach of statutory duty or otherwise, for any:

29.3 Subject to Clauses 29.1, 29.2 and 29.4, GSK's total liability in respect of this Agreement (including, for the avoidance of doubt, under or in relation to any indemnity given in this Agreement), whether arising in contract, tort, negligence, breach of statutory duty or otherwise, shall be limited in aggregate over the Term of this Agreement to [***] of sales, at the Price, of Products supplied to the Purchaser under this Agreement during the Term, provided that, such limitation on GSK's total liability shall not apply if GSK's liability arises from [***].

The Parties shall use Commercially Reasonable Efforts to create a technology transfer plan relating to the Technology Transfer (the **"Technology Transfer Plan"**). The Technology Transfer Plan shall relate solely to the production process employed by GSK in the Manufacture of the Products, and shall be developed based on the expected date of expiry or termination of this Agreement and the availability of GSK Personnel and resources to support such transfer. Purchaser and GSK shall cooperate to ensure that supporting such Technology Transfer pursuant to the Technology Transfer Plan does not place

an undue burden on GSK personnel and other resources. GSK shall transfer (subject to the terms of the licences granted in the Purchase Agreement) applicable records, documentation, GSK Know-How and GSK Intellectual Property in accordance with the Technology Transfer Plan and the timelines, formats, and other guidelines set forth therein. (B) a material or repeated failure on the part of GSK to Manufacture New Clinical Product (or, if applicable, New Clinical API) in accordance with cGMP or the applicable Specifications,

provided that (in each case) such failure:

(i) has caused (or is reasonably likely to cause) a material delay in Purchaser's development of Clinical Products; and

(ii) is not due to any act or omission of Purchaser.

30.4 Following a Technology Transfer undertaken pursuant to Clause 30.1(B) or Clause 30.1(C), Purchaser shall be relieved of its obligation under Clause 4.1 to purchase [***] of its requirements for Products from GSK.

32.2 If this Agreement is terminated by GSK pursuant to Clause 31.3(B) due to any Insolvency Event or an Insolvency Proceeding occurring in relation to the Purchaser, neither GSK nor any member of the GSK Group shall be required, by virtue of Clause 32.1, to:

45.2 Subject to Clause 45.1, each Party shall use its reasonable endeavours to resolve any dispute or difference arising out of or in connection with this Agreement (a **"Dispute"**) by prompt discussion in good faith at a managerial level appropriate to the Dispute in question. This discussion shall be a pre-condition to the commencement of legal Proceedings before any court. Any Proceeding concerning such matters shall be brought only in the Delaware courts. Each Party hereby waives (and agrees not to raise) any objection, on the ground of forum non conveniens or on any other ground, to the taking of Proceedings in the Delaware courts.

46.3 Each Party undertakes not to contest the enforcement against it of any judgment of the Delaware courts in Proceedings on the ground that those courts did not have jurisdiction over it.

In the event that the Scope of Work does not provide for the payment of fees, costs, expenses, milestone payments or other sums, the Purchaser shall reimburse to GSK (or its nominated Affiliate) all costs and expenses incurred in respect of the Development Services undertaken pursuant to such Scope of Work, provided that such costs and expenses are agreed in advance by the Parties.

3.10 Any proposed change or addition to the Development Services or the timeline for the performance, completion or delivery of such Development Services shall be deemed a proposal to change the Scope of Work (a **"Scope Change"**). Either Party may propose a Scope Change, but no Scope Change shall be implemented without the prior written agreement of the other Party. If a Scope Change is agreed by the Parties, the Parties shall document the Scope

Change (including any change in fees payable) in a supplementary addendum to, or an amended and restated version of, the Scope of Work and, with effect from the date on which the Scope Change is so documented, all references in this Agreement to the Scope of Work shall be deemed to be references to the Scope of Work as so supplemented or amended and restated (as the case may be) and all references to the Development Services shall be deemed to be references to the Development Services as documented in the supplemented, or amended and restated, Scope of Work. If the Parties fail to agree on a Scope Change within [***] of commencing discussions and a dispute arises, such dispute shall be determined in accordance with the provisions of Clause 46 (*Dispute Resolution*).

3.11 At the end of each month, GSK and the Purchaser shall review the status of the Development Services (and each Party shall share any relevant information for the purposes of such review) and, in the event of any Scope Change and/or delay in the performance of the Development Services, each Party shall use Commercially Reasonable Efforts to agree on new timeframes for the applicable Development Services. If the Parties fail to agree on new timeframes for the applicable Development Services within [***] of commencing discussions and a dispute arises, such dispute shall be determined in accordance with the provisions of Clause 46 (*Dispute Resolution*).

3.12 The Purchaser acknowledges that, save for the Development Services and with effect from the Effective Date, the GSK Group will not support any development work in respect of the Manufacture of any Product (including variations to Product Licences required as a result of such work), unless such work is required by Applicable Law or GSK otherwise agrees to the performance of such development work in writing. The Purchaser shall [***] in respect of any such development work undertaken pursuant to this Clause 3.12 and the implementation of such development work, provided that [***].

3.13 In the event that the Purchaser fails to pay any undisputed sum in respect of any Development Services, or any development work (or its implementation) for which the Purchaser is to bear the cost pursuant to Clause 3.12, then in such an event:

(A) neither GSK nor its Affiliates shall bear any liability under this Agreement for any breach of its terms resulting from any failure to carry out, or delay in carrying out, such Development Services or other development work; and

(B) the Purchaser shall indemnify each member of the GSK Group against all actions, Proceedings, demands and claims by any Third Party arising from any failure to carry out, or delay in carrying out, such work.

4. PURCHASER'S OBLIGATIONS

4.1 Subject to Clauses 4.3 and 31.4, during the Term, the Purchaser shall purchase:

(A) in respect of Commercial API:

(i) during the First Supply Period, [***] of its requirements for Commercial API during that First Supply Period (and in any event not less than [***]);

(ii) in the Calendar Year following the First Supply Period ("**Year 2**"), not less than the greater of (a) [***] of its requirements for Commercial API during Year 2 and (b) [***];

(iii) in the Calendar Year following Year 2 ("**Year 3**"), not less than the greater of (a) [***] of its requirements for Commercial API during Year 3 and (b) [***]; and

(iv) in each subsequent Calendar Year during the Term, not less than the greater of (a) [***] of its requirements for Commercial API during that Calendar Year and (b) [***] batches; and

(B) in respect of Commercial Product:

(i) during the First Supply Period, [***] of its unit requirements for Commercial Product during that First Supply Period (and in any event not less than [***]);

(ii) in Year 2, not less than the greater of (a) [***] of its unit requirements for Commercial Product during Year 2 and (b) [***];

(iii) in Year 3:

(a) if Clause 4.2 does not apply, not less than the greater of (1) [***] of its unit requirements for Commercial Product during Year 3 and (2) [***]; or

(b) if Clause 4.2 does apply, not less than the greater of (1) [***] of its unit requirements for Commercial Product during Year 3 and (2) [***]; and

(iv) in each subsequent Calendar Year during the Term

(a) if Clause 4.2 does not apply, not less than the greater of (a) [***] of its unit requirements for Commercial Product during that Calendar Year and (b) [***]; or

(b) if Clause 4.2 does apply, not less than the greater of (1) [***] of its unit requirements for Commercial Product during that Calendar Year and (2) [***],

from GSK (or the Nominated Supplier) in accordance with this Agreement. If this Agreement terminates or expires during the First Supply Period or any other Calendar Year for any reason, the provisions of this Clause 4.1 will apply to the part of the First Supply Period or other Calendar Year ending on (and including) the date of termination or expiry (taking due account of any Products purchased pursuant to Clause 33 (*Consequences of Expiry or Termination*)), provided that the requirements set out in (A) and (B) above will be reduced on a pro-rata basis to reflect the length of such part First Supply Period or other Calendar Year.

4.2 For the purposes of Clauses 4.1(B)(iii) and 4.1(B)(iv), this Clause 4.2 applies if, but only if, in Year 3 or a subsequent Calendar Year during the Term (as applicable), the Purchaser's total aggregate demand for Commercial Product (whether Manufactured by GSK or by a Third Party) is less than [***].

4.3 The volumes taken into account in determining whether the Purchaser has complied with its obligations under Clause 4.1 in respect of the First Supply Period or any other Calendar Year shall include:

(A) with respect to the First Supply Period only, any validation batches of Commercial API and/or Commercial Product (including any failed batches) Manufactured during or prior to the First Supply Period pursuant to Development Services performed under this Agreement;

(B) with respect to any Calendar Year after the First Supply Period, any validation batches of Commercial API and/or Commercial Product (including any failed batches) Manufactured in such Calendar Year pursuant to Development Services performed under this Agreement;

(C) any samples of Commercial Product Delivered under this Agreement during that First Supply Period or other Calendar Year; and

(D) any quantities of Commercial API and/or Commercial Product for which there is a Firm Order for Delivery during that First Supply Period or other Calendar Year but which GSK fails to Deliver.

4.4 Within [***] following the end of (i) the First Supply Period and (ii) each subsequent Calendar Year, the Purchaser shall provide GSK with documented evidence of the total quantity of Commercial API (in kilograms) and the total quantity of Commercial Product (in number of units) Manufactured by GSK and any Third Party during such First Supply Period or subsequent Calendar Year (as applicable).

4.5 If, in respect of the First Supply Period or any subsequent Calendar Year, the Purchaser does not purchase at least the quantity of Commercial Product required by Clause 4.1(B), then GSK shall invoice the Purchaser for a sum equal to the difference (in tubes, regardless of size) between the quantity of Commercial Product actually purchased by the Purchaser (or otherwise taken into account pursuant to Clause 4.3) during that First Supply Period or other Calendar Year and the quantity of Commercial Product required to be purchased during that First Supply Period or other Calendar Year pursuant to Clause 4.1(B) multiplied by:

(A) in respect of the First Supply Period, Year 2 or any other Calendar Year in which (by virtue of Clause 4.2 and ignoring the effect of any pro rata reduction applied in accordance with Clause 4.1) the quantity required to be purchased pursuant to Clause 4.1(B) is less than [***]), [***]; or

(B) in respect of any other Calendar Year during the Term, [***],

in each case, as adjusted by [***] CPI at the start of 2019 and each subsequent Calendar Year in accordance with paragraph 4 of Part C of Schedule 1. The Purchaser shall pay each invoice issued pursuant to this Clause 4.5 in accordance with Clause 13 (*Invoice and Payment*). Without prejudice to GSK's rights in respect of any failure by the Purchaser to comply with its obligations under Clause 4.1(A) in respect of Commercial API, the provisions of this Clause 4.5 shall be GSK's sole remedy in respect of any failure by the Purchaser to comply with its obligations under Clause 4.1(B) in respect of Commercial Product.

4.6 The Purchaser shall not (itself or through any Third Party):

(A) expressly or implicitly market, advertise or otherwise promote in any way the sale of any Product as a GSK Group product or as containing any GSK Group product; or

(B) use the name or logo of any member of the GSK Group in connection with any Product,

in each case, unless (and only to the extent) required to do so by Applicable Law. If the Purchaser contends that it is required by Applicable Law to do any act or thing covered by this Clause 4.6, it shall:

(i) prior to doing any such act or thing, provide GSK with a copy of all relevant materials; and

(ii) consider in good faith any comments GSK may have in respect of the manner in which the name of any member of the GSK Group is used in such materials; and

(iii) if such materials include the logo of any member of the GSK Group, not use such materials without GSK's prior written approval (such approval not to be unreasonably withheld).

For the avoidance of doubt, a breach of this Clause 4.6 will constitute a material breach of this Agreement.

5. NEW PRODUCT SKUS

5.1 The Purchaser may, from time to time and in accordance with this Clause 5, request that GSK Manufacture (or have Manufactured) and supply (or have supplied) New Product SKUs under this Agreement. Any such request shall be accompanied by reasonable details of:

(A) the characteristics of the New Product SKU;

(B) the anticipated market(s) to supply: and

(C) a volume plan for a period equal to [***].

5.2 Upon receipt of a request pursuant to Clause 5.1, GSK will conduct an impact assessment as soon as reasonably practicable, The Joint Steering Team shall review the Purchaser's request and GSK's impact assessment and, following such review (and subject to any amendments that may be agreed between the Parties), may agree upon the proposal for the New Product SKU, on a basis consistent with the terms of this Agreement in respect of the Manufacture of such New Product SKU and a budget for the estimated costs to be incurred in connection with such New Product SKU, provided that:

(A) if so agreed, any development work required to be performed by GSK to prepare for the Manufacture and supply of a New Product SKU (including new configurations of the Products) shall be deemed a Development Service and Clause 3 (*Development Services*) shall apply;

(B) [***], no member of the GSK Group shall be obliged to [***] unless otherwise agreed by the Parties); and

(C) any incremental costs incurred by any member of the GSK Group associated with such New Product SKU shall be [***] unless otherwise agreed by the Parties.

5.3 Any New Product SKU that is introduced in accordance with this Clause 5 shall be subject to the terms of this Agreement and shall, with effect from the date on which the Parties record in writing their agreement to add such New Product SKU to this Agreement, be deemed to be a Product, provided that, prior to such addition in writing, such New Product SKU shall not be deemed a Product hereunder.

6. CAPITAL EXPENDITURE

6.1 The Parties acknowledge and agree that certain capital expenditure at the Manufacturing Site operated by GSK or its Affiliate at [***] in respect of Commercial API is governed by, and is subject to the terms and conditions of, the CapEx Letter Agreement and nothing in this Clause 6 (*Capital Expenditure*) shall apply in relation to such capital expenditure.

6.2 Subject to Clause 6.1, where capital expenditure is required in respect of the Manufacture of Products under this Agreement, including in connection with:

(A) any technology transfer, tooling or equipment or Artwork required to enable Manufacture to commence at the Manufacturing Site; and

(B) a request from the Purchaser for a change to the Specification, source of Materials or Purchaser Materials, development work, revised Artwork or the introduction of any new SKU by agreement between the Parties,

then, subject to Clause 6.3, such expenditure shall:

(i) to the extent such expenditure relates exclusively to the Products or their Manufacture, be [***]; and

(ii) to the extent such expenditure is incurred in respect of regulatory compliance of the Manufacturing Site and does not relate exclusively to the Products, be borne by the Parties in such proportions as they may agree (each acting reasonably and in good faith) such that [***].

6.3 For the avoidance of doubt, any asset, equipment or improvement installed or effected at the Manufacturing Site shall belong to GSK or the Nominated Manufacturer, irrespective of which Party bears the cost of the capital expenditure associated with such asset, equipment or improvement.

6.4 The Parties understand and agree that, as of the Effective Date, certain capital expenditures are expected to be required at the Manufacturing Site operated by GSK or its Affiliate at [***] in respect of the Manufacture of Commercial Product in [***], and that the terms of such capital improvements shall be negotiated in good faith and implemented in a Scope of Work covering specific Development Services related to anticipated capital improvements required as of the Effective Date that will be performed pursuant to and in accordance with the terms of Clause 6.1 and the specific agreed terms set forth in Exhibit 1 (*Capital Work at* [***]*)*.

6.5 In the event that the Purchaser fails to pay any sum in respect of capital expenditure for which the Purchaser is to bear the cost pursuant to Clause 6.2:

(A) [***]; and

(B) [***].

7. MATERIALS

7.1 GSK (or the Nominated Manufacturer) shall be responsible for ordering and purchasing all Materials required to enable GSK to meet its Development Services, Manufacturing and supply obligations under this Agreement; provided that for the purposes of Manufacturing Commercial Product the Purchaser shall provide Commercial API on a [***]. The costs of the Materials and the management and procurement of such Materials that are specifically required for or specifically allocated to the Manufacture of Commercial API or Commercial Product hereunder shall be [***].

7.2 GSK shall not [***]

[***] without the Purchaser's prior written consent (not to be unreasonably withheld or delayed).

7.3 Subject to the terms of the Quality Agreement and Clause 18.1, GSK may at any time change the supplier of any Delegated Shared Source Material to which Clause 7.2 does not apply provided that GSK will consult with the Purchaser prior to changing or introducing any such Delegated Shared Source Material to meet its Manufacturing and supply obligations under this Agreement.

7.4 Notwithstanding anything to the contrary in the Quality Agreement, the Purchaser shall not for the purposes of this Agreement be deemed to be directly responsible for performing quality assurance audits and oversight in respect of a Delegated Shared Source Material.

7.5 During the Term, GSK shall (having regard to the applicable Firm Zone and the lead times for the raw materials concerned) manage its stock quantities of raw materials that are specifically required for or specifically allocated to the Manufacture of Commercial API or Commercial Product such that GSK will be able to support the Purchaser's Firm Orders for Products. If the Purchaser requires GSK to hold additional quantities of raw materials as safety stock, the Purchaser shall pay GSK a storage fee to cover any GSK costs and expenses incurred in connection with holding and storing such safety stock that is not required for Manufacture in support of Firm Orders (the **"Safety Stock Fee"**). The Safety Stock Fee is set forth on Schedule 4 (*Fees*). For the avoidance of doubt, such safety stock may not be used for the manufacture of any products other than Commercial API or Commercial Product (as applicable) under this Agreement, and notwithstanding Clause 25 (*Capacity Constraints*), all such raw materials held as safety stock and for which the Purchaser has paid (or is liable to pay) a Safety Stock Fee shall be used solely to fulfil Firm Orders from the Purchaser until exhausted.

8. PURCHASER MATERIALS

8.1 The Purchaser shall supply the Purchaser Materials to GSK at the designated Manufacturing Site in respect of Commercial Product in a timely manner [***] on a [***].

8.2 GSK will not (and will procure that the Nominated Manufacturer does not) use the Purchaser Materials for any purpose other than the Manufacture of Commercial Products for the Purchaser under this Agreement (including for testing, quality and compliance purposes).

8.3 GSK shall not be liable for any failure to meet, or for any delay in meeting, any Firm Order for Commercial Products if such failure is as a result of any failure by the Purchaser to supply, or delay by the Purchaser in supplying, in a timely manner sufficient quantities of Purchaser Materials that comply with all applicable requirements of Applicable Law, cGMP and the applicable Specifications and have sufficient unexpired shelf life to enable such Purchaser Materials to be the Manufacture of Products in accordance with the schedule of Deliveries of any Commercial Products contemplated by the Forecast Schedule; except in the event that such failure is due to the failure of GSK to supply Commercial API in a timely manner or that meets cGMP (taking due account of the applicable Lead Time for such Commercial API).

8.4 Each quantity of Purchaser Materials will be accompanied by Certificate of Analysis relating to such Purchaser Materials, which, to the extent required by Applicable Law in the relevant jurisdiction, shall be signed by the Purchaser's Qualified Person in respect of Commercial API.

8.5 The Purchaser shall retain title to the Purchaser Materials at all times. From the time Purchaser Materials are delivered to GSK's loading dock at the relevant Manufacturing Site to the time such Purchaser Materials are returned (or Product is delivered) to the Purchaser's designated carrier at GSK's loading dock, GSK shall bear the risk of loss of or damage to such Purchaser Materials arising from GSK's [***] and shall be responsible for compensating the Purchaser for the lost or damaged Purchaser Materials (up to an amount not exceeding the Actual Cost of such Purchaser Materials to the Purchaser). At all other times and in all other circumstances, the Purchaser and shall bear the risk of loss or destruction to the Purchaser Materials.

8.6 The Purchaser shall inform and keep GSK and the Nominated Manufacturer informed of all safety hazards and changes in regulations and guidance (statutory or otherwise) which the Purchaser or its Affiliate knows or believes affect or may affect the use, handling, storage, labelling, transport, treatment and disposal of any Purchaser Materials.

9. INTELLECTUAL PROPERTY

9.1 Each Party shall at all times remain the owner of its respective GSK Background IP or Purchaser Background IP.

9.2 All Intellectual Property or Know-How generated by or on behalf of GSK (whether alone or together with Purchaser or Purchaser's Affiliate) in the course of the performance of the obligations, services and activities under this Agreement (including Intellectual Property, Know-How or improvements relating to the manufacture of pharmaceutical products generally or related to the Manufacturing Site), other than Intellectual Property or Know-How that is exclusive to Developing, Manufacturing, or Commercialising the API, Commercial API, Commercial Products or the Purchaser Background IP, shall be owned by GSK (the **"GSK Arising IP"**). For clarity, GSK Arising IP shall not include Purchaser Background IP or Purchaser Arising IP.

9.3 All Intellectual Property or Know-How generated by or on behalf of the Parties (or either of them) in the course of the performance of the obligations, services and activities under this Agreement that is exclusive to Developing, Manufacturing, or Commercialising the API, Commercial API, Commercial Products or the Purchaser Background IP shall be owned by the Purchaser (the **"Purchaser Arising IP"**). For clarity, Purchaser Arising IP shall not include GSK Background IP or GSK Arising IP.

9.4 The Purchaser hereby grants to GSK and its Affiliates a non-exclusive, worldwide, fully paid-up and royalty free licence (with the right to grant sub-licences to Nominated Manufacturers) to use the Purchaser Intellectual Property solely as necessary for the performance of GSK's obligations under this Agreement, including supplying and Manufacturing (or having Manufactured) the applicable Products and the performance of the Development Services. GSK will not use any Purchaser Background IP, Purchaser Know-How or Purchaser Arising IP for any other purpose nor will it disclose or otherwise share any Purchaser Background IP, Purchaser Know-How or Purchaser Arising IP with any Third Party.

9.5 To the extent that the output of the Development Services or any deliverables or results produced by GSK in connection with its performance under this Agreement incorporates any GSK Background IP, GSK Know-How or GSK Arising IP, GSK hereby grants to the Purchaser a non-exclusive, perpetual, fully paid-up and royalty free licence (with the right to grant sub-licences, including through multiple tiers) to use any such GSK Background IP, GSK Know-How or GSK Arising IP solely and exclusively to the extent necessary for the purposes of Developing, Manufacturing or Commercialising the Products. Except as otherwise expressly provided for under the Purchase Agreement, the Purchaser shall not use any GSK Background IP, GSK Know-How or GSK Arising IP anywhere else or for any other purpose and shall not disclose or otherwise share GSK Background IP, GSK Know-How or GSK Arising IP with any Third Party.

9.6 At the other Party's reasonable expense, each Party shall do all such further acts and things, and execute all such other documents as the other Party may from time to time reasonably require in order to give full effect to the assignments and licences of rights granted under this Agreement.

9.7 Nothing in this Agreement shall be deemed or implied to be, and each Party disclaims all implied rights to, the grant by a Party to the other Party of any right, title or interest in such Party's Confidential Information or Intellectual Property, except as are expressly set forth in this Agreement.

10. PRODUCT FORECASTS AND ORDERS

10.1 Within [***] of the Effective Date, and thereafter on a [***] basis until the date on which the Purchaser files the first Regulatory Approval Application, the Purchaser shall provide to GSK or (if GSK so directs) the Nominated Manufacturer a non-binding rolling projection of the Purchaser's expected volume requirements for Commercial API and Commercial Products for at least the following [***] (the "**Volume Projection**"). For the avoidance of doubt, the Volume Projection is not a Forecast Schedule and the Purchaser shall not be required to provide any further Volume Projection with effect from the date on which the Purchaser files the first Regulatory Approval Application.

10.2 On the first day of the month following the filing of the first Regulatory Approval Application, and thereafter on the first day of each subsequent month during the Term (or on such other date or at such frequency, as the Parties may agree in writing), the Purchaser shall provide to GSK or (if GSK so directs) the Nominated Manufacturer a rolling forecast schedule of volume requirements for:

(A) Commercial API; and

(B) Commercial Products on a SKU-by-SKU basis,

in each case, for at least the following [***] or such shorter period as may then remain under the Term (the **"Forecast Schedule"**). The Forecast Schedule shall show estimates of required Product quantities (by SKU in the case of Commercial Products, which SKUs shall differentiate Commercial Products with regard to packaging configuration, labelling and strength) on a [***]. Notwithstanding the foregoing, the Parties understand and agree that, in order to facilitate a successful commercial launch of Launch Products in each

Relevant Launch Market, certain adjustments or deviations to the forecasting and ordering mechanisms set forth in this Agreement may be necessary or useful and, to that end, the Parties shall cooperate in good faith to facilitate such flexibility, as set forth in additional detail in Clause 10.12.

10.3 The quantity requirements shown:

(A) in the first [***] in respect of Commercial API; and

(B) in the first [***] in respect of Commercial Product,

of the Forecast Schedule (the "**Firm Zone**") will constitute a binding commitment on the part of the Purchaser to purchase such specified quantities of such Products.

10.4 The Purchaser shall deliver purchase orders or equivalent documentation, corresponding to the Commercial API and Commercial Product volumes shown in each month of the Firm Zone to GSK on a [***]. Each purchase order shall, as applicable, unless otherwise agreed between the Parties:

(A) comprise of quantities equivalent to the applicable MOQ (or to for that MOQ plus one or more applicable IOQs). If GSK does (in its discretion) accept a purchase order for a quantity of Product that is not equivalent to the applicable MOQ (or to the MOQ plus one or more IOQs), the Purchaser shall remain liable under Clause 19 (*Write Offs*) for [***]; and

(B) specify the quantities of Product ordered (by SKU and by country, and required Delivery date, which shall:

(i) in respect of Commercial Product, not be less than the applicable Lead Time (as set forth on Schedule 1) from the date of the relevant purchase order; and

(ii) in respect of Commercial API, not be less than [***] from the date of the relevant purchase order.

10.5 Purchase orders issued by the Purchaser under Clause 10.4 shall be delivered either electronically or by such other means, and to such location or contact person or system, as GSK shall specify in writing. GSK or the Nominated Manufacturer shall respond to each such purchase order received from the Purchaser within [***] of receipt. Provided that the quantity requirements for any purchase order comply with the restrictions set forth in Clause 10.4 and subject to Clause 10.6, GSK shall accept the purchase order (each such order then becoming a **"Firm Order"**) and its response shall include confirmation of the quantity and the date for Delivery. If GSK does not respond to any purchase order received within such [***] period, then such purchase order shall be deemed to be accepted.

10.6 In the event that discussion is required regarding the timing of Manufacture and Delivery of any Firm Order (or any adjustment to the quantities set forth in the Firm Order), including if the quantities of Commercial API in the Firm Zone exceed the quantities shown API shown in the Forecast Schedule for the period corresponding to the Lead Time for Commercial API, the

relevant planning personnel from both Parties will use reasonable endeavours to agree and confirm any necessary changes to the Firm Order concerned and to the Forecast Schedule. Notwithstanding the foregoing, GSK shall have no obligation to agree to any production schedule or Delivery timetable which would exceed GSK's (or the Nominated Manufacturer's) anticipated capacity or otherwise present an unreasonable interference with GSK's (or the Nominated Manufacturer's) other operations, including any current operational processes (including shift patterns), or allocation of manufacturing capacity (having regard, among other things, to the applicable Lead Time).

10.7 GSK shall use Commercially Reasonable Efforts during Working Hours to satisfy any changes in quantity, Delivery phasing or Delivery dates requested by the Purchaser in respect of a Firm Order or any additional order, provided that:

(A) the Purchaser shall [***] in the event it is able to meet such change; and

(B) without prejudice to Clause 10.7(A), if the Purchaser wishes to reduce the quantities of Product in any Firm Order and GSK (or the Nominated Manufacturer) agrees to such reduction, the Purchaser shall in any event [***].

10.8 It is understood that, subject to Clause 10.9 and without prejudice to Clause 19 (*Write Offs*), the remaining [***] in respect of Commercial Product, and [***] in respect of Commercial API, of each Forecast Schedule (i.e., the period after the applicable Firm Zone) constitutes an estimate of the future Product requirement of the Purchaser and does not comprise a specific purchase requirement or a commitment by the Purchaser to purchase such Product (except as otherwise provided in this Agreement). It is further understood that each such Forecast Schedule does not constitute a commitment by GSK to Manufacture or supply such Product.

10.9 The quantity requirements shown:

(A) in the subsequent [***] following the Firm Zone in respect of Commercial API; and

(B) in the subsequent [***] following the Firm Zone in respect of Commercial Product;

of the Forecast Schedule (the "**Capacity Reservation Period**") will constitute an estimate of future Product requirements of the Purchaser for which they require capacity to be reserved at the Manufacturing Site. Notwithstanding that the Purchaser is not obliged to purchase an amount of Product equivalent to the Capacity Reservation Period, if in a Calendar Year the Purchaser purchases less than the volume shown in the Capacity Reservation Period, an additional fee (the "**Unused Capacity Fee**") shall become due and payable by the Purchaser for that Calendar Year. The Unused Capacity Fee shall be equal to [***] had the quantity of Products forecast during the Capacity Reservation Period but not subsequently ordered (the "**Missing Products**") actually been Manufactured and purchased during that Calendar Year, provided that:

(i) the Unused Capacity Fee shall be [***] (whether for GSK or its Affiliates or for any Third Party); and

(ii) GSK shall use Commercially Reasonable Efforts to reduce, avoid or otherwise mitigate any such Unused Capacity Fee by so reallocating capacity at the Manufacturing Site as far as practicable.

Any Unused Capacity Fee payable under this Clause 10.9 will be invoiced by GSK to the Purchaser after the end of the Calendar Year (such invoice to be paid by the Purchaser in accordance with Clause 13 (*Invoice and Payment*)).

10.10 For the avoidance of doubt, no Unused Capacity Fee shall be payable pursuant to Clause 10.9 in respect of Missing Products that are Commercial Products for which the Purchaser is required to pay the sum specified in Clause 4.5.

10.11 Without prejudice to Clause 7.5, the provisions of this Clause 10 (*Product Forecasts and Orders*) are subject to the provisions of Clause 25 (*Capacity Constraints*) in the event that an Allocation is required to be made.

10.12 In order to facilitate a successful commercial launch of Products in each Relevant Launch Market and to provide flexibility on Delivery phasing and timing for each Launch Product in each Relevant Launch Market, the Parties agree as follows:

(A) On Purchaser's reasonable request, Purchaser may elect to require GSK to hold additional safety stock of raw materials required to Manufacture Commercial Product in accordance with Clause 7.3, provided that for clarity, the Safety Stock Fee will be payable.

(B) Having regard to the safety stock held pursuant to Purchaser's instructions, and provided that sufficient Commercial API is or is expected to be available to GSK on a timely basis, GSK will use Commercially Reasonable Efforts to reduce the Lead Time required for the Manufacture of Launch Product.

(C) GSK will use Commercially Reasonable Efforts to expedite the finalisation of Artwork for, and the printing of, packaging materials required for Launch Products to comply with any anticipated launch timelines, including by reserving capacity at printing service providers and committing to the purchase of such services on an expedited basis.

(D) On Purchaser's request, GSK will use Commercially Reasonable Efforts to make Manufacturing capacity available at the Manufacturing Site in respect of Commercial Product on short notice and/or to reserve capacity for Manufacture in excess of that required for the forecast volumes that Purchaser can release at short notice.

(E) [***].

(F) During a Launch Period, Purchaser will be released from its binding commitments in the Firm Zone in respect of the Launch Product to the extent that changes are permitted in accordance with this Clause 10.10.

(G) The additional flexibility arrangements agreed pursuant to Clauses 10.10 (A)-(F) above will not affect:

(i) the Manufacture of Commercial API in any way; or

(ii) the MOQ and IOQ applicable to the Manufacture of Commercial Product.

11. DELIVERY OF PRODUCT

11.1 Subject to Clause 25 (*Capacity Constraints*), GSK (or the Nominated Supplier) shall Deliver the Products on the date specified in the relevant Firm Order, provided that:

(A) the quantity of Product Delivered by GSK may vary by [***] from the quantity specified in the relevant Firm Order; and

(B) the date of Delivery may vary by [***] from the date specified in the relevant Firm Order,

and such variance shall not constitute a breach of this Agreement by GSK or entitle the Purchaser to reject such Delivery. Delivery of Commercial API and Commercial Products shall take place following release by GSK of such Products in accordance with (and the extent required by) the Quality Agreement, provided that, for clarity, the Purchaser shall only be required to pay for the quantity of Product that is actually Delivered.

11.2 In respect of Commercial API, the Parties may agree that some or all of the quantities of such Commercial API Delivered pursuant to Clause 11.1 shall remain in the possession of GSK or its Affiliate on [***]. The Purchaser shall pay GSK a storage fee to cover any GSK costs and expenses incurred in connection with holding and storing such [***] stock ("**Storage Fee**"). The Storage Fee is set forth in Schedule 4 (Fees). For the avoidance of doubt, no Storage Fee is payable in respect of quantities of Commercial API required for the Manufacture of the Commercial Product shown in the Firm Zone and that are held by GSK at designated Manufacturing Site in respect of Commercial Product for the purposes of such Manufacture.

11.3 Subject to paragraph 2 of Schedule 3 (*Toll Manufacturing Provisions*), the risk in and title to the Commercial Products shall remain with GSK (or its Affiliate) until Delivered, at which point it shall pass to the Purchaser. Title to Commercial API shall pass to the Purchaser when such Commercial API is purchased by Purchaser, but risk in such Commercial API shall remain with GSK in accordance with Clause 8.5 for so long as such Commercial API is in GSK's possession as Purchaser Materials.

11.4 Other than in respect of Commercial API that the Parties agree shall be retained by GSK on Consignment, the Purchaser shall collect the Products Delivered from the Manufacturing Site on the date of Delivery, or such date as GSK, the Nominated Supplier or the Nominated Manufacturer may notify to the Purchaser (provided that, and if the Delivery date notified to the Purchaser is earlier or later than the Delivery window contemplated by Clause 11.1, the Delivery date must be agreed with the Purchaser). Notwithstanding the foregoing, and without limiting Clause 20.2, Purchaser may, [***], elect to obtain Delivery at any point within [***] of the notified date of Delivery by providing notice to GSK of such revised Delivery date.

11.5 Commercial API that the Parties agree shall be retained by GSK [***] at the Manufacturing Site in respect of Commercial API shall be collected by the Purchaser from such Manufacturing Site on such date as may be agreed between the Parties.

11.6 For the avoidance of doubt, irrespective of whether or not any quantity of Commercial API is retained by GSK [***] for a period of time after Delivery, the Purchaser shall be responsible for the delivery of Toll Materials to the designated Manufacturing Site in respect of Commercial Product.

12. PRICE

12.1 The Purchaser shall pay:

(A) the applicable Price (as determined in accordance with this Clause 12 (*Price*)) for Products supplied under this Agreement;

(B) the fees in respect of Development Services supplied under this Agreement as set forth in (or determined in accordance with) the applicable Scope of Work;

(C) the fees payable in respect of any Technology Transfer undertaken pursuant to this Agreement (except as otherwise expressly set forth in this Agreement); and

(D) any Storage Fee and/or Safety Stock Fee and/or Unused Capacity Fee payable pursuant to this Agreement.

12.2 The Price and other fees payable pursuant to this Agreement shall be exclusive of Sales Tax imposed on or with respect to such payments, which the Purchaser shall pay in addition to the Price or other fee upon presentation by GSK of a valid Sales Tax invoice.

12.3 The Price for the Commercial API shall be equal to the Commercial API Base Cost (as determined in accordance with Part B of Schedule 1) [***] and the Price for Commercial Products shall be equal to the Commercial Product Base Cost (as determined in accordance with Part C of Schedule 1) [***].

13. INVOICE AND PAYMENT

13.1 GSK (or the Nominated Supplier) shall invoice the Purchaser upon each Delivery of Products or performance of the Development Services. Each invoice shall specify, as applicable:

(A) the Price in respect of the Products Delivered or the Development Services performed (or the development work undertaken pursuant to Clause 3.12 and the implementation of such development work);

(B) the quantity of Products Delivered;

(C) the amount of Sales Tax due in respect of the Products Delivered or Development Services performed (or the development work undertaken pursuant to Clause 3.12 and the implementation of such development work); and

(D) any other fees payable or amounts reimbursable to GSK pursuant to this Agreement.

13.2 Any amounts reimbursable to GSK pursuant to this Agreement other than the Price for Product Delivered or Development Services performed and any associated Sales Tax may be invoiced separately from any invoice relating to the Price for Product Delivered or Development Services performed and any associated Sales Tax.

13.3 The Purchaser shall pay the invoices issued by GSK or the Nominated Supplier in the applicable Invoice Currency within [***] from the date of receipt of the respective invoice by electronic transfer to the account nominated by GSK or the Nominated Supplier in writing.

13.4 If Purchaser fails to make any payment pursuant to this Agreement when due, simple interest shall thereafter accrue on the sum due to GSK (or the Nominated Supplier) until the date of payment at the per annum rate of [***] above the then-current prime rate reported in The Wall Street Journal or the maximum rate allowable by Applicable Laws, whichever is the lower.

13.5 All payments by the Purchaser under this Agreement shall be made without any deduction or withholding of any monies, unless required by Applicable Law. In the event that monies are deducted or withheld, the Purchaser shall promptly pay the amount withheld to the appropriate Governmental Entity and shall provide GSK (or the Nominated Supplier) with the original receipt issued by that Governmental Entity or other sufficient evidence of payment. To the extent that amounts are so withheld and paid to the proper taxing authority, such amounts shall be treated for all purposes of this Agreement as having been paid to GSK (or the applicable Nominated Supplier) with respect to whom such amounts were withheld. Each Party agrees to cooperate with the other Party in claiming refunds or exemptions from such deductions or withholdings under any relevant agreement or treaty which is in effect. The Parties shall discuss and cooperate regarding applicable mechanisms for minimizing such Taxes to the extent possible in compliance with Applicable Law. In addition, the Parties shall cooperate in accordance with Applicable Law to minimize indirect Taxes (including Sales Tax) in connection with this Agreement.

14. **ELECTRONIC SYSTEMS**

14.1 GSK hereby grants, or shall procure the grant of, a limited licence (being a royalty-free licence under the GSK System IP, for the Term and revocable by GSK in the event of a breach by the Purchaser of the obligations set forth in this Clause 14 (*Electronic Systems*)) to use the GSK Group's "*Collaborate*" information technology system or such successor or alternative demand management software or system as the GSK Group may deploy (the **"GSK System"**). Such licence shall permit the Purchaser to use the GSK System only for the purposes of complying with its obligations under this Agreement and meeting GSK's requirements for demand planning, management and Delivery of Products. The use of such GSK System shall be subject to the following further conditions:

(A) other than the warranty set forth in Clause 28.1(B), GSK gives no representation or warranty as to the GSK System, including that it shall be available at any time, or shall operate in error-free fashion, and the Purchaser agrees that any failure of such GSK System shall not limit or exclude any obligation or responsibility on the part of the Purchaser;

(B) the Purchaser shall remain responsible for maintaining (i) such internet or telecommunications connectivity and (ii) such minimum IT hardware requirements as may be necessary to enable the Purchaser to access such GSK System; and

(C) if the GSK Group provides the Purchaser with passwords or other access or authentication credentials, to use the GSK System, the Purchaser shall provide those credentials only to named personnel (and shall communicate the names of such personnel to GSK and/or its Affiliate), and shall procure that the named personnel shall not share their credentials with any other Purchaser personnel.

14.2 The Purchaser shall take reasonable care to ensure that:

(A) nothing done by its employees shall contaminate, corrupt, impair or adversely affect any of the GSK Group's computers, computer software and computer data and, without prejudice to the generality of the foregoing, shall take due care to ensure that no invasive programs, "computer viruses" or "logic bombs" shall be introduced to any of the GSK Group's computers, computer software or data; and

(B) it operates reasonably up to date commercially available anti-virus software, including regularly updating the virus signature files of such software (as recommended by the relevant licensor), and an electronic firewall and such other technical safeguards as good IT practice requires in relation to the Purchaser's network or IT infrastructure (in each case to the extent that such network or infrastructure may connect to the GSK System).

15. **QUALITY ASSURANCE**

15.1 GSK shall maintain such records as are necessary and appropriate to demonstrate compliance with cGMP in connection with the supply of the Development Services and the Manufacture of the Commercial API and Commercial Products.

15.2 GSK shall be responsible for devising and implementing any corrective actions and/or preventative actions (**"CAPAs"**) that may be required in connection with the Manufacture and technical release of Products, other than any CAPAs relating to analytical testing and release, which shall be the responsibility of the Purchaser.

15.3 The respective responsibilities of each Party in relation to technical and quality matters are further set forth in the Quality Agreement. In the event of a conflict between the terms of the Quality Agreement and the terms of this Agreement with respect to the quality or monitoring of the Product, the terms of the Quality Agreement shall, to the extent of such conflict, prevail.

16. **DEFECTIVE PRODUCTS**

16.1 The Purchaser shall notify GSK or the Nominated Supplier (or ensure that GSK or the Nominated Supplier is notified) in writing of any Delivery that is (in whole or in part) incomplete in accordance with the terms of this Agreement within:

(A) [***] following Purchasers receipt of possession and control of any shipment of Products from any common carrier following Delivery thereof (including, if applicable, the expiration or final release of any holds instituted by any governmental authority in connection with the import or export of any Product); or

(B) in respect of Commercial API that the Purchaser elects on Delivery to leave in GSK's possession [***] pursuant to Clause 11.2, within [***] of Delivery (or, if the relevant Manufacturing Site cannot accommodate a visit by the Purchaser during that [***] period, such later date as may be agreed between the Parties),

(such notice being a **"Rejection Notice"**). Following receipt of the Rejection Notice, GSK shall:

(i) work in good faith with the Purchaser on a plan to complete the incomplete Delivery; and

(ii) use Commercially Reasonable Efforts to rectify the incomplete delivery as soon as possible and in any event within [***] of receipt of the Rejection Notice.

If no Rejection Notice is provided to GSK or the Nominated Supplier within the applicable period specified in this Clause 16.1, then, without limiting any other remedies otherwise available to Purchaser, including under Clause 16.2, the Delivery shall be deemed complete and accepted.

16.2 Without limiting Clause 16.1, the Purchaser shall have the right to reject any allegedly Defective Products upon written notice to GSK, such notice to include the reason(s) for the rejection and to be accompanied with any supporting documentation or other evidence, such right to be exercised within the period stipulated in the Quality Agreement (or, if no such period is stipulated):

(A) in respect of Defects that ought to be detected pursuant to the incoming inspections required pursuant to the Quality Agreement, the period specified in Clause 16.1(A) or 16.1(B) (as applicable);

(B) in respect of Defects not covered by Clause 16.2(A) but which are not Latent Defects, within [***] following Purchaser's receipt of possession and control any shipment of Products from any common carrier following Delivery thereof (including, if applicable, the expiration or final release of any holds instituted by any governmental authority in connection with the import or export of any Product); or

(C) in the case of Latent Defects, within [***] after discovery of the Latent Defect.

Unless the Purchaser complies with the provisions of this Clause 16.2, the Delivery of Products shall be deemed accepted by the Purchaser.

16.3 If the Purchaser purports to reject any Products pursuant to Clause 16.2:

(A) the Purchaser shall store the rejected Products in quarantine in accordance with GSK's reasonable instructions and shall allow GSK (or its nominated representatives) to inspect and/or analyse the same;

(B) the Parties shall use reasonable endeavours to agree whether or not the rejected Products are Defective; and

(C) if, within [***] of GSK or the Nominated Supplier being notified pursuant to Clause 16.2, the Parties fail to agree whether or not the rejected Products are Defective, the dispute shall be referred to and determined by an Independent Expert whose decision shall be final and binding on the Parties. The Independent Expert shall act as an expert and not as an arbitrator and (unless the Independent Expert otherwise determines) his or her fees shall be paid by the Party against whom the Independent Expert's decision is given.

16.4 If the Parties agree, or if the Independent Expert finds, that any Products are Defective and have been properly rejected, then, subject to Clause 16.5 and without limiting Clause 16.7, GSK shall, at Purchaser's option, either:

(A) replace the Defective Products at GSK's sole cost and expense and as soon as reasonably possible (provided that the original Defective Product has been paid for by Purchaser) (which replacement may, in respect of Commercial API, comprise the same batch(es) of Commercial API following the reprocessing of that Commercial API at GSK's sole cost); or

(B) refund to the Purchaser the Price paid for such Defective Products [***].

In addition, GSK shall, at its option, either collect at its own expense the Defective Products from the Purchaser or reimburse the Purchaser for any reasonable costs incurred in its disposal of the Defective Products. Subject to Clause 29 (*Indemnities*) and Clause 30 (*Liability*), the remedy set forth in this Clause 16.4, together with any additional remedy set forth in Clauses 16.7 (if applicable) and 21.3 (if applicable), shall be the Purchaser's sole and complete remedy under this Agreement with respect to any Defective Products properly rejected by the Purchaser in accordance with Clause 16.2.

16.5 In respect of Commercial API, if GSK is able to reprocess that Commercial API within [***] of the date on which the Parties agree, or the Independent Expert finds, that such Commercial API is Defective, GSK shall have the right to undertake such reprocessing (and the Purchaser shall not make any contrary election pursuant to Clause 16.4).

16.6 If any rejected Products are found by the Independent Expert not to be Defective, the Purchaser shall pay for such Products in accordance with the payment provisions set forth in this Agreement.

16.7 For the avoidance of doubt, if any Commercial Product is finally determined to be Defective, then, to the extent that the applicable Defect is determined to [***], then [***].

17. PRODUCT LICENCE

17.1 The Purchaser shall (or shall procure that its Affiliate shall), at its own expense, obtain and maintain all Product Licences in the Territory which may from time to time be required by any Regulatory Authority or other Governmental Entity. The Purchaser shall be responsible for responding to all requests for information related to such Product Licences made by, and for making all legally required filings relating to such Product Licences with, any Regulatory Authority or other Governmental Entity having jurisdiction to make such requests or require such filings.

17.2 Without prejudice to the Purchaser's obligations under Clause 17.1, if any Product Licence relating directly to any of the Products is suspended or revoked after the Effective Date, the Purchaser shall promptly notify GSK (and, if applicable, each of the Nominated Manufacturer and the Nominated Supplier) of the event and shall promptly inform GSK of the anticipated impact on the Purchaser's purchases of the affected Product and the Purchaser's general intentions with respect to the affected Product.

18. PRODUCT SPECIFICATIONS

18.1 Subject to the provisions of Clause 2 (*GSK's Obligations*) and unless otherwise required to do so by a Governmental Entity, GSK shall not without the prior written consent of the Purchaser, make any change to the Specifications that might reasonably be expected to impact the Product Licence.

18.2 Each application by GSK for any consent pursuant to Clause 18.1 shall be submitted in writing and assessed by the Purchaser in accordance with the Technical Change Procedure. Any agreed change made under this Clause 18.2 shall be implemented at GSK's cost.

18.3 The Purchaser shall bear the costs of any change to the Specifications or the Manufacturing process required by Applicable Law or a Governmental Entity (including the cost of any write-off in accordance with Clause 19 (*Write Offs*) and/or any related development work in accordance with Clause 3 (*Development Services*)). Notwithstanding the foregoing, if a required change to the Specifications or any Manufacturing process is such that GSK cannot reasonably implement the change without significant interference with its other operations at the Manufacturing Site, the provisions of Clause 32.2 shall apply.

18.4 Prior to implementation of any change referred to in this Clause 18 (*Product Specifications*), the Parties shall agree on a procedure to ensure that the change is approved by the relevant Governmental Entity, and that GSK is given a reasonable period of time to implement any changes which such Governmental Entity may approve.

18.5 All Products Delivered hereunder will be suitably packed for shipment by GSK in accordance with the terms of this Agreement, the Quality Agreement and Applicable Law. Without limiting the foregoing, each Product delivered hereunder will be shipped packaged in containers in accordance with the applicable Specifications or as otherwise agreed by the Parties in writing. Each such container will be individually labeled with a description of its contents, including the manufacturer lot number, quantity of Product, date of Manufacture, required storage conditions and expiration date.

19. WRITE OFFS

19.1 Where:

(A) the Purchaser submits a purchase order for a quantity of Product other than the MOQ (or the MOQ plus one or more IOQs) and GSK agrees to Deliver such quantity;

(B) any changes to the Manufacture of the Products and/or Specification are implemented pursuant to a request of any Regulatory Authority or pursuant to Applicable Law; provided that the foregoing shall be limited to Product deliverable [***];

(C) GSK or the Nominated Manufacturer agrees to any changes requested by the Purchaser in accordance with this Agreement; or

(D) solely in relation to long-lead time Materials and safety stock of Materials held pursuant to Clause 7.5, the quantity requirement for a Product shown for any month in any Forecast Schedule varies from the quantity requirements forecast for that month in any previous Forecast Schedule, [***],

the provisions of Clause 19.2 shall apply.

19.2 Where this Clause 19.2 applies, the Purchaser shall reimburse to GSK or the Nominated Manufacturer the cost of write-off (calculated in accordance with IFRS) of:

(A) Materials reasonably purchased or ordered by GSK or the Nominated Manufacturer in view of quantities indicated in any Forecast Schedule and the terms agreed with the supplier of such Materials, including any applicable minimum order quantity and/or lead times (which may exceed the Firm Zone);

(B) Purchaser Materials reasonably purchased or ordered by GSK or the Nominated Manufacturer in view of quantities indicated in any Forecast Schedule;

(C) safety stock quantities of Materials as required pursuant to Clause 7.5; and

(D) work-in-progress and/or Products Manufactured in light of the quantity requirements shown in the Forecast Schedule (taking due account of the applicable Lead Time),

to the extent that such Materials, Purchaser Materials, work-in-progress and/or Products will not be used:

(i) in the Manufacture of Products to meet Firm Orders (or in the case of certain Materials with long lead times and/or safety stock of Materials held pursuant to Clause 7.5, prior to the Firm Zone); or

(ii) in the case of Materials not used by GSK or the Nominated Manufacturer at the Manufacturing Site exclusively in the Manufacture of Products, in the manufacture at the relevant Manufacturing Site of other products for GSK, its Affiliates or Third Parties,

in each case within the shelf-life of such Materials, Purchaser Materials, work-in-progress or Products, whether as a result of expiry of the Term, termination of this Agreement or otherwise. GSK shall provide the Purchaser with the cost of long-lead time Materials and the associated lead times provided by GSK's supplier. Each of GSK and the Nominated Manufacturer at the Manufacturing Site will use Commercially Reasonable Efforts to use Materials that are not used exclusively in the Manufacture of Products in the manufacture at the relevant Manufacturing Site of other products for GSK, its Affiliates or Third Parties. To the extent that neither GSK nor the Nominated Manufacturer at the Manufacturing Site will be able to use Materials that are not used exclusively in the Manufacture of Products, then, at the election of Purchaser, GSK will (in connection with the write off of such Materials pursuant to this Clause 19.2) allow the Purchaser to collect any such Materials or ship any such Materials to Purchaser (in each case, at Purchaser's cost).

19.3 For the avoidance of doubt, it is acknowledged that Purchaser Materials are held by GSK or the Nominated Manufacturer on a [***] and, accordingly, the cost to GSK or the Nominated Manufacturer of writing off Purchaser Materials will not exceed the cost (if any) incurred by GSK of the Nominated Manufacturer in destroying or otherwise disposing of such Purchaser Materials or in storing such Purchaser Materials pending collection by, or shipment to, the Purchaser (or its designee) from the Manufacturing Site.

20. **REGULATORY COMPLIANCE**

20.1 GSK or the Nominated Manufacturer shall:

(A) provide to the Purchaser all such documents and information available to GSK or the Nominated Manufacturer as may be required by a Regulatory Authority from the Purchaser with respect to the Manufacture of the Product; and

(B) allow such inspections of the Manufacturing Site as may be requested by such Regulatory Authority.

GSK shall notify the Purchaser in writing of the findings of such inspections insofar as they affect the Products or their Manufacture.

20.2 Prior to any Commercial API or Commercial Products being Delivered to Purchaser (including, for clarity, making such Product available for pick-up by the Purchaser (or its designee)), GSK (or the Nominated Manufacturer) shall:

(A) perform batch investigations (if applicable); and

(B) following the testing of such Commercial API or Commercial Products, a review of the relevant batch documentation and confirmation of compliance with cGMP:

(i) issue a Manufacturer's Batch Certificate; and

(ii) perform the technical release of the Product for Delivery to the Purchaser and issue a Certificate of Analysis.

20.3 Each Party shall maintain in accordance with and for the period required under cGMP and Applicable Law all such records relating to the Manufacture and distribution of the Products as it may be required to hold under such Applicable Law.

21. **PRODUCT EVENTS**

21.1 Any and all complaints of which GSK becomes aware relating to the quality or efficacy any Product shall promptly be forwarded to the Purchaser's senior quality officer or that person's designee. The Purchaser shall promptly inform GSK and/or the Nominated Manufacturer of any and all complaints that the Purchaser receives which may relate to manufacturing or other processes at the Manufacturing Site. Notification shall be given by telephone, with a written confirmation immediately following.

21.2 In the event that a Regulatory Authority requires, or the Purchaser decides to initiate, a recall, withdrawal or field correction (each, a **"Product Event"**) with respect to any Product Manufactured and supplied under this Agreement, the Purchaser shall immediately notify GSK and each Party shall fully cooperate with the other Party to implement the same.

21.3 If (and only if and to the extent that) the Product Event is:

(A) required by Applicable Law or customary industry practice; and

(B) necessitated by a failure on the part of GSK to comply with all its obligations under this Agreement,

GSK shall, in addition to any obligations set forth in the Quality Agreement:

(i) replace the Product recalled; or

(ii) (at the Purchaser's election or where it is not reasonably practicable for GSK to replace the Product) refund the Purchaser for the recalled Product; and

(iii) within [***] of receipt of an invoice for the same, reimburse the Purchaser for its reasonable out of pocket expenses incurred in carrying out the Product Event, provided that:

(a) such expenses are evidenced in writing; and

(b) GSK shall not be liable for any costs or expenses arising to the extent of attributable to the acts or omissions of the Purchaser, its Affiliates or its or their distributors, wholesalers or other customers.

Subject to Clause 29 (*Indemnities*) and Clause 30 (*Liability*), the remedy set forth in this Clause 21.3 shall be the Purchaser's sole and complete remedy under this Agreement with respect to any Product Event.

21.4 Subject to Clause 21.3, all costs relating to a Product Event shall be [***]. The Purchaser shall reimburse to GSK all costs and expenses incurred by GSK and its Affiliates in respect of a Product Event within [***] of receipt of an invoice for the same.

21.5 In the event of a dispute between the Parties in relation to the allocation of costs between the Parties in relation to a Product Event in accordance with this Clause 21 (*Product Events*), the matter shall be determined by an Independent Expert and the decision of the Independent Expert shall be final and binding on the Parties. The Independent Expert shall act as an expert and not as an arbitrator and (unless the Independent Expert otherwise determines) its fees shall be borne between the Parties in the same proportion as the costs of the Product Event are allocated between them by the Independent Expert.

21.6 For the avoidance of doubt, any Toll Materials used in the Manufacture of such Commercial Product [***] shall be taken into account in determining [***] in respect of the relevant Reporting Year.

22. PHARMACOVIGILANCE

22.1 If a Party becomes aware of any action that may be or will be taken or required by any Regulatory Authority for safety reasons connected with any product containing the same active substance as the Product, it shall immediately, and in any event not later than [***] after so becoming aware, notify the other Party's senior quality officer in writing and provide all available relevant details.

22.2 Without prejudice to Clause 22.1, GSK shall notify the Purchaser promptly following its receipt of information of a possible Adverse Event with respect to any Product. To the extent an Adverse Event of which the Purchaser becomes aware may relate to manufacturing or other processes at the Manufacturing Site, the Purchaser shall inform GSK of such Adverse Event and shall disclose to GSK any information it has regarding that Adverse Event.

22.3 Upon receipt of notification of a Product complaint and/or Adverse Event in respect of any of the Products, GSK will conduct an internal investigation to determine the validity of such complaint. The findings of such investigation shall be reported in writing to the Purchaser within three (3) Business Days of such finding, or such other time as may be set forth in the Quality Agreement.

23. CONFIDENTIALITY

23.1 All Confidential Information disclosed by a Party (together with its Affiliates, the **"Disclosing Party"**) to the other Party (together with its Affiliates, the **"Receiving Party"**) shall be used by the Receiving Party solely in connection with the activities contemplated by this Agreement, shall be maintained in confidence by the Receiving Party, and shall not otherwise be disclosed by the Receiving Party to any other Person, firm or agency, governmental or private (other than a Party's Affiliates), without the prior written consent of the Disclosing Party.

23.2 The Receiving Party may disclose Confidential Information to (a) its Affiliates, directors, officers, employees, consultants, attorneys, vendors, suppliers, contractors, collaborators and advisors (**"Personnel"**) who have a need to know for the Development, Manufacture, and Commercialisation of Products in accordance with this Agreement, prosecution and maintenance of any Patent or to enforce or exercise rights under this Agreement, including in connection with Regulatory Approval Applications and obtaining Regulatory Approvals or (b) to actual or potential investors, acquirers, permitted licensees/sublicensees and other financial or commercial partners who need to know such Confidential Information in connection with their evaluating or carrying out an actual or potential investment, acquisition, collaboration, public offering, merger or other similar transaction, in each case relating to the Transferred Assets ("**Authorised Third Parties**"), provided that each of GSK and the Purchaser shall:

(A) procure that its Personnel and Authorised Third Parties shall be bound by confidentiality obligations at least as strict as this Clause 23 (*Confidentiality*) (except, in respect of Confidential Information that is not Know-How or Intellectual Property, to the extent that a shorter confidentiality period is customary in the industry); and

(B) each remain liable for the compliance of its Personnel or Authorised Third Parties with the obligations of confidentiality set out in this Clause 23 (*Confidentiality*).

23.3 The obligations of confidentiality set forth in Clauses 23.1 and 23.2 shall not extend to any information which (as evidenced by competent documentation):

(A) was known or used by the Receiving Party prior to its date of disclosure to the Receiving Party;

(B) either before or after the date of the disclosure to the Receiving Party, is lawfully disclosed to the Receiving Party by sources (other than the Disclosing Party) not known by the Receiving Party to be subject to a duty of confidentiality to the Disclosing Party with respect to such Confidential Information;

(C) either before or after the date of the disclosure to the Receiving Party, becomes published or generally known to the public (including information known to the public through the sale of products in the ordinary course of business) through no fault or omission on the part of the Receiving Party or its Affiliates; or

(D) is independently developed by or for the Receiving Party without reference to or reliance upon the Confidential Information.

23.4 Subject to Clause 23.3, the obligations of confidentiality set forth in Clauses 23.1 and 23.2 shall expire

(A) in respect of Confidential Information that is Know-How or Intellectual Property, when such Know-How or Intellectual Property ceases to be confidential; and

(B) in respect of other Confidential Information, [***] after the expiry or termination of this Agreement.

23.5 Clauses 23.1 and 23.2 shall not preclude the Receiving Party from disclosing Confidential Information to the extent the Receiving Party reasonably concludes, after consultation with counsel, that the disclosure of such Confidential Information is necessary (a) to comply with Applicable Laws or any Order, including complying with the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, the rules and regulations of the U.K. Financial Conduct Authority or other applicable securities laws, (b) to defend or prosecute litigation or to comply with governmental regulations, (c) in connection with the filing of documentation in order to obtain or maintain Regulatory Approvals or (d) in connection with any filing with a Governmental Entity with respect to a Patent; provided that, unless prohibited by Applicable Laws or any Order, the Receiving Party provides prior written notice of such disclosure to the Disclosing Party and takes reasonable and lawful actions to avoid and/or minimize the degree of such disclosure.

23.6 Subject to Clauses 23.3, and save to the extent necessary to comply with any continuing obligations under this Agreement or Applicable Law, the Receiving Party shall, upon expiry or termination of this Agreement and at the other Party's request, return or destroy all of the Disclosing Party's Confidential Information which it has in its possession or under its control, provided that:

(A) the Receiving Party may retain one confidential copy in the Receiving Party's confidential files solely for purposes of monitoring compliance with the terms of this Clause 23 (*Confidentiality*); and

(B) nothing in this Clause 23.6 shall require the Receiving Party or its Personnel to delete or otherwise destroy any copies of the Disclosing Party's Confidential Information that is stored in electronic form in back-up archives of its information technology systems that are not accessible to such Personnel in the ordinary course of business.

23.7 For clarity, the provisions of this Clause 23 (*Confidentiality*) shall not prejudice the rights or obligations of either Party (or their respective Affiliates) under the Purchase Agreement.

CERTAIN CONFIDENTIAL INFORMATION CONTAINED IN THIS DOCUMENT, MARKED BY [***], HAS BEEN OMITTED BECAUSE DERMAVANT SCIENCES LTD. HAS DETERMINED THE INFORMATION (I) IS NOT MATERIAL AND (II) WOULD LIKELY CAUSE COMPETITIVE HARM TO DERMAVANT SCIENCES LTD. IF PUBLICLY DISCLOSED.

24. **FORCE MAJEURE**

24.1 If any Force Majeure Event occurs in relation to either Party which affects or may affect the performance of any of its obligations under this Agreement, it shall notify the other Party as soon as practicable as to the nature and extent of the circumstances in question.

24.2 The Affected Party shall not be deemed to be in breach of this Agreement, and shall not otherwise be liable to the other Party, by reason of any delay in performance, or the non-performance of any of its obligations under this Agreement, to the extent that the delay or non-performance is due to any Force Majeure Event, and the time for performance of that obligation shall be extended accordingly.

24.3 If the performance by the Affected Party of any of its obligations under this Agreement is prevented or delayed by a Force Majeure Event for a continuous period in excess of [***], the Parties shall enter into bona fide discussions with a view to alleviating its effects, or to agreeing upon such alternative arrangements as may be fair and reasonable in the circumstances.

24.4 If the Affected Party is prevented or delayed from performance of any of its obligations under this Agreement by a Force Majeure Event for [***] or more, the other Party shall in its discretion have the right to terminate this Agreement with immediate effect by giving written notice to the Affected Party.

25. **CAPACITY CONSTRAINTS**

25.1 If GSK or the Nominated Manufacturer is unable to Manufacture the quantities of Products forecasted or ordered by the Purchaser due to:

(A) shortages of Materials that are used both in the Manufacture of Products and in the manufacture of products for the GSK Group or its Third Party customers; or

(B) constraints on the capacity at:

(i) the Manufacturing Site; or

(ii) any manufacturing site operated by the GSK Group at which any Materials are manufactured,

(the **"Affected Site"**), in each case including as a result of any repair or remediation being required in respect of the Affected Site or any equipment at the Affected Site that is used in the Manufacture of Products or Materials (as applicable), and provided that such capacity constraints are outside of the reasonable control of GSK or any of its Affiliates,

then, without prejudice to Clause 24 (*Force Majeure*), Clauses 25.2 and 25.3 shall apply.

25.2 In the circumstances contemplated by Clause 25.1, GSK shall (or shall procure that its Affiliate shall), subject to Clause 25.5, allocate the available Materials, or available capacity at the Affected Site, between:

(A) the Products;

(B) products manufactured by the GSK Group for Commercialisation by the GSK Group that rely on the same Materials or Affected Site; and

(C) products manufactured by the GSK Group for Commercialisation by its Third Party customers that rely on the same Materials or Affected Site,

(collectively, the **"Affected Products"**) in a fair and reasonable manner as if all Affected Products were to be Commercialised by and for the sole benefit of the GSK Group, taking account of all relevant factors, including the indications of each Affected Product, the risk and likely duration of any stock out of each Affected Product, the availability in the relevant jurisdiction of alternatives to each Affected Product and whether or not each Affected Product is medically critical (the **"Allocation"**).

25.3 In the circumstances contemplated by Clause 25.1:

(A) the Purchaser shall, on request, provide GSK or its Affiliate with such information as GSK or its Affiliate may reasonably require in order to determine the Allocation in accordance with Clause 25.2;

(B) notwithstanding anything to the contrary in Clause 10 (*Product Forecasts and Orders*), each Firm Order shall be deemed to be revised (as to quantities of Products and/or Delivery dates, as applicable) to the extent necessary to accord with the Allocation (and the Purchaser shall be deemed to agree with such revision); and

(C) if any such Technology Transfer has been initiated in respect of Commercial Products pursuant to a provision of Clause 31.1, no additional Technology Transfer in respect of Commercial Products may subsequently be initiated or required pursuant to the same or any other provision of Clause 31.1 (but this is without prejudice to the Purchaser's rights to implement a Technology Transfer in respect of Commercial API pursuant to any provision of Clause 31.1).

In the event that GSK assigns or novates this Agreement to a Third Party purchaser of the Manufacturing Site, then at any time in the [***] period commencing on the date on which GSK notifies the Purchaser of such assignment or novation, the Purchaser shall have the right to elect in writing to:

37.5 The Purchaser shall be entitled at any time by notice in writing to GSK:

(A) to assign in whole (but not in part) the benefit of, or its rights and benefits under; or

(B) to novate in whole (but not in part) the benefit and burden of, or its rights, benefits, obligations and burdens under,

this Agreement to (i) any Affiliate; or (ii) a Third Party purchaser of all or substantially all of the business or assets of the Purchaser to which this Agreement relates, provided that in the absence of a novation, the Purchaser shall remain liable to GSK in its capacity as principal obligor. In the event that the Purchaser assigns or novates this Agreement to a Third Party purchaser of all or substantially all of the business or assets of the Purchaser to which this Agreement relates, then at any time in the six (6) month period commencing on the date on which the Purchaser notifies GSK of such assignment or novation, GSK shall have the right to elect in writing to terminate this Agreement with effect from the later of (1) the date of such election in writing and (2) the effective date of such assignment or novation.

37.6 Following any assignment or novation pursuant to Clause 37.5, all references in this Agreement to the Purchaser shall be deemed, where appropriate, to include the Purchaser's assigns.

37.7 GSK shall, on being required to do so by the Purchaser, execute or procure the execution of all documents which the Purchaser may reasonably consider necessary to effect the novation (in whole) of this Agreement pursuant to Clause 37.5.

38. **SUB-CONTRACTORS**

38.1 GSK may sub-contract the performance of:

(A) any of its obligations under this Agreement to an Affiliate (including any Affiliate appointed to act as Nominated Manufacturer or Nominated Supplier); and/or

(B) any of its obligations under this Agreement in relation to the Manufacture of Commercial API (and any Development Services or capital work related to such Manufacture) to the relevant Nominated Manufacturer; and/or

(C) any of its obligations under this Agreement in relation to the Manufacture of Commercial Products (and any Development Services or capital work related to such Manufacture) to the relevant Nominated Manufacturer.

38.2 For the avoidance of doubt, if GSK appoints a sub-contractor to perform its obligations in accordance with this Clause 38 (*Sub-Contractors*), GSK shall remain liable to the Purchaser for the performance of all its obligations and for any act or omission under this Agreement of such sub-contractor in the performance of such obligations.

39. **ENTIRE AGREEMENT**

This Agreement, including the Schedules, and the Purchase Agreement represent the entire agreement and understanding between the Parties and supersedes all prior agreements between the Parties with respect to its subject matter and constitutes a complete and exclusive statement of the terms of the agreement between the Parties with respect to its subject matter. This Agreement may not be amended or modified except by a written agreement duly executed by each of the Parties hereto pursuant to Clause 41.

40. **SEVERABILITY**

If any provision of this Agreement is held invalid or unenforceable by any court of competent jurisdiction, the other provisions of this Agreement will remain in full force and effect. Any provision of this Agreement held invalid or unenforceable only in part or degree will remain in full force and effect to the extent not held invalid or unenforceable.

41. **VARIATION, WAIVER AND AMENDMENT**

41.1 A variation of or amendment to this Agreement shall be in writing and signed by or on behalf of each Party.

41.2 Any waiver of any right in connection with this Agreement:

(A) is only effective if it is in writing, refers expressly to this Clause 41 (*Variation, Waiver and Amendment*) and is signed by the waiving Party; and

(B) applies only in the circumstances for which it is given and shall not prevent the Party who has given the waiver from subsequently relying on the provision it has waived.

41.3 No failure to exercise or delay in exercising any right or remedy provided under or in connection with this Agreement or by any Applicable Law constitutes a waiver of such right or remedy or shall prevent any future exercise in whole or in part thereof. The waiver of a right to require compliance with any provision of this Agreement in any instance shall not operate as a waiver of any further exercise or enforcement of that right and the waiver of any breach shall not operate as a waiver of any subsequent breach.

41.4 No single or partial exercise of any right or remedy under this Agreement shall preclude or restrict the further exercise of any such right or remedy.

41.5 Unless specifically provided otherwise, rights arising under this Agreement are cumulative and do not exclude rights provided by any Applicable Law.

42. **COUNTERPARTS**

This Agreement and any amendment hereto may be executed in any number of counterparts, each of which when executed and delivered shall be deemed to be an original and all of which counterparts taken together shall constitute but one and the same instrument. The exchange of copies of this Agreement or amendments thereto and of executed signature pages by facsimile transmission or by email transmission in portable document format (PDF), or similar format, shall constitute effective execution and delivery of such instrument(s) as to the Parties and may be used in lieu of the original Agreement or amendment for all purposes. Signatures of the Parties transmitted by facsimile or by email in portable document format (PDF), or similar format, shall be deemed to be their original signatures for all purposes.

43. **NO SET OFF**

Unless and to the extent expressly stated otherwise in this Agreement, neither Party shall be entitled to set off against any sum owed by that Party or its Affiliates any sum owed by the other Party or its Affiliates.

44. **LANGUAGE**

44.1 Any notice given under or in connection with this Agreement shall be in English. Any document provided in connection with this Agreement shall be provided in English or provided with a certified English translation. If there is any inconsistency between the English version of this Agreement and any version in any other language, the English version prevails.

44.2 If Applicable Law requires this Agreement to be executed in a language other than English, or if Applicable Law requires a Party to submit to any Governmental Entity a translation of this Agreement into a language other than English:

(A) the Purchaser shall procure, at its own cost and expense, a translation of this Agreement; and

(B) GSK shall, at its own cost and expense, in good faith and acting reasonably, review and endeavour to agree the accuracy of that translation.

44.3 If the Parties are unable to agree the accuracy of a translation prepared pursuant to Clause 44.2, that dispute shall be resolved by an Independent Expert and the decision of the Independent Expert shall be final and binding on the Parties. The Independent Expert's fees shall be borne by the Party against whom the Independent Expert's decision is given.

44.4 The Parties shall not execute a translation of this Agreement or (as the case may be) submit a translation of this Agreement to any Governmental Entity until such translation has been agreed by the Parties (or the matter has been determined by the Independent Expert).

44.5 Notwithstanding any requirement under Applicable Law for this Agreement to executed in a language other than English, the Parties shall in any event execute one or more counterparts of this Agreement in the English language and:

(A) any copy of this Agreement that is executed in a translation that has been agreed between the Parties (or determined by the Independent Expert) shall be deemed to be an additional counterpart of this Agreement for the purposes of Clause 42 (*Counterparts*); and

(B) as between the Parties, in the event of any conflict or inconsistency between the English language version of this Agreement and any translation of this Agreement, the provisions of the English language version shall prevail.

45. NO COMPENSATION

Without prejudice to any remedies for breach or Clause 33 (*Consequences of Expiry or Termination*), no compensation, whether for loss of profit or otherwise, shall be payable to either Party by virtue of the expiry or termination of this Agreement.

46. DISPUTE RESOLUTION

46.1 The provisions of this Clause 46 (*Dispute Resolution*) shall not apply in relation to any dispute arising under any of Clauses 16.3, 21.5 and 44.3. Each such dispute shall be determined by an Independent Expert in accordance with the provisions of the applicable Clause.

46.2 Subject to Clause 46.1, each Party shall use its reasonable endeavours to resolve any dispute or difference arising out of or in connection with this Agreement (a **"Dispute"**) by prompt discussion in good faith at a managerial level appropriate to the Dispute in question. This discussion shall be a pre-condition to the commencement of legal Proceedings before any court. This procedure shall be invoked by either Party giving notice to the other setting out the issues in the Dispute and referring to this Clause 46 (*Dispute Resolution*) and, unless the Parties agree otherwise, shall be treated as having been exhausted if the Dispute has not been resolved within [***] after the giving of the notice.

46.3 Subject to Clause 46.4, nothing in Clause 46.2 precludes any Party from commencing or continuing Proceedings in any court at any time:

(A) for an interim order to restrain any other Party from doing any act or compelling any other Party to do any act; or

(B) for a judgment for a liquidated sum to which there is no arguable defence; or

(C) the purpose of which is to prevent a claim from becoming time-barred due to the expiry of any statutory or contractual limitation period.

46.4 Clause 46.3 shall not permit any Party to continue any court Proceedings without compliance with Clause 46.2:

(A) if the Proceedings were commenced in reliance upon Clause 46.3(A), once the court has ordered, or the Parties have agreed in writing, that the defendant should have permission to defend; or

(B) if the Proceedings were commenced in reliance upon Clause 46.3(C), once the Proceedings have been issued and served, and the defendant has acknowledged service.

47. **GOVERNING LAW AND JURISDICTION**

47.1 This Agreement and its negotiation, execution, performance or non-performance, interpretation, termination, construction and all claims or causes of action (whether in contract, in tort, at law, or otherwise) that may be based upon, arise out of, or relate to this Agreement or the transactions contemplated hereby (including any claim or cause of action based upon, arising out of or related to any representation or warranty made in connection with this Agreement or as an inducement to enter this Agreement), shall be exclusively governed by, and construed in accordance with, the laws of the State of Delaware regardless of laws that might otherwise govern under any applicable conflict of laws principles.

47.2 Each Party hereby irrevocably submits to the exclusive jurisdiction of the Delaware courts in relation to all matters, whether contractual or non-contractual, arising out of or in connection with this Agreement or its negotiation, existence, validity or enforceability. Any Proceeding concerning such matters shall be brought only in the Delaware courts. Each Party hereby waives (and agrees not to raise) any objection, on the ground of forum non conveniens or on any other ground, to the taking of Proceedings in the Delaware courts.

47.3 Each Party undertakes not to contest the enforcement against it of any judgment of the Delaware courts in Proceedings on the ground that those courts did not have jurisdiction over it.

[*The signatures follow on the next page.*]

IN WITNESS of which each Party has caused this Commercial Manufacturing and Supply Agreement in respect of Tapinarof to be duly executed by its duly authorised representative in a manner binding upon it on the day and year first before written.

SCHEDULE 2
SCOPE OF WORK FOR DEVELOPMENT SERVICES

Each Scope of Work describes the activities and deliverables contemplated by the Parties for the applicable Development Services, together with the timeline for the performance or delivery of those Development Services.

1. General assumptions

In addition to any specific assumptions set forth in a Scope of Work for the applicable Development Services, the following assumptions apply generally to all Development Services undertaken pursuant to or in connection with such Scope of Work:

1.1 Where applicable, GSK or its Affiliate will perform the Development Services set forth in a Scope of Work in accordance with, and subject to, the GSK Group's policies and standard operating procedures and Applicable Law.

1.2 The Price payable by the Purchaser under a Scope of Work includes [***]. Unless otherwise provided in a Scope of Work, Development Services shall be charged at the defined FTE Rate set forth in Schedule 4 (*Fees*) together with all of GSK's direct costs and expenses for such Development Services and, if applicable, a management fee. Any Manufacturing required to support Development Services under a Scope of Work will be charged at an agreed per batch cost (inclusive of an appropriate manufacturing margin) as set forth in the applicable Scope of Work.

1.3 GSK or its Affiliates shall invoice the Purchaser in accordance with Clause 13 (*Invoice and Payment*) on a monthly basis (or on such other basis as may be agreed in the relevant Scope of Work). GSK shall notify the Purchaser in writing of the completion of the relevant Development Service. The Purchaser must notify GSK of its approval of such Development Service and any related deliverables in writing within [***] of receipt of the notification of completion of such Development Service. GSK shall not be obliged to proceed with any activities for subsequent Development Services (if any) prior to receiving in writing the Purchaser's approval and acceptance of each preceding Development Service and related deliverables (if any), unless otherwise agreed between the Parties.

1.4 In the event that any dispute or difference arises out of or in connection with the performance of a Development Service under a Scope of Work and the Purchaser does not give its acceptance in respect of a Development Service and any related deliverables in accordance with paragraph 1.3 above (a **"Service Dispute"**), each Party shall use its reasonable endeavours to resolve any such Service Dispute by prompt discussion in good faith at a managerial level appropriate to the Service Dispute in question. This procedure shall be invoked by either Party giving notice to the other setting out the issues in the Service Dispute and referring to this paragraph and, unless the Parties agree otherwise, shall be treated as having been exhausted if the Service Dispute has not been resolved within [***] after the giving of the notice. If the Service Dispute is treated as having been exhausted, GSK may terminate the relevant Scope of Work with immediate effect.

1.5 Neither GSK nor any of its Affiliates shall support any development work or undertake any capital expenditure in respect of the performance of the Development Services or the Manufacture of the Products under this Agreement. If any capital expenditure is identified during the Term as being required in respect of the Development Services or the Products, the Parties shall discuss and agree in writing what is required and the expenditure shall be borne by the Purchaser. In the event that the Purchaser fails to pay any sum in respect of capital expenditure for which it is to bear the cost pursuant to this paragraph 1.5, neither GSK nor its Affiliates shall bear any liability under this Agreement for any breach of its terms resulting from any failure to undertake, or delay in undertaking, such capital expenditure or any consequential failure to Manufacture (or delay in Manufacturing) the Products pursuant to this Agreement.

In this Schedule 3 (*Toll Manufacture Provisions*), unless otherwise specified, any reference to a paragraph is to a paragraph of this Schedule 3 (*Toll Manufacture Provisions*).

2. USE OF TOLL MATERIALS

2.1 Title to the Toll Materials, that part of any work-in-progress containing the Toll Materials (**"WIP"**) and that part of Commercial Products containing the Toll Materials shall at all times remain with and vest in the Purchaser. GSK or the Nominated Supplier shall use such Toll Materials, WIP and Commercial Products solely for the purposes of this Agreement.

2.3 The Toll Materials, WIP and Commercial Products shall at all times be stored separately from (but may be stored in the same warehouse or other facility as) other goods and merchandise in the possession of GSK or the Nominated Supplier and the containers holding the Toll Materials, WIP and Commercial Products shall be clearly marked in such a way as to identify that they are owned by the Purchaser or for use only for the Purchaser.

3. LOSS AND RECONCILIATION OF TOLL MATERIALS

3.1 The Parties agree that the Expected Loss in respect of each Commercial Product shall be no higher than [***] and, as soon as there is sufficient experience of commercial manufacture of Commercial Products for the Expected Loss to be more precisely determined, the Parties shall agree the actual percentage of Expected Loss through the Joint Steering Team, provided that, for clarity, such percentage shall never be higher than [***]. The Expected Losses identify in percentage terms the proportion of each Toll Material reasonably expected to be lost in the Manufacture of the relevant Commercial Product(s), including in the event of a batch rejection. The Expected Losses take into account GSK's and the Nominated Supplier's requirements to retain samples of the Toll Materials and/or Commercial Products in accordance with Applicable Law. The Expected Losses shall be applicable throughout the Term unless otherwise mutually agreed by the Parties.

3.2 GSK shall report quarterly to the Purchaser and/or its Affiliate on the usage of each Toll Material it achieves, in order for the Parties to calculate the actual usage achieved by GSK and the Nominated Supplier, and for this purpose shall provide to the Purchaser by the end of the month following each Calendar Quarter Day and the date of termination or expiry of this Agreement a reconciliation report (in respect of the previous Calendar Quarter or period and Reporting Year to date) in such format as the Parties may agree showing:

(A) the opening quantities of each Toll Material held by GSK or the Nominated Supplier at the start of the Calendar Quarter;

(B) the receipts of each Toll Material from the Purchaser (or its Affiliate) during that Calendar Quarter;

(C) the actual usage of each Toll Material during that Calendar Quarter and during that Reporting Year through the end of such Calendar Quarter in the Manufacture of Commercial Products and the quantities of Commercial Products Manufactured; and

(D) the stock of each Toll Material and related WIP and Commercial Products containing the same, held by GSK or the Nominated Supplier remaining unprocessed or not yet Delivered to the Purchaser or its Affiliate at the end of such Calendar Quarter;

provided that the first such report in respect of each Commercial Product shall relate to the period commencing on the Effective Date and ending on the first Calendar Quarter Day falling at least one (1) month after the Effective Date.

3.3 On the last Business Day of the month following the end of each Reporting Year during the Term (including following the final Reporting Year of the Term), the Parties shall calculate the Reconciliation Value for the Reporting Year just ended as follows:

[***]

3.4 If the Reconciliation Value is positive, GSK shall reimburse the Purchaser (or its Affiliate) for such Reconciliation Value.

3.5 If the Reconciliation Value is negative, such Reconciliation Value shall be carried forward to the next Reporting Year and used in calculating the subsequent Reconciliation Value in accordance with the formula set forth at paragraph 3.3.

3.6 For the purposes of the calculation in paragraph 3.3, the loss of any of the Toll Materials that are Defective (other than as a result of any negligent act or omission of GSK or its Affiliates following Delivery of such Toll Materials) or written off pursuant to Clause 19 (*Write Off Costs*) and paragraph 5 (*Supplementary Write Off Provisions*) shall be disregarded.

4. REQUIREMENTS FOR TOLL MATERIALS

4.1 On the [***] of each calendar month (or on such other Business Day during each month as may be agreed), GSK shall notify the Purchaser of its requirements for Toll Materials based on the Forecast Schedule and the applicable Lead Time for the relevant Commercial Product.

4.2 GSK shall be released of its obligations to supply the relevant Commercial Product to the Purchaser to the extent that the quantity of Toll Materials in its possession is not sufficient to Manufacture such Commercial Product (other than as a result of GSK's failure to comply with its obligations in respect of any agreed Manufacture of Commercial API).

5. SUPPLEMENTARY WRITE OFF PROVISIONS

For the avoidance of doubt, in determining any sum to be reimbursed by the Purchaser (or its Affiliate) to the GSK Group pursuant to Clause 19 (*Write Off Costs*), the cost to the GSK Group of any Toll Materials required to be written off shall be [***].

"***U.S. Person***" means any Person that is a "United States Person" as defined in Section 7701(a)(30) of the Code.

"***U.S. Psoriasis Approval***" has the meaning set forth in Section 4.1(a)(ii)(1) (AD Payments).

ARTICLE II

SCOPE OF AGREEMENT AND CLOSING DELIVERABLES

2.1 Subject to the terms and conditions hereof, solely with respect to the Program, NovaQuest shall pay Dermavant the NovaQuest Expense-Sharing Payment in exchange for the Quarterly Interest Payments and the right to receive Sales Milestone Interest Payments (when and if earned) from Dermavant as set forth herein.

2.2 Dermavant accepts and acknowledges that NovaQuest is agreeing, on the terms and conditions set forth in this Agreement, only to make the NovaQuest Expense-Sharing Payment and is not assuming any liability or obligation of Dermavant.

2.3 Closing. The closing of the transactions contemplated by this Agreement (the "***Closing***") will take place promptly (and in any event within two Business Days) following satisfaction of the conditions set forth in Section 2.4 (Closing Conditions). At the Closing, (a) NovaQuest will deliver the NovaQuest Expense-Sharing Payment and (b) Dermavant and NovaQuest will each deliver duly executed copies of the Security Agreements and [***].

2.4 Closing Conditions.

(a) Dermavant Closing Conditions. Dermavant's obligation to consummate the transactions under this Agreement as contemplated at Closing shall be subject to the satisfaction of the following Closing conditions:

(i) NovaQuest shall have delivered an Officer's Certificate, executed by an officer of NovaQuest, certifying that the representations and warranties set forth in Section 7.2 are true and correct in all material respects as of the Closing Date (except with respect to representations and warranties qualified by the term "material," which representations and warranties shall be true and correct in all respects as of the Closing Date); and

(ii) The "Closing" of the APA (as defined in the APA) shall have occurred.

(b) NovaQuest Closing Conditions. NovaQuest's obligation to consummate the transactions under this Agreement as contemplated at Closing, including the funding of the NovaQuest Expense-Sharing Payment, shall be subject to the satisfaction of the following Closing conditions:

(i) Dermavant shall have delivered an Officer's Certificate, executed by an officer of Dermavant, certifying that: (x) Dermavant has complied in all material respects with the covenants set forth in Section 8.5 (Interim Covenants), and (y) the representations and warranties set forth in Section 7.1 are true and correct in all material respects as of the Closing Date (except with respect to representations and warranties qualified by the term "material" or Material Adverse Effect, which representations and warranties shall be true and correct in all respects as of the Closing Date); and

(ii) The "Closing" of the APA (as defined in the APA) shall have occurred.

ARTICLE III

DEVELOPMENT AND COMMERCIALIZATION

3.1 Performance of Development Plan and Commercialization Obligations.

(a) Development Diligence.

(i) Diligence. Dermavant shall, and shall ensure that each Responsible Party shall, use Commercially Reasonable Efforts to perform all activities described in the Development Plan, and to otherwise Develop the Product, in a manner that is (A) consistent with the Development Plan and (B) intended to ensure that Dermavant is reasonably likely to obtain Marketing Approval in the U.S. by the date set forth in the Development Plan. Dermavant shall submit all Marketing Approval Support Documents to Regulatory Authorities in the United States on or before the date that is [***] after Successful Completion; provided, however, that Dermavant shall be permitted to delay the submission of the Marketing Approval Support Documents for the first Indication for which it has achieved Successful Completion if it reasonably determines that it would be feasible to file the Marketing Approval Support Documents for both Indications at substantially the same time and thereby achieve substantially the same targeted approval dates.

(ii) Amendments to Development Plan. In the event that Dermavant desires to amend the Development Plan in any material respect, it shall notify NovaQuest in reasonable detail of the proposed amendment (the "***Proposed Amendment Notice***"). During the [***] period following NovaQuest's receipt of a Proposed Amendment Notice, NovaQuest shall notify Dermavant that the amendment described in such Proposed Amendment Notice either (i) does not constitute a material amendment to the Development Plan, in which case Dermavant shall be free to amend the Development Plan as described in the Proposed Amendment Notice or (ii) constitutes a material amendment to the Development Plan, in which case Dermavant shall not amend the Development Plan without NovaQuest's prior written consent, which consent shall not be unreasonably withheld, conditioned or delayed; provided, however, that NovaQuest's consent for an amendment shall not be required if such amendment is being made pursuant to the recommendation or direction of the FDA that is either conveyed in writing or conveyed orally and subsequently confirmed in writing (e.g., documented in FDA meeting minutes); and provided, further, that if Dermavant amends the Development Plan in a manner that is inconsistent with this Section 3.1(a)(ii) (Amendments to Development Plan), such amendment shall be deemed to constitute a termination due to a reason other than for a Technical Failure of the applicable Indication (for clarity, such termination is solely with respect to the Indication that is affected by the Proposed Amendment Notice). For the purposes of this Section 3.1(a)(ii) (Amendments to Development Plan), a "material" amendment to the Development Plan shall be an amendment that, either alone or together with one or more other amendments, would reasonably be expected to (I) delay the receipt of Marketing Approval of either Indication in the U.S. by more than [***] from the projected approval date set forth in the Development Plan (as amended), or (II) result in a Material Adverse Effect.

(b) Commercialization Diligence. Dermavant shall, and shall ensure that each Responsible Party shall, use Commercially Reasonable Efforts to Commercialize the Product in the United States and each other jurisdiction in which Marketing Approval has been obtained and for each Indication for which Marketing Approval has been obtained, in each case taking into account the CRE Considerations.

3.2 **Program Termination.** Dermavant shall not, and shall ensure that no Responsible Party shall, suspend or terminate the Program during the Term for any reason (including a commercially reasonable reason), except that Dermavant may: (y) terminate the Program for Technical Failure only in accordance with this Section 3.2 (Program Termination) or (z) effect a Non-Technical Termination only in accordance with this Section 3.2 (Program Termination). For the avoidance of doubt, suspension or termination of the Program other than in accordance with this Section 3.2 (Program Termination) shall be deemed a material breach of this Agreement by Dermavant.

(a) Termination for Technical Failure. In the event Dermavant reasonably and in good faith believes a Technical Failure has occurred, it shall provide to NovaQuest [***] notice of the same setting forth the details and evidence of the purported Technical Failure ("***Technical Failure Notice***"). Promptly following the delivery of a Technical Failure Notice, the

Parties (including, at a minimum, each Party's Senior Officer and Primary Contact) will meet in person to review and discuss the purported Technical Failure and the possible termination of the Program, and Dermavant will reasonably consider NovaQuest's feedback with respect to the Technical Failure. Dermavant will keep NovaQuest informed of any material decision-making process regarding such termination. In the event that Dermavant decides, after reasonably considering NovaQuest's feedback, to terminate the Program for Technical Failure, Dermavant shall promptly deliver written notice of the same to NovaQuest (the "***Termination Notice***"). Dermavant shall not delay delivery of a Termination Notice so as to reduce the amount of any Technical Failure Termination Payment payable pursuant to Section 3.2(c)(ii) (Effect of Program Termination).

(b) Non-Technical Termination. The Parties acknowledge and agree that termination of the Program with respect to both Indications for any reason (even a commercially reasonable reason) other than a Technical Failure shall be a "***Non-Technical Termination***". (For clarity, any termination with respect to only a single Indication due to any reason other than a Technical Failure shall not be a Non-Technical Termination.) Upon the occurrence of a Non-Technical Termination, Dermavant shall (i) promptly notify NovaQuest of such termination and (ii) within [***] of the date of termination or deemed Non-Technical Termination under this Section 3.2(b) (Non- Technical Termination), pay NovaQuest the Non-Technical Termination Payment. A Non- Technical Termination shall be deemed to have occurred if: (A) there has been no Technical Failure with respect to both Indications, and (B) Dermavant and its Responsible Parties fail, for at least [***], to use Commercially Reasonable Efforts to actively and materially engage in the Development of the Product in a manner consistent with Dermavant's obligations hereunder to Develop the Product (a "***Deemed Non-Technical Termination***"). If NovaQuest provides notice to Dermavant of a Deemed Non-Technical Termination, such Deemed Non-Technical Termination shall be effective [***] from the date of such notice unless during such [***] period Dermavant reasonably demonstrates that it is using Commercially Reasonable Efforts to Develop the Product in a manner consistent with its obligations hereunder.

(c) Effect of Program Termination. In addition to any other rights, remedies, or obligations set forth herein:

(i) if Dermavant terminates the Program with respect to either Indication or both Indications for any reason, then, in addition to any other rights, remedies, or obligations set forth herein, Dermavant's payment obligations pursuant to ARTICLE IV (Dermavant's Payments) shall survive such that if Dermavant resumes the Program within [***] with respect to a previously terminated Indication, Dermavant will thereafter be obligated to make payments to NovaQuest pursuant to Section 4.1(a)(Quarterly Interest Payments) if, as and when they accrue and become due with respect to such previously terminated Indication (which payments shall be offset dollar-for-dollar by an amount equal to any termination fees paid to NovaQuest pursuant to Section 3.2(c)(ii) (Effect of Program Termination) or Section 3.2(c)(iii) (Effect of Program Termination)); and

(ii) if Dermavant terminates the Program for Technical Failure pursuant to Section 3.2(a) (Termination for Technical Failure), Dermavant shall pay NovaQuest a payment (the "***Technical Failure Termination Payment***") within [***] of the date on which the Termination Notice is delivered, which Technical Failure Termination Payment shall be calculated as follows:

[***,]

[***] For the avoidance of doubt, if one Indication experiences a Technical Failure at a time while Dermavant is continuing to Develop the Product for the other Indication, then there shall not be a deemed termination of the Program for a Technical Failure unless and until Dermavant ceases Development of the second Indication, at which time a Termination Notice shall be delivered and the applicable payment set forth under this Section 3.2(c)(ii) shall be due.

(iii) Following the occurrence of a Non-Technical Termination pursuant to Section 3.2(b) (Non-Technical Termination), Dermavant shall, within [***] of the date of the Non-Technical Termination, pay NovaQuest a Non-Technical Termination Payment.

(iv) For the avoidance of doubt, if Dermavant makes either a Non-Technical Termination Payment or a Technical Failure Termination Payment and subsequently resumes the Program for either Indication, then in no event shall the re-termination of such Program result in any additional payments under Section 3.2(c) (Effect of Program Termination).

ARTICLE IV

DERMAVANT'S PAYMENTS

4.1 **Quarterly Interest Payments; Sales Milestone Interest Payments; Net Sales Reports.**

(a) Quarterly Interest Payments.

(i) AD Payments.

(1) Dermavant will pay NovaQuest [***] or [***] Quarterly Interest Payments (each such payment, an "***AD Milestone Payment***") as follows: (A) within [***] of a Responsible Party's first receipt of Marketing Approval of the Product in the United States for the AD Indication ("***U.S. AD Approval***"); (B) on the [***] of the Fiscal Quarter immediately following the date of U.S. AD Approval; and (C) on the [***] of (X) each of the succeeding [***] Fiscal Quarters or, (Y) in the event of a termination of the Program solely with respect to the Psoriasis Indication due to an event other than for a [***], each of the succeeding [***] Fiscal Quarters; provided, however, that, solely in the case of clause (Y), each Sales Milestone Interest Payment paid to NovaQuest (up to an aggregate of [***]

[***]) shall be credited against (and deemed a prepayment of) each Quarterly Interest Payment otherwise owed in reverse chronological order, such that, the final Quarterly Interest Payments owed pursuant to clause (Y) of this Section 4.1(a)(i) are deemed discharged on account of the prior payment of the Sales Milestone Interest Payment. For clarity, Dermavant shall pay NovaQuest [***] AD Milestone Payments if there is no termination of the Program solely with respect to the Psoriasis Indication or Dermavant shall pay NovaQuest [***] AD Milestone Payments if there is a termination of the Program solely with respect to the Psoriasis Indication and due to an event other than for a [***]. The maximum number of AD Milestone Payments due hereunder (i.e., [***] or [***], as applicable) shall be referred to herein as the "***Maximum Number of AD Milestone Payments***".

Upon the occurrence of Marketing Approval Revocation/Withdrawal applicable to the AD Indication, the total number of quarterly AD Milestone Payments due under this Section 4.1(a)(i)(1) (AD Payments) shall be reduced to the number of AD Milestone Payments received by NovaQuest as of the date of such Marketing Approval Revocation/Withdrawal. In the event that such Marketing Approval is reinstated (or the equivalent concept in a jurisdiction) in any jurisdiction following such Marketing Approval Revocation/Withdrawal and prior to the expiration of the Measurement Period, then the number of AD Milestone Payments due under this Section 4.1(a)(i)(1) (AD Payments) shall be restored to the Maximum Number of AD Milestone Payments that would have been due and payable immediately prior to the occurrence of Marketing Approval Revocation/Withdrawal (i.e., either [***] or [***]), minus any payments made prior to Marketing Approval Revocation/Withdrawal. If such Marketing Approval is reinstated as set forth above, then Dermavant shall re-commence payment of the AD Milestone Payments on the first day of each of the succeeding Fiscal Quarters following reinstatement until NovaQuest has received, in the aggregate, the Maximum Number of AD Milestone Payments (i.e., either [***] or [***], as applicable), inclusive of any payments made prior to such Marketing Approval Revocation/Withdrawal.

(2) During the period commencing on the E.U. AD Milestone Payment Trigger Date and continuing until the earliest of the date of U.S. AD Approval, payment of the Non-Technical Termination Payment in accordance with Section 3.2(c)(iii) or Marketing Approval Revocation/Withdrawal, Dermavant will pay NovaQuest [***)] E.U. AD Payments as follows: (A) within [***] following the E.U. AD Milestone Payment Trigger Date; (B) on the [***] day of the Fiscal Quarter immediately following the date of E.U. AD Milestone Payment Trigger Date; and (C) on the [***] day of each of the succeeding [***] Fiscal Quarters. "***E.U. AD Payment***" means an amount equal to [***] of the Quarterly Interest Payment.

(3) During the period commencing on the Japan AD Milestone Payment Trigger Date and continuing until the earliest of the date of U.S. AD Approval, payment of the Non-Technical Termination Payment in accordance with Section 3.2(c)(iii) or Marketing Approval Revocation/Withdrawal, Dermavant will pay NovaQuest [***] Japan AD Payments as follows: (A) within [***] following the Japan AD Milestone Payment Trigger Date; (B) on the [***] day of the Fiscal Quarter immediately following the date of Japan AD Milestone Payment Trigger Date; and (C) on the [***] day of each of the succeeding [***] Fiscal Quarters. "***Japan AD Payment***" means an amount equal to [***] of the Quarterly Interest Payment.

(4) Dermavant may credit E.U. AD Payments and Japan AD Payments paid to NovaQuest against any interest payments due pursuant to Section 4.1(a) (regardless of the Indication to which such payments relate). Additionally, Dermavant may also credit any Non-Technical Termination Payment paid to NovaQuest against any E.U. AD Payments and Japan AD Payments otherwise payable in accordance with this Section 4.1(a)(i).

(ii) Psoriasis Payments.

(1) Dermavant will pay NovaQuest a total of [***] Quarterly Interest Payments (each such payment, a "***Psoriasis Milestone Payment***") as follows: (A) within [***] of a Responsible Party's first receipt of Marketing Approval in the United States of the Product for the Psoriasis Indication ("***U.S. Psoriasis Approval***"); (B) on the [***] day of the Fiscal Quarter immediately following the date of U.S. Psoriasis Approval; and (C) on the first day of (X) each of the succeeding [***] Fiscal Quarters or, (Y) in the event of a termination of the Program solely with respect to the AD Indication due to an event other than for a [***], each of the succeeding [***] Fiscal Quarters; provided, however, that, solely in the case of clause (Y), each Sales Milestone Interest Payment paid to NovaQuest (up to an aggregate of [***]) shall be credited against (and deemed a prepayment of) each Quarterly Interest Payment otherwise owed in reverse chronological order, such that, the final Quarterly Interest Payments owed pursuant to clause (Y) of this Section 4.1(a)(ii) are deemed discharged on account of the prior payment of the Sales Milestone Interest Payment. For clarity, Dermavant shall pay NovaQuest [***] Psoriasis Milestone Payments if there is no termination of the Program solely with respect to the AD Indication or Dermavant shall pay NovaQuest [***] Psoriasis Milestone Payments if there is a termination of the Program solely with respect to the AD Indication and due to an event other than for a [***]. The maximum number of Psoriasis Milestone Payments due hereunder (i.e., [***] or [***)], as applicable) shall be referred to herein as the "***Maximum Number of Psoriasis Milestone Payments***."

Upon the occurrence of Marketing Approval Revocation/Withdrawal applicable to the Psoriasis Indication, the total number of quarterly Psoriasis Milestone Payments due under this Section 4.1(a)(ii)(1) shall be reduced to the number of Psoriasis Milestone Payments received by NovaQuest as of the date of such Marketing Approval Revocation/Withdrawal. In the event that Marketing Approval for the Psoriasis Indication is reinstated (or the equivalent concept in a jurisdiction) in any jurisdiction following such Marketing Approval Revocation/Withdrawal and prior to the expiration of the Measurement Period, then the number of Psoriasis Milestone Payments due under this Section 4.1(a)(ii)(1) (Psoriasis Payments) shall be restored to the Maximum Number of Psoriasis Milestone Payments prior to the occurrence of such Marketing Approval Revocation/Withdrawal (i.e., either [***] or [***]), minus any payments made prior to such Marketing Approval Revocation/Withdrawal. If such Marketing Approval is reinstated as set forth above, then Dermavant shall re-commence payment of the Psoriasis Milestone Payments on the first day of each of the succeeding Fiscal Quarters following reinstatement until NovaQuest has received, in the aggregate, the Maximum Number of Psoriasis Milestone Payments (i.e., either [***] or [***], as applicable), inclusive of any payments made prior to such Marketing Approval Revocation/Withdrawal.

(2) During the period commencing on the E.U. Psoriasis Milestone Payment Trigger Date and continuing until the earliest of the date of U.S. Psoriasis Approval, payment of the Non-Technical Termination Payment in accordance with Section 3.2(c)(iii) or Marketing Approval Revocation/Withdrawal, Dermavant will pay NovaQuest [***] E.U. Psoriasis Payments as follows: (A) within [***] following the E.U. Psoriasis Milestone Payment Trigger Date; (B) on the [***] day of the Fiscal Quarter immediately following the date of E.U. Psoriasis Milestone Payment Trigger Date; and (C) on the [***] day of each of the succeeding [***] Fiscal Quarters. "***E.U. Psoriasis Payment***" means an amount equal to [***] of the Quarterly Interest Payment.

(3) During the period commencing on the Japan Psoriasis Milestone Payment Trigger Date and continuing until the earliest of the date of U.S. Psoriasis Approval, payment of the Non-Technical Termination Payment in accordance with Section 3.2(c)(iii) or Marketing Approval Revocation/Withdrawal, Dermavant will pay NovaQuest [***] Japan Psoriasis Payments as follows: (A) within [***] following the Japan Psoriasis Milestone Payment Trigger Date; (B) on the [***] day of the Fiscal Quarter immediately following the date of the Japan Psoriasis Milestone Payment Trigger Date; and (C) on the [***] day of each of the succeeding [***)] Fiscal Quarters. "***Japan Psoriasis Payment***" means an amount equal to [***] of the Quarterly Interest Payment.

(4) Dermavant may credit E.U. Psoriasis Payments and Japan Psoriasis Payments paid to NovaQuest against any interest payments due pursuant to Section 4.1(a) (regardless of the Indication to which such payments relate). Additionally, Dermavant may also credit any Non-Technical Termination Payment paid to NovaQuest against any E.U. Psoriasis Payments and Japan Psoriasis Payments otherwise payable in accordance with this Section 4.1(a)(ii).

(iii) At any time prior to any portion(s) of an AD Milestone Payment or Psoriasis Milestone Payment coming due, Dermavant may in lieu of making such payment, elect to pay NovaQuest a PV Payment. To make such an election, Dermavant shall, prior to the applicable AD Milestone Payment or Psoriasis Milestone Payment coming due, provide to NovaQuest: (a) written notice setting forth the dates for which the PV Payment is being made, as well as both the amount of the AD Milestone Payment or Psoriasis Milestone Payment for which it elects to make a PV Payment (the "***PV Election Amount***") and the details of the PV Payment calculation and (b) the PV Payment. Upon making a PV Payment for a particular AD Milestone Payment or Psoriasis Milestone Payment, Dermavant shall then not be required to make such payment(s) when they would otherwise come due (e.g., if Dermavant makes PV Payments covering four (4) quarterly installments for a given Indication, then it shall be relieved from making such four (4) quarterly payments as and when they otherwise would come due).

(b) Sales Milestone Interest Payments. For the period commencing on the date on which Marketing Approval is first obtained for any Indication and ending on the later of the last day of the Fiscal Year that is [***] after the earlier of the first U.S. AD Approval or the first U.S. Psoriasis Approval (the "***Measurement Period***"), Dermavant shall pay NovaQuest a Sales Milestone Interest Payment no later than [***] after the delivery of the applicable Net Sales Report that shows the first achievement of each of the following events (each a "***Sales Milestone Event***"):

(i) Net Sales in a Fiscal Year equal or exceed [***];

(ii) Net Sales in a Fiscal Year equal or exceed [***];

(iii) Net Sales in a Fiscal Year equal or exceed [***]; and

(iv) Net Sales in a Fiscal Year equal or exceed [***].

Each of the foregoing Sales Milestone Interest Payments shall be made only one time following the achievement of the respective Sales Milestone Event. In the event that no U.S. AD Approval or no U.S. Psoriasis Approval occurs during the [***] following the date on which Marketing Approval is first obtained for any Indication, then the Measurement Period shall expire on the [***] of the date on which Marketing Approval is first obtained for any Indication.

(c) Net Sales Reports. Following the first Marketing Approval of the Product and through the end of the Measurement Period, Dermavant shall deliver a written report setting forth, in reasonable detail, the cumulative global Net Sales occurring during and through the end of each Fiscal Quarter and the year-to-date global Net Sales for such Fiscal Year (the "***Net Sales Report***"). The Net Sales Report shall be delivered to NovaQuest no later than (i) [***] after the end of each Fiscal Quarter (other than the last Fiscal Quarter of a fiscal year) and (ii) [***] after the end of the last Fiscal Quarter of a Fiscal Year. All Net Sales Reports and information contained therein shall be Confidential Information of Dermavant.

4.2 **NovaQuest's Account.** All payments under this Agreement to NovaQuest shall be made in U.S. Dollars by wire transfer in immediately available funds, to such account as NovaQuest designates in writing from time to time. With respect to Net Sales invoiced in a currency other than U.S. Dollars, such Net Sales will be converted into the U.S. Dollar equivalent using the conversion rate existing in the United States (as reported in *The Wall Street Journal*, New York edition) for the applicable currency on the last Business Day of the applicable Fiscal Quarter. If *The Wall Street Journal* ceases to publish such exchange rate, then the rate of exchange to be used shall be that reported in such other business publication of national circulation in the United States on which the Parties reasonably agree.

4.3 **Dermavant's Reports and Record Keeping; NovaQuest's Audit Rights.**

(a) Quarterly Reports: No later than: (i) [***] after the end of each Fiscal Quarter (other than the last Fiscal Quarter of a fiscal year) and (ii) [***] after the end of the last Fiscal Quarter of a Fiscal Year during the Product Development Period, Dermavant will submit to NovaQuest a Quarterly Report for the most recently completed Fiscal Quarter.

(b) Records. Dermavant shall, and shall ensure that the Responsible Parties shall, keep and maintain for a period of [***] from the end of any calendar month accounts and records of all data reasonably required to verify:

(i) any information required to be provided to NovaQuest under this Agreement; and

(ii) (A) the gross amount invoiced by any Responsible Party to Third Parties for sales of the Product and (B) the calculation of Net Sales.

Dermavant's and the Responsible Parties' recordkeeping obligations shall survive until the date that is [***] from the date on which Dermavant makes the last possible Sales Milestone Interest Payment (the "***Recordkeeping Period***").

(c) Audit of Dermavant. From the Closing Date until the expiration of the Recordkeeping Period, upon prior written notice to Dermavant, NovaQuest shall have the right to audit, through an independent certified public accountant of national recognition selected by NovaQuest and reasonably acceptable to Dermavant, those accounts and records of Dermavant and its Affiliates involved in the Commercialization of the Product as may be reasonably necessary to verify Dermavant's and such Affiliates' compliance with this Agreement. Such audits must occur during normal business hours and upon providing at least [***] prior written notice, and may occur no more than once per Fiscal Year. NovaQuest shall be solely

responsible for the cost of any such audit, unless the independent certified public accountant's report shows, in respect of any Fiscal Year then being reviewed, an underreporting of Net Sales for such Fiscal Year by more than [***], in which case Dermavant shall be responsible for the reasonable expenses incurred by NovaQuest for the independent certified public accountant's services.

(d) Audit of Licensees. Dermavant shall include in each License Agreement terms record keeping and audit rights substantially similar to those set forth herein. From the Closing Date until the expiration of the Recordkeeping Period, if Dermavant completes an audit of a Licensee's books and records prior to the end of the Recordkeeping Period, Dermavant shall, subject to reasonable confidentiality obligations and any applicable limitations under Applicable Law, share the written results of any such audit of a Licensee. In addition, prior to the expiration of the Recordkeeping Period, if, with respect to any Licensee, Dermavant does not during any consecutive [***] period undertake an audit reasonably sufficient to verify such Licensee's compliance with the terms of this Agreement applicable to a Responsible Party then, upon the reasonable request of NovaQuest, Dermavant shall undertake such an audit of such Licensee's books and records, in accordance with the provisions of the applicable License Agreement (which, for the avoidance of doubt, shall be provisions that are substantially similar to those that are set forth herein) and subject to any limitations under Applicable Law, and NovaQuest shall reimburse Dermavant for the reasonable out-of-pocket costs of such audit unless the results of the audit shows, in respect of any Fiscal Year then being reviewed, an underreporting of Net Sales for such Fiscal Year by more than [***], in which case Dermavant shall be responsible for such costs.

(e) Audit Dispute. If Dermavant disputes the results of any audit conducted pursuant to this Section 4.3 (Dermavant's Reports and Record Keeping; NovaQuest's Audit Rights), the Parties shall work in good faith to resolve the disagreement. If the Parties are unable to reach a mutually acceptable resolution of any such dispute within [***], the dispute shall be submitted for resolution to a certified public accounting firm jointly selected by each Party's certified public accountants or to such other Person as the Parties shall mutually agree (the "***Auditor***"). The decision of the Auditor shall be final and the costs of such procedure as well as the initial audit shall be borne between the Parties in such manner as the Auditor shall determine. If the Auditor determines that there has been an underpayment by Dermavant, Dermavant shall pay to NovaQuest the underpayment within [***] after the Auditor's decision, plus interest (as set forth in Section 4.5 (Interest)) from the original due date. If the Auditor determines that there has been an overpayment by Dermavant, then Dermavant may take a credit for such overpayment against any future payments due to NovaQuest.

4.4 **Taxes**.

(a) If any Governmental Authority requires Dermavant to deduct or withhold any amount from, or NovaQuest to pay any present or future Tax, assessment, or other governmental charge on, any payment to NovaQuest ("***Withholding Payment***"), Dermavant will, in addition to paying NovaQuest such reduced payment, simultaneously pay NovaQuest such additional amounts such that NovaQuest receives the full contractual amount of the applicable payment from Dermavant as if no such Withholding Payment had occurred, provided, that, Dermavant shall not be required to pay such additional amounts with respect to any Withholding Payment that is

attributable to any Excluded Taxes. Each Party agrees to cooperate with the other Party in claiming refunds or exemptions from such deductions or withholdings under any relevant agreement or treaty which is in effect. The Parties shall discuss and cooperate regarding applicable mechanisms for minimizing such Taxes to the extent possible in compliance with Applicable Law.

(b)

(i) If NovaQuest is entitled to an exemption from or reduction of a Withholding Payment with respect to payments made under this Agreement, it shall deliver to Dermavant, at the time or times reasonably requested by Dermavant, such properly completed and executed documentation reasonably requested by Dermavant as will permit such payments to be made without withholding or at a reduced rate of withholding. In addition, NovaQuest, if reasonably requested by Dermavant, shall deliver such other documentation prescribed by Applicable Law or reasonably requested by Dermavant as will enable Dermavant to determine whether or not NovaQuest is subject to backup withholding or information reporting requirements. Notwithstanding anything to the contrary in the preceding two sentences, the completion, execution and submission of such documentation (other than such documentation set forth in paragraphs (b)(ii) of this Section) shall not be required if in NovaQuest's reasonable judgment such completion, execution or submission would subject NovaQuest to any material unreimbursed cost or expense or would materially prejudice the legal or commercial position of NovaQuest and, for clarity, NovaQuest shall be deemed to have complied with its obligations under this Section if it has so exercised its reasonable judgment. NovaQuest agrees that if any form or certification it previously delivered expires or becomes obsolete or inaccurate in any respect, it shall update such form or certification or notify Dermavant in writing of its legal inability to do so, in either case within a reasonable amount of time following Dermavant's request for an update.

(ii) Without limiting the generality of the foregoing, in the event that Dermavant assigns its rights and obligations hereunder to an Affiliate that is a U.S. Person, NovaQuest shall deliver to Dermavant from time to time upon the reasonable request of Dermavant, executed copies of IRS Form W-9 or W-8, as applicable, certifying that it is exempt from U.S. federal backup withholding tax.

(iii) If a payment made to NovaQuest hereunder would be subject to U.S. federal withholding Tax imposed by FATCA if NovaQuest were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Code, as applicable), NovaQuest shall deliver to Dermavant at the time or times prescribed by Applicable Law and at such time or times reasonably requested by Dermavant such documentation prescribed by Applicable Law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such additional documentation reasonably requested by Dermavant as may be necessary for Dermavant to comply with its obligations under FATCA and to determine that NovaQuest has complied with its obligations under FATCA or to determine the amount, if any, to deduct and withhold from such payment. Solely for purposes of this clause (iii), "FATCA" shall include any amendments made to FATCA after the date of this Agreement.

(iv) Dermavant shall deliver to NovaQuest the original or a certified copy of a receipt issued by any Governmental Authority evidencing the payment of any withholding Tax on NovaQuest's behalf.

(c) NovaQuest and each of its assignees under this Agreement shall, at the time that it becomes a party hereunder, represent, in the applicable assignment agreement which it executes on becoming a party, and for the benefit of Dermavant, that it is not a Qualifying Bank.

4.5 **Late Interest**. In the event that a payment under this Agreement is not made when due, such outstanding payment will accrue interest, beginning on the date when the payment was due, at an annual rate equal to [***], plus the Prime Rate, (or the maximum rate permitted under Applicable Law, whichever is less). Such accrued interest will be compounded annually. Payment of accrued interest will accompany payment of the outstanding payment. "***Prime Rate***" means the prime rate as reported in *The Wall Street Journal*, New York Edition, on the date such payment first comes due.

4.6 **Minimum Interest Rates and Payments Recalculation**. The Parties do not expect that the payments made by Dermavant hereunder will be subject to Swiss Withholding Tax, but if a Tax deduction is required by Swiss law to be made by a Swiss Borrower in respect of any interest payable by it under this Agreement and should it be unlawful for such Swiss Borrower to comply with Section 4.4(a) (Taxes), taking into account any exclusions set out in this Agreement, for any reason, the applicable interest rate in relation to that interest payment shall be: (i) the interest rate which would have applied to that interest payment in the absence of this Section 4.6 divided by (ii) [***] and (a) that the Swiss Borrower shall be obliged to pay the relevant interest at the adjusted rate in accordance with this Section 4.6 (Minimum Interest Rates and Payments Recalculation), (b) the Swiss Borrower shall make the Tax deduction on the interest so recalculated and (c) all references to a rate of interest in this Agreement shall be construed accordingly. No recalculation of interest shall be made under this Section 4.6 (Minimum Interest Rates and Payments Recalculation) if an event of default has not occurred or is not continuing and the Non-Bank Rules would not have been violated if (i) such lender under this Agreement which is not a Permitted Non-Qualifying Bank in relation to which the Swiss Borrower makes the payment, was a Qualifying Bank but on that date that lender under this Agreement is not or has ceased to be a Qualifying Bank other than as a result of any change of law after the date it became a lender under this Agreement or (ii) such lender under this Agreement, in relation to which the Swiss Borrower makes the payment, had complied with its obligations under Section 11.7 (Successors and Assigns). For avoidance of doubt, Dermavant shall not be required to pay any additional amounts under Section 4.4 (Taxes) above if a recalculation of interest is made pursuant to this Section 4.6 (Minimum Interest Rates and Payments Recalculation).

8.2 **No Disposition of Rights**. Without NovaQuest's prior written consent, which shall not be unreasonably withheld, conditioned, or delayed, Dermavant shall not (and Dermavant shall ensure that a Responsible Party, other than a Licensee that has rights to Develop or Commercialize the Product only pursuant to a Solely Ex-U.S. License Agreement, does not) effect a Change of Control, or encumber, sell, assign, transfer, license, sublicense, deliver, or otherwise dispose of all or any of Dermavant's right, title, or interest in or to any Product Assets. Notwithstanding the foregoing, Dermavant may, without NovaQuest's consent, (a) enter into a License Agreement with a Qualified Party but only if the Licensee agrees to (i) comply with its obligations hereunder as a Responsible Party and (ii) not assign or sublicense its rights to any Third Party that is not also a Qualified Party, (b) enter into a [***], (c) grant a license or sublicense or otherwise transfer rights purchased under the APA, provided that such license, sublicense or other transfer (i) is to [***] and (ii) would not reasonably be expected to result in a Material Adverse Effect; and (d) sell, transfer or otherwise dispose of inventory of the Product in the ordinary course of business or other Product Assets that Dermavant reasonably believes are no longer necessary or useful in the Development or Commercialization of the Product (such as obsolete equipment) in the ordinary course of business. After the execution of any License Agreement [***], Dermavant shall provide NovaQuest with a true and complete copy of such agreement within [***] following the execution thereof, provided that Dermavant shall be permitted to redact confidential terms, such as economic terms. If any such [***] License Agreement is amended, then Dermavant shall provide NovaQuest with copy of such amendment within [***] following the execution thereof. Additionally, Dermavant may, without NovaQuest's consent, encumber the Product Assets pursuant to one or more debt financings but only if: (A) the aggregate secured indebtedness for borrowed money of Dermavant that is *pari passu* with the obligations to NovaQuest secured by the Security Agreements does not exceed [***] prior to Marketing Approval in the United States or [***] after such Marketing Approval (in each case, exclusive of Dermavant's obligations to NovaQuest hereunder); (B) such debt ranks *pari passu*, or is subordinated, to Dermavant's obligations to NovaQuest hereunder; and (C) the lender(s) in such debt financing(s) enter into an intercreditor agreement with NovaQuest on customary terms and conditions that are reasonably acceptable to NovaQuest.

8.3 **Dermavant's IP Obligations**. Except as would not reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect, Dermavant shall (and shall cause each Responsible Party to) use Commercially Reasonable Efforts, taking into account CRE Considerations, to:

(a) prosecute and maintain in full force and effect all Patents Covering the Product owned or controlled by it on or after the Effective Date;

(b) maintain, keep in full force and effect and seek available patent term extensions for any such Patents Covering the Product;

(c) defend any challenge to the validity, patentability, enforceability, and/or non- infringement of any of the Patents Covering the Product or any opposition to any of the Patents Covering the Product in any court, administrative agency, or other forum;

(d) in the event a Third Party is infringing the Patents Covering the Product, cause such infringement to cease, including by initiating legal proceedings against any Third Party infringer; and

(e) maintain all material Product Know-How in confidence.

8.4 **Additional Covenants and Agreements of Dermavant**.

(a) Compliance with Law. With respect to the performance of this Agreement and the activities contemplated by this Agreement, except as would not reasonably be expected to give rise to a Material Adverse Effect, Dermavant shall comply, and shall cause each Responsible Party to comply with all Applicable Laws.

(b) Material Contracts. Dermavant shall comply with all material terms and conditions of, and fulfill all of its obligations under, all of the Material Contracts to which Dermavant or a Controlled Affiliate is a party, except for such noncompliance that could not reasonably be expected to give rise to a Material Adverse Effect. Dermavant shall enforce against the other party(ies) to each Material Contract to which Dermavant or a Controlled Affiliate is a party all material terms and conditions thereunder, except where the failure of the other party(ies) to perform would not reasonably be expected to give rise to a Material Adverse Effect. Dermavant shall not amend any Material Contract in any material respect or issue any waivers or consents or other approvals under any Material Contract without the prior written consent of NovaQuest (not to be unreasonably withheld or delayed), except where such amendment, waiver, or consent would not reasonably be expected to give rise to a Material Adverse Effect.

(c) Competing Product. If, at any time before the date that is [***] following the first commercial sale of the Product in the U.S., Dermavant (either directly or through a Responsible Party) commercializes any Competing Product, then, for so long as such product remains a Competing Product, the net sales of any such Competing Product (calculated in accordance with the definition of "Net Sales" in this Agreement) shall be deemed to be Net Sales of the Product until the earlier of: (i) the expiration of such [***], and (ii) the expiration of the Measurement Period.

8.5 Interim Covenants. Except as otherwise contemplated by this Agreement, including the consummation of the transactions contemplated under the APA, between the Effective Date and the Closing Date, unless NovaQuest shall otherwise provide its prior written consent (which consent shall not be unreasonably withheld, conditioned or delayed), Dermavant shall conduct its operations in a manner that will not materially impair its ability to perform its obligations under this Agreement. Except as otherwise contemplated by this Agreement or as set forth in Schedule 8.5, between the Effective Date and the Closing Date, without the prior consent of NovaQuest (which consent shall not be unreasonably withheld, conditioned or delayed), Dermavant shall not sell, transfer, license, encumber or otherwise dispose of any assets or rights purchased under the APA or any interest therein.

8.6 Non-Bank Rules. Dermavant shall ensure that it is at all times in compliance with the Non-Bank Rules; provided, that, Dermavant shall not be in breach of this covenant if its number of creditors that are not Qualifying Banks in respect of either the 10 Non-Bank Rule or the 20 Non-Bank Rule is exceeded solely because NovaQuest has (i) made an incorrect declaration of its status as to whether or not it is a Qualifying Bank or (ii) failed to comply with its obligations under Section 11.7 (Successors and Assigns).

ARTICLE IX

TERM AND TERMINATION

9.1 **Term of Agreement**. This Agreement shall commence as of the Effective Date and shall continue until there are no payment obligations under ARTICLE III (Development and Commercialization) and ARTICLE IV (Dermavant's Payments) (the "***Term***"), provided, that, in no event shall the Term exceed [***]. Notwithstanding the foregoing, in the event that the Closing does not occur on or before the date that is [***] following the Effective Date, either Party may terminate this Agreement by providing written notice to the other (an "***Early Termination***").

9.2 **Survival.** Notwithstanding anything to the contrary contained in this Agreement, [***], and all payment obligations that have accrued as of the date of termination shall survive the termination of this Agreement for any reason; provided, however, that in the event of an Early Termination, no provisions of this Agreement shall survive.

ARTICLE X

INDEMNIFICATION

10.1 General Obligations.

(a) By Dermavant. Dermavant hereby agrees to indemnify, defend, hold harmless, and reimburse NovaQuest and its Affiliates and their respective managers, directors, officers, employees, agents, and its and their respective successors, heirs, and assigns (the "***NovaQuest Indemnitees***") from and against any losses, costs, claims, damages, Liabilities, or expenses (including reasonable attorneys' and professional fees and other expenses of litigation) (collectively, "***Losses***") actually incurred by NovaQuest Indemnitees arising out of claims, suits, actions, or demands, in each case brought by a Third Party, or settlements or judgments arising therefrom (including personal injury, products liability, and intellectual property infringement or misappropriation claims) (each a "***Third Party Claim***") as a result or arising out of:

(i) a Responsible Party's, or its or their respective agent's or contractor's Development, promotion, marketing, handling, manufacture, packaging, labeling, storage, distribution, pricing, reimbursement, transport, use, sale, or other disposition of the Product;

(ii) any material breach by Dermavant of a representation or warranty of Dermavant contained in this Agreement;

(iii) any breach by Dermavant in any material respect of any covenant, agreement, or obligation of Dermavant contained in this Agreement; or

(iv) a Responsible Party's failure to comply with Applicable Law.

Dermavant's obligations pursuant to this ARTICLE X (Indemnification) shall not apply to the extent such Third Party Claims result from negligence or willful misconduct by any of the NovaQuest Indemnitees or the breach of the terms and conditions of this Agreement by any of the NovaQuest Indemnitees, including the representations and warranties made by NovaQuest in this Agreement.

(b) By NovaQuest. NovaQuest hereby agrees to indemnify, defend, hold harmless, and reimburse Dermavant and its Affiliates and their respective managers, directors, officers, employees, agents, and their respective successors, heirs, and assigns (the "***Dermavant Indemnitees***") from and against any Losses actually incurred by Dermavant Indemnitees arising out of a Third Party Claim as a result or arising out of:

(i) any material breach by NovaQuest of a representation or warranty of NovaQuest contained in this Agreement

(ii) any breach in any material respect by NovaQuest of any covenant, agreement, or obligation of NovaQuest contained in this Agreement; or

(iii) violation by NovaQuest of any Applicable Laws applicable to the performance of NovaQuest's obligations under this Agreement.

NovaQuest's obligations pursuant to this ARTICLE X (Indemnification) shall not apply to the extent such Third Party Claims result from negligence or willful misconduct by any of the Dermavant Indemnitees or the breach of the terms and conditions of this Agreement by any of the Dermavant Indemnitees, including the representations and warranties made by Dermavant in this Agreement.

10.2 Procedures.

(a) Notice. A Party seeking indemnification (the "***Indemnified Party***") under Section 10.1 (General Obligations) shall give prompt written notice to the other Party (the "***Indemnifying Party***") of the assertion of any claim in respect of which indemnity may be sought hereunder. Such notice shall include a description of the claim and the nature and amount of the applicable Loss, to the extent known at such time. The failure of an Indemnified Party to notify the Indemnifying Party on a timely basis will not relieve the Indemnifying Party of any liability that it may have to the Indemnified Party unless the Indemnifying Party demonstrates that the defense of such action is materially prejudiced by the Indemnified Party's failure to give such notice. The Indemnified Party shall provide the Indemnifying Party with copies of all papers and official documents received in connection with any Third Party Claims for which indemnity is sought hereunder and such other information with respect thereto as the Indemnifying Party may reasonably request. The Parties shall keep each other informed of any facts or circumstances that may be of material relevance in connection with the Loss for which indemnification is sought.

(b) In General. The Indemnifying Party may assume the defense of any Third Party Claim for which indemnity is sought hereunder by giving written notice thereof to the Indemnified Party within [***] after the Indemnifying Party's receipt of a notice provided pursuant to Section 10.2(a) (Notice). Upon assuming the defense of a Third Party Claim, the Indemnifying Party may appoint as lead counsel in the defense of the Third Party Claim any legal counsel selected by the Indemnifying Party and reasonably acceptable to the Indemnified Party. In the event the Indemnifying Party assumes the defense of a Third Party Claim, the Indemnified Party shall immediately deliver to the Indemnifying Party all original notices and documents (including court papers) received by the Indemnified Party in connection with the Third Party Claim. Should the Indemnifying Party assume the defense of a Third Party Claim, except as provided in Section 10.2(c) (Right to Participate in Defense), the Indemnifying Party shall not be liable to the Indemnified Party for any legal expenses subsequently incurred by such Indemnified Party in connection with the analysis, defense, or settlement of the Third Party Claim.

(c) Right to Participate in Defense. Without limiting Section 10.2(b) (General), any Indemnified Party shall be entitled to participate in, but not control, the defense of such Third Party Claim and to employ counsel of its choice for such purpose. However, such employment shall be at the Indemnified Party's own expense unless (i) the employment thereof has been specifically authorized by the Indemnifying Party in writing; (ii) the Indemnifying Party has failed to assume the defense and employ counsel in accordance with Section 10.2(b) (In General) (in which case the Indemnified Party shall control the defense); or (iii) the interests of the Indemnified Party and the Indemnifying Party with respect to such Third Party Claim are sufficiently adverse to prohibit the representation by the same counsel of both Parties under Applicable Laws, ethical rules, or equitable principles.

(d) Settlement. With respect to any Third Party Claim, the Indemnifying Party shall have the sole right to consent to the entry of any judgment or enter into any settlement with respect to such Third Party Claim, on such terms as the Indemnifying Party, in its sole discretion, deems appropriate so long as such judgment or settlement (i) does not involve any relief other than the payment of monetary damages, which shall be paid in full by the Indemnifying Party; (ii) does not involve any finding or admission of any violation of Applicable Law by the Indemnified Party or any violation of the rights of any Person by the Indemnified Party; and (iii) includes, as an unconditional term thereof, the giving by the applicable Third Party of a full and unconditional release of the Indemnified Party from all liability with respect to the matters that are subject to such Third Party Claim. Except as set forth in this Section 10.2(d) (Settlement), the Indemnifying Party shall not consent to the entry of any judgment or enter into any settlement with respect to any Third Party Claim without the prior written consent of the Indemnified Party.

(e) Cooperation. Regardless of whether the Indemnifying Party chooses to defend any Third Party Claim in respect of which indemnity is sought hereunder, the Indemnified Party shall, and shall cause each of its indemnitees to, cooperate in the defense or prosecution thereof and shall furnish such records, information, and testimony, provide such witnesses, and attend such conferences, discovery proceedings, hearings, trials, and appeals as may be reasonably requested in connection therewith. Such cooperation shall include access during normal business hours afforded to the Indemnifying Party to, and reasonable retention by the Indemnified Party of, records and information that are reasonably relevant to such Third Party Claim, and making Indemnified Parties and other employees and agents available on a mutually convenient basis to provide additional information and explanation of any material provided hereunder, and the Indemnifying Party shall reimburse the Indemnified Party for all its reasonable out-of-pocket expenses in connection therewith.

(f) Breach by the Indemnifying Party of its Obligations. If the Indemnifying Party denies or fails to timely admit its obligation under this ARTICLE X (Indemnification) regarding a Third Party Claim or fails to assume and diligently conduct the defense of any such Third Party Claim or indemnify and hold harmless the Indemnified Party with respect to any Losses arising out of such Third Party Claim throughout the period that such claim exists, then its right to defend that Third Party Claim shall terminate and the Indemnified Party may assume the defense of, and settle, such claim with counsel of its own choice and on such terms as it deems appropriate, without any obligation to obtain the consent of the Indemnifying Party. Additionally, the Indemnifying Party will be obligated to indemnify and hold harmless the Indemnified Party for such defense and settlement if the Indemnifying Party is determined to have breached its obligations under this ARTICLE X (Indemnification) with regard to such Third Party Claim and the Third Party Claim is subject to the indemnification provisions of this ARTICLE X (Indemnification).

10.3 **Limitations. Off-set Insurance Proceeds**. No Party shall be entitled to recover under this ARTICLE X (Indemnification) for any Third Party Claim to the extent such Third Party Claim is actually recovered by such Party under any applicable insurance policies or other collateral sources. If there is a recovery by a Party under any insurance policy or from any other collateral source subsequent to its indemnification by the Indemnifying Party, then such Party shall promptly pay over the amount of such recovery to the Indemnifying Party (but no more than the amount that the Party received from the Indemnifying Party for such Third Party Claim).

10.4 **No Implied Representations.** The Parties acknowledge and agree that, other than the representations and warranties of the parties specifically contained in this Agreement, there are no representations or warranties of Dermavant, NovaQuest or any other Person either expressed or implied with respect to the Product, Net Sales, Product Assets or the transactions contemplated by this Agreement and that the parties do not rely on, and shall have no remedies in respect of, any representation or warranty not specifically set forth in this Agreement.

10.5 **Limitations; Refund of Taxes**. If any Party determines, in its sole discretion exercised in good faith, that it has received a refund of any Taxes as to which it has been indemnified pursuant to this ARTICLE X (including by the payment of additional amounts pursuant to Section 4.4 and a recalculation of interest rate pursuant to Section 4.6), it shall pay to the Indemnifying Party an amount equal to such refund (but only to the extent of indemnity payments made under this Section with respect to the Taxes giving rise to such refund), net of all out-of-pocket expenses (including Taxes) of such Indemnified Party and without interest (other than any interest paid by the relevant Governmental Authority with respect to such refund). Such Indemnifying Party, upon the request of such Indemnified Party, shall repay to such Indemnified Party the amount paid over pursuant to this Section 10.5 (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) in the event that such indemnified party is required to repay such refund to such Governmental Authority. Notwithstanding anything to the contrary in this Section 10.5, in no event will the Indemnified Party be required to pay any amount to an Indemnifying Party pursuant to this Section 10.5 the payment of which would place

the Indemnified Party in a less favorable net after-Tax position than the indemnified party would have been in if the Tax subject to indemnification and giving rise to such refund had not been deducted, withheld or otherwise imposed and the indemnification payments or additional amounts with respect to such Tax had never been paid. This Section 10.5 shall not be construed to require any Indemnified Party to make available its Tax returns (or any other information relating to its Taxes that it deems confidential) to the Indemnifying Party or any other Person.

ARTICLE XI

MISCELLANEOUS

11.1 **Governing Law.** This Agreement shall be governed by and construed, interpreted, and enforced in accordance with the laws of New York, as applied to agreements executed and performed entirely in New York, without giving effect to the principles of conflicts of law thereof.

11.2 **WAIVER OF JURY TRIAL.** EACH PARTY IRREVOCABLY WAIVES ANY RIGHT TO TRIAL BY JURY IN ANY SUIT, ACTION OR PROCEEDING IN CONNECTION WITH OR RELATING TO THIS AGREEMENT OR ANY AGREEMENT ENTERED INTO PURSUANT HERETO AND AGREES THAT ANY SUCH SUIT, ACTION, OR PROCEEDING SHALL BE TRIED BEFORE A COURT AND NOT BEFORE A JURY.

11.3 **Dispute Resolution**.

(a) Subject to Section 11.4 (Equitable Relief), prior to the initiation of any arbitration between the Parties, any dispute, controversy, or claim arising under, out of, or in connection with this Agreement, including any subsequent amendments, regarding the validity, enforceability, construction, performance, or breach hereof (a "***Dispute***") shall be first addressed between the Parties' Primary Contacts who will attempt in good faith to reach a mutually acceptable resolution to it, which attempt will include promptly meeting in-person to the extent practicable. If a Party believes that such discussions are not proving satisfactory, then either Party shall have the right to refer such Dispute to the Parties' Senior Officers for attempted resolution by sending a written notice to the other Party requesting the same (the "***Dispute Notice***"). If either Party provides a Dispute Notice, the Senior Officer (or his or her designee that has authority to enter into a binding agreement on behalf of such Party) from each Party shall, in-person, discuss the Dispute in good faith, commencing within [***] after the delivery of the Dispute Notice and continuing until at least [***] after the delivery of the Dispute Notice. If the two Senior Officers (or their designees) have not reached a mutually acceptable resolution to the Dispute within [***] after the delivery of the Dispute Notice, then upon either Party's written notice to the other Party (an "***Arbitration Notice***"), such Dispute shall be resolved exclusively and with final and binding effect by arbitration conducted under the rules (the "[*******]") of the [***] (the "[*******]"), as amended from time to time, except as provided in this Section 11.3 (Dispute Resolution) ("***Arbitration***").

(b) Selection of Arbitrators. The Arbitration tribunal shall consist of three (3) arbitrators, which shall be selected as follows: (i) one (1) arbitrator shall be selected by Dermavant; (ii) one arbitrator shall be selected by NovaQuest; and (iii) one (1) arbitrator shall be selected by the two (2) foregoing arbitrators (each such arbitrator, an "Arbitrator"). No Arbitrator shall be current or former employees, officers or directors of, or consultants or advisors to, either Party. In the event that (A) either Party fails to select an Arbitrator within [***] of the Arbitration Notice or (B) the two (2) Arbitrators selected by the Parties fail to select the third Arbitrator within [***] after the selection of the first two (2) Arbitrators by the Parties, then, at the request of either Party, the [***] shall make such selection(s) on behalf of the Parties in accordance with the [***]. The third Arbitrator shall be a national of a country other than that of any of the Parties and shall serve as the chairperson of the Arbitration tribunal.

(c) Venue and Language. The venue of the Arbitration shall be New York, New York. The Arbitration shall be conducted in the English language, and all foreign language documents shall be submitted in the original language and shall be accompanied by a translation into English.

(d) Time Periods. Upon the written mutual agreement of both Parties, any time period specified in this Section 11.3 (Dispute Resolution) or the [***] shall be extended or accelerated according to the Parties' written mutual agreement. The Arbitrators shall take into account both the desirability of making discovery efficient and cost-effective and the needs of the Parties for an understanding of any legitimate issue raised in the Arbitration.

(e) Costs. The costs of the Arbitration, including reasonable fees plus expenses to be paid to the Arbitrator(s) and the reasonable out-of-pocket costs (including the costs incurred for translation of the documents into English, reasonable attorneys' and expert witness fees, and reasonable travel expenses) of the prevailing Party shall be borne by (i) the losing Party, if the Arbitrator(s) rule in favor of one Party on all disputed issues in the Arbitration and (ii) by the Parties, as allocated in writing by the Arbitrator(s) in a manner with a reasonable relationship to the outcome of the Arbitration, if the Arbitrator(s) rule in favor of one Party with respect to some issues and in favor of the other Party with respect to other issues and, in either case ((i) or (ii)), paid within [***] from the final decision by the Arbitrator.

(f) Decision to be Binding. The decision by the Arbitrator shall be final and binding on the Parties, non-reviewable and non-appealable, and judgment upon any arbitral award may be entered and enforced by any court or other judicial authority of competent jurisdiction.

(g) Confidentiality. The existence of any Dispute, any settlement negotiations, the Arbitration, and any submissions or rulings in connection therewith shall be deemed to be Confidential Information and shall be maintained in confidence by the Parties under industry standard terms or such other terms upon which the Parties agree in writing. The Arbitrator shall have the authority to impose sanctions for unauthorized disclosure of such Confidential Information.

11.4 **Equitable Relief**. Each of the Parties hereto acknowledges that the other Party may have no adequate remedy at law if it fails to perform any of its obligations under ARTICLE VI (Confidential Information) of this Agreement. In such event, each of the Parties agrees that the other Party shall have the right, in addition to any other rights it may have (whether at law or in equity), to pursue equitable remedies such as injunction and specific performance for the breach or threatened breach of any provision of such ARTICLE VI (Confidential Information) from any court of competent jurisdiction.

11.5 **Expenses**. Except as expressly set forth herein, each Party shall be responsible for and bear all of its own costs and expenses (including any legal fees, any accountants' fees, and any brokers', finders', or investment banking fees or any prior commitment in respect thereof) with regard to the negotiation and consummation of the transactions contemplated by this Agreement. Notwithstanding the foregoing, each Party (a "***Representing Party***") represents and warrants to the other that the other Party will not be liable for any brokerage commission, finder's fee, or other like payment in connection with the transactions contemplated hereby because of any action taken by, or agreement or understanding reached by, the Representing Party or its Affiliates.

11.6 **Relationship of the Parties**. Nothing in this Agreement is intended to be construed so as to suggest that either Party (except as expressly set forth herein) is obligated to provide, directly or indirectly, any advice, consultations, or other services to the other Party. Neither Party shall have any responsibility for the hiring, termination, or compensation of the other Party's employees or for any employee benefits of any such employee. No employee or representative of a Party shall have any authority to bind or obligate the other Party to this Agreement for any sum or in any manner whatsoever or to create or impose any contractual or other liability on the other Party without such Party's approval. For all purposes and notwithstanding any other provision of this Agreement to the contrary, each Party's legal relationship under this Agreement to the other Party shall be that of independent contractor. This Agreement is not a partnership agreement, and nothing in this Agreement shall be construed to establish a relationship of partners or joint venturers between the Parties.

11.7 **Successors and Assigns**. Neither this Agreement nor any rights or obligations hereunder may be assigned in whole or in part by either Party, by operation of law, or otherwise, without the prior written consent of the other Party; provided, however, that (a) without the prior written consent of Dermavant, NovaQuest may assign or transfer this Agreement in whole or in part to any Affiliate of NovaQuest and NovaQuest may assign, sell, pledge, contribute, or otherwise transfer its right to payment pursuant to Article IV (Dermavant's Payments) hereof to any Person other than a competitor of Dermavant; and (b) without the prior written consent of NovaQuest, Dermavant may assign this Agreement to Dermavant Sciences Limited or any Controlled Affiliate, provided that NovaQuest is not adversely affected by such assignment and provided further that unless Dermavant remains directly liable for all obligations hereunder, Dermavant and NovaQuest shall first enter into a guarantee agreement [***] pursuant to which Dermavant will guarantee the payment obligations of Dermavant Sciences Limited or the Controlled Affiliate, as the case may be. This Agreement shall be binding upon, and subject to the terms of the foregoing sentence, inure to the benefit of the Parties hereto, their permitted successors, legal representatives, and assigns. Any assignment or attempted assignment not in accordance with this Section 11.7 (Successors and Assigns) shall be null and void. For clarity, NovaQuest's prior written consent is not required in connection with an Initial Public Offering. In no event shall any assignee of NovaQuest hereunder be entitled to any greater benefit of any payment of additional amount under Section 4.4 or any recalculation of interest under Section 4.6 than what NovaQuest would have been entitled to, except to the extent such entitlement to receive a greater payment results from a change in Applicable Law that occurs after the date of such assignment.

Notwithstanding the above, (i) NovaQuest or a subsequent lender under this Agreement shall give the Swiss Borrower notice of any assignment or transfer of any rights or obligations hereunder in whole or in part (along with confirmation as to whether the assignee or transferee is a Qualifying Bank) at least [***] prior to such assignment or transfer; (ii) the Swiss Borrower may make a written objection to NovaQuest or a subsequent lender under this Agreement prior to such assignment or transfer based on the Swiss Borrower's reasonable belief that such assignment or transfer would violate the 10 Non-Bank Rule; and (iii) if such objection is made, such assignment or transfer shall be effected only with the Swiss Borrower's consent, not to be unreasonably withheld or delayed (it being unreasonable to withhold consent unless such assignment or transfer would violate the 10 Non-Bank Rule).

Each subsequent lender which becomes a party to this Agreement shall confirm, prior to becoming a party to this Agreement, which of the following categories it falls in: (1) not a Qualifying Bank; (2) a Qualifying Bank.

11.8 **Notices**. All notices, consents, waivers, requests, and other communications hereunder shall be in writing and shall be delivered in person, sent by confirmed electronic mail, sent by overnight courier (e.g., Federal Express), or posted by registered or certified mail, return receipt requested, with postage prepaid, to following addresses of the Parties:

11.9 **Severability**. If any provision hereof should be held invalid, illegal, or unenforceable in any jurisdiction, the Parties shall negotiate in good faith a valid, legal, and enforceable substitute provision that most nearly reflects the original intent of the Parties. All other provisions hereof shall remain in full force and effect in such jurisdiction and shall be liberally construed in order to carry out the intentions of the Parties as nearly as possible. Such invalidity, illegality, or unenforceability shall not affect the validity, legality, or enforceability of such provision in any other jurisdiction. Nothing in this Agreement shall be interpreted so as to require a Party to violate any Applicable Law.

11.10 **Waiver**. Any term or condition of this Agreement may be waived at any time by the Party that is entitled to the benefit thereof, but no such waiver shall be effective unless set forth in a written instrument duly executed by or on behalf of the Party waiving such term or condition. No waiver by any Party of any term or condition of this Agreement, in any one or more instances, shall be deemed to be, or construed as, a waiver of the same or any other term or condition of this Agreement on any future occasion.

11.11 **Entire Agreement**. This Agreement (including the Exhibits and Schedules hereto) set forth all of the covenants, promises, agreements, warranties, representations, conditions, and understandings between the Parties relating to the subject matter hereof and thereof and supersede and terminate all prior agreements and understandings between the Parties. There are no covenants, promises, agreements, warranties, representations, conditions, or understandings, either oral or written, between the Parties relating to the subject matter hereof other than as set forth in this Agreement (including the Exhibits and Schedules hereto). Any conflict or inconsistency between the main body of this Agreement, the Exhibits or Schedules and/or any other documents to be delivered pursuant hereto shall be resolved in accordance with the following order of priority: (a) main body of this Agreement; (b) Exhibits and Schedules; and (c) other documents.

11.12 **Third Party Beneficiaries.** Except with regard to the NovaQuest Indemnitees and the Dermavant Indemnitees under ARTICLE X (Indemnification), all rights, benefits, and remedies under this Agreement are solely intended for the benefit of the Parties (including their permitted successors and assigns), and no Third Party (except the NovaQuest Indemnitees and Dermavant Indemnitees with regard to their rights, benefits, and remedies under ARTICLE X (Indemnification) of this Agreement and except for the Parties' permitted successors and assigns) shall have any rights whatsoever to (a) enforce any obligation contained in this Agreement; (b) seek a benefit or remedy for any breach of this Agreement; or (c) take any other action relating to this Agreement under any legal theory, including actions in contract, tort (including negligence, gross negligence and strict liability), or as a defense, setoff, or counterclaim to any action or claim brought or made by the Parties (or any of their permitted successors and assigns).

11.13 **Interpretation**. When a reference is made in this Agreement to Articles, Sections, Schedules, or Exhibits, such reference shall be to an Article, Section, Schedule, or Exhibit to this Agreement unless otherwise indicated. The words "include," "includes," and "including" when used herein shall be deemed in each case to be followed by the words "without limitation" and shall not be construed to limit any general statement that it follows to the specific or similar items or matters immediately following it. The headings and captions in this Agreement are for convenience and reference purposes only and shall not be considered a part of or affect the construction or interpretation of any provision of this Agreement. Unless specified otherwise, all statements of, or references to, monetary amounts in this Agreement are to U.S. Dollars. Each accounting term used herein that is not specifically defined herein shall have the meaning given to it under GAAP, but only to the extent consistent with its usage and the other definitions in this Agreement. Provisions that require that a Party or the Parties "agree," "consent," "approve," or the like shall require that such agreement, consent, or approval be specific and in writing, whether by written agreement, letter, approved minutes, or otherwise. Words of any gender include the other gender, and words using the singular or plural number also include the plural or singular number, respectively. Neither Party hereto shall be deemed to be the drafter of this Agreement for the purposes of construing this Agreement against one Party or the other. If any notice or other action or omission is required to be taken by a Party under this Agreement on a day that is not a Business Day, then such notice or other action or omission shall be deemed to require to be taken on the next occurring Business Day.

11.14 **Amendments**. This Agreement, including any attachments or exhibits hereto, may be amended, modified, or supplemented only by a written amendment or agreement signed by an authorized officer of each of NovaQuest and Dermavant.

11.16 **Counterparts**. This Agreement may be executed in any number of counterparts with the same effect as if each of the Parties hereto had signed the same document. All counterparts shall be construed together and shall constitute one agreement. This Agreement, to the extent signed and delivered by means of a facsimile machine or via e-mail, shall be treated in all manner and respects as an original agreement or instrument and shall be considered to have the same binding legal effect as if it were the original signed version thereof delivered in person.

11.17 **Further Assurances**. Each of the Parties hereto shall execute and deliver such additional documents, certificates, and instruments, and shall perform such additional acts, as may be reasonably requested and necessary or appropriate to carry out the purposes and intent of all of the provisions of this Agreement and to consummate all of the transactions contemplated by this Agreement.

11.18 **Remedies**. The rights and remedies of the Parties under this Agreement are cumulative and not alternative. Neither the failure nor any delay by any Party in exercising any right, power, or privilege under this Agreement will operate as a waiver of such right, power, or privilege, and no single or partial exercise of such right, power, or privilege will preclude any other or further exercise of such right, power, or privilege or the exercise of any other right, power, or privilege. Unless specifically and expressly stated in this Agreement as exclusive, each remedy of the Parties specified in this Agreement, is not exclusive, and, subject to the terms of this Agreement, the Parties shall be entitled to pursue any available legal or equitable remedy for breach of this Agreement or any provision hereof.

ROIVANT SCIENCES LTD.

AMENDED AND RESTATED 2015 EQUITY INCENTIVE PLAN

ADOPTED BY THE BOARD OF DIRECTORS: DECEMBER 8, 2015
AMENDED AND RESTATED BY THE BOARD OF DIRECTORS: MARCH 26, 2020
TERMINATION DATE: DECEMBER 8, 2025

1. GENERAL.

(a) Eligible Award Recipients. Employees, Directors and Consultants are eligible to receive Awards.

(b) Available Awards. The Plan provides for the grant of the following types of Awards: (i) Incentive Stock Options, (ii) Nonstatutory Stock Options, (iii) Stock Appreciation Rights, (iv) Restricted Stock Awards, (v) Restricted Stock Unit Awards, and (vi) Other Stock Awards.

(c) Purpose. The Plan, through the granting of Awards, is intended to help the Company secure and retain the services of eligible award recipients, provide incentives for such persons to exert maximum efforts for the success of the Company and any Affiliate and provide a means by which the eligible recipients may benefit from increases in value of the Common Shares.

2. ADMINISTRATION.

(a) Administration by Board. The Board will administer the Plan. The Board may delegate administration of the Plan to a Committee or Committees, as provided in Section 2(c).

(b) Powers of Board. The Board will have the power, subject to, and within the limitations of, the express provisions of the Plan:

(i) To determine (A) who will be granted Awards; (B) when and how each Award will be granted; (C) what type of Award will be granted; (D) the provisions of each Award (which need not be identical), including when a person will be permitted to exercise or otherwise receive cash or Common Shares under the Award; (E) the number of Common Shares subject to, or the cash value of, an Award; and (F) the Fair Market Value applicable to an Award.

(ii) To construe and interpret the Plan and Awards granted under it, and to establish, amend and revoke rules and regulations for administration of the Plan and Awards. The Board, in the exercise of these powers, may correct any defect, omission or inconsistency in the Plan or in any Award Agreement, in a manner and to the extent it will deem necessary or expedient to make the Plan or Award fully effective.

(iii) To settle all controversies regarding the Plan and Awards granted under it.

(iv) To accelerate, in whole or in part, the time at which an Award may be exercised or vest (or at which cash or Common Shares may be issued).

(v) To suspend or terminate the Plan at any time. Except as otherwise provided in the Plan or an Award Agreement, suspension or termination of the Plan will not impair a Participant's rights under his or her then-outstanding Award without his or her written consent except as provided in subsection (viii) below.

(vi) To amend the Plan in any respect the Board deems necessary or advisable, including, without limitation, by adopting amendments relating to Incentive Stock Options and certain nonqualified deferred compensation under Section 409A of the Code and/or to make the Plan or Awards granted under the Plan compliant with the requirements for Incentive Stock Options or exempt from or compliant with the requirements for nonqualified deferred compensation under Section 409A of the Code, subject to the limitations, if any, of applicable law. Except as otherwise provided in the Plan or an Award Agreement, no amendment of the Plan will materially and adversely impair a Participant's rights under an outstanding Award unless (1) the Company requests the consent of the affected Participant, and (2) such Participant consents in writing.

(vii) To delegate to the Chief Executive Officer of the Roivant Sciences Inc., a subsidiary of the Company (the "***CEO***") or other members of senior management the authority to grant Awards under the Plan.

(viii) To approve forms of Award Agreements for use under the Plan and to amend the terms of any one or more Awards, including, but not limited to, amendments to provide terms more favorable to the Participant than previously provided in the Award Agreement, subject to any specified limits in the Plan that are not subject to Board discretion; *provided however,* that a Participant's rights under any Award will not be materially and adversely impaired by any such amendment unless (A) the Company requests the consent of the affected Participant, and (B) such Participant consents in writing. Notwithstanding the foregoing, (1) a Participant's rights will not be deemed to have been impaired by any such amendment if the Board, in its sole discretion, determines that the amendment, taken as a whole, does not materially and adversely impair the Participant's rights, and (2) subject to the limitations of applicable law, if any, the Board may amend the terms of any one or more Awards without the affected Participant's consent (A) to maintain the qualified status of the Award as an Incentive Stock Option under Section 422 of the Code; (B) to change the terms of an Incentive Stock Option, if such change results in impairment of the Stock Award solely because it impairs the qualified status of the Stock Award as an Incentive Stock Option under Section 422 of the Code; (C) to clarify the manner of exemption from, or to bring the Award into compliance with, Section 409A of the Code; or (D) to comply with other applicable laws.

(ix) Generally, to exercise such powers and to perform such acts as the Board deems necessary or expedient to promote the best interests of the Company and that are not in conflict with the provisions of the Plan or Awards.

(x) To adopt such procedures and sub-plans as are necessary or appropriate to permit participation in the Plan by Employees, Directors or Consultants who are foreign nationals or employed outside the United States (provided that Board approval will not be necessary for immaterial modifications to the Plan or any Award Agreement that are required for compliance with the laws of the relevant foreign jurisdiction).

(xi) To effect, with the consent of any adversely affected Participant, (A) the reduction of the exercise, purchase or strike price of any outstanding Award; (B) the cancellation of any outstanding Stock Award and the grant in substitution therefor of a new (1) Option or SAR, (2) Restricted Stock Award, (3) Restricted Stock Unit Award, (4) Other Stock Award, (5) cash and/or (6) other valuable consideration determined by the Board, in its sole discretion, with any such substituted award (x) covering the same or a different number of Common Shares as the cancelled Stock Award and (y) granted under the Plan or another equity or compensatory plan of the Company; or (C) any other action that is treated as a repricing under generally accepted accounting principles.

(c) Delegation to Committee.

(i) General. The Board may delegate some or all of the administration of the Plan to a Committee or Committees. If administration of the Plan is delegated to a Committee, the Committee will have, in connection with the administration of the Plan, the powers theretofore possessed by the Board that have been delegated to the Committee, including the power to delegate to a subcommittee of the Committee any of the administrative powers the Committee is authorized to exercise (and references in the Plan to the Board will thereafter be to the Committee or subcommittee, as applicable). Any delegation of administrative powers will be reflected in resolutions, not inconsistent with the provisions of the Plan, adopted from time to time by the Board or Committee (as applicable). The Board may retain the authority to concurrently administer the Plan with the Committee and may, at any time, revest in the Board some or all of the powers previously delegated.

(d) Delegation to an Officer. The Board may delegate to one (1) or more Officers the authority to do one or both of the following: (i) designate Employees to be recipients of Stock Awards under the Plan, and (ii) determine the number of Common Shares to be subject to such Stock Awards granted to such Employees; provided, however, that the Board resolutions regarding such delegation will specify the total number of Common Shares that may be subject to the Stock Awards granted by such Officer and that such Officer may not grant a Stock Award to himself or herself. The Board hereby delegates to the CEO the power to grant 1,800,000 Options under the Plan to eligible Participants (subject to any limitations under the Plan) during the period prior to the date of the expected increase in the Share Reserve as described in Section 3(a); provided, however, the CEO may not grant any of the 1,800,000 Options to himself and no more than 180,000 Options may be granted to any individual Participant. Any such Stock Awards will be granted on the form of Stock Award Agreement most recently approved for use by the Committee or the Board, unless otherwise provided in the resolutions approving the delegation authority.

(e) Effect of Board's Decision. All determinations, interpretations and constructions made by the Board will not be subject to review by any person and will be final, binding and conclusive on all persons.

3. SHARES SUBJECT TO THE PLAN.

(a) Share Reserve. Subject to Section 9(a) relating to Capitalization Adjustments the aggregate number of Common Shares that may be issued pursuant to Stock Awards from and after the Effective Date will not exceed 1,800,000 shares (the "*Share Reserve*") provided there is an expectation that the Board may increase the Share Reserve at any time and is expected to do so within 90-days of the date on which at least two Outside Directors have been appointed to the Board. For clarity, the Share Reserve in this Section 3(a) is a limitation on the number of Common Shares that may be issued pursuant to the Plan. Accordingly, this Section 3(a) does not limit the granting of Stock Awards except as provided in Section 7(a).

(b) Reversion of Shares to the Share Reserve. If a Stock Award issued against the Share Reserve or any portion of such Stock Award (i) expires or otherwise terminates without all of the shares covered by such Stock Award having been issued or (ii) is settled in cash (*i.e.*, the Participant receives cash rather than stock), such expiration, termination or settlement will not reduce (or otherwise offset) the number of Common Shares that may be available for issuance from the Share Reserve. If any Common Shares issued pursuant to a Stock Award issued against the Share Reserve are forfeited back to or repurchased by the Company because of the failure to meet a contingency or condition required to vest such shares in the Participant, then the shares that are forfeited or repurchased will revert to and again become available for issuance under the Share Reserve. Any shares reacquired by the Company in satisfaction of tax withholding obligations on a Stock Award or as consideration for the exercise or purchase price of a Stock Award will again become available for issuance under the Share Reserve.

(c) Incentive Stock Option Limit. Subject to the provisions of Section 9(a) relating to Capitalization Adjustments and approval of the Plan by the Company's shareholders, the aggregate maximum number of Common Shares that may be issued pursuant to the exercise of Incentive Stock Options will be 900,000 Common Shares. If the Plan is not approved by the Company's shareholders, no Incentive Stock Options may be granted under the Plan.

(d) Special Reserve. In addition to the Share Reserve, effective as of March 26, 2020, an aggregate of 27,801,865 shares of Common Stock (the "***Special Reserve***") shall be available for the granting under the Plan of "Performance Options" and "Capped Value Appreciation Rights" ("***CVARs***") as part of the Company's 2020 Stock Awards made under the Plan. The Special Reserve shall be subject to adjustment pursuant to the Capital Adjustment Provisions of Section 9(a). However, upon the settlement, forfeiture or other cancellation of any portion of any Performance Option or CVAR (including the surrender of shares underlying such Performance Option or CVAR in satisfaction of the exercise price or tax obligations relating to such Performance Option or CVAR, as applicable), the shares impacted by such settlement, forfeiture, cancellation or surrender shall reduce the number of shares available under the Special Reserve and shall not be available for the issuance or funding of other Stock Awards under the Plan.

(e) Source of Shares. The securities issuable under the Plan will be authorized but unissued or reacquired Common Shares.

4. ELIGIBILITY.

(a) Eligibility for Specific Stock Awards. Incentive Stock Options may be granted only to employees of the Company or a "parent corporation" or "subsidiary corporation" thereof (as such terms are defined in Sections 424(e) and 424(f) of the Code). Stock Awards other than Incentive Stock Options may be granted to Employees, Directors and Consultants; *provided*,

however, that Stock Awards may not be granted to Employees, Directors and Consultants who are providing Continuous Service only to any "parent" of the Company, as such term is defined in Rule 405, unless (i) the stock underlying such Stock Awards is treated as "service recipient stock" under Section 409A of the Code (for example, because the Stock Awards are granted pursuant to a corporate transaction such as a spin off transaction), or (ii) the Company, in consultation with its legal counsel, has determined that such Stock Awards are otherwise exempt from Section 409A of the Code, or (iii) the Company, in consultation with its legal counsel, has determined that such Stock Awards comply with the distribution requirements of Section 409A of the Code.

(b) Ten Percent Shareholders. A Ten Percent Shareholder will not be granted an Incentive Stock Option unless the exercise price of such Option is at least one hundred ten percent (110%) of the Fair Market Value on the date of grant and the Option is not exercisable after the expiration of five (5) years from the date of grant.

5. PROVISIONS RELATING TO OPTIONS AND STOCK APPRECIATION RIGHTS.

Each Option or SAR will be in such form and will contain such terms and conditions as the Board deems appropriate. All Options will be separately designated Incentive Stock Options or Nonstatutory Stock Options at the time of grant, and, if certificates are issued, a separate certificate or certificates will be issued for Common Shares purchased on exercise of each type of Option. If an Option is not specifically designated as an Incentive Stock Option, or if an Option is designated as an Incentive Stock Option but some portion or all of the Option fails to qualify as an Incentive Stock Option under the applicable rules, then the Option (or portion thereof) will be a Nonstatutory Stock Option. The provisions of separate Options or SARs need not be identical; *provided, however*, that each Stock Award Agreement will conform to (through incorporation of provisions hereof by reference in the applicable Stock Award Agreement or otherwise) the substance of each of the following provisions:

(a) Term. Subject to the provisions of Section 4(b) regarding Ten Percent Shareholders, no Option or SAR will be exercisable after the expiration of ten (10) years from the date of its grant or such shorter period specified in the Stock Award Agreement.

(b) Exercise Price. Subject to the provisions of Section 4(b) regarding Ten Percent Shareholders, the exercise or strike price of each Option or SAR will be not less than one hundred percent (100%) of the Fair Market Value of the Common Shares subject to the Option or SAR on the date the Stock Award is granted. Notwithstanding the foregoing, an Option or SAR may be granted with an exercise or strike price lower than one hundred percent (100%) of the Fair Market Value of the Common Shares subject to the Stock Award if such Stock Award is granted pursuant to an assumption of or substitution for another option or stock appreciation right pursuant to a Change in Control and in a manner consistent with the provisions of Section 409A of the Code and, if applicable, Section 424(a) of the Code. Each SAR will be denominated in shares of Common Share equivalents.

(c) Purchase Price for Options. The purchase price of Common Shares acquired pursuant to the exercise of an Option may be paid, to the extent permitted by applicable law and as determined by the Board in its sole discretion, by any combination of the methods of payment set forth below. The Board will have the authority to grant Options that do not permit all of the following methods of payment (or otherwise restrict the ability to use certain methods) and to grant Options that require the consent of the Company to use a particular method of payment. The permitted methods of payment are as follows:

(i) by cash, check, bank draft or money order payable to the Company;

(ii) pursuant to a program developed under Regulation T as promulgated by the Federal Reserve Board that, prior to the issuance of the shares subject to the Option, results in either the receipt of cash (or check) by the Company or the receipt of irrevocable instructions to pay the aggregate exercise price to the Company from the sales proceeds;

(iii) by delivery to the Company (either by actual delivery or attestation) of shares of Common Shares;

(iv) if an Option is a Nonstatutory Stock Option, by a "net exercise" arrangement pursuant to which the Company will reduce the number of Common Shares issuable upon exercise by the largest whole number of shares with a Fair Market Value that does not exceed the aggregate exercise price; provided, however, that the Company will accept a cash or other payment from the Participant to the extent of any remaining balance of the aggregate exercise price not satisfied by such reduction in the number of whole shares to be issued. Common Shares will no longer be subject to an Option and will not be exercisable thereafter to the extent that (A) shares issuable upon exercise are used to pay the exercise price pursuant to the "net exercise," (B) shares are delivered to the Participant as a result of such exercise, and (C) shares are withheld to satisfy tax withholding obligations; or

(v) in any other form of legal consideration that may be acceptable to the Board.

(d) Exercise and Payment of a SAR. To exercise any outstanding SAR, the Participant must provide written notice of exercise to the Company in compliance with the provisions of the Stock Appreciation Right Agreement evidencing such SAR. The appreciation distribution payable on the exercise of a SAR will be not greater than an amount equal to the excess of (A) the aggregate Fair Market Value (on the date of the exercise of the SAR) of a number of Common Shares equal to the number of Common Share equivalents in which the Participant is vested under such SAR, and with respect to which the Participant is exercising the SAR on such date, over (B) the aggregate strike price of the number of Common Share equivalents with respect to which the Participant is exercising the SAR on such date. The appreciation distribution may be paid in Common Shares, in cash, in any combination of the two or in any other form of consideration, as determined by the Board.

(e) Transferability of Options and SARs. The Board may, in its sole discretion, impose such limitations on the transferability of Options and SARs as the Board will determine. In the absence of such a determination by the Board to the contrary, the following restrictions on the transferability of Options and SARs will apply:

(i) Restrictions on Transfer. An Option or SAR will not be transferable except by will or by the laws of descent and distribution (or pursuant to subsections (ii), (iii), and (iv) below), and will be exercisable during the lifetime of the Participant only by the Participant. The Board may permit transfer of the Option or SAR in a manner that is not prohibited by applicable tax and securities laws. Except as explicitly provided herein, neither an Option nor a SAR may be transferred for consideration.

(ii) Domestic Relations Orders. Subject to the approval of the Board or a duly authorized Officer, an Option or SAR may be transferred pursuant to the terms of a domestic relations order, official marital settlement agreement or other divorce or separation instrument as permitted by Treasury Regulation 1.421-1(b)(2). If an Option is an Incentive Stock Option, such Option may be deemed to be a Nonstatutory Stock Option as a result of such transfer.

(iii) Certain Trusts. Subject to the approval of the Board or a duly authorized Officer, an Option may be transferred to a trust if the Participant is considered to be the sole beneficial owner (determined under Section 671 of the Code and applicable state law) while the Option is held in the trust. The Participant and the trustee must enter into transfer and other agreements required by the Company.

(iv) Beneficiary Designation. Subject to the approval of the Board or a duly authorized Officer, a Participant may, by delivering written notice to the Company, in a form approved by the Company (or the designated broker), designate a third party who, upon the death of the Participant, will thereafter be entitled to exercise the Option or SAR and receive Common Shares or other consideration resulting from such exercise. In the absence of such a designation, upon the death of the Participant, the executor or administrator of the Participant's estate will be entitled to exercise the Option or SAR and receive Common Shares or other consideration resulting from such exercise. However, the Company may prohibit designation of a beneficiary at any time, including due to any conclusion by the Company that such designation would be inconsistent with the provisions of applicable laws.

(f) Vesting Generally. The total number of Common Shares subject to an Option or SAR may vest and become exercisable in periodic installments that may or may not be equal. The Option or SAR may be subject to such other terms and conditions on the time or times when it may or may not be exercised (which may be based on the satisfaction of performance goals or other criteria) as the Board may deem appropriate. The vesting provisions of individual Options or SARs may vary. The provisions of this Section 5(f) are subject to any Option or SAR provisions governing the minimum number of Common Shares as to which an Option or SAR may be exercised.

(g) Termination of Continuous Service. Except as otherwise provided in the applicable Stock Award Agreement or other agreement between the Participant and the Company, if a Participant's Continuous Service terminates (other than for Cause and other than upon the Participant's death or Disability), the Participant may exercise his or her Option or SAR (to the extent that the Participant was entitled to exercise such Stock Award as of the date of termination of Continuous Service) within the period of time ending on the earlier of (i) the date three (3) months following the termination of the Participant's Continuous Service (or such longer or shorter period specified in the applicable Stock Award Agreement, and (ii) the expiration of the term of the Option or SAR as set forth in the Stock Award Agreement. If, after termination of Continuous Service, the Participant does not exercise his or her Option or SAR within the applicable time frame, the Option or SAR (as applicable) will terminate.

(h) Disability of Participant. Except as otherwise provided in the applicable Stock Award Agreement or other agreement between the Participant and the Company, if a Participant's Continuous Service terminates as a result of the Participant's Disability, the Participant may exercise his or her Option or SAR (to the extent that the Participant was entitled to exercise such Option or SAR as of the date of termination of Continuous Service), but only within such period of time ending on the earlier of (i) the date twelve (12) months following such termination of Continuous Service (or such longer or shorter period specified in the Stock Award Agreement), and (ii) the expiration of the term of the Option or SAR as set forth in the Stock Award Agreement. If, after termination of Continuous Service, the Participant does not exercise his or her Option or SAR within the applicable time frame, the Option or SAR (as applicable) will terminate.

(i) Death of Participant. Except as otherwise provided in the applicable Stock Award Agreement or other agreement between the Participant and the Company, if (i) a Participant's Continuous Service terminates as a result of the Participant's death, or (ii) the Participant dies within the period (if any) specified in the Stock Award Agreement for exercisability after the termination of the Participant's Continuous Service (for a reason other than death), then the Option or SAR may be exercised (to the extent the Participant was entitled to exercise such Option or SAR as of the date of death) by the Participant's estate, by a person who acquired the right to exercise the Option or SAR by bequest or inheritance or by a person designated to exercise the Option or SAR upon the Participant's death, but only within the period ending on the earlier of (i) the date eighteen (18) months following the date of death (or such longer or shorter period specified in the Stock Award Agreement), and (ii) the expiration of the term of such Option or SAR as set forth in the Stock Award Agreement. If, after the Participant's death, the Option or SAR is not exercised within the applicable time frame, the Option or SAR (as applicable) will terminate.

(j) Termination for Cause. Except as explicitly provided otherwise in a Participant's Stock Award Agreement or other individual written agreement between the Company or any Affiliate and the Participant, if a Participant's Continuous Service is terminated for Cause, the Option or SAR will terminate immediately upon such Participant's termination of Continuous Service, and the Participant will be prohibited from exercising his or her Option or SAR from and after the time of such termination of Continuous Service.

(k) Non-Exempt Employees. If an Option or SAR is granted to an Employee who is a non-exempt employee for purposes of the Fair Labor Standards Act of 1938, as amended, the Option or SAR will not be first exercisable for any Common Shares until at least six (6) months following the date of grant of the Option or SAR (although the Stock Award may vest prior to such date). Consistent with the provisions of the Worker Economic Opportunity Act, (i) if such non-exempt Employee dies or suffers a Disability, (ii) upon a Change in Control, or (iii) upon the Participant's retirement (as such term may be defined in the Participant's Stock Award Agreement, in another agreement between the Participant and the Company, or, if no such definition, in accordance with the Company's then current employment policies and guidelines), the vested portion of any Options and SARs may be exercised earlier than six (6) months

following the date of grant. The foregoing provision is intended to operate so that any income derived by a non-exempt employee in connection with the exercise or vesting of an Option or SAR will be exempt from his or her regular rate of pay. To the extent permitted and/or required for compliance with the Worker Economic Opportunity Act to ensure that any income derived by a non-exempt employee in connection with the exercise, vesting or issuance of any shares under any other Stock Award will be exempt from the employee's regular rate of pay, the provisions of this Section 5(k) will apply to all Stock Awards and are hereby incorporated by reference into such Stock Award Agreements.

6. PROVISIONS OF STOCK AWARDS OTHER THAN OPTIONS AND SARS.

(a) Restricted Stock Awards. Each Restricted Stock Award Agreement will be in such form and will contain such terms and conditions as the Board deems appropriate. To the extent consistent with the Company's bylaws, at the Board's election, Common Shares underlying a Restricted Stock Award may be (i) held in book entry form subject to the Company's instructions until any restrictions relating to the Restricted Stock Award lapse; or (ii) evidenced by a certificate, which certificate will be held in such form and manner as determined by the Board. The terms and conditions of Restricted Stock Award Agreements may change from time to time, and the terms and conditions of separate Restricted Stock Award Agreements need not be identical. Each Restricted Stock Award Agreement will conform to (through incorporation of the provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:

(i) Consideration. A Restricted Stock Award may be awarded in consideration for (A) cash, check, bank draft or money order payable to the Company, (B) past services to the Company or an Affiliate, or (C) any other form of legal consideration that may be acceptable to the Board, in its sole discretion, and permissible under applicable law.

(ii) Vesting. Common Shares awarded under the Restricted Stock Award Agreement may be subject to forfeiture to the Company in accordance with a vesting schedule to be determined by the Board.

(iii) Termination of Participant's Continuous Service. If a Participant's Continuous Service terminates, the Company may receive through a forfeiture condition or a repurchase right, any or all of the Common Shares held by the Participant as of the date of termination of Continuous Service under the terms of the Restricted Stock Award Agreement.

(iv) Transferability. Rights to acquire Common Shares under the Restricted Stock Award Agreement will be transferable by the Participant only upon such terms and conditions as are set forth in the Restricted Stock Award Agreement, as the Board will determine in its sole discretion, so long as Common Shares awarded under the Restricted Stock Award Agreement remains subject to the terms of the Restricted Stock Award Agreement.

(v) Dividends. A Restricted Stock Award Agreement may provide that any dividends paid on Restricted Stock will be subject to the same vesting and forfeiture restrictions as apply to the shares subject to the Restricted Stock Award to which they relate.

(b) Restricted Stock Unit Awards. Each Restricted Stock Unit Award Agreement will be in such form and will contain such terms and conditions as the Board deems appropriate. The terms and conditions of Restricted Stock Unit Award Agreements may change from time to time, and the terms and conditions of separate Restricted Stock Unit Award Agreements need not be identical. Each Restricted Stock Unit Award Agreement will conform to (through incorporation of the provisions hereof by reference in the Agreement or otherwise) the substance of each of the following provisions:

(i) Consideration. At the time of grant of a Restricted Stock Unit Award, the Board will determine the consideration, if any, to be paid by the Participant upon delivery of each Common Share subject to the Restricted Stock Unit Award. The consideration to be paid (if any) by the Participant for each Common Share subject to a Restricted Stock Unit Award may be paid in any form of legal consideration that may be acceptable to the Board, in its sole discretion, and permissible under applicable law.

(ii) Vesting. At the time of the grant of a Restricted Stock Unit Award, the Board may impose such restrictions on or conditions to the vesting of the Restricted Stock Unit Award as it, in its sole discretion, deems appropriate.

(iii) Payment. A Restricted Stock Unit Award may be settled by the delivery of Common Shares, their cash equivalent, any combination thereof or in any other form of consideration, as determined by the Board.

(iv) Additional Restrictions. At the time of the grant of a Restricted Stock Unit Award, the Board, as it deems appropriate, may impose such restrictions or conditions that delay the delivery of Common Shares (or their cash equivalent) subject to a Restricted Stock Unit Award to a time after the vesting of such Restricted Stock Unit Award.

(v) Dividend Equivalents. Dividend equivalents may be credited in respect of Common Shares covered by a Restricted Stock Unit Award, as determined by the Board and contained in the Restricted Stock Unit Award Agreement. At the sole discretion of the Board, such dividend equivalents may be converted into additional Common Shares covered by the Restricted Stock Unit Award in such manner as determined by the Board. Any additional shares covered by the Restricted Stock Unit Award credited by reason of such dividend equivalents will be subject to all of the same terms and conditions of the underlying Restricted Stock Unit Award Agreement to which they relate.

(vi) Termination of Participant's Continuous Service. Except as otherwise provided in the applicable Restricted Stock Unit Award Agreement, such portion of the Restricted Stock Unit Award that has not vested will be forfeited upon the Participant's termination of Continuous Service.

(c) Other Stock Awards. Other forms of Stock Awards valued in whole or in part by reference to, or otherwise based on, Common Shares, including the appreciation in value thereof (e.g., options or stock rights with an exercise price or strike price less than one hundred percent (100%) of the Fair Market Value of the Common Shares at the time of grant) may be granted either alone or in addition to Stock Awards provided for under Section 5 and the preceding

provisions of this Section 6. Subject to the provisions of the Plan, the Board will have sole and complete authority to determine the persons to whom and the time or times at which such Other Stock Awards will be granted, the number of Common Shares (or the cash equivalent thereof) to be granted pursuant to such Other Stock Awards and all other terms and conditions of such Other Stock Awards.

7. COVENANTS OF THE COMPANY.

(a) Availability of Shares. The Company will keep available at all times the number of Common Shares reasonably required to satisfy then-outstanding Stock Awards.

(b) Securities Law Compliance. The Company will seek to obtain from each regulatory commission or agency having jurisdiction over the Plan such authority as may be required to grant Stock Awards and to issue and sell Common Shares upon exercise of the Stock Awards; *provided, however,* that this undertaking will not require the Company to register under the Securities Act the Plan, any Stock Award or any Common Shares issued or issuable pursuant to any such Stock Award. If, after reasonable efforts and at a reasonable cost, the Company is unable to obtain from any such regulatory commission or agency the authority that counsel for the Company deems necessary for the lawful issuance and sale of Common Shares under the Plan, the Company will be relieved from any liability for failure to issue and sell Common Shares upon exercise of such Stock Awards unless and until such authority is obtained. A Participant will not be eligible for the grant of an Award or the subsequent issuance of cash or Common Shares pursuant to the Award if such grant or issuance would be in violation of any applicable securities law.

(c) No Obligation to Notify or Minimize Taxes. The Company will have no duty or obligation to any Participant to advise such holder as to the time or manner of exercising such Stock Award. Furthermore, the Company will have no duty or obligation to warn or otherwise advise such holder of a pending termination or expiration of an Award or a possible period in which the Award may not be exercised. The Company has no duty or obligation to minimize the tax consequences of an Award to the holder of such Award.

8. MISCELLANEOUS.

(a) Use of Proceeds from Sales of Common Shares. Proceeds from the sale of shares of Common Shares pursuant to Stock Awards will constitute general funds of the Company.

(b) Corporate Action Constituting Grant of Awards. Corporate action constituting a grant by the Company of an Award to any Participant will be deemed completed as of the date of such corporate action, unless otherwise determined by the Board, regardless of when the instrument, certificate, or letter evidencing the Award is communicated to, or actually received or accepted by, the Participant. In the event that the corporate records (e.g., Board consents, resolutions or minutes) documenting the corporate action constituting the grant contain terms (e.g., exercise price, vesting schedule or number of shares) that are inconsistent with those in the Award Agreement as a result of a clerical error in the papering of the Award Agreement, the corporate records will control and the Participant will have no legally binding right to the incorrect term in the Award Agreement.

(c) Shareholder Rights. Other than with respect to Restricted Stock Awards, no Participant will be deemed to be the holder of, or to have any of the rights of a holder with respect to, any Common Shares subject to an Award unless and until (i) such Participant has satisfied all requirements for exercise of, or the issuance of Common Shares under, the Award pursuant to its terms, and (ii) the issuance of the Common Shares subject to the Award has been entered into the books and records of the Company.

(d) No Employment or Other Service Rights. Nothing in the Plan, any Award Agreement or any other instrument executed thereunder or in connection with any Stock Award granted pursuant thereto will confer upon any Participant any right to continue to serve the Company or an Affiliate in the capacity in effect at the time the Award was granted or will affect the right of the Company or an Affiliate to terminate (i) the employment of an Employee with or without notice and with or without cause, (ii) the service of a Consultant pursuant to the terms of such Consultant's agreement with the Company or an Affiliate, or (iii) the service of a Director pursuant to the bylaws of the Company or an Affiliate, and any applicable provisions of the corporate law of the state in which the Company or the Affiliate is incorporated, as the case may be.

(e) Change in Time Commitment. In the event a Participant's regular level of time commitment in the performance of his or her services for the Company and any Affiliates is reduced (for example, and without limitation, if the Participant is an Employee of the Company and the Employee has a change in status from a full-time Employee to a part-time Employee) after the date of grant of any Award to the Participant, the Board has the right in its sole discretion to (x) make a corresponding reduction in the number of shares subject to any portion of such Award that is scheduled to vest or become payable after the date of such change in time commitment, and (y) subject to the requirements of Section 409A of the Code, in lieu of or in combination with such a reduction, extend the vesting or payment schedule applicable to such Award. In the event of any such reduction, the Participant will have no right with respect to any portion of the Award that is so reduced or extended.

(f) Incentive Stock Option Limitations. To the extent that the aggregate Fair Market Value (determined at the time of grant) of Common Shares with respect to which Incentive Stock Options are exercisable for the first time by any Optionholder during any calendar year (under all plans of the Company and any Affiliates) exceeds one hundred thousand dollars ($100,000) (or such other limit established in the Code) or otherwise does not comply with the rules governing Incentive Stock Options, the Options or portions thereof that exceed such limit (according to the order in which they were granted) or otherwise do not comply with such rules will be treated as Nonstatutory Stock Options, notwithstanding any contrary provision of the applicable Option Agreement(s).

(g) Investment Assurances. The Company may require a Participant, as a condition of exercising or acquiring Common Shares under any Award, (i) to give written assurances satisfactory to the Company as to the Participant's knowledge and experience in financial and business matters and/or to employ a purchaser representative reasonably satisfactory to the

Company who is knowledgeable and experienced in financial and business matters and that he or she is capable of evaluating, alone or together with the purchaser representative, the merits and risks of exercising the Award; and (ii) to give written assurances satisfactory to the Company stating that the Participant is acquiring Common Shares subject to the Award for the Participant's own account and not with any present intention of selling or otherwise distributing the Common Shares. The Company may, upon advice of counsel to the Company, place legends on share certificates issued under the Plan as such counsel deems necessary or appropriate in order to comply with applicable securities laws, including, but not limited to, legends restricting the transfer of the Common Shares.

(h) Withholding Obligations. The Company may, in its sole discretion, satisfy any federal, state or local tax withholding obligation relating to an Award by any of the following means or by a combination of such means: (i) causing the Participant to tender a cash payment; (ii) withholding Common Shares from the Common Shares issued or otherwise issuable to the Participant in connection with the Award; *provided, however*, that no Common Shares are withheld with a value exceeding the minimum amount of tax required to be withheld by law (or such lesser amount as may be necessary to avoid classification of the Award as a liability for financial accounting purposes); (iii) withholding cash from an Award settled in cash; (iv) withholding payment from any amounts otherwise payable to the Participant; or (v) by such other method as may be acceptable to the Board.

(i) Electronic Delivery. Any reference herein to a "written" agreement or document will include any agreement or document delivered electronically or posted on the Company's intranet (or other shared electronic medium controlled by the Company to which the Participant has access).

(j) Deferrals. To the extent permitted by applicable law, the Board, in its sole discretion, may determine that the delivery of Common Shares or the payment of cash, upon the exercise, vesting or settlement of all or a portion of any Stock Award may be deferred and may establish programs and procedures for deferral elections to be made by Participants. Deferrals by Participants will be made in accordance with Section 409A of the Code. Consistent with Section 409A of the Code, the Board may provide for distributions while a Participant is still an employee or otherwise providing services to the Company. The Board is authorized to make deferrals of Stock Awards and determine when, and in what annual percentages, Participants may receive payments, including lump sum payments, following the Participant's termination of Continuous Service, and implement such other terms and conditions consistent with the provisions of the Plan and in accordance with applicable law.

(k) Compliance with Section 409A of the Code. Unless otherwise expressly provided for in an Award Agreement, the Plan and Award Agreements will be interpreted to the greatest extent possible in a manner that makes the Plan and the Awards granted hereunder exempt from Section 409A of the Code, and, to the extent not so exempt, in compliance with Section 409A of the Code. If the Board determines that any Award granted hereunder is not exempt from and is therefore subject to Section 409A of the Code, the Award Agreement evidencing such Award will incorporate the terms and conditions necessary to avoid the consequences specified in Section 409A(a)(1) of the Code, and to the extent an Award Agreement is silent on terms necessary for compliance, such terms are hereby incorporated by

reference into the Award Agreement. Notwithstanding anything to the contrary in the Plan (and unless the Award Agreement specifically provides otherwise), if the Common Shares are publicly traded, and if a Participant holding an Award that constitutes "deferred compensation" under Section 409A of the Code is a "specified employee" for purposes of Section 409A of the Code, no distribution or payment of any amount that is due because of a "separation from service" (as defined in Section 409A of the Code without regard to alternative definitions thereunder) will be issued or paid before the date that is six (6) months following the date of such Participant's "separation from service" or, if earlier, the date of the Participant's death, unless such distribution or payment can be made in a manner that complies with Section 409A of the Code, and any amounts so deferred will be paid in a lump sum on the day after such six (6) month period elapses, with the balance paid thereafter on the original schedule.

9. ADJUSTMENTS UPON CHANGES IN COMMON SHARES; OTHER CORPORATE EVENTS.

(a) Capitalization Adjustments. In the event of a Capitalization Adjustment, the Board will appropriately and proportionately adjust: (i) the class(es) and maximum number of securities subject to the Plan pursuant to Section 3(a), (ii) the class(es) and maximum number of securities that may be issued pursuant to the exercise of Incentive Stock Options pursuant to Section 3(c), and (iii) the class(es) and number of securities and price per share of stock subject to outstanding Stock Awards (including, as appropriate, any exercise price, threshold, target or maximum price measure, knock-in price measure or other share price measure applicable to any outstanding Stock Awards). The Board will make such adjustments, and its determination will be final, binding and conclusive.

(b) Dissolution. Except as otherwise provided in the Stock Award Agreement, in the event of a Dissolution of the Company, all outstanding Stock Awards (other than Stock Awards consisting of vested and outstanding Common Shares not subject to a forfeiture condition or the Company's right of repurchase) will terminate immediately prior to the completion of such Dissolution, and the Common Shares subject to the Company's repurchase rights or subject to a forfeiture condition may be repurchased or reacquired by the Company notwithstanding the fact that the holder of such Stock Award is providing Continuous Service, *provided, however,* that the Board may, in its sole discretion, cause some or all Stock Awards to become fully vested, exercisable and/or no longer subject to repurchase or forfeiture (to the extent such Stock Awards have not previously expired or terminated) before the Dissolution is completed but contingent on its completion.

(c) Change in Control. The following provisions will apply to Stock Awards in the event of a Change in Control unless otherwise provided in the Stock Award Agreement or any other written agreement between the Company or any Affiliate and the Participant or unless otherwise expressly provided by the Board at the time of grant of a Stock Award. In the event of a Change in Control, then, notwithstanding any other provision of the Plan, the Board may take one or more of the following actions with respect to Stock Awards, contingent upon the closing or completion of the applicable Change in Control:

(i) arrange for the surviving corporation or acquiring corporation (or the surviving or acquiring corporation's parent company) to assume or continue the Stock Award or to substitute a similar stock award for the Stock Award (including, but not limited to, an award to acquire the same consideration paid to the shareholders of the Company pursuant to the applicable Change in Control);

(ii) arrange for the assignment of any reacquisition or repurchase rights held by the Company in respect of Common Shares issued pursuant to the Stock Award to the surviving corporation or acquiring corporation (or the surviving or acquiring corporation's parent company);

(iii) accelerate the vesting, in whole or in part, of the Stock Award (and, if applicable, the time at which the Stock Award may be exercised) to a date prior to the effective time of such Change in Control as the Board determines (or, if the Board does not determine such a date, to the date that is five (5) days prior to the effective date of the Change in Control), with such Stock Award terminating if not exercised (if applicable) at or prior to the effective time of the Change in Control; provided, however, that the Board may require Participants to complete and deliver to the Company a notice of exercise before the effective date of a Change in Control, which exercise is contingent upon the effectiveness of such Change in Control;

(iv) arrange for the lapse, in whole or in part, of any reacquisition or repurchase rights held by the Company with respect to the Stock Award;

(v) cancel or arrange for the cancellation of the Stock Award, to the extent not vested or not exercised prior to the effective time of the Change in Control, in exchange for such cash consideration, if any, as the Board, in its sole discretion, may consider appropriate; and

(vi) make a payment, in such form as may be determined by the Board equal to the excess, if any, of (A) the value of the property the Participant would have received upon the exercise of the Stock Award immediately prior to the effective time of the Change in Control, over (B) any exercise price payable by such holder in connection with such exercise. For clarity, this payment may be zero ($0) if the value of the property is equal to or less than the exercise price. Payments under this provision may be delayed to the same extent that payment of consideration to the holders of the Company's Common Shares in connection with the Change in Control is delayed as a result of escrows, earn outs, holdbacks or any other contingencies.

The Board need not take the same action or actions with respect to all Stock Awards or portions thereof or with respect to all Participants. The Board may take different actions with respect to the vested and unvested portions of a Stock Award.

10. PLAN TERM; EARLIER TERMINATION OR SUSPENSION OF THE PLAN.

(a) Plan Term. The Board may suspend or terminate the Plan at any time. Unless terminated sooner by the Board, the Plan will automatically terminate on the day before the tenth (10th) anniversary of the earlier of (i) the date the Plan is adopted by the Board, or (ii) the date the Plan is approved by the shareholders of the Company (if applicable). No Stock Awards may be granted under the Plan while the Plan is suspended or after it is terminated.

11. EFFECTIVE DATE OF PLAN.

This Plan will become effective on the Effective Date.

12. CHOICE OF LAW.

To the extent that United States federal laws do not otherwise control, the Plan and all determinations made and actions taken pursuant to the Plan shall be governed by the internal laws of the State of New York, and construed accordingly, except for those matters subject to The Companies Act, 1981 of Bermuda (as amended), which shall be governed by Bermuda law, without giving effect to principles of conflicts of laws, and construed accordingly.

13. DEFINITIONS. As used in the Plan, the following definitions will apply to the capitalized terms indicated below:

(a) "***Affiliate***" means, at the time of determination, each of the following: (i) any "parent" of the Company, as such term is defined in Rule 405; (ii) any "subsidiary" of the Company, as such term is defined in Rule 405; and (iii) any other entity in which the Company or any of its Affiliates has a material equity interest or control relationship unless otherwise designated by the Board. An entity will be deemed an Affiliate of the Company for purposes of this definition only for such periods as the requisite ownership or control relationship is maintained. The Board will have the authority to determine the time or times at which "parent" or "majority-owned subsidiary" status is determined within the definitions set forth in Rule 405.

(b) "***Award***" means a Stock Award.

(c) "***Award Agreement***" means a written agreement between the Company and a Participant evidencing the terms and conditions of an Award.

(d) "***Board***" means the Board of Directors of the Company.

(e) "***Bye-laws***" means the bye-laws of the Company, as may be amended from time to time.

(c) Purpose. The Plan, through the granting of Awards, is intended to help the Company and its Affiliates secure and retain the services of eligible award recipients, provide incentives for such persons to exert maximum efforts for the success of the Company and any Affiliate and provide a means by which the eligible recipients may benefit from increases in value of the Common Shares.

2. ADMINISTRATION.

(a) Administration by Board. The Board will administer the Plan. The Board may delegate administration of the Plan to a Committee or Committees, as provided in Section 2(c).

(b) Powers of Board. The Board will have the power, subject to, and within the limitations of, the express provisions of the Plan:

(i) To determine (A) who will be granted Awards; (B) when and how each Award will be granted; (C) what type of Award will be granted; (D) the provisions of each Award (which need not be identical), including when a person will be permitted to exercise or otherwise receive cash or Common Shares under the Award; (E) the number of Common Shares subject to, or the cash value of, an Award; (F) whether, to what extent and under what circumstances Awards may be settled or exercised in cash, Common Shares, other Awards, other property, net settlement, or any combination thereof, or canceled, forfeited or suspended, and the method or methods by which Awards may be settled, exercised, canceled, forfeited or suspended; (G) whether, to what extent and under what circumstances cash, Common Shares, other Awards, other property and other amounts payable with respect to an Award under the Plan shall be deferred either automatically or at the election of the holder thereof or of the Board; and (H) the Fair Market Value applicable to an Award.

(ii) To construe and interpret the Plan and Awards granted under it, and to establish, amend and revoke rules and regulations for administration of the Plan and Awards. The Board, in the exercise of these powers, may correct any defect, omission or inconsistency in the Plan or in any Award Agreement, in a manner and to the extent it deems necessary or expedient to make the Plan or Award fully effective.

(iii) To settle all controversies regarding the Plan and Awards granted under it.

(iv) To accelerate, in whole or in part, the time at which an Award may be exercised or vest (or at which cash or Common Shares may be issued).

(v) To suspend or terminate the Plan at any time. Except as otherwise provided in the Plan or an Award Agreement, suspension or termination of the Plan will not impair a Participant's rights under his or her then-outstanding Award without his or her written consent except as provided in subsection (viii) below.

(vi) To amend the Plan in any respect the Board deems necessary or advisable, including, without limitation, by adopting amendments relating to Incentive Stock Options and certain nonqualified deferred compensation under Section 409A of the Code and/or to make the Plan or Awards granted under the Plan compliant with the requirements for Incentive Stock Options or exempt from or compliant with the requirements for nonqualified deferred compensation under Section 409A of the Code, subject to the limitations, if any, of applicable law. Except as otherwise provided in the Plan or an Award Agreement, no amendment of the Plan will materially and adversely impair a Participant's rights under an outstanding Award unless (A) the Company requests the consent of the affected Participant and (B) such Participant consents in writing.

(vii) To submit any amendment to the Plan for shareholder approval, including, but not limited to, amendments to the Plan intended to satisfy the requirements of (A) Section 422 of the Code regarding Incentive Stock Options or (B) Rule 16b-3.

Notwithstanding the foregoing, (1) a Participant's rights will not be deemed to have been impaired by any such amendment if the Board, in its sole discretion, determines that the amendment, taken as a whole, does not materially and adversely impair the Participant's rights and (2) subject to the limitations of applicable law, if any, the Board may amend the terms of any one or more Awards without the affected Participant's consent (I) to maintain the qualified status of the Award as an Incentive Stock Option under Section 422 of the Code; (II) to change the terms of an Incentive Stock Option, if such change results in impairment of the Stock Award solely because it impairs the qualified status of the Stock Award as an Incentive Stock Option under Section 422 of the Code; (III) to clarify the manner of exemption from, or to bring the Award into compliance with, Section 409A of the Code; or (IV) to comply with other applicable law or listing requirements.

(ix) Generally, to exercise such powers and to perform such acts as the Board deems necessary or expedient to promote the best interests of the Company and that are not in conflict with the provisions of the Plan or Awards.

(x) To adopt such procedures and sub-plans as are necessary or appropriate to permit participation in the Plan by Employees, Directors or Consultants who are foreign nationals or employed outside the United States (*provided* that, Board approval will not be necessary for immaterial modifications to the Plan or any Award Agreement that are required for compliance with the laws of the relevant foreign jurisdiction).

(xi) To effect, with the consent of any adversely affected Participant, (A) the reduction of the exercise, purchase or strike price of any outstanding Award; (B) the cancellation of any outstanding Stock Award and the grant in substitution therefor of a new (1) Option or SAR, (2) Restricted Stock Award, (3) Restricted Stock Unit Award, (4) Other Stock Award, (5) cash and/or (6) other valuable consideration determined by the Board, in its sole discretion, with any such substituted award (x) covering the same or a different number of Common Shares as the cancelled Stock Award and (y) granted under the Plan or another equity or compensatory plan of the Company; or (C) any other action that is treated as a repricing under generally accepted accounting principles.

(xii) To make any other determination and take any other action that the Board deems necessary or desirable for the administration of the Plan and due compliance with applicable law, stock market or exchange rules and regulations or accounting or tax rules and regulations.

(c) Delegation to Committee. The Board may delegate some or all of the administration of the Plan to a Committee or Committees. If administration of the Plan is delegated to a Committee, the Committee will have, in connection with the administration of the Plan, the powers theretofore possessed by the Board that have been delegated to the Committee, including the power to delegate to a subcommittee of the Committee any of the administrative powers the Committee is authorized to exercise (and references in the Plan to the Board will thereafter be to the Committee or subcommittee, as applicable). Any delegation of administrative powers will be reflected in resolutions, not inconsistent with the provisions of the Plan, adopted from time to time by the Board or Committee (as applicable). The Board may retain the authority to concurrently administer the Plan with the Committee and may, at any time, revest in the Board some or all of the powers previously delegated.

(d) Delegation to an Officer. To the extent permitted under applicable law, the Board may delegate to one (1) or more Officers some or all of its authority under the Plan, including the authority to (i) designate Employees who are not Officers to be recipients of Stock Awards under the Plan and the terms of such Stock Awards, and (ii) determine the number of Common Shares to be subject to such Stock Awards granted to such Employees; *provided*, *however*, that the Board resolutions regarding such delegation will specify the total number of Common Shares that may be subject to the Stock Awards granted by such Officer and that such Officer may not grant a Stock Award to himself or herself. Any such Stock Awards will be granted on the form of Stock Award Agreement most recently approved for use by the Committee or the Board for such applicable Stock Award, unless otherwise provided in the resolutions approving the delegation authority. The Board may not delegate authority to an Officer who is acting solely in the capacity of an Officer (and not also as a Director) to determine the Fair Market Value pursuant to clause (iii) of the definition thereof.

(e) Effect of Board's Decision. All determinations, interpretations and constructions made by the Board (or a Committee or an Officer to whom authority has been delegated by the Board pursuant to Section 2(c) or Section 2(d), as applicable) will not be subject to review by any person and will be final, binding and conclusive on all persons.

3. SHARES SUBJECT TO THE PLAN.

(a) Share Reserve. Subject to Section 9(a) relating to Capitalization Adjustments, and the following sentence regarding the annual increase, the aggregate number of Common Shares that may be issued pursuant to Stock Awards from and after the Effective Date will not exceed [•][1] Common Shares (the "***Share Reserve***"). In addition, subject to Section 9(a), the total number of Common Shares available for issuance pursuant to the Share Reserve under the Plan shall be increased on the first day of each fiscal year of the Company following the Effective Date (and prior to the termination of the Plan) in an amount equal to the lesser of (i) 5% of the Common Shares outstanding as of the last day of the immediately preceding fiscal year of the Company and (ii) such number of Common Shares as determined by the Board in its discretion. Common Shares issued in respect of Substitute Awards will not reduce the number of Common Shares available for issuance from the Share Reserve.

(b) Reversion of Shares to the Share Reserve. If a Stock Award issued against the Share Reserve or any portion of such Stock Award (i) expires or otherwise terminates without all of the Common Shares covered by such Stock Award having been issued or (ii) is settled in cash (*i.e.*, the Participant receives cash rather than Common Shares), such expiration, termination or settlement will not reduce (or otherwise offset) the number of Common Shares that may be available for issuance from the Share Reserve. If any Common Shares issued pursuant to a Stock Award issued against the Share Reserve are forfeited back to or repurchased by the Company because of the failure to meet a contingency or condition required to vest such Common Shares in the Participant, then the Common Shares that are forfeited or repurchased will revert to and again become available for issuance under the Share Reserve. Any Common Shares reacquired by the Company in satisfaction of tax withholding obligations on a Stock Award or as consideration for the exercise or purchase price of a Stock Award will again become available for issuance under the Share Reserve.

(c) Incentive Stock Option Limit. Subject to the provisions of Section 9(a) relating to Capitalization Adjustments and approval of the Plan by the Company's shareholders, the aggregate maximum number of Common Shares that may be issued pursuant to the exercise of Incentive Stock Options will be [•][2] Common Shares. If the Plan is not approved by the Company's shareholders, no Incentive Stock Options may be granted under the Plan.

---

1 **Note to Draft**: The initial Share Reserve to be equal to 10% of the aggregate outstanding shares of the Company as of the closing date of the business combination transaction (the "Closing Date"). As of the Closing Date, no future awards will be granted under the Company's existing equity incentive plans (but awards then-outstanding under such existing equity-incentive plans will remain outstanding in accordance with their terms, subject to the adjustment provisions in the BCA).

2 **Note to Draft**: To equal to the initial Share Reserve or a lesser amount to be determined by the Board prior to the adoption of the Plan.

(d) Limitation on Compensation Paid to Non-Employee Directors. The maximum number of Common Shares subject to any Awards granted under the Plan or otherwise during any one fiscal year to any Non-Employee Director, taken together with any cash fees paid by the Company to such Non-Employee Director during such fiscal year for service on the Board, will not exceed $750,000 (or $1,000,000 for such Non-Employee Director's first fiscal year of service on the Board) in total value (calculating the value of any such Stock Awards based on the grant date fair value of such Stock Awards for financial reporting purposes).

(e) Source of Shares. The securities issuable under the Plan will be authorized but unissued or reacquired Common Shares, including Common Shares repurchased by the Company on the open market or otherwise.

4. ELIGIBILITY.

(a) Eligibility for Specific Stock Awards. Incentive Stock Options may be granted only to employees of the Company or a "parent corporation" or "subsidiary corporation" thereof (as such terms are defined in Sections 424(e) and 424(f) of the Code). Stock Awards other than Incentive Stock Options may be granted to Employees, Directors and Consultants.

(b) Ten Percent Shareholders. A Ten Percent Shareholder will not be granted an Incentive Stock Option unless the exercise price of such Option is at least 110% of the Fair Market Value on the date of grant and the Option is not exercisable after the expiration of five (5) years from the date of grant.

5. PROVISIONS RELATING TO OPTIONS AND STOCK APPRECIATION RIGHTS.

Each Option or SAR will be in such form and will contain such terms and conditions as the Board deems appropriate. All Options will be separately designated Incentive Stock Options or Nonstatutory Stock Options at the time of grant, and, if certificates are issued, a separate certificate or certificates will be issued for Common Shares purchased on exercise of each type of Option. If an Option is not specifically designated as an Incentive Stock Option, or if an Option is designated as an Incentive Stock Option but some portion or all of the Option fails to qualify as an Incentive Stock Option under the applicable rules, then the Option (or portion thereof) will be a Nonstatutory Stock Option. The provisions of separate Options or SARs need not be identical; *provided, however*, that each Stock Award Agreement will conform to (through incorporation of provisions hereof by reference in the applicable Stock Award Agreement or otherwise) the substance of each of the following provisions:

(a) Term. Subject to the provisions of Section 4(b) regarding Ten Percent Shareholders, no Option or SAR will be exercisable after the expiration of ten (10) years from the date of its grant or such shorter period specified in the Stock Award Agreement.

(b) Exercise Price. Subject to the provisions of Section 4(b) regarding Ten Percent Shareholders and except in the case of Substitute Awards, the exercise or strike price of each Option or SAR will be not less than 100% of the Fair Market Value of the Common Shares subject to the Option or SAR on the date the Stock Award is granted.

(c) Purchase Price for Options. The purchase price of Common Shares acquired pursuant to the exercise of an Option may be paid, to the extent permitted by applicable law and as determined by the Board in its sole discretion, by any combination of the methods of payment set forth below. The Board will have the authority to grant Options that do not permit all of the following methods of payment (or otherwise restrict the ability to use certain methods) and to grant Options that require the consent of the Company to use a particular method of payment. The permitted methods of payment are as follows:

(i) by cash, check, bank draft or money order payable to the Company;

(ii) pursuant to a program developed under Regulation T as promulgated by the Federal Reserve Board that, prior to the issuance of the Common Shares subject to the Option, results in either the receipt of cash (or check) by the Company or the receipt of irrevocable instructions to pay the aggregate exercise price to the Company from the sales proceeds;

(iii) by delivery to the Company (either by actual delivery or attestation) of Common Shares;

(iv) if an Option is a Nonstatutory Stock Option, by a "net exercise" arrangement pursuant to which the Company will reduce the number of Common Shares issuable upon exercise by the largest whole number of Common Shares with a Fair Market Value that does not exceed the aggregate exercise price; *provided*, *however*, that the Company will accept a cash or other payment from the Participant to the extent of any remaining balance of the aggregate exercise price not satisfied by such reduction in the number of whole Common Shares to be issued. Common Shares will no longer be subject to an Option and will not be exercisable thereafter to the extent that (A) Common Shares issuable upon exercise are used to pay the exercise price pursuant to the "net exercise," (B) Common Shares are delivered to the Participant as a result of such exercise, and (C) Common Shares are withheld to satisfy tax withholding obligations; or

(v) in any other form of legal consideration that may be acceptable to the Board.

(d) Exercise and Payment of a SAR. To exercise any outstanding SAR, the Participant must provide written notice of exercise to the Company in compliance with the provisions of the Stock Appreciation Right Agreement evidencing such SAR. The appreciation distribution payable on the exercise of a SAR will be not greater than an amount equal to the excess of (A) the aggregate Fair Market Value (on the date of the exercise of the SAR) of a number of Common Shares equal to the number of Common Share equivalents in which the Participant is vested under such SAR, and with respect to which the Participant is exercising the SAR on such date, over (B) the aggregate strike price of the number of Common Share equivalents with respect to which the Participant is exercising the SAR on such date. The appreciation distribution may be paid in Common Shares, in cash, in any combination of the two or in any other form of consideration, as determined by the Board.

(e) Transferability of Options and SARs. The Board may, in its sole discretion, impose such limitations on the transferability of Options and SARs as the Board will determine. In the absence of such a determination by the Board to the contrary, the following restrictions on the transferability of Options and SARs will apply:

(i) Restrictions on Transfer. An Option or SAR will not be transferable except by will or by the laws of descent and distribution (or pursuant to subsections (ii), (iii), and (iv) below), and will be exercisable during the lifetime of the Participant only by the Participant. The Board may permit transfer of the Option or SAR in a manner that is not prohibited by applicable tax or securities law. Except as explicitly provided herein, neither an Option nor a SAR may be transferred for consideration.

(ii) Domestic Relations Orders. Subject to the approval of the Board or a duly authorized Officer, an Option or SAR may be transferred pursuant to the terms of a domestic relations order, official marital settlement agreement or other divorce or separation instrument as permitted by Treasury Regulation 1.421-1(b)(2). If an Option is an Incentive Stock Option, such Option may be deemed to be a Nonstatutory Stock Option as a result of such transfer.

(iii) Certain Trusts. Subject to the approval of the Board or a duly authorized Officer and applicable law, an Option may be transferred to a trust if the Participant is considered to be the sole beneficial owner (determined under Section 671 of the Code and applicable state law) while the Option is held in the trust. The Participant and the trustee must enter into transfer and other agreements required by the Company.

(iv) Beneficiary Designation. Subject to the approval of the Board or a duly authorized Officer, a Participant may, by delivering written notice to the Company, in a form approved by the Company (or the designated broker), designate a third party who, upon the death of the Participant, will thereafter be entitled to exercise the Option or SAR and receive Common Shares or other consideration resulting from such exercise. In the absence of such a designation, upon the death of the Participant, the executor or administrator of the Participant's estate will be entitled to exercise the Option or SAR and receive Common Shares or other consideration resulting from such exercise. However, the Company may prohibit designation of a beneficiary at any time, including due to any conclusion by the Company that such designation would be inconsistent with the provisions of applicable law.

(f) Vesting Generally. The total number of Common Shares subject to an Option or SAR may vest and become exercisable in periodic installments that may or may not be equal. The Option or SAR may be subject to such other terms and conditions on the time or times when it may or may not be exercised (which may be based on the satisfaction of performance goals or other criteria) as the Board may deem appropriate. The vesting provisions of individual Options or SARs may vary. The provisions of this Section 5(f) are subject to any Option or SAR provisions governing the minimum number of Common Shares as to which an Option or SAR may be exercised.

(g) Termination of Continuous Service. Except as otherwise provided in the applicable Stock Award Agreement or other agreement between the Participant and the Company, if a Participant's Continuous Service terminates (other than for Cause and other than upon the Participant's death or Disability), the Participant may exercise his or her Option or SAR (to the extent that the Participant was entitled to exercise such Stock Award as of the date of termination of Continuous Service) within the period of time ending on the earlier of (i) the date three (3) months following the termination of the Participant's Continuous Service (or such

longer or shorter period specified in the applicable Stock Award Agreement), and (ii) the expiration of the term of the Option or SAR as set forth in the Stock Award Agreement. If, after termination of Continuous Service, the Participant does not exercise his or her Option or SAR within the applicable time frame, the Option or SAR (as applicable) will terminate.

(h) Extension of Termination Date. If the exercise of an Option or SAR following the termination of the Participant's Continuous Service (other than for Cause and other than upon the Participant's death or Disability) would be prohibited at any time solely because the issuance of Common Shares would violate the registration requirements under the Securities Act, then the Option or SAR will terminate on the earlier of (i) the expiration of a total period of time (that need not be consecutive) equal to the applicable post termination exercise period, as set forth in Section 5(g), after the termination of the Participant's Continuous Service during which the exercise of the Option or SAR would not be in violation of such registration requirements, or (ii) the expiration of the term of the Option or SAR as set forth in the applicable Stock Award Agreement. In addition, unless otherwise provided in a Participant's Stock Award Agreement, if the sale of any Common Share received upon exercise of an Option or SAR following the termination of the Participant's Continuous Service (other than for Cause) would violate the Company's insider trading policy, then the Option or SAR will terminate on the earlier of (i) the expiration of a period of time (that need not be consecutive) equal to the applicable post-termination exercise period, as set forth in Section 5(g), after the termination of the Participant's Continuous Service during which the sale of the Common Share received upon exercise of the Option or SAR would not be in violation of the Company's insider trading policy, or (ii) the expiration of the term of the Option or SAR as set forth in the applicable Stock Award Agreement.

(i) Disability of Participant. Except as otherwise provided in the applicable Stock Award Agreement or other agreement between the Participant and the Company, if a Participant's Continuous Service terminates as a result of the Participant's Disability, the Participant may exercise his or her Option or SAR (to the extent that the Participant was entitled to exercise such Option or SAR as of the date of termination of Continuous Service), but only within such period of time ending on the earlier of (i) the date twelve (12) months following such termination of Continuous Service (or such longer or shorter period specified in the Stock Award Agreement), and (ii) the expiration of the term of the Option or SAR as set forth in the Stock Award Agreement. If, after termination of Continuous Service, the Participant does not exercise his or her Option or SAR within the applicable time frame, the Option or SAR (as applicable) will terminate.

(j) Death of Participant. Except as otherwise provided in the applicable Stock Award Agreement or other agreement between the Participant and the Company, if (i) a Participant's Continuous Service terminates as a result of the Participant's death or (ii) the Participant dies within the period (if any) specified in the Stock Award Agreement for exercisability after the termination of the Participant's Continuous Service (for a reason other than death), then the Option or SAR may be exercised (to the extent the Participant was entitled to exercise such Option or SAR as of the date of death) by the Participant's estate, by a person who acquired the right to exercise the Option or SAR by bequest or inheritance or by a person designated to exercise the Option or SAR upon the Participant's death, but only within the period ending on the earlier of (i) the date eighteen (18) months following the date of death (or such

longer or shorter period specified in the Stock Award Agreement), and (ii) the expiration of the term of such Option or SAR as set forth in the Stock Award Agreement. If, after the Participant's death, the Option or SAR is not exercised within the applicable time frame, the Option or SAR (as applicable) will terminate.

(k) Termination for Cause. Except as explicitly provided otherwise in a Participant's Stock Award Agreement or other individual written agreement between the Company or any Affiliate and the Participant, if a Participant's Continuous Service is terminated for Cause, the Option or SAR will terminate immediately upon such Participant's termination of Continuous Service, and the Participant will be prohibited from exercising his or her Option or SAR (as applicable) from and after the time of such termination of Continuous Service.

(l) Automatic Exercise. If, as of the last day of the term of an Option or SAR, (i) the Fair Market Value of a Common Share subject to the Option or SAR, as applicable, exceeds the aggregate exercise or strike price of the Option or SAR and (ii) the Participant has not previously exercised such Option or SAR, then the Option or SAR shall be deemed to have been exercised by the Participant on such date (the "***Automatic Exercise Date***"), which such automatic exercise shall be made on a "net exercise" basis to cover the applicable exercise or strike price applicable to such Option or SAR and any applicable tax withholding obligations; *provided* that, unless otherwise determined by the Board, this Section 5(l) shall not apply to any Option or SAR held by a Participant who has incurred a termination of Continuous Service on or before the Automatic Exercise Date.

(m) Non-Exempt Employees. If an Option or SAR is granted to an Employee who is a non-exempt employee for purposes of the Fair Labor Standards Act of 1938, as amended, the Option or SAR will not be first exercisable for any Common Shares until at least six (6) months following the date of grant of the Option or SAR (although the Stock Award may vest prior to such date). Consistent with the provisions of the Worker Economic Opportunity Act, (i) if such non-exempt Employee dies or suffers a Disability, (ii) upon a Change in Control, or (iii) upon the Participant's retirement (as such term may be defined in the Participant's Stock Award Agreement, in another agreement between the Participant and the Company, or, if no such definition, in accordance with the Company's then current employment policies and guidelines), the vested portion of any Options and SARs may be exercised earlier than six (6) months following the date of grant. The foregoing provision is intended to operate so that any income derived by a non-exempt employee in connection with the exercise or vesting of an Option or SAR will be exempt from his or her regular rate of pay. To the extent permitted and/or required for compliance with the Worker Economic Opportunity Act to ensure that any income derived by a non-exempt employee in connection with the exercise, vesting or issuance of any shares under any other Stock Award will be exempt from the employee's regular rate of pay, the provisions of this Section 5(m) will apply to all Stock Awards and are hereby incorporated by reference into such Stock Award Agreements.

6. PROVISIONS OF STOCK AWARDS OTHER THAN OPTIONS AND SARS.

(a) Restricted Stock Awards. Each Restricted Stock Award Agreement will be in such form and will contain such terms and conditions as the Board deems appropriate. To the extent consistent with the Company's bylaws, at the Board's election, Common Shares underlying a Restricted Stock Award may be (i) held in book entry form subject to the Company's instructions until any restrictions relating to the Restricted Stock Award lapse, or (ii) evidenced by a certificate, which certificate will be held in such form and manner as determined by the Board. The terms and conditions of Restricted Stock Award Agreements may change from time to time, and the terms and conditions of separate Restricted Stock Award Agreements need not be identical. Each Restricted Stock Award Agreement will conform to (through incorporation of the provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:

(i) Consideration. A Restricted Stock Award may be awarded in consideration for (A) cash, check, bank draft or money order payable to the Company, (B) past services to the Company or an Affiliate, or (C) any other form of legal consideration that may be acceptable to the Board, in its sole discretion, and permissible under applicable law.

(ii) Vesting. Common Shares awarded under the Restricted Stock Award Agreement may be subject to forfeiture to the Company in accordance with a vesting schedule (including with respect to performance goals or other criteria) to be determined by the Board.

(iii) Termination of Participant's Continuous Service. If a Participant's Continuous Service terminates, the Company may receive through a forfeiture condition or a repurchase right any or all of the Common Shares held by the Participant as of the date of termination of Continuous Service under the terms of the Restricted Stock Award Agreement.

(iv) Transferability. Rights to acquire Common Shares under the Restricted Stock Award Agreement will be transferable by the Participant only upon such terms and conditions as are set forth in the Restricted Stock Award Agreement, as determined by the Board in its sole discretion, so long as Common Shares awarded under the Restricted Stock Award Agreement remains subject to the terms of the Restricted Stock Award Agreement.

(v) Dividends. A Restricted Stock Award Agreement may provide that any dividends paid on Restricted Stock Awards will be subject to the same vesting and forfeiture restrictions as apply to the Common Shares subject to the Restricted Stock Award to which they relate.

(b) Restricted Stock Unit Awards. Each Restricted Stock Unit Award Agreement will be in such form and will contain such terms and conditions as the Board deems appropriate. The terms and conditions of Restricted Stock Unit Award Agreements may change from time to time, and the terms and conditions of separate Restricted Stock Unit Award Agreements need not be identical. Each Restricted Stock Unit Award Agreement will conform to (through incorporation of the provisions hereof by reference in such agreement or otherwise) the substance of each of the following provisions:

(i) Consideration. At the time of grant of a Restricted Stock Unit Award, the Board will determine the consideration, if any, to be paid by the Participant upon delivery of each Common Share subject to the Restricted Stock Unit Award. The consideration to be paid (if any) by the Participant for each Common Share subject to a Restricted Stock Unit Award may be paid in any form of legal consideration that may be acceptable to the Board, in its sole discretion, and permissible under applicable law.

(ii) Vesting. At the time of the grant of a Restricted Stock Unit Award, the Board may impose such restrictions on or conditions to the vesting of the Restricted Stock Unit Award (including performance goals or other criteria) as it, in its sole discretion, deems appropriate.

(iii) Termination of Participant's Continuous Service. Except as otherwise provided in the applicable Restricted Stock Unit Award Agreement, such portion of the Restricted Stock Unit Award that has not vested will be forfeited upon the Participant's termination of Continuous Service.

(iv) Payment. A Restricted Stock Unit Award may be settled by the delivery of Common Shares, their cash equivalent, any combination thereof or in any other form of consideration, as determined by the Board.

(v) Additional Restrictions. At the time of the grant of a Restricted Stock Unit Award, the Board, as it deems appropriate, may impose such restrictions or conditions that delay the delivery of Common Shares (or their cash equivalent) subject to a Restricted Stock Unit Award to a time after the vesting of such Restricted Stock Unit Award.

(vi) Dividend Equivalents. Dividend equivalents may be credited in respect of Common Shares covered by a Restricted Stock Unit Award, as determined by the Board and contained in the Restricted Stock Unit Award Agreement. At the sole discretion of the Board, such dividend equivalents may be converted into additional Common Shares covered by the Restricted Stock Unit Award in such manner as determined by the Board. Any additional Common Shares covered by the Restricted Stock Unit Award credited by reason of such dividend equivalents will be subject to all of the same terms and conditions of the underlying Restricted Stock Unit Award Agreement to which they relate.

(c) Other Stock Awards. Other forms of Stock Awards valued in whole or in part by reference to, or otherwise based on, Common Shares, including the appreciation in value thereof (*e.g.*, options or stock rights with an exercise price or strike price less than 100% of the Fair Market Value of the Common Shares at the time of grant) may be granted either alone or in addition to Stock Awards provided for under Section 5 and the preceding provisions of this Section 6. Subject to the provisions of the Plan, the Board will have sole and complete authority to determine the eligible Participants to whom and the time or times at which such Other Stock Awards will be granted, the number of Common Shares (or the cash equivalent thereof) to be granted pursuant to such Other Stock Awards and all other terms and conditions of such Other Stock Awards.

7. COVENANTS OF THE COMPANY.

(a) Securities Law Compliance. The Company will seek to obtain from each regulatory commission or agency having jurisdiction over the Plan such authority as may be required to grant Stock Awards and to issue and sell Common Shares upon exercise or vesting of the Stock Awards; *provided, however*, that this undertaking will not require the Company to

register under the Securities Act (or other applicable law) the Plan, any Stock Award or any Common Shares issued or issuable pursuant to any such Stock Award. If, after reasonable efforts and at a reasonable cost, the Company is unable to obtain from any such regulatory commission or agency the authority that counsel for the Company deems necessary for the lawful issuance and sale of Common Shares under the Plan, the Company will be relieved from any liability for failure to issue and sell Common Shares upon exercise of such Stock Awards unless and until such authority is obtained. A Participant will not be eligible for the grant of an Award or the subsequent issuance of cash or Common Shares pursuant to the Award if such grant or issuance would be in violation of any applicable securities law.

(b) No Obligation to Notify or Minimize Taxes. The Company will have no duty or obligation to any Participant to advise such holder as to the time or manner of exercising such Stock Award. Furthermore, the Company will have no duty or obligation to warn or otherwise advise such holder of a pending termination or expiration of an Award or a possible period in which the Award may not be exercised. The Company has no duty or obligation to minimize the tax consequences of an Award to the holder of such Award.

8. MISCELLANEOUS.

(a) Use of Proceeds from Sales of Common Shares. Proceeds from the sale of shares of Common Shares pursuant to Stock Awards will constitute general funds of the Company.

(b) Corporate Action Constituting Grant of Awards. Corporate action constituting a grant by the Company of an Award to any Participant will be deemed completed as of the date of such corporate action, unless otherwise determined by the Board, regardless of when the instrument, certificate, or letter evidencing the Award is communicated to, or actually received or accepted by, the Participant. In the event that the corporate records (*e.g.*, Board consents, resolutions or minutes) documenting the corporate action constituting the grant contain terms (*e.g.*, exercise price, vesting schedule or number of shares) that are inconsistent with those in the Award Agreement or related grant documents as a result of a clerical error in the papering of the Award Agreement or related grant documents, the corporate records will control and the Participant will have no legally binding right to the incorrect term in the Award Agreement or related grant documents.

(c) Shareholder Rights. Other than as provided for in Section 6(a) with respect to Restricted Stock Awards, no Participant will be deemed to be the holder of, or to have any of the rights of a holder with respect to, any Common Shares subject to an Award unless and until (i) such Participant has satisfied all requirements for exercise of, or the issuance of Common Shares under, the Award pursuant to its terms, and (ii) the issuance of the Common Shares subject to the Award has been entered into the books and records of the Company.

(d) No Employment or Other Service Rights. Nothing in the Plan, any Award Agreement or any other instrument executed thereunder or in connection with any Stock Award granted pursuant thereto will confer upon any Participant any right to continue to serve the Company or an Affiliate in the capacity in effect at the time the Award was granted or will affect the right of the Company or an Affiliate to terminate (i) the employment of an Employee with or

without notice and with or without cause, (ii) the service of a Consultant pursuant to the terms of such Consultant's agreement with the Company or an Affiliate, or (iii) the service of a Director pursuant to the bylaws of the Company or an Affiliate, and any applicable provisions of the corporate law of the state or foreign jurisdiction in which the Company or the Affiliate is incorporated or domiciled, as the case may be.

(e) Change in Time Commitment. In the event a Participant's regular level of time commitment in the performance of his or her services for the Company and any Affiliates is reduced (for example, and without limitation, if the Participant is an Employee of the Company and the Employee has a change in status from a full-time Employee to a part-time Employee) after the date of grant of any Award to the Participant, the Board has the right in its sole discretion to (i) make a corresponding reduction in the number of Common Shares subject to any portion of such Award that is scheduled to vest or become payable after the date of such change in time commitment, and (ii) subject to the requirements of Section 409A of the Code, in lieu of or in combination with such a reduction, extend the vesting or payment schedule applicable to such Award. In the event of any such reduction, the Participant will have no right with respect to any portion of the Award that is so reduced or extended.

(f) Incentive Stock Option Limitations. To the extent that the aggregate Fair Market Value (determined at the time of grant) of Common Shares with respect to which Incentive Stock Options are exercisable for the first time by any Optionholder during any calendar year (under all plans of the Company and any Affiliates) exceeds $100,000 (or such other limit established in the Code) or otherwise does not comply with the rules governing Incentive Stock Options, the Options or portions thereof that exceed such limit (according to the order in which they were granted) or otherwise do not comply with such rules will be treated as Nonstatutory Stock Options, notwithstanding any contrary provision of the applicable Option Agreement(s).

(g) Investment Assurances. The Company may require a Participant, as a condition of exercising or acquiring Common Shares under any Award, (i) to give written assurances satisfactory to the Company as to the Participant's knowledge and experience in financial and business matters and/or to employ a purchaser representative reasonably satisfactory to the Company who is knowledgeable and experienced in financial and business matters and that he or she is capable of evaluating, alone or together with the purchaser representative, the merits and risks of exercising the Award, and (ii) to give written assurances satisfactory to the Company stating that the Participant is acquiring Common Shares subject to the Award for the Participant's own account and not with any present intention of selling or otherwise distributing the Common Shares. The foregoing requirements, and any assurances given pursuant to such requirements, will be inoperative if (A) Common Shares from the Common Shares issued or otherwise issuable to the Participant upon the exercise, vesting or settlement of the Participant's Award has been registered under a then-effective registration statement under the Securities Act, or (B) as to any particular requirement, a determination is made by counsel for the Company that such requirement need not be met in the circumstances under the then-applicable securities laws. The Company may, upon advice of counsel to the Company, place legends on share certificates issued under the Plan as such counsel deems necessary or appropriate in order to comply with applicable securities laws, including, but not limited to, legends restricting the transfer of the Common Shares.

(h) Withholding Obligations. The Company may, in its sole discretion, satisfy any federal, state, local or foreign tax withholding obligation relating to an Award by any of the following means or by a combination of such means: (i) causing the Participant to tender a cash payment; (ii) withholding Common Shares from the Common Shares issued or otherwise issuable to the Participant in connection with the Award; *provided, however*, that no Common Shares are withheld with a value exceeding the maximum amount of tax required to be withheld by law (or such lesser amount as may be necessary to avoid classification of the Award as a liability for financial accounting purposes); (iii) withholding cash from an Award settled in cash; (iv) withholding payment from any amounts otherwise payable to the Participant; or (v) by such other method as may be acceptable to the Board.

(i) Electronic Delivery. Any reference herein to a "written" agreement or document will include any agreement or document delivered electronically, publicly filed with the Securities Exchange Commission or posted on the Company's intranet (or other shared electronic medium controlled by the Company to which the Participant has access).

(j) Deferrals. To the extent permitted by applicable law, the Board, in its sole discretion, may determine that the delivery of Common Shares or the payment of cash, upon the exercise, vesting or settlement of all or a portion of any Stock Award may be deferred and may establish programs and procedures for deferral elections to be made by Participants. Deferrals by Participants will be made in accordance with Section 409A of the Code. Consistent with Section 409A of the Code, the Board may provide for distributions while a Participant is still an employee or otherwise providing services to the Company. The Board is authorized to make deferrals of Stock Awards and determine when, and in what annual percentages, Participants may receive payments, including lump sum payments, following the Participant's termination of Continuous Service, and implement such other terms and conditions consistent with the provisions of the Plan and in accordance with applicable law.

(k) Compliance with Section 409A and Section 457A of the Code. Unless otherwise expressly provided for in an Award Agreement, the Plan and Award Agreements will be interpreted to the greatest extent possible in a manner that makes the Plan and the Awards granted hereunder exempt from Section 409A of the Code and Section 457A of the Code, and, to the extent not so exempt, in compliance with Section 409A of the Code and Section 457A of the Code. If the Board determines that any Award granted hereunder is not exempt from and is therefore subject to Section 409A of the Code, the Award Agreement evidencing such Award will incorporate the terms and conditions necessary to avoid the consequences specified in Section 409A(a)(1) of the Code, and to the extent an Award Agreement is silent on terms necessary for compliance, such terms are hereby incorporated by reference into the Award Agreement. Notwithstanding anything to the contrary in the Plan (and unless the Award Agreement specifically provides otherwise), if the Common Shares are publicly traded, and if a Participant holding an Award that constitutes "deferred compensation" under Section 409A of the Code is a "specified employee" for purposes of Section 409A of the Code, no distribution or payment of any amount that is due because of a "separation from service" (as defined in Section 409A of the Code without regard to alternative definitions thereunder) will be issued or paid before the date that is six (6) months following the date of such Participant's "separation from service" or, if earlier, the date of the Participant's death, unless such distribution or payment can be made in a manner that complies with Section 409A of the Code, and any amounts so deferred will be paid in a lump sum on the day after such six (6) month period elapses, with the balance paid thereafter on the original schedule.

(l) Clawback/Recovery. All Awards granted under the Plan will be subject to recoupment in accordance with any clawback policy that the Company is required to adopt pursuant to the listing standards of any national securities exchange or association on which the Company's securities are listed or as is otherwise required by the Dodd-Frank Wall Street Reform and Consumer Protection Act or other applicable law. In addition, the Board may impose such other clawback, recovery or recoupment provisions in an Award Agreement as the Board determines necessary or appropriate, including but not limited to a reacquisition right in respect of previously acquired Common Shares or other cash or property upon the occurrence of an event constituting Cause. No recovery of compensation under such a clawback policy will be an event giving rise to a right to resign for "good reason" or "constructive termination" (or similar term) under any agreement with the Company or an Affiliate.

9. ADJUSTMENTS UPON CHANGES IN COMMON SHARES; OTHER CORPORATE EVENTS.

(a) Capitalization Adjustments. In the event of a Capitalization Adjustment, the Board will appropriately and proportionately adjust: (i) the class(es) and maximum number of securities subject to the Plan pursuant to Section 3(a), (ii) the class(es) and maximum number of securities that may be issued pursuant to the exercise of Incentive Stock Options pursuant to Section 3(c), and (iii) the class(es) and number of securities and price per share of stock subject to outstanding Stock Awards (including, as appropriate, any exercise price, threshold, target or maximum price measure, knock-in price measure or other share price measure applicable to any outstanding Stock Awards). The Board will make such adjustments, and its determination will be final, binding and conclusive.

(b) Dissolution. Except as otherwise provided in the Stock Award Agreement, in the event of a Dissolution of the Company, all outstanding Stock Awards (other than Stock Awards consisting of vested and outstanding Common Shares not subject to a forfeiture condition or the Company's right of repurchase) will terminate immediately prior to the completion of such Dissolution, and the Common Shares subject to the Company's repurchase rights or subject to a forfeiture condition may be repurchased or reacquired by the Company notwithstanding the fact that the holder of such Stock Award is providing Continuous Service, *provided, however*, that the Board may, in its sole discretion, cause some or all Stock Awards to become fully vested, exercisable and/or no longer subject to repurchase or forfeiture (to the extent such Stock Awards have not previously expired or terminated) before the Dissolution is completed but contingent on its completion.

(c) Change in Control. The following provisions will apply to Stock Awards in the event of a Change in Control unless otherwise provided in the Stock Award Agreement or any other written agreement between the Company or any Affiliate and the Participant or unless otherwise expressly provided by the Board at the time of grant of a Stock Award. In the event of a Change in Control, then, notwithstanding any other provision of the Plan, the Board may take one or more of the following actions with respect to Stock Awards, contingent upon the closing or completion of the applicable Change in Control:

(i) arrange for the surviving corporation or acquiring corporation (or the surviving or acquiring corporation's parent company) to assume or continue the Stock Award or to substitute a similar stock award for the Stock Award (including, but not limited to, an award to acquire the same consideration paid to the shareholders of the Company pursuant to the applicable Change in Control);

(ii) arrange for the assignment of any reacquisition or repurchase rights held by the Company in respect of Common Shares issued pursuant to the Stock Award to the surviving corporation or acquiring corporation (or the surviving or acquiring corporation's parent company);

(iii) accelerate the vesting, in whole or in part, of the Stock Award (and, if applicable, the time at which the Stock Award may be exercised) to a date prior to the effective time of such Change in Control as the Board determines (or, if the Board does not determine such a date, to the date that is five (5) days prior to the effective date of the Change in Control), with such Stock Award terminating if not exercised (if applicable) at or prior to the effective time of the Change in Control; *provided*, *however*, that the Board may require Participants to complete and deliver to the Company a notice of exercise before the effective date of a Change in Control, which exercise is contingent upon the effectiveness of such Change in Control;

(iv) arrange for the lapse, in whole or in part, of any reacquisition or repurchase rights held by the Company with respect to the Stock Award;

(v) determine the level of attainment of any performance conditions applicable to any Stock Award;

(vi) cancel or arrange for the cancellation of the Stock Award, to the extent not vested or not exercised prior to the effective time of the Change in Control, in exchange for such cash consideration, if any, as the Board, in its sole discretion, determines is appropriate; and

(vii) cancel such Stock Award in exchange for a payment, in such form as may be determined by the Board equal to the excess, if any, of (A) the value of the property the Participant would have received upon the exercise of the Stock Award immediately prior to the effective time of the Change in Control, over (B) any exercise price payable by such holder in connection with such exercise; *provided* that, this payment may be zero ($0) if the value of the property is equal to or less than the exercise price. Payments under this provision may be delayed to the same extent that payment of consideration to the holders of the Company's Common Shares in connection with the Change in Control is delayed as a result of escrows, earn outs, holdbacks or any other contingencies, to the extent applicable, in accordance with Section 409A and 457A of the Code.

The Board need not take the same action or actions with respect to all Stock Awards or portions thereof or with respect to all Participants. The Board may take different actions with respect to the vested and unvested portions of a Stock Award.

10. EFFECTIVE DATE OF PLAN.

This Plan will become effective on the Effective Date.

11. PLAN TERM.

The Board may suspend or terminate the Plan at any time. Unless terminated sooner by the Board, the Plan will automatically terminate on the day before the tenth (10th) anniversary of the Effective Date. No Stock Awards may be granted under the Plan while the Plan is suspended or after it is terminated. However, unless otherwise expressly provided in the Plan or in an applicable Award Agreement, any Stock Award theretofore granted may extend beyond such date, and the authority of the Board to amend, alter, adjust, suspend, discontinue or terminate any such Stock Award, or to waive any conditions or rights under any such Stock Award, and the authority of the Board to amend the Plan, shall extend beyond such date.

12. CHOICE OF LAW.

To the extent that United States federal laws do not otherwise control, the Plan and all determinations made and actions taken pursuant to the Plan shall be governed by the internal laws of the State of New York, and construed accordingly, except for those matters subject to The Companies Act, 1981 of Bermuda (as amended), which shall be governed by Bermuda law, without giving effect to principles of conflicts of laws, and construed accordingly.

13. DATA PROTECTION.

By participating in the Plan, the Participant hereby acknowledges the collection, use, disclosure and processing of Personal Data provided by the Participant to the Company or any Affiliate, trustee or third party service provider, such as name, account information, social security number, tax number and contact information, for the Company's legitimate business purposes and as necessary for all purposes relating to the operation and performance of the Plan. These include, but are not limited to:

(a) administering and maintaining Participant records;

(b) providing the services described in the Plan;

(c) providing information to future purchasers or merger partners of the Company or any Affiliate, or the business in which such Participant works; and

(d) responding to public authorities, court orders and legal investigations, as applicable.

The Company may share a Participant's Personal Data with (i) Affiliates, (ii) trustees of any employee benefit trust, (iii) registrars, (iv) brokers, (v) third party administrators of the Plan, (vi) third party service providers acting on the Company's behalf to provide the services described above or (vii) regulators and others, as required by law.

If necessary, the Company may transfer a Participant's Personal Data to any of the parties mentioned above in any country or territory that may not provide the same protection for the information as a Participant's home country. Any transfer of a Participant's Personal Data from the E.U. to a third country is subject to appropriate safeguards in the form of EU standard contractual clauses (according to decisions 2001/497/EC, 2004/915/EC, 2010/87/EU) or applicable derogations provided for under applicable law. Further information on those safeguards or derogations can be obtained through, and other questions regarding this Section 13 may be directed to [•].

The Company will keep Personal Data for as long as necessary to operate the Plan or as necessary to comply with any legal or regulatory requirements.

14. DEFINITIONS.

As used in the Plan, the following definitions will apply to the capitalized terms indicated below:

(a) "***Affiliate***" means, at the time of determination, each of the following: (i) any "parent" of the Company, as such term is defined in Rule 405; (ii) any "subsidiary" of the Company, as such term is defined in Rule 405; and (iii) any other entity in which the Company or any of its Affiliates has a material equity interest or control relationship unless otherwise designated by the Board. An entity will be deemed an Affiliate of the Company for purposes of this definition only for such periods as the requisite ownership or control relationship is maintained. The Board will have the authority to determine the time or times at which "parent" or "majority-owned subsidiary" status is determined within the definitions set forth in Rule 405.

(b) "***Award***" means a Stock Award.

(c) "***Award Agreement***" means a written agreement between the Company and a Participant evidencing the terms and conditions of an Award.

(d) "***Beneficial Owner***" has the meaning ascribed to such term in Rule 13d-3 under the Exchange Act.

(e) "***Board***" means the Board of Directors of the Company.

(f) "***Capitalization Adjustment***" means any change that is made in, or other events that occur with respect to, the Common Shares subject to the Plan or subject to any Stock Award after the Effective Date without the receipt of consideration by the Company through merger, consolidation, amalgamation, reorganization, recapitalization, reincorporation, share dividend, dividend in property other than cash, large nonrecurring cash dividend, share split, reverse share split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure, or any similar equity restructuring transaction, as that term is used in Statement of Financial Accounting Standards Board Accounting Standards Codification Topic 718 (or any successor thereto). Notwithstanding the foregoing, the conversion of any convertible securities of the Company will not be treated as a Capitalization Adjustment.

(g) "***Cause***" will have the meaning ascribed to such term in any written agreement between the Participant and the Company defining such term and, in the absence of such agreement, such term means, with respect to a Participant, the occurrence of any of the following events: (i) such Participant's willful failure substantially to perform his or her duties and responsibilities to the Company or deliberate violation of a Company policy; (ii) such Participant's commission of (a) any act of fraud, embezzlement, dishonesty or any other willful

misconduct or gross negligence that has caused or is reasonably expected to result in material injury to the Company or (b) any felony; (iii) unauthorized use or disclosure by such Participant of any proprietary information or trade secrets of the Company or any other party to whom the Participant owes an obligation of nondisclosure as a result of his or her relationship with the Company; or (iv) such Participant's willful breach of any of his or her obligations under any written agreement or covenant with the Company. The determination that a termination of the Participant's Continuous Service is either for Cause or without Cause will be made by the Company, in its sole discretion. Any determination by the Company that the Continuous Service of a Participant was terminated with or without Cause for the purposes of outstanding Stock Awards held by such Participant will have no effect upon any determination of the rights or obligations of the Company or such Participant for any other purpose.

(h) "***Change in Control***" means, unless otherwise expressly provided in any Award Agreement, the occurrence of any one or more of the following events:

(i) any Person, other than (A) any employee plan established by the Company or any Subsidiary, (B) the Company or any of its Affiliates, (C) an underwriter temporarily holding securities pursuant to an offering of such securities, or (D) an Entity owned, directly or indirectly, by shareholders of the Company in substantially the same proportions as their ownership of the Company, is (or becomes, during any 12-month period) the Beneficial Owner, directly or indirectly, of securities of the Company (not including in the securities beneficially owned by such Person any securities acquired directly from the Company or its Affiliates other than in connection with the acquisition by the Company or its Affiliates of a business) representing 50% or more of the total voting power of the shares of the Company; *provided* that, the provisions of this subsection (i) are not intended to apply to or include as a Change in Control any transaction that is specifically excepted from the definition of Change in Control under subsection (iii) below;

(ii) a change in the composition of the Board such that, during any 12-month period, the individuals who, as of the beginning of such period, constitute the Board (the "***Existing Board***") cease for any reason to constitute a majority of the Board; *provided, however*, that any individual becoming a member of the Board subsequent to the beginning of such period whose election, or nomination for election by the Company's shareholders, was approved by a vote of at least a majority of the members of the Existing Board immediately prior to the date of such appointment or election shall be considered as though such individual were a member of the Existing Board;

(iii) the consummation of a merger, amalgamation or consolidation of the Company with any other corporation or other Entity, or the issuance of voting securities in connection with such a transaction pursuant to applicable stock exchange requirements; *provided* that, immediately following such transaction the voting securities of the Company outstanding immediately prior thereto do not continue to represent (either by remaining outstanding or by being converted into voting securities of the surviving Entity of such transaction or parent Entity thereof) 50% or more of the total voting power and total fair market value of the Company's stock (or, if the Company is not the surviving entity of such merger or consolidation, 50% or more of the total voting power and total

fair market value of the stock of such surviving Entity or parent Entity thereof); and *provided, further*, that such a transaction effected to implement a recapitalization of the Company (or similar transaction) in which no Person is or becomes the Beneficial Owner, directly or indirectly, of securities of the Company (not including in the securities beneficially owned by such Person any securities acquired directly from the Company or its Affiliates other than in connection with the acquisition by the Company or its Affiliates of a business) representing 50% or more of either the then-outstanding Common Shares or the combined voting power and total fair market value of the Company's then-outstanding voting securities shall not be considered a Change in Control; or

(iv) the sale or disposition by the Company of all or substantially all of the Company's assets in which any Person acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such Person) assets from the Company that have a total gross fair market value equal to more than 50% of the total gross fair market value of all of the assets of the Company immediately prior to such acquisition or acquisitions.

Notwithstanding the foregoing, (A) no Change in Control shall be deemed to have occurred if there is consummated any transaction or series of integrated transactions immediately following which the record holders of the Shares immediately prior to such transaction or series of transactions continue to have substantially the same proportionate ownership in an Entity which owns substantially all of the assets of the Company immediately prior to such transaction or series of transactions and (B) no Change in Control shall be deemed to have occurred upon the acquisition of additional control of the Company by any Person that is considered to effectively control the Company. In no event will a Change in Control be deemed to have occurred if any Participant is part of a "group" within the meaning of Section 13(d)(3) of the Exchange Act that effects a Change in Control. Notwithstanding the foregoing or any provision of any Award Agreement to the contrary, for any Award that provides for accelerated distribution on a Change in Control of amounts that constitute "deferred compensation" (as defined in Section 409A of the Code), if the event that constitutes such Change in Control does not also constitute a change in the ownership or effective control of the Company, or in the ownership of a substantial portion of the Company's assets (in either case, as defined in Section 409A of the Code), such amount shall not be distributed on such Change in Control but instead shall vest as of such Change in Control and shall be distributed on the scheduled payment date specified in the applicable Award Agreement, except to the extent that earlier distribution would not result in the Participant who holds such Award incurring interest or additional tax under Section 409A of the Code.

(n) "***Continuous Service***" means that the Participant's service with the Company or an Affiliate, whether as an Employee, Director or Consultant, is not interrupted or terminated. Notwithstanding the foregoing, a leave of absence will be treated as Continuous Service for purposes of vesting in an Award only to such extent as may be provided in the Company's leave of absence policy, in the written terms of any leave of absence agreement or policy applicable to the Participant, or as otherwise required by law. Notwithstanding the foregoing, with respect to any Award subject to Section 409A of the Code (and not exempt therefrom), a termination of Continuous Service occurs when a Participant experiences a "separation of service" (as such term is defined under Section 409A of the Code).

(o) "***Director***" means a member of the Board.

Dear Vivek:

This letter agreement (this "Agreement"), memorializes our mutual understanding regarding your continued employment with Roivant Sciences, Inc., a Delaware corporation (the "Company"). This Agreement amends and restates, effective as of May 14, 2021 (the "Effective Date"), your prior employment agreement with the Company, dated March 4, 2016 (the "Prior Agreement"). Reference is made in this Agreement to the letter agreement between you and the Company, dated March 30, 2021 (the "Letter Agreement").

1. **Position and Duties.** Effective as of January 26, 2021 (the "Transition Date"), you ceased serving as the Company's Chief Executive Officer and transitioned to the role of Executive Chairman of the Company. Subject to the terms set forth in this Agreement and the Letter Agreement, on and following the Effective Date, you will continue to be employed on a full-time basis by the Company as its Executive Chairman. In your role as Executive Chairman of the Company, you have had, and will continue to have, the authority, duties and responsibilities normally associated with such position and assigned to you by the Board of Directors of the Company (the "Board") from time to time, in each case which have been and will continue to be solely advisory in nature, including supporting the strategic initiatives of the Company, serving as an ambassador for the Company by maintaining and fostering relationships with internal and external stakeholders (including employees, clients, investors, analysts, regulators and other government entities), and providing the Board and the Company's Chief Executive Officer with insight based on the depth of your industry experience and expertise and your historical knowledge of the Company's business. In addition, you may serve as a director or officer of one or more of the Company's Affiliates, without further compensation. You will report to, and be subject to the direction of, the Board. You agree to perform the duties of your positions as may reasonably be assigned to you from time to time by the Board consistent with your positions. Notwithstanding anything to the contrary herein, in your role as Executive Chairman, you have not had since the Transition Date, and you will not have on or following the Effective Date, any final authority to make, implement or control any policy decisions for or on behalf of the Company or any of its Affiliates. While you are employed by the Company, without the prior approval of the Board, subject to Sections 3(d) and 3(e) below, (i) you may engage in business and provide services or advice to other businesses or entities (provided that, except as expressly set forth in clause (ii) below, any such business or entity is not engaged in biotechnology or pharmaceuticals, does not constitute a Competitive Business (as defined below) and is not otherwise competitive with the Company), (ii) you may provide advice to any business or entity that is engaged in biotechnology or pharmaceuticals (provided that you do not directly or indirectly receive any compensation in connection therewith and such business or entity does not constitute a Competitive Business and is not otherwise competitive with the Company) and (iii) you may engage in civic, educational, political, fraternal, professional, charitable and community affairs and activities (provided that such affairs and activities are not competitive with the Company), in each case so long as such services, advice, affairs or activities do not interfere with your duties and responsibilities under this Agreement (clauses (i) through (iii) collectively, the "Permitted Activities"). Under no circumstance shall you engage in any activity, whether or not connected with your employment with the Company, which creates a conflict of interest between you, the Company or any of its Affiliates. Subject to Section 4 below, the Company retains the right to terminate your employment at any time, including, without limitation, with or without notice and with or without Cause (as defined below).

2. **Compensation and Benefits.** During your employment, as compensation for all services performed by you for the Company and any of its Affiliates and in consideration of your other agreements hereunder, you will be provided the following pay and benefits, subject to annual review by the board of

directors of Roivant Sciences Ltd., the Company's parent ("Parent") or the compensation committee thereof (together with the board of directors of Parent, the "Committee"):

(a) Base Salary. You will be paid a base salary or similar compensation at the rate of $350,000 per year, payable in accordance with the regular payroll practices of the Company and subject to increase from time to time by the Committee in its discretion (as adjusted, from time to time, the "Base Salary").

(b) Bonus Compensation. For each fiscal year completed during your employment under this Agreement, you will be entitled to an annual bonus to the extent earned hereunder ("Annual Bonus"). Your target Annual Bonus will be 100% of your Base Salary; provided, that you will have the opportunity to earn an Annual Bonus in excess of 100% of your Base Salary, with the actual amount of any such Annual Bonus being determined by the Committee in good faith. Bonuses are deemed earned (and thus, no longer subject to any other conditions) on the last day of the applicable fiscal year of the Company; provided, that you are employed by the Company as of such date. The Company will pay such bonus no later than April 30th of the year following the end of the Company's fiscal year.

(c) Benefits. You will be entitled to participate in all employee benefit plans from time to time in effect for employees of the Company generally, except to the extent such plans are duplicative of benefits otherwise provided you under this Agreement (e.g., a severance pay plan). Your participation will be subject to the terms of the applicable plan documents and generally applicable Company policies. You will be entitled to not less than four (4) weeks of vacation each year, in addition to sick leave and observed holidays in accordance with the policies and practices with respect to executives of the Company. Vacation may be taken at such times and intervals as you shall determine, subject to the business needs of the Company.

Your rights and obligations under your four letter agreements with the Company dated July 19, 2019, November 23, 2020, and March 2, 2021 (of which there are two) shall continue in full force and effect to the extent of, and in accordance with, the terms and conditions contained therein.

(e) Business Expenses. You will be paid or reimbursed for all reasonable, out of pocket expenses incurred or paid by you attendant to the performance of your duties and responsibilities for the Company and its Affiliates, including, without limitation, for reasonable travel and accommodations on behalf of the Company and its Affiliates. The Company agrees to reimburse you for all such expenses or payments not later than thirty (30) days after receipts for such expense or payment were submitted for payment or reimbursement in accordance with the Company's policies.

(f) Acknowledgement and Waiver. By executing this Agreement, effective as of the Effective Date, you acknowledge that you have received all compensation and benefits owed to you under the Prior Agreement, and you fully and forever waive and release the Company and its Affiliates from any and all claims or liabilities relating to any amount of compensation or benefits contemplated under the Prior Agreement.

3. **Confidential Information and Restricted Activities**.

(a) Confidential Information. During the course of your employment with the Company, you will learn of Confidential Information, as defined below, and you may develop Confidential Information on behalf of the Company and its Affiliates. You agree that other than on behalf of the Company, you will not use or disclose to any Person any Confidential Information obtained by you incident to your employment or any other association with the Company or its Affiliates, except (i) as required by applicable law, (ii) with prior written permission from the Board, or (iii) as reasonably necessary to enforce the terms of this Agreement or the Shareholders Agreement, provided that you take reasonable steps to preserve the confidentiality of the Confidential Information such as by filing the Confidential Information under seal. You agree that this restriction shall continue to apply during your employment and thereafter, regardless of the reason for such termination.

(b) Protection of Documents. All documents, records and files, in any media of whatever kind and description, relating to the business, present or otherwise, of the Company or any of its Affiliates, and any copies, in whole or in part, thereof (the "Documents"), whether or not prepared by you, shall be the sole and exclusive property of the Company and/or its Affiliates. You agree to safeguard all Documents and to surrender to the Company, at the time your employment terminates or at such earlier time or times as the Board or its designee may request in writing, all Documents then in your possession or under your control. You also agree to disclose to the Company, at the time your employment terminates or at such earlier time or times as the Board or its designee may request in writing, all passwords necessary or desirable to obtain access to, or that would assist in obtaining access to, any information which you have password-protected on any computer equipment, network or system of the Company or any of its Affiliates.

(c) Assignment of Rights to Intellectual Property. All Intellectual Property (as defined below) discovered, developed, or learned by you in whole or in part during your employment with the Company are the sole and absolute property of the Company or its Affiliates. You shall promptly and fully disclose all Intellectual Property to the Company or its Affiliates. You hereby assign and agree to assign to the Company or its Affiliates (or as otherwise directed by the Company or its Affiliates) your full right, title and interest in and to all Intellectual Property. You agree to execute any and all applications for domestic and foreign patents, copyrights or other proprietary rights and to do such other acts (including without limitation the execution and delivery of instruments of further assurance or confirmation) reasonably requested by the Company and/or Parent to assign the Intellectual Property to the Company or its Affiliates and to permit the Company or its Affiliates to enforce any patents, copyrights or other proprietary rights to the Intellectual Property. All copyrightable works that you create during your employment shall be considered "work made for hire" and shall, upon creation, be owned exclusively by the Company or its Affiliates. Any copyrightable work created by you that does not directly or indirectly relate to the Company's business is exempt from the foregoing.

(d) Restricted Activities. You agree that the following restrictions on your activities during and after your employment are necessary to protect the good will, Confidential Information, trade secrets and other legitimate interests of the Company and its Affiliates:

(i) During the Restricted Period (as defined below), you shall not, directly or indirectly, whether as owner, partner, investor, consultant, agent, employee, co–venturer or otherwise, engage in a Competitive Business (as defined below) anywhere in North America, Central America, South America, and their respective adjacent islands, Western Europe, or Asia. Notwithstanding the foregoing, your ownership as a passive investor of five percent (5%) or less of the outstanding securities of any class of any publicly-traded securities of any such company shall not, by itself, be considered to be competition with the Company or any of its subsidiaries or Affiliates.

(ii) During the Restricted Period, you shall not directly or indirectly, other than on the Company's behalf (a) solicit or encourage any customer, prospective customer, supplier, licensor, lessor or other business relation of the Company or any of its Affiliates to terminate or diminish its relationship with any of them; or (b) seek to persuade any customer, prospective customer, supplier, licensor, lessor or other business relation of the Company or any of its Affiliates to conduct with any Person any business or activity which such customer, prospective customer, supplier, licensor, lessor or other business relation of the Company or any of its Affiliates conducts or could conduct with the Company or with any of its Affiliates; provided, however, that these restrictions shall apply only with respect to those Persons who (x) are or have been a customer, supplier, licensor, lessor or other business relation of the Company or of any of its Affiliates at any time within the immediately preceding one (1) year period of the date of your employment termination, or (y) whose business has been solicited on behalf of the

Company or any of its Affiliates by any of their officers, employees or agents, other than by form letter, blanket mailing or published advertisement, at any time within the immediately preceding one (1) year period of the date of your employment termination.

(iii) During the Restricted Period, you shall not, and shall not assist any other Person to, directly or indirectly, other than on behalf of the Company or Parent (a) hire or solicit for hire any employee of the Company or any of its Affiliates, or seek to persuade any employee of the Company or any of its Affiliates to discontinue employment or (b) solicit or encourage any independent contractor providing services to the Company or any of its Affiliates to terminate or diminish its relationship with them. For the purposes of this Agreement, an "employee" or an "independent contractor" of the Company or any of its Affiliates is any person who was such at any time within the immediately preceding one (1) year period of the date of your employment termination.

(iv) You agree not to make any public statement disparaging the Company, its Affiliates or any of their respective officers, directors, employees, shareholders, agents or products in any manner that is reasonably likely to be harmful to the business reputation of the Company or any of its Affiliates. The Company agrees that the executive officers of the Company or its Affiliates as of the date of termination and the members of the Board as of the date of termination will not, while employed by the Company or its Affiliates or serving as a director of the Company or its Affiliates, as the case may be, make any public statement disparaging you in any manner that is reasonably likely to be harmful to your business reputation. Notwithstanding anything to the contrary in this subsection, either party may make any statement necessary to respond to any government investigation, to comply with any court, legal or regulatory order or other requirement, or to comply with any subpoena.

(e) Personal Views. At all times during your employment with the Company, in connection with (x) any Permitted Activities in which you engage or (y) any statement or other communication by you (or any entity you control) to any third party, reporter, author, producer or similar person or entity or to any general public media in any form (including, without limitation, books, blogs, editorials, articles or writings of any other kind, film, videotape, audio tape, computer/internet format, podcast or any other medium) that is not made in furtherance of your duties and responsibilities to the Company and its Affiliates hereunder, you agree that:

(i) you will not (A) affirmatively attribute any of your own personal views or opinions to the Company or any of its Affiliates nor (B) affirmatively portray yourself as acting on behalf of, or otherwise representing the views or interests of, the Company and its Affiliates in such capacity or otherwise in connection therewith;

(ii) you will use reasonable efforts to cause any third-party with whom you are engaged not to take any of the actions described in sub-clauses (A) and (B) of clause (i) above; and

(iii) if it is reasonably certain that your personal views or opinions would be attributed to the Company and its Affiliates in any written publication (including electronic publication), including, without limitation, books, blogs, editorials, articles or writings of any other kind, then you will use reasonable efforts to cause the inclusion of a disclaimer that such views or opinions do not represent the views or opinions of the Company and its Affiliates.

(f) Whistleblower Protections. You have the right under federal law to certain protections for cooperating with or reporting legal violations to the Securities and Exchange Commission (the "SEC") and/or its Office of the Whistleblower, as well as certain other governmental entities and self-regulatory organizations. As such, nothing in this Agreement or otherwise prohibits or limits you from disclosing this Agreement to, or from cooperating with or reporting violations to or initiating communications with, the SEC or any other such governmental

entity or self-regulatory organization, and you may do so without notifying the Company. Neither the Company nor any of its subsidiaries or affiliates may retaliate against you for any of these activities, and nothing in this Agreement or otherwise require you to waive any monetary award or other payment that you might become entitled to from the SEC or any other governmental entity or self-regulatory organization. Moreover, nothing in this Agreement or otherwise prohibits you from notifying the Company that you will make a report or disclosure to law enforcement.

(g) Defend Trade Secrets Act. Notwithstanding anything to the contrary in this Agreement or otherwise, as provided for in the Defend Trade Secrets Act of 2016 (18 U.S.C. § 1833(b)), you will not be held criminally or civilly liable under any federal or state trade secret law for the disclosure of a trade secret that (i) is made (A) in confidence to a federal, state, or local government official, either directly or indirectly, or to an attorney, and (B) solely for the purpose of reporting or investigating a suspected violation of law; or (ii) is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal. Without limiting the foregoing, if you file a lawsuit for retaliation by the Company for reporting a suspected violation of law, you may disclose the trade secret to your attorney and use the trade secret information in the court proceeding, if you (x) file any document containing the trade secret under seal, and (y) do not disclose the trade secret, except pursuant to court order.

(h) Acknowledgement; Enforceability. In signing this Agreement, you give the Company assurance that you have carefully read and considered all the terms and conditions of this Agreement, including the restraints imposed on you under this Section 3. You agree without reservation that these restraints are necessary for the reasonable and proper protection of the Company and its Affiliates, and that each and every one of the restraints is reasonable in respect to subject matter, length of time and geographic area. Without limiting the rights of the Company to pursue any other legal and/or equitable remedies available to them for any breach by you of the covenants contained in this Section 3, you acknowledge that a breach of those covenants would cause a loss to the Company for which they could not reasonably or adequately be compensated by damages in an action at law, that remedies other than injunctive relief could not fully compensate the Company for a breach of those covenants and that, accordingly, the Company shall be entitled to injunctive relief to prevent any breach or continuing breaches of your covenants as set forth in this Section 3 without the need to post a bond. You and the Company further agree that, in the event that any provision of this Section 3 is determined by any court of competent jurisdiction to be unenforceable by reason of its being extended over too great a time, too large a geographic area or too great a range of activities, that provision shall be deemed to be modified to permit its enforcement to the maximum extent permitted by law.

4. **Termination of Employment.** Your employment under this Agreement shall continue until terminated pursuant to this Section 4. For the avoidance of doubt, any termination of your employment by the Company pursuant to this Section 4 shall constitute termination of your employment by the Company, and your resignation for Good Reason (as defined below) shall constitute your resignation for Good Reason from the Company.

(a) By the Company For Cause. The Company may terminate your employment immediately for Cause upon notice to you setting forth in reasonable detail the nature of the Cause. The following, as determined by the Board in its reasonable judgment and supported by objective evidence, shall constitute "Cause" for termination: (i) embezzlement, theft or misappropriation of any property of the Company or its Affiliates; (ii) use of alcohol or illegal drugs that interferes with the performance of the your obligations to the Company or its Affiliates; (iii) conviction of, or plea of guilty or no contest to, (A) a felony or (B) any crime involving moral turpitude, dishonesty or theft; or (iv) refusal to follow the reasonable and lawful directions of the Board after written notice and failure to cure within 90 days after receipt of such written notice.

(b) By the Company Without Cause. The Company may terminate your employment without Cause, at any time, upon notice to you.

(c) Resignation by You. You may terminate your employment at any time upon thirty (30) days advance written notice to the Company. Should you give such notice, the Company may require you to relinquish your job duties and responsibilities and no longer come into the Company's offices for some or all of the notice period; provided, that the Company continues to pay you your regular salary and maintain your Company employment benefits through the end of the notice period.

(d) Death and Disability. Your employment hereunder shall automatically terminate in the event of your death during employment. In the event you become disabled during employment and, as a result, are unable to continue to perform substantially your duties and responsibilities under this Agreement, either with or without reasonable accommodation, the Company will continue to pay you your Base Salary and to provide you benefits in accordance with Section 2(c) above, to the extent permitted by plan terms, for up to 12 weeks of disability during any period of 365 consecutive calendar days. If you are unable to return to work after 12 weeks of disability, the Company may terminate your employment, upon 30 days' prior written notice to you.

(e) Good Reason. You may terminate your employment with the Company for Good Reason upon prior written notice to the Company setting forth in reasonable detail the nature of the Good Reason. For purposes of this Agreement, "Good Reason" means, without your written consent, a change in your title with the Company to other than "Chairman" or "Executive Chairman" of the Company; provided, however, that such event shall not constitute Good Reason unless and until you have provided the Company with written notice setting forth in reasonable detail the nature of the Good Reason and the Company has not cured such event within thirty (30) days after receipt of such notice.

5. **Other Matters Related to Termination**.

(a) Final Compensation. In the event of termination of your employment with the Company, however occurring, you shall be paid: (i) your Base Salary for the final payroll period of your employment, through the date your employment terminates; (ii) compensation at the rate of your Base Salary for any vacation time earned but not used as of the date your employment terminates; (iii) your Annual Bonus earned but not yet paid; and (iv) reimbursement for business expenses incurred by you but not yet paid to you as of the date your employment terminates; provided you submit all expenses and supporting documentation required within 60 days of the date your employment terminates, and provided further that such expenses are reimbursable under the Company's policies as then in effect (all of the foregoing, "Final Compensation").

(b) Severance Payments. In the event of your separation from service in connection with any termination of your employment pursuant to Sections 4(b) or 4(e) above, you will be paid, in addition to Final Compensation, and only to the extent that you continuously comply with your obligations under Section 3 hereof (i) your Base Salary for the period of two (2) years from the date of termination and (ii) a single lump-sum payment equal to the average of your target Annual Bonus for the past three (3) years of your employment with the Company (collectively, the "Severance Payments"); provided, however, that you sign within 60 calendar days after the date of termination a release in the same or similar form of Exhibit A hereto.

(c) Conditions to and Timing of Severance Payments. Any salary component of the Severance Payments to which you are entitled will be provided in the form of salary continuation, payable in accordance with the normal payroll practices of the Company or an Affiliate, and the first payment will be made on the next regular pay-day following the expiration of 60 calendar days from the date of termination; but that first payment shall be retroactive to the date of termination. Any bonus component of the Severance Payments to which you are entitled will be made on the date on the next regular pay-day following the expiration of 60 calendar days from the date of termination.

(d) Benefits Termination. Except for any right you may have under the federal law known as "COBRA" to continue participation in the Company group health and dental plans, your participation in all employee benefit plans shall terminate in accordance with the terms of the applicable benefit plans based on the date of termination of your employment, without regard to any continuation of base salary or other payment to you following termination and you shall not be eligible to earn vacation or other paid time off following the termination of your employment. In the event of your separation from service in connection with any termination of your employment pursuant to Sections 4(b) or 4(e) above, and provided that you timely sign the general release referenced in Section 5(b), above, the Company shall pay or reimburse you for the difference between the COBRA premiums associated with continued group health and dental plan coverage in which you were enrolled as of the date of your employment termination and the premiums that you would have paid had you remained employed at the Company until the earlier of eighteen (18) months from the date of the termination of your employment, or until you become eligible to be covered under a subsequent employer's group health insurance plan. You agree to provide the Company with written notice of your eligibility to be covered under a subsequent employer's group health insurance plan no later than five (5) business days after you become eligible for such coverage.

(e) Equity Compensation. With respect your equity incentive awards that were granted prior to March 31, 2021 under the Roivant Sciences Ltd. Amended and Restated 2015 Equity Incentive Plan (as amended or restated from time to time, the "RSL Equity Plan") (such awards, the "Eligible Equity Awards"):

(i) in the event of a termination of your employment (x) pursuant to Sections 4(b) or 4(e) or (y) upon mutual agreement between you and the Company that it would be in the best interests of the Company to terminate your employment, all service-based vesting conditions (including any requirement that you be employed at the time of achievement of an applicable performance-based vesting condition) with respect to one-hundred percent (100%) of your Eligible Equity Awards that are outstanding as of the date of such termination of your employment shall be immediately waived; and

(ii) in the event of a termination of your employment pursuant to Section 4(d), all service-based vesting conditions (including any requirement that you be employed at the time of achievement of an applicable performance-based vesting condition) with respect to fifty percent (50%) of your Eligible Equity Awards that are outstanding as of the date of such termination of your employment shall be immediately waived;

provided, in the case of each of clauses (i) and (ii) above, that (A) such Eligible Equity Awards shall remain subject to any additional vesting conditions or other terms and conditions otherwise applicable to such Eligible Equity Awards, including the achievement of any applicable performance-based vesting conditions and any condition requiring the occurrence of a liquidity event and (B) you sign within 60 calendar days after the applicable date of termination a release in the same or similar form of Exhibit A hereto (collectively, the "Equity Acceleration Benefits"). You and Parent agree that, notwithstanding anything to the contrary set forth in the RSL Equity Plan or any applicable award agreement thereunder, effective as of the Effective Date, the Eligible Equity Awards (including any award agreement evidencing such awards) shall be deemed automatically amended to provide for the Equity Acceleration Benefits in accordance with, and subject to the terms of, this Section 5(e), without any further action necessary by you or Parent. Each outstanding equity award (vested or unvested) held by you other than the Eligible Equity Awards shall be governed by the terms of the applicable award agreement and plan under which such award was granted.

(f) Survival. Provisions of this Agreement shall survive any termination of employment if so provided in this Agreement or if necessary or desirable to accomplish the purposes of other surviving provisions, including without limitation your obligations under Section 3 of this Agreement. The obligation of the Company or an Affiliate to make payments to

you under Section 5(b), and your right to retain the same, are expressly conditioned upon your continued full performance of your obligations under Section 3 hereof. Upon termination by either you or the Company, all rights, duties and obligations of you (on one hand) and the Company and its Affiliates (on the other hand) to each other shall cease, except as otherwise expressly provided in this Agreement.

6. **Timing of Payments and Section 409A**.

(a) Notwithstanding anything to the contrary in this Agreement, if at the time your employment terminates, you are a "specified employee," as defined below, any and all amounts payable under this Agreement on account of such separation from service that would (but for this provision) be payable within six (6) months following the date of termination, shall instead be paid on the next business day following the expiration of such six (6) month period or, if earlier, upon your death; except (A) to the extent of amounts that do not constitute a deferral of compensation within the meaning of Treasury regulation Section 1.409A-1(b) (including without limitation by reason of the safe harbor set forth in Section 1.409A-1(b)(9)(iii), as determined by the Company in its reasonable good faith discretion); (B) benefits which qualify as excepted welfare benefits pursuant to Treasury regulation Section 1.409A-1(a)(5); or (C) other amounts or benefits that are not subject to the requirements of Section 409A of the Internal Revenue Code of 1986, as amended (the "Code").

(b) For purposes of this Agreement, all references to "termination of employment" and correlative phrases shall be construed to require a "separation from service" (as defined in Section 1.409A1(h) of the Treasury regulations after giving effect to the presumptions contained therein), and the term "specified employee" means an individual determined by the Company to be a specified employee under Treasury regulation Section 1.409A-1(i).

(c) Each payment made under this Agreement shall be treated as a separate payment and the right to a series of installment payments under this Agreement is to be treated as a right to a series of separate payments.

7. **Section 280G**. If you would be entitled to payments or benefits under this Agreement or under any other plan, program, agreement or arrangement that would constitute "parachute payments" as defined in Section 280G of the Code and could result in any such payment or benefit being subject to an excise tax under Section 4999 of the Code, the present value of your payments and benefits will be reduced by the minimum amount necessary such that the aggregate present value of such payments and benefits do not trigger the excise tax; provided, however, no such reductions shall be given effect if you would be entitled to greater payments and benefits on an after-tax basis (taking into account the excise tax imposed pursuant to Section 4999 of the Code, any tax imposed by any comparable provision of state law, and any applicable federal, state and local income and employment taxes) than if such reductions were to be implemented. If payments or benefits are to be reduced, any such reduction in payments and/or benefits shall be made in accordance with Section 409A of the Code and shall occur in the manner that results in the greatest economic benefit to you as determined by the Company's independent accountants. All determinations in applying the foregoing provisions for purposes of the "golden parachute" rules under Sections 280G and 4999 of the Code will be made by the Company's independent accountants and shall be final and binding on the parties.

Notwithstanding the above, Intellectual Property does not include an invention for which no confidential, proprietary, or trade secret information of the Company or its Affiliates was used and which was developed entirely on your own time, unless the invention (a) relates to the business of the Company or its Affiliates or to their actual or demonstrably anticipated research and development, or (b) results from any work performed by you for the Company or its Affiliates.

You further agree that any such complaint initiated by you against the Company must be filed in a state or federal court located in the City of New York, Borough of Manhattan, you irrevocably consent to the personal jurisdiction and venue of such courts, and you waive all objections thereto.

10. **Withholding.** All payments made by the Company or an Affiliate under this Agreement shall be reduced by any tax or other amounts required to be withheld by the Company or such Affiliate under applicable law.

11. **Assignment.** Neither you nor the Company may make any assignment of this Agreement or any interest in it, by operation of law or otherwise, without the prior written consent of the other; provided, however, the Company may assign its rights and obligations under this Agreement without your consent to any Person with whom the Company shall hereafter effect a reorganization, consolidate with, or merge into or to whom it transfers all or substantially all of its properties or assets. 13. **Representations and Warranties by You.** You hereby represent and warrant to the Company as follows:

(b) You have the full right, power and legal capacity to enter and deliver this Agreement and to perform your duties and other obligations hereunder. This Agreement constitutes the legal, valid and binding obligation of you and is enforceable against you in accordance with its terms. No approvals or consents of any persons or entities are required for you to execute and deliver this Agreement or perform your duties and other obligations hereunder.

14. **Miscellaneous.** As of the Effective Date, this Agreement, along with the Letter Agreement and the letter agreements described in Section 2(d), set forth the entire agreement among you and the Company and supersede all other prior and contemporaneous communications, agreements and understandings, written or oral, with respect to the terms and conditions of your employment (including the Prior Agreement). For the avoidance of doubt, the Prior Agreement remains in effect for periods prior to the Effective Date. This Agreement may not be modified or amended, and no breach shall be deemed to be waived, unless agreed to in writing by you and an expressly authorized representative of the Board. The headings and captions in this Agreement are for convenience only and in no way define or describe the scope or content of any provision of this Agreement. 15. **Notices.** Any notices provided for in this Agreement shall be in writing and shall be effective when delivered in person or one (1) business day after being deposited with an internationally recognized overnight courier addressed to you at your last known address on the books of the Company or, in the case of the Company, to it at its principal place of business, attention of the Chair of the Board, or to such other address as either party may specify by notice to the other actually received.

16. **Indemnification.** The Company shall indemnify you to the maximum extent permitted by law in respect of any claim, investigation, suit or dispute brought against you because you serve as an officer of the Company, and the Company agrees to advance your reasonable expenses incurred therewith upon you executing an undertaking agreeing to repay any such advances if you are ultimately found not to have been entitled to such indemnification. The Company shall not be obligated to indemnify you if a court of competent jurisdiction finds your conduct to have constituted gross negligence, willful misconduct, fraud, or criminal conduct in performing or failing to perform any duties and responsibilities under this Agreement. Without limiting the generality of the foregoing, your right to indemnification, as provided in (i) the Roivant Sciences Ltd. Amended & Restated Indemnity Agreement, dated as of February 10, 2019, and (ii) the Tax Indemnity and Support Agreement, dated as of October 31, 2019, between you, the Company and Parent shall each continue in full force and effect to the extent of, and in accordance with, the terms and conditions contained therein.

If the foregoing is acceptable to you, please sign this Agreement in the space provided and return it to me at your earliest convenience. At the time you sign and return it, this Agreement will take effect as a binding agreement between you and the Company on the basis set forth above.

GENERAL RELEASE

I, Vivek Ramaswamy, in consideration of and subject to the performance by the Company, of its obligations under Sections 5(b), 5(d) and 5(e), as applicable, of the Amended and Restated Employment Agreement, dated May 14, 2021 (the "Agreement"), do hereby release and forever discharge as of the date hereof the Company, its Affiliates, and all present, former and future respective direct and indirect owners, directors, officers, agents, representatives, employees, successors and assigns of each of them (collectively, the "Released Parties") to the extent provided herein (this "General Release"). The Released Parties are intended third-party beneficiaries of this General Release, and this General Release may be enforced by each of them in accordance with the terms hereof in respect of the rights granted to such Released Parties hereunder. Terms used herein but not otherwise defined shall have the meanings given to them in the Agreement.

1. I understand that any payments or benefits paid or granted to me under Sections 5(b), 5(d) and 5(e), as applicable, of the Agreement represent, in part, consideration for signing this General Release and are not salary, wages or benefits to which I was already entitled. I understand and agree that I will not receive the payments and benefits specified in Sections 5(b), 5(d) and 5(e), as applicable, of the Agreement unless I execute this General Release and do not revoke this General Release within the time period permitted hereafter or breach this General Release. Such payments and benefits will not be considered compensation for purposes of any employee benefit plan, program, policy or arrangement maintained or hereafter established by the Company or its affiliates.

2. Except as provided in Paragraph 4 below, and except for Section 5 (Other Matters Related to Termination) and Section 16 (Indemnification) of the Agreement, I knowingly and voluntarily (for myself, my heirs, executors, administrators and assigns) release and forever discharge the Company and the other Released Parties from any and all claims, suits, controversies, actions, causes of action, cross-claims, counter-claims, demands, debts, compensatory damages, liquidated damages, punitive or exemplary damages, other damages, claims for costs and attorneys' fees, or liabilities of any nature whatsoever in law and in equity, both past and present (through the date that this General Release becomes effective and enforceable) and whether known or unknown, suspected, or claimed against the Company and/or any of the Released Parties which I, or any of my heirs, executors, administrators or assigns, ever had, now have, or hereafter may have, by reason of any matter, cause, or thing whatsoever, from the beginning of my initial dealings with the Company to the date of this General Release, and particularly, but without limitation of the foregoing general terms, any claims arising from or relating in any way to my employment relationship with the Company, the terms and conditions of that employment relationship, and the termination of that employment relationship (including, but not limited to, any allegation, claim or violation, arising under: Title VII of the Civil Rights Act of 1964, as amended; the Civil Rights Act of 1991; the Age Discrimination in Employment Act of 1967, as amended (including the Older Workers Benefit Protection Act); the Equal Pay Act of 1963, as amended; the Americans with Disabilities Act of 1990; the Family and Medical Leave Act of 1993; the Worker Adjustment Retraining and Notification Act; the Employee Retirement Income Security Act of 1974; any applicable Executive Order Programs; or their state or local counterparts; or under any other international, federal, state or local civil or human rights law, or under any other international, federal, state or local regulation or ordinance; or under any public policy, contract or tort, or under common law; or arising under any policies, practices or procedures of the Company or any of its Affiliates; or any claim for wrongful discharge, breach of contract, infliction of emotional distress, defamation; or any claim for costs, fees, or other expenses, including attorneys' fees incurred in these matters) (all of the foregoing collectively referred to herein as the "Claims"). I understand and intend that this General

Release constitutes a general release of all claims and that no reference herein to a specific form of claim, statute or type of relief is intended to limit the scope of this General Release.

3. I represent that I have made no assignment or transfer of any right, claim, demand, cause of action, or other matter covered by Paragraph 2 above.

4. I agree that this General Release does not waive or release any rights or claims that I may have under the Age Discrimination in Employment Act of 1967 which arise after the date I execute this General Release. I acknowledge and agree that my separation from employment with the Company in compliance with the terms of the Agreement shall not serve as the basis for any claim or action (including, without limitation, any claim under the Age Discrimination in Employment Act of 1967).

5. I agree that I hereby waive all rights to sue or obtain equitable, remedial or punitive relief from any or all Released Parties of any kind whatsoever, including, without limitation, reinstatement, back pay, front pay, and any form of injunctive relief. Notwithstanding the foregoing, I acknowledge that I am not waiving and am not being required to waive any right that cannot be waived under law, including the right to file an administrative charge or participate in an administrative investigation or proceeding; provided, however, that I disclaim and waive any right to share or participate in any monetary award resulting from the prosecution of such charge or investigation or proceeding.

6. In signing this General Release, I acknowledge and intend that it shall be effective as a bar to each and every one of the Claims hereinabove mentioned or implied. I expressly consent that this General Release shall be given full force and effect according to each and all of its express terms and provisions, including those relating to unknown and unsuspected Claims (notwithstanding any international, state or local statute that expressly limits the effectiveness of a general release of unknown, unsuspected and unanticipated Claims), if any, as well as those relating to any other Claims hereinabove mentioned or implied. I acknowledge and agree that this waiver is an essential and material term of this General Release and that without such waiver the Company would not have agreed to the terms of the Agreement. I further agree that in the event that I should bring a Claim seeking damages against the Company, or in the event that I should seek to recover against the Company in any Claim brought by a governmental agency on my behalf, this General Release shall serve as a complete defense to such Claims to the maximum extent permitted by law. I further agree that I am not aware of any pending claim, or of any facts that could give rise to a claim, of the type described in Paragraph 2 as of the execution of this General Release.

7. I agree that neither this General Release, nor the furnishing of the consideration for this General Release, shall be deemed or construed at any time to be an admission by the Company, any Released Party or myself of any improper or unlawful conduct.

8. I do not release any Claim I have to workers' compensation benefits or vested benefits under any pension plan, employee benefit plan or any other plan or program of the Company.

9. I agree that this General Release and the Agreement are confidential and agree not to disclose any information regarding the terms of this General Release or the Agreement, except to my immediate family and any tax, legal or other counsel that I have consulted regarding the meaning or effect hereof or as required by law, and I will instruct each of the foregoing not to disclose the same to anyone. The Company agrees to disclose any such information only to those of its employees who have a need to know, tax, legal or other counsel of the Company, or as required by law.

10. Any non-disclosure provision in this General Release does not prohibit or restrict me (or my attorney) from responding to any inquiry about this General Release or its underlying facts and circumstances by the Securities and Exchange Commission (SEC), the Financial Industry Regulatory Authority (FINRA), or any other self-regulatory organization or governmental entity, or from reporting a violation of law or making a disclosure that is protected under the whistleblower protections of applicable law.

11. I also agree to reasonably cooperate with the Company and any of the Released Parties in connection with any internal review or investigations, any regulatory or enforcement inquiries or investigation, and the defense or prosecution of any claims or actions now in existence or which may arise in the future in connection with, against or on behalf of the Company and any of the Released Parties. My reasonable cooperation shall include, but not be limited to, my being available to meet with, be interviewed by or otherwise assist Company counsel in connection with an internal review or investigation, a regulatory or enforcement inquiry or investigation, to prepare for trial or discovery or a regulatory, enforcement or

administrative proceeding or alternative dispute resolution process and to act as a witness when requested by the Company at reasonable times designated by the Company. The Company will provide reasonable notice of the need for my services and will use reasonable efforts to accommodate my personal and professional schedule in scheduling my services. Moreover, unless otherwise prohibited by law, I agree to promptly notify the Legal Department of the Company if I am asked by any person, entity or agency to assist, testify or provide information in any such proceeding or investigation. If I am not legally permitted to provide such notice, I agree that I will request that the person, entity or agency seeking assistance, testimony or information provide notice consistent with this Paragraph. To the extent I incur out-of-pocket expenses (such as postage costs or telephone charges) in assisting the Company or any Affiliate at its request, the Company will mail me a reimbursement check for those expenses within 30 days after it receives my request for payment, along with reasonably satisfactory written substantiation of the claimed expenses. My obligations under this Paragraph 11 will end upon the expiration of the applicable statute of limitations period for the particular claim provided that a timely claim has not been asserted. In the event that a timely claim is asserted, my obligations will continue until the claim is resolved.

12. I hereby acknowledge that certain provisions of the Agreement, including Section 3 thereof shall survive my execution of this General Release.

13. I acknowledge that I may hereafter discover Claims or facts in addition to or different than those which I now know or believe to exist with respect to the subject matter of the release set forth in Paragraph 2 above and which, if known or suspected at the time of entering into this General Release, may have materially affected this General Release and my decision to enter into it.

14. Notwithstanding anything in this General Release to the contrary, this General Release shall not relinquish, diminish, or in any way affect any rights or claims arising out of any breach by the Company of the Agreement after the date hereof.

15. Whenever possible, each provision of this General Release shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this General Release is held to be invalid, illegal or unenforceable in any respect under any applicable law or rule in any jurisdiction, such invalidity, illegality or unenforceability shall not affect any other provision or any other jurisdiction, but this General Release shall be reformed, construed and enforced in such jurisdiction as if such invalid, illegal or unenforceable provision had never been contained herein. This General Release constitutes the complete and entire agreement and understanding among the parties, and supersedes any and all prior or contemporaneous agreements, commitments, understandings or arrangements, whether written or oral, between or among any of the parties, in each case concerning the subject matter hereof.

BY SIGNING THIS GENERAL RELEASE, I REPRESENT AND AGREE THAT:

(i) I HAVE READ IT CAREFULLY;

EXECUTION VERSION

EXECUTIVE EMPLOYMENT AGREEMENT

THIS EMPLOYMENT AGREEMENT (the "Agreement") is hereby entered into as of May 14, 2021 (the "Effective Date"), by and between Roivant Sciences, Inc., a Delaware corporation (the "Company"), and Matthew Gline, an individual ("Executive") (hereinafter collectively referred to as the "Parties").

RECITALS

WHEREAS, the Company and Executive are party to that certain Amended and Restated Employment Agreement, dated as of April 12, 2019 (the "Existing Agreement"), which sets forth the terms and conditions of Executive's employment with the Company;

WHEREAS, the Company desires to continue the employment of Executive on the terms and conditions set forth herein, and Executive desires to accept the terms and conditions of continued employment with the Company on the terms and conditions set forth herein; and

WHEREAS, effective as of the Effective Date, this Agreement shall supersede and replace the Existing Agreement in its entirety, and the Existing Agreement shall be of no further force or effect.

NOW, THEREFORE, in consideration of the respective agreements of the Parties contained herein, it is agreed as follows:

1. Employment Period; "At-Will" Employment.

(a) The term of Executive's employment under this Agreement shall commence on the Effective Date and shall continue until Executive's employment with the Company is terminated in accordance with Section 4 (the "Employment Period").

(b) Executive's employment with the Company hereunder is "at-will," such that each of Executive and the Company has the right to terminate Executive's employment hereunder at any time and for any reason, with or without advance notice, subject to Section 4 hereof.

2. Position and Duties; Location.

(a) During the Employment Period, Executive shall be employed as Chief Executive Officer and Chief Financial Officer of the Company (it being understood that Executive may be replaced as Chief Financial Officer during the Employment Period upon the selection of Executive's successor to that position). Executive shall report directly to the board of directors (the "Board") of the Company. Executive shall have such duties and responsibilities as are commensurate with Executive's position, as may be assigned to Executive from time to time by the Board. It is understood and agreed that Executive's duties may include providing services to or for the benefit of the Company's affiliates, including the Company's parent, Roivant Sciences Ltd. ("Parent"); provided that Executive agrees that Executive will not provide any services from within the United States for Parent or any affiliate of Parent that is organized in a jurisdiction outside the United States. In

connection with Executive's employment with the Company in the capacity as Chief Executive Officer and Chief Financial Officer of the Company, Executive will be an "executive officer" of Parent, as defined under Rule 3b-7 under the Securities Exchange Act of 1934, as amended (the "Exchange Act") and an "officer" of Parent, as defined under Rule 16a-1(f) under the Exchange Act. In Executive's capacity as the Chief Executive Officer and Chief Financial Officer of the Company, Executive will also be named the Principal Executive Officer and Principal Financial Officer of Parent, respectively, in connection with the registration of Parent's common shares pursuant to Section 12 of the Exchange Act. Executive will not become an employee of Parent, and Executive's activities in respect of services to Parent shall be strictly ministerial and shall not involve conducting any of Parent's business activities from within the United States, including day-to-day management or other operational activities of Parent.

(b) Executive shall devote all of Executive's professional time and attention and best efforts to the performance of Executive's duties hereunder and shall not engage in any other business, profession or occupation, whether paid or unpaid, that would conflict with the performance of Executive's services hereunder either directly or indirectly. During the Employment Period, Executive shall not be permitted to serve on the board of directors of any entity or organization without the prior written consent of the General Counsel of the Company (or their designee); provided that Executive may serve on the board of directors of charitable organizations without such prior written consent so long as such board service does not conflict or interfere with the performance of Executive's duties hereunder. Notwithstanding anything to the contrary herein, Executive shall not engage in any activities that constitute a conflict of interest with the interests of the Company or its direct or indirect subsidiaries and affiliates (together with Parent, collectively, the "Company Group").

(c) During the Employment Period, Executive's principal place of employment shall be the Company's offices located in New York, New York; provided that Executive acknowledges that Executive's duties and responsibilities shall require Executive to periodically travel on business to the extent necessary to fully perform Executive's duties and responsibilities hereunder.

(d) Executive shall be subject to and shall abide by each of the Company Group's personnel policies applicable to Executive, including but not limited to any code of conduct, any insider trading policy, any policy restricting pledging and hedging investments in equity securities of any member of the Company Group, any share ownership policy or commitment and any policy regarding the recoupment of compensation that the Company Group may adopt from time to time or that may otherwise be required under any applicable law or applicable listing rules. This Section 2(d) shall survive the termination of the Employment Period.

3. Compensation and Benefits.

(a) During the Employment Period, Executive shall receive an annual base salary of $725,000 ("Base Salary"). The Base Salary shall be payable in accordance with the Company's regular payroll practices as in effect from time to time. During the Employment Period, the Base Salary will be reviewed annually by, and is subject to adjustment at the discretion of, the board of directors of Parent (or the compensation committee of thereof, the "Committee").

(b) For each fiscal year of the Company ending during the Employment Period, Executive shall be eligible to receive a discretionary annual performance bonus (the "Annual Bonus"). Executive's target Annual Bonus shall be equal to 100% of Executive's Base Salary in effect for the applicable fiscal year (the "Target Bonus"). The actual amount of the Annual Bonus for any fiscal year, if any, shall be subject to an assessment, in the sole discretion of the Committee, of Executive's performance as well as business conditions at the Company, and shall be pro-rated for the number of days Executive was employed with the Company during the applicable fiscal year. Executive's Annual Bonus (if any) for any fiscal year shall be paid no later than thirty (30) days following the end of the Company's fiscal year. In order to receive an Annual Bonus for any fiscal year, Executive must remain employed by the Company through the applicable payment date of such Annual Bonus.

(c) During the Employment Period, Executive may be eligible to receive discretionary periodic or annual equity incentive grants under the Roivant Sciences Ltd. Amended and Restated 2015 Equity Incentive Plan (as amended or restated from time to time and including any successor plan thereto, the "RSL Equity Plan"), based upon Executive's performance as well as business conditions at the Company, as determined in the sole discretion of the Committee.

(d) During the Employment Period, Executive shall be entitled to participate in the employee benefit plans and programs (including any medical, dental, vision, life and disability insurance benefit plans and 401(k) plan) made available by the Company to similarly situated full-time employees of the Company from time to time, subject to and in accordance with the terms of such plans or programs (including with respect to eligibility requirements and enrollment criteria) in effect from time to time. The Company reserves the right to change or rescind its benefit plans and programs and alter employee contribution levels from time to time at its discretion.

(e) During the Employment Period, Executive shall be entitled to vacation and sick leave in accordance with, and subject to the terms of, the Company's vacation and sick leave policies and programs, as may be amended from time to time.

(f) The Company shall reimburse Executive for reasonable travel and other business-related expenses incurred by Executive in the fulfillment of Executive's duties hereunder; provided, in each case, that such expenses are incurred and accounted for in accordance with the policies and procedures established by the Company from time to time. Any such reimbursement of expenses shall be made by the Company as soon as practicable following receipt of supporting documentation reasonably satisfactory to the Company (but in any event not later than the close of Executive's taxable year following the taxable year in which the expense is incurred).

4. Termination of Employment.

(a) The Employment Period and Executive's employment under this Agreement shall be terminated in accordance with this Section 4: (i) immediately upon Executive's death or Disability (as defined below); (ii) by the Company at any time for Cause (as defined below) or, upon at least thirty (30) days' prior written notice, without Cause; (iii) voluntarily by Executive without Good Reason (as defined below) upon at least ninety (90) days' prior written notice (provided that, at any time after Executive has provided such written notice to the Company, the Company may, in its sole discretion, elect to terminate Executive's employment hereunder at any time prior to the end of such 90-day period, in which case, and notwithstanding anything to the contrary in this Agreement or otherwise, Executive shall thereupon only be entitled to receive the Accrued Obligations (as defined below) and such termination of employment will not constitute a termination of employment without Cause or otherwise entitle Executive to any Severance Benefits (as defined below)); or (iv) by Executive for Good Reason. The effective date of the termination of Executive's employment hereunder is referred to herein as the "Termination Date".

(b) In the event of a termination of Executive's employment for any reason, Executive (or Executive's beneficiaries, as the case may be) shall be entitled to receive (i) Executive's accrued but unpaid Base Salary through the Termination Date, (ii) reimbursement for any unreimbursed business expenses that are reimbursable in accordance with Section 3(f), subject to the Company's requirements with respect to reporting and documentation of such expenses, and (iii) any other vested amount or benefit, if any, that is expressly provided for pursuant to the terms of any employee benefit plan or program in which Executive participates (the amounts described in clauses (i) through (iii), collectively, the "Accrued Obligations"). In addition, subject to Section 4(d), Executive's then-outstanding awards under the RSL Equity Plan shall be treated in accordance with, and subject to the terms and conditions of, the RSL Equity Plan and the applicable award agreements thereunder.

(c) In addition to the Accrued Obligations, subject to the terms of Section 4(e), in the event of Executive's (i) termination of employment by the Company without Cause (other than due to death or Disability) or (ii) resignation by Executive for Good Reason, Executive shall be entitled to receive (A) continued payment of Executive's then-current Base Salary for a period of twelve (12) months following the Termination Date (the "Severance Period"), payable in accordance with the Company's customary payroll practices; (B) an amount equal to Executive's Target Bonus, payable in equal monthly installments over the twelve (12) month period following the Termination Date in accordance with the Company's customary payroll practices; and (C) monthly reimbursement of the COBRA premiums for continued group health and dental plan coverage in which Executive was enrolled as of immediately prior to the Termination Date, less active employee rates (which will be payable by Executive), during the Severance Period (or, if earlier, until the date Executive becomes eligible to be covered under a subsequent employer's group health insurance plan (the amounts described in clauses (A) through (C), collectively, the "Severance Benefits"). Executive agrees to provide the Company with written notice of Executive's eligibility to be covered under a subsequent employer's group health insurance plan no later than five (5) business days after Executive becomes eligible for such coverage.

(d) In addition to the Accrued Obligations, subject to the terms of Section 4(e), in the event of a termination of Executive's employment due to Executive's death or Disability, to the extent not already provided under the applicable award agreements, all service-based vesting conditions (including any requirement that Executive be employed at the time of achievement of an applicable performance-based vesting condition) with respect to fifty percent (50%) of each of Executive's equity incentive awards that were granted prior to March 31, 2021 under the RSL Equity Plan and that are outstanding as of the Termination Date under this Section 4(d) (the "Eligible Equity Awards") shall be immediately waived; provided that, such Eligible Equity Awards shall remain subject to any additional vesting conditions or other terms and conditions otherwise applicable to such Eligible Equity Awards, including the achievement of any applicable performance-based vesting conditions and any condition requiring the occurrence of a liquidity event (the "Equity Acceleration Benefits"). Executive and Parent agree that, notwithstanding anything to the contrary set forth in the RSL Equity Plan or any applicable award agreement thereunder, effective as of the Effective Date, the Eligible Equity Awards (including any award agreement evidencing such awards) shall be deemed automatically amended to provide for the Equity Acceleration Benefits in accordance with, and subject to the terms of, this Section 4(d), without any further action necessary by Parent or Executive.

(e) Notwithstanding anything to the contrary herein, the Severance Benefits and the Equity Acceleration Benefits, as applicable shall be provided to Executive only if (A) Executive has executed and delivered to the Company a waiver and general release of claims, in a form to be provided promptly by the Company following the Termination Date (the "Release"), which such Release must be executed, delivered and be irrevocable within sixty (60) days after the Termination Date, (B) Executive has not revoked or breached the provisions of such Release and (C) Executive has not violated the terms of the NDIA (as defined below). Notwithstanding anything to the contrary herein, any payment of the Severance Benefits under Section 4(c)(A) or 4(c)(B) that is scheduled to occur during the first sixty (60) days following the Termination Date shall not be paid until the first regularly scheduled payroll date following such period and shall include payment of any amount that was otherwise scheduled to be paid prior thereto. If the period during which Executive may execute or revoke the Release spans two taxable years of Executive, the Severance Benefits shall in all events be paid to Executive in the second such taxable year, and any Severance Benefits that otherwise would have been payable during the first taxable year shall be paid in a lump sum in the first calendar month of the second taxable year.

(f) Executive acknowledges and agrees that the Company has no obligation to pay Executive any severance, except as expressly provided herein or as may otherwise be approved by the Company, and only to the extent Executive complies with the express contractual conditions hereof.

(g) For purposes of this Agreement, the following terms shall have the following meanings:

(i) "Cause" shall mean Executive's: (A) conviction of, or plea of guilty or no contest to, any (x) felony or (y) any other crime involving moral turpitude or

dishonesty; (B) participation in fraud, embezzlement, misappropriation or theft against any member of the Company Group; (C) material breach of this Agreement or any other agreement between Executive and any member of the Company Group that has not been cured (if curable) within thirty (30) days after receiving written notice of such breach; (D) engagement in any conduct or act of gross negligence that causes, or is reasonably likely to cause, material damage to any member of the Company Group monetarily or otherwise (including, with respect to the reputation, business or business relationships of any member of the Company Group); (E) material failure to comply with the code of conduct or other material policies of any member of the Company Group; (F) violation of any law, rule or regulation relating in any way to the business or activities of the Company Group, or any other law, rule or regulation that results in Executive's arrest, censure or regulatory suspension or disqualification, including, without limitation, the Generic Drug Enforcement Act of 1992, 21 U.S.C. § 335(a), or any similar legislation applicable in the United States or in any other country where the Company intends to develop its activities; or (G) willful failure to substantially perform Executive's duties hereunder (other than as a result of Disability) that has not been cured (if curable) within thirty (30) days after receiving written notice from the Company.

(ii) "Disability" shall have the meaning assigned to such term in the RSL Equity Plan.

(iii) "Good Reason" shall mean the occurrence of any of the following events without Executive's consent: (A) a material reduction in Executive's Base Salary (provided, however, that if such reduction occurs in connection with a Company-wide decrease in the compensation of similarly situated employees of the Company, such reduction shall not constitute Good Reason if it is a reduction of a proportionally like percentage affecting all such similarly situated employees not to exceed ten percent (10%)); (B) a material reduction of Executive's authority, duties or responsibilities, as compared to Executive's authority, duties or responsibilities immediately prior to such reduction (provided that Executive ceasing to serve as Chief Financial Officer of the Company pursuant to Section 2(a) and the corresponding reduction of Executive's authority, duties or responsibilities in connection therewith shall not, by itself, constitute Good Reason for purposes of this Section 4(f)(iii)); or (C) a relocation of Executive to a primary office location more than twenty five (25) miles from Executive's primary company office location as of the Effective Date (provided that Executive being permitted to work remotely shall not constitute Good Reason); provided, further, that, in each case Executive (1) gives the Company written notice of Executive's intent to terminate employment for Good Reason within thirty (30) days following the first occurrence of the conditions that Executive believes constitute Good Reason, (2) the Company fails to remedy such conditions within thirty (30) days following receipt of the written notice from Executive and (3) Executive voluntarily terminates employment within thirty (30) days following the expiration of such cure period.

5. Nondisclosure and Restrictive Covenants. Executive agrees to be bound by the terms and conditions of the Employee Non-Disclosure, Invention Assignment and Restrictive Covenant Agreement (the "NDIA") between the Company and Executive, a copy of which is attached as Exhibit A hereto. The terms of the NDIA are incorporated herein by reference and deemed to be a part of this Agreement. This Section 5 (and the NDIA) shall survive the termination of the Employment Period.

6. Executive's Cooperation. During the Employment Period and thereafter, Executive shall cooperate in good faith with the Company in any internal investigation or administrative, regulatory or judicial proceeding as reasonably requested by the Company (including, without limitation, Executive being available to the Company upon reasonable notice for interviews and factual investigations, appearing at the Company's request to give testimony without requiring service of a subpoena or other legal process, volunteering to the Company all pertinent information and turning over to the Company all relevant documents which are or may come into Executive's possession, all at times and on schedules that are reasonably consistent with Executive's other permitted activities and commitments). The Company will reimburse Executive for any reasonable, out-of-pocket travel, lodging and meal expenses incurred in connection with Executive's performance of obligations pursuant to this Section 6 for which Executive has obtained prior written approval from the Company. This Section 6 shall survive the termination of the Employment Period.

7. Executive's Representations. Executive hereby represents and warrants to the Company that (i) Executive's execution and delivery of this Agreement and the performance by Executive of Executive's duties hereunder shall not constitute a breach of, or otherwise contravene, the terms of any employment, restrictive covenant or other agreement or policy to which Executive is a party or otherwise bound, (ii) Executive is not subject to any obligation or restriction that would affect Executive's ability to devote Executive's full time and attention to Executive's duties hereunder and (iii) Executive has not been debarred, or received notice of any action or threat with respect to debarment, under the provisions of the Generic Drug Enforcement Act of 1992, 21 U.S.C. § 335(a) or any similar legislation applicable in the U.S. or in any other country where the Company intends to develop its activities.

8. Assignment; Binding Effect. This Agreement and any and all rights, duties, obligations or interests hereunder shall not be assignable or delegable by Executive. This Agreement and all of the Company's rights and obligations hereunder shall not be assignable by the Company, except as incident to a reorganization, merger, amalgamation or consolidation, or transfer of all or substantially all of the Company's assets, or to an affiliate of the Company. This Agreement shall be binding upon, and inure to the benefit of, the Parties, any successors to or assigns of the Company and Executive's heirs and the personal representatives of Executive's estate.

9. Amendment; Waiver. This Agreement may not be modified, amended or waived in any manner, except by an instrument in writing signed by both Parties. The waiver by either Party of compliance with any provision of this Agreement by the other Party shall not operate or be construed as a waiver of any other provision of this Agreement, or of any subsequent breach by such Party of a provision of this Agreement.

10. Survival. To the extent contemplated by this Agreement, the respective rights and obligations of the Parties shall survive and continue in full force in accordance with their terms notwithstanding the termination of the Employment Period.

11. Notices. For the purposes of this Agreement, notices and all other communications provided for in the Agreement shall be in writing and shall be deemed to have been duly given when personally delivered or sent by certified mail, return receipt requested, postage prepaid, addressed to the respective addresses last given by each Party to each other Party; provided that all notices to the Company shall be directed to the attention of the General Counsel of the Company. All notices and communications shall be deemed to have been received on the date of delivery thereof or on the third business day after the mailing thereof, except that notice of change of address shall be effective only upon receipt.

12. Withholding. Any payments made or benefits provided to Executive under this Agreement shall be reduced by any applicable withholding taxes or other amounts required to be withheld by law or contract. The Company, in its sole and absolute discretion, shall make all determinations as to whether it is obligated to withhold any taxes hereunder and the amount hereof.

13. Section 409A and Section 457A. It is intended that the provisions of this Agreement comply with or are exempt from Section 409A and Section 457A of the Internal Revenue Code of 1986, as amended (the "Code") (together with the regulations and other interpretive guidance issued thereunder, "Section 409A" and "Section 457A", respectively), and all provisions of this Agreement will be construed and interpreted in a manner consistent with such intent. In no event shall the Company or any of its affiliates be liable for any additional tax, interest or penalty that may be imposed on Executive by Section 409A or Section 457A. For purposes of Section 409A, each right to a payment hereunder will be deemed a "separate payment" within the meaning of Treas. Reg. Section 1.409A-2(b)(iii). With respect to the timing of payments of any deferred compensation payable upon a termination of employment hereunder, references in this Agreement to "termination of employment" (and substantially similar phrases) mean "separation from service" within the meaning of Section 409A. For the avoidance of doubt, it is intended that any expense reimbursement made to Executive hereunder is exempt from Section 409A; however, if any expense reimbursement hereunder is determined to be deferred compensation within the meaning of Section 409A, then (i) the amount of the expense reimbursement during one taxable year will not affect the amount of the expense reimbursement during any other taxable year, (ii) the expense reimbursement will be made on or before the last day of the year following the year in which the expense was incurred, and (iii) the right to expense reimbursement hereunder will not be subject to liquidation or exchange for another benefit. To the extent that Executive is a "specified employee" within the meaning of Section 409A as of the date of Executive's separation from service (as determined by the Company), no amounts payable under this Agreement that constitute "deferred compensation" within the meaning of Section 409A that are payable on account of Executive's separation from service shall be paid to Executive until the expiration of the six (6)-month period measured from the date of such separation from service (or, if earlier, the date of Executive's death following such separation from service). Upon the first business day following the expiration of such delay period, all such amounts deferred pursuant to the preceding sentence will be paid to Executive (without interest).

14. Section 280G. If Executive would be entitled to payments or benefits under this Agreement or under any other plan, program, agreement or arrangement that would constitute "parachute payments" as defined in Section 280G of the Code and could result in any such payment or benefit being subject to an excise tax under Section 4999 of the Code, the present value of Executive's payments and benefits will be reduced by the minimum amount necessary such that the aggregate present value of such payments and benefits do not trigger the excise tax; provided, however, no such reductions shall be given effect if Executive would be entitled to greater payments and benefits on an after-tax basis (taking into account the excise tax imposed pursuant to Section 4999 of the Code, any tax imposed by any comparable provision of state law, and any applicable federal, state and local income and employment taxes) than if such reductions were to be implemented. If payments or benefits are to be reduced, any such reduction in payments and/or benefits shall be made in accordance with Section 409A and shall occur in the manner that results in the greatest economic benefit to the Executive as determined by the Company's independent accountants. All determinations in applying the foregoing provisions for purposes of the "golden parachute" rules under Sections 280G and 4999 of the Code will be made by the Company's independent accountants and shall be final and binding on the parties.

15. Governing Law. This Agreement (together with any and all modifications, extensions and amendments) shall be governed by and construed and enforced in accordance with the laws of the State of New York applicable to agreements made and to be performed entirely in such state, without giving effect to the conflict or choice of law principles thereof.

16. Severability. Each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement is held to be invalid, illegal or unenforceable in any respect under any applicable law or rule in any jurisdiction, such invalidity, illegality or unenforceability shall not affect any other provision of this Agreement or any action in any other jurisdiction, but this Agreement shall be reformed, construed and enforced in such jurisdiction as if such invalid, illegal or unenforceable provision had never been contained herein.

17. Arbitration. If any legally actionable dispute arises under this Agreement or otherwise which cannot be resolved by mutual discussion between the Parties, then the Company and Executive each agree to resolve that dispute by binding arbitration pursuant to the terms and conditions of the Mutual Agreement to Arbitrate Claims (the "Arbitration Agreement") between the Company and Executive, a copy of which is attached as Exhibit B hereto. The terms of the Arbitration Agreement are incorporated herein by reference and deemed to be a part of this Agreement. This Section 17 (and the Arbitration Agreement) shall survive the termination of the Employment Period.

18. Waiver of Jury Trial. EACH PARTY EXPRESSLY WAIVES THE RIGHT TO TRIAL BY JURY IN ANY LAWSUIT OR PROCEEDING RELATING TO OR ARISING IN ANY WAY FROM THIS AGREEMENT OR THE MATTERS CONTEMPLATED HEREBY.

19. Entire Agreement. This Agreement constitutes the entire agreement between the Parties and supersedes all prior agreements, if any, understandings and arrangements, oral or written, between the Parties with respect to the subject matter hereof, including without limitation, the Existing Agreement.

20. Captions and Headings. The descriptive captions and headings contained in this Agreement are for convenience of reference only and shall not affect in any way the meaning or interpretation of this Agreement.

21. Counterparts. This Agreement may be executed in separate counterparts, any one of which need not contain signatures of more than one party, but all of which taken together will constitute one and the same Agreement. Signatures transmitted via facsimile or .pdf will be deemed the equivalent of originals.

THIS EMPLOYMENT AGREEMENT (the "Agreement") is hereby entered into as of May 14, 2021 (the "Effective Date"), by and between Roivant Sciences, Inc., a Delaware corporation (the "Company"), and Eric Venker, an individual ("Executive") (hereinafter collectively referred to as the "Parties").

RECITALS

WHEREAS, the Company and Executive are party to that certain Employment Offer and Terms Agreement, dated as of October 9, 2017 (the "Existing Agreement"), which sets forth the terms and conditions of Executive's employment with the Company;

WHEREAS, the Company desires to continue the employment of Executive on the terms and conditions set forth herein, and Executive desires to accept the terms and conditions of continued employment with the Company on the terms and conditions set forth herein; and

WHEREAS, effective as of the Effective Date, this Agreement shall supersede and replace the Existing Agreement in its entirety, and the Existing Agreement shall be of no further force or effect.

NOW, THEREFORE, in consideration of the respective agreements of the Parties contained herein, it is agreed as follows:

1. Employment Period; "At-Will" Employment.

(a) The term of Executive's employment under this Agreement shall commence on the Effective Date and shall continue until Executive's employment with the Company is terminated in accordance with Section 4 (the "Employment Period").

(b) Executive's employment with the Company hereunder is "at-will," such that each of Executive and the Company has the right to terminate Executive's employment hereunder at any time and for any reason, with or without advance notice, subject to Section 4 hereof.

2. Position and Duties; Location.

(a) During the Employment Period, Executive shall be employed as President and Chief Operating Officer of the Company. Executive shall report directly to the Chief Executive Officer of the Company. Executive shall have such duties and responsibilities as are commensurate with Executive's position, as may be assigned to Executive from time to time by the Chief Executive Officer of the Company. It is understood and agreed that Executive's duties may include providing services to or for the benefit of the Company's affiliates, including, but not limited to, Roivant Sciences Ltd. ("Parent") and certain Private UK Vants (as defined below); provided that, except to the extent necessary to comply with travel restrictions relating to the COVID-19 pandemic, Executive agrees that Executive will not provide any services from within the United States for Parent, the Private UK Vants or any other affiliate of Parent that is organized in a jurisdiction outside the United States.

Executive will not become an employee of Parent, and Executive's activities in respect of services to Parent shall be strictly ministerial and shall not involve conducting any of Parent's business activities from within the United States, including day-to-day management or other operational activities of Parent.

(b) Executive shall devote all of Executive's professional time and attention and best efforts to the performance of Executive's duties hereunder and shall not engage in any other business, profession or occupation, whether paid or unpaid, that would conflict with the performance of Executive's services hereunder either directly or indirectly. During the Employment Period, Executive shall not be permitted to serve on the board of directors of any entity or organization without the prior written consent of the General Counsel of the Company (or their designee); provided that Executive may serve on the board of directors of charitable organizations without such prior written consent so long as such board service does not conflict or interfere with the performance of Executive's duties hereunder. Notwithstanding anything to the contrary herein, Executive shall not engage in any activities that constitute a conflict of interest with the interests of the Company or its direct or indirect subsidiaries and affiliates (together with Parent, collectively, the "Company Group").

(c) During the Employment Period, Executive's principal place of employment shall be the Company's offices located in New York, New York; provided that Executive acknowledges that Executive's duties and responsibilities shall require Executive to periodically travel on business to the extent necessary to fully perform Executive's duties and responsibilities hereunder.

(d) Executive shall be subject to and shall abide by each of the Company Group's personnel policies applicable to Executive, including but not limited to any code of conduct, any insider trading policy, any policy restricting pledging and hedging investments in equity securities of any member of the Company Group, any share ownership policy or commitment and any policy regarding the recoupment of compensation that the Company Group may adopt from time to time or that may otherwise be required under any applicable law or applicable listing rules. This Section 2(d) shall survive the termination of the Employment Period.

3. Compensation and Benefits.

(a) During the Employment Period, Executive shall receive an annual base salary of $620,000 ("Base Salary"). The Base Salary shall be payable in accordance with the Company's regular payroll practices as in effect from time to time. During the Employment Period, the Base Salary will be reviewed annually by, and is subject to adjustment at the discretion of, the compensation committee of the Board of Directors of Parent (the "Committee")); *provided* that the Base Salary shall be reduced by the aggregate annual amounts payable to Executive pursuant to Section 3(g). For the avoidance of doubt, in no event shall the annual amounts payable to Executive under this Section 3(a) and Section 3(g) exceed Executive's Base Salary then in effect for the applicable fiscal year, subject to the adjustment at the discretion of the Committee.

(b) For each fiscal year of the Company ending during the Employment Period, Executive shall be eligible to receive a discretionary annual performance bonus (the "Annual Bonus"). Executive's target Annual Bonus shall be equal to 55% of Executive's Base Salary in effect for the applicable fiscal year (without giving effect to any reductions in such Base Salary for Vant Board Fees) (the "Target Bonus"). The actual amount of the Annual Bonus for any fiscal year, if any, shall be subject to an assessment, in the sole discretion of the Committee, of Executive's performance as well as business conditions at the Company, and shall be pro-rated for the number of days Executive was employed with the Company during the applicable fiscal year. Executive's Annual Bonus (if any) for any fiscal year shall be paid no later than thirty (30) days following the end of the Company's fiscal year. In order to receive an Annual Bonus for any fiscal year, Executive must remain employed by the Company through the applicable payment date of such Annual Bonus.

(c) During the Employment Period, Executive may be eligible to receive discretionary periodic or annual equity incentive grants under the Roivant Sciences Ltd. Amended and Restated 2015 Equity Incentive Plan (as amended or restated from time to time and including any successor plan thereto, the "RSL Equity Plan"), based upon Executive's performance as well as business conditions at the Company, as determined in the sole discretion of the Committee.

(d) During the Employment Period, Executive shall be entitled to participate in the employee benefit plans and programs (including any medical, dental, vision, life and disability insurance benefit plans and 401(k) plan) made available by the Company to similarly situated full-time employees of the Company from time to time, subject to and in accordance with the terms of such plans or programs (including with respect to eligibility requirements and enrollment criteria) in effect from time to time. The Company reserves the right to change or rescind its benefit plans and programs and alter employee contribution levels from time to time at its discretion.

(e) During the Employment Period, Executive shall be entitled to vacation and sick leave in accordance with, and subject to the terms of, the Company's vacation and sick leave policies and programs, as may be amended from time to time.

(f) The Company shall reimburse Executive for reasonable travel and other business-related expenses incurred by Executive in the fulfillment of Executive's duties hereunder; provided, in each case, that such expenses are incurred and accounted for in accordance with the policies and procedures established by the Company from time to time. Any such reimbursement of expenses shall be made by the Company as soon as practicable following receipt of supporting documentation reasonably satisfactory to the Company (but in any event not later than the close of Executive's taxable year following the taxable year in which the expense is incurred).

(g) During the Employment Period, Executive shall be entitled to receive a cash payment of $3,125 per fiscal quarter in the form of board fees (or such other amount as may be determined by Parent) in respect of each UK private company affiliate of Parent (each, a "Private UK Vant") for which Executive serves as a member of the board of directors (such fees payable from all Private UK Vants, in the aggregate, the "Vant Board Fees"). The Company shall use reasonable best efforts to cause the applicable Private UK Vant to pay the applicable Vant Board Fees to Executive in quarterly installments in arrears while Executive is serving on such Private UK Vant's board of directors (subject to Section 4(b)).

4. Termination of Employment.

(a) The Employment Period and Executive's employment under this Agreement shall be terminated in accordance with this Section 4: (i) immediately upon Executive's death or Disability (as defined below); (ii) by the Company at any time for Cause (as defined below) or, upon at least thirty (30) days' prior written notice, without Cause; (iii) voluntarily by Executive without Good Reason (as defined below) upon at least ninety (90) days' prior written notice (provided that, at any time after Executive has provided such written notice to the Company, the Company may, in its sole discretion, elect to terminate Executive's employment hereunder at any time prior to the end of such 90-day period, in which case, and notwithstanding anything to the contrary in this Agreement or otherwise, Executive shall thereupon only be entitled to receive the Accrued Obligations (as defined below) and such termination of employment will not constitute a termination of employment without Cause or otherwise entitle Executive to any Severance Benefits (as defined below)); or (iv) by Executive for Good Reason. The effective date of the termination of Executive's employment hereunder is referred to herein as the "Termination Date".

(b) In the event of a termination of Executive's employment for any reason, Executive (or Executive's beneficiaries, as the case may be) shall be entitled to receive (i) Executive's accrued but unpaid Base Salary through the Termination Date, (ii) reimbursement for any unreimbursed business expenses that are reimbursable in accordance with Section 3(f), subject to the Company's requirements with respect to reporting and documentation of such expenses, (iii) any unpaid Vant Board Fees for the applicable fiscal quarter during which the Termination Date occurs (prorated for the number of days during such fiscal quarter elapsed prior to the Termination Date) and (iv) any other vested amount or benefit, if any, that is expressly provided for pursuant to the terms of any employee benefit plan or program in which Executive participates (the amounts described in clauses (i) through (iv), collectively, the "Accrued Obligations").

(c) In addition to the Accrued Obligations, subject to the terms of Section 4(e), in the event of Executive's (i) termination of employment by the Company without Cause (other than due to death or Disability) or (ii) resignation by Executive for Good Reason, Executive shall be entitled to receive (A) continued payment of Executive's then-current Base Salary (without giving effect to any reductions in such Base Salary for Vant Board Fees) for a period of twelve (12) months following the Termination Date, payable in accordance with the Company's customary payroll practices; (B) an amount equal to Executive's Target Bonus, payable in equal monthly installments over the twelve (12) month period following the Termination Date in accordance with the Company's customary payroll practices; and (C) monthly reimbursement of the COBRA premiums for continued group health and dental plan coverage in which Executive was enrolled as of immediately prior to the Termination Date, less active employee rates (which will be payable by Executive), for a period of twelve (12) months following the Termination Date (or, if earlier, until the date Executive becomes eligible to be covered under a subsequent

employer's group health insurance plan (the amounts described in clauses (A) through (C), collectively, the "Severance Benefits"). Executive agrees to provide the Company with written notice of Executive's eligibility to be covered under a subsequent employer's group health insurance plan no later than five (5) business days after Executive becomes eligible for such coverage.

(d) In addition to the Accrued Obligations, subject to the terms of Section 4(e), in the event of a termination of Executive's employment due to Executive's death or Disability, all service-based vesting conditions (including any requirement that Executive be employed at the time of achievement of an applicable performance-based vesting condition) with respect to fifty percent (50%) of each of Executive's equity incentive awards that were granted prior to March 31, 2021 under the RSL Equity Plan and that are outstanding as of the Termination Date under this Section 4(d) (the "Eligible Equity Awards") shall be immediately waived; provided that, such Eligible Equity Awards shall remain subject to any additional vesting conditions or other terms and conditions otherwise applicable to such Eligible Equity Awards, including the achievement of any applicable performance-based vesting conditions and any condition requiring the occurrence of a liquidity event (the "Equity Acceleration Benefits"). Executive and Parent agree that, notwithstanding anything to the contrary set forth in the RSL Equity Plan or any applicable award agreement thereunder, effective as of the Effective Date, the Eligible Equity Awards (including any award agreement evidencing such awards) shall be deemed automatically amended to provide for the Equity Acceleration Benefits in accordance with, and subject to the terms of, this Section 4(d), without any further action necessary by Parent or Executive.

(e) Notwithstanding anything to the contrary herein, the Severance Benefits and the Equity Acceleration Benefits, as applicable, shall be provided to Executive only if (A) Executive has executed and delivered to the Company a waiver and general release of claims, in a form to be provided promptly by the Company following the Termination Date (the "Release"), which such Release must be executed, delivered and be irrevocable within sixty (60) days after the Termination Date, (B) Executive has not revoked or breached the provisions of such Release and (C) Executive has not violated the terms of the NDIA (as defined below). Notwithstanding anything to the contrary herein, any payment of the Severance Benefits under Section 4(c)(A) or 4(c)(B) that is scheduled to occur during the first sixty (60) days following the Termination Date shall not be paid until the first regularly scheduled payroll date following such period and shall include payment of any amount that was otherwise scheduled to be paid prior thereto. If the period during which Executive may execute or revoke the Release spans two taxable years of Executive, the Severance Benefits shall in all events be paid to Executive in the second such taxable year, and any Severance Benefits that otherwise would have been payable during the first taxable year shall be paid in a lump sum in the first calendar month of the second taxable year.

(f) Executive acknowledges and agrees that the Company has no obligation to pay Executive any severance, except as expressly provided herein or as may otherwise be approved by the Company, and only to the extent Executive complies with the express contractual conditions hereof.

(g) For purposes of this Agreement, the following terms shall have the following meanings:

(i) "Cause" shall mean Executive's: (A) conviction of, or plea of guilty or no contest to, any (x) felony or (y) any other crime involving moral turpitude or dishonesty; (B) participation in fraud, embezzlement, misappropriation or theft against any member of the Company Group; (C) material breach of this Agreement or any other agreement between Executive and any member of the Company Group that has not been cured (if curable) within thirty (30) days after receiving written notice of such breach; (D) engagement in any conduct or act of gross negligence that causes, or is reasonably likely to cause, material damage to any member of the Company Group monetarily or otherwise (including, with respect to the reputation, business or business relationships of any member of the Company Group); (E) material failure to comply with the code of conduct or other material policies of any member of the Company Group; (F) violation of any law, rule or regulation relating in any way to the business or activities of the Company Group, or any other law, rule or regulation that results in Executive's arrest, censure or regulatory suspension or disqualification, including, without limitation, the Generic Drug Enforcement Act of 1992, 21 U.S.C. § 335(a), or any similar legislation applicable in the United States or in any other country where the Company intends to develop its activities; or (G) willful failure to substantially perform Executive's duties hereunder (other than as a result of Disability) that has not been cured (if curable) within thirty (30) days after receiving written notice from the Company.

(ii) "Disability" shall have the meaning assigned to such term in the RSL Equity Plan.

(iii) "Good Reason" shall mean the occurrence of any of the following events without Executive's consent: (A) a material reduction in Executive's Base Salary (provided, however, that if such reduction occurs in connection with a Company-wide decrease in the compensation of similarly situated employees of the Company, such reduction shall not constitute Good Reason if it is a reduction of a proportionally like percentage affecting all such similarly situated employees not to exceed ten percent (10%)); (B) a material reduction of Executive's authority, duties or responsibilities, as compared to Executive's authority, duties or responsibilities immediately prior to such reduction; or (C) a relocation of Executive to a primary office location more than twenty five (25) miles from Executive's primary company office location as of the Effective Date (provided that Executive being permitted to work remotely shall not constitute Good Reason); provided that, in each case Executive (1) gives the Company written notice of Executive's intent to terminate employment for Good Reason within thirty (30) days following the first occurrence of the conditions that Executive believes constitute Good Reason, (2) the Company fails to remedy such conditions within thirty (30) days following receipt of the written notice from Executive and (3) Executive voluntarily terminates employment within thirty (30) days following the expiration of such cure period.

5. Nondisclosure and Restrictive Covenants. Executive agrees to be bound by the terms and conditions of the Employee Non-Disclosure, Invention Assignment and Restrictive Covenant Agreement (the "NDIA") between the Company and Executive, a copy of which is attached as Exhibit A hereto. The terms of the NDIA are incorporated herein by reference and deemed to be a part of this Agreement. This Section 5 (and the NDIA) shall survive the termination of the Employment Period.

6. Executive's Cooperation. During the Employment Period and thereafter, Executive shall cooperate in good faith with the Company in any internal investigation or administrative, regulatory or judicial proceeding as reasonably requested by the Company (including, without limitation, Executive being available to the Company upon reasonable notice for interviews and factual investigations, appearing at the Company's request to give testimony without requiring service of a subpoena or other legal process, volunteering to the Company all pertinent information and turning over to the Company all relevant documents which are or may come into Executive's possession, all at times and on schedules that are reasonably consistent with Executive's other permitted activities and commitments). The Company will reimburse Executive for any reasonable, out-of-pocket travel, lodging and meal expenses incurred in connection with Executive's performance of obligations pursuant to this Section 6 for which Executive has obtained prior written approval from the Company. This Section 6 shall survive the termination of the Employment Period.

7. Executive's Representations. Executive hereby represents and warrants to the Company that (i) Executive's execution and delivery of this Agreement and the performance by Executive of Executive's duties hereunder shall not constitute a breach of, or otherwise contravene, the terms of any employment, restrictive covenant or other agreement or policy to which Executive is a party or otherwise bound, (ii) Executive is not subject to any obligation or restriction that would affect Executive's ability to devote Executive's full time and attention to Executive's duties hereunder and (iii) Executive has not been debarred, or received notice of any action or threat with respect to debarment, under the provisions of the Generic Drug Enforcement Act of 1992, 21 U.S.C. § 335(a) or any similar legislation applicable in the U.S. or in any other country where the Company intends to develop its activities.

8. Assignment; Binding Effect. This Agreement and any and all rights, duties, obligations or interests hereunder shall not be assignable or delegable by Executive. This Agreement and all of the Company's rights and obligations hereunder shall not be assignable by the Company, except as incident to a reorganization, merger, amalgamation or consolidation, or transfer of all or substantially all of the Company's assets, or to an affiliate of the Company. This Agreement shall be binding upon, and inure to the benefit of, the Parties, any successors to or assigns of the Company and Executive's heirs and the personal representatives of Executive's estate.

9. Amendment; Waiver. This Agreement may not be modified, amended or waived in any manner, except by an instrument in writing signed by both Parties. The waiver by either Party of compliance with any provision of this Agreement by the other Party shall not operate or be construed as a waiver of any other provision of this Agreement, or of any subsequent breach by such Party of a provision of this Agreement.

10. Survival. To the extent contemplated by this Agreement, the respective rights and obligations of the Parties shall survive and continue in full force in accordance with their terms notwithstanding the termination of the Employment Period.

11. Notices. For the purposes of this Agreement, notices and all other communications provided for in the Agreement shall be in writing and shall be deemed to have been duly given when personally delivered or sent by certified mail, return receipt requested, postage prepaid, addressed to the respective addresses last given by each Party to each other Party; provided that all notices to the Company shall be directed to the attention of the General Counsel of the Company. All notices and communications shall be deemed to have been received on the date of delivery thereof or on the third business day after the mailing thereof, except that notice of change of address shall be effective only upon receipt.

12. Withholding. Any payments made or benefits provided to Executive under this Agreement shall be reduced by any applicable withholding taxes or other amounts required to be withheld by law or contract. The Company, in its sole and absolute discretion, shall make all determinations as to whether it is obligated to withhold any taxes hereunder and the amount hereof.

13. Section 409A and Section 457A(a) . It is intended that the provisions of this Agreement comply with or are exempt from Section 409A and Section 457A of the Internal Revenue Code of 1986, as amended (the "Code") (together with the regulations and other interpretive guidance issued thereunder, "Section 409A" and "Section 457A", respectively), and all provisions of this Agreement will be construed and interpreted in a manner consistent with such intent. In no event shall the Company or any of its affiliates be liable for any additional tax, interest or penalty that may be imposed on Executive by Section 409A or Section 457A. For purposes of Section 409A, each right to a payment hereunder will be deemed a "separate payment" within the meaning of Treas. Reg. Section 1.409A-2(b)(iii). With respect to the timing of payments of any deferred compensation payable upon a termination of employment hereunder, references in this Agreement to "termination of employment" (and substantially similar phrases) mean "separation from service" within the meaning of Section 409A. For the avoidance of doubt, it is intended that any expense reimbursement made to Executive hereunder is exempt from Section 409A; however, if any expense reimbursement hereunder is determined to be deferred compensation within the meaning of Section 409A, then (i) the amount of the expense reimbursement during one taxable year will not affect the amount of the expense reimbursement during any other taxable year, (ii) the expense reimbursement will be made on or before the last day of the year following the year in which the expense was incurred, and (iii) the right to expense reimbursement hereunder will not be subject to liquidation or exchange for another benefit. To the extent that Executive is a "specified employee" within the meaning of Section 409A as of the date of Executive's separation from service (as determined by the Company), no amounts payable under this Agreement that constitute "deferred compensation" within the meaning of Section 409A that are payable on account of Executive's separation from service shall be paid to Executive until the expiration of the six (6)-month period measured from the date of such separation from service (or, if earlier, the date of Executive's death following such separation from service). Upon the first business day following the expiration of such delay period, all such amounts deferred pursuant to the preceding sentence will be paid to Executive (without interest).

14. Section 280G. If Executive would be entitled to payments or benefits under this Agreement or under any other plan, program, agreement or arrangement that would constitute "parachute payments" as defined in Section 280G of the Code and could result in any such payment or benefit being subject to an excise tax under Section 4999 of the Code, the present value of Executive's payments and benefits will be reduced by the minimum amount necessary such that the aggregate present value of such payments and benefits do not trigger the excise tax; provided, however, no such reductions shall be given effect if Executive would be entitled to greater payments and benefits on an after-tax basis (taking into account the excise tax imposed pursuant to Section 4999 of the Code, any tax imposed by any comparable provision of state law, and any applicable federal, state and local income and employment taxes) than if such reductions were to be implemented. If payments or benefits are to be reduced, any such reduction in payments and/or benefits shall be made in accordance with Section 409A and shall occur in the manner that results in the greatest economic benefit to the Executive as determined by the Company's independent accountants. All determinations in applying the foregoing provisions for purposes of the "golden parachute" rules under Sections 280G and 4999 of the Code will be made by the Company's independent accountants and shall be final and binding on the parties.

15. Governing Law. This Agreement (together with any and all modifications, extensions and amendments) shall be governed by and construed and enforced in accordance with the laws of the State of New York applicable to agreements made and to be performed entirely in such state, without giving effect to the conflict or choice of law principles thereof.

16. Severability. Each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement is held to be invalid, illegal or unenforceable in any respect under any applicable law or rule in any jurisdiction, such invalidity, illegality or unenforceability shall not affect any other provision of this Agreement or any action in any other jurisdiction, but this Agreement shall be reformed, construed and enforced in such jurisdiction as if such invalid, illegal or unenforceable provision had never been contained herein.

17. Arbitration. If any legally actionable dispute arises under this Agreement or otherwise which cannot be resolved by mutual discussion between the Parties, then the Company and Executive each agree to resolve that dispute by binding arbitration pursuant to the terms and conditions of the Mutual Agreement to Arbitrate Claims (the "Arbitration Agreement") previously entered into between the Company and Executive, a copy of which is attached as Exhibit B hereto. The terms of the Arbitration Agreement are incorporated herein by reference and deemed to be a part of this Agreement. This Section 17 (and the Arbitration Agreement) shall survive the termination of the Employment Period.

18. Waiver of Jury Trial. EACH PARTY EXPRESSLY WAIVES THE RIGHT TO TRIAL BY JURY IN ANY LAWSUIT OR PROCEEDING RELATING TO OR ARISING IN ANY WAY FROM THIS AGREEMENT OR THE MATTERS CONTEMPLATED HEREBY.

19. Entire Agreement. This Agreement constitutes the entire agreement between the Parties and supersedes all prior agreements, if any, understandings and arrangements, oral or written, between the Parties with respect to the subject matter hereof, including without limitation, the Existing Agreement, but excluding the Arbitration Agreement.

20. Captions and Headings. The descriptive captions and headings contained in this Agreement are for convenience of reference only and shall not affect in any way the meaning or interpretation of this Agreement.

21. Counterparts. This Agreement may be executed in separate counterparts, any one of which need not contain signatures of more than one party, but all of which taken together will constitute one and the same Agreement. Signatures transmitted via facsimile or .pdf will be deemed the equivalent of originals.

EXECUTIVE EMPLOYMENT AGREEMENT

THIS EMPLOYMENT AGREEMENT (the "Agreement") is hereby entered into as of May 14, 2021 (the "Effective Date"), by and between Roivant Sciences, Inc., a Delaware corporation (the "Company"), and Benjamin Zimmer, an individual ("Executive") (hereinafter collectively referred to as the "Parties").

RECITALS

WHEREAS, the Company and Executive are party to that certain Employment Offer and Terms Agreement, dated as of February 17, 2015 (the "Existing Agreement"), which sets forth the terms and conditions of Executive's employment with the Company;

WHEREAS, the Company desires to continue the employment of Executive on the terms and conditions set forth herein, and Executive desires to accept the terms and conditions of continued employment with the Company on the terms and conditions set forth herein; and

WHEREAS, effective as of the Effective Date, this Agreement shall supersede and replace the Existing Agreement in its entirety, and the Existing Agreement shall be of no further force or effect.

NOW, THEREFORE, in consideration of the respective agreements of the Parties contained herein, it is agreed as follows:

1. Employment Period; "At-Will" Employment.

(a) The term of Executive's employment under this Agreement shall commence on the Effective Date and shall continue until Executive's employment with the Company is terminated in accordance with Section 44 (the "Employment Period").

(b) Executive's employment with the Company hereunder is "at-will," such that each of Executive and the Company has the right to terminate Executive's employment hereunder at any time and for any reason, with or without advance notice, subject to Section 4 hereof.

2. Position and Duties; Location.

(a) During the Employment Period, Executive shall be employed as the Company's President of Roivant Health. Executive shall report directly to the Chief Executive Officer of the Company. Executive shall have such duties and responsibilities as are commensurate with Executive's position, as may be assigned to Executive from time to time by the Chief Executive Officer of the Company. It is understood and agreed that Executive's duties may include providing services to or for the benefit of the Company's affiliates, including, but not limited to, Roivant Sciences Ltd. ("Parent"); provided that Executive agrees that Executive will not provide any services from within the United States for Parent or any affiliate of Parent that is organized in a jurisdiction outside the United States. Executive will not become an employee of Parent, and Executive's activities in respect of services to Parent shall be strictly ministerial and shall not involve conducting any of Parent's business activities from within the United States, including day-to-day management or other operational activities of Parent.

(b) Executive shall devote all of Executive's professional time and attention and best efforts to the performance of Executive's duties hereunder and shall not engage in any other business, profession or occupation, whether paid or unpaid, that would conflict with the performance of Executive's services hereunder either directly or indirectly. During the Employment Period, Executive shall not be permitted to serve on the board of directors of any entity or organization without the prior written consent of the General Counsel of the Company (or their designee); provided that Executive may serve on the board of directors of charitable organizations without such prior written consent so long as such board service does not conflict or interfere with the performance of Executive's duties hereunder. Notwithstanding anything to the contrary herein, Executive shall not engage in any activities that constitute a conflict of interest with the interests of the Company or its direct or indirect subsidiaries and affiliates (together with Parent, collectively, the "Company Group").

(c) During the Employment Period, Executive's principal place of employment shall be the Company's offices located in New York, New York; provided that Executive acknowledges that Executive's duties and responsibilities shall require Executive to periodically travel on business to the extent necessary to fully perform Executive's duties and responsibilities hereunder.

(d) Executive shall be subject to and shall abide by each of the Company Group's personnel policies applicable to Executive, including but not limited to any code of conduct, any insider trading policy, any policy restricting pledging and hedging investments in equity securities of any member of the Company Group, any share ownership policy or commitment and any policy regarding the recoupment of compensation that the Company Group may adopt from time to time or that may otherwise be required under any applicable law or applicable listing rules. This Section 2(d) shall survive the termination of the Employment Period.

3. Compensation and Benefits.

(a) During the Employment Period, Executive shall receive an annual base salary of $350,000 ("Base Salary"). The Base Salary shall be payable in accordance with the Company's regular payroll practices as in effect from time to time. During the Employment Period, the Base Salary will be reviewed annually by, and is subject to adjustment at the discretion of, the compensation committee of the Board of Directors of Parent (the "Committee")).

(b) For each fiscal year of the Company ending during the Employment Period, Executive shall be eligible to receive a discretionary annual performance bonus (the "Annual Bonus"). Executive's target Annual Bonus shall be equal to 100% of Executive's Base Salary in effect for the applicable fiscal year (the "Target Bonus"). The actual amount of the Annual Bonus for any fiscal year, if any, shall be subject to an assessment, in the sole discretion of the Committee, of Executive's performance as well as business conditions at the Company, and shall be pro-rated for the number of days Executive was employed with

the Company during the applicable fiscal year. Executive's Annual Bonus (if any) for any fiscal year shall be paid no later than thirty (30) days following the end of the Company's fiscal year. In order to receive an Annual Bonus for any fiscal year, Executive must remain employed by the Company through the applicable payment date of such Annual Bonus.

(c) During the Employment Period, Executive may be eligible to receive discretionary periodic or annual equity incentive grants under the Roivant Sciences Ltd. Amended and Restated 2015 Equity Incentive Plan (as amended or restated from time to time and including any successor plan thereto, the "RSL Equity Plan"), based upon Executive's performance as well as business conditions at the Company, as determined in the sole discretion of the Committee.

(d) During the Employment Period, Executive shall be entitled to participate in the employee benefit plans and programs (including any medical, dental, vision, life and disability insurance benefit plans and 401(k) plan) made available by the Company to similarly situated full-time employees of the Company from time to time, subject to and in accordance with the terms of such plans or programs (including with respect to eligibility requirements and enrollment criteria) in effect from time to time. The Company reserves the right to change or rescind its benefit plans and programs and alter employee contribution levels from time to time at its discretion.

(e) During the Employment Period, Executive shall be entitled to vacation and sick leave in accordance with, and subject to the terms of, the Company's vacation and sick leave policies and programs, as may be amended from time to time.

(f) The Company shall reimburse Executive for reasonable travel and other business-related expenses incurred by Executive in the fulfillment of Executive's duties hereunder; provided, in each case, that such expenses are incurred and accounted for in accordance with the policies and procedures established by the Company from time to time. Any such reimbursement of expenses shall be made by the Company as soon as practicable following receipt of supporting documentation reasonably satisfactory to the Company (but in any event not later than the close of Executive's taxable year following the taxable year in which the expense is incurred).

4. Termination of Employment.

(a) The Employment Period and Executive's employment under this Agreement shall be terminated in accordance with this Section 4: (i) immediately upon Executive's death or Disability (as defined below); (ii) by the Company at any time for Cause (as defined below) or, upon at least thirty (30) days' prior written notice, without Cause; (iii) voluntarily by Executive without Good Reason (as defined below) upon at least ninety (90) days' prior written notice (provided that, at any time after Executive has provided such written notice to the Company, the Company may, in its sole discretion, elect to terminate Executive's employment hereunder at any time prior to the end of such 90-day period, in which case, and notwithstanding anything to the contrary in this Agreement or otherwise, Executive shall thereupon only be entitled to receive the Accrued Obligations (as defined below) and such termination of employment will not constitute a termination of

employment without Cause or otherwise entitle Executive to any Severance Benefits (as defined below)); or (iv) by Executive for Good Reason. The effective date of the termination of Executive's employment hereunder is referred to herein as the "Termination Date".

(b) In the event of a termination of Executive's employment for any reason, Executive (or Executive's beneficiaries, as the case may be) shall be entitled to receive (i) Executive's accrued but unpaid Base Salary through the Termination Date, (ii) reimbursement for any unreimbursed business expenses that are reimbursable in accordance with Section 3(f), subject to the Company's requirements with respect to reporting and documentation of such expenses and (iii) any other vested amount or benefit, if any, that is expressly provided for pursuant to the terms of any employee benefit plan or program in which Executive participates (the amounts described in clauses (i) through (iii), collectively, the "Accrued Obligations").

(c) In addition to the Accrued Obligations, subject to the terms of Section 4(e), in the event of Executive's (i) termination of employment by the Company without Cause (other than due to death or Disability) or (ii) resignation by Executive for Good Reason, Executive shall be entitled to receive (A) continued payment of Executive's then-current Base Salary for a period of twelve (12) months following the Termination Date, payable in accordance with the Company's customary payroll practices; (B) an amount equal to Executive's Target Bonus, payable in equal monthly installments over the twelve (12) month period following the Termination Date in accordance with the Company's customary payroll practices; and (C) monthly reimbursement of the COBRA premiums for continued group health and dental plan coverage in which Executive was enrolled as of immediately prior to the Termination Date, less active employee rates (which will be payable by Executive), for a period of twelve (12) months following the Termination Date (or, if earlier, until the date Executive becomes eligible to be covered under a subsequent employer's group health insurance plan (the amounts described in clauses (A) through (C), collectively, the "Severance Benefits"). Executive agrees to provide the Company with written notice of Executive's eligibility to be covered under a subsequent employer's group health insurance plan no later than five (5) business days after Executive becomes eligible for such coverage.

(d) In addition to the Accrued Obligations, subject to the terms of Section 4(e), in the event of a termination of Executive's employment due to Executive's death or Disability, all service-based vesting conditions (including any requirement that Executive be employed at the time of achievement of an applicable performance-based vesting condition) with respect to fifty percent (50%) of each of Executive's equity incentive awards that were granted prior to March 31, 2021 under the RSL Equity Plan and that are outstanding as of the Termination Date under this Section 4(d) (the "Eligible Equity Awards") shall be immediately waived; provided that, such Eligible Equity Awards shall remain subject to any additional vesting conditions or other terms and conditions otherwise applicable to such Eligible Equity Awards, including the achievement of any applicable performance-based vesting conditions and any condition requiring the occurrence of a liquidity event (the "Equity Acceleration Benefits"). Executive and Parent agree that, notwithstanding anything to the contrary set forth in the RSL Equity Plan or any applicable award agreement thereunder, effective as of the Effective Date, the Eligible Equity Awards (including any award agreement evidencing such awards) shall be deemed automatically amended to provide for the Equity Acceleration Benefits in accordance with, and subject to the terms of, this Section 4(d), without any further action necessary by Parent or Executive.

(e) Notwithstanding anything to the contrary herein, the Severance Benefits and the Equity Acceleration Benefits, as applicable, shall be provided to Executive only if (A) Executive has executed and delivered to the Company a waiver and general release of claims, in a form to be provided promptly by the Company following the Termination Date (the "Release"), which such Release must be executed, delivered and be irrevocable within sixty (60) days after the Termination Date, (B) Executive has not revoked or breached the provisions of such Release and (C) Executive has not violated the terms of the NDIA (as defined below). Notwithstanding anything to the contrary herein, any payment of the Severance Benefits under Section 4(c)(A) or 4(c)(B) that is scheduled to occur during the first sixty (60) days following the Termination Date shall not be paid until the first regularly scheduled payroll date following such period and shall include payment of any amount that was otherwise scheduled to be paid prior thereto. If the period during which Executive may execute or revoke the Release spans two taxable years of Executive, the Severance Benefits shall in all events be paid to Executive in the second such taxable year, and any Severance Benefits that otherwise would have been payable during the first taxable year shall be paid in a lump sum in the first calendar month of the second taxable year.

(f) Executive acknowledges and agrees that the Company has no obligation to pay Executive any severance, except as expressly provided herein or as may otherwise be approved by the Company, and only to the extent Executive complies with the express contractual conditions hereof.

(g) For purposes of this Agreement, the following terms shall have the following meanings:

(i) "Cause" shall mean Executive's: (A) conviction of, or plea of guilty or no contest to, any (x) felony or (y) any other crime involving moral turpitude or dishonesty; (B) participation in fraud, embezzlement, misappropriation or theft against any member of the Company Group; (C) material breach of this Agreement or any other agreement between Executive and any member of the Company Group that has not been cured (if curable) within thirty (30) days after receiving written notice of such breach; (D) engagement in any conduct or act of gross negligence that causes, or is reasonably likely to cause, material damage to any member of the Company Group monetarily or otherwise (including, with respect to the reputation, business or business relationships of any member of the Company Group); (E) material failure to comply with the code of conduct or other material policies of any member of the Company Group; (F) violation of any law, rule or regulation relating in any way to the business or activities of the Company Group, or any other law, rule or regulation that results in Executive's arrest, censure or regulatory suspension or disqualification, including, without limitation, the Generic Drug Enforcement Act of 1992, 21 U.S.C. § 335(a), or any similar legislation applicable in the United States or in any other country where the Company intends to develop its activities; or (G) willful failure to substantially perform Executive's duties hereunder (other than as a result of Disability) that has not been cured (if curable) within thirty (30) days after receiving written notice from the Company.

(ii) "Disability" shall have the meaning assigned to such term in the RSL Equity Plan.

(iii) "Good Reason" shall mean the occurrence of any of the following events without Executive's consent: (A) a material reduction in Executive's Base Salary (provided, however, that if such reduction occurs in connection with a Company-wide decrease in the compensation of similarly situated employees of the Company, such reduction shall not constitute Good Reason if it is a reduction of a proportionally like percentage affecting all such similarly situated employees not to exceed ten percent (10%)); (B) a material reduction of Executive's authority, duties or responsibilities, as compared to Executive's authority, duties or responsibilities immediately prior to such reduction; or (C) a relocation of Executive to a primary office location more than twenty five (25) miles from Executive's primary company office location as of the Effective Date (provided that Executive being permitted to work remotely shall not constitute Good Reason); provided that, in each case Executive (1) gives the Company written notice of Executive's intent to terminate employment for Good Reason within thirty (30) days following the first occurrence of the conditions that Executive believes constitute Good Reason, (2) the Company fails to remedy such conditions within thirty (30) days following receipt of the written notice from Executive and (3) Executive voluntarily terminates employment within thirty (30) days following the expiration of such cure period.

5. Nondisclosure and Restrictive Covenants. Executive agrees to be bound by the terms and conditions of the Employee Non-Disclosure, Invention Assignment and Restrictive Covenant Agreement (the "NDIA") between the Company and Executive, a copy of which is attached as Exhibit A hereto. The terms of the NDIA are incorporated herein by reference and deemed to be a part of this Agreement. This Section 5 (and the NDIA) shall survive the termination of the Employment Period.

6. Executive's Cooperation. During the Employment Period and thereafter, Executive shall cooperate in good faith with the Company in any internal investigation or administrative, regulatory or judicial proceeding as reasonably requested by the Company (including, without limitation, Executive being available to the Company upon reasonable notice for interviews and factual investigations, appearing at the Company's request to give testimony without requiring service of a subpoena or other legal process, volunteering to the Company all pertinent information and turning over to the Company all relevant documents which are or may come into Executive's possession, all at times and on schedules that are reasonably consistent with Executive's other permitted activities and commitments). The Company will reimburse Executive for any reasonable, out-of-pocket travel, lodging and meal expenses incurred in connection with Executive's performance of obligations pursuant to this Section 6 for which Executive has obtained prior written approval from the Company. This Section 6 shall survive the termination of the Employment Period.

7. Executive's Representations. Executive hereby represents and warrants to the Company that (i) Executive's execution and delivery of this Agreement and the performance by Executive of Executive's duties hereunder shall not constitute a breach of, or otherwise contravene, the terms of any employment, restrictive covenant or other agreement or policy to which Executive is a party or otherwise bound, (ii) Executive is not subject to any obligation or restriction that would affect Executive's ability to devote Executive's full time and attention to Executive's duties hereunder and (iii) Executive has not been debarred, or received notice of any action or threat with respect to debarment, under the provisions of the Generic Drug Enforcement Act of 1992, 21 U.S.C. § 335(a) or any similar legislation applicable in the U.S. or in any other country where the Company intends to develop its activities.

8. Assignment; Binding Effect. This Agreement and any and all rights, duties, obligations or interests hereunder shall not be assignable or delegable by Executive. This Agreement and all of the Company's rights and obligations hereunder shall not be assignable by the Company, except as incident to a reorganization, merger, amalgamation or consolidation, or transfer of all or substantially all of the Company's assets, or to an affiliate of the Company. This Agreement shall be binding upon, and inure to the benefit of, the Parties, any successors to or assigns of the Company and Executive's heirs and the personal representatives of Executive's estate.

9. Amendment; Waiver. This Agreement may not be modified, amended or waived in any manner, except by an instrument in writing signed by both Parties. The waiver by either Party of compliance with any provision of this Agreement by the other Party shall not operate or be construed as a waiver of any other provision of this Agreement, or of any subsequent breach by such Party of a provision of this Agreement.

10. Survival. To the extent contemplated by this Agreement, the respective rights and obligations of the Parties shall survive and continue in full force in accordance with their terms notwithstanding the termination of the Employment Period.

11. Notices. For the purposes of this Agreement, notices and all other communications provided for in the Agreement shall be in writing and shall be deemed to have been duly given when personally delivered or sent by certified mail, return receipt requested, postage prepaid, addressed to the respective addresses last given by each Party to each other Party; provided that all notices to the Company shall be directed to the attention of the General Counsel of the Company. All notices and communications shall be deemed to have been received on the date of delivery thereof or on the third business day after the mailing thereof, except that notice of change of address shall be effective only upon receipt.

12. Withholding. Any payments made or benefits provided to Executive under this Agreement shall be reduced by any applicable withholding taxes or other amounts required to be withheld by law or contract. The Company, in its sole and absolute discretion, shall make all determinations as to whether it is obligated to withhold any taxes hereunder and the amount hereof.

13. Section 409A and Section 457A(a) . It is intended that the provisions of this Agreement comply with or are exempt from Section 409A and Section 457A of the Internal Revenue Code of 1986, as amended (the "Code") (together with the regulations and other

interpretive guidance issued thereunder, "Section 409A" and "Section 457A", respectively), and all provisions of this Agreement will be construed and interpreted in a manner consistent with such intent. In no event shall the Company or any of its affiliates be liable for any additional tax, interest or penalty that may be imposed on Executive by Section 409A or Section 457A. For purposes of Section 409A, each right to a payment hereunder will be deemed a "separate payment" within the meaning of Treas. Reg. Section 1.409A-2(b)(iii). With respect to the timing of payments of any deferred compensation payable upon a termination of employment hereunder, references in this Agreement to "termination of employment" (and substantially similar phrases) mean "separation from service" within the meaning of Section 409A. For the avoidance of doubt, it is intended that any expense reimbursement made to Executive hereunder is exempt from Section 409A; however, if any expense reimbursement hereunder is determined to be deferred compensation within the meaning of Section 409A, then (i) the amount of the expense reimbursement during one taxable year will not affect the amount of the expense reimbursement during any other taxable year, (ii) the expense reimbursement will be made on or before the last day of the year following the year in which the expense was incurred, and (iii) the right to expense reimbursement hereunder will not be subject to liquidation or exchange for another benefit. To the extent that Executive is a "specified employee" within the meaning of Section 409A as of the date of Executive's separation from service (as determined by the Company), no amounts payable under this Agreement that constitute "deferred compensation" within the meaning of Section 409A that are payable on account of Executive's separation from service shall be paid to Executive until the expiration of the six (6)-month period measured from the date of such separation from service (or, if earlier, the date of Executive's death following such separation from service). Upon the first business day following the expiration of such delay period, all such amounts deferred pursuant to the preceding sentence will be paid to Executive (without interest).

14. Section 280G. If Executive would be entitled to payments or benefits under this Agreement or under any other plan, program, agreement or arrangement that would constitute "parachute payments" as defined in Section 280G of the Code and could result in any such payment or benefit being subject to an excise tax under Section 4999 of the Code, the present value of Executive's payments and benefits will be reduced by the minimum amount necessary such that the aggregate present value of such payments and benefits do not trigger the excise tax; provided, however, no such reductions shall be given effect if Executive would be entitled to greater payments and benefits on an after-tax basis (taking into account the excise tax imposed pursuant to Section 4999 of the Code, any tax imposed by any comparable provision of state law, and any applicable federal, state and local income and employment taxes) than if such reductions were to be implemented. If payments or benefits are to be reduced, any such reduction in payments and/or benefits shall be made in accordance with Section 409A and shall occur in the manner that results in the greatest economic benefit to the Executive as determined by the Company's independent accountants. All determinations in applying the foregoing provisions for purposes of the "golden parachute" rules under Sections 280G and 4999 of the Code will be made by the Company's independent accountants and shall be final and binding on the parties.

15. Governing Law. This Agreement (together with any and all modifications, extensions and amendments) shall be governed by and construed and enforced in accordance with the laws of the State of New York applicable to agreements made and to be performed entirely in such state, without giving effect to the conflict or choice of law principles thereof.

16. Severability. Each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement is held to be invalid, illegal or unenforceable in any respect under any applicable law or rule in any jurisdiction, such invalidity, illegality or unenforceability shall not affect any other provision of this Agreement or any action in any other jurisdiction, but this Agreement shall be reformed, construed and enforced in such jurisdiction as if such invalid, illegal or unenforceable provision had never been contained herein.

17. Arbitration. If any legally actionable dispute arises under this Agreement or otherwise which cannot be resolved by mutual discussion between the Parties, then the Company and Executive each agree to resolve that dispute by binding arbitration pursuant to the terms and conditions of the Mutual Agreement to Arbitrate Claims (the "Arbitration Agreement") previously entered into between the Company and Executive, a copy of which is attached as Exhibit B hereto. The terms of the Arbitration Agreement are incorporated herein by reference and deemed to be a part of this Agreement. This Section 17 (and the Arbitration Agreement) shall survive the termination of the Employment Period.

18. Waiver of Jury Trial. EACH PARTY EXPRESSLY WAIVES THE RIGHT TO TRIAL BY JURY IN ANY LAWSUIT OR PROCEEDING RELATING TO OR ARISING IN ANY WAY FROM THIS AGREEMENT OR THE MATTERS CONTEMPLATED HEREBY.

19. Entire Agreement. This Agreement constitutes the entire agreement between the Parties and supersedes all prior agreements, if any, understandings and arrangements, oral or written, between the Parties with respect to the subject matter hereof, including without limitation, the Existing Agreement, but excluding the Arbitration Agreement.

20. Captions and Headings. The descriptive captions and headings contained in this Agreement are for convenience of reference only and shall not affect in any way the meaning or interpretation of this Agreement.

21. Counterparts. This Agreement may be executed in separate counterparts, any one of which need not contain signatures of more than one party, but all of which taken together will constitute one and the same Agreement. Signatures transmitted via facsimile or .pdf will be deemed the equivalent of originals.
